

PARK NATIONAL CORP /OH/
Form 10-Q
July 28, 2015

UNITED STATES
SECURITIES AND EXCHANGE COMMISSION
WASHINGTON, D.C. 20549

FORM 10-Q

QUARTERLY REPORT PURSUANT TO SECTION 13 OR
15(d) OF THE SECURITIES EXCHANGE ACT OF 1934

For the quarterly period ended June 30, 2015

Commission File Number 1-13006

Park National Corporation
(Exact name of registrant as specified in its charter)

Ohio
(State or other jurisdiction of
incorporation or organization)
50 North Third Street, Newark, Ohio 43055
(Address of principal executive offices) (Zip Code)

31-1179518
(I.R.S. Employer Identification No.)

(740) 349-8451
(Registrant's telephone number, including area code)
N/A
(Former name, former address and former fiscal year, if changed since last report)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days.

Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files).

Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. See the definitions of "large accelerated filer", "accelerated filer" and "smaller reporting company" in Rule 12b-2 of the Exchange Act.

Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company

Edgar Filing: PARK NATIONAL CORP /OH/ - Form 10-Q

Non-accelerated filer Smaller reporting company
(Do not check if a smaller reporting company)

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes No

15,370,873 Common shares, no par value per share, outstanding at July 27, 2015.

PARK NATIONAL CORPORATION
NOTES TO UNAUDITED CONSOLIDATED CONDENSED FINANCIAL STATEMENTS

Note 1 – Basis of Presentation

The accompanying unaudited consolidated condensed financial statements included in this report have been prepared for Park National Corporation (sometimes also referred to as the “Registrant”) and its subsidiaries. Unless the context otherwise requires, references to “Park”, the “Corporation” or the “Company” and similar terms mean Park National Corporation and its subsidiaries. In the opinion of management, all adjustments (consisting of normal recurring accruals) necessary for a fair presentation of the results of operations for the interim periods included herein have been made. The results of operations for the three and six month periods ended June 30, 2015 are not necessarily indicative of the operating results to be anticipated for the fiscal year ending December 31, 2015.

The accompanying unaudited consolidated condensed financial statements have been prepared in accordance with the instructions for Form 10-Q and, therefore, do not include all information and footnotes necessary for a fair presentation of the condensed balance sheets, condensed statements of income, condensed statements of comprehensive income, condensed statements of changes in shareholders’ equity and condensed statements of cash flows in conformity with U.S. generally accepted accounting principles (“U.S. GAAP”). These financial statements should be read in conjunction with the consolidated financial statements incorporated by reference in the Annual Report on Form 10-K of Park for the fiscal year ended December 31, 2014 from Park’s 2014 Annual Report to Shareholders (“2014 Annual Report”). Prior period financial statements reflect the retrospective application of Accounting Standards Update (ASU) 2014-01, Investments - Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Qualified Affordable Housing Projects.

Park’s significant accounting policies are described in Note 1 of the Notes to Consolidated Financial Statements included in Park’s 2014 Annual Report. For interim reporting purposes, Park follows the same basic accounting policies, as updated by the information contained in this report, and considers each interim period an integral part of an annual period.

Note 2 – Recent Accounting Pronouncements

ASU 2014-01- Investments—Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Qualified Affordable Housing Projects (a consensus of the FASB Emerging Issues Task Force): In January 2014, the Financial Accounting Standards Board (the “FASB”) issued Accounting Standards Update 2014-01, Equity Method and Joint Ventures (Topic 323): Accounting for Investments in Qualified Affordable Housing Projects (a consensus of the FASB Emerging Issues Task Force). The ASU permits reporting entities to make an accounting policy election to account for their investments in qualified affordable housing projects using the proportional amortization method if certain conditions are met. Under the proportional amortization method, an entity amortizes the initial cost of the investment in proportion to the tax credits and other tax benefits received and recognizes the net investment performance in the income statement as a component of income tax expense. Additionally, a reporting entity should disclose information that enables users of its financial statement to understand the nature of its investments in qualified affordable housing projects, and the effect of the measurement of its investments in qualified affordable housing projects and the related tax credits on its financial position and results of operations. The new guidance became effective for annual periods, and interim reporting periods within those annual periods, beginning after December 15, 2014. Park adopted this guidance in the first quarter of 2015. The guidance was applied retrospectively to all prior periods presented. The adoption resulted in adjustments to reduce beginning retained earnings, other assets and the prior period consolidated condensed statements of income. See Note 16 - Investment in Qualified Affordable Housing for further details.

ASU 2014-04 - Receivables—Troubled Debt Restructurings by Creditors (Subtopic 310-40): Reclassification of Residential Real Estate Collateralized Consumer Mortgage Loans upon Foreclosure (a consensus of the FASB Emerging Issues Task Force): In January 2014, FASB issued Accounting Standards Update 2014-04, Receivables—Troubled Debt Restructurings by Creditors (Subtopic 310-40): Reclassification of Residential Real Estate Collateralized Consumer Mortgage Loans upon Foreclosure (a consensus of the FASB Emerging Issues Task Force). The ASU clarifies when an in substance repossession or foreclosure occurs and a creditor is considered to have received physical possession of real estate property collateralizing a consumer mortgage loan. Specifically, the new ASU requires a creditor to reclassify a collateralized consumer mortgage loan to real estate property upon obtaining legal title to the real estate collateral, or the borrower voluntarily conveying all interest in the real estate property to the lender to satisfy the loan through a deed in lieu of foreclosure or similar legal agreement. Additional disclosures are required detailing the amount of foreclosed residential real estate property held by the creditor and the recorded investment in consumer mortgages collateralized by real estate property that are in the process of foreclosure. The new guidance is effective for annual periods, and interim reporting periods within those

Table of Contents

annual periods, beginning after December 15, 2014. The adoption of this guidance as of January 1, 2015 did not have a material impact on Park's consolidated financial statements, but resulted in additional disclosures. See Note 5 - Other Real Estate Owned.

ASU 2014-09 - Revenue from Contracts with Customers (Topic 606): In May 2014, the FASB issued Accounting Standards Update 2014-09, Revenue from Contracts with Customers (Topic 606). The ASU creates a new topic, Topic 606, to provide guidance on revenue recognition for entities that enter into contracts with customers to transfer goods or services or enter into contracts for the transfer of nonfinancial assets. The core principle of the guidance is that an entity should recognize revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services. Additional disclosures are required to provide quantitative and qualitative information regarding the nature, amount, timing, and uncertainty of revenue and cash flows arising from contracts with customers. The new guidance is effective for annual reporting periods, and interim reporting periods within those annual periods, beginning after December 15, 2017. Management is currently evaluating the impact of the adoption of this guidance on Park's consolidated financial statements.

ASU 2014-11 - Transfers and Servicing (Topic 860): Repurchase-to-Maturity Transactions, Repurchase Financings, and Disclosures: In June 2014, the FASB issued Accounting Standards Update 2014-11, Transfers and Servicing (Topic 860): Repurchase-to-Maturity Transactions, Repurchase Financings, and Disclosures. The amendments in this ASU change the accounting for repurchase-to-maturity transactions and linked repurchase financings to secured borrowing accounting, which is consistent with the accounting for other repurchase agreements. The amendments also require two new disclosures. The first disclosure requires an entity to disclose information on transfers accounted for as sales in transactions that are economically similar to repurchase agreements. The second disclosure provides increased transparency about the types of collateral pledged in repurchase agreements and similar transactions accounted for as secured borrowings. The accounting changes are effective for annual periods, and interim reporting periods within those annual periods, beginning after December 15, 2014. The disclosure for certain transactions accounted for as a sale is required to be presented for interim and annual periods beginning after December 15, 2014, with all other disclosure requirements required to be presented for annual periods beginning after December 15, 2014, and for interim periods beginning after March 15, 2015. The adoption of this guidance as of January 1, 2015 did not have an impact on Park's consolidated financial statements, but resulted in additional disclosures. See Note 17 - Repurchase Agreement Borrowings.

ASU 2015-02 - Consolidation (Topic 810): Amendments to the Consolidation Analysis: In February 2015, the FASB issued Accounting Standards Update 2015-02, Consolidation (Topic 810): Amendments to the Consolidation Analysis. The ASU amends the current consolidation guidance and affects both the variable interest entity and voting interest entity consolidation models. The new guidance is effective for annual reporting periods and interim reporting periods within those annual periods, beginning after December 15, 2015. Early adoption is permitted. Management is currently evaluating the impact of the adoption of this guidance on Park's consolidated financial statements.

Total loans	\$4,900,974	\$13,709	\$4,914,683	\$4,829,682	\$13,629	\$4,843,311

* Included within commercial, financial and agricultural loans, commercial real estate loans, and SEPH commercial land and development loans is an immaterial amount of consumer loans that are not broken out by class.

Loans are shown net of deferred origination fees, costs and unearned income of \$10.0 million at June 30, 2015 and \$9.4 million at December 31, 2014, which represented a net deferred income position in both periods.

Overdrawn deposit accounts of \$2.1 million and \$2.3 million have been reclassified to loans at June 30, 2015 and December 31, 2014, respectively.

Table of Contents

Management's general practice is to proactively charge down loans individually evaluated for impairment to the fair value of the underlying collateral. At June 30, 2015 and December 31, 2014, there were \$25.5 million and \$32.4 million, respectively, of partial charge-offs on loans individually evaluated for impairment with no related allowance recorded and \$4.5 million and \$45,000, respectively, of partial charge-offs on loans individually evaluated for impairment that also had a specific reserve allocated.

The allowance for loan losses included specific reserves related to loans individually evaluated for impairment at June 30, 2015 and December 31, 2014 of \$6.6 million and \$3.7 million, respectively. These loans with specific reserves had a recorded investment of \$28.0 million and \$9.3 million as of June 30, 2015 and December 31, 2014, respectively.

Interest income on loans individually evaluated for impairment is recognized on a cash basis only when Park expects to receive the entire recorded investment of the loan. The following table presents the average recorded investment and interest income recognized subsequent to impairment on loans individually evaluated for impairment as of and for the three and six months ended June 30, 2015 and June 30, 2014:

(In thousands)	Three Months Ended June 30, 2015			Three Months Ended June 30, 2014

* Includes \$2.7 million of loans past due 90 days or more and accruing. The remaining are past due, nonaccrual loans and accruing troubled debt restructurings.

Table of Contents

Credit Quality Indicators

Management utilizes past due information as a credit quality indicator across the loan portfolio. Past due information as of June 30, 2015 and December 31, 2014 is included in the tables above. The past due information is the primary credit quality indicator within the following classes of loans: (1) mortgage loans and installment loans in the construction real estate segment; (2) mortgage loans, HELOC and installment loans in the residential real estate segment; and (3) consumer loans. The primary credit indicator for commercial loans is based on an internal grading system that grades all commercial loans on a scale from 1 to 8. Credit grades are continuously monitored by the responsible loan officer and adjustments are made when appropriate. A grade of 1 indicates little or no credit risk and a grade of 8 is considered a loss. Commercial loans that are pass-rated (graded a 1 through a 4) are considered to be of acceptable credit risk. Commercial loans graded a 5 (special mention) are considered to be watch list credits and a higher loan loss reserve percentage is allocated to these loans. Loans classified as special mention have potential weaknesses that require management's close attention. If left uncorrected, these potential weaknesses may result in deterioration of the repayment prospects for the loan or of the Park's credit position at some future date. Commercial loans graded 6 (substandard), also considered to be watch list credits, are considered to represent higher credit risk and, as a result, a higher loan loss reserve percentage is allocated to these loans. Loans classified as substandard are inadequately protected by the current sound worth and paying capacity of the obligor or the value of the collateral pledged, if any. Loans so classified have a well defined weakness or weaknesses that jeopardize the liquidation of the debt. They are characterized by the distinct possibility that Park will sustain some loss if the deficiencies are not corrected. Commercial loans that are graded a 7 (doubtful) are shown as nonaccrual and Park generally charges these loans down to their fair value by taking a partial charge-off or recording a specific reserve. Loans classified as doubtful have all the weaknesses inherent in those classified as substandard with the added characteristic that the weaknesses make collection or liquidation in full, on the basis of currently existing facts, conditions, and values, highly questionable and improbable. Certain 6-rated loans and all 7-rated loans are included within the impaired category. A loan is deemed impaired when management determines the borrower's ability to perform in accordance with the contractual loan agreement is in doubt. Any commercial loan graded an 8 (loss) is completely charged off.

The tables below present the recorded investment by loan grade at June 30, 2015 and December 31, 2014 for all commercial loans:

(In thousands)	June 30, 2015				Recorded Investment
	5 Rated	6 Rated	Impaired	Pass-Rated

Troubled Debt Restructurings (TDRs)

Management classifies loans as TDRs when a borrower is experiencing financial difficulties and Park has granted a concession to the borrower as part of a modification or in the loan renewal process. In order to determine whether a borrower is experiencing financial difficulty, an evaluation is performed of the probability that the borrower will be in payment default on any of the borrower's debt in the foreseeable future without the modification. This evaluation is performed in accordance with the Company's internal underwriting policy. Management's policy is to modify loans by extending the term or by granting a temporary or permanent contractual interest rate below the market rate, not by forgiving debt. Certain loans which were modified during the three-month and six-month periods ended June 30, 2015 and June 30, 2014 did not meet the definition of a TDR as the modification was a delay in a payment that was considered to be insignificant. Management considers a forbearance period of up to three months or a delay in payment of up to 30 days to be insignificant. TDRs may be classified as accruing if the borrower has been current for a period of at least six months with respect to loan payments and management expects that the borrower will be able to continue to make payments in accordance with the terms of the restructured note. Management reviews all accruing TDRs quarterly to ensure payments continue to be made in accordance with the modified terms.

Management reviews renewals/modifications of loans previously identified as TDRs to consider if it is appropriate to remove the TDR classification. If the borrower is no longer experiencing financial difficulty and the renewal/modification does not contain a concessionary interest rate or other concessionary terms, management considers the potential removal of the TDR classification. If deemed appropriate, the TDR classification is removed as the borrower has complied with the terms of the loan at the date of the renewal/modification and there was a reasonable expectation that the borrower would continue to comply with the terms of the loan subsequent to the date of the renewal/modification. The majority of these TDRs were originally considered restructurings in a prior year as a result of a renewal/modification with an interest rate that was not commensurate with the risk of the underlying loan at the time of the renewal/modification. The TDR classification was not removed on any loans during the three-month and six-month periods ended June 30, 2015. During the three-month and six-month periods ended June 30, 2014, Park removed the TDR classification on \$0.6 million and \$1.6 million of loans that met the requirements discussed above.

At June 30, 2015 and December 31, 2014, there were \$40.1 million and \$47.5 million, respectively, of TDRs included in the nonaccrual loan totals. At June 30, 2015 and December 31, 2014, \$18.1 million and \$15.7 million of these nonaccrual TDRs were performing in accordance with the terms of the restructured note. As of June 30, 2015 and December 31, 2014, there were \$16.6 million and \$16.3 million, respectively, of TDRs included in accruing loan totals. Management will continue to review the restructured loans and may determine it appropriate to move certain of the loans back to accrual status in the future.

At June 30, 2015 and December 31, 2014, Park had commitments to lend \$1.9 million and \$1.4 million, respectively, of additional funds to borrowers whose outstanding loan terms had been modified in a TDR.

Table of Contents

The specific reserve related to TDRs at June 30, 2015 and December 31, 2014 was \$3.5 million and \$2.4 million, respectively. Modifications made in 2014 and 2015 were largely the result of renewals and extending the maturity date of the loan at terms consistent with the original note. These modifications were deemed to be TDRs primarily due to Park's conclusion that the borrower would likely not have qualified for similar terms through another lender. Many of the modifications deemed to be TDRs were previously identified as impaired loans, and thus were also previously evaluated for impairment under ASC 310. Additional specific reserves of \$104,000 and \$961,000 were recorded during the three-month and six-month periods ended June 30, 2015, respectively, as a result of TDRs identified in 2015. Additional specific reserves of \$261,000 and \$279,000 were recorded during the three-month and six-month periods ended June 30, 2014, respectively, as a result of TDRs identified in 2014.

The terms of certain other loans were modified during the six-month periods ended June 30, 2015 and June 30, 2014 that did not meet the definition of a TDR. Modified substandard commercial loans which did not meet the definition of a TDR had a total recorded investment as of June 30, 2015 and June 30, 2014 of \$112,000 and \$1.6 million, respectively. The renewal/modification of these loans: (1) involved a renewal/modification of the terms of a loan to a borrower who was not experiencing financial difficulties, (2) resulted in a delay in a payment that was considered to be insignificant, or (3) resulted in Park obtaining additional collateral or guarantees that improved the likelihood of the ultimate collection of the loan such that the modification was deemed to be at market terms. Modified consumer loans which did not meet the definition of a TDR had a total recorded investment as of June 30, 2015 and June 30, 2014 of \$10.4 million and \$12.5 million, respectively. Many of these loans were to borrowers who were not experiencing financial difficulties but who were looking to reduce their cost of funds.

The following tables detail the number of contracts modified as TDRs during the three-month and six-month periods ended June 30, 2015 and June 30, 2014, as well as the recorded investment of these contracts at June 30, 2015 and June 30, 2014. The recorded investment pre- and post-modification is generally the same due to the fact that Park does not typically provide for forgiveness of principal.

Of those loans which were modified and determined to be a TDR during the six-month period ended June 30, 2015, \$1.3 million were on nonaccrual status as of December 31, 2014. Of those loans which were modified and determined to be a TDR during the six-month period ended June 30, 2014, \$1.7 million were on nonaccrual status as of December 31, 2013.

The following tables present the recorded investment in financing receivables which were modified as TDRs within the previous 12 months and for which there was a payment default during the three-month and six-month periods ended June 30, 2015 and June 30, 2014, respectively. For these tables, a loan is considered to be in default when it becomes 30 days contractually past due under the modified terms. The additional allowance for loan loss resulting from the defaults on TDR loans was immaterial.

Of the \$1.8 million in modified TDRs which defaulted during the six months ended June 30, 2015, \$118,000 were accruing loans and \$1.7 million were nonaccrual loans. Of the \$3.5 million in modified TDRs which defaulted during the six months ended June 30, 2014, \$297,000 were accruing loans and \$3.2 million were nonaccrual loans.

Note 4 – Allowance for Loan Losses

The allowance for loan losses is that amount management believes is adequate to absorb probable incurred credit losses in the loan portfolio based on management's evaluation of various factors including overall growth in the loan portfolio, an analysis of individual loans, prior and current loss experience, and current economic conditions. A provision for loan losses is charged to operations based on management's periodic evaluation of these and other pertinent factors as discussed within Note 1 of the Notes to Consolidated Financial Statements included in Park's 2014 Annual Report.

Management updates historical losses annually in the fourth quarter, or more frequently as deemed appropriate. With the inclusion of 2013 net charge-off information, management concluded that it was no longer appropriate to calculate the historical loss average with an even allocation across the five-year period. Rather than apply a 20% allocation to each year in the calculation of the historical annualized loss factor, management determined that it was appropriate to more heavily weight those years with higher losses in the historical loss calculation, given the continued uncertainty in the current economic environment. Specifically, rather than applying equal percentages to each year in the historical loss calculation, management applied more weight to the 2009-2011 periods compared to the 2012 and 2013 periods.

With the inclusion of 2014 net charge-off information in the fourth quarter of 2014, management extended the historical loss period to six years. Due to the same factors that management considered in 2013, management applied more weight to 2009 through 2011 periods compared to the 2012 through 2014 periods.

Table of Contents

The activity in the allowance for loan losses for the three and six months ended June 30, 2015 and June 30, 2014 is summarized below.

Loans collectively evaluated for impairment in the following tables include all performing loans at June 30, 2015 and December 31, 2014, as well as nonperforming loans internally classified as consumer loans. Nonperforming consumer loans

Table of Contents

are not typically individually evaluated for impairment, but receive a portion of the statistical allocation of the allowance for loan losses. Loans individually evaluated for impairment include all impaired loans internally classified as commercial loans at June 30, 2015 and December 31, 2014, which are evaluated for impairment in accordance with U.S. GAAP (see Note 1 of the Notes to Consolidated Financial Statements included in Park's 2014 Annual Report).

The composition of the allowance for loan losses at June 30, 2015 and December 31, 2014 was as follows:

Note 5 – Other Real Estate Owned ("OREO")

Management transfers a loan to OREO at the time that Park takes deed/title of the asset. The carrying amount of foreclosed properties held at June 30, 2015 and December 31, 2014 are listed below, as well as the recorded investment of loans secured by residential real estate properties for which formal foreclosure proceedings are in process.

(in thousands)	June 30, 2015	December 31, 2014
OREO:		
Commercial real estate	\$8,676	\$6,352
Construction real estate	9,179	11,281
Residential real estate	4,021	4,972
Total OREO	21,876	\$22,605
Loans in process of foreclosure:		
Residential real estate	\$2,676	\$2,807

Table of Contents

Note 6 – Earnings Per Common Share

The following table sets forth the computation of basic and diluted earnings per common share for the three and six months ended June 30, 2015 and 2014.

(In thousands, except share and per share data)	Three Months Ended		Six Months Ended	
	June 30, 2015	2014	June 30, 2015	2014
Numerator:				
Net income available to common shareholders	\$21,039	\$21,810	\$40,083	\$41,387
Denominator:				
Denominator for basic earnings per share (weighted average common shares outstanding)	15,370,882	15,392,435	15,375,026	15,396,770
Effect of dilutive performance-based restricted stock units	36,999	19,732	36,894	16,798
Denominator for diluted earnings per share (weighted average common shares outstanding adjusted for the effect of dilutive performance-based restricted stock units)	15,407,881	15,412,167	15,411,920	15,413,568
Earnings per common share:				
Basic earnings per common share	\$1.37	\$1.42	\$2.61	\$2.69
Diluted earnings per common share	\$1.37	\$1.42	\$2.60	\$2.69

Park awarded 23,025 and 21,975 performance-based restricted stock units ("PBRsUs") to certain employees during the six months ended June 30, 2015 and 2014, respectively. No PBRsUs were awarded during the three months ended June 30, 2015 and 2014. The PBRsUs vest based on service and performance conditions. The dilutive effect of the PBRsUs was the addition of 36,999 and 19,732 common shares for the three months ended June 30, 2015 and 2014, respectively, and 36,894 and 16,798 common shares for the six months ended June 30, 2015 and 2014, respectively.

During the six months ended June 30, 2015 and 2014, Park repurchased 21,500 and 19,500 common shares, respectively, to fund the PBRsUs. No shares were repurchased during the three months ended June 30, 2015 and 2014.

Note 7 – Segment Information

The Corporation is a financial holding company headquartered in Newark, Ohio. The operating segments for the Corporation are its chartered national bank subsidiary, The Park National Bank (headquartered in Newark, Ohio) ("PNB"), SE Property Holdings, LLC ("SEPH"), and Guardian Financial Services Company ("GFSC").

Management is required to disclose information about the different types of business activities in which a company engages and also information on the different economic environments in which a company operates, so that the users of the financial statements can better understand the company's performance, better understand the potential for future cash flows, and make more informed judgments about the company as a whole. Park has three operating segments, as: (i) discrete financial information is available for each operating segment and (ii) the segments are aligned with internal reporting to Park's Chief Executive Officer and President, who is the chief operating decision maker.

Provision for (recovery of) loan losses	1,543	589	(5,617)	—	(3,485)
Other income (loss)	34,612	1	1,713	(7)	36,319
Other expense	80,416	1,587	5,934	4,083	92,020
Income (loss) before income taxes	\$61,042	\$1,666	\$1,103	\$(4,986)	\$58,825
Federal income taxes (benefit)	19,305	584	386	(2,837)	17,438
Net income (loss)	\$41,737	\$1,082	\$717	\$(2,149)	\$41,387

The operating results of the Parent Company in the “All Other” column are used to reconcile the segment totals to the consolidated condensed statements of income for the three-month and six-month periods ended June 30, 2015 and 2014. The reconciling amounts for consolidated total assets for the periods ended June 30, 2015 and 2014 consisted of the elimination of intersegment borrowings and the assets of the Parent Company which were not eliminated.

Table of Contents

Note 8 – Loans Held For Sale

Mortgage loans held for sale are carried at their fair value. At June 30, 2015 and December 31, 2014, respectively, Park had approximately \$9.2 million and \$5.3 million in mortgage loans held for sale. These amounts are included in loans on the consolidated condensed balance sheets and in residential real estate loan segments in Note 3 and Note 4. The contractual balance was \$9.1 million and \$5.2 million at June 30, 2015 and December 31, 2014, respectively. The gain expected upon sale was \$155,000 and \$80,000 at June 30, 2015 and December 31, 2014, respectively. None of these loans were 90 days or more past due or on nonaccrual status as of June 30, 2015 or December 31, 2014.

During the six month period ended June 30, 2015, Park transferred to held for sale and sold certain commercial loans held for investment, with a book balance of \$144,000, and recognized a gain of \$756,000. There were no commercial loans held for sale or sold during the three months ended June 30, 2015 or during the three-month and six-month periods ended June 30, 2014.

Note 9 – Investment Securities

The amortized cost and fair value of investment securities are shown in the following tables. Management performs a quarterly evaluation of investment securities for any other-than-temporary impairment. For the three and six month periods ended June 30, 2015 and 2014, there were no investment securities deemed to be other-than-temporarily impaired.

Investment securities at June 30, 2015, were as follows:

Securities Available-for-Sale (In thousands)	Amortized Cost	Gross Unrealized Holding Gains	Gross Unrealized Holding Losses	Estimated Fair Value
Obligations of U.S. Treasury and other U.S. Government sponsored entities	\$596,887	\$—	\$7,968	\$588,919
U.S. Government sponsored entities' asset-backed securities	770,895	11,419	3,675	778,639
Other equity securities	1,120	1,587	—	2,707
Total	\$1,368,902	\$13,006	\$11,643	\$1,370,265

Securities Held-to-Maturity (In thousands)	Amortized Cost	Gross Unrealized Holding Gains	Gross Unrealized Holding Losses	Estimated Fair Value
U.S. Government sponsored entities' asset-backed securities	\$121,527	\$2,152	\$133	\$123,546

Table of Contents

Securities with unrealized losses at June 30, 2015, were as follows:

(In thousands)	Unrealized loss position for less than 12 months		Unrealized loss position for 12 months or longer		Total	
	Fair value	Unrealized losses	Fair value	Unrealized losses	Fair value	Unrealized losses
Securities Available-for-Sale						
Obligations of U.S. Treasury and other U.S. Government agencies	\$376,247	\$3,753	\$212,672	\$4,215	\$588,919	\$7,968
U.S. Government agencies' asset-backed securities	\$193,222	\$849	\$126,347	\$2,826	\$319,569	\$3,675
Total	\$569,469	\$4,602	\$339,019	\$7,041	\$908,488	\$11,643

Investment securities at December 31, 2014, were as follows:

Securities Available-for-Sale (In thousands)	Amortized Cost	Gross Unrealized Holding Gains	Gross Unrealized Holding Losses	Estimated Fair Value
Obligations of U.S. Treasury and other U.S. Government sponsored entities	\$546,886	\$11	\$8,833	\$538,064
U.S. Government sponsored entities' asset-backed securities	751,974	13,421	4,242	761,153
Other equity securities	1,120	1,578	—	2,698
Total	\$1,299,980	\$15,010	\$13,075	\$1,301,915
Securities Held-to-Maturity (In thousands)	Amortized Cost	Gross Unrealized Holding Gains	Gross Unrealized Holding Losses	Estimated Fair Value
U.S. Government sponsored entities' asset-backed securities	\$140,562	\$3,088	\$160	\$143,490

Securities with unrealized losses at December 31, 2014, were as follows:

(In thousands)	Unrealized loss position for less than 12 months		Unrealized loss position for 12 months or longer		Total	
	Fair value	Unrealized losses	Fair value	Unrealized losses	Fair value	Unrealized losses
Securities Available-for-Sale						
Obligations of U.S. Treasury and other U.S. Government sponsored entities	\$119,913	\$87	\$388,140	\$8,746	\$508,053	\$8,833
U.S. Government sponsored entities' asset-backed securities	73,276	136	170,430	4,106	243,706	4,242
Total	\$193,189	\$223	\$558,570	\$12,852	\$751,759	\$13,075
Securities Held-to-Maturity						

U.S. Government sponsored entities' asset-backed securities	\$8,032	\$148	\$2,714	\$12	\$10,746	\$160
--	---------	-------	---------	------	----------	-------

Table of Contents

Management does not believe any of the unrealized losses at June 30, 2015 or December 31, 2014 represented other-than-temporary impairment. Should the impairment of any of these securities become other-than-temporary, the cost basis of the investment will be reduced and the resulting loss recognized within net income in the period the other-than-temporary impairment is identified.

Park's U.S. Government sponsored entities' asset-backed securities consist of 15-year residential mortgage-backed securities and collateralized mortgage obligations.

The amortized cost and estimated fair value of investments in debt securities at June 30, 2015, are shown in the following table by contractual maturity or the expected call date, except for asset-backed securities, which are shown as a single total, due to the unpredictability of the timing of principal repayments.

Securities Available-for-Sale (In thousands)	Amortized cost	Fair value	Weighted Avg Yield	
U.S. Treasury and sponsored entities' obligations:				
Due one through five years	100,000	99,911	1.05	%
Due five through ten years	496,887	489,008	2.36	%
Total	\$596,887	\$588,919	2.14	%
U.S. Government sponsored entities' asset-backed securities:	\$770,895	\$778,639	2.32	%
Securities Held-to-Maturity (In thousands)	Amortized cost	Fair value	Weighted Avg Yield	
U.S. Government sponsored entities' asset-backed securities	\$121,527	\$123,546	3.52	%

The \$588.9 million of Park's securities shown at fair value in the above table as U.S. Treasury and sponsored entities' obligations are callable notes. These callable securities have final maturities of 2 to 8 years. Of the \$588.9 million reported at June 30, 2015, none were expected to be called. The remaining average life of the investment portfolio is estimated to be 5.1 years.

There were no sales of investment securities during the three-month and six-month periods ended June 30, 2015. Securities with an amortized cost of \$468,000 were sold at a gain of \$20,000 during the three-month and six-month periods ended June 30, 2014.

Note 10 – Other Investment Securities

Other investment securities consist of stock investments in the Federal Home Loan Bank ("FHLB") and the Federal Reserve Bank ("FRB"). These restricted stock investments are carried at their redemption value.

(In thousands)	June 30, 2015	December 31, 2014
Federal Home Loan Bank stock	\$50,086	\$50,086
Federal Reserve Bank stock	8,225	8,225
Total	\$58,311	\$58,311

Table of Contents

Note 11 - Share-Based Compensation

The Park National Corporation 2013 Long-Term Incentive Plan (the "2013 Incentive Plan") was adopted by the Board of Directors of Park on January 28, 2013 and was approved by Park's shareholders at the Annual Meeting of Shareholders on April 22, 2013. The 2013 Incentive Plan replaces Park's 2005 Incentive Stock Option Plan (the "2005 Plan") and Park's Stock Plan for Non-Employee Directors of Park National Corporation and Subsidiaries (the "Directors' Stock Plan") which were terminated immediately following the approval of the 2013 Incentive Plan. The 2013 Incentive Plan makes equity-based awards and cash-based awards available for grant to participants in the form of incentive stock options, nonqualified stock options, stock appreciation rights, restricted common shares, restricted stock unit awards that may be settled in common shares, cash or a combination of the two, unrestricted common shares and cash-based awards. Under the 2013 Incentive Plan, 600,000 common shares are authorized to be issued and delivered in connection with grants under the 2013 Incentive Plan. The common shares to be issued and delivered under the 2013 Incentive Plan may consist of either common shares currently held or common shares subsequently acquired by Park as treasury shares, including common shares purchased in the open market or in private transactions. No awards may be made under the 2013 Incentive Plan after April 22, 2023. At June 30, 2015, 534,250 common shares were available for future grants under the 2013 Incentive Plan.

On January 24, 2014, the Compensation Committee of the Board of Directors of Park granted awards of an aggregate of 21,975 performance-based restricted stock units ("PBRsUs") to certain employees of Park, which grants were effective on January 24, 2014. On January 2, 2015, the Compensation Committee of the Board of Directors of Park granted awards of an aggregate of 23,025 PBRsUs to certain employees of Park, which grants were effective on January 2, 2015. The number of PBRsUs earned or settled will depend on certain performance conditions and are also subject to service-based vesting.

Share-based compensation expense of \$211,000 and \$117,000 was recognized for the three-month periods ended June 30, 2015 and 2014, respectively. Share-based compensation expense of \$470,000 and \$220,000 was recognized for the six-month periods ended June 30, 2015 and 2014, respectively. Park expects to recognize additional share-based compensation expense of approximately \$1.0 million through the first quarter of 2018 related to PBRsUs granted in 2014 and approximately \$1.4 million through the first quarter of 2019 related to PBRsUs granted in 2015.

Note 12 – Pension Plan

Park has a noncontributory defined benefit pension plan covering substantially all of its employees. The plan provides benefits based on an employee's years of service and compensation.

Park generally contributes annually an amount that can be deducted for federal income tax purposes using a different actuarial cost method and different assumptions from those used for financial reporting purposes. There were no pension plan contributions for the three-month and six-month periods ended June 30, 2015 and 2014.

The following table shows the components of net periodic benefit income:

(In thousands)	Three Months Ended		Six Months Ended	
	June 30,	2014	June 30,	2014
Service cost	\$1,342	\$1,083	\$2,684	\$2,166
Interest cost	1,174	1,144	2,348	2,288
Expected return on plan assets	(2,855)	(2,717)	(5,710)	(5,434)
Amortization of prior service cost	4	5	8	10
Recognized net actuarial loss	159	—	318	—

Net periodic benefit income \$(176) \$(485) \$(352) \$(970)

Note 13 – Loan Servicing

Park serviced sold mortgage loans of \$1.26 billion at June 30, 2015, compared to \$1.27 billion at December 31, 2014 and \$1.29 billion at June 30, 2014. At June 30, 2015, \$5.8 million of the sold mortgage loans were sold with recourse compared to \$7.0 million at December 31, 2014 and \$7.9 million at June 30, 2014. Management closely monitors the delinquency rates on the mortgage loans sold with recourse. At June 30, 2015 and December 31, 2014, management had established reserves of \$807,000 and \$379,000, respectively, to account for future loan repurchases.

Table of Contents

When Park sells mortgage loans with servicing rights retained, servicing rights are initially recorded at fair value. Park selected the “amortization method” as permissible within U.S. GAAP, whereby the servicing rights capitalized are amortized in proportion to and over the period of estimated future servicing income of the underlying loan. At the end of each reporting period, the carrying value of mortgage servicing rights (“MSRs”) is assessed for impairment with a comparison to fair value. MSRs are carried at the lower of their amortized cost or fair value.

Activity for MSRs and the related valuation allowance follows:

(In thousands)	Three Months Ended		Six Months Ended	
	June 30, 2015	2014	June 30, 2015	2014
Mortgage servicing rights:				
Carrying amount, net, beginning of period	\$8,312	\$8,778	\$8,613	\$9,013
Additions	494	280	807	438
Amortization	(438)	(435)	(830)	(828)
Changes in valuation allowance	193	39	(29)	39
Carrying amount, net, end of period	\$8,561	\$8,662	\$8,561	\$8,662
Valuation allowance:				
Beginning of period	\$1,048	\$1,031	\$826	\$1,031
Changes in valuation allowance	(193)	(39)	29	(39)
End of period	\$855	\$992	\$855	\$992

Servicing fees included in other service income were \$0.8 million and \$1.7 million for the three and six months ended June 30, 2015, respectively. Servicing fees included in other service income were \$0.9 million and \$1.8 million for the three and six months ended June 30, 2014, respectively.

Note 14 – Fair Value

The fair value hierarchy requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. The three levels of inputs that Park uses to measure fair value are as follows:

• Level 1: Quoted prices (unadjusted) for identical assets or liabilities in active markets that Park has the ability to access as of the measurement date.

• Level 2: Level 1 inputs for assets or liabilities that are not actively traded. Also consists of an observable market price for a similar asset or liability. This includes the use of “matrix pricing” to value debt securities absent the exclusive use of quoted prices.

• Level 3: Consists of unobservable inputs that are used to measure fair value when observable market inputs are not available. This could include the use of internally developed models, financial forecasting and similar inputs.

Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability between market participants at the balance sheet date. When possible, the Company looks to active and observable markets to price identical assets or liabilities. When identical assets and liabilities are not traded in active markets, the Company looks to observable market data for similar assets and liabilities. However, certain assets and liabilities are not traded in observable markets and Park must use other valuation methods to develop a fair value. The fair value of impaired loans is typically based on the fair value of the underlying collateral, which is estimated through third-party appraisals in accordance with Park’s valuation requirements per its commercial and real estate loan policies.

Table of Contents

Assets and Liabilities Measured at Fair Value on a Recurring Basis:

The following table presents assets and liabilities measured at fair value on a recurring basis:

Fair Value Measurements at June 30, 2015 using:

(In thousands)	Level 1	Level 2	Level 3	Balance at June 30, 2015
Assets				
Investment securities:				
Obligations of U.S. Treasury and other U.S. Government sponsored entities	\$—	\$588,919	\$—	\$588,919
U.S. Government sponsored entities' asset-backed securities	—	778,639	—	778,639
Equity securities	1,963	—	744	2,707
Mortgage loans held for sale	—	9,218	—	9,218
Mortgage IRLCs	—	125	—	125
Liabilities				
Fair value swap	\$—	\$—	\$226	\$226

Fair Value Measurements at December 31, 2014 using:

(In thousands)	Level 1	Level 2	Level 3	Balance at December 31, 2014
Assets				
Investment securities:				
Obligations of U.S. Treasury and other U.S. Government sponsored entities	\$—	\$538,064	\$—	\$538,064
U.S. Government sponsored entities' asset-backed securities	—	761,153	—	761,153
Equity securities	1,922	—	776	2,698
Mortgage loans held for sale	—	5,264	—	5,264
Mortgage IRLCs	—	70	—	70
Liabilities				
Fair value swap	\$—	\$—	\$226	\$226

There were no transfers between Level 1 and Level 2 during the six months ended June 30, 2015 or 2014.

Management's policy is to transfer assets or liabilities from one level to another when the methodology to obtain the fair value changes such that there are more or fewer unobservable inputs as of the end of the reporting period.

The following methods and assumptions were used by the Company in determining fair value of the financial assets and liabilities discussed above:

Investment securities: Fair values for investment securities are based on quoted market prices, where available. If quoted market prices are not available, fair values are based on quoted market prices of comparable instruments. The Fair Value Measurements tables exclude Park's FHLB stock and FRB stock. These assets are carried at their respective redemption values, as it is not practicable to calculate their fair values. For securities where quoted prices or market prices of similar securities are not available, which include municipal securities, fair values are calculated using

discounted cash flows.

Fair value swap: The fair value of the swap agreement entered into with the purchaser of the Visa Class B shares represents an internally developed estimate of the exposure based upon probability-weighted potential Visa litigation losses.

33

Table of Contents

Mortgage Interest Rate Lock Commitments (IRLCs): IRLCs are based on current secondary market pricing and are classified as Level 2.

Mortgage loans held for sale: Mortgage loans held for sale are carried at their fair value. Mortgage loans held for sale are estimated using security prices for similar product types and, therefore, are classified in Level 2.

The table below is a reconciliation of the beginning and ending balances of the Level 3 inputs for the three and six months ended June 30, 2015 and 2014, for financial instruments measured on a recurring basis and classified as Level 3:

Assets and Liabilities Measured at Fair Value on a Nonrecurring Basis:

The following methods and assumptions were used by the Company in determining the fair value of assets and liabilities measured at fair value on a nonrecurring basis described below:

Impaired Loans: At the time a loan is considered impaired, it is valued at the lower of cost or fair value. Impaired loans carried at fair value have been partially charged-off or receive specific allocations of the allowance for loan losses. For collateral dependent loans, fair value is generally based on real estate appraisals. These appraisals may utilize a single valuation approach or a combination of approaches including comparable sales and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments result in a Level 3 classification of the inputs for determining fair value. Collateral is then adjusted or discounted based on management's historical knowledge, changes in market conditions from the time of the valuation, and management's expertise and knowledge of the client and client's business, resulting in a Level 3 fair value classification. Impaired loans are evaluated on a quarterly basis for additional impairment and adjusted accordingly. Additionally, updated independent valuations are obtained annually for all impaired loans in accordance with Company policy.

Table of Contents

Other Real Estate Owned (OREO): Assets acquired through or in lieu of loan foreclosure are initially recorded at fair value less costs to sell when acquired. The carrying value of OREO is not re-measured to fair value on a recurring basis, but is subject to fair value adjustments when the carrying value exceeds the fair value, less estimated selling costs. Fair value is based on recent real estate appraisals and is updated at least annually. These appraisals may utilize a single valuation approach or a combination of approaches including the comparable sales approach and the income approach. Adjustments are routinely made in the appraisal process by the independent appraisers to adjust for differences between the comparable sales and income data available. Such adjustments result in a Level 3 classification of the inputs for determining fair value.

Appraisals for both collateral dependent impaired loans and OREO are performed by licensed appraisers. Appraisals are generally obtained to support the fair value of collateral. In general, there are three types of appraisals, real estate appraisals, income approach appraisals, and lot development loan appraisals, received by the Company. These are discussed below:

Real estate appraisals typically incorporate measures such as recent sales prices for comparable properties. Appraisers may make adjustments to the sales prices of the comparable properties as deemed appropriate based on the age, condition or general characteristics of the subject property. Management generally applies a 15% discount to real estate appraised values which management expects will cover all disposition costs (including selling costs). This 15% discount is based on historical discounts to appraised values on sold OREO properties.

Income approach appraisals typically incorporate the annual net operating income of the business divided by an appropriate capitalization rate, as determined by the appraiser. Management generally applies a 15% discount to income approach appraised values which management expects will cover all disposition costs (including selling costs).

Lot development loan appraisals are typically performed using a discounted cash flow analysis. Appraisers determine an anticipated absorption period and a discount rate that takes into account an investor's required rate of return based on recent comparable sales. Management generally applies a 6% discount to lot development appraised values, which is an additional discount above the net present value calculation included in the appraisal, to account for selling costs.

MSRs: MSR's are carried at the lower of cost or fair value. MSR's do not trade in active, open markets with readily observable prices. For example, sales of MSR's do occur, but precise terms and conditions typically are not readily available. As such, management, with the assistance of a third-party specialist, determines fair value based on the discounted value of the future cash flows estimated to be received. Significant inputs include the discount rate and assumed prepayment speeds. The calculated fair value is then compared to market values where possible to ascertain the reasonableness of the valuation in relation to current market expectations for similar products. Accordingly, MSR's are classified as Level 2.

Table of Contents

The following tables present assets and liabilities measured at fair value on a nonrecurring basis. Collateral dependent impaired loans are carried at fair value if they have been charged down to fair value or if a specific valuation allowance has been established. A new cost basis is established at the time a property is initially recorded in OREO. OREO properties are carried at fair value if a devaluation has been taken to the property's value subsequent to the initial measurement.

Fair Value Measurements at June 30, 2015 using:

(In thousands)	Level 1	Level 2	Level 3	Balance at June 30, 2015
Impaired loans recorded at fair value:

Table of Contents

The table below provides additional detail on those impaired loans which are recorded at fair value as well as the remaining impaired loan portfolio not included above. The remaining impaired loans consist of loans which are not collateral dependent as well as loans carried at cost as the fair value of the underlying collateral or the present value of expected future cash flows on each of the loans exceeded the book value for each respective credit.

(In thousands)	June 30, 2015			
	Recorded Investment	Prior Charge-Offs	Specific Valuation Allowance	Carrying Balance
Impaired loans recorded at fair value	\$17,484	\$12,056	\$4,027	\$13,457
Remaining impaired loans	53,112	17,968	2,570	50,542
Total impaired loans	\$70,596	\$30,024	\$6,597	\$63,999

(In thousands)	December 31, 2014			
	Recorded Investment	Prior Charge-Offs	Specific Valuation Allowance	Carrying Balance
Impaired loans recorded at fair value	\$19,643	\$19,731	\$2,680	\$16,963
Remaining impaired loans	54,069	12,749	980	53,089
Total impaired loans	\$73,712	\$32,480	\$3,660	\$70,052

The expense of credit adjustments related to impaired loans carried at fair value during the three months ended June 30, 2015 and 2014 was \$0.9 million and \$0.3 million, respectively. The expense of credit adjustments related to impaired loans carried at fair value during the six months ended June 30, 2015 and 2014 was \$1.9 million and \$2.5 million, respectively.

MSRs totaled \$8.6 million at June 30, 2015. Of this \$8.6 million MSR carrying balance, \$4.9 million was recorded at fair value and included a valuation allowance of \$0.9 million. The remaining \$3.7 million was recorded at cost, as the fair value of the MSRs exceeded cost at June 30, 2015. At December 31, 2014, MSRs totaled \$8.6 million. Of this \$8.6 million MSR carrying balance, \$2.9 million was recorded at fair value and included a valuation allowance of \$0.8 million. The remaining \$5.7 million was recorded at cost, as the fair value exceeded cost at December 31, 2014. The income related to MSRs carried at fair value during the three-month periods ended June 30, 2015 and 2014 was \$193,000 and \$39,000, respectively. The (expense) income related to MSRs carried at fair value during the six-month periods ended June 30, 2015 and 2014 was \$(29,000) and \$39,000, respectively.

Total OREO held by Park at June 30, 2015 and December 31, 2014 was \$21.9 million and \$22.6 million, respectively. Approximately 31% of OREO held by Park at June 30, 2015 and 46% at December 31, 2014 was carried at fair value due to fair value adjustments made subsequent to the initial OREO measurement. At June 30, 2015 and December 31, 2014, OREO held at fair value, less estimated selling costs, amounted to \$6.8 million and \$10.3 million, respectively. The net expense related to OREO fair value adjustments was \$0.3 million and \$0.7 million for the three-month periods ended June 30, 2015 and 2014, respectively, and \$0.6 million and \$1.1 million for the six-month periods ended June 30, 2015 and 2014, respectively.

Table of Contents

The following tables present qualitative information about Level 3 fair value measurements for financial instruments measured at fair value on a non-recurring basis at June 30, 2015 and December 31, 2014:

June 30, 2015

(In thousands)	Fair Value	Valuation Technique	Unobservable Input(s)	Range (Weighted Average)
Impaired loans:				
Commercial real estate	\$4,947	Sales comparison approach	Adj to comparables	0.2% - 73.1% (27.5%)
		Bulk sale approach	Discount rate	8.0% (8.0%)
		Income approach	Capitalization rate	8.0% - 13.3% (10.2%)
		Cost approach	Accumulated depreciation	23.0% - 50.0% (42.1%)
Construction real estate: SEPH commercial land and development	\$2,047	Sales comparison approach	Adj to comparables	5.0% - 30.0% (17.4%)
		Bulk sale approach	Discount rate	10.7% (10.7%)
Remaining commercial	\$3,563	Sales comparison approach	Adj to comparables	0.2% - 67.0% (25.7%)
		Bulk sale approach	Discount rate	10.0% - 20.0% (15.8%)
Residential real estate	\$2,900	Sales comparison approach	Adj to comparables	0.0% - 83.0% (14.3%)
		Income approach	Capitalization rate	10.1% - 13.0% (10.7%)
Other real estate owned:				
Commercial real estate	\$178	Sales comparison approach	Adj to comparables	15.0% - 71.0% (30.4%)
		Income approach	Capitalization rate	8.4% (8.4%)
Construction real estate	\$5,230	Sales comparison approach	Adj to comparables	0.0% - 52.2% (21.0%)
		Bulk sale approach	Discount rate	15.0% (15.0%)
		Income approach	Capitalization rate	9.5% (9.5%)
Residential real estate	\$1,426	Sales comparison approach	Adj to comparables	0.0% - 51.2% (6.4%)
		Income approach	Capitalization rate	6.8% - 17.4% (8.3%)
		Cost approach	Accumulated depreciation	60.0% (60.0%)

Table of Contents

Balance at December 31, 2014

(In thousands)	Fair Value	Valuation Technique	Unobservable Input(s)	Range (Weighted Average)
Impaired loans:				
Commercial real estate	\$8,481	Sales comparison approach	Adj to comparables	0.0% - 84.0% (38.8%)
		Income approach	Capitalization rate	8.0% - 9.5% (9.4%)
		Cost approach	Accumulated depreciation	23.0% (23.0%)
Construction real estate:				
SEPH commercial land and development	\$2,078	Sales comparison approach	Adj to comparables	5.0% - 35.0% (17.5%)
		Bulk sale approach	Discount rate	10.8% (10.8%)
Remaining commercial	\$3,483	Sales comparison approach	Adj to comparables	0.2% - 76.0% (45.4%)
		Bulk sale approach	Discount rate	10.0% - 22.0% (16.5%)
Residential real estate	\$2,921	Sales comparison approach	Adj to comparables	0.0% - 120.6% (11.1%)
		Income approach	Capitalization rate	7.9% - 10.0% (8.0%)
Other real estate owned:				
Commercial real estate	\$1,470	Sales comparison approach	Adj to comparables	0.0% - 87.0% (30.5%)
		Income approach	Capitalization rate	8.4% - 10.0% (9.4%)
		Cost approach	Accumulated depreciation	60.0% - 95.0% (77.5%)
Construction real estate	\$6,473	Sales comparison approach	Adj to comparables	0.0% - 82.9% (27.1%)
		Bulk sale approach	Discount rate	15.0% (15.0%)
Residential real estate	\$2,369	Sales comparison approach	Adj to comparables	0.0% - 38.3% (10.1%)
		Income approach	Capitalization rate	6.8% - 7.8% (7.6%)

Table of Contents

The following methods and assumptions were used by Park in estimating its fair value disclosures for assets and liabilities not discussed above:

Cash and cash equivalents: The carrying amounts reported in the consolidated condensed balance sheets for cash and short-term instruments approximate those assets' fair values.

Loans receivable: For variable-rate loans that reprice frequently and with no significant change in credit risk, fair values are based on carrying values. The fair values for certain mortgage loans (e.g., one-to-four family residential) are based on quoted market prices of similar loans sold in conjunction with securitization transactions, adjusted for differences in loan characteristics. The fair values for other loans are estimated using discounted cash flow analyses, based upon interest rates currently being offered for loans with similar terms to borrowers of similar credit quality. The methods utilized to estimate the fair value do not necessarily represent an exit price.

Off-balance sheet instruments: Fair values for Park's loan commitments and standby letters of credit are based on the fees currently charged to enter into similar agreements, taking into account the remaining terms of the agreements and the counterparties' credit standing. The carrying amount and fair value are not material.

Deposit liabilities: The fair values disclosed for demand deposits (e.g., interest and non-interest checking, savings, and money market accounts) are, by definition, equal to the amount payable on demand at the reporting date (i.e., their carrying amounts). The carrying amounts for variable-rate, fixed-term certificates of deposit approximate their fair values at the reporting date. Fair values for fixed-rate certificates of deposit are estimated using a discounted cash flow calculation that applies interest rates currently being offered on certificates to a schedule of aggregated expected monthly maturities of time deposits.

Short-term borrowings: The carrying amounts of federal funds purchased, borrowings under repurchase agreements and other short-term borrowings approximate their fair values.

Long-term debt: Fair values for long-term debt are estimated using a discounted cash flow calculation that applies interest rates currently being offered on long-term debt to a schedule of monthly maturities.

Subordinated debentures and notes: Fair values for subordinated debentures and notes are estimated using a discounted cash flow calculation that applies interest rate spreads currently being offered on similar debt structures to a schedule of monthly maturities.

Table of Contents

The fair value of financial instruments at June 30, 2015 and December 31, 2014, was as follows:

(In thousands)	June 30, 2015				Total fair value

Note 15 – Other Comprehensive Income

Other comprehensive income components, net of tax, are shown in the following table for the three-month and six-month periods ended June 30, 2015 and 2014:

Three months ended June 30, (in thousands)	Changes in pension plan assets and benefit obligations	Unrealized gains and losses on available for sale securities	Total
Beginning balance at March 31, 2015	\$(14,865)	\$9,116	\$(5,749)
Other comprehensive loss before reclassifications	—	(8,231)	(8,231)
Amounts reclassified from accumulated other comprehensive loss	—	—	—
Net current period other comprehensive loss	—	(8,231)	(8,231)
Ending balance at June 30, 2015	\$(14,865)	\$885	\$(13,980)
Beginning balance at March 31, 2014	\$(5,598)	\$(18,880)	\$(24,478)
Other comprehensive income before reclassifications	—	13,092	13,092
Amounts reclassified from accumulated other comprehensive income	—	(13)	(13)
Net current period other comprehensive income	—	13,079	13,079
Ending balance at June 30, 2014	\$(5,598)	\$(5,801)	\$(11,399)
	Changes in	Unrealized	
Six months ended June 30, (in thousands)	pension plan	gains and	Total
	assets and	losses on	
	benefit	available for	
	obligations	sale securities	
Beginning balance at December 31, 2014	\$(14,865)	\$1,257	\$(13,608)
Other comprehensive loss before reclassifications	—	(372)	(372)
Amounts reclassified from accumulated other comprehensive loss	—	—	—
Net current period other comprehensive loss	—	(372)	(372)
Ending balance at June 30, 2015	\$(14,865)	\$885	\$(13,980)
Beginning balance at December 31, 2013	\$(5,598)	\$(29,821)	\$(35,419)
Other comprehensive income before reclassifications	—	24,033	24,033
Amounts reclassified from accumulated other comprehensive income	—	(13)	(13)
Net current period other comprehensive income	—	24,020	24,020
Ending balance at June 30, 2014	\$(5,598)	\$(5,801)	\$(11,399)

During the three-month and six-month periods ended June 30, 2015, there were no reclassifications out of accumulated other comprehensive income. During the three-month and six-month periods ended June 30, 2014, there was \$20,000 (\$13,000 net of tax) reclassified out of accumulated other comprehensive income due to gains on the sale of available-for-sale securities. These gains were recorded within miscellaneous income on the consolidated condensed statements of income.

Note 16 – Investment in Qualified Affordable Housing

Park makes certain equity investments in various limited partnerships that sponsor affordable housing projects. The purpose of these investments is to achieve a satisfactory return on capital, help create affordable housing opportunities, and to assist the Company to achieve our goals associated with the Community Reinvestment Act. Previously, these investments were accounted for under the cost method of accounting with amortization of the investment being recorded in miscellaneous other expense and tax benefits recognized in the provision for income taxes.

Table of Contents

During the first quarter of 2015, Park adopted ASU 2014-01, Accounting for Investments in Qualified Affordable Housing Projects, and elected the proportional amortization method with amortization expense and tax benefits recognized through the provision for income taxes. This ASU is required to be applied retrospectively to all periods presented. As a result of these changes, Park recorded a cumulative-effect adjustment to beginning retained earnings. The following table summarizes the impact of retrospective application to the balance sheet and income statement for all periods presented as well as the year ended December 31, 2014:

(in thousands)	December 31, 2014		
Other assets			
As previously reported			\$140,803

As reported under the new guidance	21,810	41,387	83,957

The table below details the balances of Park's affordable housing tax credit investments and related unfunded commitments as of June 30, 2015 and December 31, 2014.

(in thousands)	June 30, 2015	December 31, 2014
Affordable housing tax credit investments	\$54,457	\$48,911
Unfunded commitments	21,339	16,629

During each of the three months ended June 30, 2015 and 2014, Park recognized amortization expense of \$1.7 million which was included within the provision for income taxes. During the six months ended June 30, 2015 and 2014, Park recognized amortization expense of \$3.5 million and \$3.4 million, respectively, which was included within the provision for income taxes. Additionally, during the three months ended June 30, 2015 and 2014, Park recognized tax credits and other benefits from its

Table of Contents

affordable housing tax credit investments of \$2.3 million and \$2.2 million, respectively. For the six months ended June 30, 2015 and 2014, Park recognized tax credits and other benefits from its affordable housing tax credit investments of \$4.5 million and \$4.4 million, respectively.

Note 17 – Repurchase Agreement Borrowings

Securities sold under agreements to repurchase ("repurchase agreements") with customers represent funds deposited by customers, generally on an overnight basis, that are collateralized by investment securities owned by Park. Repurchase agreements with customers are included in short-term borrowings on the consolidated condensed balance sheets. Park's repurchase agreements with a third-party financial institution are classified as long-term debt on the consolidated condensed balance sheets.

All repurchase agreements are subject to terms and conditions of repurchase/security agreements between Park and the client and are accounted for as secured borrowings. Park's repurchase agreements reflected in short-term borrowings consist of customer accounts and securities which are pledged on an individual security basis.

At June 30, 2015 and December 31, 2014, Park's repurchase agreement borrowings totaled \$539 million and \$577 million, respectively. At both June 30, 2015 and December 31, 2014, \$300 million of Park's repurchase agreement borrowings were classified as long-term debt with the remaining amount being classified as short-term debt on the consolidated condensed balance sheets. These borrowings were collateralized with U.S. government and agency securities with a carrying value of \$588 million and \$664 million at June 30, 2015 and December 31, 2014, respectively. Declines in the value of the collateral would require Park to pledge additional securities. As of June 30, 2015 and December 31, 2014 Park had \$348 million and \$347 million, respectively, of available unpledged securities.

The following table presents the carrying value of Park's repurchase agreements by remaining contractual maturity at June 30, 2015 and December 31, 2014:

(in thousands)	June 30, 2015				
	Remaining Contractual Maturity of the Agreements				
	Overnight and Continuous	Up to 30 days	30 - 90 days	Greater than 90 days	Total
U.S. government and agency securities	\$231,359	\$2,035	\$—	\$305,224	\$538,618
	December 31, 2014				
(in thousands)	Remaining Contractual Maturity of the Agreements				
	Overnight and Continuous	Up to 30 days	30 - 90 days	Greater than 90 days	Total
U.S. government and agency securities	\$268,427	\$164	\$4,940	\$303,449	\$576,980

On November 30, 2012, Park restructured \$300 million in repurchase agreements with a third-party financial institution and paid a \$25 million prepayment penalty. The penalty is included in long-term debt and is being amortized as an adjustment to interest expense over the remaining term of the repurchase agreements using the effective interest method. Of the \$25 million prepayment penalty, \$12.4 million and \$14.8 million remained unamortized as of June 30, 2015 and December 31, 2014, respectively.

Table of ContentsITEM 2 – MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL
CONDITION AND RESULTS OF OPERATIONS

Management’s discussion and analysis (“MD&A”) contains forward-looking statements that are provided to assist in the understanding of anticipated future financial performance. Forward-looking statements provide current expectations or forecasts of future events and are not guarantees of future performance. The forward-looking statements are based on management’s expectations and are subject to a number of risks and uncertainties. Although management believes that the expectations reflected in such forward-looking statements are reasonable, actual results may differ materially from those expressed or implied in such statements. Risks and uncertainties that could cause actual results to differ materially include, without limitation: Park's ability to execute our business plan successfully and within the expected timeframe; general economic and financial market conditions, specifically in the real estate markets and the credit markets, either nationally or in the states in which Park and our subsidiaries do business, may experience a slowing or reversal of the current economic expansion in addition to continuing residual effects of recessionary conditions and an uneven spread of positive impacts of recovery on the economy and our counterparties, including adverse impacts on demand for loan, deposit and other financial services, delinquencies, defaults and counterparty ability to meet credit and other obligations; changes in interest rates and prices may adversely impact the value of securities, loans, deposits and other financial instruments and the interest rate sensitivity of our consolidated balance sheet as well as reduce interest margins; changes in consumer spending, borrowing and saving habits, whether due to changing business and economic conditions, legislative and regulatory initiatives, or other factors; changes in customers', suppliers', and other counterparties' performance and creditworthiness; asset/liability repricing risks and liquidity risks; our liquidity requirements could be adversely affected by changes to regulations governing bank and bank holding company capital and liquidity standards as well as by changes in our assets and liabilities; competitive factors among financial services organizations could increase significantly, including product and pricing pressures, changes to third-party relationships and our ability to attract, develop and retain qualified bank professionals; clients could pursue alternatives to bank deposits, causing us to lose a relatively inexpensive source of funding; the nature, timing and effect of changes in banking regulations or other regulatory or legislative requirements affecting the respective businesses of Park and our subsidiaries, including changes in laws and regulations concerning taxes, pensions, bankruptcy, consumer protection, accounting, banking, securities and other aspects of the financial services industry, specifically the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the “Dodd-Frank Act”), as well as future regulations which will be adopted by the relevant regulatory agencies, including the Consumer Financial Protection Bureau, to implement the Dodd-Frank Act's provisions, the Budget Control Act of 2011, the American Taxpayer Relief Act of 2012 and the Basel III regulatory capital reforms; the effect of changes in accounting policies and practices, as may be adopted by the Financial Accounting Standards Board, the SEC, the Public Company Accounting Oversight Board and other regulatory agencies, and the accuracy of our assumptions and estimates used to prepare our financial statements; the effect of trade, monetary, fiscal and other governmental policies of the U.S. federal government, including money supply and interest rate policies of the Federal Reserve; disruption in the liquidity and other functioning of U.S. financial markets; the impact on financial markets and the economy of any changes in the credit ratings of the U.S. Treasury obligations and other U.S. government-backed debt, as well as issues surrounding the levels of U.S., European and Asian government debt and concerns regarding the creditworthiness of certain sovereign governments, supnationals and financial institutions in Europe and Asia; unfavorable resolution of legal proceedings or other claims and regulatory and other governmental examinations or other inquiries; the adequacy of our risk management program; the ability to secure confidential information and deliver products and services through the use of computer systems and telecommunications networks; a failure in or breach of our operational or security systems or infrastructure, or those of our third-party vendors and other service providers, including as a result of cyber attacks; demand for loans in the respective market areas served by Park and our subsidiaries; and other risk factors relating to the banking industry as detailed from time to time in Park's reports filed with the SEC including those described in "Item 1A. Risk Factors" of Part I of Park's Annual Report on Form 10-K for the fiscal year ended December 31, 2014. Park does not undertake, and specifically disclaims any obligation, to

publicly release the results of any revisions that may be made to update any forward-looking statement to reflect the events or circumstances after the date on which the forward-looking statement was made, or reflect the occurrence of unanticipated events, except to the extent required by law.

Critical Accounting Policies

Note 1 of the Notes to Consolidated Financial Statements included in Park's 2014 Annual Report to Shareholders (the "2014 Annual Report") lists significant accounting policies used in the development and presentation of Park's consolidated financial statements. The accounting and reporting policies of Park conform with U.S. generally accepted accounting principles (U.S. GAAP) and general practices within the financial services industry. The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the financial statements and the accompanying notes. Actual results could differ from those estimates.

Table of Contents

Park believes the determination of the allowance for loan losses involves a higher degree of judgment and complexity than its other significant accounting policies. The allowance for loan losses is calculated with the objective of maintaining a reserve level believed by management to be sufficient to absorb probable incurred credit losses in the loan portfolio. Management's determination of the adequacy of the allowance for loan losses is based on periodic evaluations of the loan portfolio and of current economic conditions. However, this evaluation has subjective components requiring material estimates, including expected default probabilities, the expected loss given default, the amounts and timing of expected future cash flows on impaired loans, and estimated losses on consumer loans and residential mortgage loans based on historical loss experience and current economic conditions. All of these factors may be susceptible to significant change. To the extent that actual results differ from management estimates, additional loan loss provisions may be required that would adversely impact earnings in future periods. Refer to the "Credit Metrics and Provision for (Recovery of) Loan Losses" section within this MD&A for additional discussion.

Other real estate owned ("OREO"), property acquired through foreclosure, is recorded at estimated fair value less anticipated selling costs (net realizable value). If the net realizable value is below the carrying value of the loan on the date of transfer, the difference is charged to the allowance for loan losses. Subsequent declines in value, OREO devaluations, are reported as adjustments to the carrying amount of OREO and are expensed within other income. Gains or losses not previously recognized, resulting from the sale of OREO, are recognized within other income on the date of sale.

U.S. GAAP requires management to establish a fair value hierarchy, which has the objective of maximizing the use of observable market inputs. U.S. GAAP also requires enhanced disclosures regarding the inputs used to calculate fair value. These are classified as Level 1, 2, and 3. Level 3 inputs are those with significant unobservable inputs that reflect a company's own assumptions about the market for a particular instrument. Some of these inputs could be based on internal models and cash flow analyses. The large majority of Park's assets whose fair value is determined using Level 2 inputs consists of available-for-sale ("AFS") securities. The fair value of these AFS securities is obtained largely through the use of matrix pricing, which is a mathematical technique widely used in the financial services industry to value debt securities without relying exclusively on quoted market prices for the specific securities but rather by relying on the securities' relationship to other benchmark quoted securities. Please see Note 14 - Fair Value of the Notes to Unaudited Consolidated Condensed Financial Statements in this Quarterly Report on Form 10-Q for additional information on fair value.

Management believes that the accounting for goodwill and other intangible assets also involves a higher degree of judgment than most other significant accounting policies. U.S. GAAP establishes standards for the amortization of acquired intangible assets and the impairment assessment of goodwill. Goodwill arising from business combinations represents the value attributable to unidentifiable intangible assets in the business acquired. Park's goodwill relates to the value inherent in the banking industry and that value is dependent upon the ability of Park's Ohio-based banking subsidiary, The Park National Bank ("PNB") to provide quality, cost-effective banking services in a competitive marketplace. The goodwill value is supported by revenue that is in part driven by the volume of business transacted. A decrease in earnings resulting from a decline in the customer base, the inability to deliver cost-effective services over sustained periods or significant credit problems can lead to impairment of goodwill that could adversely impact earnings in future periods. U.S. GAAP requires an annual evaluation of goodwill for impairment, or more frequently if events or changes in circumstances indicate that the asset might be impaired. Park's most recent evaluation was completed during the second quarter of 2015 and resulted in no impairment of goodwill. Further, there have been no events subsequent to that analysis that provide any evidence that goodwill is impaired. The fair value of the goodwill, which resides on the books of PNB, is estimated by reviewing the past and projected operating results for PNB, deposit and loan totals for PNB and banking industry comparable information.

The determination of pension plan obligations and related expenses requires the use of assumptions to estimate the amount of benefits that employees earn while working, as well as the present value of those benefits. Annual pension

expense is principally based on four components: (1) the value of benefits earned by employees for working during the year (service cost), (2) the increase in the liability due to the passage of time (interest cost), and (3) other gains and losses, reduced by (4) the expected return on plan assets for our pension plan.

Significant assumptions used to measure our annual pension expense include:

- the interest rate used to determine the present value of liabilities (discount rate);
- certain employee-related factors, such as turnover, retirement age and mortality;
- the expected return on assets in our funded plan; and
- for pension expense, the rate of salary increases where benefits are based on earnings.

Table of Contents

Our assumptions reflect our historical experience and management's best judgment regarding future expectations. Due to the significant management judgment involved, our assumptions could have a material impact on the measurement of our pension plan expense and obligation.

Comparison of Results of Operations

For the Three and Six Months Ended June 30, 2015 and 2014

Summary Discussion of Results

Net income for the three months ended June 30, 2015 was \$21.0 million, compared to \$21.8 million for the second quarter of 2014. Diluted earnings per common share were \$1.37 for the second quarter of 2015, compared to \$1.42 for the second quarter of 2014. Weighted average diluted common shares outstanding were 15,407,881 for the three months ended June 30, 2015, compared to 15,412,167 weighted average diluted common shares for the second quarter of 2014.

Net income for the first half of 2015 was \$40.1 million, compared to \$41.4 million for the same period in 2014. Diluted earnings per common share were \$2.60 for the first half of 2015, compared to \$2.69 for the same period in 2014. Weighted average diluted common shares outstanding were 15,411,920 for the six months ended June 30, 2015, compared to 15,413,568 weighted average diluted common shares for the same period of 2014.

Financial Results by segment

The table below reflects the net income (loss) by segment for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013. Park's segments include The Park National Bank ("PNB"), Guardian Financial Services Company ("GFSC"), SE Property Holdings, LLC ("SEPH") and "All Other" which primarily consists of Park as the "Parent Company."

Net income (loss) by segment

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013
PNB	\$21,333	\$19,159	\$40,492	\$41,737	\$82,907	\$75,236
GFSC	407	281	688	1,082	1,175	2,888
Parent Company	(275)	(694)	(969)	(2,149)	(5,050)	(1,397)
Ongoing operations	\$21,465	\$18,746	\$40,211	\$40,670	\$79,032	\$76,727
SEPH	(426)	298	(128)	717	4,925	142
Total Park	\$21,039	\$19,044	\$40,083	\$41,387	\$83,957	\$76,869

The category "Parent Company" above excludes the results for SEPH, an entity which is winding down commensurate with the disposition of its problem assets. Management considers the "Ongoing operations" results, which exclude the results of SEPH, to be reflective of the business of Park and its subsidiaries on a going forward basis. The discussion below provides some additional information regarding the segments that make up the "Ongoing operations", followed by additional information regarding SEPH.

During the first quarter of 2015, Park adopted ASU 2014-01, Accounting for Investments in Qualified Affordable Housing Projects, and elected the proportional amortization method with amortization expense and tax benefits recognized through the provision for income taxes. Previously, these investments were accounted for under the cost method of accounting with amortization of the investment being recorded in miscellaneous other expense and tax benefits recognized in the provision for income taxes. This ASU is required to be applied retrospectively to all periods presented. As a result of the adoption of this ASU, all prior periods have been recast to reflect amortization under the proportional amortization method.

Table of Contents

The Park National Bank (PNB)

The table below reflects PNB's net income for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013.

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013
Net interest income	\$54,766	\$53,821	\$108,587	\$108,389	\$218,641	\$210,781
Provision for loan losses	2,720	2,022	4,742	1,543	3,517	14,039
Other income	18,720	18,012	36,732	34,612	69,384	70,841
Other expense	39,586	41,932	81,518	80,416	163,641	158,651
Income before income taxes	\$31,180	\$27,879	\$59,059	\$61,042	\$120,867	\$108,932
Federal income taxes	9,847	8,720	18,567	19,305	37,960	33,696
Net income	\$21,333	\$19,159	\$40,492	\$41,737	\$82,907	\$75,236

Other income of \$36.7 million for the first half of 2015 represented a \$2.1 million or 6.1% increase, compared to \$34.6 million for the same period in 2014. Included in the \$2.1 million increase was income of \$791,000 related to proceeds from death benefits paid from a bank owned life insurance policy, a \$756,000 increase in income from fiduciary activities and a \$881,000 increase in other service income. Other expense of \$81.5 million for the first half of 2015 represented an increase of \$1.1 million or 1.37%, compared to \$80.4 million in the first six months of 2014. Included in the increase was a contract termination fee and a borrowing prepayment penalty that resulted in additional expense of \$1.1 million.

PNB's results for the six months ended June 30, 2015 and 2014 also included income and expense related to participations in legacy Vision Bank ("Vision") assets. For the six months ended June 30, 2015, there were net recoveries from loans previously charged off of \$1.2 million, gains on the sale of OREO of \$564,000, gains on sale of loans of \$46,000 and expenses of \$428,000 related to participations in legacy Vision assets. For the six months ended June 30, 2014, there were net recoveries from loans previously charged off of \$3.0 million, gains on the sale of OREO of \$1.3 million and expenses of \$983,000 related to participations in legacy Vision assets. For the fiscal year ended December 31, 2014, there were net recoveries from loans previously charged off of \$6.2 million, gains on the sale of OREO of \$1.2 million and expenses of \$2.0 million related to participations in legacy Vision assets. For the fiscal year ended December 31, 2013, there were net recoveries of \$0.6 million and expenses of \$1.6 million related to participations in legacy Vision assets.

The table below provides certain balance sheet information and financial ratios for PNB as of June 30, 2015, March 31, 2015, December 31, 2014 and June 30, 2014.

(In thousands)	June 30, 2015	March 31, 2015	December 31, 2014	June 30, 2014	% change from 3/31/15	% change from 12/31/14	% change from 06/30/14

Average assets ⁽¹⁾	7,148,628	7,118,563	6,790,615	6,661,120	0.42	% 5.27	% 7.32	%
Return on average assets ⁽²⁾	1.14	% 1.09	% 1.22	% 1.26	% 4.59	%(6.56)	%(9.52))%

(1) Average assets for the six-month periods ended June 30, 2015 and 2014, the three-month period ended March 31, 2015 and for the year ended December 31, 2014.

(2) Annualized for the six-month periods ended June 30, 2015 and 2014 and the three-month period ended March 31, 2015.

Loans outstanding at June 30, 2015 were \$4.86 billion, compared to \$4.79 billion at March 31, 2015, an increase of \$73 million or an annualized 6.15%. PNB experienced growth in the second quarter across all loan categories: mortgage loan growth of \$13 million (4.4% annualized), commercial loan growth of \$23 million (3.8% annualized) and consumer loan growth of \$37 million (16.4% annualized).

Table of Contents

PNB's allowance for loan losses increased by \$3.2 million, or 6.23%, to \$55.2 million at June 30, 2015, compared to \$52.0 million at December 31, 2014. Net charge-offs were \$1.5 million, or an annualized 0.06% of total average loans, for the six months ended June 30, 2015. Refer to the "Credit Metrics and Provision for (Recovery of) Loan Losses" section for additional information regarding the credit metrics of PNB's loan portfolio and the level of provision for loan losses recognized in each period presented.

Guardian Financial Services Company (GFSC)

The table below reflects GFSC's net income for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013.

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013

(1) Average assets for the six-month periods ended June 30, 2015 and 2014, and for the year ended December 31, 2014.

(2) Annualized for the six months ended June 30, 2015 and 2014.

Table of Contents

Park Parent Company

The table below reflects the Park Parent Company net loss for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013.

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013
Net interest income (expense)	\$84	\$110	\$194	\$(896)	\$(2,012)	\$2,828
Provision for loan losses	—	—	—	—	—	—
Other income (loss)	145	99	244	(7)	175	469
Other expense	1,937	1,911	3,848	4,083	8,000	7,520
Loss before income tax benefit	\$(1,708)	\$(1,702)	\$(3,410)	\$(4,986)	\$(9,837)	\$(4,223)
Federal income tax benefit	(1,433)	(1,008)	(2,441)	(2,837)	(4,787)	(2,826)
Net loss	\$(275)	\$(694)	\$(969)	\$(2,149)	\$(5,050)	\$(1,397)

The net interest income (expense) for Park's parent company includes interest income on loans to SEPH and on subordinated debt investments in PNB, which are eliminated in the consolidated Park National Corporation totals. Additionally, net interest income (expense) includes interest expense related to the \$30.00 million of subordinated notes issued by Park to accredited investors on April 20, 2012. Prior period results included interest expense related to the \$35.25 million of subordinated notes issued by Park to accredited investors on December 23, 2009. Park paid in full the \$35.25 million outstanding principal amount of the 10% Subordinated Notes due December 23, 2019, plus accrued interest, on December 24, 2014, the earliest redemption date allowable under the related note purchase agreement dated December 23, 2009.

SEPH

The table below reflects SEPH's net (loss) income for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013. SEPH holds the remaining assets and liabilities of those retained by Vision subsequent to the sale of the Vision business on February 16, 2012. Prior to holding the remaining Vision assets, SEPH held OREO assets that were transferred from Vision to SEPH. This segment represents a run-off portfolio of the legacy Vision assets.

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013
Net interest (expense) income	\$(14)	\$(88)	\$(102)	\$(293)	\$958	\$(1,325)
Recovery of loan losses	(1,417)	(885)	(2,302)	(5,617)	(12,394)	(11,799)
Other income	327	760	1,087	1,713	5,991	1,956
Other expense	2,385	1,098	3,483	5,934	11,766	12,211
(Loss) income before income taxes	\$(655)	\$459	\$(196)	\$1,103	\$7,577	\$219
Federal income tax (benefit) expense	(229)	161	(68)	386	2,652	77
Net (loss) income	\$(426)	\$298	\$(128)	\$717	\$4,925	\$142

SEPH's financial results for the six months ended June 30, 2015 included net recoveries of \$2.3 million. The net recoveries during 2015 consisted of charge-offs of \$44,000, offset by recoveries from loans previously charged off of \$2.3 million. Other income for the six months ended June 30, 2015 at SEPH of \$1.1 million was largely related to net gains on the sale of loans of \$722,000, net gains on sale of OREO of \$276,000 and non-yield loan fee income of \$165,000, offset by OREO devaluations of \$94,000. The \$2.5 million decline in other expense for the six months

ended June 30, 2015 compared to the same period in 2014 was primarily the result of declines in legal fees of \$2.4 million, management and consulting fees of \$240,000 and other OREO expense of \$281,000, offset by a \$694,000 increase in reserves established for potential loan repurchases.

Table of Contents

The table below provides an overview of SEPH loans and OREO, representing the legacy Vision assets. This information is provided as of June 30, 2015, December 31, 2014, and December 31, 2013, showing the decline in legacy Vision assets at SEPH over the last eighteen months.

(In thousands)	SEPH 06/30/15	SEPH 12/31/14	SEPH 12/31/13	Change from 12/31/14	Change from 12/31/13
Nonperforming loans	\$ 15,366	\$ 23,013	\$ 36,108	\$(7,647)	\$(20,742)
OREO	13,102	11,918	23,224	1,184	(10,122)
Total nonperforming assets	\$ 28,468	\$ 34,931	\$ 59,332	\$(6,463)	\$(30,864)
Performing loans	\$ 922	\$ 943	\$ 1,907	\$(21)	\$(985)
Total SEPH - Legacy Vision assets	\$ 29,390	\$ 35,874	\$ 61,239	\$(6,484)	\$(31,849)

OREO at SEPH increased by \$1.2 million from \$11.9 million at December 31, 2014 to \$13.1 million at June 30, 2015. The increase is due to the continued workout of problem credits. In addition to the SEPH assets listed above, PNB participations in legacy Vision assets totaled \$9.7 million, \$11.5 million, and \$12.3 million at June 30, 2015, December 31, 2014, and December 31, 2013, respectively.

Park National Corporation

The table below reflects Park's net income for the first and second quarters of 2015, for the first half of 2015 and 2014, and for the fiscal years ended December 31, 2014 and 2013.

(In thousands)	Q2 2015	Q1 2015	Six months YTD 2015	Six months YTD 2014	2014	2013

Table of Contents

Net Interest Income Comparison for the Second Quarter of 2015 and 2014

Park's principal source of earnings is net interest income, the difference between total interest income and total interest expense. Net interest income results from average balances outstanding for interest earning assets and interest bearing liabilities in conjunction with the average rates earned and paid on them. Net interest income decreased by \$0.1 million, or 0.08%, to \$56.5 million for the second quarter of 2015, compared to \$56.6 million for the second quarter of 2014. See the discussion under the table below.

(In thousands)	Three months ended June 30, 2015		Three months ended June 30, 2014		
	Average balance	Tax equivalent yield/cost	Average balance	Tax equivalent yield/cost	
Loans	\$4,857,799	4.68	% \$4,678,483	4.91	%
Taxable investments	1,469,704	2.49	% 1,428,290	2.60	%
Tax exempt investments	—	—	% 108	6.89	%
Money market instruments	361,994	0.25	% 137,219	0.25	%
Interest earning assets	\$6,689,497	3.96	% \$6,244,100	4.28	%
Interest bearing deposits	\$4,166,835	0.30	% \$3,745,385	0.27	%
Short-term borrowings	228,416	0.19	% 252,836	0.20	%
Long-term debt	779,559	3.13	% 867,772	3.30	%
Interest bearing liabilities	\$5,174,810	0.72	% \$4,865,993	0.81	%
Excess interest earning assets	\$1,514,687		\$1,378,107		
Net interest spread		3.24	%	3.47	%
Net interest margin		3.40	%	3.65	%

Average interest earning assets for the second quarter of 2015 increased by \$445 million, or 7.1%, to \$6,689 million, compared to \$6,244 million for the second quarter of 2014. The average yield on interest earning assets decreased by 32 basis points to 3.96% for the second quarter of 2015, compared to 4.28% for the second quarter of 2014.

Average interest bearing liabilities for the second quarter of 2015 increased by \$309 million, or 6.3%, to \$5,175 million, compared to \$4,866 million for the second quarter of 2014. The average cost of interest bearing liabilities decreased by 9 basis points to 0.72% for the second quarter of 2015, compared to 0.81% for the second quarter of 2014.

Loans, Investments, Deposits and Borrowings

Average loan balances increased by \$180 million, or 3.8%, to \$4,858 million for the three months ended June 30, 2015, compared to \$4,678 million for the second quarter of 2014. The average yield on the loan portfolio decreased by 23 basis points to 4.68% for the second quarter of 2015, compared to 4.91% for the second quarter of 2014. The decrease in the average yield on the loan portfolio over the twelve-month period was primarily due new loans being originated, across all loan types, at rates less than the current yield on the portfolio.

Table of Contents

(In thousands)	Three months ended June 30, 2015		Three months ended June 30, 2014		
	Average balance	Tax equivalent yield	Average balance	Tax equivalent yield	
Home Equity	\$212,537	3.93	% \$212,044	4.02	%
Installment and Indirect Loans	965,125	5.60	% 835,782	6.51	%
Real Estate Loans	1,234,682	3.77	% 1,189,004	3.87	%
Commercial Loans	2,438,292	4.82	% 2,434,147	4.92	%
Other	7,163	10.15	% 7,506	10.23	%
Total Loans and Leases before Allowance	\$4,857,799	4.68	% \$4,678,483	4.91	%

The following table displays the average balance of the loan portfolio, the interest income earned on the loan portfolio and the tax equivalent yield on the loan portfolio for the past five quarters.

Quarter ended (Dollars in thousands)	Average balance of loan portfolio	Interest Income	Tax equivalent yield	
June 30, 2014	\$4,678,483	\$57,004	4.91	%
September 30, 2014	\$4,768,253	\$57,492	4.80	%
December 31, 2014	\$4,812,439	\$58,395	4.83	%
March 31, 2015	\$4,815,358	\$55,412	4.68	%
June 30, 2015	\$4,857,799	\$56,463	4.68	%

Park's total loans outstanding at June 30, 2015 were \$4,901 million, compared to \$4,830 million at December 31, 2014, an increase of \$71 million, or an annualized 3.0%. Loan balances at Park's Ohio-based bank subsidiary, PNB, increased by \$78 million, or an annualized 3.3%, to \$4,860 million at June 30, 2015, compared to \$4,782 million at December 31, 2014.

The following table displays for the past five quarters the average balance of interest earning assets, net interest income and the tax equivalent net interest margin.

Quarter ended (Dollars in thousands)	Average balance of interest earning assets	Net interest income	Tax equivalent net interest margin	
June 30, 2014	\$6,244,100	\$56,561	3.65	%
September 30, 2014	\$6,360,829	\$56,709	3.55	%
December 31, 2014	\$6,572,463	\$57,294	3.47	%
March 31, 2015	\$6,636,498	\$55,535	3.40	%
June 30, 2015	\$6,689,497	\$56,515	3.40	%

Net interest spread		3.24	%	3.43	%
Net interest margin		3.40	%	3.60	%

The net interest spread was 3.24% for the first half of 2015 and 3.43% for the first half of 2014. The net interest margin decreased by 20 basis points to 3.40% for the six months ended June 30, 2015, compared to 3.60% for the first six months of 2014.

Mix of Average Interest Earning Assets and Yield on Average Interest Earning Assets

The following table shows the mix of average interest earning assets for the six months ended June 30, 2015 and for the fiscal years ended December 31, 2014, 2013 and 2012.

(Dollars in thousands)	Loans	Investments	Money Market Instruments	Total	
2012 - year	\$4,410,661	\$1,613,131	\$166,319	\$6,190,111	
Percentage of total earning assets	71.25	% 26.06	% 2.69	% 100.00	%
2013 - year	\$4,514,781	\$1,377,887	\$272,851	\$6,165,519	
Percentage of total earning assets	73.23	% 22.35	% 4.42	% 100.00	%
2014 - year	\$4,717,297	\$1,432,692	\$204,874	\$6,354,863	
Percentage of total earning assets	74.23	% 22.54	% 3.23	% 100.00	%
2015 - first six months	\$4,836,696	\$1,474,857	\$351,591	\$6,663,144	
Percentage of total earning assets	72.59	% 22.13	% 5.28	% 100.00	%

A primary financial goal for Park is to increase the amount of quality loans on its balance sheet. Management consistently emphasizes the importance of growing quality loans. The average balance of loans for the first six months of 2015 was \$4,837 million, compared to \$4,717 million for all of 2014, an increase of \$120 million or 2.5%.

Management actively manages the investment portfolio. The average balance of investment securities may increase as a result of attractive investment opportunities. Likewise, the average balance of investment securities may decrease if management sells investment securities or chooses not to reinvest the cash flow from maturities or investment repayments.

Table of Contents

The following table shows the yield on average interest earning assets for the six months ended June 30, 2015 and for the fiscal years ended December 31, 2014, 2013 and 2012.

	Loans	Investments	Money Market Instruments	Total	
2012 - year	5.35	% 3.15	% 0.25	% 4.64	%
2013 - year	5.02	% 2.67	% 0.25	% 4.29	%
2014 - year	4.84	% 2.58	% 0.25	% 4.19	%
2015 - first six months	4.68	% 2.53	% 0.25	% 3.97	%

Credit Metrics and Provision for (Recovery of) Loan Losses

Park recorded a provision for loan losses in the amount of \$1.6 million for the three months ended June 30, 2015, compared to a recovery of loan losses in the amount of \$1.3 million for the same period in 2014. Net loan recoveries for Park were \$407,000 for the second quarter of 2015, compared to net charge-offs of \$1.1 million for the second quarter of 2014. Park's annualized ratio of net loan recoveries to average loans was 0.03% for the three months ended June 30, 2015, compared to net loan charge-offs to average loans of 0.09% for the same period in 2014.

Park recorded a provision for loan losses in the amount of \$3.2 million for the six months ended June 30, 2015, compared to a recovery of loan losses of \$3.5 million for the same period of 2014. Net loan charge-offs for Park were \$169,000 for the first six months of 2015, compared to net loan recoveries of \$1.9 million for the same period of 2014. Park's annualized ratio of net loan charge-offs to average loans was 0.01% for the six months ended June 30, 2015, compared to net loan recoveries to average loans of 0.08% for the same period in 2014.

The provision for loan losses for PNB and Guardian, Park's two Ohio-based subsidiaries, was an aggregate of \$3.0 million for the three months ended June 30, 2015 and \$2.0 million for the same period in 2014. Net loan charge-offs for PNB and Guardian totaled \$1.0 million for the three months ended June 30, 2015, compared to \$4.3 million for the same period in 2014. The annualized ratio of net loan charge-offs to average loans for PNB and Guardian was 0.08% for the three months ended June 30, 2015, compared to an annualized ratio of net charge-offs to average loans of 0.38% for the same period in 2014.

The provision for loan losses for PNB and Guardian was an aggregate of \$5.5 million for the six months ended June 30, 2015 and \$2.1 million for the same period in 2014. Net loan charge-offs for PNB and Guardian totaled \$2.5 million for the first six months of 2015, compared to \$3.7 million for the same period in 2014. The annualized ratio of net loan charge-offs to average loans for PNB and Guardian was 0.10% for the six months ended June 30, 2015, compared to an annualized ratio of net charge-offs to average loans of 0.16% for the same period in 2014.

SEPH recorded a recovery of loan losses of \$1.4 million for the three months ended June 30, 2015, compared to a recovery of loan losses of \$3.3 million for the same period in 2014. SEPH recorded a recovery of loan losses of \$2.3 million for the six months ended June 30, 2015, compared to a recovery of loan losses of \$5.6 million for the same period in 2014.

Table of Contents

The following table provides additional information related to the allowance for loan losses for Park's Ohio-based operations, including information related to specific reserves and general reserves, at June 30, 2015, December 31, 2014 and June 30, 2014.

Park Ohio-based operations - Allowance for Loan Losses

(In thousands)	June 30, 2015	December 31, 2014	June 30, 2014	
Total allowance for loan losses	\$57,427	\$54,352	\$57,911	
Specific reserves	6,597	3,660	6,343	
General reserves	\$50,830	\$50,692	\$51,568	
Total loans	\$4,884,686	\$4,805,725	\$4,703,899	
Impaired commercial loans	55,335	51,323	66,954	
Non-impaired loans	\$4,829,351	\$4,754,402	\$4,636,945	
Total allowance for loan losses to total loan ratio	1.18	% 1.13	% 1.23	%
General reserves as a % of non-impaired loans	1.05	% 1.07	% 1.11	%

As the table above shows, specific reserves were \$6.6 million at June 30, 2015, an increase of \$2.9 million, compared to \$3.7 million at December 31, 2014. General reserves for Park's ongoing operations were \$50.8 million at June 30, 2015, an increase of \$0.1 million, compared to \$50.7 million at December 31, 2014. The general reserve as a percentage of performing loans decreased to 1.05% at June 30, 2015, compared to 1.07% at December 31, 2014.

Generally, management obtains updated valuations for all nonperforming loans, including those held at SEPH, annually. As new valuation information is received, management performs an evaluation and applies a discount for anticipated disposition costs to determine the net realizable value of the collateral, which is compared against the outstanding principal balance to determine if additional write-downs are necessary.

Nonperforming Assets: Nonperforming assets include: 1) loans whose interest is accounted for on a nonaccrual basis; 2) TDRs on accrual status; 3) loans which are contractually past due 90 days or more as to principal or interest payments but whose interest continues to accrue; and (4) OREO which results from taking possession of property that served as collateral for a defaulted loan. The following table compares Park's nonperforming assets at June 30, 2015, December 31, 2014 and June 30, 2014.

Park National Corporation - Nonperforming Assets

(In thousands)	June 30, 2015	December 31, 2014	June 30, 2014	
Nonaccrual loans	\$95,739	\$100,393	\$118,895	
Accruing TDRs	16,520	16,254	17,514	
Loans past due 90 days or more	1,536	2,641	6,493	
Total nonperforming loans	\$113,795	\$119,288	\$142,902	
OREO – PNB	8,774	10,687	7,727

Table of Contents

Park management reviews all TDRs quarterly and may classify a TDR as accruing if the borrower has been current for a period of at least six months with respect to loan payments and management expects that the borrower will be able to continue to make payments in accordance with the terms of the restructured note. At June 30, 2015, management deemed it appropriate to have \$16.5 million of TDRs on accrual status, while the remaining \$40.1 million of TDRs were on nonaccrual status. Management reviews all accruing TDRs quarterly to ensure payments continue to be made in accordance with the modified terms.

Management reviews renewals/modifications of loans previously identified as TDRs to consider if it is appropriate to remove the TDR classification. If the borrower is no longer experiencing financial difficulty and the renewal/modification does not contain a concessionary interest rate or other concessionary terms, management considers the potential removal of the TDR classification. If deemed appropriate, the TDR classification is removed if the borrower has complied with the terms of the loan at the date of the renewal/modification and there was a reasonable expectation that the borrower would continue to comply with the terms of the loan subsequent to the date of the renewal/modification. The majority of these TDRs were originally considered restructurings in a prior year as a result of a modification with an interest rate that was not commensurate with the risk of the underlying loan. The TDR classification was not removed on any loans during the three-month and six-month periods ended June 30, 2015. During the three-month and six-month periods ended June 30, 2014, Park removed the TDR classification on \$0.6 million and \$1.6 million, respectively, of loans that met the requirements discussed above.

Nonperforming assets for Park's Ohio-based operations and for SEPH as of June 30, 2015, December 31, 2014 and June 30, 2014 were as reported in the following two tables:

Park's Ohio-based operations - Nonperforming Assets

(In thousands)	June 30, 2015	December 31, 2014	June 30, 2014	
Nonaccrual loans	\$80,470	\$77,477	\$89,231	
Accruing TDRs	16,423	16,157	17,417	
Loans past due 90 days or more	1,536	2,641	6,493	
Total nonperforming loans	\$98,429	\$96,275	\$113,141	
OREO – PNB	8,774	10,687	7,727

OREO – SEPH	13,102	11,918	16,182
Total nonperforming assets	\$28,468	\$34,931	\$45,943

When determining the quarterly loan loss provision, Park reviews the grades of commercial loans. These loans are graded from 1 to 8. A grade of 1 indicates little or no credit risk and a grade of 8 is considered a loss. Commercial loans that are pass-rated (graded a 1 through a 4) are considered to be of acceptable credit risk. Commercial loans graded a 5 (special mention) are considered to be watch list credits and a higher loan loss reserve percentage is allocated to these loans. Commercial loans graded 6 (substandard), also considered watch list credits, represent higher credit risk than those rated special mention and, as a result, a higher loan loss reserve percentage is allocated to these loans. Generally, commercial loans that are graded a 6 are

60

Table of Contents

considered for partial charge-off. Commercial loans that are graded a 7 (doubtful) are shown as nonperforming and Park charges these loans down to their fair value by taking a partial charge-off or recording a specific reserve. Certain 6-rated loans and all 7-rated loans are included within the impaired category. A loan is deemed impaired when management determines that the borrower's ability to perform in accordance with the contractual loan agreement is in doubt. Any commercial loan graded an 8 (loss) is completely charged-off.

As of June 30, 2015, Park had taken partial charge-offs of approximately \$30.0 million related to the \$70.6 million of commercial loans considered to be impaired, compared to charge-offs of approximately \$32.5 million related to the \$73.7 million of impaired commercial loans at December 31, 2014. The table below provides additional information related to the Park impaired commercial loans at June 30, 2015, including those impaired commercial loans at PNB and those impaired Vision commercial loans retained at SEPH.

Park National Corporation Impaired Commercial Loans at June 30, 2015

(In thousands)	Unpaid principal balance (UPB)	Prior charge-offs	Total impaired loans	Specific reserve	Carrying balance	Carrying balance as a % of UPB	
PNB	\$55,331	\$5,176	\$50,155	\$6,597	\$43,558	78.72	%
PNB participations in Vision loans	9,513	4,334	5,179	—	5,179	54.44	%
SEPH - loans	35,733	20,514	15,219	—	15,219	42.59	%
PRK totals	\$100,577	\$30,024	\$70,553	\$6,597	\$63,956	63.59	%

Allowance for loan losses: A portion of Park's allowance for loan losses is allocated to commercial loans classified as "special mention" (graded a 5) or "substandard" (graded a 6). "Special mention" loans are loans that have potential weaknesses that may result in loss exposure to Park. "Substandard" loans are those that exhibit a well-defined weakness, jeopardizing repayment of the loan, resulting in a higher probability that Park will suffer a loss on the loan unless the weakness is corrected. Park's 72-month loss experience for the period ended December 31, 2014, defined as charge-offs plus changes in specific reserves, within the commercial loan portfolio was 0.54% of the principal balance of these loans. This 72-month loss experience includes only the performance of the PNB loan portfolio and excludes the impact of PNB participations in Vision loans. The allowance for loan losses related to performing commercial loans was \$28.8 million or 1.21% of the outstanding principal balance of accruing commercial loans at June 30, 2015.

The overall reserve of 1.21% for accruing commercial loans breaks down as follows: pass-rated commercial loans are reserved at 1.16%; special mention commercial loans are reserved at 5.02%; and substandard commercial loans are reserved at 10.63%. At June 30, 2015, the coverage period within the commercial portfolio was approximately 2.30 years. The reserve levels for pass-rated, special mention and substandard commercial loans in excess of the 72-month loss experience of 0.54% are due to the following factors which management reviews on a quarterly or annual basis:

Loss Emergence Period Factor: Annually during the fourth quarter, management calculates the loss emergence period for each commercial loan segment. This loss emergence period is calculated based upon the average period of time it takes a credit to move from pass-rated to nonaccrual. If the loss emergence period for any commercial loan segment is greater than one year, management applies additional general reserves to all performing loans within that segment of the commercial loan portfolio.

Loss Migration Factor: Park's commercial loans are individually risk graded. If loan downgrades occur, the probability of default increases, and accordingly, management allocates a higher percentage reserve to those accruing commercial loans graded special mention and substandard. Annually, management calculates a loss migration factor for each commercial loan segment for special mention and substandard credits based on a review of losses over the period of time a loan takes to migrate from pass to impaired.

Environmental Loss Factor: Management has identified certain macroeconomic factors that trend in accordance with losses in Park's commercial loan portfolio. These macroeconomic factors are reviewed quarterly and the adjustments made to the environmental loss factor impacting each segment in the performing commercial loan portfolio correlate to changes in the macroeconomic environment.

Generally, consumer loans are not individually graded. Consumer loans include: (1) mortgage and installment loans included in the construction real estate segment of the loan portfolio; (2) mortgage, home equity lines of credit (HELOC), and installment loans included in the residential real estate segment of the loan portfolio; and (3) all loans included in the consumer segment of

Table of Contents

the loan portfolio. The amount of loan loss reserve assigned to these loans is based on historical loss experience over the past 72 months, through December 31, 2014. Management generally considers a one-year coverage period (the “Historical Loss Factor”) appropriate because the probable loss on any given loan in the consumer loan pool should ordinarily become apparent in that time frame. However, management may incorporate adjustments to the Historical Loss Factor as circumstances warrant additional reserves (e.g., increased loan delinquencies, improving or deteriorating economic conditions, changes in lending management and underwriting standards, etc.). At June 30, 2015, the coverage period within the consumer portfolio was approximately 1.98 years.

The judgmental increases discussed above incorporate management’s evaluation of the impact of environmental qualitative factors which pose additional risks and assignment of a component of the allowance for loan losses in consideration of these factors. Such environmental factors include: national and local economic trends and conditions; experience, ability and depth of lending management and staff; effects of any changes in lending policies and procedures; and levels of, and trends in, consumer bankruptcies, delinquencies, impaired loans and charge-offs and recoveries. The determination of this component of the allowance for loan losses requires considerable management judgment. Actual loss experience may be more or less than the amount allocated.

Other Income

Other income decreased by \$480,000 to \$19.2 million for the quarter ended June 30, 2015, compared to \$19.7 million for the second quarter of 2014 and increased by \$1.7 million to \$38.1 million for the six months ended June 30, 2015, compared to \$36.3 million for the same period of 2014.

The following table is a summary of the changes in the components of other income:

(In thousands)	Three months ended			Six months ended		
	June 30, 2015	2014	Change	June 30, 2015	2014	Change

Miscellaneous	344	7	351	515	12	527
Other income	\$69	\$(549)	\$(480)	\$2,371	\$(626)	\$1,745

Income from fiduciary activities, which represents revenue earned from Park's trust activities, increased by \$385,000, or 8.0%, to \$5.2 million for the three months ended June 30, 2015, compared to \$4.8 million for the same period in 2014. Income from fiduciary activities increased by \$756,000, or 8.1%, to \$10.1 million for the six months ended June 30, 2015, compared to \$9.4 million for the same period in 2014. Fiduciary fees are generally charged based on the market value of customer accounts. The average market value for assets under management for the six months ended June 30, 2015 was \$4,414 million, an increase of approximately 5.7% compared to the average for the six months ended June 30, 2014 of \$4,173 million.

Service charges on deposits decreased by \$258,000, or 6.5%, to \$3.7 million for the three months ended June 30, 2015, compared to \$3.9 million for the same period in 2014. Service charges on deposits decreased by \$536,000, or 7.1%, to \$7.1 million for the six months ended June 30, 2015, compared to \$7.6 million for the same period in 2014. The decline was related to a decrease in non-sufficient funds (NSF) fee income of \$808,000, offset by an increase in deposit account maintenance fees of \$326,000.

Fee income earned from origination and sale into the secondary market of long-term, fixed-rate mortgage loans is included within other non-yield related fees in the subcategory "Other service income". Other service income increased by \$498,000, or 19.7%, to \$3.0 million for the three months ended June 30, 2015, compared to \$2.5 million for the same period in 2014. Other service income increased by \$881,000, or 19.8%, to \$5.3 million for the six months ended June 30, 2015, compared to \$4.4 million for the same period in 2014. The volume of originations of mortgage loans for sale into the secondary market is the primary driver of changes in this fee income category.

Bank owned life insurance income increased by \$676,000, or 29.5%, to \$3.0 million for the six months ended June 30, 2015, compared to \$2.3 million for the same period in 2014. The increase was related to \$791,000 in income resulting from death benefits received in the first quarter of 2015.

Gains on the sale of OREO, net was \$513,000 for the three months ended June 30, 2015, compared to \$2.6 million for the same period in 2014. Gains on the sale of OREO, net was \$1.2 million for the six months ended June 30, 2015, compared to \$3.3 million for the same period in 2014. For the first six months of 2015, OREO with a book value of \$11.0 million was sold, compared to OREO with a book value of \$15.9 million for the same period of 2014.

Gains on the sale of loans held for sale was \$756,000 for the six months ended June 30, 2015 compared to no gains for the same period in 2014. This was related to certain commercial loans held for sale, with a book balance of \$132,000 that were sold in the first quarter of 2015, resulting in a net gain of \$756,000.

Table of Contents

Other Expense

The following table is a summary of the changes in the components of other expense:

(In thousands)	Three months ended			Six months ended		
	June 30,	June 30,	Change	June 30,	June 30,	Change
Salaries and employee benefits	2015	2014		2015	2014	
	\$25,724	\$26,140	\$(416)	\$52,391	\$51,200	\$1,191

Miscellaneous	1,059	791	1,850	2,244	606	2,850
Other expense	\$(546)	\$(1,028)	\$(1,574)	\$819	\$(2,452)	\$(1,633)

Salaries and employee benefits decreased by \$416,000, or 1.6%, to \$25.7 million for the three months ended June 30, 2015, compared to \$26.1 million for the same period in 2014. Salaries and employee benefits increased by \$1.2 million, or 2.3%, to \$52.4 million for the six months ended June 30, 2015, compared to \$51.2 million for the same period in 2014. The increase through the three-months ended June 30, 2015 was largely related to a 4.3% increase in salary related expenses and a 21.4% decrease in employee benefits (due to decreased medical insurance expense). The increase through the first six months of 2015 was largely related to a 5.2% increase in salary related expenses and a 7.7% decrease in employee benefits (due to decreased medical insurance expense).

Professional fees and services decreased by \$2.6 million, or 31.6%, to \$5.6 million for the three months ended June 30, 2015, compared to \$8.2 million for the same period in 2014. Professional fees and services decreased by \$4.2 million, or 28.9%, to \$10.3 million for the six months ended June 30, 2015, compared to \$14.5 million for the same period in 2014. The decreases

Table of Contents

were largely related to declines in legal expenses associated with PNB participations in Vision loans and other loan relationships at SEPH.

OREO expense for the three-month period ended June 30, 2015 increased compared to the same period in 2014, with an increase of \$16,000, or 5.2%, to \$324,000 for three-month period ended June 30, 2015, compared to \$308,000 for the same period in 2014. OREO expense for the six-month period ended June 30, 2015 declined compared to the same period in 2014, with a decrease of \$794,000, or 50.1%, to \$791,000 for six-month period ended June 30, 2015, compared to \$1.6 million for the same period in 2014.

Miscellaneous expense increased by \$1.9 million, to \$2.2 million for the three months ended June 30, 2015, compared to \$362,000 for the same period in 2014. Miscellaneous expense increased by \$2.9 million, to \$4.5 million for the six months ended June 30, 2015, compared to \$1.7 million for the same period in 2014. The \$2.9 million increase for the six-month period ended June 30, 2015 included expenses related to a prepayment penalty on borrowings and a contract termination fee which totaled \$1.1 million, expense related to reserves for loan repurchases of \$667,000, and an investment in historic rehabilitation tax credits of \$309,000.

The table below provides information related to total other expense within each of Park's segments, which include PNB, GFSC, Vision, SEPH and "All Other" (which primarily consists of Park as the "Parent Company") for each quarter in 2014 and 2015 to date.

Other Expense - Quarterly 2014 and 2015

	PNB	GFSC	All Other	SEPH	Total PRK
Q1 2014	\$40,392	\$775	\$2,091	\$2,521	\$45,779
Q2 2014	40,024	812	1,992	3,413	46,241
Q3 2014	38,992	774	1,874	3,332	44,972
Q4 2014	44,233	1,742	2,043	2,500	50,518
Total 2014	\$163,641	\$4,103	\$8,000	\$11,766	\$187,510
Q1 2015	\$41,932	\$779	\$1,911	\$1,098	\$45,720
Q2 2015	\$39,586	\$759	\$1,937	\$2,385	\$44,667
YTD 2015	\$81,518	\$1,538	\$3,848	\$3,483	\$90,387

Income Tax

Federal income tax expense was \$8.4 million for the second quarter of 2015, compared to \$9.4 million for the second quarter of 2014. The effective federal income tax rate for the second quarter of 2015 was 28.5%, compared to 30.2% for the same period in 2014. Federal income tax expense was \$16.4 million for the first half of 2015, compared to \$17.4 million for the same period of 2014. The effective federal income tax rate for the first half of 2015 was 29.0%, compared to 29.6% for the same period in 2014. The difference between the statutory federal income tax rate of 35% and Park's effective tax rate is due to the permanent tax differences, primarily consisting of tax-exempt interest income from investments and loans, the tax benefit of investments in qualified affordable housing projects, federal historic preservation tax credits (new in the second quarter 2015), bank owned life insurance income, and dividends paid on the common shares held within Park's salary deferral plan. Park expects permanent tax differences for the 2015 year will be approximately \$6.7 million.

Park and its Ohio-based affiliates do not pay state income taxes to the state of Ohio, but pay a franchise tax based on year-end Park equity. The franchise tax expense is included in "state taxes" as part of other expense on Park's Consolidated Condensed Statements of Income.

Table of Contents

Comparison of Financial Condition

At June 30, 2015 and December 31, 2014

Changes in Financial Condition and Liquidity

Total assets increased by \$309 million, or 4.4%, to \$7,310 million at June 30, 2015, compared to \$7,001 million at December 31, 2014. This increase was primarily due to the following:

Total investment securities increased by \$49 million, or 3.3%, to \$1,550 million at June 30, 2015, compared to \$1,501 million at December 31, 2014.

Loans increased by \$71 million, or 1.5%, to \$4,901 million at June 30, 2015, compared to \$4,830 million at December 31, 2014.

Cash and cash equivalents increased by \$166 million to \$404 million at June 30, 2015, compared to \$238 million at December 31, 2014. Money market instruments represented the majority of this increase, and were \$277 million at June 30, 2015, compared to \$104 million at December 31, 2014. This increase in cash and cash equivalents is due to an increase in deposits, primarily related to Parks Insured Cash Sweep Service (ICS) product.

Total liabilities increased by \$299 million, or 4.7%, during the first six months of 2015 to \$6,604 million at June 30, 2015, from \$6,305 million at December 31, 2014. This increase was primarily due to the following:

Total deposits increased by \$384 million, or 7.5%, to \$5,512 million at June 30, 2015, compared to \$5,128 million at December 31, 2014. The increase in deposits in the first six months of 2015 was largely the result of a new product offering for ICS deposits.

Short-term borrowings decreased by \$38 million, or 13.7%, to \$239 million at June 30, 2015, from \$277 million at December 31, 2014.

Long-term borrowings, including subordinated notes, decreased by \$52 million or 6.3% to \$780 million at June 30, 2015, compared to \$832 million at December 31, 2014. During the first quarter of 2015, Park prepaid \$54.5 million of long-term borrowings.

Total shareholders' equity increased by \$9.5 million, or 1.4%, to \$706.0 million at June 30, 2015, from \$696.5 million at December 31, 2014.

Retained earnings increased by \$11.1 million during the period as a result of net income of \$40.1 million, offset by common share dividends of \$29.0 million.

Increases or decreases in the investment securities portfolio, short-term borrowings and long-term debt are greatly dependent upon the growth in loans and deposits. The primary objective of management is to grow loan and deposit totals. To the extent that management is unable to grow loan totals at a desired growth rate, additional investment securities may be acquired. Likewise, both short-term borrowings and long-term debt are utilized to fund the growth in earning assets if the growth in deposits and cash flow from operations are not sufficient to do so.

Effective liquidity management ensures that the cash flow requirements of depositors and borrowers, as well as the operating cash needs of the Corporation, are met. Funds are available from a number of sources, including the securities portfolio, the core deposit base, Federal Home Loan Bank borrowings, and the capability to securitize or package loans for sale. The Corporation's loan to asset ratio was 67.05% at June 30, 2015, compared to 68.98% at December 31, 2014 and 69.77% at June 30, 2014. Cash and cash equivalents were \$404.3 million at June 30, 2015, compared to \$237.7 million at December 31, 2014 and \$197.0 million at June 30, 2014. Management believes that the present funding sources provide more than adequate liquidity for the Corporation to meet its cash flow needs.

Table of Contents

Capital Resources

Shareholders' equity at June 30, 2015 was \$706.0 million, or 9.7% of total assets, compared to \$696.5 million, or 9.9% of total assets, at December 31, 2014 and \$685.0 million, or 10.1% of total assets, at June 30, 2014.

Financial institution regulators have established guidelines for minimum capital ratios for banks, thrifts and bank holding companies. The net unrealized gain or loss on available-for-sale securities is generally not included in computing regulatory capital. During the first quarter of 2015, Park adopted the new Basel III regulatory capital framework as approved by the federal banking agencies. The adoption of this new framework modified the calculation of the various capital ratios, added a new ratio, common equity tier 1, and revised the adequately and well capitalized thresholds. Additionally, under the new rule, in order to avoid limitations on capital distributions, including dividend payments, Park must hold a capital conservation buffer above the adequately capitalized risk-based capital ratios. The capital conservation buffer is being phased in from 0.0% for 2015 to 2.50% by 2019. The amounts shown below as the adequately capitalized ratio plus capital conservation buffer includes the fully phased-in 2.50% buffer.

PNB met each of the well capitalized ratio guidelines at June 30, 2015. The following table indicates the capital ratios for PNB and Park at June 30, 2015 and December 31, 2014.

	As of June 30, 2015					
	Leverage	Tier 1 Risk-Based	Common Equity Tier 1	Total Risk-Based		
The Park National Bank	6.95	% 9.99	% 9.99	% 11.61	%	
Park National Corporation	9.19	% 13.15	% 12.86	% 14.91	%	
Adequately capitalized ratio	4.00	% 6.00	% 4.50	% 8.00	%	
Adequately capitalized ratio plus capital conservation buffer	4.00	% 8.50	% 7.00	% 10.50	%	
Well capitalized ratio (PNB only)	5.00	% 8.00	% 6.50	% 10.00	%	
	As of December 31, 2014					
	Leverage	Tier 1 Risk-Based	Common Equity Tier 1	Total Risk-Based		
The Park National Bank	6.96	% 10.13	% N/A	11.74	%	
Park National Corporation	9.25	% 13.39	% N/A	15.14	%	
Adequately capitalized ratio	4.00	% 4.00	% N/A	8.00	%	
Well capitalized ratio (PNB only)	5.00	% 6.00	% N/A	10.00	%	

Contractual Obligations and Commitments

In the ordinary course of operations, Park enters into certain contractual obligations. Such obligations include the funding of operations through debt issuances as well as leases for premises. See page 41 of Park's 2014 Annual Report (Table 35) for disclosure concerning contractual obligations and commitments at December 31, 2014. There were no significant changes in contractual obligations and commitments during the first six months of 2015.

Financial Instruments with Off-Balance Sheet Risk

PNB is a party to financial instruments with off-balance sheet risk in the normal course of business to meet the financing needs of its customers. These financial instruments include loan commitments and standby letters of credit. The instruments involve, to varying degrees, elements of credit and interest rate risk in excess of the amount recognized in the consolidated financial statements.

The exposure to credit loss (for PNB) in the event of nonperformance by the other party to the financial instrument for loan commitments and standby letters of credit is represented by the contractual amount of those instruments. PNB uses the same credit policies in making commitments and conditional obligations as it does for on-balance sheet instruments. Since many of the loan commitments may expire without being drawn upon, the total commitment amount does not necessarily represent

67

Table of Contents

future cash requirements. The credit risk involved in issuing letters of credit is essentially the same as that involved in extending loan commitments to customers.

The total amounts of off-balance sheet financial instruments with credit risk were as follows:

(In thousands)	June 30, 2015	December 31, 2014
Loan commitments	\$981,328	\$869,793
Standby letters of credit	\$11,829	\$12,473

Table of Contents

ITEM 3 – QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Management reviews interest rate sensitivity on a bi-monthly basis by modeling the consolidated financial statements under various interest rate scenarios. The primary reason for these efforts is to guard Park from adverse impacts of unforeseen changes in interest rates. Management continues to believe that further changes in interest rates will have a small impact on net income, consistent with the disclosure on pages 40 and 41 of Park's 2014 Annual Report.

On page 40 (Table 34) of Park's 2014 Annual Report, management reported that Park's twelve-month cumulative rate sensitivity gap was a positive (assets exceeding liabilities) \$544 million or 8.46% of interest earning assets at December 31, 2014. At June 30, 2015, Park's twelve-month cumulative rate sensitivity gap was a positive (assets exceeding liabilities) \$493 million or 7.34% of interest earning assets.

Management supplements the interest rate sensitivity gap analysis with periodic simulations of balance sheet sensitivity under various interest rate and what-if scenarios to better forecast and manage the net interest margin. Management uses a 50 basis point change in market interest rates per quarter for a total of 200 basis points per year in evaluating the impact of changing interest rates on net interest income and net income over a twelve month horizon.

On page 41 of Park's 2014 Annual Report, management reported that at December 31, 2014, the earnings simulation model projected that net income would increase by 1.3% using a rising interest rate scenario and decrease by 7.1% using a declining interest rate scenario over the next year. At June 30, 2015, the earnings simulation model projected that net income would decrease by 0.26% using a rising interest rate scenario and would decrease by 14.09% in a declining interest rate scenario. At June 30, 2015, management continues to believe that gradual changes in interest rates (50 basis points per quarter for a total of 200 basis points per year) will have a small impact on net income.

ITEM 4 – CONTROLS AND PROCEDURES

Evaluation of Disclosure Controls and Procedures

With the participation of the Chief Executive Officer and President (the principal executive officer) and the Chief Financial Officer, Secretary and Treasurer (the principal financial officer) of Park, Park's management has evaluated the effectiveness of Park's disclosure controls and procedures (as defined in Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the "Exchange Act")) as of the end of the quarterly period covered by this Quarterly Report on Form 10-Q. Based on that evaluation, Park's Chief Executive Officer and President and Park's Chief Financial Officer, Secretary and Treasurer have concluded that:

information required to be disclosed by Park in this Quarterly Report on Form 10-Q and other reports that Park files or submits under the Exchange Act would be accumulated and communicated to Park's management, including its principal executive officer and principal financial officer, as appropriate to allow timely decisions regarding required disclosure;

information required to be disclosed by Park in this Quarterly Report on Form 10-Q and the other reports that Park files or submits under the Exchange Act would be recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms; and

Park's disclosure controls and procedures were effective as of the end of the quarterly period covered by this Quarterly Report on Form 10-Q.

Changes in Internal Control Over Financial Reporting

There were no changes in Park's internal control over financial reporting (as defined in Rule 13a – 15(f) under the Exchange Act) that occurred during Park's fiscal quarter ended June 30, 2015, that have materially affected, or are

reasonably likely to materially affect, Park's internal control over financial reporting.

Table of Contents

PART II – OTHER INFORMATION

Item 1. Legal Proceedings

There are no pending legal proceedings to which Park or any of its subsidiaries is a party or to which any of their property is subject, except for routine legal proceedings which Park's subsidiary bank, PNB, is a party to incidental to its banking business, as well as routine legal proceedings at SEPH which SEPH (and SEPH as the successor to Vision Bank) is a party to incidental to its business. Park considers none of those proceedings to be material.

Item 1A. Risk Factors

There are certain risks and uncertainties in our business that could cause our actual results to differ materially from those anticipated. In "ITEM 1A. RISK FACTORS" of Part I of Park's Annual Report on Form 10-K for the fiscal year ended December 31, 2014 (the "2014 Form 10-K"), we included a detailed discussion of our risk factors. All of these risk factors should be read carefully in connection with evaluating our business and in connection with the forward-looking statements contained in this Quarterly Report on Form 10-Q. Any of the risks described in the 2014 Form 10-K could materially adversely affect our business, financial condition or future results and the actual outcome of matters as to which forward-looking statements are made. These are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial also may materially adversely affect our business, financial condition and/or operating results.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

(a) Not applicable

(b) Not applicable

The following table provides information concerning purchases of Park's common shares made by or on behalf of Park or any "affiliated purchaser" as defined in Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended, during the three months ended June 30, 2015, as well as the maximum number of common shares that may be purchased under Park's previously announced stock repurchase authorization to fund the Park National Corporation 2013 Long-Term Incentive Plan (the "2013 Incentive Plan"):

Period	Total number of common shares purchased	Average price paid per common share	Total number of common shares purchased as part of publicly announced plans or programs	Maximum number of common shares that may yet be purchased under the plans or programs (1)
April 1 through April 30, 2015	—	—	—	538,250
May 1 through May 31, 2015	—	—	—	538,250
June 1 through June 30, 2015	—	—	—	538,250
Total	—	\$—	—	538,250

The number shown represents, as of the end of each period, the maximum number of common shares that may yet (1) be purchased as part of Park's publicly announced stock repurchase authorization to fund the 2013 Incentive Plan which became effective on April 22, 2013.

At the 2013 Annual Meeting of Shareholders held on April 22, 2013, Park's shareholders approved the 2013 Incentive Plan. The aggregate number of common shares with respect to which awards may be granted under the 2013 Incentive Plan will be 600,000. The common shares to be issued and delivered under the 2013 Incentive Plan may consist of either common shares currently held or common shares subsequently acquired by Park as treasury shares. No newly-issued common shares will be delivered under the 2013 Incentive Plan. On April 22, 2013, Park's Board of Directors authorized the purchase, from

70

Table of Contents

time to time, of up to 600,000 Park common shares to be held as treasury shares for subsequent issuance and delivery under the 2013 Incentive Plan.

Item 3. Defaults Upon Senior Securities

Not applicable.

Item 4. Mine Safety Disclosures

Not applicable.

Item 5. Other Information

The following summary describes the material features of the capital stock of Park National Corporation (“Park”). This summary is subject to, and qualified in its entirety by reference to, the provisions of Park’s Articles of Incorporation (as amended, the “Articles”) and Regulations (as amended, the “Regulations”) as in effect on the date of this Quarterly Report on Form 10-Q, as well as the applicable provisions of the Ohio General Corporation Law. Current versions of the Articles and the Regulations have been filed by Park with the Securities and Exchange Commission (the “SEC”).

Authorized Capital Stock

Park’s authorized capital stock consists of:

20,000,000 common shares, each without par value (the “Common Shares”); and

200,000 preferred shares, each without par value (the “Preferred Shares”).

As of June 30, 2015, there were 15,370,877 Common Shares issued and outstanding, 779,989 Common Shares held by Park as treasury shares, 45,000 Common Shares subject to outstanding performance-based restricted stock units (which, if vested, will be delivered from common shares held by Park as treasury shares), and no Preferred Shares issued. The 100,000 Fixed Rate Cumulative Perpetual Preferred Shares, Series A, that were repurchased from the U.S. Treasury in April 2012 reverted to authorized but unissued Preferred Shares.

The Common Shares are listed on NYSE MKT LLC under the symbol “PRK.”

Common Shares

Preemptive Rights

Park’s Articles provide that the holders of Common Shares do not have preemptive rights.

Dividends

As an Ohio corporation, Park may, in the discretion of the Park Board of Directors, generally pay dividends to Park’s shareholders out of surplus, however created, but must notify the shareholders if a dividend is paid out of capital surplus. Holders of Common Shares are entitled to receive dividends when, as and if declared by the Park Board of Directors from funds legally available therefor, subject to, and which may be adversely affected by, the rights, preferences and privileges of holders of any Preferred Shares that the Park Board of Directors may designate and issue in the future.

Park's ability to obtain funds for the payment of dividends and for other cash requirements largely depends on the amount of dividends which may be declared and paid by its national bank subsidiary The Park National Bank ("PNB"). However, the Federal Reserve Board expects Park to serve as a source of strength to PNB, which may require Park to retain capital for further investment in PNB, rather than pay dividends to the Park shareholders. Payment of dividends by PNB may be restricted at any time at the discretion of the Office of the Comptroller of the Currency (the "OCC") if the OCC deems such dividends to constitute an unsafe or unsound banking practice. This could have the effect of limiting Park's ability to pay dividends on the Common Shares.

PNB may not pay dividends out of its surplus if, after paying these dividends, it would fail to meet the required minimum levels under the capital guidelines established by the OCC. In addition, PNB must have the approval of the OCC if a

Table of Contents

dividend in any year would cause the total dividends for that year to exceed the sum of PNB's net income for the current year and the retained net income for the preceding two years, less required transfers to surplus. Payments of dividends by PNB may be restricted at any time at the discretion of its governing regulatory authorities if necessary to maintain adequate capital.

The ability of PNB to pay dividends to Park is also subject to PNB's profitability, financial condition, capital expenditures and other cash flow requirements and contractual obligations.

The Federal Reserve Board has issued a policy statement with regard to the payment of cash dividends by financial holding companies and other bank holding companies. The policy statement provides that, as a matter of prudent banking, a financial holding company or a bank holding company should not maintain a rate of cash dividends unless its net income available to common shareholders has been sufficient to fully fund the dividends, and the prospective rate of earnings retention appears to be consistent with the financial holding company's or bank holding company's capital needs, asset quality and overall financial condition. Accordingly, a financial holding company or a bank holding company should not pay dividends that exceed its net income or can only be funded in ways that weaken the financial holding company or bank holding company's financial health, such as by borrowing.

Park is subject to contractual restrictions on the declaration and payment of dividends under the terms of certain of its debt instruments.

In connection with the merger of Vision Bancshares, Inc. ("Vision") into Park on March 9, 2007 (the "Vision Merger"), Park entered into a First Supplemental Indenture, dated as of the effective time of the Vision Merger (the "First Supplemental Indenture"), with Vision and Wilmington Trust Company, as Trustee. Under the terms of the First Supplemental Indenture, Park assumed all of the payment and performance obligations of Vision under the Junior Subordinated Indenture, dated as of December 5, 2005 (the "Indenture"), pursuant to which Vision issued approximately \$15.5 million of floating rate junior subordinated notes to Vision Bancshares Trust I, a Delaware statutory trust (the "Vision Trust"). The entire amount of the floating rate junior subordinated notes remained outstanding as of June 30, 2015. The floating rate junior subordinated notes were issued by Vision in connection with the sale by the Vision Trust of \$15.0 million of floating rate preferred securities to institutional investors on December 5, 2005.

Under the terms of the First Supplemental Indenture, Park also succeeded to and was substituted for Vision with the same effect as if Park had originally been named (i) as "Depositor" in the Amended and Restated Trust Agreement of the Vision Trust, dated as of December 5, 2005 (the "Trust Agreement"), among Vision, Wilmington Trust Company, as Property Trustee and as Delaware Trustee, and the Administrative Trustees named therein and (ii) as "Guarantor" in the Guarantee Agreement, dated as of December 5, 2005 (the "Guarantee Agreement"), between Vision and Wilmington Trust Company, as Guarantee Trustee. Through these contractual obligations, Park has fully and unconditionally guaranteed all of the Vision Trust's obligations with respect to the floating rate preferred securities.

Both the floating rate junior subordinated notes and the floating rate preferred securities mature on December 30, 2035 (which maturity may be shortened), and carry a floating interest rate per annum, reset quarterly, equal to the sum of three-month LIBOR plus 1.48 percent. Payment of interest on the floating rate junior subordinated notes, and payment of cash distributions on the floating rate preferred securities, may be deferred at any time or from time to time for a period not to exceed twenty consecutive quarters.

Under the terms of the Indenture and the related Guarantee Agreement, Park, as successor to Vision in accordance with the First Supplemental Indenture, is prohibited, subject to limited exceptions specified in the Indenture, from declaring or paying dividends to the holders of Common Shares: (i) if an event of default under the Indenture has occurred and continues; (ii) if Park is in default with respect to the payment of any obligations under the Guarantee Agreement; or (iii) during any period in which the payment of interest on the floating rate junior subordinated notes

by Park (and the payment of cash distributions on the floating rate preferred securities by the Vision Trust) is being deferred.

The Note Purchase Agreement entered into by Park on April 20, 2012 (the “2012 Note Purchase Agreement”) governs the 7% Subordinated Notes due April 20, 2022 issued by Park in April 2012, the full \$30.0 million aggregate principal amount of which remained outstanding at June 30, 2015. If an event of default occurs under the 2012 Note Purchase Agreement and is continuing, Park’s ability to declare and pay dividends on any of its capital stock (including the Common Shares) will be restricted.

Table of Contents

Liquidation Rights

Each Common Share entitles the holder thereof to share ratably in Park's net assets legally available for distribution to shareholders in the event of Park's liquidation, dissolution or winding up, after (i) payment in full of all amounts required to be paid to creditors or provision for such payment and (ii) provision for the distribution of any preferential amounts to the holders of Preferred Shares, if any.

Under the terms of the Indenture and the related Guarantee Agreement, Park, as successor to Vision in accordance with the First Supplemental Indenture, is prohibited, subject to limited exceptions specified in the Indenture, from making any liquidation payments with respect to any of Park's capital stock (including the Common Shares): (i) if an event of default under the Indenture has occurred and continues; (ii) if Park is in default with respect to the payment of any obligations under the Guarantee Agreement; or (iii) during any period in which the payment of interest on the floating rate junior subordinated notes by Park (and the payment of cash distributions on the floating rate preferred securities by the Vision Trust) is being deferred.

The 2012 Note Purchase Agreement restricts Park's ability to make any liquidation payment with respect to any of Park's capital stock (including the Common Shares) if an event of default under the 2012 Note Purchase Agreement has occurred and is continuing.

Subscription, Preference, Conversion, Exchange and Redemption Rights

The holders of Common Shares do not have subscription, preference, conversion or exchange rights, and there are no mandatory redemption provisions applicable to the Common Shares. The rights, preferences and privileges of the holders of Common Shares are subject to, and may be adversely affected by, the rights, preferences and privileges of holders of any Preferred Shares that the Park Board of Directors may designate and issue in the future.

Under the terms of the Indenture and the related Guarantee Agreement, Park, as successor to Vision in accordance with the First Supplemental Indenture, is prohibited, subject to limited exceptions specified in the Indenture, from redeeming, repurchasing or otherwise acquiring any of Park's capital stock (including the Common Shares): (i) if an event of default under the Indenture has occurred and continues; (ii) if Park is in default with respect to the payment of any obligations under the Guarantee Agreement; or (iii) during any period in which the payment of interest on the floating rate junior subordinated notes by Park (and the payment of cash distributions on the floating rate preferred securities by the Vision Trust) is being deferred.

The 2012 Note Purchase Agreement restricts Park's ability to redeem, repurchase or acquire any of Park's capital stock (including the Common Shares) if an event of default under the 2012 Note Purchase Agreement has occurred and is continuing.

Number of Directors

Park's Regulations provide for the Park Board of Directors to consist of not less than five and not more than 16 directors. The Park Board of Directors may not increase the number of directors to a number which exceeds by more than two the number of directors last elected by shareholders. The number of Park directors was last fixed at 13 directors and the Park Board of Directors currently consists of 13 members.

Classification of the Board of Directors

Park's Regulations provide for the Park Board of Directors to be divided into three classes, with the term of office of one class expiring each year.

Table of Contents

Nomination of Directors

Under Park's Regulations, either the Park Board of Directors or any shareholder entitled to vote in the election of directors may nominate a candidate for election to the Park Board of Directors. Shareholder nominations must be made in writing and must be received by the President of Park not less than 14 days and not more than 50 days prior to the shareholder meeting at which directors are to be elected. If, however, notice of the meeting is mailed or disclosed to shareholders less than 21 days before the meeting date, shareholder nominations must be received by the close of business on the 7th day after notice is mailed. A shareholder's notice to Park nominating a director must set forth:

- the name and address of each proposed nominee;
- the principal occupation of each proposed nominee;
- the total number of Common Shares that will be voted for each proposed nominee;
- the name and residence address of the notifying shareholder; and
- the number of Common Shares beneficially owned by the notifying shareholder.

Special Meetings of Shareholders

Pursuant to Ohio law and Park's Regulations, any of the following persons may call a special meeting of shareholders: (i) Park's Chairman of the Board; (ii) Park's President, or, in case of the President's absence, death or disability, the Vice President, if any, authorized to exercise the authority of the President; (iii) Park's Secretary; (iv) the directors by action at a meeting or a majority of the directors acting without a meeting; or (v) the holders of at least 25% of the outstanding shares entitled to vote at the meeting.

Voting Rights

Under Ohio law, shareholders have the right to make a request, in accordance with applicable procedures, to cumulate their votes in the election of directors unless a corporation's articles of incorporation are amended, in accordance with applicable procedures, to eliminate that right. Park's Articles have not been amended to eliminate cumulative voting in the election of directors. Accordingly, if, in accordance with Ohio law, any of Park's shareholders makes a proper request and announcement of such request is made at a meeting to elect directors, each shareholder will have votes equal to the number of directors to be elected, multiplied by the number of Common Shares owned by such shareholder, and will be entitled to distribute such votes among the candidates in any manner the shareholder wishes.

Except with respect to an election of directors for which cumulative voting has been properly requested, each Common Share entitles the holder thereof to one vote on each matter submitted to the shareholders of Park for consideration.

Park's Articles contain special voting requirements that may be deemed to have anti-takeover effects. These special voting requirements are described in Article Eighth and apply when any of the following actions are contemplated:

- any merger or consolidation of Park with or into a beneficial owner of 20% or more of the voting power of Park entitled to vote in the election of directors (a "20% beneficial owner") or an affiliate or associate of that 20% beneficial owner;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition of at least 10% of the total assets of Park, including the voting securities of any of Park's subsidiaries, or of any of Park's subsidiaries, to a 20% beneficial owner or an affiliate or associate of that 20% beneficial owner;

any merger into Park, or one of its subsidiaries, of a 20% beneficial owner or an affiliate or associate of that 20% beneficial owner;

any sale, lease, exchange, mortgage, pledge, transfer or other disposition to Park, or one of its subsidiaries, of all or any part of the assets of a 20% beneficial owner (or an affiliate or associate of that 20% beneficial owner), excluding any disposition which, if included with all other dispositions consummated during the fiscal year by the 20% beneficial owner and the affiliates and associates of that 20% beneficial owner, would not result in dispositions having an aggregate fair value in excess of 1% of the total consolidated assets of Park, unless all such

Table of Contents

dispositions by the 20% beneficial owner and its affiliates or associates during the same and four preceding fiscal years would result in disposition of assets having an aggregate fair value in excess of 2% of the total consolidated assets of Park;

• any reclassification of the Common Shares or any recapitalization involving the Common Shares consummated within five years after a 20% beneficial owner becomes such;

• any agreement, contract or arrangement providing for any of the previously described business combinations; and

• any amendment to Article Eighth of Park's Articles.

The enlarged majority vote required when Article Eighth applies is the greater of:

• four-fifths of the outstanding Common Shares entitled to vote on the proposed business combination, or

• that fraction of the outstanding Common Shares having:

as the numerator, a number equal to the sum of:

• the number of Common Shares beneficially owned by the 20% beneficial owner plus

• two-thirds of the remaining number of Common Shares outstanding,

and as the denominator, a number equal to the total number of outstanding Common Shares entitled to vote.

Article Eighth does not apply where: (i) the shareholders who do not vote in favor of the transaction and whose proprietary interest will be terminated in connection with a transaction are paid a "minimum price per share;" and (ii) a proxy statement satisfying the requirements of the Securities Exchange Act of 1934 is mailed to Park's shareholders for the purpose of soliciting shareholder approval of the transaction. If the price criteria and procedural requirements are satisfied, the approval of a business combination would require only that affirmative vote (if any) required by law or by Park's Articles or Regulations.

Preferred Shares

The 200,000 authorized but unissued Preferred Shares are typically referred to as "blank check" preferred shares. This term refers to preferred shares for which the rights and restrictions are determined by the board of directors of a corporation at the time the preferred shares are issued. Under Park's Articles, the Park Board of Directors has the authority, without any further shareholder vote or action, to issue the Preferred Shares in one or more series, from time to time, with full or limited voting power, or without voting power, and with all designations, preferences and relative, participating, optional or other special rights and privileges of, and qualifications, limitations or restrictions upon, the Preferred Shares, as may be provided in the amendment or amendments to Park's Articles adopted by the Park Board of Directors. The authority of the Park Board of Directors includes, but is not limited to, the determination or fixing of the following with respect to Preferred Shares of any series:

• the division of the Preferred Shares into series and the designation and authorized number of Preferred Shares (up to the number of Preferred Shares authorized under Park's Articles) in each series;

• the dividend rate and whether dividends are to be cumulative;

• whether Preferred Shares are to be redeemable, and, if so, whether redeemable for cash, property or rights;

• the liquidation rights to which the holders of Preferred Shares will be entitled, and the preferences, if any;

• whether the Preferred Shares will be subject to the operation of a sinking fund, and, if so, upon what conditions;

• whether the Preferred Shares will be convertible into or exchangeable for shares of any other class or of any other series of any class of capital stock and the terms and conditions of the conversion or exchange;

Table of Contents

the voting rights of the Preferred Shares, which may be full, limited or denied, except as otherwise required by law; provided that the voting rights of any series of Preferred Shares may not be greater than the voting rights of the Common Shares;

the preemptive rights, if any, to which the holders of Preferred Shares will be entitled and any limitations thereon;

- whether the issuance of any additional shares, or of any shares of any other series, will be subject to restrictions as to issuance, or as to the powers, preferences or rights of these other series; and

any other relative, participating, optional or other special rights and privileges, and qualifications, limitations or restrictions.
