UNAUDITED PRO FORMA FINANCIAL STATEMENTS OF FEDERATED DEPARTMENT STORES, INC.

As previously reported, on August 30, 2005, Federated Department Stores, Inc. ("Federated") completed the acquisition of The May Department Stores Company ("May") pursuant to the merger of May with a wholly owned subsidiary of Federated (the "Merger"). The acquired businesses of May's Bridal Group division (which is being disposed of) and Lord & Taylor division (which has been disposed of) are treated as discontinued operations.

As previously reported, on October 24, 2005, Federated completed the sale to Citibank of the proprietary and non-proprietary credit card accounts owned by Federated, together with related receivables balances, and the capital stock of Prime Receivables Corporation, a wholly owned subsidiary of Federated, which owned all of Federated's interest in the Prime Credit Card Master Trust (the foregoing and certain related assets being the "FDS Credit Assets").

The Merger and the sale of the FDS Credit Assets are fully reflected in Federated's consolidated balance sheet as of January 28, 2006, but are reflected in Federated's consolidated statement of income for the fiscal year ended January 28, 2006 only from and after the respective dates on which they were completed. Federated's consolidated statement of income for the fiscal year ended January 28, 2006 includes \$194 million of May integration costs and related inventory valuation adjustments (\$25 million of which is included in cost of sales) and a \$480 million pre-tax gain on the sale of the FDS Credit Assets.

The following unaudited pro forma consolidated condensed statement of income of Federated gives effect to the Merger and the sale of the FDS Credit Assets as if these transactions had been completed as of January 30, 2005. The following unaudited pro forma consolidated condensed statement of income should be read in conjunction with the historical consolidated financial statements and notes thereto and the other information set forth in the most recent reports on Form 10-K and Form 10-Q (including any amendments thereto) filed by Federated with the Securities and Exchange Commission.

The following unaudited pro forma consolidated condensed statement of income is presented for illustrative purposes only and is not necessarily indicative of what Federated's actual results of operations would have been had the Merger and the sale of the FDS Credit Assets been completed on January 30, 2005. Except as described above, the following unaudited pro forma consolidated condensed statement of income does not give effect to Federated's or May's results of operations or other transactions or developments since January 28, 2006. In particular, the following unaudited pro forma consolidated condensed statement of income does not give effect to Federated's sales to Citibank of (i) the "Macy's" credit card accounts purchased by Federated from GE Bank, together with related receivables balances, and (ii) the proprietary credit card accounts owned by May, together with related receivables balances, both of which sales to Citibank were completed after January 28, 2006.

The foregoing matters and other factors identified in the documents that Federated files with the Securities and Exchange Commission could cause Federated's future financial position and results of operations to differ materially from those presented in the following unaudited pro forma consolidated condensed statement of income.

#### Notes Relating to FDS Credit Sale Adjustments

- (A) To reflect the net effect of (1) the elimination of historical operating results of the FDS Credit Assets and (2) estimated operating profit for the period from January 30, 2005 through October 24, 2005 under the terms of the credit card program agreement between Federated and Citibank entered into in connection with the sale of the FDS Credit Assets.

- (E) To record the federal, state and local income tax impact associated with (A), (B), (C) and (D) and also the elimination of the effect of utilizing approximately \$85 million of capital loss carry forwards that were realized as a result of the sale of the FDS Credit Assets.
