**Item 1.01 Entry into a Material Definitive Agreement.**

On November 24, 2004, Penn Treaty American Corporation (the Company) entered into an indenture (the Indenture) with Wells Fargo Bank, National Association, as trustee (Wells Fargo), in connection with the Company's issuance of up to \$10,000,000 in aggregate principal amount of the Company's 6¼% Convertible Subordinated Notes due 2008 (the Notes) in a private placement. Wells Fargo is also the trustee under four other indentures to which the Company is a party relating to the Company's four other series of similar 6¼% Convertible Subordinated Notes due 2008.

The Notes bear interest at the rate of 6¼% per annum semiannually on April 15 and October 15 of each year, commencing on April 15, 2005. In addition, if any Notes are converted prior to October 15, 2005, the Company will be required to pay the holders of those Notes an amount equal to the interest that would have been otherwise earned on those Notes between the date of conversion and October 15, 2005, discounted from October 15, 2005 to present value using a rate of 6.25%. The Company may, in its sole discretion, pay the interest in cash or in shares of common stock.

The Notes are convertible into shares of the Company's common stock at any time at a conversion price of \$1.75 per share. If any Notes are converted prior to October 15, 2005, the Company will be required to pay the holders of those Notes an amount equal to the interest that would have been otherwise earned on those Notes between the date of conversion and October 15, 2005, discounted from October 15, 2005 to present value using a rate of 6.25%. The Company may, in its sole discretion, pay the interest in cash or in shares of common stock. If the Company elects to pay the interest in common stock, it will determine the number of shares to be issued based on a per share value equal to 90% of the average closing prices of the common stock for the five trading days immediately preceding the conversion date.

If the average closing share price of the Company's common stock for any 15 consecutive trading days beginning on or after October 15, 2005 is at least 10% greater than the conversion price of the Notes (i.e., \$1.93) and the Company has sufficient shares of common stock available for issuance, then holders of the Notes are required to convert their Notes into common stock at the conversion price of \$1.75.

The Notes are redeemable, in whole or in part, at the Company's option, at any time on or after October 15, 2005, at a price equal to 100% of the principal amount of the Notes plus accrued and unpaid interest.

In the event of a Change of Control (as defined in the Indenture) of the Company, a holder of the Notes will have the right, at the holder's option, to require the Company to repurchase all or any part of the holder's Notes, provided that the principal amount must be \$1,000 or an integral multiple of \$1,000, at a price equal to 101% of the principal amount of such holder's Notes plus accrued and unpaid interest.

In certain circumstances, upon the occurrence of an Event of Default (as defined in the Indenture), the Trustee or the holders of not less than 25% in aggregate principal amount of the Notes then outstanding may declare the principal of, premium, if any, on the Notes and the interest accrued thereon to be due and payable immediately. In addition, in certain circumstances, upon the occurrence and continuation of an Event of Default relating to bankruptcy or insolvency, the principal of all the Notes and the interest accrued thereon shall be immediately due and payable.
