Item 7.01 Regulation FD Disclosure

On September 19, 2014, Edison International's subsidiary, Southern California Edison Company, San Diego Gas & Electric Company, The Utility Reform Network, the California Public Utilities Commission ("CPUC") Office of Ratepayer Advocates, Friends of the Earth and the Coalition of California Utility Employees (collectively, the "Settling Parties") filed a Joint Response to the Assigned Commissioner and Administrative Judges' Ruling ("ACR") on the proposed Settlement Agreement in the San Onofre Nuclear Generating Station Units 2 and 3 Order Instituting Investigation proceeding ("OII"). The ACR, which was issued on September 5, 2014, requested modifications and clarifications to the Settlement Agreement. While the Settling Parties continue to believe that the Settlement Agreement meets the CPUC criteria for approval of settlements, they also believe that the public interest will be served by expeditiously resolving the OII and therefore will accept the ACR's modifications and clarifications. The Settling Parties anticipate submitting an amendment to the Settlement Agreement on or before September 24, 2014, as required by the ACR, and have requested that the CPUC promptly approve the amended Settlement Agreement. The foregoing summary is qualified in its entirety by reference to the complete text of the Joint Response, which is furnished as Exhibit 99.1 to this Current Report.
