REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

1. DESCRIPTION OF BUSINESS AND BASIS OF PRESENTATION

Revlon, Inc. (and together with its subsidiaries, the "Company") conducts its business exclusively through its direct wholly-owned operating subsidiary, Revlon Consumer Products Corporation ("Products Corporation"), and its subsidiaries. Revlon, Inc. is a direct and indirect majority-owned subsidiary of MacAndrews & Forbes Holdings Inc. ("MacAndrews & Forbes Holdings" and, together with certain of its affiliates other than the Company, "MacAndrews & Forbes"), a corporation wholly-owned by Ronald O. Perelman.

The Company's vision is glamour, excitement and innovation through high-quality products at affordable prices. The Company operates in a single segment and manufactures, markets and sells an extensive array of cosmetics, women's hair color, beauty tools, anti-perspirant deodorants, fragrances, skincare and other beauty care products. The Company's principal customers include large mass volume retailers and chain drug and food stores in the U.S., as well as certain department stores and other specialty stores, such as perfumeries, outside the U.S. The Company also sells beauty products to U.S. military exchanges and commissaries and has a licensing business pursuant to which the Company licenses certain of its key brand names to third parties for the manufacture and sale of complementary beauty-related products and accessories in exchange for royalties.

The accompanying Consolidated Financial Statements are unaudited. In management's opinion, all adjustments necessary for a fair presentation have been made. The Unaudited Consolidated Financial Statements include the accounts of the Company after the elimination of all material intercompany balances and transactions.

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("U.S. GAAP") requires management to make estimates and assumptions that affect amounts of assets and liabilities and disclosures of contingent assets and liabilities as of the date of the financial statements and reported amounts of revenues and expenses during the periods presented. Actual results could differ from these estimates. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the consolidated financial statements in the period they are determined to be necessary. Significant estimates made in the accompanying Unaudited Consolidated Financial Statements include, but are not limited to, allowances for doubtful accounts, inventory valuation reserves, expected sales returns and allowances, trade support costs, certain assumptions related to the recoverability of intangible and long-lived assets, deferred tax valuation allowances, reserves for estimated tax liabilities, restructuring costs, certain estimates and assumptions used in the calculation of the net periodic benefit costs and the projected benefit obligations for the Company's pension and other post-retirement plans, including the expected long-term return on pension plan assets and the discount rate used to value the Company's pension benefit obligations. The Unaudited Consolidated Financial Statements should be read in conjunction with the consolidated financial statements and related notes contained in Revlon, Inc.'s Annual Report on Form 10-K for the year ended December 31, 2012, filed with the U.S. Securities and Exchange Commission (the "SEC") on February 13, 2013 (the "2012 Form 10-K").

The Company's results of operations and financial position for interim periods are not necessarily indicative of those to be expected for a full year.

Effective beginning October 1, 2012, the Company is consolidating and reporting Latin America and Canada (previously reported separately) as the combined Latin America and Canada region.

Certain prior year amounts in the Unaudited Consolidated Financial Statements have been reclassified to conform to the current period's presentation.

Recently Adopted Accounting Pronouncements

In February 2013, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") No. 2013-02, "Reporting of Amounts Reclassified Out of Accumulated Other Comprehensive Income," which amends Accounting Standards Codification ("ASC") 220, "Comprehensive Income." The amendments require an entity to disclose the impact of amounts reclassified out of accumulated other comprehensive income and into net income, by the

respective line items of net income, if the amounts reclassified are reclassified to net income in their entirety in the same reporting period. The disclosure is required either on the face of the statement where net income is presented or in the notes. For amounts that are not reclassified in their entirety to net income, an entity is required to cross-reference to other disclosures required under U.S. GAAP that provide additional detail about those amounts. The Company prospectively adopted ASU No. 2013-02 beginning January 1, 2013, and has provided the required disclosures.

Recently Issued Accounting Pronouncements

In March 2013, the FASB issued ASU No. 2013-04, "Accounting for Obligations Resulting from Joint and Several Liability Arrangements for Which the Total Amount of the Obligation is Fixed at the Reporting Date", which will require an entity to record an obligation resulting from joint and several liability arrangements at the greater of the amount that the entity has agreed to pay

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

or the amount the entity expects to pay. Additional disclosures about joint and several liability arrangements will also be required. This guidance is effective for fiscal periods beginning after December 15, 2013, and is to be applied retrospectively for obligations that exist at the beginning of an entity's fiscal year of adoption, with early adoption permitted. The Company does not expect such adoption will have a material impact on the Company's consolidated financial statements or financial statement disclosures.

Other Events

Fire at Revlon Venezuela Facility

On June 5, 2011, the Company's facility in Venezuela was destroyed by fire. For the years ended December 31, 2012, 2011 and 2010, the Company's subsidiary in Venezuela ("Revlon Venezuela") had net sales of approximately 2%, 2% and 3%, respectively, of the Company's consolidated net sales. At December 31, 2012, 2011 and 2010, total assets of Revlon Venezuela were approximately 2%, 2% and 3%, respectively, of the Company's total assets. Prior to the fire, approximately 50% of Revlon Venezuela's net sales were comprised of products imported from the Company's Oxford, North Carolina facility and approximately 50% were comprised of products locally manufactured at the Revlon Venezuela facility. Revlon Venezuela did not have any net sales from the date of the fire until August 12, 2011. The Company's net sales in Venezuela since August 12, 2011 have been primarily comprised of (i) products imported from the Company's Oxford, North Carolina facility; and (ii) commencing in the first quarter of 2012, certain products imported from third party manufacturers outside of Venezuela, which were locally manufactured at the Revlon Venezuela facility prior to the fire.

The Company maintains comprehensive property insurance, as well as business interruption insurance. Business interruption insurance is intended to reimburse for lost profits and other costs incurred, which are attributable to the loss, during the loss period, subject to the terms and conditions of the applicable policies. The Company's insurance coverage provides for business interruption losses to be reimbursed, subject to the terms and conditions of such policy, for a period of time, which period for the coverage related to the fire ended on October 2, 2012.

The Company's business interruption losses include estimated profits lost as a result of the interruption of Revlon Venezuela's business and costs incurred directly related to the fire. The Company recognizes income from insurance recoveries under the business interruption policy only to the extent it has recorded business interruption losses.

In January 2013, the Company received additional insurance proceeds of \$3.4 million from its insurers related to the settlement of the Company's claim for the loss of inventory. The \$3.4 million of proceeds were in addition to \$8.4 million of insurance proceeds received prior to December 31, 2012, for a total settlement amount of \$11.8 million for the loss of inventory, of which \$3.5 million was previously recognized as income from insurance recoveries in 2011. As a result of the final settlement of the claim for the loss of inventory, the Company recognized a gain from insurance proceeds of \$8.3 million in the first quarter of 2013.

In June 2013, the Company settled its business interruption and property insurance claim in the amount of \$32.0 million. The Company received \$17.9 million of insurance proceeds for its business interruption and property claim prior to December 31, 2012, and the remaining \$14.1 million was received in July 2013. The Company previously recognized \$13.9 million as income from insurance recoveries in 2011 and 2012. As a result of the final settlement of the business interruption and property claim, the Company recognized a gain from insurance proceeds of \$18.1 million in the second quarter of 2013 and recorded an insurance proceeds receivable of \$14.1 million as of June 30, 2013.

The table below details the proceeds received and the income recognized to date for the inventory and business interruption and property claims:

Deferred income balance as of June 30, 2013	\$—	\$—	\$—

^(a) The gain from insurance proceeds and income from insurance recoveries is included within selling, general and administrative (“SG&A”) expenses in the Company’s Consolidated Statements of Income and Comprehensive Income in the respective periods.

^(b) The insurance proceeds receivable is included within prepaid expenses and other in the Consolidated Balance Sheet as of June 30, 2013.

In the second quarter of 2013, the Company recorded an accrual of \$4.5 million for estimated clean-up costs related to the destroyed facility in Venezuela. The accrual is included within accrued expenses and other and SG&A expenses in the Company's Consolidated Financial Statements for the three and six months ended June 30, 2013.

Impact of Foreign Currency Translation - Venezuela Currency Devaluation

On February 8, 2013, the Venezuelan government announced the devaluation of its local currency Venezuelan Bolívares (“Bolívars”) relative to the U.S. Dollar, effective beginning February 13, 2013. The devaluation changed the official exchange rate to 6.30 Bolívares per U.S. Dollar (the “Official Rate”). The Venezuelan government also announced that the currency market administered by the central bank known as the Sistema de Transacciones en Moneda Extranjera (“SITME”) would be eliminated. As previously disclosed in Revlon, Inc.’s 2012 Form 10-K, the Company was using the SITME rate to translate the financial statements of Revlon Venezuela beginning in April 2011.

As a result of the elimination of the SITME market, the Company began using the Official Rate of 6.30 Bolívares per U.S. Dollar to translate Revlon Venezuela’s financial statements beginning in the first quarter of 2013. For the six months ended June 30, 2013, the devaluation of the local currency had the impact of reducing reported net sales by \$0.9 million and the impact on operating income was de minimis. Additionally, to reflect the impact of the currency devaluation, a one-time foreign currency loss of \$0.6 million was recorded in the first quarter of 2013 as a result of the required re-measurement of Revlon Venezuela’s balance sheet. As Venezuela was designated as a highly inflationary economy effective January 1, 2010, the Company reflected this foreign currency loss in earnings.

proceeds (net of underwriters' fees) from the issuance of the 5¾% Senior Notes to repay or redeem all of the \$330 million outstanding aggregate principal amount of its 9¾% Senior Secured Notes due November 2015 (the "9¾% Senior Secured Notes"), as well as to pay an aggregate of \$27.7 million for the applicable redemption and tender offer premiums, accrued interest and related fees and expenses. 2013 Bank Term Loan Amendments to the 2011 Term Loan Agreement

On February 21, 2013, Products Corporation consummated the 2013 Bank Term Loan Amendments, among Products Corporation, as borrower, a syndicate of lenders and Citicorp, USA, Inc. ("CUSA"), as administrative agent and collateral agent.

Pursuant to the 2013 Bank Term Loan Amendments, Products Corporation reduced the total aggregate principal amount outstanding under the 2011 Term Loan Facility from \$788.0 million to \$675.0 million, using a portion of the proceeds from Products Corporation's issuance of its 5¾% Senior Notes (see "2013 Senior Notes Refinancing" below), together with cash on hand. The 2013 Bank Term Loan Amendments also reduced the interest rates on the 2011 Term Loan Facility such that Eurodollar Loans bear interest at the Eurodollar Rate plus 3.00% per annum, with the Eurodollar Rate not to be less than 1.00% (compared to 3.50% and 1.25%, respectively, prior to the 2013 Bank Term Loan Amendments), while Alternate Base Rate loans bear interest at the Alternate Base Rate plus 2.00%, with the Alternate Base Rate not to be less than 2.00% (compared to 2.50% and 2.25%, respectively, prior to the 2013 Bank Term Loan Amendments) (and as each such term is defined in the 2011 Term Loan Agreement).

Pursuant to the 2013 Bank Term Loan Amendments, Products Corporation, under certain circumstances, also has the right to request the 2011 Term Loan Facility be increased by up to the greater of (i) \$300 million and (ii) an amount such that Products Corporation's First Lien Secured Leverage Ratio (as defined in the 2011 Term Loan Agreement) does not exceed 3.50:1.00 (compared to \$300 million prior to the 2013 Bank Term Loan Amendments), provided that the lenders are not committed to provide any such increase.

Products Corporation's existing 5-year, \$140.0 million asset-based, multi-currency revolving credit facility due June 16, 2016 (the "2011 Revolving Credit Facility") under a third amended and restated revolving credit agreement dated

June 16, 2011 (the “2011 Revolving Credit Agreement”) remained unchanged in connection with the 2013 Bank Term Loan Amendments.

For the six months ended June 30, 2013, the Company incurred approximately \$1.2 million of fees and expenses in connection with the 2013 Bank Term Loan Amendments, of which, \$0.2 million was capitalized. The Company expensed the remaining \$1.0 million of fees and expenses and wrote-off \$1.5 million of unamortized debt discount and deferred financing costs. These amounts, totaling \$2.5 million, were recognized within loss on early extinguishment of debt in the Company’s Consolidated Statements of Income and Comprehensive Income for the six months ended June 30, 2013.

REVLON, INC. AND SUBSIDIARIES

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

On February 8, 2013, Products Corporation completed its offering (the "2013 Senior Notes Refinancing"), pursuant to an exemption from registration under the Securities Act of 1933 (as amended, the "Securities Act"), of \$500.0 million aggregate principal amount of the 5¾% Senior Notes. The 5¾% Senior Notes are unsecured and were issued to investors at par. The 5¾% Senior Notes mature on February 15, 2021. Interest on the 5¾% Senior Notes accrues at 5¾% per annum, paid every six months on February 15th and August 15th, with the first interest payment due on August 15, 2013.

The 5¾% Senior Notes were issued pursuant to an indenture (the "5¾% Senior Notes Indenture"), dated as of February 8, 2013 (the "Closing Date"), by and among Products Corporation, Products Corporation's domestic subsidiaries (the "Guarantors"), which also currently guarantee Products Corporation's 2011 Term Loan Facility and 2011 Revolving Credit Facility, and U.S. Bank National Association, as trustee. The Guarantors issued guarantees (the "Guarantees") of Products Corporation's obligations under the 5¾% Senior Notes and the 5¾% Senior Notes Indenture, jointly and severally, on a senior unsecured basis.

Products Corporation used a portion of the \$491.2 million of net proceeds from the issuance of the 5¾% Senior Notes (net of underwriters' fees), to repay and redeem all of the \$330 million outstanding aggregate principal amount of its 9¾% Senior Secured Notes, as well as to pay \$8.6 million of accrued interest. Products Corporation incurred an aggregate of \$19.1 million of fees for the applicable redemption and tender offer premiums, related fees and expenses in connection with redemption and repayment of the 9¾% Senior Secured Notes and other fees and expenses in connection with the issuance of the 5¾% Senior Notes. Products Corporation used a portion of the remaining proceeds from the issuance of the 5¾% Senior Notes, together with existing cash, to pay approximately \$113.0 million of principal on its 2011 Term Loan Facility in conjunction with the 2013 Bank Term Loan Amendments. Products Corporation expects to use the remaining balance available from the issuance of the 5¾% Senior Notes for general corporate purposes, including, without limitation, debt reduction transactions, such as repaying to Revlon, Inc. at maturity in October 2013 the Contributed Loan, which Revlon, Inc. expects to use to pay the liquidation preference of Revlon, Inc.'s Preferred Stock on October 8, 2013, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law.

In connection with these refinancing transactions, the Company capitalized \$10.3 million of fees and expenses incurred related to the issuance of the 5¾% Senior Notes, which is being amortized over the term of such notes using the effective interest method. The Company also recognized a loss on the early extinguishment of debt of \$25.4 million during the first six months of 2013, comprised of \$17.6 million of redemption and tender offer premiums, as well as fees and expenses which were expensed as incurred in connection with the redemption and repayment of the 9¾% Senior Secured Notes, as well as the write-off of \$7.8 million of unamortized debt discount and deferred financing costs associated with the 9¾% Senior Secured Notes.

Ranking

The 5¾% Senior Notes are Products Corporation's unsubordinated, unsecured obligations and rank senior in right of payment to any future subordinated obligations of Products Corporation and rank pari passu in right of payment with all existing and future senior debt of Products Corporation. Similarly, each Guarantee is the relevant Guarantor's joint and several, unsubordinated and unsecured obligation and ranks senior in right of payment to any future subordinated obligations of such Guarantor and ranks pari passu in right of payment with all existing and future senior debt of such Guarantor.

The 5¾% Senior Notes and the Guarantees rank effectively junior to Products Corporation's 2011 Term Loan Facility and 2011 Revolving Credit Facility, which are secured, as well as indebtedness and preferred stock of Products Corporation's foreign and immaterial subsidiaries (the "Non-Guarantor Subsidiaries"), none of which guarantee the 5¾% Senior Notes.

Optional Redemption

On and after February 15, 2016, the 5¾% Senior Notes may be redeemed at Products Corporation's option, at any time as a whole, or from time to time in part, at the following redemption prices (expressed as percentages of principal amount), plus accrued interest to the date of redemption, if redeemed during the 12-month period beginning on February 15th of the years indicated below:

Year	Percentage
2016	104.313 %
2017	102.875 %
2018	101.438 %
2019 and thereafter	100.000 %

Products Corporation may redeem the 5¾% Senior Notes at its option at any time or from time to time prior to February 15, 2016, as a whole or in part, at a redemption price per 5¾% Senior Note equal to the sum of (1) the then outstanding principal

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

amount thereof, plus (2) accrued and unpaid interest (if any) to the date of redemption, plus (3) the applicable premium based on the applicable treasury rate plus 75 basis points.

Prior to February 15, 2016, Products Corporation may, from time to time, redeem up to 35% of the aggregate principal amount of the 5¾% Senior Notes and any additional notes with, and to the extent Products Corporation actually receives, the net proceeds of one or more equity offerings from time to time, at 105.75% of the principal amount thereof, plus accrued interest to the date of redemption.

Change of Control

Upon the occurrence of specified change of control events, Products Corporation is required to make an offer to purchase all of the 5¾% Senior Notes at a purchase price of 101% of the outstanding principal amount of the 5¾% Senior Notes as of the date of any such repurchase, plus accrued and unpaid interest to the date of repurchase.

Certain Covenants

The 5¾% Senior Notes Indenture limits Products Corporation's and the Guarantors' ability, and the ability of certain other subsidiaries, to:

- incur or guarantee additional indebtedness ("Limitation on Debt");
- pay dividends, make repayments on indebtedness that is subordinated in right of payment to the 5¾% Senior Notes and make other "restricted payments" ("Limitation on Restricted Payments");
- make certain investments;
- create liens on their assets to secure debt;
- enter into transactions with affiliates;
- merge, consolidate or amalgamate with another company ("Successor Company");
- transfer and sell assets ("Limitation on Asset Sales"); and
- permit restrictions on the payment of dividends by Products Corporation's subsidiaries ("Limitation on Dividends from Subsidiaries").

These covenants are subject to important qualifications and exceptions. The 5¾% Senior Notes Indenture also contains customary affirmative covenants and events of default.

In addition, if during any period of time the 5¾% Senior Notes receive investment grade ratings from both Standard & Poor's and Moody's Investors Services, Inc. and no default or event of default has occurred and is continuing under the 5¾% Senior Notes Indenture, Products Corporation and its subsidiaries will not be subject to the covenants on Limitation on Debt, Limitation on Restricted Payments, Limitation on Asset Sales, Limitation on Dividends from Subsidiaries and certain provisions of the Successor Company covenant.

Registration Rights

On the Closing Date, Products Corporation, the Guarantors and the representatives of the initial purchasers of the 5¾% Senior Notes entered into a Registration Rights Agreement, pursuant to which Products Corporation and the Guarantors agreed with the representatives of the initial purchasers, for the benefit of the holders of the 5¾% Senior Notes, that Products Corporation will, at its cost, among other things: (i) file a registration statement with respect to the 5¾% Senior Notes within 150 days after the Closing Date to be used in connection with the exchange of the 5¾% Senior Notes and related guarantees for publicly registered notes and related guarantees with substantially identical terms in all material respects (except for the transfer restrictions relating to the 5¾% Senior Notes and interest rate increases as described below); (ii) use its reasonable best efforts to cause the applicable registration statement to

become effective under the Securities Act within 210 days after the Closing Date; and (iii) use its reasonable best efforts to effect an exchange offer of the 5¾% Senior Notes and the related guarantees for registered notes and related guarantees within 270 days after the Closing Date. In addition, under certain circumstances, Products Corporation may be required to file a shelf registration statement to cover resales of the 5¾% Senior Notes. If Products Corporation fails to satisfy such obligations, it will be obligated to pay additional interest to each holder of the 5¾% Senior Notes that are subject to transfer restrictions, with respect to the first 90-day period immediately following any such failure, at a rate of 0.25% per annum on the principal amount of the 5¾% Senior Notes that are subject to transfer restrictions held by such holder. The amount of additional interest will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all registration requirements have been satisfied, up to a maximum amount of additional interest of 0.50% per annum on the principal amount of the 5¾% Senior Notes that are subject to transfer restrictions. Pursuant to the Registration Agreement, in May 2013 Products Corporation filed a registration statement, and filed amended registration statements in June and July 2013, with the SEC that,

NOTES TO UNAUDITED CONSOLIDATED FINANCIAL STATEMENTS

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

when such statement becomes effective, will permit holders of the 5¾% Senior Notes to exchange such notes for new notes that will have substantially identical terms to the 5¾% Senior Notes, except that (1) the new notes and the related guarantees will be registered with the SEC under the Securities Act, and (2) the transfer restrictions and registration rights currently applicable to the 5¾% Senior Notes would no longer apply to the new notes. The registration statement is not yet effective.

Covenants

Products Corporation was in compliance with all applicable covenants under the 2011 Term Loan Agreement and 2011 Revolving Credit Agreement (together, the "2011 Credit Agreements") as of June 30, 2013. At June 30, 2013, the aggregate principal amount outstanding under the 2011 Term Loan Facility was \$675.0 million and availability under the \$140.0 million 2011 Revolving Credit Facility, based upon the calculated borrowing base less \$9.8 million of outstanding undrawn letters of credit and nil then drawn on the 2011 Revolving Credit Facility, was \$130.2 million.

Products Corporation was in compliance with all applicable covenants under its 5¾% Senior Notes Indenture as of June 30, 2013 and its 9¾% Senior Secured Notes Indenture as of December 31, 2012.

7. BASIC AND DILUTED EARNINGS PER COMMON SHARE

Shares used in basic earnings per common share are computed using the weighted average number of common shares outstanding during each period. Shares used in diluted earnings per common share include the dilutive effect of unvested restricted shares and outstanding stock options under the Company's stock plan using the treasury stock method. For the three and six months ended June 30, 2013 and 2012, all outstanding options to purchase shares of Revlon, Inc. Class A common stock, par value of \$0.01 per share (the "Class A Common Stock"), that could potentially dilute basic earnings per common share in the future were excluded from the calculation of diluted earnings per common share as their effect would be anti-dilutive, as in each case their exercise price was in excess of the NYSE closing price of the Class A Common Stock at all times during these periods.

For the three and six months ended June 30, 2012, 3,588 and 6,740 weighted average shares of unvested restricted stock that could potentially dilute basic earnings per common share in the future were excluded from the calculation of diluted earnings per common share as their effect would be anti-dilutive. For the three and six months ended June 30, 2013, there were no shares of unvested restricted stock outstanding.

10. FAIR VALUE MEASUREMENTS

Assets and liabilities are required to be categorized into three levels of fair value based upon the assumptions used to price the assets or liabilities. Level 1 provides the most reliable measure of fair value, whereas Level 3, if applicable, generally would require significant management judgment. The three levels for categorizing the fair value measurement of assets and liabilities are as follows:

•

Level 1: Fair valuing the asset or liability using observable inputs, such as quoted prices in active markets for identical assets or liabilities;

(except where otherwise noted, all tabular amounts in millions, except share and per share amounts)

Level 2: Fair valuing the asset or liability using inputs other than quoted prices that are observable for the applicable asset or liability, either directly or indirectly, such as quoted prices for similar (as opposed to identical) assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active; and

Level 3: Fair valuing the asset or liability using unobservable inputs that reflect the Company's own assumptions regarding the applicable asset or liability.

As of June 30, 2013, the fair values of the Company's financial assets and liabilities that are required to be measured at fair value, namely its foreign currency forward exchange contracts ("FX Contracts"), are categorized in the table below:

	Total	Level 1	Level 2	Level 3
Assets:				
Derivatives:				
FX Contracts ^(a)	\$1.9	\$—	\$1.9	\$—
Total assets at fair value	\$1.9	\$—	\$1.9	\$—

Total liabilities at fair value	\$0.2	\$—	\$0.2	\$—

As of December 31, 2012, the fair values of the Company's financial assets and liabilities that are required to be measured at fair value, namely its FX Contracts, are categorized in the table below:

Total liabilities at fair value	\$0.4	\$—	\$0.4	\$—

(a) The fair value of the Company's FX Contracts was measured based on observable market transactions of spot and forward rates on the respective dates. (See Note 11, "Financial Instruments.")

As of June 30, 2013, the fair values and carrying values of the Company's long-term debt, including the current portion of long-term debt, and Preferred Stock, are categorized in the table below:

As of December 31, 2012, the fair values and carrying values of the Company's long-term debt, including the current portion of long-term debt, and Preferred Stock, are categorized in the table below:

	Fair Value			Total	Carrying Value
	Level 1	Level 2	Level 3

	\$—	\$1,245.9	\$—	\$1,245.9	\$1,215.7

The fair value of the Company's long-term debt, including the current portion of long-term debt and Preferred Stock, is based on the quoted market prices for the same issues or on the current rates offered for debt of similar remaining maturities.

The carrying amounts of cash and cash equivalents, trade receivables, notes receivable, accounts payable and short-term borrowings approximate their fair values.

11. FINANCIAL INSTRUMENTS

Products Corporation maintains standby and trade letters of credit for various corporate purposes under which Products Corporation is obligated, of which \$9.8 million and \$10.4 million (including amounts available under credit agreements in effect at that time) were maintained at June 30, 2013 and December 31, 2012, respectively. Included in these amounts is approximately \$8.2 million and \$8.7 million at June 30, 2013 and December 31, 2012, respectively, in standby letters of credit which support Products Corporation's self-insurance programs. The estimated liability under such programs is accrued by Products Corporation.

Derivative Financial Instruments

The Company uses derivative financial instruments, primarily FX Contracts, intended for the purpose of managing foreign currency exchange risk by reducing the effects of fluctuations in foreign currency exchange rates on the Company's net cash flows. The Company may also enter into interest rate hedging transactions intended for the purpose of managing interest rate risk associated with Products Corporation's variable rate indebtedness.

Foreign Currency Forward Exchange Contracts

The FX Contracts are entered into primarily to hedge the anticipated net cash flows resulting from inventory purchases and intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year.

The U.S. Dollar notional amount of the FX Contracts outstanding at June 30, 2013 and December 31, 2012 was \$51.7 million and \$43.9 million, respectively.

While the Company may be exposed to credit loss in the event of the counterparty's non-performance, the Company's exposure is limited to the net amount that Products Corporation would have received, if any, from the counterparty over the remaining balance of the terms of the FX Contracts. The Company does not anticipate any non-performance and, furthermore, even in the case of any non-performance by the counterparty, the Company expects that any such loss would not be material.

12. INCOME TAXES

The provision for income taxes represents federal, foreign, state and local income taxes. The effective tax rate differs from the applicable federal statutory rate due to the effect of state and local income taxes, tax rates and income in foreign jurisdictions, utilization of tax loss carry-forwards, foreign earnings taxable in the U.S., nondeductible expenses and other items. The Company's tax provision changes quarterly based on various factors including, but not limited to, the geographical mix of earnings, enacted tax legislation, foreign, state and local income taxes, tax audit settlements and the interaction of various global tax strategies. In addition, changes in judgment from the evaluation of new information resulting in the recognition, derecognition and/or re-measurement of a tax position taken in a prior period are recognized in the quarter in which any such change occurs.

For the second quarter of 2013 and 2012, the Company recorded a provision for income taxes from continuing operations of \$17.0 million and \$9.1 million, respectively. The \$7.9 million increase in the provision for income taxes was primarily attributable to the favorable resolution of tax matters in a foreign jurisdiction in the second quarter of 2012 that did not recur in the second quarter of 2013, as well as increased pre-tax income in the second quarter of 2013, partially offset by certain favorable discrete items that benefited the second quarter of 2013.

For the first six months of 2013 and 2012, the Company recorded a provision for income taxes from continuing operations of \$18.2 million and \$20.1 million, respectively. The \$1.9 million decrease in the provision for income taxes was primarily attributable to the loss on early extinguishment of debt recognized in the first quarter of 2013 related to the 2013 Senior Notes Refinancing and the 2013 Bank Term Loan Amendments, partially offset by the favorable resolution of tax matters in a foreign jurisdiction in the first six months of 2012 that did not recur in the first

six months of 2013.

The Company's effective tax rate for the three months ended June 30, 2013 was higher than the federal statutory rate of 35% due principally to foreign dividends and earnings taxable in the U.S. and state and local taxes, net of U.S. federal income tax benefit; partially offset by foreign and U.S. tax effects attributable to operations outside the U.S. The Company's effective tax rate for the six months ended June 30, 2013 was higher than the federal statutory rate of 35% due principally to foreign dividends and earnings taxable in the U.S.

The Company remains subject to examination of its income tax returns in various jurisdictions including, without limitation, the U.S. (federal) and South Africa for tax years ended December 31, 2009 through December 31, 2011 and Australia for tax years ended December 31, 2008 through December 31, 2011.

13. CONTINGENCIES

The Company is involved in various routine legal proceedings incidental to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is unlikely to have a material adverse effect on the Company's business, financial condition and/or its results of operations. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

As previously disclosed in Revlon, Inc.'s 2012 Form 10-K, Revlon, Inc., certain of Revlon, Inc.'s current and former directors and MacAndrews & Forbes Holdings Inc. entered into settlement agreements with the plaintiffs in class and derivative actions related to the voluntary exchange offer Revlon, Inc. launched and consummated in 2009 (the "2009 Exchange Offer"). In the second quarter of 2012, the Company recorded a charge of \$6.7 million with respect to the Company's then-estimated costs of resolving the actions, including the Company's estimate at that time of additional payments to be made to the settling stockholders. This charge is included within SG&A expenses in the Company's Consolidated Statements of Income and Comprehensive Income for the three and six months ended June 30, 2012.

In March 2013, the parties executed an amendment to one of the settlement agreements, specifically the class action settlement agreement. The amendment did not affect the financial terms of the class action settlement; rather, it modified the scope of the releases given by those class members who did not participate in the 2009 Exchange Offer. Later in March 2013, the class action settlement, as amended, was presented to the Delaware Court of Chancery, and approved. The class action settlement is conditioned, and will be effective, upon final approval of the derivative action settlement and final dismissal of the actions pending outside of the Delaware Court of Chancery. The derivative action settlement was approved by the U.S. District Court for the District of Delaware on April 30, 2013. In early May 2013, the U.S. District Court for the District of Delaware dismissed the purported class action filed by John Garofalo, and in late July 2013, the Supreme Court of New York, New York County dismissed the Sullivan action. The entire settlement of all the actions noted above will become effective if no appeal is filed within thirty days of the dismissal of the Sullivan action.

Revlon, Inc. agreed with the staff of the SEC (or the "Commission") on the terms of a proposed settlement of an investigation relating to certain disclosures made by Revlon, Inc. in its public filings in 2009 in connection with the 2009 Exchange Offer. On June 13, 2013, the Commission approved such settlement and Revlon, Inc. entered into the settlement without admitting or denying the findings set forth therein and, pursuant to its terms, Revlon, Inc., among other things, paid a civil penalty of \$850,000. The settlement amount was previously accrued in the fourth quarter of 2012 within SG&A expenses and accrued expenses and other in Revlon, Inc.'s consolidated financial statements.

14. RELATED PARTY TRANSACTIONS

Reimbursement Agreements

As previously disclosed in Revlon, Inc.'s 2012 Form 10-K, Revlon, Inc., Products Corporation and MacAndrews & Forbes Inc. (a wholly-owned subsidiary of MacAndrews & Forbes Holdings) have entered into reimbursement agreements (the "Reimbursement Agreements") pursuant to which (i) MacAndrews & Forbes Inc. is obligated to provide (directly or through its affiliates) certain professional and administrative services, including, without limitation, employees, to Revlon, Inc. and its subsidiaries, including, without limitation, Products Corporation, and to

purchase services from third party providers, such as insurance, legal, accounting and air transportation services, on behalf of Revlon, Inc. and its subsidiaries, including Products Corporation, to the extent requested by Products Corporation, and (ii) Products Corporation is obligated to provide certain professional and administrative services, including, without limitation, employees, to MacAndrews & Forbes and to purchase services from third party providers, such as insurance, legal and accounting services, on behalf of MacAndrews & Forbes to the extent requested by MacAndrews & Forbes, provided that in each case the performance of such services does not cause an unreasonable burden to MacAndrews & Forbes or Products Corporation, as the case may be.

The Company reimburses MacAndrews & Forbes for the allocable costs of the services purchased for or provided by MacAndrews & Forbes to the Company and its subsidiaries and for the reasonable out-of-pocket expenses incurred by MacAndrews & Forbes in connection with the provision of such services. MacAndrews & Forbes reimburses Products Corporation for the allocable costs of the services purchased for or provided by Products Corporation to MacAndrews & Forbes and for the reasonable

out-of-pocket expenses incurred in connection with the purchase or provision of such services. Each of the Company, on the one hand, and MacAndrews & Forbes Inc., on the other, has agreed to indemnify the other party for losses arising out of the services provided by it under the Reimbursement Agreements, other than losses resulting from its willful misconduct or gross negligence.

The Reimbursement Agreements may be terminated by either party on 90 days' notice. The Company does not intend to request services under the Reimbursement Agreements unless their costs would be at least as favorable to the Company as could be obtained from unaffiliated third parties.

The Company participates in MacAndrews & Forbes' directors and officers liability insurance program (the "D&O Insurance Program"), as well as its other insurance coverages, such as property damage, business interruption, liability and other coverages, which cover the Company, as well as MacAndrews & Forbes and its subsidiaries. The limits of coverage for certain of the policies are available on an aggregate basis for losses to any or all of the participating companies and their respective directors and officers. The Company reimburses MacAndrews & Forbes from time to time for their allocable portion of the premiums for such coverage or the Company pays the insurers directly, which premiums the Company believes are more favorable than the premiums the Company would pay were it to secure stand-alone coverage. Any amounts paid by the Company directly to MacAndrews & Forbes in respect of premiums are included in the amounts paid under the Reimbursement Agreements.

The net activity related to services provided and/or purchased under the Reimbursement Agreements during the six months ended June 30, 2013 was \$6.1 million, which relates to a partial payment made by the Company to MacAndrews & Forbes during the first quarter of 2013 for premiums related to the Company's allocable portion of the 5-year renewal of the D&O Insurance Program for the period from January 31, 2012 through January 31, 2017. The net activity related to services provided and/or purchased under the Reimbursement Agreements during the six months ended June 30, 2012 was \$0.8 million, which included the initial \$14.6 million partial pre-payment made by the Company to MacAndrews & Forbes during the first quarter of 2012 for premiums related to the Company's allocable portion of the D&O Insurance Program, partially offset by \$13.8 million from MacAndrews & Forbes for reimbursable costs incurred by the Company related to matters covered by the D&O Insurance Program. As of June 30, 2013 and December 31, 2012, a receivable balance of nil and \$0.3 million, respectively, from MacAndrews & Forbes was included within prepaid expenses and other in the Company's Consolidated Balance Sheets for transactions subject to the Reimbursement Agreements.

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(all tabular amounts in millions, except share and per share amounts)

Overview of Net Sales and Earnings Results

Consolidated net sales in the second quarter of 2013 were \$350.1 million, a decrease of \$7.0 million, or 2.0%, compared to \$357.1 million in the second quarter of 2012. Excluding the unfavorable impact of foreign currency fluctuations of \$6.4 million, consolidated net sales decreased \$0.6 million, or 0.2%, in the second quarter of 2013, driven by lower net sales in the Company's Latin America and Canada region, partially offset by higher net sales in the Company's Europe, Middle East and Africa and Asia Pacific regions. Consolidated net sales in the Company's U.S. region were essentially flat in the second quarter of 2013 compared to the second quarter of 2012.

Consolidated net sales in the first six months of 2013 were \$682.0 million, a decrease of \$5.8 million, or 0.8%, compared to \$687.8 million in the first six months of 2012. Excluding the unfavorable impact of foreign currency fluctuations of \$12.3 million, consolidated net sales increased \$6.5 million, or 0.9%, in the first six months of 2013, driven by higher net sales in the Company's U.S. region, partially offset by lower net sales in the Company's Asia Pacific and Europe, Middle East and Africa regions. Consolidated net sales in the Company's Latin America and Canada region were essentially flat in the first six months of 2013 compared to the first six months of 2012.

Consolidated net income in the second quarter of 2013 was \$24.7 million, compared to \$11.1 million in the second quarter of 2012. The increase in consolidated net income in the second quarter of 2013, compared to the second quarter of 2012, was primarily due to:

\$26.8 million of lower selling, general and administrative ("SG&A") expenses primarily driven by a \$18.1 million gain from insurance proceeds in the second quarter of 2013 due to the settlement of the Company's claim for business interruption and property losses as a result of the fire at the Company's Venezuela facility;

with the foregoing partially offset by:

\$7.4 million of lower gross profit due to a \$7.0 million decrease in consolidated net sales and a \$0.4 million increase in cost of sales.

Consolidated net income in the first six months of 2013 was \$17.8 million, compared to \$19.6 million in the first six months of 2012. The decrease in consolidated net income in the first six months of 2013, compared to the first six months of 2012 was primarily due to:

a \$27.9 million aggregate loss on early extinguishment of debt in the first six months of 2013 due to the 2013 Senior Notes Refinancing (as hereinafter defined) and the 2013 Bank Term Loan Amendments (as hereinafter defined); and

\$7.4 million of lower gross profit due to a \$5.8 million decrease in consolidated net sales and a \$1.6 million increase in cost of sales;

with the foregoing partially offset by:

\$30.0 million of lower SG&A expenses primarily driven by a \$26.4 million gain from insurance proceeds in the first six months of 2013 due to the settlement of the Company's claims for inventory, business interruption and property losses as a result of the fire at the Company's Venezuela facility.

These items are discussed in more detail below.

Recent Events

2013 Debt Transactions

During the first quarter of 2013, the Company completed several debt transactions, including:

On February 8, 2013, Products Corporation issued \$500.0 million aggregate principal amount of 5¾% Senior Notes due February 15, 2021 (the "5¾% Senior Notes") to investors at par. Products Corporation used \$491.2 million of net proceeds (net of underwriters' fees) from the issuance of the 5¾% Senior Notes to repay and redeem all of the \$330 million outstanding aggregate principal amount of its 9¾% Senior Secured Notes due November 2015 (the "9¾% Senior Secured Notes"), as well as to pay an aggregate of \$27.7 million for the applicable redemption and tender offer premiums, accrued interest and related fees and expenses. Products Corporation used a portion of the remaining

proceeds, together with existing cash, to pay approximately \$113.0 million of principal on its 2011 Term Loan Facility in conjunction with the consummation of the 2013 Bank Term Loan Amendments to the 2011 Term Loan Agreement in February 2013, as discussed below. Products Corporation expects to use the remaining balance available from the issuance of the 5³/₄% Senior Notes for general corporate purposes, including, without limitation,

debt reduction transactions, such as repaying to Revlon, Inc. at maturity in October 2013 the Contributed Loan (as hereinafter defined), which Revlon, Inc. expects to use to pay the liquidation preference of Revlon, Inc.'s Series A Preferred Stock, par value \$0.01 per share (the "Preferred Stock"), on October 8, 2013, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law.

On February 21, 2013, Products Corporation consummated an amendment (the "2013 Bank Term Loan Amendments") to its third amended and restated term loan agreement, dated as of May 19, 2011 (as amended, the "2011 Term Loan Agreement"), for its 6.5 year term loan facility due November 19, 2017 (the "2011 Term Loan Facility"), to among other things: (i) reduce the total aggregate principal amount outstanding under the 2011 Term Loan Facility from \$788.0 million to \$675.0 million; (ii) reduce the minimum Eurodollar Rate on Eurodollar Loans from 1.25% to 1.00%; and (iii) reduce the Applicable Margin on Eurodollar Loans from 3.50% to 3.00%.

Refer to "Financial Condition, Liquidity and Capital Resources – Long-Term Debt Instruments" for further discussion of the above transactions.

Venezuela Insurance Settlements

In January 2013, the Company received additional insurance proceeds of \$3.4 million from its insurers in connection with the June 5, 2011 fire at the Company's facility in Venezuela. These additional proceeds relate to the settlement of the Company's claim for the loss of inventory. The \$3.4 million of proceeds were in addition to \$3.7 million of insurance proceeds received in 2012 and \$4.7 million received in 2011, for a total settlement amount of \$11.8 million for the loss of inventory, of which \$3.5 million was previously recognized as income from insurance recoveries in 2011. As a result of the final settlement of the claim for the loss of inventory, the Company recognized a gain from insurance proceeds of \$8.3 million in the first quarter of 2013.

In June 2013, the Company settled its business interruption and property insurance claim in the amount of \$32.0 million. The Company received \$2.9 million of insurance proceeds in 2012 and \$15.0 million of insurance proceeds in 2011 for its business interruption and property claim, and the remaining \$14.1 million was received in July 2013. The Company previously recognized \$13.9 million as income from insurance recoveries in 2011 and 2012. As a result of the final settlement of the business interruption and property claim, the Company recognized a gain from insurance proceeds of \$18.1 million in the second quarter of 2013 and recorded an insurance proceeds receivable of \$14.1 million as of June 30, 2013.

For further discussion, see Note 1, "Description of Business and Basis of Presentation – Other Events – Fire at Revlon Venezuela Facility," to the Unaudited Consolidated Financial Statements in this Form 10-Q.

Results of Operations

In the tables, all amounts are in millions and numbers in parentheses () denote unfavorable variances.

Net sales:

Second quarter results:

Consolidated net sales in the second quarter of 2013 were \$350.1 million, a decrease of \$7.0 million, or 2.0%, compared to \$357.1 million in the second quarter of 2012. Excluding the unfavorable impact of foreign currency fluctuations of \$6.4 million, consolidated net sales decreased \$0.6 million, or 0.2%, in the second quarter of 2013, primarily driven by lower net sales of Almay color cosmetics, as well as lower net sales in Venezuela due to the negative impact of business conditions in Venezuela. The decrease in net sales of Almay color cosmetics was primarily due to a reallocation of brand support from advertising, which is included in SG&A expenses, to promotional allowances, which are a deduction in arriving at net sales. The decreases in net sales were mostly offset by higher net sales of SinfulColors color cosmetics, as well as the inclusion of the net sales of Pure Ice color cosmetics which began upon its acquisition in July 2012.

Year-to-date results:

Consolidated net sales in the first six months of 2013 were \$682.0 million, a decrease of \$5.8 million, or 0.8%, compared to \$687.8 million in the first six months of 2012. Excluding the unfavorable impact of foreign currency fluctuations of \$12.3 million, consolidated net sales increased \$6.5 million, or 0.9%, in the first six months of 2013, primarily driven by higher net sales of SinfulColors color cosmetics, as well as the inclusion of the net sales of Pure Ice color cosmetics which began upon its acquisition in July 2012. The increases in net sales were partially offset by lower net sales of Almay color cosmetics, as well as lower net sales in Venezuela due to the negative impact of business conditions in Venezuela. The decrease in net sales of Almay color cosmetics was partially due to a reallocation of brand support from advertising, which is included in SG&A expenses, to promotional allowances, which are a deduction in arriving at net sales.

United States

Second quarter results:

In the U.S., net sales in the second quarter of 2013 were essentially flat compared to the second quarter of 2012, primarily driven by higher net sales of SinfulColors color cosmetics, as well as the inclusion of the net sales of Pure Ice color cosmetics which began upon its acquisition in July 2012, offset by lower net sales of Revlon color cosmetics and Almay color cosmetics. The decrease in net sales of Almay color cosmetics was primarily due to a reallocation of brand support from advertising, which is included in SG&A expenses, to promotional allowances, which are a deduction in arriving at net sales. Excluding the unfavorable impact of foreign currency fluctuations, net sales increased \$1.6 million, or 3.6%, primarily driven by higher net sales of fragrances and SinfulColors color cosmetics, partially offset by lower net sales of other beauty care products. From a country perspective, net sales increased in the U.K. and Italy (which together contributed 4.9 percentage points to the increase in the region's net sales in the second quarter of 2013, as compared to the second quarter of 2012). The increase in the region's net sales was partially offset by a decrease in net sales in France (which offset by 3.2 percentage points the increase in the region's net sales in the second quarter of 2013, as compared to the second quarter of 2012).

Year-to-date results:

In Europe, the Middle East and Africa, net sales in the first six months of 2013 decreased 7.5% to \$83.4 million, compared to \$90.2 million in the first six months of 2012. Latin America and Canada

Second quarter results:

In Latin America and Canada, net sales in the second quarter of 2013 decreased 7.2% to \$49.2 million, compared to \$53.0 million in the second quarter of 2012. Excluding the unfavorable impact of foreign currency fluctuations, net sales decreased \$2.7 million, or 5.1%, primarily driven by lower net sales of Almay color cosmetics and Revlon ColorSilk hair color, partially offset by higher net sales of Revlon color cosmetics. From a country perspective, the negative impact of business conditions in Venezuela, including currency restrictions, contributed \$6.3 million, or 11.9 percentage points, to the decrease in the region's net sales in the second quarter of 2013, as compared to the second quarter of 2012. The decrease in the region's net sales was partially offset by an increase in net sales in Argentina, Mexico and certain distributor territories (which together offset by 8.0 percentage points the decrease in the region's net sales in the second quarter of 2013, as compared to the second quarter of 2012). Net sales in Argentina benefited from higher selling prices resulting from market conditions and inflation.

As a percentage of net sales, gross profit decreased 0.8 percentage points in the second quarter of 2013, compared to the second quarter of 2012. The drivers of gross profit in the second quarter of 2013, compared to the second quarter of 2012 primarily included:

\$7.3 million of lower advertising expenses primarily due to a reallocation of brand support from advertising, which is included in SG&A expenses, to promotional allowances, which are a deduction in arriving at net sales in the second quarter of 2013;

\$6.7 million of lower general and administrative expenses primarily due to the impact of the \$6.7 million litigation loss contingency recognized in the second quarter of 2012 that did not recur in the second quarter of 2013 (see Note 13, "Contingencies" to the Unaudited Consolidated Financial Statements for further discussion); and

\$2.7 million of favorable impact of foreign currency fluctuations.

SG&A expenses decreased \$30.0 million in the first six months of 2013, as compared to the first six months of 2012, primarily driven by:

a \$26.4 million gain from insurance proceeds in the first six months of 2013 due to the settlement of the Company's claims for the loss of inventory as well as business interruption and property losses as a result of the Venezuela fire, partially offset by an accrual of \$4.5 million for estimated clean-up costs related to the destroyed facility in Venezuela, which was recognized in the second quarter of 2013, and \$1.1 million of income from insurance proceeds recognized in the first six months of 2012 related to business interruption losses incurred as a result of the Venezuela fire. See Note 1, "Description of Business and Basis of Presentation – Other Events – Fire at Revlon Venezuela Facility," to the Unaudited Consolidated Financial Statements in this Form 10-Q;

\$5.1 million of lower general and administrative expenses primarily due to the impact of the \$6.7 million litigation loss contingency recognized in the first six months of 2012 that did not recur in the first six months of 2013 (see Note 13, "Contingencies" to the Unaudited Consolidated Financial Statements for further discussion);

\$4.9 million of favorable impact of foreign currency fluctuations; and

\$4.5 million of lower advertising expenses primarily due to a reallocation of brand support from advertising, which is included in SG&A expenses, to promotional allowances, which are a deduction in arriving at net sales in the first six months of 2013.

Included in SG&A expenses for the second quarter and first six months of 2013 is higher incentive compensation expense of \$1.2 million and \$2.3 million, respectively, related to a modification to the structure of the Company's long-term incentive plan to better align the plan with the Company's long-term performance. While the new structure does not change the amount of the employees' potential annual incentive award, the transition is expected to result in higher expense in 2013 and 2014, as compared to 2012, by approximately \$5 million and \$3 million, respectively. The Company expects no additional expense related to the transition to the new structure after 2014.

In September 2012, the Company announced a worldwide restructuring (the “September 2012 Program”), which primarily involved the Company exiting its owned manufacturing facility in France and its leased manufacturing facility in Maryland; rightsizing its organizations in France and Italy; and realigning its operations in Latin America, including consolidating Latin America and Canada into a single operating region, which became effective in the fourth quarter of 2012.

During the second quarter of 2013, the Company recorded additional charges related to the September 2012 Program of \$3.3 million primarily due to changes in estimates related to severance and other termination benefits. Of the \$3.3 million charge, \$3.1 million is recorded in restructuring charges and other, net, \$0.2 million is recorded in cost of sales and \$0.1 million is recorded in SG&A expenses, partially offset by a \$0.1 million benefit recorded in net sales.

(all tabular amounts in millions, except share and per share amounts)

During the first six months of 2013, the Company recorded additional charges related to the September 2012 Program of \$3.6 million primarily due to changes in estimates related to severance and other termination benefits. Of the \$3.6 million charge, \$3.3 million is recorded in restructuring charges and other, net, \$0.2 million is recorded in cost of sales and \$0.2 million is recorded in SG&A expenses, partially offset by a \$0.1 million benefit recorded in net sales.

The Company expects to recognize an additional net benefit of approximately \$2 million for the remainder of 2013 for a total of approximately \$26 million in charges related to the September 2012 Program. This expected net benefit includes a \$2.4 million gain as a result of the July 2013 sale of the Company's manufacturing facility in France, which gain will be recognized in the third quarter of 2013.

The Company expects to pay net cash of approximately \$24 million related to the September 2012 Program, of which \$3.8 million was paid in 2012, \$13.2 million was paid during the six months ended June 30, 2013, and the remainder is expected to be paid during the remaining six months of 2013. The total expected net cash payments of approximately \$24 million include the cash proceeds of \$2.6 million received in July 2013 related to the sale of the Company's manufacturing facility in France.

The Company expects approximately \$7 million of cost reductions to benefit 2013 and annualized cost reductions thereafter are expected to be approximately \$10 million. For further discussion of the September 2012 Program, see Note 3, "Restructuring Charges and Other, Net," to the Unaudited Consolidated Financial Statements in this Form 10-Q.

Foreign currency gains, net, of \$0.8 million during the second quarter of 2013, as compared to foreign currency losses, net, of \$0.4 million during the second quarter of 2012, was primarily driven by a \$1.3 million increase in foreign currency gains for the second quarter of 2013 compared to the second quarter of 2012 related to the Company's foreign currency forward exchange contracts ("FX Contracts").

The increase in foreign currency losses, net, of \$0.4 million during the first six months of 2013, as compared to the first six months of 2012, was primarily driven by:

the unfavorable impact of the revaluation of certain foreign currency denominated intercompany receivables and payables from the Company's foreign subsidiaries during the first six months of 2013 compared to the first six months of 2012; and

a \$0.6 million foreign currency loss related to the required re-measurement of the balance sheet of the Company's subsidiary in Venezuela (Revlon Venezuela) during the first quarter of 2013 to reflect the impact of the devaluation of Venezuela's local currency relative to the U.S. Dollar. See "Financial Condition, Liquidity, and Capital Resources – Impact of Foreign Currency Translation - Venezuela" for further discussion. As Venezuela was designated as a highly inflationary economy effective January 1, 2010, this foreign currency loss was reflected in earnings;

with the foregoing partially offset by:

a \$2.3 million foreign currency gain for the first six months of 2013 compared to a \$1.1 million foreign currency loss for the first six months of 2012 related to the Company's FX Contracts.

Provision for income taxes:

Provision for income taxes	\$17.0	\$9.1	\$(7.9)	\$18.2	\$20.1	\$1.9

The \$7.9 million increase in the provision for income taxes in the second quarter of 2013 as compared to the second quarter of 2012 was primarily attributable to the favorable resolution of tax matters in a foreign jurisdiction in the second quarter of 2012 that did not recur in the second quarter of 2013, as well as increased pre-tax income in the second quarter of 2013, partially offset by certain favorable discrete items that benefited the second quarter of 2013. The \$1.9 million decrease in the provision for income taxes in the first six months of 2013 as compared to the first six months of 2012 was primarily attributable to the loss on early extinguishment of debt recognized in the first quarter of 2013 related to the 2013 Senior Notes Refinancing and the 2013 Bank Term Loan Amendments, partially offset by the favorable resolution of tax matters in a foreign jurisdiction in the first six months of 2012 that did not recur in the first six months of 2013.

The Company's effective tax rate for the three months ended June 30, 2013 was higher than the federal statutory rate of 35% due principally to foreign dividends and earnings taxable in the U.S. and state and local taxes, net of U.S. federal income tax benefit; partially offset by foreign and U.S. tax effects attributable to operations outside the U.S.

The Company's effective tax rate for the six months ended June 30, 2013 was higher than the federal statutory rate of 35% due principally to foreign dividends and earnings taxable in the U.S.

The Company expects that its tax provision and effective tax rate in any individual quarter will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year.

Financial Condition, Liquidity and Capital Resources

At June 30, 2013, the Company had a liquidity position of \$261.1 million, consisting of cash and cash equivalents (net of any outstanding checks) of \$130.9 million, as well as \$130.2 million in available borrowings under the 5-year, \$140.0 million asset-based, multi-currency revolving credit facility due June 16, 2016 (the “2011 Revolving Credit Facility”) based upon the borrowing base less \$9.8 million of undrawn outstanding letters of credit and nil then drawn under the 2011 Revolving Credit Facility at such date.

The Company completed the following debt transactions during the first six months of 2013:

(a) 2013 Senior Notes Refinancing

On February 8, 2013, Products Corporation completed its offering (the "2013 Senior Notes Refinancing"), pursuant to an exemption from registration under the Securities Act of 1933 (as amended, the "Securities Act"), of \$500.0 million aggregate principal amount of 5¾% Senior Notes due 2021 (the "5¾% Senior Notes"). The 5¾% Senior Notes are unsecured and were issued to investors at par. The 5¾% Senior Notes mature on February 15, 2021. Interest on the 5¾% Senior Notes accrues at 5¾% per annum, paid every six months on February 15th and August 15th, with the first interest payment due on August 15, 2013.

The 5¾% Senior Notes were issued pursuant to an indenture (the "5¾% Senior Notes Indenture"), dated as of February 8, 2013 (the "Closing Date"), by and among Products Corporation, Products Corporation's domestic subsidiaries (the "Guarantors"), which also currently guarantee Products Corporation's 2011 Term Loan Facility and 2011 Revolving Credit Facility, and U.S. Bank National Association, as trustee. The Guarantors issued guarantees (the "Guarantees") of Products Corporation's obligations under the 5¾% Senior Notes and the 5¾% Senior Notes Indenture on a joint and several, senior unsecured basis.

Products Corporation used a portion of the \$491.2 million of net proceeds from the issuance of the 5¾% Senior Notes (net of underwriters' fees), to repay and redeem all of the \$330 million outstanding aggregate principal amount of its 9¾% Senior Secured Notes, as well as to pay \$8.6 million of accrued interest. Products Corporation incurred an aggregate of \$19.1 million of fees for the applicable redemption and tender offer premiums, related fees and expenses in connection with redemption and repayment of the 9¾% Senior Secured Notes and other fees and expenses in connection with the issuance of the 5¾% Senior Notes. Products Corporation used a portion of the remaining proceeds from the issuance of the 5¾% Senior Notes, together with existing cash, to pay approximately \$113.0 million of principal on its 2011 Term Loan Facility in conjunction with the 2013 Bank Term Loan Amendments. Products Corporation expects to use the remaining balance available from the issuance of the 5¾% Senior Notes for general corporate purposes, including, without limitation, debt reduction transactions, such as repaying to Revlon, Inc. at maturity in October 2013 the \$48.6 million principal amount due from Products Corporation (the "Contributed Loan"), which Revlon, Inc. expects to use to pay the liquidation preference of Revlon, Inc.'s Preferred Stock on October 8, 2013, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law.

In connection with these refinancing transactions, the Company capitalized \$10.3 million of fees and expenses incurred related to the issuance of the 5¾% Senior Notes, which is being amortized over the term of the 5¾% Senior Notes using the effective interest method. The Company also recognized a loss on the early extinguishment of debt of \$25.4 million during the first six months of 2013, comprised of \$17.6 million of redemption and tender offer premiums, as well as fees and expenses which were expensed as incurred in connection with the redemption and repayment of the 9¾% Senior Secured Notes, as well as the write-off of \$7.8 million of unamortized debt discount and deferred financing costs associated with the 9¾% Senior Secured Notes.

Ranking

The 5¾% Senior Notes are Products Corporation's unsubordinated, unsecured obligations and rank senior in right of payment to any future subordinated obligations of Products Corporation and rank pari passu in right of payment with all existing and future senior debt of Products Corporation. Similarly, each Guarantee is the relevant Guarantor's joint

and several, unsubordinated and unsecured obligation and ranks senior in right of payment to any future subordinated obligations of such Guarantor and ranks pari passu in right of payment with all existing and future senior debt of such Guarantor.

The 5¾% Senior Notes and the Guarantees rank effectively junior to Products Corporation's 2011 Term Loan Facility and 2011 Revolving Credit Facility, which are secured, as well as indebtedness and preferred stock of Products Corporation's foreign and immaterial subsidiaries (the "Non-Guarantor Subsidiaries"), none of which guarantee the 5¾% Senior Notes.

Optional Redemption

On and after February 15, 2016, the 5¾% Senior Notes may be redeemed at Products Corporation's option, at any time as a whole, or from time to time in part, at the following redemption prices (expressed as percentages of principal amount), plus accrued interest to the date of redemption, if redeemed during the 12-month period beginning on February 15th of the years indicated below:

(all tabular amounts in millions, except share and per share amounts)

Year	Percentage	
2016	104.313	%
2017	102.875	%
2018	101.438	%
2019 and thereafter	100.000	%

Products Corporation may redeem the 5¾% Senior Notes at its option at any time or from time to time prior to February 15, 2016, as a whole or in part, at a redemption price per 5¾% Senior Note equal to the sum of (1) the then outstanding principal amount thereof, plus (2) accrued and unpaid interest (if any) to the date of redemption, plus (3) the applicable premium based on the applicable treasury rate plus 75 basis points.

Prior to February 15, 2016, Products Corporation may, from time to time, redeem up to 35% of the aggregate principal amount of the 5¾% Senior Notes and any additional notes with, and to the extent Products Corporation actually receives, the net proceeds of one or more equity offerings from time to time, at 105.75% of the principal amount thereof, plus accrued interest to the date of redemption.

Change of Control

Upon the occurrence of specified change of control events, Products Corporation is required to make an offer to purchase all of the 5¾% Senior Notes at a purchase price of 101% of the outstanding principal amount of the 5¾% Senior Notes as of the date of any such repurchase, plus accrued and unpaid interest to the date of repurchase.

Certain Covenants

The 5¾% Senior Notes Indenture limits Products Corporation's and the Guarantors' ability, and the ability of certain other subsidiaries, to:

- incur or guarantee additional indebtedness ("Limitation on Debt");
- pay dividends, make repayments on indebtedness that is subordinated in right of payment to the 5¾% Senior Notes and make other "restricted payments" ("Limitation on Restricted Payments");
- make certain investments;
- create liens on their assets to secure debt;
- enter into transactions with affiliates;
- merge, consolidate or amalgamate with another company ("Successor Company");
- transfer and sell assets ("Limitation on Asset Sales"); and
- permit restrictions on the payment of dividends by Products Corporation's subsidiaries ("Limitation on Dividends from Subsidiaries").

These covenants are subject to important qualifications and exceptions. The 5¾% Senior Notes Indenture also contains customary affirmative covenants and events of default.

In addition, if during any period of time the 5¾% Senior Notes receive investment grade ratings from both Standard & Poor's and Moody's Investors Services, Inc. and no default or event of default has occurred and is continuing under the 5¾% Senior Notes Indenture, Products Corporation and its subsidiaries will not be subject to the covenants on Limitation on Debt, Limitation on Restricted Payments, Limitation on Asset Sales, Limitation on Dividends from Subsidiaries and certain provisions of the Successor Company covenant.

Registration Rights

On the Closing Date, Products Corporation, the Guarantors and the representatives of the initial purchasers of the 5¾% Senior Notes entered into a Registration Rights Agreement, pursuant to which Products Corporation and the Guarantors agreed with the representatives of the initial purchasers, for the benefit of the holders of the 5¾% Senior Notes, that Products Corporation will, at its cost, among other things: (i) file a registration statement with respect to the 5¾% Senior Notes within 150 days after the Closing Date to be used in connection with the exchange of the 5¾% Senior Notes and related guarantees for publicly registered notes and related guarantees with substantially identical terms in all material respects (except for the transfer restrictions relating to the 5¾% Senior Notes and interest rate increases as described below); (ii) use its reasonable best efforts to cause the applicable

registration statement to become effective under the Securities Act within 210 days after the Closing Date; and (iii) use its reasonable best efforts to effect an exchange offer of the 5¾% Senior Notes and the related guarantees for registered notes and related guarantees within 270 days after the Closing Date. In addition, under certain circumstances, Products Corporation may be required to file a shelf registration statement to cover resales of the 5¾% Senior Notes. If Products Corporation fails to satisfy such obligations, it will be obligated to pay additional interest to each holder of the 5¾% Senior Notes that are subject to transfer restrictions, with respect to the first 90-day period immediately following any such failure, at a rate of 0.25% per annum on the principal amount of the 5¾% Senior Notes that are subject to transfer restrictions held by such holder. The amount of additional interest will increase by an additional 0.25% per annum with respect to each subsequent 90-day period until all registration requirements have been satisfied, up to a maximum amount of additional interest of 0.50% per annum on the principal amount of the 5¾% Senior Notes that are subject to transfer restrictions. Pursuant to the Registration Agreement, in May 2013 Products Corporation filed a registration statement, and filed amended registration statements in June and July 2013, with the SEC that, when such statement becomes effective, will permit holders of the 5¾% Senior Notes to exchange such notes for new notes that will have substantially identical terms to the 5¾% Senior Notes, except that (1) the new notes and the related guarantees will be registered with the SEC under the Securities Act, and (2) the transfer restrictions and registration rights currently applicable to the 5¾% Senior Notes would no longer apply to the new notes. The registration statement is not yet effective.

Products Corporation was in compliance with all applicable covenants under its 5¾% Senior Notes Indenture as of June 30, 2013 and its 9¾% Senior Secured Notes Indenture as of December 31, 2012.

(b) 2013 Bank Term Loan Amendments to the 2011 Term Loan Agreement

On February 21, 2013, Products Corporation consummated the 2013 Bank Term Loan Amendments, among Products Corporation, as borrower, a syndicate of lenders and Citicorp, USA, Inc. ("CUSA"), as administrative agent and collateral agent.

Pursuant to the 2013 Bank Term Loan Amendments, Products Corporation reduced the total aggregate principal amount outstanding under the 2011 Term Loan Facility from \$788.0 million to \$675.0 million, using a portion of the proceeds from Products Corporation's issuance of its 5¾% Senior Notes (see "– 2013 Senior Notes Refinancing"), together with cash on hand. The 2013 Bank Term Loan Amendments also reduced the interest rates on the 2011 Term Loan Facility such that Eurodollar Loans bear interest at the Eurodollar Rate plus 3.00% per annum, with the Eurodollar Rate not to be less than 1.00% (compared to 3.50% and 1.25%, respectively, prior to the 2013 Bank Term Loan Amendments), while Alternate Base Rate loans bear interest at the Alternate Base Rate plus 2.00%, with the Alternate Base Rate not to be less than 2.00% (compared to 2.50% and 2.25%, respectively, prior to the 2013 Bank Term Loan Amendments) (and as each such term is defined in the 2011 Term Loan Agreement).

Pursuant to the 2013 Bank Term Loan Amendments, Products Corporation, under certain circumstances, also has the right to request the 2011 Term Loan Facility be increased by up to the greater of (i) \$300 million and (ii) an amount such that Products Corporation's First Lien Secured Leverage Ratio (as defined in the 2011 Term Loan Agreement) does not exceed 3.50:1.00 (compared to \$300 million prior to the 2013 Bank Term Loan Amendments), provided that the lenders are not committed to provide any such increase.

Products Corporation's Revolving Credit Facility due under the third amended and restated revolving credit agreement dated June 16, 2011 (the "2011 Revolving Credit Agreement") remains unchanged.

For the six months ended June 30, 2013, the Company incurred approximately \$1.2 million of fees and expenses in connection with the 2013 Bank Term Loan Amendments, of which, \$0.2 million was capitalized. The Company expensed the remaining \$1.0 million of fees and expenses and wrote-off \$1.5 million of unamortized debt discount and deferred financing costs. These amounts, totaling \$2.5 million, were recognized within loss on early

extinguishment of debt in the Company's Consolidated Statements of Income and Comprehensive Income for the six months ended June 30, 2013.

Products Corporation was in compliance with all applicable covenants under the 2011 Credit Agreements as of June 30, 2013 and as of December 31, 2012. At June 30, 2013, the aggregate principal amount outstanding under the 2011 Term Loan Facility was \$675.0 million and availability under the 2011 Revolving Credit Facility, based upon the calculated borrowing base less \$9.8 million of outstanding undrawn letters of credit and nil then drawn on the 2011 Revolving Credit Facility was \$130.2 million. There were no borrowings under the 2011 Revolving Credit Facility during the second quarters and first six months of 2013 and 2012.

Impact of Foreign Currency Translation – Venezuela

During the second quarters of 2013 and 2012, Revlon Venezuela had net sales of approximately 1% and 2%, respectively, of the Company's consolidated net sales. During the first six months of 2013 and 2012, Revlon Venezuela had net sales of

REVLOON, INC. AND SUBSIDIARIES

MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

(all tabular amounts in millions, except share and per share amounts)

approximately 1% and 2%, respectively, of the Company's consolidated net sales. At both June 30, 2013 and December 31, 2012, total assets in Revlon Venezuela were approximately 2% of the Company's total assets.

Highly-Inflationary Economy: Effective January 1, 2010, Venezuela was designated as a highly inflationary economy under U.S. GAAP. As a result, beginning January 1, 2010, the U.S. Dollar is the functional currency for Revlon Venezuela. Through December 31, 2009, prior to Venezuela being designated as highly inflationary, currency translation adjustments of Revlon Venezuela's balance sheet were reflected in stockholders' deficiency as part of other comprehensive income; however, subsequent to January 1, 2010, such adjustments are reflected in earnings.

Currency Devaluation: On February 8, 2013, the Venezuelan government announced the devaluation of its local currency ("Bolivars") relative to the U.S. Dollar, effective beginning February 13, 2013. The devaluation changed the official exchange rate to 6.30 Bolivars per U.S. Dollar (the "Official Rate"). The Venezuelan government also announced that the currency market administered by the central bank known as the Sistema de Transacciones en Moneda Extranjera ("SITME") would be eliminated. Revlon Venezuela was using the U.S. Dollars obtained in the SITME market to import finished products and sell them in the local market. As previously disclosed in Revlon, Inc.'s 2012 Form 10-K, the Company was also using the SITME rate to translate the financial statements of Revlon Venezuela beginning in April 2011.

As a result of the elimination of the SITME market, the Company began using the Official Rate of 6.30 Bolivars per U.S. Dollar to translate Revlon Venezuela's financial statements beginning in the first quarter of 2013. For the six months ended June 30, 2013, the devaluation of the local currency had the impact of reducing reported net sales by \$0.9 million and the impact on operating income was de minimis. Additionally, to reflect the impact of the currency devaluation, a one-time foreign currency loss of \$0.6 million was recorded in the first quarter of 2013 as a result of the required re-measurement of Revlon Venezuela's balance sheet. As Venezuela was designated as a highly inflationary economy effective January 1, 2010, the Company reflected this foreign currency loss in earnings.

As of the date of this filing, a new foreign currency exchange system is being developed in Venezuela to replace the SITME market. As a result, the Company has been unable to access U.S. Dollars in Venezuela since the devaluation in early February 2013. Once a new currency market is developed, the Company will consider participating in exchanging Bolivars for U.S. Dollars to the extent permitted. If the rate of exchange in the new currency market is higher than the Official Rate, it would have a negative impact on the Company's results of operations going forward. In addition, during the second quarter of 2013, Revlon Venezuela received approval from the Venezuelan government to import certain products through the foreign exchange commission, the Comisión de Administración de Divisas ("CADIVI"), subject to certain restrictions. The Company expects to begin importing through CADIVI in the third quarter of 2013.

Sources and Uses

The Company's principal sources of funds are expected to be operating revenues, cash on hand and funds available for borrowing under the 2011 Revolving Credit Facility and other permitted lines of credit. The 2011 Credit Agreements, the 5¾% Senior Notes Indenture and the Amended and Restated Senior Subordinated Term Loan Agreement with MacAndrews & Forbes (the "Amended and Restated Senior Subordinated Term Loan Agreement") contain certain provisions that by their terms limit Products Corporation and its subsidiaries' ability to, among other things, incur additional debt.

The Company's principal uses of funds are expected to be the payment of operating expenses, including expenses in connection with the continued execution of the Company's business strategy, purchases of permanent wall displays, capital expenditure requirements, debt service payments and costs, tax payments, pension and post-retirement benefit plan contributions, payments in connection with the Company's restructuring programs, severance not otherwise included in the Company's restructuring programs, debt repurchases and costs related to litigation. The Company's cash contributions to its pension and post-retirement benefit plans in the first six months of 2013 were \$7.6 million. The

Company expects cash contributions to its pension and post-retirement benefit plans to be approximately \$20 million in the aggregate for full year 2013. The Company's cash taxes paid in the first six months of 2013 were \$8.0 million. The Company expects to pay cash taxes of approximately \$15 million in the aggregate for full year 2013. The Company's purchases of permanent wall displays and capital expenditures in the first six months of 2013 were \$23.0 million and \$12.1 million, respectively. The Company expects purchases of permanent wall displays and capital expenditures in the aggregate for full year 2013 to be approximately \$50 million and \$25 million, respectively. The Company has undertaken, and continues to assess, refine and implement, a number of programs to efficiently manage its working capital, including, among other things, initiatives intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of accounts receivable and accounts payable; and controls on general and administrative spending. In the ordinary course of business, the Company's source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital flows.

(all tabular amounts in millions, except share and per share amounts)

Continuing to execute the Company's business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands, further refining the Company's approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and organizational size and structure. Any of these actions, the intended purpose of which would be to create value through profitable growth, could result in the Company making investments and/or recognizing charges related to executing against such opportunities. Any such activities may be funded with cash on hand, funds available under the 2011 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt.

The Company may also, from time to time, seek to retire or purchase its outstanding debt obligations in open market purchases, in privately negotiated transactions or otherwise and may seek to refinance some or all of its indebtedness based upon market conditions. Any retirement or purchase of debt may be funded with operating cash flows of the business or other sources and will depend upon prevailing market conditions, liquidity requirements, contractual restrictions and other factors, and the amounts involved may be material.

The Company expects that operating revenues, cash on hand and funds available for borrowing under the 2011 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to cover its operating expenses for 2013, including cash requirements in connection with the payment of operating expenses, including expenses in connection with the execution of the Company's business strategy, purchases of permanent wall displays, capital expenditure requirements, debt service payments and costs, tax payments, pension and post-retirement plan contributions, payments in connection with the Company's restructuring programs, severance not otherwise included in the Company's restructuring programs, debt repurchases and costs related to litigation.

There can be no assurance that available funds will be sufficient to meet the Company's cash requirements on a consolidated basis. If the Company's anticipated level of revenues is not achieved because of, among other things, decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; adverse changes in currency exchange rates and/or currency controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors; changes in consumer purchasing habits, including with respect to shopping channels; retailer inventory management, retailer space reconfigurations or reductions in retailer display space; changes in retailer pricing or promotional strategies; or less than anticipated results from the Company's existing or new products or from its advertising, promotional and/or marketing plans; or if the Company's expenses, including, without limitation, for pension expense under its benefit plans, costs related to litigation, advertising, promotional and marketing activities or for sales returns related to any reduction of retail space, product discontinuances or otherwise, exceed the anticipated level of expenses, the Company's current sources of funds may be insufficient to meet the Company's cash requirements.

Any such developments, if significant, could reduce the Company's revenues and could adversely affect Products Corporation's ability to comply with certain financial covenants under the 2011 Credit Agreements and in such event the Company could be required to take measures, including, among other things, reducing discretionary spending. (See also Part I, Item 1A. "Risk Factors" in Revlon, Inc.'s 2012 Form 10-K, as supplemented by Part II, Item 1A "Risk Factors" in Revlon, Inc.'s March 31, 2013 Form 10-Q filed with the SEC on April 25, 2013 for further discussion of certain risks associated with the Company's business and indebtedness.)

Revlon, Inc. expects that the payment of the regular quarterly dividends on its Preferred Stock will continue to be funded by cash interest payments to be received by Revlon, Inc. from Products Corporation on the Contributed Loan (the \$48.6 million portion of the Amended and Restated Senior Subordinated Term Loan that was contributed to Revlon, Inc. by MacAndrews & Forbes in connection with the voluntary exchange offer Revlon, Inc. launched and consummated in 2009 (the "2009 Exchange Offer"), subject to Revlon, Inc. having sufficient surplus or net profits in accordance with Delaware law. Additionally, Revlon, Inc. expects to pay the liquidation preference of the Preferred Stock on October 8, 2013 with the cash payment to be received by Revlon, Inc. from Products Corporation in respect

of the October 2013 maturity of the principal amount outstanding under the Contributed Loan, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law. The payment of such interest and principal under the Contributed Loan to Revlon, Inc. by Products Corporation is permissible under the 2011 Credit Agreements, the Amended and Restated Senior Subordinated Term Loan Agreement and the 5³/₄% Senior Notes Indenture. In accordance with the terms of the certificate of designation of the Preferred Stock, on January 8, 2013, Revlon, Inc. paid to holders of record of the Preferred Stock at the close of business on December 28, 2012 the regular quarterly dividend in the amount of \$0.167016 per share, or \$1.6 million in the aggregate, for the period from October 9, 2012 through January 8, 2013. On April 8, 2013, Revlon, Inc. paid to holders of record of the Preferred Stock at the close of business on March 28, 2013 the regular quarterly dividend in the amount of \$0.163794 per share, or \$1.5 million in the aggregate, for the period from January 9, 2013 through April 8, 2013. On July 8, 2013, Revlon, Inc. paid to holders of record of the Preferred Stock at the close of business

Products Corporation enters into FX Contracts and option contracts from time to time to hedge certain net cash flows denominated in currencies other than the local currencies of the Company's foreign and domestic operations. The FX Contracts are entered into primarily for the purpose of hedging anticipated inventory purchases and certain intercompany payments denominated in currencies other than the local currencies of the Company's foreign and domestic operations and generally have maturities of less than one year. At June 30, 2013, the FX Contracts outstanding had a notional amount of \$51.7 million and a net asset fair value of \$1.7 million.

Item 3. Quantitative and Qualitative Disclosures about Market Risk

The Company has exposure to market risk both as a result of changing interest rates and movements in foreign currency exchange rates. The Company's policy is to manage market risk through a combination of fixed and floating rate debt. The Company from time to time makes use of derivative financial instruments to adjust its fixed and floating rate ratio. The Company does not hold or issue financial instruments for trading purposes. The qualitative and quantitative information presented in Item 7A of Revlon, Inc.'s 2012 Form 10-K ("Item 7A") describes significant aspects of the Company's financial instrument programs that have material market risk as of December 31, 2012. Forward-Looking Statements

This Quarterly Report on Form 10-Q for the three and six months ended June 30, 2013, as well as other public documents and statements of the Company, contain forward-looking statements that involve risks and uncertainties, which are based on the beliefs, expectations, estimates, projections, assumptions, forecasts, plans, anticipations, targets, outlooks, initiatives, visions, objectives, strategies, opportunities, drivers, focus and intents of the Company's management. While the Company believes that its estimates and assumptions are reasonable, the Company cautions that it is very difficult to predict the impact of known factors, and, of course, it is impossible for the Company to anticipate all factors that could affect its results. The Company's actual results may differ materially from those discussed in such forward-looking statements. Such statements include, without limitation, the Company's expectations and estimates (whether qualitative or quantitative) as to:

(i) the Company's future financial performance;

the effect on sales of decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; adverse changes in currency exchange rates and/or currency controls; decreased sales of the Company's products as a result of increased competitive activities by the Company's competitors, changes in consumer purchasing habits, including with respect to shopping channels; retailer

(iii) the Company's belief that the continued execution of its business strategy could include taking advantage of additional opportunities to reposition, repackage or reformulate one or more brands or product lines, launching additional new products, acquiring businesses or brands, further refining its approach to retail merchandising and/or taking further actions to optimize its manufacturing, sourcing and organizational size and structure, any of which, the intended purpose of which would be to create value through profitable growth, could result in the Company making investments and/or recognizing charges related to executing against such opportunities, which activities may be funded with cash on hand, funds available under the 2011 Revolving Credit Facility and/or other permitted additional sources of capital, which actions could increase the Company's total debt;

(iv)

the Company's expectations regarding its strategic goal to profitably grow its business and as to the business strategies employed to achieve this goal, which are: (a) continuing to build its strong brands by focusing on innovative, high-quality, consumer-preferred brand offering; effective consumer brand communication; appropriate levels of advertising and promotion; and superb execution with its retail partners; (b) continuing to develop its organizational capability through retaining, attracting and rewarding highly capable people and through performance management, development planning, succession planning and training; (c) continuing to drive common global processes which are designed to provide the most efficient and effective allocation of its resources; (d) focusing on pursuing growth opportunities with the Company's existing brands as well as seeking to acquire brands to complement the Company's core business; and (e) continuing to drive the Company's collective business activities to deliver improved financial performance;

(v) the effect of restructuring activities, restructuring costs and charges, the timing of restructuring payments and the benefits from such activities; including, without limitation, the Company's expectation that approximately \$7 million

REVLON, INC. AND SUBSIDIARIES

of cost reductions associated with the September 2012 Program are expected to benefit 2013 and annualized cost reductions thereafter are expected to be approximately \$10 million; the Company's expectation to recognize a net benefit of approximately \$2 million for the remainder of 2013 (which includes a \$2.4 million gain as a result of the July 2013 sale of the Company's manufacturing facility in France, which gain will be recognized in the third quarter of 2013), for a total of approximately \$26 million in charges related to the September 2012 Program; and the Company's expectation that the total net cash paid related to the September 2012 Program will be approximately \$24 million (which includes the cash proceeds of \$2.6 million received in July 2013 related to the sale of the Company's manufacturing facility in France), of which \$3.8 million was paid in 2012, \$13.2 million was paid in the six months ended June 30, 2013 and the remainder is expected to be paid during the remaining six months of 2013;

(vi) the Company's expectation that operating revenues, cash on hand and funds available for borrowing under Products Corporation's 2011 Revolving Credit Facility and other permitted lines of credit will be sufficient to enable the Company to cover its operating expenses for 2013, including the cash requirements referred to in item (viii) below;

(vii) the Company's expected principal sources of funds, including operating revenues, cash on hand and funds available for borrowing under Products Corporation's 2011 Revolving Credit Facility and other permitted lines of credit, as well as the availability of funds from the Company taking certain measures, including, among other things, reducing discretionary spending;

(x) matters concerning the Company's market-risk sensitive instruments, as well as the Company's expectations as to the counterparty's performance, including that any loss arising from any non-performance by the counterparty would not be material;

(xi) the Company's expectation to efficiently manage its working capital, including, among other things, initiatives intended to optimize inventory levels over time; centralized procurement to secure discounts and efficiencies; prudent management of accounts receivable and accounts payable; and controls on general and administrative spending; and the Company's belief that in the ordinary course of business, its source or use of cash from operating activities may vary on a quarterly basis as a result of a number of factors, including the timing of working capital

flows;

- (xii) the Company's expectations regarding its future net periodic benefit cost for its U.S. and international defined benefit plans;
 - the Company's expectation that the payment of the regular quarterly dividends on the Preferred Stock will continue to be funded by cash interest payments to be received by Revlon, Inc. from Products Corporation on the Contributed Loan (the \$48.6 million portion of the Amended and Restated Senior Subordinated Term Loan that was contributed to Revlon, Inc. by MacAndrews & Forbes in connection with consummating the 2009 Exchange Offer), subject to Revlon, Inc. having sufficient surplus or net profits in accordance with Delaware law, and its expectation of paying the liquidation preference of the Preferred Stock on October 8, 2013 with the cash payment to be received by Revlon, Inc. from Products Corporation in respect of the maturity of the principal amount outstanding under the Contributed Loan, subject to Revlon, Inc. having sufficient surplus in accordance with Delaware law;
- (xiv) the Company's belief that it maintains comprehensive property insurance, as well as business interruption insurance;

- (xv) the Company's expectation that its tax provision and effective tax rate in any individual quarter will vary and may not be indicative of the Company's tax provision and effective tax rate for the full year;
- the Company's expectation that once a new currency market is developed in Venezuela, the Company will consider participating in exchanging Bolivars for U.S. Dollars to the extent permitted and the Company's belief
- (xvi) that if the rate of exchange in the new currency market is higher than the Official Rate, it would have a negative impact on the Company's results of operations going forward; and the Company's expectation to begin importing certain products through CADIVI in the third quarter of 2013;
- the Company's belief that while the outcome of all pending legal proceedings in the aggregate is unlikely to have a material adverse effect on the Company's business, financial condition and/or its results of operations, in light
- (xvii) of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period;
- the Company's belief that while the new structure of its long-term incentive plan does not change the amount of
- (xviii) the employees' potential annual incentive award, the transition is expected to result in higher expense in 2013 and 2014 as compared to 2012 by approximately \$5 million and \$3 million, respectively, and that the Company expects no additional expense related to the transition to the new structure after 2014; and
- (xix) the Company's \$4.5 million accrual for estimated clean-up costs related to the destroyed facility in Venezuela.

Statements that are not historical facts, including statements about the Company's beliefs and expectations, are forward-looking statements. Forward-looking statements can be identified by, among other things, the use of forward-looking language such as "estimates," "objectives," "visions," "projects," "forecasts," "focus," "drive towards," "plans," "targets," "strategies," "opportunities," "assumptions," "drivers," "believes," "intends," "outlooks," "initiatives," "expects," "scheduled to," "anticipates," "seeks," "may," "will" or "should" or the negative of those terms, or other variations of those terms or comparable language, or by discussions of strategies, targets, long-range plans, models or intentions. Forward-looking statements speak only as of the date they are made, and except for the Company's ongoing obligations under the U.S. federal securities laws, the Company undertakes no obligation to publicly update any forward-looking statements, whether as a result of new information, future events or otherwise. Investors are advised, however, to consult any additional disclosures the Company made or may make in its 2012 Form 10-K, and in its Quarterly Reports on Form 10-Q and Current Reports on Form 8-K, in each case filed with the SEC in 2013 (which, among other places, can be found on the SEC's website at <http://www.sec.gov>, as well as on the Company's corporate website at www.revloninc.com). Except as expressly set forth in this Form 10-Q, the information available from time to time on such websites shall not be deemed incorporated by reference into this Quarterly Report on Form 10-Q. A number of important factors could cause actual results to differ materially from those contained in any forward-looking statement. (See also Part I, Item 1A. "Risk Factors" in Revlon, Inc.'s 2012 Form 10-K, as supplemented by Part II, Item 1A "Risk Factors" in Revlon, Inc.'s March 31, 2013 Form 10-Q filed with the SEC on April 25, 2013, for further discussion of risks associated with the Company's business.) In addition to factors that may be described in the Company's filings with the SEC, including this filing, the following factors, among others, could cause the Company's actual results to differ materially from those expressed in any forward-looking statements made by the Company:

- (i) unanticipated circumstances or results affecting the Company's financial performance, including decreased consumer spending in response to weak economic conditions or weakness in the cosmetics category in the mass retail channel; changes in consumer preferences, such as reduced consumer demand for the Company's color cosmetics and other current products, including new product launches; changes in consumer purchasing habits, including with respect to shopping channels; lower than expected retail customer acceptance or consumer acceptance of, or less than anticipated results from, the Company's existing or new products; higher than expected pension expense and/or cash contributions under its benefit plans, costs related to litigation, advertising,

promotional and/or marketing expenses or lower than expected results from the Company's advertising, promotional and/or marketing plans; higher than expected sales returns or decreased sales of the Company's existing or new products; actions by the Company's customers, such as retailer inventory management and greater than anticipated retailer space reconfigurations or reductions in retail space and/or product discontinuances or a greater than expected impact from retailer pricing or promotional strategies; and changes in the competitive environment and actions by the Company's competitors, including business combinations, technological breakthroughs, new product offerings, increased advertising, promotional and marketing spending and advertising, promotional and/or marketing successes by competitors, including increases in share in the mass retail channel;

in addition to the items discussed in (i) above, the effects of and changes in economic conditions (such as (ii) continued volatility in the financial markets, inflation, monetary conditions and foreign currency fluctuations and currency

REVLON, INC. AND SUBSIDIARIES

controls, as well as in trade, monetary, fiscal and tax policies in international markets) and political conditions (such as military actions and terrorist activities);

unanticipated costs or difficulties or delays in completing projects associated with the continued execution of the Company's business strategy or lower than expected revenues or the inability to create value through profitable growth as a result of such strategy, including lower than expected sales, or higher than expected costs, including as may arise from any additional repositioning, repackaging or reformulating of one or more brands or product lines, launching of new product lines, including higher than expected expenses, including for sales returns, for (iii) launching its new products, acquiring businesses or brands, further refining its approach to retail merchandising, and/or difficulties, delays or increased costs in connection with taking further actions to optimize the Company's manufacturing, sourcing, supply chain or organizational size and structure, as well as the unavailability of cash on hand and/or funds under the 2011 Revolving Credit Facility or from other permitted additional sources of capital to fund such potential activities;

difficulties, delays or unanticipated costs in achieving the Company's strategic goal to profitably grow its business and as to the business strategies employed to achieve this goal, such as (a) difficulties, delays or the Company's inability to build its strong brands, such as due to less than effective product development, less than expected acceptance of its new or existing products by consumers and/or retail customers, less than expected acceptance of its advertising, promotional and/or marketing plans by its consumers and/or retail customers, less than expected investment in advertising, promotional and/or marketing activities or greater than expected competitive investment, less than expected acceptance of its brand communication by consumers and/or retail partners, less than expected levels of advertising, promotional and/or marketing activities for its new product launches and/or (iv) less than expected levels of execution with its retail partners or higher than expected costs and expenses; (b) difficulties, delays or the inability to develop its organizational capability; (c) difficulties, delays or unanticipated costs in connection with its plans to continue to drive common global processes which are designed to provide the most efficient and effective allocation of its resources, such as due to higher than anticipated levels of investment required to support and build its brands globally; (d) difficulties, delays or unanticipated costs in connection with its plans to pursue growth opportunities with the Company's existing brands, such as due to those reasons set forth in clause (iv)(a) above, and/or acquire businesses or brands to complement the Company's core business, such as difficulties, delays or unanticipated costs in consummating, or its inability to consummate, transactions to acquire new businesses or brands; and/or (e) difficulties, delays or unanticipated costs in continuing to drive the Company's collective business activities to deliver improved financial performance;

difficulties, delays or unanticipated costs or charges or less than expected savings and other benefits resulting from (v) the Company's restructuring activities, such as greater than anticipated costs or charges or less than anticipated cost reductions or other benefits from the September 2012 Program and the risk that any of such programs may not satisfy the Company's objectives;

lower than expected operating revenues, cash on hand and/or funds available under the 2011 Revolving Credit (vi) Facility and/or other permitted lines of credit or higher than anticipated operating expenses, such as referred to in clause (viii) below;

the unavailability of funds under Products Corporation's 2011 Revolving Credit Facility or other permitted lines (vii) of credit; or from difficulties, delays in or the Company's inability to take other measures, such as reducing discretionary spending;

higher than expected operating expenses, sales returns, working capital expenses, permanent wall display costs, capital expenditures, debt service payments, tax payments, cash pension plan contributions, post-retirement (viii) benefit plan contributions and/or net periodic benefit costs for the pension and other post-retirement benefit plans, restructuring costs, severance not otherwise included in the Company's restructuring programs, debt repurchases and/or costs related to litigation;

(ix)

- difficulties, delays in or Products Corporation's inability to use proceeds from the issuance of the 5³/₄% Senior Notes for general corporate purposes, including, without limitation, debt reduction transactions, such as repaying to Revlon, Inc. at maturity in October 2013 the Contributed Loan, whether due to market conditions or otherwise;
- (x) interest rate or foreign exchange rate changes affecting the Company and its market-risk sensitive financial instruments and/or difficulties, delays or the inability of the counterparty to perform such transactions;
 - (xi) difficulties, delays or the inability of the Company to efficiently manage its cash and working capital;
 - (xii) lower than expected returns on pension plan assets and/or lower discount rates, which could result in higher than expected cash contributions and/or net periodic benefit costs;
 - (xiii) difficulties, delays or the inability of the Company to pay the regular quarterly dividends or the liquidation preference on the Preferred Stock, such as due to the unavailability of funds from Products Corporation related to its payments

REVLON, INC. AND SUBSIDIARIES

to Revlon, Inc. under the Contributed Loan or the unavailability of sufficient surplus or net profits to make such dividend payments in accordance with Delaware law or the unavailability of sufficient surplus or liquidity to make such liquidation preference payments in accordance with Delaware law;

- (xiv) unanticipated events or circumstances that could cause the Company's property and/or business interruption insurance to provide less than adequate coverage;
- (xv) unexpected significant variances in the Company's tax provision and effective tax rate; difficulties, delays in or the Company's inability to exchange Bolivars for U.S. Dollars, whether due to the lack of a market developing for such exchange or otherwise and/or unanticipated adverse impacts to the Company's results of operations such as due to higher than expected exchange rates; and difficulties, delays in or the Company's inability to begin importing certain products through CADIVI in the third quarter of 2013;
- (xvi) unexpected effects on the Company's business, financial condition and/or its results of operations as a result of legal proceedings, including, without limitation, unanticipated changes in the settlement of the class action matters imposed by the court or the failure of the class action and derivative action settlements to become effective as a result of any potential appeal;
- (xvii) unanticipated consequences from the Company's new long-term incentive plan, such as higher than anticipated expenses or changes in the periods when such expenses would be recognized; and/or
- (xviii) unanticipated costs incurred in connection with the activities related to the destroyed facility in Venezuela.

Factors other than those listed above could also cause the Company's results to differ materially from expected results.

PART II - OTHER INFORMATION

Item 1. Legal Proceedings

The Company is involved in various routine legal proceedings incidental to the ordinary course of its business. The Company believes that the outcome of all pending legal proceedings in the aggregate is unlikely to have a material adverse effect on the Company's business, financial condition and/or its results of operations. However, in light of the uncertainties involved in legal proceedings generally, the ultimate outcome of a particular matter could be material to the Company's operating results for a particular period depending on, among other things, the size of the loss or the nature of the liability imposed and the level of the Company's income for that particular period.

As previously disclosed in Revlon, Inc.'s 2012 Form 10-K, Revlon, Inc., certain of Revlon, Inc.'s current and former directors and MacAndrews & Forbes Holdings Inc. entered into settlement agreements with the plaintiffs in class and derivative actions related to the 2009 Exchange Offer. In the second quarter of 2012, the Company recorded a charge of \$6.7 million with respect to the Company's then-estimated costs of resolving the actions, including the Company's estimate at that time of additional payments to be made to the settling stockholders. This charge is included within SG&A expenses in the Company's Consolidated Statements of Income and Comprehensive Income for the three and six months ended June 30, 2012.

In March 2013, the parties executed an amendment to one of the settlement agreements, specifically the class action settlement agreement. The amendment did not affect the financial terms of the class action settlement; rather, it modified the scope of the releases given by those class members who did not participate in the 2009 Exchange Offer. Later in March 2013, the class action settlement, as amended, was presented to the Delaware Court of Chancery, and approved. The class action settlement is conditioned, and will be effective, upon final approval of the derivative action settlement and final dismissal of the actions pending outside of the Delaware Court of Chancery. The derivative action settlement was approved by the U.S. District Court for the District of Delaware on April 30, 2013. In early May 2013, the U.S. District Court for the District of Delaware dismissed the purported class action filed by John Garofalo, and in late July 2013, the Supreme Court of New York, New York County dismissed the Sullivan action. The entire settlement of all the actions noted above will become effective if no appeal is filed within thirty days of the dismissal of the Sullivan action.

The Company agreed with the staff of the SEC (or the "Commission") on the terms of a proposed settlement of an investigation relating to certain disclosures made by Revlon, Inc. in its public filings in 2009 in connection with the 2009 Exchange Offer. On June 13, 2013, the Commission approved such settlement and Revlon, Inc. entered into the settlement without admitting or denying the findings set forth therein and, pursuant to its terms, Revlon, Inc., among other things, paid a civil penalty of \$850,000.

Item 1A. Risk Factors

In addition to the other information set forth in this report, when evaluating the Company's business, investors should carefully consider the risk factors discussed in Part I, Item 1A. "Risk Factors" in Revlon, Inc.'s 2012 Form 10-K, as supplemented by Part II, Item 1A "Risk Factors" in Revlon, Inc.'s March 31, 2013 Form 10-Q filed with the SEC on April 25, 2013.
