Consolidated

Income Statements

The analysis presented here includes the results of the subsidiaries in Latin America, including Embratel in the fourth quarter of 2004 and 2005.

Revenues

: In the fourth quarter, revenues from Teléfonos de México and its subsidiaries in Mexico and Latin America totaled 41,335 million pesos, a decrease of 2.6% compared with the same period of 2004 mainly due to the decrease of calling party pays, measured service and international long distance revenues. Of total consolidated revenues, voice revenues represented 75.4% and data transmission revenues represented 18.6%. For the twelve months, consolidated revenues totaled 162,948 million pesos, an increase of 12.6% compared with the same period of last year due to the incorporation of the subsidiaries in Latin America, mainly Embratel since August 2004.

Costs and expenses:

Costs and expenses in the fourth quarter totaled 28,906 million pesos, 3.7% lower than the same period of the previous year. For the full year, costs and expenses increased 14.3% totaling 114,254 million pesos as result of the consolidation of the subsidiaries in Latin America.

EBITDA (1) and operating income:

EBITDA (1) totaled 18,332 million pesos in the fourth quarter, 1.8% lower than the same period of 2004, producing an EBITDA margin of 44.3%. Operating income totaled 12,429 million pesos, at a similar level of the previous year, and the margin was 30.1% in the quarter. For the twelve months, EBITDA (1) and operating income were 73,111 and 48,694 million pesos, producing margins of 44.9% and 29.9%, respectively.

Comprehensive financing cost:

Comprehensive financing cost was 2,040 million pesos in the quarter. This result was due to a net exchange loss of 1,607 million pesos from hedges that eliminated the exchange risk of 88.5% of total debt, to a net charge of 1,299 million pesos for interest rate swaps that have allowed that 68.7% of consolidated debt to have a fixed rate, and accrued interest, and also to a gain of 866 million pesos in the monetary position. For the full year, comprehensive financing cost was 5,336 million pesos. The net interest rate in pesos was 7.7%.

Majority net income:

Majority net income totaled 7,780 million pesos in the fourth quarter, 27.8% lower than the same period of the previous year mainly due to higher comprehensive financing cost. For the twelve months, majority net income totaled 28,180 million pesos, 0.8% lower than last year. Earnings per share for the fourth quarter, based on the number of shares outstanding at December 31, 2005 (22,045,082,270 shares), were 0.35 pesos compared with 0.46 pesos per share in the same period a year ago, and earnings per ADR were 0.66 dollars compared with 0.78 dollars per ADR in last year's fourth quarter.

Investments:

Debt:

Gross total debt rose to the equivalent of 8.492 billion dollars compared with 7.993 billion dollars at December 31, 2004. The net increase of 499 million dollars or 6.2% primarily relates to the placement of Senior Notes for 1.750 billion dollars, the repurchase of 432 million dollars of the 1.5 billion dollars Senior Notes that matured in January 2006 and prepayments of approximately 700 million dollars of Embratel's debt. Of total gross debt, 16% is short-term, 90.8% is in foreign currency (11.5% considering currency hedges) and 51.2% carries a fixed rate (68.7% considering interest rate swaps). Mexico Financial Results

Revenues

: For the full year, total revenues from operations in Mexico totaled 124,669 million pesos, 2.9% lower than the same period of the previous year. In the fourth quarter, the company's revenues totaled 31,844 million pesos, a decrease of

3.2% compared with the same period of the previous year, mainly due to lower international long distance and interconnection revenues.

- **Local**

: For the twelve months, local revenues decreased 3.6%. In the fourth quarter, local revenues decreased 1.8%, due to the decrease of local rates in real terms and lower local billed traffic.

- **DLD**

: For the full year, DLD revenues decreased 1.6%. In the quarter, DLD revenues increased 2.7% due to higher traffic volume.

- **ILD**

: In 2005, these revenues decreased 8.1% compared with last year even though incoming and outgoing traffic increased during the year. For the twelve months, ILD billed traffic revenues and international settlement revenues decreased 3% and 17%, respectively compared with the same period of 2004. In the fourth quarter, ILD revenues decreased 19.5% compared with the same period of the previous year. ILD billed traffic revenues totaled 1,597 million pesos, 6.1% lower than the same period of last year. International settlement revenues totaled 797 million pesos, 37.4% lower than the fourth quarter of the previous year, in part because the settlement rate decreased 32.1% and also due to a favorable outcome regarding a settlement payment that TELMEX received from international operators in the fourth quarter of 2004 of 279 million pesos. In both cases, revenues declined because incoming and outgoing traffic did not offset the rate reduction per minute in real terms.

- **Interconnection**

: For the twelve months, interconnection revenues decreased 10% due to the decrease of 10.9% in calling party pays revenues and also for the appreciation of the exchange rate that generated lower interconnection revenues from international long distance operators that declined 4.2%. In the fourth quarter, interconnection revenues decreased 15.9%, mainly due to the above mentioned reasons.

- **Corporate networks**

: Revenues from services related to data transmission through private and managed networks increased 3.5% in the twelve months and 2.9% in the fourth quarter due to the increase in billed line equivalents in operation.

- **Internet:**

Revenues from services related to the Internet platform rose 17.3% in the twelve months and 17% in the fourth quarter due to the increase in the number of Prodigy Infinitum (ADSL) customers.

Costs and expenses:

In the fourth quarter, total costs and expenses totaled 19,859 million pesos, 4% lower than the same period of 2004.

- **Cost of sales and services:**

For the full year, cost of sales and services totaled 29,481 million pesos, a decrease of 4% mainly due to the change in the accounting policy for PC costs related to Internet services that represented 1.6%, and to the reduction of the settlement cost. In the fourth quarter, cost of sales and services decreased 6.2% totaling 7,484 million pesos.

- **Commercial, administrative and general:**
