

CIT GROUP INC
Form 10-Q
August 09, 2010

UNITED STATES SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-Q

Quarterly Report Pursuant to Section 13 or 15(d) or
of the Securities Exchange Act of 1934

For the quarterly period ended June 30, 2010

Commission File Number: 001-31369

Transition Report Pursuant to Section 13 or 15(d)
of the Securities Exchange Act of 1934

CIT GROUP INC.

(Exact name of Registrant as specified in its charter)

Delaware

(State or other jurisdiction of incorporation or organization)

65-1051192

(IRS Employer Identification Number)

505 Fifth Avenue, New York, New York

(Address of Registrant's principal executive offices)

10017

(Zip Code)

(212) 771-0505

(Registrant's telephone number)

Indicate by check mark whether the registrant (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities Exchange Act of 1934 during the preceding 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes No

Indicate by check mark whether the registrant has submitted electronically and posted on its corporate Web site, if any, every Interactive Data File required to be submitted and posted pursuant to Rule 405 of Regulation S-T (§232.405 of this chapter) during the preceding 12 months (or for such shorter period that the registrant was required to submit and post such files). Yes No

Indicate by check mark whether the registrant is a large accelerated filer, an accelerated filer, a non-accelerated filer or a smaller reporting company. Large accelerated filer Accelerated filer Non-accelerated filer Smaller reporting company .

Indicate by check mark whether the registrant is a shell company as defined in Rule 12b-2 under the Securities Exchange Act of 1934. Yes No

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act). Yes No

Indicate by check mark whether the registrant has filed all documents and reports required to be filed by Sections 12,

Edgar Filing: CIT GROUP INC - Form 10-Q

13, or 15(d) of the Securities Exchange Act of 1934 subsequent to the distribution of securities under a plan confirmed by a court. Yes No

As of July 30, 2010 there were 200,257,088 shares of the registrant's common stock outstanding.

(1) The following table presents information on assets and liabilities related to Variable Interest Entities (VIEs) that are consolidated by the Company. The difference between total VIE assets and liabilities represents the Company's interests in those entities, which were eliminated in consolidation. The assets of the consolidated VIEs will be used to settle the liabilities of those entities and, except for the Company's interest in the VIEs, are not available to the creditors of CIT or any affiliates of CIT.

The accompanying notes are an integral part of these consolidated financial statements.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 1 BUSINESS AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**Principles of Consolidation and Basis of Presentation**

The accompanying consolidated financial statements include financial information related to CIT Group Inc. and its majority owned subsidiaries, including CIT Bank (collectively, CIT or the Company), and those variable interest entities (VIEs) where the Company is primary beneficiary. CIT is a bank holding company and provides commercial financing and leasing products and other services to small and middle market companies in a wide variety of industries.

On November 1, 2009, CIT Group Inc. (Predecessor CIT) and CIT Group Funding Company of Delaware LLC (Delaware Funding) and together with Predecessor CIT, the Debtors) filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code (the Bankruptcy Code). As a result of the Debtors' emergence from bankruptcy and implementation of the Modified Second Amended Prepackaged Reorganization Plan of Debtors (the Plan) on December 10, 2009 (the Emergence Date), CIT Group Inc. (Successor CIT) became a new reporting entity for financial reporting purposes, with a new basis in identifiable assets and liabilities assumed, a new capital structure and no retained earnings or accumulated losses. Predecessor CIT's Consolidated Statements of Operation for the quarter and six months ended June 30, 2009 and Cash Flows for the six months ended June 30, 2009 are not comparable to the consolidated financial statements for the respective 2010 periods and are presented separately from Successor CIT. See the Company's Annual Report on Form 10-K for the year ended December 31, 2009 (Form 10-K), Note 1 and Note 2 for additional Fresh Start Accounting (FSA) and reorganization information.

The terms CIT and Company, when used with respect to periods commencing after emergence from bankruptcy, are references to Successor CIT and when used with respect to periods prior to emergence, are references to Predecessor CIT. These references include subsidiaries of Successor CIT or Predecessor CIT, unless otherwise indicated or the context requires otherwise.

The consolidated financial statements include effects of adopting FSA upon emergence from bankruptcy, as required by accounting principles generally accepted in the United States of America (GAAP). In applying FSA, the Company designated December 31, 2009 as a convenience date (the Convenience Date) for recording fair value adjustments to assets, liabilities and equity. Accretion and amortization of certain FSA adjustments are included in the Statement of Operations for the quarter and six months ended June 30, 2010.

These consolidated financial statements, which have been prepared in accordance with the instructions to Form 10-Q, do not include all information and note disclosures required by GAAP. The financial statements in this Form 10-Q have not been audited by an independent registered public accounting firm in accordance with standards of the Public Company Accounting Oversight Board (U.S.), but in the opinion of management include all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of CIT's financial position, results of operations and cash flows in accordance with GAAP. These consolidated financial statements should be read in conjunction with our Form 10-K.

On January 1, 2010, the Company implemented new consolidation accounting guidance related to VIEs. The new guidance eliminated the concept of qualified special purpose entities (QSPEs) that were previously exempt from consolidation, and introduced a new framework for determining the primary beneficiary of a VIE. The primary beneficiary of a VIE is required to consolidate the assets and liabilities of the VIE. Under the new guidance, the primary beneficiary is the party that has both (1) the power to direct the activities of an entity that most significantly impact the VIE's economic performance; and (2) through its interests in the VIE, the obligation to absorb losses or the

right to receive benefits from the VIE that could potentially be significant to the VIE. Consolidation eliminated the retained interest and increased Cash (\$105 million), Loans (\$821 million), Allowance for loan losses (\$40 million), Long-term borrowings (\$738 million), and Other liabilities (\$17 million) as of January 1, 2010. Equity decreased by approximately \$14 million as of January 1, 2010.

All significant inter-company accounts and transactions have been eliminated. Assets held in an agency or fiduciary capacity are not included in the consolidated financial statements. The Company accounts for investments in companies for which it owns a voting interest of 20 percent to 50 percent and for which it has an ability to exercise significant influence over operations and financial decisions using the equity method of accounting. These investments are included in Other Assets and the Company's proportionate share of net income or loss is included in Other Income.

The preparation of consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results could differ from those estimates and assumptions. Some of the more significant estimates include: fresh start accounting fair values; valuation of deferred tax assets; lease residual values and depreciation of operating lease equipment; and allowance for loan losses. Actual results could differ from those estimates and assumptions. Additionally, where applicable, policies conform to accounting and reporting guidelines prescribed by bank regulatory authorities.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

On July 16, 2009, the FDIC and the Utah Department of Financial Institutions (the UDFI) each issued cease and desist orders to CIT Bank (together, the Orders). The Orders were in connection with the diminished liquidity of Predecessor CIT. CIT Bank, without admitting or denying any allegations made by the FDIC and UDFI, consented and agreed to the issuances of the Orders.

On August 12, 2009, CIT entered into a Written Agreement with the Federal Reserve Bank of New York. The Company continues to provide required periodic reports relating to: corporate governance, credit risk management, capital, liquidity and funds management, business trends, as appropriate, and the allowance for loan losses methodology.

Accounting Pronouncements

On January 1, 2010, the Company adopted *Accounting Standards Update 2010-01, Accounting for Distributions to Shareholders with Components of Stock and Cash*. These amendments clarify that the stock portion of a distribution to shareholders, which allows them to elect to receive cash or stock with a potential limitation on the total amount of cash that all shareholders can elect to receive in the aggregate, is considered a share issuance, will be reflected in earnings per share prospectively and is not a stock dividend for purposes of applying Topics 505 and 260 (Equity and Earnings Per Share). These amendments were effective for interim and annual periods ending on or after December 15, 2009, and should be applied on a retrospective basis. Adoption of these amendments did not materially impact the Company's financial condition and results of operations.

In January 2010, FASB issued Accounting Standards Update 2010-06, *Fair Value Measurements and Disclosures (Topic 820)*. This update enhances disclosures about (1) different classes of assets and liabilities measured at fair value, (2) valuation techniques and inputs used, (3) transfers between Levels 1, 2, and 3, and (4) activity in Level 3 fair value measurements. Except for the detailed Level 3 rollforward disclosures, this guidance was adopted and did not have a material impact on the Company's financial condition and results of operations. Disclosure of activity in Level 3 fair value measurements is effective for fiscal years and interim periods beginning after December 15, 2010. Adoption of this amendment will not materially impact the Company's financial condition and results of operations.

In March 2010, FASB issued Accounting Standards Update 2010-11, *Scope Exception Related to Embedded Credit Derivatives (Topic 815)*, which clarifies that the only exception to the requirement that an embedded credit derivative feature should be assessed for potential bifurcation and separate accounting applies to the transfer of credit risk in the form of subordination of one financial instrument to another. In addition, this update provides guidance for determining whether other credit derivative features qualify for the scope exception. The amendments in this update are effective at the beginning of the first fiscal quarter beginning after June 15, 2010. Early adoption is permitted at the beginning of each entity's first fiscal quarter beginning after issuance of this update. Adoption of this update will not materially impact the Company's financial condition and results of operation.

In April 2010, FASB issued Accounting Standards Update 2010-18, *Effect of a Loan Modification When the Loan Is Part of a Pool That Is Accounted for as a Single Asset (Topic 310)* which provides guidance concerning whether an individual loan that is part of a pool of loans accounted for as a single asset should be removed from the pool upon modifications that would otherwise qualify as a troubled debt restructuring. The guidance in this update is effective (and applied prospectively) for any modification of a loan accounted for within a pool occurring in interim or annual periods beginning on or after July 15, 2010, with earlier application permitted. Upon adoption, a one-time election may be made to terminate prospectively (on a pool-by-pool basis) accounting for loans as a pool; note, though, that such an election does not preclude accounting for future loan acquisitions as a pooled unit of accounting. The adoption of this update will not materially impact the Company's financial condition and results of operations.

In July 2010, the FASB issued Accounting Standards Update 2010-20, *Disclosures about the Credit Quality of Financing Receivables and the Allowance for Credit Losses*, which provides guidance that will require enhanced disclosures surrounding the credit characteristics of the Company's loan portfolio. Under the new guidance, the Company will be required to disclose its accounting policies, the methods it uses to determine the components of the allowance for credit losses, and qualitative and quantitative information about the credit risk inherent in the loan portfolio, including additional information on certain types of loan modifications. For the Company, the new disclosures are effective for the 2010 Annual Report. The new disclosures on the rollforward of the allowance for credit losses and the new disclosures about troubled debt modifications are effective for the first quarter 2011 Form 10-Q. The adoption of this guidance will only affect CIT's disclosures of loans and not its financial condition or results of operations.

NOTE 2 LOANS AND RESERVE FOR CREDIT LOSSES

The following table presents loans, direct financing leases and leveraged leases held for investment, by segment based on obligor location:

Loans (dollars in millions)

	June 30, 2010			December 31, 2009		
	Domestic	Foreign	Total	Domestic	Foreign	Total
Corporate Finance	\$ 7,558.2	\$ 2,287.5	\$ 9,845.7	\$ 9,611.2	\$ 2,539.1	\$ 12,150.3

Total	\$ 23,497.6	\$ 5,385.6	\$ 28,883.2	\$ 27,770.6	\$ 7,095.2	\$ 34,865.8

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The following table contains information on finance receivables evaluated for impairment and the related reserve for credit losses. The Company excludes homogenous loans such as consumer loans, small-ticket loans and lease receivables, short-term and factoring customer finance receivables from receivables evaluated for impairment. For purposes of this presentation, finance receivables that were impaired at the Convenience Date and impaired loans identified in 2010 are presented separately below. The Company is applying the income recognition and disclosure guidance in ASC 310-30-5 (Loans and Debt Securities Acquired with Deteriorated Credit Quality) to loans considered impaired in FSA. The balance of loans under the guidance of ASC 310-30-5 was \$1,231.7 million at June 30, 2010.

Loans Evaluated for Impairment / Reserve for Credit Losses, at or for the Six Months Ended June 30, 2010
(dollars in millions)

	Total	2010 Impaired Loans	Impaired Loans Identified in FSA (December 31, 2009 and prior)

Impaired finance receivables with specific allowance	180.7	103.5	77.2
Specific allowance for impaired receivables	36.5	16.0	20.5
Impaired finance receivables with no specific allowance	1,666.0	690.8	975.2
Average investment in impaired finance receivables	1,700.0	402.3	1,297.7

The Company's policy is to review finance receivables greater than \$500 thousand placed on non-accrual status for impairment. As a result, the amounts in the table above considered for impairment exclude small-ticket leasing accounts and other homogeneous pools of loans that are included in reported non-accrual balances.

The following table sets forth non-performing assets which reflect both loans on non-accrual (primarily loans ninety days or more delinquent) and assets received in satisfaction of loans (repossessed assets).

Non-performing assets (dollars in millions)

	June 30, 2010	December 31, 2009
Non-accrual loans	\$ 2,052.4	\$ 1,574.4
Assets received in satisfaction of loans	42.8	36.3
Total non-performing assets	\$ 2,095.2	\$ 1,610.7
Accruing loans past due 90 days or more ⁽¹⁾	\$ 437.7	\$ 570.1

⁽¹⁾ Balance includes \$428.2 million and \$480.7 million as of June 30, 2010 and December 31, 2009, respectively, of government-guaranteed loans.

At June 30, 2010 and December 31, 2009, there were \$7.0 million and \$14.8 million, respectively, of commitments to lend additional funds to debtors owing loans whose terms have been modified in troubled debt restructurings.

Upon implementation of FSA, the Company assigned non-accretable discount to both non-accrual loans and certain higher risk performing accounts. Effective as of April 1, 2010, the Company corrected the accounting for the performing loans in the Corporate Finance and Transportation Finance segments to account for and report the related fresh start discount in a manner consistent with the Company's performing loans in these segments. As a result, the following adjustments were recorded in the second quarter related to the three months ended March 31, 2010:

- \$70.8 million of non-accretable discount was reclassified to accretable discount; and
- \$10.9 million of discount accretion on the transferred accretable discount was recorded in interest income.

Management has concluded that the adjustments were not individually or in the aggregate material to the consolidated financial statements, as of and for the periods ended June 30, 2010, or to any of the preceding periods as reported.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

At June 30, 2010, the remaining principal balance of finance receivables held at the time of FSA that have shown evidence of credit deterioration since origination was \$2,392.3 million. The following table presents the changes to the accretable discount since December 31, 2009.

Accretable discount activity for loans accounted for under ASC 310-30-5 at Emergence Date (dollars in millions):

	Quarter Ended June 30, 2010	Six Months Ended June 30, 2010
Accretable discount, beginning of period	\$ 332.0	\$ 454.8
Accretion	(9.9)	(40.4)
Disposals/transfers	(99.1)	(191.4)
Accretable discount, end of period	\$ 223.0	\$ 223.0

The following table presents changes in allowance for credit losses:

Changes in Allowance for Credit Losses (dollars in millions)

	Quarters Ended June 30,		Six Months Ended June 30,	
	CIT 2010	Predecessor CIT 2009	CIT 2010	Predecessor CIT 2009
Balance, beginning of period	\$ 180.8	\$ 1,316.3	\$	\$ 1,096.2
Provision for credit losses	260.7	588.5	447.3	1,123.9
Reserve change relating to new accounting pronouncement			39.7	
Reserve changes relating to sales, foreign currency translation, other	2.6	(10.5)	(0.6)	(12.7)
Net additions to the reserve for credit losses	263.3	578.0	486.4	1,111.2
Charged-off finance receivables	(113.3)	(375.8)	(157.7)	(703.0)
Recoveries ⁽¹⁾	7.0	19.9	9.1	34.0
Net charge-offs	(106.3)	(355.9)	(148.6)	(669.0)
Reserve balance end of period	\$ 337.8	\$ 1,538.4	\$ 337.8	\$ 1,538.4

⁽¹⁾ Recoveries for the three and six months ended June 30, 2010, respectively do not include \$113.3 million and \$157.1 million of recoveries on accounts that were charged-off pre-FSA, which are included in Other Income.

NOTE 3 LONG-TERM BORROWINGS

The following table presents outstanding long-term borrowings:

Outstanding Long-term Borrowings (dollars in millions)

	June 30, 2010			December 31, 2009
	CIT Group Inc.	Subsidiaries	Total	Total
Secured borrowings	\$	\$ 12,403.1	\$ 12,403.1	\$ 14,346.5
Secured credit facility and expansion credit facility	301.0	4,295.9	4,596.9	7,716.6
Senior unsecured notes	85.8	113.8	199.6	268.1
Series A Notes	18,882.2		18,882.2	18,733.6
Series B Notes		2,194.7	2,194.7	2,198.2
Total	\$ 19,269.0	\$ 19,007.5	\$ 38,276.5	\$ 43,263.0

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Secured Borrowings

Set forth below are borrowings and pledged assets primarily owned by consolidated special purpose entities. Creditors of these special purpose entities received ownership and/or security interests in the assets. These special purpose entities are intended to be bankruptcy remote so that such assets are not available to creditors of CIT or any affiliates of CIT. These transactions do not meet accounting requirements for sales treatment and are recorded as secured borrowings. Except as otherwise noted, pledged assets listed below are not included in the collateral available to lenders under the Credit Facility or Expansion Credit Facility described below.

	June 30, 2010		December 31, 2009	
	Secured Borrowing	Assets Pledged	Secured Borrowing	Assets Pledged
Education trusts and conduits (student loans)	\$ 4,787.8	\$ 5,893.2	\$ 5,864.3	\$ 6,864.7
Goldman Sachs International (GSI) TRS(1)	2,122.0	2,950.8	2,552.7	3,429.6
Vendor Finance(2)	664.0	869.6	1,120.7	1,589.4
Equipment lease securitizations (Vendor)	1,078.4	1,132.1	706.0	762.2
Trade Finance	550.0	1,634.5		
Canadian equipment receivables financing	534.8	578.7	543.0	557.6
Corporate Finance (energy project finance)	286.9	312.8	288.9	305.0
Corporate Finance (SBL)(2)	259.9	297.0		
Subtotal finance receivables	10,283.8	13,668.7	11,075.6	13,508.5
ECA financing (Aero)(3)	1,057.5	1,204.1	1,097.4	1,212.2
Transportation Finance Rail	151.4	147.6	907.4	1,276.7
GSI TRS (Aero)	551.9	1,141.7	582.2	1,154.3
Other structures	113.0	135.3	61.2	69.8
Subtotal Equipment under operating leases	1,873.8	2,628.7	2,648.2	3,713.0
Vendor Finance(4)	169.2	202.8	469.8	903.3
FHLB borrowings (CIT Bank)(5)	76.3	132.1	152.9	150.8
Total	\$ 12,403.1	\$ 16,632.3	\$ 14,346.5	\$ 18,275.6

(1) June 30, 2010 financing is secured by \$2.1 billion corporate finance receivables, \$0.6 billion student loans, and \$0.2 billion small business lending loans.

(2) Includes repurchase of assets previously sold or securitized and the associated secured debt.

(3) Secured aircraft financing facility for the purchase of specified Airbus aircraft.

(4) International facilities collateralized by local assets.

(5) Collateralized with Government Debentures and Certificates of Deposit.

Secured Credit Facility and Expansion Credit Facility

The Secured Credit Facility and Expansion Credit Facility (the **First Lien Facilities**) are secured by a first lien on substantially all U.S. assets that are not pledged to secure the borrowings of special purpose entities as described above under **Secured Borrowings** , 65% of the voting and 100% of the non-voting stock of first-tier foreign subsidiaries, 100% of the stock of CIT Aerospace International (except one nominee share) and between 49% and 65% of certain other non-U.S., non-regulated subsidiaries. The First Lien Facilities are subject to a fair value collateral coverage covenant (based on accounting valuation methodology) of 2.5x the outstanding loan balance tested quarterly and upon the financing, disposition or release of certain collateral. The agreement evidencing the First Lien Facilities includes certain additional terms, including a cash sweep that under certain circumstances will accelerate repayment of the First Lien Facilities. See the Company's Form 10-K, Note 9 **Long-term Borrowings** for a description of these terms. See Note 13 **Subsequent Event** for refinancing of the First Lien Facilities.

Series A and B Notes

The Series A Notes and Series B Notes (**Second Lien Notes**) are secured by second-priority security interests in substantially all the assets securing the First Lien Facilities. The Series B Notes are further secured by Delaware Funding's pledge of inter-company notes issued by CIT Financial Ltd., which are the primary assets of Delaware Funding.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The Second Lien Notes Indentures likewise limit the ability of the Company, Delaware Funding and the Company's restricted subsidiaries to make certain payments or investments, incur indebtedness (including guarantees), issue preferred stock, incur liens, enter into sale and leaseback transactions, pay dividends, sell assets, and enter into transactions with affiliates.

Further information on Long-term Borrowings can be found in the Company's 2009 Form 10-K.

NOTE 4 DERIVATIVE FINANCIAL INSTRUMENTS

See the Company's Form 10-K Note 10 for a description of its derivative transaction policies.

Due to the reorganization (see Note 1) none of the Company's derivatives entered into prior to December 31, 2009 achieve hedge accounting. The Company continues reassessing hedge requirements and reestablishing counterparty relationships to facilitate placement of hedges where economically appropriate. New derivative instruments are cash collateralized.

The following table presents fair values and notional values of derivative financial instruments:

Fair and Notional Values of Derivative Financial Instruments (dollars in millions)

	June 30, 2010			December 31, 2009		
	Notional Amount	Asset Fair Value	Liability Fair Value	Notional Amount	Asset Fair Value	Liability Fair Value
Qualifying Hedges						
Cross currency swaps	\$ 329.0	\$ 9.0	\$	\$	\$	\$
Foreign currency forward exchange cash flow hedges	73.7	3.9				
Foreign currency forward exchange net investment hedges	1,020.4	21.4	(0.1)			
Total Qualifying Hedges	\$ 1,423.1	\$ 34.3	\$ (0.1)	\$	\$	\$
Non-Qualifying Hedges						
Cross currency swaps	\$ 1,735.2	\$ 108.5	\$ (1.9)	\$ 646.7	\$	\$ (8.8)
Interest rate swaps	1,273.6	7.9	(41.0)	3,165.9	23.4	(25.7)
Written options	788.6			1,009.8		(0.1)
Purchased options	1,508.2	6.7		1,524.1	18.4	
Foreign currency forward exchange contracts	1,877.4	93.0	(4.0)	1,055.1	2.3	(7.3)
TRS	261.2			107.9		
Total Non-qualifying Hedges	\$ 7,444.2	\$ 216.1	\$ (46.9)	\$ 7,509.5	\$ 44.1	\$ (41.9)

A financing facility with Goldman Sachs International (GSI) is structured as a total return swap (TRS). Amounts available for advances are accounted for as a derivative. Estimated fair value is based on a hypothetical transfer value, considering current market conditions and other factors. At June 30, 2010 and December 31, 2009, the estimated fair

value was not significant.

The following table presents the impact of derivatives on the statement of operations:

Derivative Instrument Gains and Losses (dollars in millions)

Derivative Instruments	Gain / (Loss) Recognized	Quarters Ended June 30,		Six Months Ended June 30,	
		CIT 2010	Predecessor CIT 2009	CIT 2010	Predecessor CIT 2009
Qualifying Hedges					
Interest rate swaps cash flow hedges	Other income	\$	\$ 3.9	\$	\$ 3.9
Interest rate swaps fair value hedges	Other income		14.3		13.3
Foreign currency forward exchange cash flow hedges	Other income	9.3		9.3	
Total Qualifying Hedges		\$ 9.3	\$ 18.2	\$ 9.3	\$ 17.2
Non Qualifying Hedges					
Cross currency swaps	Other income	\$ 103.8	\$ (32.5)	\$ 113.1	\$ (41.2)
Interest rate swaps	Other income	(30.7)	29.7	(50.1)	31.1
Foreign currency forward exchange contracts	Other income	94.7	(4.9)	164.8	0.8
Warrants	Other income		(25.2)		70.6
Total Non-qualifying Hedges		\$ 167.8	\$ (32.9)	\$ 227.8	\$ 61.3

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The gains and (losses) on qualifying and non-qualifying hedges are recorded in other Income and are partially offset by the impact of foreign currency changes.

NOTE 5 FAIR VALUE**Assets and Liabilities Measured at Fair Value on a Recurring Basis**

The fair value of financial instruments required to be valued on a recurring basis based on priority ranking of valuation inputs are presented in the following tables:

Assets and Liabilities Measured at Fair Value on a Recurring Basis (dollars in millions):

June 30, 2010	Total	Level 1	Level 2	Level 3
Assets				
Trading assets at fair value – derivatives	\$ 216.1	\$	\$ 216.1	\$
Derivative counterparty assets at fair value	34.3		34.3	
Total Assets	\$ 250.4	\$	\$ 250.4	\$
Liabilities				
Trading liabilities at fair value – derivatives	\$ (46.9)	\$	\$ (46.3)	\$ (0.6)
Derivative counterparty liabilities at fair value	(0.1)		(0.1)	
Total Liabilities	\$ (47.0)	\$	\$ (46.4)	\$ (0.6)
December 31, 2009				
Assets				
Retained interests – securitizations	\$ 139.7	\$		\$ 139.7
Trading assets – derivatives	44.1		44.1	
Total Assets	\$ 183.8	\$	\$ 44.1	\$ 139.7
Liabilities				
Trading liabilities – derivatives	\$ (41.9)	\$	\$ (40.4)	\$ (1.5)

Level 3 Gains and Losses

The tables below set forth changes in Level 3 estimated fair value of financial instruments:

Level 3 Gains and Losses (dollars in millions)

Edgar Filing: CIT GROUP INC - Form 10-Q

	Total	Retained Interests in Securitized	Derivatives
CIT			
March 31, 2010	\$ (0.9)	\$	\$ (0.9)
Gains or (losses) realized/unrealized			
Included in Other income	0.3		0.3
June 30, 2010	\$ (0.6)	\$	\$ (0.6)
December 31, 2009	\$ 138.2	\$ 139.7	\$ (1.5)
Gains or (losses) realized/unrealized			
Included in Other income	0.9		0.9
Included in Other comprehensive income			
Other (retained interest) ⁽¹⁾	(139.7)	(139.7)	
June 30, 2010	\$ (0.6)	\$	\$ (0.6)
Predecessor CIT			
March 31, 2009	\$ 194.5	\$ 192.0	\$ 2.5
Gains or (losses) realized/unrealized			
Included in Other income	(22.8)	1.0	(23.8)
Included in Other comprehensive income	7.0	1.3	5.7
Other (retained interest)	(24.8)	(24.8)	
June 30, 2009	\$ 153.9	\$ 169.5	\$ (15.6)
December 31, 2008	\$ 224.6	\$ 229.4	\$ (4.8)
Gains or (losses) realized/unrealized			
Included in Other income	(40.3)	(12.9)	(27.4)
Included in Other comprehensive income	14.9	(1.7)	16.6
Other (retained interest)	(45.3)	(45.3)	
June 30, 2009	\$ 153.9	\$ 169.5	\$ (15.6)

⁽¹⁾ The change in the retained interest in 2010 is attributed to a new accounting pronouncement effective January 1, 2010.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Assets and Liabilities Measured at Fair Value on a Non-recurring Basis

The following tables present financial instruments for which a non-recurring change in fair value has been recorded:

Assets and Liabilities Measured at Fair Value on a Non-recurring Basis (dollars in millions):

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>	<u>Total Net Losses⁽¹⁾</u>
June 30, 2010					
Assets					
Assets held for sale	\$ 103.3	\$	\$	\$ 103.3	\$ (5.5)
Impaired loans	36.6			36.6	(16.5)
Total	\$ 139.9	\$	\$	\$ 139.9	\$ (22.0)

⁽¹⁾ Reflects pretax amounts recorded in provision for loan losses (Impaired loans) in the Statements of Operation for declines in fair values.

See Form 10-K, Note 10, for complete listing of non-recurring changes in fair value as of December 31, 2009.

The carrying and estimated fair values of financial instruments presented below exclude leases and certain other assets, which are not required for disclosure:

Financial Instruments at Carrying and Fair Values (dollars in millions)

	<u>June 30, 2010</u>		<u>December 31, 2009</u>	
	<u>Carrying Value</u>	<u>Estimated Fair Value</u>	<u>Carrying Value</u>	<u>Estimated Fair Value</u>
Assets				
Trading assets – derivatives	\$ 216.1	\$ 216.1	\$ 44.1	\$ 44.1
Derivative counterparty assets at fair value (component of Other Assets)	34.3	34.3		
Investments – retained interest in securitizations (component of Other Assets)			139.7	139.7
Assets held for sale	572.5	572.5	343.8	343.8
Loans (excluding leases)	22,246.7	22,759.7	27,291.3	27,291.3
Other assets and unsecured counterparty receivable ⁽¹⁾	2,090.2	2,090.2	2,336.2	2,336.2
Liabilities				
Deposits ⁽²⁾	\$ (4,736.6)	\$ (4,723.4)	\$ (5,253.1)	\$ (5,253.1)
Trading liabilities – derivatives	(46.9)	(46.9)	(41.9)	(41.9)
Derivative counterparty liabilities at fair value	(0.1)	(0.1)		
Long-term borrowings ⁽²⁾	(38,546.8)	(38,900.1)	(43,441.5)	(43,441.5)

Other liabilities ⁽³⁾	(1,743.9)	(1,743.9)	(1,701.7)	(1,701.7)
----------------------------------	-----------	-----------	-----------	-----------

(1) Other assets subject to fair value disclosure include accrued interest receivable, certain investment securities, servicing assets and miscellaneous other assets. The carrying amount of accrued interest receivable approximates fair value.

(2) Deposits and long-term borrowings include accrued interest

(3) Other liabilities have a fair value that approximates carrying value due to the short term duration.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Assumptions used in valuing financial instruments as of June 30, 2010 are the same as disclosed in Note 12 of Form 10-K.

The net carrying value of lease finance receivables not subject to fair value disclosure totaled \$5.4 billion at June 30, 2010.

NOTE 6 INCOME TAXES

CIT's tax provision of \$71.1 million for the quarter and \$113.6 million for the six months ended June 30, 2010, equated to 33.3% and 32.2% effective tax rates, respectively, compared with (0.8%) and (1.1%) for the respective 2009 periods. The effective tax rate is primarily reflective of taxes on certain international operations and valuation allowances recorded against U.S. losses.

Included in the second quarter and year to date 2010 tax provisions are \$14.3 million and \$23.6 million of tax expense related to valuation allowances recorded against international deferred tax assets and changes in liabilities for uncertain tax positions. The Company anticipates that it is reasonably possible that the total unrecognized tax benefits will decrease due to the settlement of audits and the expiration of statute of limitations prior to June 30, 2011 in the range of \$5-20 million.

As of December 31, 2009, we had net operating losses (NOL's) of \$7.6 billion prior to cancellation of indebtedness income. After cancellation of indebtedness income, we estimate that we currently have remaining NOL carryforwards of \$2.6 billion, which expire from 2027 through 2029. FSA adjustments are excluded from the calculation of U.S. taxable income. Excluding FSA adjustments, second quarter 2010 U.S. results were a loss of approximately \$625 million (\$1 billion year to date), which will increase, net of book / tax differences, the Company's U.S. NOL carryforwards. These losses would not be subject to Section 382 limitations.

In 2009, CIT's reorganization constituted an ownership change under Section 382 of the Code, which places an annual dollar limit on the use of NOL carry forwards. There are two relief provisions for limitations on NOL usage in Chapter 11 bankruptcy. Under one relief provision, the Company avoids any limitation on our use of NOL carry forwards, but the amount of the NOL is calculated without taking into account deductions for certain interest expense with respect to notes that were exchanged for equity, effectively reducing the Company's NOL. In addition, if the Company undergoes an ownership change within two years of the reorganization, our remaining NOL carry forwards, if any, would be entirely eliminated. To reduce this risk, the Company's Certificate of Incorporation was amended to include restrictions on trading of the Company's Common Stock. Under the second relief provision, the calculation of the annual limitation of usage of NOL's is based on the value of equity immediately after any ownership change. If the Company elects this second provision, the Company estimates its NOL usage will be limited to \$230 million per annum; however, the requirement to eliminate unused NOL carry forwards upon a change of ownership within two years of the reorganization would not apply. The Company has not yet made its determination of which relief provision it will select. See the Company's 10-K for December 31, 2009 for further information regarding the two relief provisions and the effects of the 2009 reorganization.

NOTE 7 STOCKHOLDERS EQUITY

Total comprehensive income was \$93.5 million for the June 30, 2010 quarter and \$229.8 million for the six months ended June 30, 2010, versus comprehensive losses of \$1.5 billion and \$1.9 billion in the comparable periods in the prior year. The following table details the components of Accumulated Other Comprehensive Loss, net of tax:

Accumulated Other Comprehensive (loss) Income (dollars in millions)

	June 30, 2010	
Foreign currency translation adjustments	\$	(11.4)
Unrealized gain on available for sale equity investments, net		2.0
Changes in fair values of derivatives qualifying as cash flow hedges		(0.1)
Minimum pension liability adjustment		(0.2)
Total accumulated other comprehensive loss	\$	(9.7)

The change in the foreign currency translation adjustments reflects the strengthening of the U.S. dollar, net of hedges, against foreign currencies, primarily the Euro and Swedish krona, partially offset by weakness against the Canadian dollar.

NOTE 8 REGULATORY CAPITAL

The Company and CIT Bank are each subject to various regulatory capital requirements administered by the Federal Reserve Bank (FRB) and the Federal Deposit Insurance Corporation (FDIC). See Form 10-K for details on requirements.

Quantitative measures established by regulation to ensure capital adequacy require that the Company and CIT Bank each maintain minimum amounts and ratios of Total and Tier 1 capital to risk-weighted assets, and of Tier 1 capital to average assets, subject to any agreement with regulators to maintain higher capital levels. In connection with becoming a bank holding company in December 2008, the Company committed to a minimum level of total risk based capital of 13%. In connection with CIT Bank's conversion to a Utah state bank in December 2008, CIT Bank committed to maintaining for three years a leverage ratio of at least 15%.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

The calculation of the Company's regulatory capital ratios are subject to review and consultation with the Federal Reserve Bank, which may result in refinements to amounts reported at June 30, 2010.

Tier 1 Capital and Total Capital Components (dollars in millions)

	CIT		CIT Bank	
	June 30, 2010	December 31, 2009 ⁽¹⁾	June 30, 2010	December 31, 2009
Tier 1 Capital

Investment in certain subsidiaries		(2.8)		
Other Tier 1 components ⁽²⁾	(88.5)	(98.5)	(147.6)	(196.9)
Tier 1 Capital	8,134.3	7,834.2	1,572.8	1,393.2
Tier 2 Capital				
Qualifying reserve for credit losses	337.8		4.0	
Other Tier 2 components ⁽³⁾	1.0		0.1	
Total qualifying capital	\$ 8,473.1	\$ 7,834.2	\$ 1,576.9	\$ 1,393.2
Risk-weighted assets	\$ 46,624.3	\$ 54,352.7	\$ 2,660.4	\$ 3,200.5

Total Capital (to risk weighted assets):

Actual	18.2%	14.4%	59.3%	43.5%
Required Ratio for Capital Adequacy Purposes	13.0% ⁽⁴⁾	13.0% ⁽⁴⁾	8.0%	8.0%

Tier 1 Capital (to risk weighted assets):

Actual	17.4%	14.4%	59.1%	43.5%
Required Ratio for Capital Adequacy Purposes	4.0%	4.0%	4.0%	4.0%

Tier 1 Capital (to average assets) (Leverage Ratio):

Actual	14.6%	11.3%	20.6%	15.4%
Required Ratio for Capital Adequacy Purposes	4.0%	4.0%	15.0% ⁽⁴⁾	15.0% ⁽⁴⁾

⁽¹⁾ Amounts reclassified to conform to the current quarter's presentation.

(2) Includes the portion of net deferred tax assets that does not qualify for inclusion in Tier 1 capital based on the capital guidelines and the Tier 1 capital charge for nonfinancial equity investments.

(3) Banking organizations are permitted to include in Tier 2 Capital up to 45% of net unrealized pretax gains on available-for-sale equity securities with readily determinable fair values.

(4) The Company has committed to maintaining capital ratios above regulatory minimum levels.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

NOTE 9 COMMITMENTS

The table below summarizes credit-related commitments, as well as purchase and funding commitments:

Commitments (dollars in millions)

	June 30, 2010			December 31, 2009
	Due to Expire		Total Outstanding	
	Within One Year	After One Year		
Financing Commitments				
Financing and leasing assets	\$ 505.2	\$ 2,358.9	\$ 2,864.1	\$ 3,735.8
Vendor receivables				889.1
Letters of credit and acceptances				
Standby letters of credit	70.3	188.2	258.5	539.2
Other letters of credit	132.0	0.6	132.6	139.2
Guarantees and acceptances	1,232.6	8.4	1,241.0	1,396.6
Purchase and Funding Commitments				
Aerospace and other manufacturer purchase commitments	524.5	3,824.5	4,349.0	4,777.3
Other				
Liabilities for unrecognized tax benefits	5.0	53.9	58.9	50.1

Financing commitments, referred to as loan commitments, or lines of credit, are agreements to lend to customers, subject to the customers' compliance with contractual obligations. Given that these commitments are not typically fully drawn, may expire unused or be reduced or cancelled at the customer's request and require the customer to be in compliance with certain conditions, the total commitment amount does not necessarily reflect actual future cash flow requirements. Financing commitments shown above exclude \$1.5 billion of commitments not available for draw due to requirements for asset / collateral availability or covenant conditions at June 30, 2010.

At June 30, 2010, substantially all financing commitments were senior facilities, with approximately 49% secured by equipment or other assets and the remainder comprised of unsecured facilities relying upon cash-flow or enterprise value. The vast majority of these commitments are syndicated transactions. CIT is lead agent in 37% of the facilities. Most of our undrawn and available financing commitments are in Corporate Finance with an average facility balance of \$4.8 million. The top ten undrawn commitments totaled \$419 million.

The table above excludes unused cancelable lines of credit to customers in connection with select third-party vendor programs, which may be used solely to finance additional product purchases. These uncommitted lines of credit can be reduced or canceled by CIT at any time without notice. Management's experience indicates that customers related to vendor programs typically exercise their line of credit only when they need to purchase new products from a vendor and do not seek to exercise their entire available line of credit at any point in time.

Letters of Credit and Guarantees

In the normal course of meeting the needs of clients, the Company enters into agreements to provide financing, letters of credit and deferred purchase credit protection agreements (DP Agreements). Standby letters of credit obligate the issuer of the letter of credit to pay the beneficiary if a client on whose behalf the letter of credit was issued does not meet its obligation. These financial instruments generate fees and involve, to varying degrees, elements of credit risk in excess of amounts recognized in the Consolidated Balance Sheets. To minimize potential credit risk, CIT generally requires collateral and in some cases additional forms of credit support from the client.

DP Agreements are provided primarily in conjunction with factoring, whereby we provide the client with credit protection for trade receivables without purchasing the receivables. The trade terms are generally sixty days or less. If the client's customer is unable to pay an undisputed receivable solely as the result of credit risk, then CIT purchases the receivable from the client.

CIT GROUP INC. AND SUBSIDIARIES NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

Purchase and Funding Commitments

CIT's firm purchase commitments relate predominantly to purchases of commercial aircraft and rail equipment. Commitments to purchase new commercial aircraft are with Airbus Industries and The Boeing Company. Aerospace equipment purchases are contracted for specific models, using baseline aircraft specification at fixed prices, which reflect discounts from fair market purchase prices prevailing at the time of commitment. The delivery price of an aircraft may change depending on final specifications. Equipment purchases are recorded at delivery date. Commitment amounts in the preceding table are based on contracted purchase prices less pre-delivery payments to date and exclude buyer furnished equipment selected by the lessee. Pursuant to existing contractual commitments, 87 aircraft remain to be purchased. Lease commitments are in place for the 19 aircraft to be delivered over the next twelve months. Commitments exclude unexercised options to purchase aircraft. Aircraft deliveries are scheduled periodically through 2018. Other manufacturing purchase commitments relate primarily to rail equipment.

NOTE 10 CONTINGENCIES

In accordance with ASC 450 (formerly SFAS 5), the Company establishes accruals for litigation and regulatory matters when those matters present loss contingencies that both are probable and can be reasonably estimated. Once established, accruals are adjusted from time to time, as appropriate, in light of additional information. In view of the inherent unpredictability of litigation and regulatory matters, particularly where the damages sought are substantial or indeterminate, the investigations or proceedings are in the early stages, or the matters involve novel legal theories or a large number of parties, the Company cannot state with certainty the timing or ultimate resolution of litigation and regulatory matters, and the actual costs of resolving litigation and regulatory matters may be substantially higher or lower than the amounts accrued for those matters.

Subject to the foregoing, it is the opinion of the Company's management, based on current knowledge and after taking into account available insurance coverage and its current accruals, that the eventual outcome of such matters would not be likely to have a material adverse effect on the consolidated financial condition of the Company. Nonetheless, given the substantial or indeterminate amounts sought in certain of these matters, and the inherent unpredictability of such matters, an adverse outcome in certain of these matters could, from time to time, have a material adverse effect on the Company's consolidated results of operations or cash flows in particular quarterly or annual periods.

NOTE 12 SUMMARIZED FINANCIAL INFORMATION OF SUBSIDIARIES

In accordance with the First Lien Facilities as well as requirements in the prepackaged bankruptcy, including the Series A Notes and Series B Notes, the following tables present three mutually exclusive sets of condensed consolidating financial statements, reflecting the following:

- CIT Group Inc., as parent company, CIT Group Funding Company of Delaware, C.I.T. Leasing Corporation, CIT Financial Ltd., CIT Bank, and all Other Subsidiaries. Inter-company elimination entries for all subsidiaries are presented in the Eliminations column in the financial statements that follow.
- Entities that are considered guarantors or non-guarantors. Guarantor entities are those that have guaranteed the debt under the First Lien Facilities and Second Lien Notes. Non-guarantors are all other entities including those which may have pledged assets but did not guarantee the debt. Inter-company elimination entries for all subsidiaries are presented in the Eliminations column in the financial statements that follow.
- Restricted and unrestricted subsidiaries in accordance with the First Lien Facilities. Unrestricted subsidiaries

include regulated entities such as CIT Bank, joint ventures, special purpose entities and entities deemed immaterial. Restricted entities include all other. Inter-company elimination entries for all subsidiaries are presented in the Eliminations column in the financial statements that follow.

NOTE 13 SUBSEQUENT EVENT

On July 27, 2010, CIT announced its intention to explore refinancing the First Lien Facilities with investors. CIT plans to repay approximately \$1 billion using cash and refinance the remaining \$3 billion through a new first lien facility with an expected term of five years at a rate of LIBOR plus 4.5%, with a 1.75% floor. Necessary lender

commitments were received on August 3, 2010 and the Company expects the transaction to close the week of August 9, 2010.

ITEM 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

and

ITEM 3. Quantitative and Qualitative Disclosures about Market Risk

OVERVIEW

CIT Group Inc. is a bank holding company that provides financing and leasing capital principally for small businesses and middle market companies worldwide. We serve a wide variety of industries and offer vendor, equipment, commercial and structured financing products, as well as factoring and management advisory services. CIT is the parent of CIT Bank, a state-chartered bank in Utah. We operate primarily in North America, with locations in Europe, Latin America and Asia. CIT, which became a bank holding company (BHC) in 2008, has been providing financial solutions to its clients since its formation in 1908.

On November 1, 2009, CIT Group Inc. and CIT Group Funding Company of Delaware LLC filed voluntary petitions for relief under Chapter 11 of the U.S. Bankruptcy Code. Both companies emerged on December 10, 2009 after cancelling the preferred and common stock of CIT Group Inc. and discharging their obligations to holders of certain senior debt, junior subordinated debt and equity units in exchange for issuing new senior notes (Series A and Series B) and new common stock of CIT Group Inc. To preserve valuable tax attributes following emergence from bankruptcy, we included restrictions in our Certificate of Incorporation on any shareholder who owns five percent or more of their new common stock. See *Income Taxes* . The terms *CIT* and *Company* , when used with respect to periods commencing after emergence from bankruptcy, are references to Successor CIT and when used with respect to periods prior to emergence, are references to Predecessor CIT. These references include subsidiaries of Successor CIT or Predecessor CIT, unless otherwise indicated or the context requires otherwise. Financial information about Successor CIT reflects the impact of fresh start accounting (FSA) unless otherwise indicated.

Additional information regarding the Company, including a description of its 2009 restructuring and its stated 2010 priorities and performance expectations, can be found in *Item 7 and Item 7A Management's Discussion and Analysis of Financial Condition and Results of Operations and Quantitative and Qualitative Disclosures about Market Risk* in our Form 10-K for the year ended December 31, 2009.

In the following discussion, we use financial terms that are relevant to our business. You can find a glossary of these terms in *Item 1 Business Overview* in our Form 10-K for the year ended December 31, 2009.

FINANCIAL PERFORMANCE OVERVIEW AND FRESH START ACCOUNTING

We continued to execute on the strategic priorities outlined earlier in the year. We have substantially completed the build out of our senior corporate leadership team including the hiring of a new Chief Financial Officer, Chief Administrative Officer and Head of Strategy, Chief Risk Officer, Chief Credit Officer, Chief Regulatory Officer, and Head of Human Resources in the second quarter and a new Controller and Head of Communications, Marketing and Government Relations since the end of the quarter. We have identified a candidate for one additional leadership position who we expect to hire upon receipt of all necessary regulatory approvals.

We made progress paying down our high cost first lien debt and re-accessing the capital markets for cost-efficient financing. Through the first six months of 2010, we repaid slightly over \$3 billion of first lien facilities and made an additional repayment the first week of July reducing the principal amount of outstanding first lien debt to \$4.0 billion. We also raised over \$2.5 billion of secured debt in 2010 in the capital markets across a variety of asset classes,

including trade and vendor receivables, aircraft and other lease equipment. These financings have all been at attractive rates, with costs averaging approximately 4% including amortization of related fees.

We made progress optimizing our asset portfolio. We sold over \$3 billion of non-strategic assets year-to-date including non-core operations in Australia and Canada, certain Corporate Finance loans, and approximately 6% of our liquidating student loan portfolio. These sales have, in aggregate, occurred at prices above our FSA adjusted carrying values and provided liquidity for the aforementioned debt repayments.

We continue to work with our regulators in a constructive manner addressing the issues cited in our Written Agreement with the Federal Reserve Bank of New York. Much of that effort focuses on enhancing our overall risk and credit management policies, procedures and practices. Finally, we remain focused on expenses and we have and will continue to make progress driving operating efficiencies. However, we are equally committed to further investing in the risk management and control functions necessary to successfully operate as a bank holding company.

Our year-to-date financial results reflect the progress we have made on our initiatives. The balance sheet has contracted, reflecting our pro-active efforts to optimize our debt refinancing strategies, and we have increased our capital, built reserves and hold in excess of \$10 billion of cash. We reported net income of nearly \$240 million for the first half of the year, due in large part to the favorable accretion benefits stemming from FSA. Those benefits exceeded our initial forecasts as cash prepayments on loans were particularly strong in the first half of the year, resulting in accelerated accretion of FSA discounts.

As a result of our successes, our Tier One and Total Capital Ratios improved to 17.4% and 18.2%, respectively, and our book value per share increased to \$43.11 at June 30, 2010.

In reviewing our second quarter results, this management discussion and analysis focuses on sequential trends as prior year comparisons to Predecessor CIT lack relevance given the impact of FSA. In the second quarter, net income was up on higher other income partially offset by higher credit provisioning.

Net income for the quarter was \$142 million, \$0.71 per share, up from \$97 million, \$0.49 per share in the first quarter. Net income benefitted from \$407 million pretax net accretion and lower depreciation due to FSA adjustments during the second quarter, compared to \$421 million pre-tax net accretion in the first quarter. The increased earnings contributed to higher book value per common share (\$43.11 at June 30, 2010 and \$42.63 at March 31, 2010) and tangible book value per common share (\$41.07 at June 30, 2010 and \$40.43 at March 31, 2010).

Net interest revenue declined \$31 million on lower financing assets and less net FSA accretion. However, total net revenues⁽¹⁾ increased 28% sequentially as an increase in Other Income offset the decline in net interest revenue.

Net finance revenue⁽¹⁾ (which includes operating lease rentals and depreciation) as a percentage of average earning assets was 4.03% compared to 4.09% last quarter and includes a 3.72% benefit from FSA. Excluding the impact from FSA and the prepayment penalty fees on the prepayment of high cost first lien debt, margin was 0.68% up slightly from the first quarter.

Other income (excluding operating lease rentals) increased from last quarter due to \$130 million of gains on receivable and asset sales and \$113 million of recoveries on receivables charged-off prior to the adoption of FSA. The 2010 first quarter included losses on foreign currency exposures that were largely hedged during the second quarter.

Non-personnel operating expenses were down. Salaries and compensation expenses increased from the first quarter on costs related to an employee retention program established last quarter. We are currently evaluating office space needs and plan to exit certain premises in the second half of 2010. Based on the alternatives being evaluated and current market conditions this evaluation could result in a charge of between \$40 and \$55 million in the second half of 2010.

Cash was up from the first quarter and consisted of unrestricted cash of \$6.1 billion at the bank holding company, \$1.7 billion at CIT Bank, \$1.7 billion at operating subsidiaries and \$1.2 billion in other restricted cash. We are developing access to more cost-efficient funding sources to support lending to our small business and middle market customers. We completed a new \$650 million committed conduit facility for Trade Finance and a £100 million (approximately \$150 million) committed Vendor Finance U.K. conduit facility, Vendor Finance's first conduit facility outside of North America, during the second quarter. These transactions, when combined with first quarter financings, aggregate to over \$2.5 billion in funding capacity. Our strengthened balance sheet and profitability resulted in improved capital ratios. Tier 1 and Total Capital ratios improved to 17.4% and 18.2%, respectively, from 15.7% and 16.1% at March 31, 2010.

Financing and leasing assets were reduced by almost \$4 billion, through the combination of strategic asset sales and net portfolio collections. New business volume increased 14% from the first quarter to over \$1 billion, with the greatest increase in Corporate Finance.

Debt was reduced by \$3 billion during the quarter, primarily related to pre-payments on first lien facilities and secured borrowings. \$2.3 billion of first lien debt was prepaid during the quarter (\$1.5 billion in April and \$0.8 billion in June). Approximately \$450 million was prepaid just after the June 30, 2010 quarter-end, leaving \$4 billion of the original \$7.5 billion first lien debt outstanding on July 1, 2010.

On July 27, 2010, we announced that we intend to explore refinancing the first lien debt with investors. Our plan is to repay approximately \$1 billion using cash and refinancing the remaining \$3 billion through a new first lien facility with an expected term of five years at a rate of LIBOR plus 4.5%, with a 1.75% floor. Necessary lender commitments were received on August 3, 2010 and we expect the transaction to close the week of August 9, 2010.

Net charge-offs of \$106 million were up \$64 million from the first quarter driven principally by smaller balance loans where the marks were established on a portfolio basis. Non-accrual loans of \$2.1 billion increased \$120 million from the first quarter, driven primarily by Corporate Finance. These credit metrics include asset marks and other FSA-related items. However, net charge-offs do not reflect recoveries of pre-FSA charge-offs recorded in other income, which were \$113 million in the second quarter and \$44 million in the first quarter.

Management also evaluates credit performance using credit metrics that exclude the impact of FSA. On this basis, gross charge-offs were \$252 million, up \$16 million from last quarter, driven by real estate and energy-related loans. These gross charge-offs also exclude recoveries of pre-FSA charge-offs recorded in other income. Non-accrual loans of \$3.0 billion decreased \$54 million from the first quarter. In aggregate, portfolio credit quality was at levels similar to the first quarter.

The provision for credit losses increased \$74.1 million from the first quarter primarily due to some incremental deterioration on loans previously discounted in FSA.

⁽¹⁾ Total net revenue and net finance revenue are non-GAAP measures. See Non-GAAP Financial Measurements section for reconciliation of non-GAAP to GAAP financial information.

Corporate Finance, Transportation Finance, Trade Finance and Consumer results improved from last quarter, while Vendor Finance results declined.

- Corporate Finance earnings improvement was driven by higher gains on asset sales and recoveries on loans charged off pre-FSA. Corporate Finance completed sales of a joint venture and other assets, proceeds of which were used to pay down debt. New business volume increased from the first quarter.
- Transportation Finance increased earnings reflect higher operating lease margins on a lower tax provision. Aircraft demand remains high as the aerospace fleet was effectively fully utilized at June 30, 2010, with one aircraft currently being marketed after its existing lease expired in the second quarter. During the quarter six new aircraft valued at \$0.3 billion were delivered. In early August 2010 a foreign-based airline to whom we have leased airplanes filed for bankruptcy protection in its home country and the U.S. At June 30, 2010 our exposure to this customer includes equipment under operating lease of approximately \$270 million. We are consulting with counsel and diligently acting to preserve our rights under the leases and the value of our aircraft. Lease commitments are in place for all 19 aircraft to be delivered over the next twelve months. Rail revenue increased as utilization improved from 90% to 93% on modest increases in activity across most major car types, and rents improved on usage-based contracts.
- Trade Finance narrowed its loss due to lower provision for credit losses, but its results remain impacted by the high cost of funds. At the end of the quarter the business closed a new committed conduit facility to more efficiently fund the business. The existing client base stabilized and the rate of attrition subsided. Factoring volume totaled \$6.3 billion, flat with the first quarter, contributing to level factoring commissions.
- Vendor Finance earnings declined reflecting reserve strengthening related to a liquidating consumer portfolio, higher allocated interest costs and a decrease in interest income due to lower asset levels. Vendor Finance completed the sale of its Australia and New Zealand business on June 30, 2010 (finance receivables of approximately \$390 million) and established a committed funding facility for U.K. assets. New business volume was flat with last quarter. New business volume for continuing programs increased 8% from last quarter and total volume was over \$1 billion for the first half of the year.
- Consumer earnings were up from the first quarter and approximately \$580 million of student loans were sold during the second quarter for a gain of \$12 million.

Business trends are discussed further in [Results by Business Segment](#) .

Discussion of Results in Comparison to 2009

The following discussion highlights certain year over year results. However, FSA adjustments reflected in 2010 impact the usefulness and comparability of year over year comparisons.

Net income for the quarter ended June 30, 2010, of \$142.1 million, improved from the prior year loss of \$1.7 billion, which included a \$692 million goodwill and intangible assets impairment charge and approximately \$200 million in losses on assets sales and related valuations. In contrast, 2010 results included \$130 million in asset sale gains and \$113 million in recoveries on pre-emergence charge-offs reported in other revenue. The 2010 provision for credit losses declined \$328 million from the prior year, largely due to FSA discount reducing reported charge-offs in the current year. Even prior to FSA, gross charge-offs were \$124 million below 2009. The current period results also benefitted from \$407 million in net accretion of FSA adjustments as discussed previously. Net finance revenue margins (including net operating lease income) prior to FSA and excluding current period prepayment charges on debt repayments were 0.68% versus 1.10% in 2009, largely reflecting the high cost debt issued in the reorganization and the cost of additional liquidity.

Net income for the six months ended June 30, 2010, of \$239.4 million, improved from the prior year loss of \$2.1 billion, reflecting the same trends and factors that drove the second quarter comparison. For the first half, the

provision for credit losses was \$677 million below 2009. Net finance margin was down, as 2010 net finance revenue margins prior to FSA and excluding current period prepayment charges were 0.67% versus 1.11% in the prior year.

Fresh Start Accounting

Upon emergence from bankruptcy, CIT adopted FSA. As a result, assets, liabilities and equity were reflected in our financial statements at fair value at December 31, 2009. FSA adjustments are reflected in 2010 and December 31, 2009 ending balances, while accretion and amortization of certain FSA adjustments are reflected in operating results for the quarters ended June 30 and March 31, 2010. Therefore, June 30, 2010 financial data is not comparable to June 30, 2009 data and comparisons throughout this document are primarily sequential.

The following table presents FSA adjustments by balance sheet caption:

Fresh Start Accounting (Discount) / Premium (dollars in millions)

	At June 30, 2010		At March 31, 2010		At December 31, 2009	
	Accretable	Non-accretable	Accretable	Non-accretable	Accretable	Non-accretable
Loans ⁽¹⁾	\$ (2,369.8)	\$ (1,184.9)	\$ (3,030.0)	\$ (1,566.0)	\$ (3,507.3)	\$ (1,755.1)
Operating lease equipment, net	(3,109.3)		(3,153.4)		(3,239.7)	
Goodwill and intangible assets	168.5	239.4	201.5	239.4	225.1	239.4
Other assets	(261.2)		(285.2)		(321.0)	
Total	\$ (5,571.8)	\$ (945.5)	\$ (6,267.1)	\$ (1,326.6)	\$ (6,842.9)	\$ (1,515.7)
Deposits	\$ 112.3	\$	\$ 121.6	\$	\$ 131.4	\$
Long-term borrowings	(3,195.0)		(3,284.9)		(3,394.4)	
Other liabilities		285.4		306.7		336.6
Total	\$ (3,082.7)	\$ 285.4	\$ (3,163.3)	\$ 306.7	\$ (3,263.0)	\$ 336.6

⁽¹⁾ The June 2010 balances do not include approximately \$255 million of discounts associated with loans which were transferred to assets held for sale in the quarter ended June 30, 2010.

In addition to the accretion of the loans FSA adjustment recorded in interest income (\$418 million in the second quarter), the accretable balance declined from March as a result of asset sales and transfers to held for sale. The decline in non-accretable balance is due to charge-offs, prepayments, asset sales and transfer of loan non-accretable discount to accretable discount. See Note 2 for additional information on this transfer.

The following table summarizes the impact of accretion and amortization of fresh start accounting adjustments on the Consolidated Statement of Operations:

Accretion / (Amortization) of Fresh Start Accounting Adjustments (dollars in millions)

Quarter Ended June 30, 2010	Corporate Finance	Transportation Finance	Trade Finance	Vendor Finance	Consumer	Corporate and Other	Total CIT
Interest income	\$ 304.8	\$ 20.6	\$ 2.9	\$ 58.4	\$ 30.2	\$ 0.9	\$ 417.8
Interest expense	(45.2)	(16.5)	(1.6)	(7.3)	(9.4)	(0.1)	(80.1)
Rental income on operating leases		(24.8)					(24.8)
Depreciation expense	3.6	59.4		7.1			70.1
Other income	18.4	3.7			1.8		23.9
Total	\$ 281.6	\$ 42.4	\$ 1.3	\$ 58.2	\$ 22.6	\$ 0.8	\$ 406.9
Six Months Ended June 30, 2010							
Interest income	\$ 634.9	\$ 43.5	\$ 9.6	\$ 121.4	\$ 59.8	\$ 0.2	\$ 869.4
Interest expense	(93.6)	(45.7)	(3.6)	(18.3)	(19.8)	0.2	(180.8)
Rental income on operating leases		(58.6)					(58.6)
Depreciation expense	5.0	116.9		16.0			137.9
Other income	45.9	9.2			4.6		59.7
Total	\$ 592.2	\$ 65.3	\$ 6.0	\$ 119.1	\$ 44.6	\$ 0.4	\$ 827.6

Due to market conditions, there has been a high level of loan prepayments in the first half of 2010, resulting in higher accretion of interest income than was anticipated. For the three and six months ended June 30, 2010, the accretion income related to prepayments of loans was \$135 million and \$279 million, respectively, primarily related to Corporate Finance, and is included in interest income.

	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Finance revenue	13.54%	13.15%	7.10%	13.33%	7.13%
Interest expense	-7.80%	-7.51%	-4.13%	-7.64%	-4.18%
Depreciation on operating lease equipment	-1.71%	-1.55%	-1.87%	-1.63%	-1.84%
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
Net finance revenue	4.03%	4.09%	1.10%	4.06%	1.11%
	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>
As a % of AEA by Segment:					
Corporate Finance	7.30%	6.71%	2.42%	6.97%	2.27%
Transportation Finance	1.65%	0.65%	2.00%	1.15%	2.14%
Trade Finance	-4.85%	-1.72%	2.95%	-3.22%	2.57%
Vendor Finance	8.13%	9.91%	3.15%	9.06%	3.24%
Commercial Segments	4.78%	4.97%	2.50%	4.87%	2.48%
Consumer	1.39%	0.91%	-0.49%	1.14%	-0.36%

Net finance revenue was favorably impacted by FSA accretion and depreciation adjustments, as detailed in the prior table. Excluding FSA adjustments and debt prepayment penalty fees of approximately \$45 million in the second quarter and \$15 million in the first quarter, net finance revenue totaled \$83 million, down slightly from \$86 million last quarter. The decline in interest income was primarily due to lower asset levels. Average earning assets were down \$2.9 billion as sales and collection activity outpaced new business originations. Interest expense was down sequentially due to lower debt balances, but remains elevated.

As detailed in the following table, net finance revenue as a percentage of AEA for the 2010 periods includes significant favorable impact from net accretion and lower depreciation as a result of FSA.

Net Finance Revenue as a % of AEA

	Quarters Ended		Six Months Ended
	June 30, 2010	March 31, 2010	June 30, 2010
Net finance revenue %	4.03%	4.09%	4.06%
Impact from FSA	-3.72%	-3.55%	-3.63%
Secured credit facility prepayment penalty fee	0.37%	0.11%	0.24%
Net Finance Revenue	0.68%	0.65%	0.67%

Although up a few basis points sequentially, high debt costs remain a prominent factor in the low margin rate. To lower future borrowing costs, we prepaid approximately \$3.5 billion of our high cost first lien facilities (including amounts after second quarter end) and completed lower cost financings of \$2.5 billion during the first six months of 2010. See [Financial Performance Overview](#) for current refinancing transaction. The increase in net margins was driven by reduction in high cost first lien debt and new lower cost secured financings but muted by the contraction in average earnings assets and higher cash balances.

Net Operating Lease Revenue as a % of Average Operating Leases (AOL) (dollars in millions)

	Quarters Ended		Six Months Ended		
	CIT		Predecessor CIT	CIT	Predecessor CIT
	June 30, 2010	March 31, 2010	June 30, 2009	June 30, 2010	June 30, 2009
Rental income on operating leases	15.30%	15.28%	14.30%	15.29%	14.53%
Depreciation on operating lease equipment	-6.52%	-6.34%	-8.66%	-6.43%	-8.71%
Net operating lease revenue	8.78%	8.94%	5.64%	8.86%	5.82%
Net operating lease revenue, excluding FSA	5.54%	5.96%	5.64%	5.75%	5.82%
Average Operating Lease Equipment (AOL	\$ 10,973.5	\$ 10,945.2	\$ 13,240.3	\$ 10,962.5	\$ 13,052.6

Net operating lease revenue included an FSA benefit of \$45 million in the current quarter (\$79 million year-to-date) as lower depreciation helped offset reduced rental income on operating leases. Before FSA adjustments, net operating lease revenue declined \$15 million sequentially due to lower balances of smaller ticket equipment, which also contributed to the lower margin percentage. Net operating lease revenue is primarily generated from aircraft and rail transportation portfolios. Utilization remained strong in aerospace and all of the new aircraft to be delivered over the next twelve months from our order book are placed on lease. Rail lease and utilization rates improved from last quarter to 93% on modest increases in activity across most major car types, and rents improved on usage-based contracts. See *Concentrations Operating Leases* .

CREDIT METRICS

Management analyzes credit trends both before and after FSA in order to provide comparability with our longer-term credit trends (which included pre-emergence / historical accounting) and credit trends experienced by other market participants.

Our credit metrics included the following trends:

- Net charge-offs, though up \$64 million from the first quarter, were partially offset by recoveries of pre-FSA charge-offs (which are recorded in other income) which increased by \$70 million in the second quarter from the first quarter. Gross charge-offs before the impact of FSA, were up \$16 million sequentially, primarily due to charge-offs on real estate and energy loans in Corporate Finance, but were essentially flat relative to the prior quarter and significantly lower than the prior year.
- Non-accrual loans were up from last quarter and year end, but exclusive of FSA, the increase from year end was less and amounts were down slightly from the first quarter, as improvement in non-accrual loan balances in Vendor Finance and Transportation Finance were offset by increased Corporate Finance balances, primarily in the communications and media industries.

- The allowance for credit losses continued to reflect the combination of non-specific provisioning for new origination volume and for other 2010 transactions and specific provisioning for incremental credit deterioration of certain receivables beyond the applicable FSA discount. In the first quarter we also established reserves in conjunction with bringing receivables back on balance sheet from off-balance sheet securitization structures following a change in the accounting rules.

Allowance for Loan Losses and Provision for Credit Losses

As a result of adopting FSA, the allowance for loan losses at December 31, 2009 was eliminated and effectively recorded as discounts on loans as part of the fair value of finance receivables. A portion of the discount attributable to embedded credit losses is recorded as non-accretable discount and utilized as such losses occur, primarily on impaired, non-accrual loans. Any incremental deterioration on loans in this group will result in incremental provisions or charge-offs. Improvements or increases in forecasted cash flows in excess of non-accretable discount will reduce any allowance on the loan established after emergence from bankruptcy. Once such allowance (if any) has been reduced the non-accretable discount will be reclassified to accretable discount and will be recorded as finance income over the remaining life of the account. Recoveries on pre-emergence (2009 and prior) charge-offs are reflected in other income.

For performing pre-emergence loans, a provision for credit losses is recorded to reflect an estimate of losses in excess of FSA discount.

The second quarter provision for credit losses increased \$74.1 million from the first quarter, as an incremental change in credit quality, which resulted in additional specific reserves and higher charge-offs in excess of FSA discounts, was partially offset by lower non-specific provisioning on new origination volume and performing pre-emergence loans. With respect to the incremental credit charges, the charge-offs are prior to \$113 million and \$157 million in recoveries for the second quarter and the first half of 2010, respectively, related to pre-emergence charge-offs. Incremental specific reserves in excess of FSA marks include charges related to a liquidating consumer portfolio in Vendor Finance.

At June 30, 2010, the \$337.8 million allowance for loan losses reflects the provisioning for the first six months of 2010 of \$447 million less net charge-offs of \$149 million and also includes \$40 million of reserves for securitized loans brought on-balance sheet in conjunction with the new accounting pronouncement related to consolidation of VIEs adopted on January 1, 2010.

The following table summarizes the components of the allowance and provision recorded in 2010:

Components of Allowance and Provision Recorded in 2010 (dollars in millions)

	Provision for Credit Losses			Allowance for Loan Losses
	Quarters Ended		Six Months	
	June 30, 2010	March 31, 2010	Ended June 30, 2010

FX and other adjustments	(0.6)		(0.6)	1.8
	<u>(3.6)</u>		<u>(3.6)</u>	<u>39.8</u>
Total	\$ 260.7	\$ 186.6	\$ 447.3	\$ 337.8

The allowance for loan losses is intended to provide for losses inherent in the portfolio based on estimates of the ultimate outcome of collection efforts, realization of collateral values, and other pertinent factors such as estimation risk related to performance in prospective periods. We may make adjustments to the allowance depending on general economic conditions and specific industry weakness or trends in our portfolio credit metrics, including non-accrual loans and charge-off levels and realization rates on collateral.

Our allowance for loan losses includes: (1) specific reserves for impaired loans and (2) reserves for estimated losses inherent in non-impaired loans based on historic loss experience and our estimates of projected loss levels. Our policy is to recognize losses through charge-offs when there is loss certainty after considering the borrower's financial condition and underlying collateral and guarantees and the finalization of collection activities.

The following table presents detail on our allowance for loan losses including charge-offs and recoveries:

Reserve and Provision for Credit Losses (dollars in millions)

	Quarters Ended June 30,		Six Months Ended June 30,	
	CIT	Predecessor CIT	CIT	Predecessor CIT
	2010	2009	2010	2009
Reserve balance beginning of period	\$ 180.8	\$ 1,316.3	\$	\$ 1,096.2
Provision for credit losses	260.7	588.5	447.3	1,123.9
Reserve changes relating to new accounting pronouncement			39.7	
Reserve changes relating to foreign currency translation, other	2.6	(10.5)	(0.6)	(12.7)
Net additions to reserve for credit losses	263.3	578.0	486.4	1,111.2
Gross charge-offs	(113.3)	(375.8)	(157.7)	(703.0)
Recoveries ⁽¹⁾	7.0	19.9	9.1	34.0
Net charge-offs	(106.3)	(355.9)	(148.6)	(669.0)
Reserve balance end of period	\$ 337.8	\$ 1,538.4	\$ 337.8	\$ 1,538.4

⁽¹⁾ Recoveries do not include \$113.3 million and \$157.1 million for the three and six months ended June 30, 2010, respectively, of recoveries on accounts that were charged-off pre-FSA and are included in other income.

In addition to the reserves shown above, the non-accretable discount established in FSA is available to offset future charge-offs on individual loans. A total of \$1.523 billion, comprised of remaining non-accretable discount of \$1.185 billion and the allowance for loan losses of \$338 million, is available to cover losses.

The decrease in non-accretable discounts during the six months ended June 30, 2010 is largely due to prepayments, asset sales and transfer of non-accretable discount to accretable discount. See Note 2 for additional information on this transfer.

The following table presents charge-offs by business segment. See *Results by Business Segment* for additional information.

Gross Charge-offs (exclusive of FSA) (dollars in millions)

	Quarters Ended			Six Months Ended	
	CIT		Predecessor CIT	CIT	Predecessor CIT
	June 30, 2010	March 31, 2010	June 30, 2009	June 30, 2010	June 30, 2009
Gross charge-offs					
Corporate Finance	\$ 164.2	\$ 134.1	\$ 238.0	\$ 298.3	\$ 451.3
Transportation Finance			1.2		3.4
Trade Finance	12.5	4.7	14.8	17.2	37.3
Vendor Finance	55.1	67.9	88.3	123.0	138.7
Consumer	19.8	28.6	33.5	48.4	72.3
Total gross charge-offs	\$ 251.6	\$ 235.3	\$ 375.8	\$ 486.9	\$ 703.0

Before FSA, gross charge-offs were up from the first quarter, largely due to real estate and energy-related loans in Corporate Finance where events during the period resulted in credit deterioration beyond the FSA marks. In relation to the prior year, amounts were down significantly, with significant reductions in all segments.

The increase from the first quarter in charge-offs after FSA was driven principally by smaller balance loans where the marks were established on a portfolio basis. This trend is most evident in Vendor Finance. As mentioned previously, both the pre- and post FSA 2010 amounts exclude recoveries on pre-emergence charge-offs which are reported in Other Income.

The tables below present information on non-accrual loans:

Non-accrual and Past Due Loans: (dollars in millions)

	June 30, 2010	March 31, 2010	December 31, 2009

Consumer	197.2	2.00%	200.6	1.99%	197.7	1.74%
Total	\$ 3,026.8	9.33%	\$ 3,081.2	8.41%	\$ 2,825.4	6.86%

Reported non-accrual loans including FSA discount increased from the first quarter, largely due to the addition of loans in the communications and media industries in Corporate Finance. The rate of increase of inflows declined in the second quarter, as sales and paydowns offset new inflows which was at a level comparable to the first quarter. Non-accrual loans in Vendor Finance and Transportation Finance were down from the first quarter, both including and excluding FSA adjustments.

Excluding FSA, non-accrual loans in Corporate Finance remained essentially flat since December 31, 2009; an improvement relative to increases experienced in 2009. The increase in Transportation Finance during the first quarter primarily related to one account, which management believes is well collateralized. Vendor Finance non-accruals decreased from December 2009 principally due to lower levels in Europe operations, partially offset by an increase in a liquidating consumer program.

Losses on non-accrual loans are first applied against discounts and thus do not reduce post FSA loan balances to the same extent as pre-FSA balances.

Loans at June 30, 2010 include \$383.7 million (\$510.3 million exclusive of FSA discount) of modifications deemed to be troubled debt restructurings (TDRs). Of this amount, 99% were on non-accrual status. Approximately 60% of the TDR modifications were deferral of principal or interest payments. Additionally, \$180 million of modifications were deemed to not be TDRs, with approximately 50% of these balances on non-accrual.

The following table summarizes accretable and non-accretable discounts on finance receivables resulting from FSA:

Fresh Start Accounting Discount on Loans (dollars in millions)

Total Other	330.6	132.2	(198.8)	462.8	(10.8)
Total other income	\$ 750.3	\$ 550.4	\$ 274.7	\$ 1,300.7	\$ 937.9

Current quarter other income benefited from increased recoveries on pre-FSA charge-offs and gains on loan and asset sales, while prior quarter results included losses on non-qualifying derivatives and foreign currency exchange.

Rental income on operating leases was relatively unchanged on flat asset levels and includes FSA amortization of \$24.8 million and \$33.8 million for the June and March 2010 quarters. See *Net Finance Revenues* and *Financing and Leasing Assets Results by Business Segment and Concentrations Operating Leases*.

Recoveries of pre-FSA charge-offs reflect recoveries of loans charged off prior to the adoption of FSA and are recorded as other income, not as a reduction to provision for loan losses. These result from repayments or other workout resolutions.

Gains on loan and portfolio sales primarily reflect amounts received in excess of current net asset carrying values. As the economy recovers, sales volume and prices strengthened. Receivables sold totaled \$1,845.6 million for the June 2010 quarter with \$809.1 million from Corporate Finance, \$582.1 million in student loans, and \$454.4 million from

Vendor Finance. For the six months ended June 30, 2010, receivables sold totaled \$2,454.6 million with \$1,008.4 from Corporate Finance, \$864.1 million from Vendor Finance and \$582.1 million in student loans.

Gains on sales of leasing equipment resulted from sales volume of \$257.3 million for the June 2010 quarter and \$509.2 million for the six months ended June 2010. Equipment sales consist of vendor off lease equipment (technology related), aircraft and railcars, as well as assets in the healthcare and commercial and industrial sectors.

GSI receivable accretion primarily reflects the accretion of a fair value mark on a receivable from GSI related to a secured borrowing facility. See *Other Assets/Other Liabilities*

Fees and commissions are comprised of asset management, agent and advisory fees, servicing fees, accretion and impairments, as well as income from joint ventures. Fees and commissions reflect low market activity and reduced joint venture earnings.

Gains/(losses) on non-qualifying derivatives and foreign currency exchange reflect foreign currency exposures that were largely hedged during the second quarter.

EXPENSES

Total Other Expenses (dollars in millions)

Net occupancy expense	11.3	14.9	15.9	26.2	32.1
Other	40.0	46.1	44.8	86.1	95.2
Total salaries and general operating expenses	274.4	250.0	271.3	524.4	553.0
Provision for severance and facilities exiting activities	2.6	11.9	22.6	14.5	42.9
Goodwill and intangible assets impairment charges			692.4		692.4
(Gains) losses on debt and debt-related derivative extinguishments					(139.4)
Total other expenses	\$ 456.0	\$ 435.4	\$ 1,272.9	\$ 891.4	\$ 1,717.5
Headcount ⁽¹⁾	4,006	4,089	4,690		

(1) Includes approximately 130 employees in the Vendor Australia/New Zealand operations that were transferred as part of the sale that closed on June 30, 2010

Depreciation on operating lease equipment is recognized on owned equipment over the lease term or projected economic life of the asset, whichever is shorter. FSA adjustments reduced 2010 depreciation expense by \$70.1 million and \$137.9 million for the quarter and six months ended June 30, 2010, respectively. See *Net Finance Revenues*, *Financing and Leasing Assets Results by Business Segment* and *Concentrations Operating Leases*.

Non-personnel expenses (professional fees, technology, occupancy, etc) declined sequentially, but were offset by higher *Compensation and benefits* costs, related to an employee retention program established during the first quarter. Headcount and related compensation expenses include personnel (approximately 130 in the Australia / New Zealand business that was sold on June 30, 2010).

Provision for severance and facilities exiting activities reflects reductions of over 50 employees as we continue to focus on organization efficiencies. We are currently evaluating office space needs and plan to exit certain premises in the second half of 2010. Based on the alternatives being evaluated and current market conditions, this evaluation could result in a charge of between \$40 and \$55 million in the second half of 2010.

INCOME TAXES

Income Tax Data (dollars in millions)

	Quarters Ended			Six Months Ended	
	CIT		Predecessor CIT	CIT	Predecessor CIT
	June 30, 2010	March 31, 2010	June 30, 2009	June 30, 2010	June 30, 2009
Provision (benefit) for income taxes	\$ 56.8	\$ 33.2	\$ 1.5	\$ 90.0	\$ (3.4)
NOL valuation adjustments/changes in uncertain tax liabilities	14.3	9.3	11.2	23.6	24.1
Provision for income taxes	\$ 71.1	\$ 42.5	\$ 12.7	\$ 113.6	\$ 20.7
Effective tax rate excluding discrete items	26.6%	23.9%	(0.1)%	25.5%	0.2%
Effective tax rate	33.3%	30.6%	(0.8)%	32.2%	(1.1)%

Taxes on certain international operations and valuation allowances recorded against U.S. losses has driven the effective tax rate for the second quarter and year to date 2010. The provision for 2010 largely results from tax on international operations. The year end 2010 effective tax rate may vary from the current rate primarily due to changes in the mix of domestic and international earnings and the impact of the valuation allowance recorded against US and international deferred taxes in 2010.

Included in the second quarter 2010 and year to date tax provisions are \$14.3 million and \$23.6 million, respectively, of tax expense related to valuation allowances recorded against international deferred tax assets and changes in liabilities for uncertain tax positions. The Company anticipates that it is reasonably possible that the total unrecognized tax benefits will decrease due to the settlement of audits and the expiration of statute of limitations prior to June 30, 2011 in the range of \$5-\$20 million. The tax provisions for the quarter and six months ended June 30, 2009 included \$11.2 million and \$24.1 million, primarily related to increases in state tax valuation allowances partially offset by favorable settlements of a foreign tax dispute.

At December 31, 2009, we had NOL s of \$7.6 billion prior to cancellation of indebtedness income. After cancellation of indebtedness income, we estimate that we currently have remaining NOL carryforwards of \$2.6 billion, which expire from 2027 through 2029. FSA adjustments are excluded from the calculation of US taxable income. Excluding FSA adjustments, second quarter and year to date 2010 U.S. results were a loss of approximately \$625 million and \$1 billion, respectively, which will increase, net of book / tax differences, the company s U.S. NOL carryforwards. These losses would not be subject to Section 382 limitations.

In 2009, CIT s reorganization constituted an ownership change under Section 382 of the Code which places an annual dollar limit on the use of NOL carry forwards. There are two relief provisions for limitations on NOL usage in Chapter 11 bankruptcy. Under one provision, we avoid any limitation on our use of NOL carry forwards, but the amount of the NOL is calculated without taking into account deductions for certain interest expense with respect to notes that were exchanged for equity, effectively reducing our NOL. In addition, if we undergo an ownership change within two years of the reorganization, our remaining NOL carry forwards, if any, would be entirely eliminated. To reduce this risk, our Certificate of Incorporation was amended to include restrictions on trading of the Company s Common Stock (see discussion below). Under the second provision, the calculation of the annual limitation of usage of NOL s is based on the value of equity immediately after any ownership change. If we elect this second provision, we estimate our NOL usage will be limited to \$230 million per annum; however, the requirement to eliminate unused NOL carry forwards upon a change of ownership within two years of the reorganization would not apply. We have not yet made our final determination of which relief provision we will select. See our 10-K for December 31, 2009 for further information regarding the two relief provisions and the effects of the 2009 reorganization.

Tax Attribute Preservation Provision

In order to preserve valuable tax attributes following emergence from bankruptcy, restrictions were included in our Certificate of Incorporation on transfers of Successor Common Stock (the Tax Attribute Preservation Provision). During the Restriction Period (as defined in our Certificate of Incorporation), unless approved by the Board, any attempted transfer of Successor Common Stock is prohibited and void to the extent that, as a result of such transfer (or any series of transfers) either (i) any person or group of persons shall become a five-percent shareholder of the Company (as defined in Treasury Regulation Section 1.382-2T(g)) or (ii) the ownership interest of any five-percent shareholder shall be increased.

Notwithstanding the foregoing, nothing in the Tax Attribute Preservation Provision shall prevent a person from transferring New Common Stock to a new or existing public group of the Company, as defined in Treasury Regulation Section 1.382-2T(f)(13) or any successor regulation. The restrictions described above (the Restriction Period) commenced on the December 8, 2009 Confirmation Date and will remain in effect until the earlier of (a) 45 days after

the second anniversary of the Confirmation Date, and (b) the date that the Board determines that (1) the consummation of the Plan did not satisfy the requirements of section 382(l)(5) of the Internal Revenue Code or treatment under that section is not in the best interests of the Company, (2) an ownership change, as defined under the Internal Revenue Code, would not result in a substantial limitation on the ability to use otherwise available tax attributes, or (3) no significant value attributable to such tax benefits would be preserved by continuing the transfer restrictions.

RESULTS BY BUSINESS SEGMENT

See *Note 11 Business Segment Information* for additional details.

Certain expenses are not allocated to our operating segments and are reported in Corporate and Other. These consist primarily of: (1) provision for severance and facilities exit charges; (2) certain tax provisions and benefits; and (3) losses on foreign currency exposures and related items.

In 2009, Corporate and Other also includes certain funding costs not allocated to our segments. Essentially all funding costs including prepayment penalties on the first lien facilities were allocated to segments in 2010.

Corporate Finance

Corporate Finance provides financing solutions and advisory services to small and mid-size businesses in a wide array of industries, including commercial and industrial (C&I), communications, media and entertainment (CM&E), healthcare, small business lending, and energy. Revenue is generated primarily from interest earned on loans, supplemented by fees collected on other services provided, such as advisory, arrangement and collateral and administrative agent services.

depreciation expense) as a % of AEA		7.30%		6.71%		2.42%		6.97%		2.27%
New business volume	\$	245.1	\$	145.4	\$	444.3	\$	390.5	\$	785.7

Corporate Finance sequential earnings improvement was driven by higher gains on asset sales and recoveries on pre FSA charge-offs. Corporate Finance has seen its pipeline of new originations increase with over 300 deals under review since the beginning of the year, and ten transactions funded in the second quarter, which had over 60% of commitment volume in asset-based loans. New applications in Small Business Lending increased 15% from the prior quarter. Overall, Corporate Finance second quarter commitment volume increased significantly from the first quarter.

Corporate Finance continues to further optimize its cost structure and loan portfolio by selling non-strategic assets and underperforming loans, though the pace will vary based on changes in pricing and market supply and demand. Assets sold were a combination of credit concern assets, non-performing loans, real estate and lower margin and non-strategic performing loans. Headcount has been reduced commensurate with reduced portfolio size.

Edgar Filing: CIT GROUP INC - Form 10-Q

- Net income for the quarter increased \$78.1 million principally from a large increase in other income due to gains on asset sales and recoveries of pre-FSA charge-offs, partially offset by higher charge-offs and higher operating expenses.
- Net finance revenue improved as a percentage to AEA primarily due to higher loan prepayment fees and lower AEA.
- Provision for credit losses reflects \$26.3 million increased net charge-offs due to real estate and energy-related loans and recording of general loss reserves on existing loans. Recoveries of pre-FSA charge-offs recorded in other income were greater than current quarter charge-offs.
- Other income is \$102.8 million higher than the first quarter due to recoveries of pre-FSA charge-offs and gains on asset sales, including realization of FSA discounts on assets sold.
- Operating expenses increased from the first quarter primarily due to a full quarter's charge for the corporate retention program and higher legal costs.
- Non-accrual loans increased \$157.6 million from March 31, 2010 due to the addition of loans in communications and media industries.
- Assets declined \$1.6 billion from the first quarter due to focus on asset sales to pay down high-cost first lien debt, continued line pay down, and prepayments and non-renewals of existing lines driven by improved market pricing. Asset sales in the second quarter consisted of \$809.1 million of finance receivable sales including a Joint Venture transaction and \$82.0 million of equipment sales.

Transportation Finance

Transportation Finance leases primarily commercial aircraft to airline companies globally and rail equipment to North American operators, and provides other financing to these customers as well as those in the defense sector. Revenue is generated from rents collected on leased assets, and to a lesser extent from interest on loans, fees and gains from assets sold.

The Commercial Air fleet remained effectively fully utilized at June 30, 2010 and lease commitments are in place for all 19 aircraft to be delivered over the next twelve months. During the quarter, six new aircraft valued at \$0.3 billion were delivered and secured debt financing was obtained for one of the planes. Lease rates for newly marketed and remarketed aircraft have mostly stabilized. Rail revenue increased as Rail fleet utilization including customer commitments to lease improved from 90% to 93%, on modest increases in activity across most major car types, and rents improved on usage-based contracts. Rail lease rates and utilization have been impacted by weak freight demand and increased velocity on the rail network which have combined to generate a broad-based surplus of rail assets. We have shortened lease terms on some remarketed leases in the current lower rate environment.

- Net finance revenue improved from last quarter on higher operating lease margins and lower funding costs. Commercial Aerospace benefitted from rent collection efforts and continued strong utilization, as just one aircraft was off-lease at June 30, 2010 with remarketing efforts underway. In early August 2010 a foreign-based airline to whom we have leased airplanes filed for bankruptcy protection in its home country and the U.S. At June 30, 2010 our exposure to this customer includes equipment under operating lease of approximately \$270 million. We are consulting with counsel and diligently acting to preserve our rights under the leases and the value of our aircraft. Rail benefitted from higher utilization.
- The favorable earnings impact of FSA accretion is recognized over a longer time horizon from other segments given the longer asset lives. FSA in the quarter resulted in an increase to interest income of \$21 million (\$44 million year-to-date), a reduction to rental income on operating leases of \$25 million from amortization of lease contract intangible asset (\$59 million year-to-date), and a \$59 million reduction to depreciation (\$117 million year-to-date).
- Other income includes \$13.7 million of gains (\$28.0 million year-to-date) on \$64 million (\$152 million year-to-date) of aircraft and railcar equipment sales.
- 2010 volume consisted primarily of the delivery of ten commercial aircraft from our existing order book, all of which were leased. See *Note 9 Commitments*. The 2011 order book reflects a reduction of four planes as eight A320 Family orders were replaced with four A330 orders.
- Credit metrics remained comparable with the first quarter; non-accrual loans declined and no charge-offs were recorded.
- Financing and leasing assets have been stable at \$12.0 billion as new equipment purchases (principally aircraft) have been mitigated by depreciation.

Trade Finance

Trade Finance provides factoring, receivable management, and secured financing to businesses that operate in several industries, including apparel, textile, furniture, home furnishings and consumer electronics. Although primarily U.S.-based, Trade Finance also conducts international business in Asia, Latin America and Europe. Revenue is generated from commissions earned on factoring activities, interest on loans and other fees for services rendered.

Factoring volume	\$ 6,307.3	\$ 6,378.0	\$ 8,170.3	\$ 12,685.3	\$ 16,516.6

(1) AEA is lower than AFR as it is reduced by the average credit balances for factoring clients.

Trade Finance factoring volume of \$6.3 billion was unchanged from the first quarter. Stabilizing factors for the business included a decline in the level of client terminations versus the fourth quarter of 2009, the signing of over \$700 million of annualized volume from new clients in the first half of 2010, and the resumption of \$1.4 billion in annualized volume by clients that had previously been withholding business.

- Net interest income decreased \$12.7 million compared to the first quarter as FSA interest income accretion decreased by \$3.8 million and due to increased borrowing costs. Borrowing costs this quarter include \$4 million related to collateral posted to issue letters of credit on behalf of clients, which had been previously reported in Corporate and Other .
- Factoring commissions were comparable with the prior quarter.
- The provision for credit losses decreased \$21.6 million as we rebuilt loan loss reserves in the first quarter after they had been eliminated under FSA. The second quarter gross charge-offs of \$12.5 million are exclusive of \$11.3 million of current quarter recoveries of pre-FSA charge-offs which are recorded as other income.
- Non-accrual loans remained at a relatively low level.
- Loans decreased \$280 million to \$2.5 billion from the end of the first quarter.

Vendor Finance

Vendor Finance partners with leading manufacturers and distributors of information technology, office products and telecommunications equipment to deliver financing and leasing solutions to end-user customers, predominantly small and medium sized businesses, globally. We also offer financing for diversified asset types in certain international markets. Vendor Finance earns revenues from interest on loans, rents on leases and fees and other revenue from leasing activities.

The results for Vendor Finance reflect the realignment of our business, our exit from less profitable programs, and our continued focus on core markets. Vendor Finance continues to see positive trends in our portfolio and the core business performed well. For the first half of 2010, Vendor Finance has originated over \$1 billion in new business volume and generated \$34.5 million in net income. We continued to realign our business to maximize efficiencies and optimize our portfolio in the second quarter as demonstrated by completion of the sale of our Australian and New Zealand business and the sale of non-strategic portfolios. We also reduced credit risk through the sale of certain non-strategic assets in Spain resulting in a gain on the sale of \$57.4 million of assets. Continued progress was made on increasing our funding capabilities as we established a £100 million (approximately \$150 million) committed funding facility for U.K. assets. This brings our total funding facilities year to date to \$1.8 billion.

- The decline in Vendor Finance earnings from last quarter reflected reserve strengthening related to a liquidating consumer portfolio, higher allocated interest costs and decrease in interest income due to lower asset levels. Additionally, the tax provision in the second quarter reflects amounts required to approximate the effective tax rate on a year to date basis. The increase in effective tax rate was driven by the mix of taxable income between U.S. and international sources.
- New business yields remain stable. In addition, new business yields are higher than our blended portfolio yields.
- New business volume was flat with last quarter at \$532 million, however volume for continuing programs increased 8% from last quarter. During the second quarter we launched the Lenovo Financial Services program in North America.
- Net charge-offs increased from last quarter, but on a pre-FSA basis, net charge-offs declined. Recoveries recorded in other income totaled approximately \$15 million in the second quarter and approximately \$19 million in the first quarter. On both a pre- and post- FSA basis, non-accrual loans decreased from March 31, 2010.
- Net operating expenses were down slightly quarter over quarter with continued focus on driving efficiencies to further reduce operating expenses through continued streamlining and leveraging of our operating platforms.
- Total financing and leasing assets decreased 16% sequentially, reflecting asset sales of \$566 million and continued liquidation of non-core portfolios.

Consumer

Our Consumer assets and results include student lending and other principally unsecured consumer loans, all of which are running off.

The student loan portfolio is running off as we ceased originating private loans in 2007 and government guaranteed loans in 2008. During the quarter ended June 30, 2010, \$0.6 billion of U.S. government guaranteed student loans were sold, with the proceeds used to retire related debt obligations in CIT Bank. Consumer operating losses, prior to FSA, reflect low finance revenue and credit costs. Fresh start accounting accretion improved results from the prior year.

Edgar Filing: CIT GROUP INC - Form 10-Q

- Net finance revenue improvement from prior year was due to FSA accretion (\$30 million and \$60 million for the three and six months ended June 30, 2010, respectively); yield increase was offset by higher cost CIT debt issuances in 2009.
- Other income reflects a gain on sale of receivables of \$12 million and recoveries of accounts that were charged off prior to FSA.
- Net finance revenue as a percentage of AEA improved from prior quarter and increased compared to prior year, reflecting the impact of FSA accretion income. Current quarter improvement resulted from increased yields on guaranteed student loans from rising rates while funding costs for the quarter were primarily fixed.
- Net charge-offs were up slightly due to private loan performance, but exclusive of FSA, there was a decrease.
- The student loan portfolio decreased 7% during the current quarter due to loan sales of \$582 million and liquidations.
- Delinquencies declined consistent with a seasonal improvement from year end deterioration based on customer behavior.

Corporate and Other

Corporate and other expense in 2010 is comprised primarily of expenses not allocated to segments, including provisions for severance and facilities exit activities (see Expense section for detail), losses on foreign currency exposure positions and certain tax expenses.

	<hr/>	<hr/>	<hr/>	<hr/>	<hr/>

- Interest income consists of interest and dividend income primarily from deposits held at other depository institutions, U.S. Treasury Securities, and Mortgage Backed Securities.
- Interest expense reflects amounts not allocated to business segments. Management has allocated interest on high cost debt to each segment, which had previously been reflected in Corporate and Other.
- Other income in the first quarter included losses on foreign currency exposures that were largely hedged during the second quarter.
- Other expenses, excluding provision for severance and facilities exit activities and gain (loss) on debt and debt related derivative extinguishments, reflects amounts unallocated to business segments.

- Other expenses provision for severance and facilities exit activities reflects reductions of over 50 employees. We are currently evaluating office space needs and plan to exit certain premises in the second half of 2010. Based on the alternatives being evaluated and current market conditions this evaluation could result in a charge of between \$40 and \$55 million in the second half of 2010.
- The segments record tax expense or benefit as if they were reporting on a stand alone basis. Corporate and other results include tax adjustments to bring the tax rate to the consolidated level. The adjustment reflects the Company's NOL position.

CIT Bank

Lending activity at the bank remained limited, but is growing. The bank closed several new commercial loans this quarter. New committed loan volume rose to approximately \$180 million from \$35 million in the first quarter, of which \$85 million was funded.

The bank reported net income of \$29 million, up from \$22 million for the quarter ended March 31, 2010. Its Tier 1 Capital ratio was 59.1% and Leverage ratio was 20.6% at June 30, 2010, both up from last quarter. Total assets at June 30, 2010 were \$7.6 billion, consisting of (a) \$1.7 billion of cash available to fund new business, (b) \$5.2 billion of loans, including \$4.0 billion of consumer loans, primarily student loans and \$1.2 billion of commercial loans, and (c) \$0.7 billion of other assets, including \$0.3 billion of investments. Deposits, primarily brokered CDs, totaled \$4.7 billion, and secured debt was \$1.1 billion at June 30, 2010.

FINANCING AND LEASING ASSETS

The following table presents our financing and leasing assets (including assets held for sale) by segment:

Financing and Leasing Asset Composition (dollars in millions)

Financing and Leasing assets declines were driven by strategic asset sales and portfolio collections, which offset increased new origination volume and previously securitized receivables brought back on balance sheet in conjunction with the adoption of new accounting guidance in the 2010 first quarter.

Assets held for sale at June 30, 2010 was comprised largely of energy related assets and certain receivables in Europe (Corporate Finance). The balance at March 31, 2010 included asset based loans in Canada (Corporate Finance), certain non-strategic assets outside the U.S., primarily Australia / New Zealand (Vendor Finance), and select U.S. government guaranteed student loans (Consumer), which were completed in the second quarter. As we continue to execute on our strategic business plan, we may identify other businesses or portfolios for sale or liquidation. Upon obtaining required internal approvals, and the completion of due diligence and other procedures, these assets would be re-classified to available for sale.

Sales activity reflected the disposition of selected loans, including asset based loans in Europe, Canada and the U.S. within Corporate Finance, certain non-strategic portfolios, including business in Australia and New Zealand, and terminated joint venture receivables in Vendor Finance as well as student loans in Consumer.

CONCENTRATIONS

Ten Largest Accounts

Our ten largest financing and leasing asset accounts in the aggregate represented 6.5% of our total financing and leasing assets at June 30, 2010 (the largest account was 1.3%). Excluding student loans, the top ten accounts in aggregate represented 8.3% of total owned assets (largest account totaling 1.7%). In early August 2010, one of our ten largest accounts filed for bankruptcy protection. This account represented 0.7% (0.9% excluding student loans) of our total financing and leasing assets at June 30, 2010. The top ten accounts were 5.8% and 7.7% of total financing and leasing assets (excluding student loans) at December 31, 2009.

The largest accounts were in Transportation Finance (airlines and rail), Corporate Finance (energy) and Trade Finance (retail).

Operating Lease Equipment

Operating Leases by Segment (dollars in millions)

	June 30, 2010	December 31, 2009
Transportation Finance Aerospace(I)	\$ 6,756.4	\$ 6,506.3
Transportation Finance Rail and Other	3,540.5	3,582.9
Vendor Finance	549.6	683.5
Corporate Finance	104.2	137.3

Total	\$	10,950.7	\$	10,910.0
-------	----	----------	----	----------

(1) Aerospace includes commercial, regional and corporate aircraft and equipment.

At June 30, 2010, Transportation Finance had 235 commercial aircraft on operating lease and approximately 102,000 railcars. Our commercial aircraft fleet remained effectively fully utilized at June 30, 2010, while railcar fleet utilization increased to 93% from 90% at December 31, 2009. In early August 2010 a foreign-based airline to whom we have leased airplanes filed for bankruptcy protection in its home country and the U.S. At June 30, 2010 our exposure to this customer includes equipment under operating lease of approximately \$270 million. We are consulting with counsel and diligently acting to preserve our rights under the leases and the value of our aircraft.

Vendor Relationships

In Vendor Finance, our strategic relationships with industry-leading equipment vendors are an important origination channel for our financing and leasing activities. These vendor alliances include traditional vendor finance programs, joint ventures and profit sharing structures. Our longstanding relationships with Dell and Avaya are in multiple international markets.

⁽¹⁾ Narrow body are single aisle design and consist primarily of Boeing 737 and 757 series and Airbus A320 series aircraft. Intermediate body are smaller twin aisle design and consist primarily of Boeing 767 series and Airbus A330 series aircraft. Wide body are large twin aisle design and consist primarily of Boeing 747 and 777 series aircraft.

In early August 2010 a foreign-based airline to whom we have leased airplanes filed for bankruptcy protection in its home country and the U.S. At June 30, 2010 our exposure to this customer includes equipment under operating lease of approximately \$270 million. We are consulting with counsel and diligently acting to preserve our rights under the leases and the value of our aircraft.

See *Note 9 Commitments*.

Student Lending (Student Loan Xpress or SLX)

Consumer includes our liquidating student loan portfolio of which we service approximately 70% of the portfolio in-house. See *On-balance Sheet Securitization Transactions* for description of related financings.

Finance receivables by product type are presented in the following table:

Student Lending Receivables by Product Type (dollars in millions)

	June 30, 2010	December 31, 2009

⁽¹⁾ Upon adoption of FSA certain commitments, specifically aerospace commitments, were brought on balance sheet, and relate to the amounts CIT is committed to pay for future aircraft deliveries.

RISK MANAGEMENT

We are subject to a variety of risks that manifest themselves in the course of our business. We consider the following to be the principal forms of risk:

- Credit risk (including lending, derivative counterparty, and equipment and residual risk)
- Market risk (including interest rate, foreign currency and liquidity risk)
- Regulatory compliance risk (compliance with laws and regulations)
- Operational risk (operational errors or employee misfeasance or malfeasance)

Managing risk is essential to conducting our businesses and to our profitability. Our risk management systems and procedures are designed to identify and analyze important business risks, to set appropriate policies and limits, and to continually monitor risks and limits using reliable administrative and information systems, along with policies and programs. We continue to enhance our risk management practices, including governance, measurement and monitoring.

Our risk management policies and practices are described in detail in our Form 10-K for the year ended December 31, 2009.

CREDIT RISK

The extension of credit, through our lending and leasing activities, is the fundamental purpose of our businesses. As such, we maintain comprehensive credit risk management practices, including credit underwriting, on-going monitoring and collections. In light of our credit performance in 2009, we are reviewing and enhancing these practices and our overall credit management infrastructure. Specifically, during the first half of 2010, we have focused on credit grading, problem loan identification, and key additions to staff, as well as short and long term information systems projects, to enhance our management and monitoring of our existing portfolio. In addition, we have realigned credit officer reporting lines and enhanced and refined our underwriting policies and underwriting guidelines to strengthen the controls on our origination activities. While these actions have resulted in significant improvements in our credit practices, several longer term initiatives, which are currently in process, related to our credit information systems and dependent downstream processes will need to be completed before we will be in line with market best practices.

Credit exposures are reviewed and monitored on an ongoing basis to identify, as early as possible, customers that are experiencing declining creditworthiness or financial difficulty. A two-tier risk system is utilized to capture and analyze credit risk based on probability of obligor default and loss given default. Our credit risk management practices also apply to counterparty credit exposures related to our use of derivatives instruments for hedging purposes.

We evaluate performance of our receivables across the organization to reduce risk concentrations. We monitor concentrations by borrower, industry, geography and equipment type. We set or modify limits as conditions warrant, to reduce credit concentrations and risk of substantial credit loss. We test for asset impairment based upon projected cash flows and relevant market data with any impairment in value charged to earnings.

We have systems, processes and expertise to manage equipment and residual risk in our leasing businesses. Our process consists of: 1) setting residual values at transaction inception; 2) systematic residual value reviews; and 3) monitoring of actual levels of residual realizations. Residual realizations, by business and product, are reviewed as part of our quarterly financial and asset quality review, both within the businesses and by senior management. Reviews for impairment are performed at least annually.

MARKET RISK

We monitor exposure to market risk by analyzing the impact of potential interest rate and foreign exchange rate changes on financial performance. We are implementing a vendor-supplied market risk management system to replace the previously used, internally developed system. We anticipate the system being fully operational by December 2010.

At June 30, 2010, the Company's loan and lease portfolio was approximately 50% floating rate, with the remainder fixed rate. Our liabilities, at June 30, 2010, were approximately 80% fixed rate based, with the remainder floating rate. While the liability restructuring materially improved our liquidity, the conversion of our liabilities to largely US dollar fixed rate debt, as part of the plan of reorganization, resulted in an asset sensitive position as our assets will re-price faster than our liabilities. Therefore, our net interest margin may increase if interest rates rise, or decrease should interest rates decline.

We evaluate and monitor risk through two primary metrics.

- Margin at Risk (MAR), which measures the impact of hypothetical changes in interest rates on net interest income over the subsequent twelve months.
- Economic Value of Equity (EVE), which measures the net economic value of equity by assessing market value of assets, liabilities and derivatives.

Although we believe that these measurements provide an estimate of our interest rate sensitivity, they do not account for potential changes in credit quality, size, composition and prepayment characteristics of our balance sheet, nor do they account for other business developments that could affect net income nor for management actions that could be taken to change our risk profile.

We have historically sought to hedge our non-dollar denominated lending and leasing activities through local currency borrowings and, to the extent such borrowings were unavailable, derivative instruments (foreign currency exchange forward contracts and cross currency swaps). Additionally, we have utilized derivative instruments to hedge our net investments in foreign operations.

The Plan of Reorganization resulted in non U.S. dollar denominated debt being exchanged for U.S. dollar debt. Most of the Company's outstanding derivative instruments that hedged interest rate and foreign exchange rate risk were terminated. This resulted in the re-opening of foreign exchange exposures that had previously been hedged through former debt and derivative instruments. We have largely restored hedges to protect against these exposures (transactional and translational). Transactional exposure may result in income statement losses should related foreign currencies depreciate relative to the dollar or, conversely, income statement gains should the foreign currencies appreciate versus the dollar. Likewise our equity account may be similarly affected by related foreign currency movements as a result of translational exposures.

We maintain an active liquidity risk management and monitoring process, all of which is designed to ensure the availability of adequate cash resources and funding capacity to meet our obligations. Our primary sources of liquidity are cash, which is invested to ensure preservation of principal and immediate availability, secured funding programs, and the collection of cash flows from portfolio assets originated in the normal course of business.

We utilize a series of measurement tools to assess the level and adequacy of our liquidity position, liquidity conditions and trends. Approved liquidity limits and guidelines are monitored to facilitate the active management of our funding and liquidity position. Stress scenarios are developed and applied to measure the resiliency of the liquidity position, and to identify stress points requiring remedial action.

REGULATORY COMPLIANCE RISK

We manage regulatory compliance risk to ensure that programs and processes are in place to monitor and comply with banking, privacy, consumer and other key laws and regulations in each jurisdiction in which we do business and to monitor compliance with the ethical standards of the Company. When we became a bank holding company in December 2008, we became subject to a number of regulatory requirements that previously did not apply. We are actively working to identify and close any gaps in our compliance with regulatory requirements. Corporate Compliance is working with business units to develop procedures to ensure that policies are followed on a uniform basis.

OPERATIONAL RISK

Operational risk is the risk of loss resulting from inadequate or failed internal processes, systems or human factors, or from external events, which may result from transaction processing errors, breaches of internal controls, fraud by employees or persons outside the Company, or business interruption due to system failures or other events. Operational risk also includes legal or regulatory actions that could arise as a result of noncompliance with applicable laws and regulations. An operational event could result in losses in the form of explicit charges, increased operational costs, financial losses, damage to reputation, or foregone opportunities.

To address these risks, CIT is developing comprehensive policies and an internal control framework designed to provide a sound operational environment and provide oversight. We have developed a loss-event database to track amounts and sources of operational losses, which will identify weaknesses and highlight corrective actions needed. Operational risk metrics are monitored by Enterprise Risk Management. Our internal audit function monitors and tests the overall effectiveness of internal control and operational systems on an ongoing basis.

53

Supplemental Funding and Liquidity Related Information

The following tables summarize significant contractual payments and projected cash collections, and contractual commitment expirations at June 30, 2010. Certain amounts in the payments and collections table are not the same as the respective balance sheet totals as this table is before FSA, in order to better reflect projected contractual payments and collections:

Payments and Collections by Year, for the twelve months ended June 30, ⁽¹⁾ (dollars in millions)

	Total	2011	2012	2013	2014	2015+
Loans ⁽²⁾	\$ 32,437.9	\$ 7,558.0	\$ 4,771.8	\$ 4,213.9	\$ 4,163.3	\$ 11,730.9
Operating lease rentals	5,766.2	1,554.8	1,174.3	857.5	659.0	1,520.6
Assets held for sale ⁽³⁾	572.5	572.5				
Cash and due from banks and deposits with banks ⁽⁴⁾	10,666.4	10,666.4				
Total cash and cash collections	49,443.0	20,351.7	5,946.1	5,071.4	4,822.3	13,251.5
Secured borrowings ⁽⁵⁾	13,559.0	3,328.2	1,767.3	1,394.5	1,446.2	5,622.8
Secured credit facility and expansion credit facility	4,464.2		4,464.2			
Senior unsecured notes fixed	259.0	68.6	36.1	12.6	3.3	138.4
Series A Notes	21,040.1			2,104.0	3,156.0	15,780.1
Series B Notes	2,149.2			214.9	322.4	1,611.9
Total Long-term borrowings	41,471.5	3,396.8	6,267.6	3,726.0	4,927.9	23,153.2
Deposits	4,596.6	1,505.4	1,097.2	839.9	713.8	440.3
Credit balances of factoring clients	877.3	877.3				
Lease rental expense	306.7	34.1	32.3	30.7	30.1	179.5
Total contractual payments	47,252.1	5,813.6	7,397.1	4,596.6	5,671.8	23,773.0
Net cash and cash collections (payments)	\$ 2,190.9	\$ 14,538.1	\$ (1,451.0)	\$ 474.8	\$ (849.5)	\$ (10,521.5)

(1) Projected proceeds from the sale of operating lease equipment, interest revenue from finance receivables, unsecured counterparty receivable, debt interest expense and other items are excluded. Obligations relating to postretirement programs are also excluded.

(2) Based upon carrying value prior to fresh start accounting adjustments, including unearned discount; amount could differ due to prepayments, extensions of credit, charge-offs and other factors.

(3) Based upon management's intent to sell rather than contractual maturities of underlying assets.

(4) Includes approximately \$6.1 billion of cash at the bank holding company, \$1.7 billion at CIT Bank, \$1.7 billion at operating subsidiaries and \$1.2 billion in other restricted cash.

(5)

Includes non-recourse secured borrowings, which are generally repaid in conjunction with the pledged receivable maturities. For student lending receivables, the repayment of both the receivable and borrowing includes a prepayment component.

Commitment Expiration by twelve month periods ended June 30 (dollars in millions)

	<u>Total</u>	<u>2011</u>	<u>2012</u>	<u>2013</u>	<u>2014</u>	<u>2015+</u>
Financing commitments ⁽¹⁾	\$ 2,864.1	\$ 505.2	\$ 914.2	\$ 779.2	\$ 516.5	\$ 149.0
Aerospace and other manufacturer purchase commitments ⁽²⁾	4,349.0	524.5	994.6	589.9	647.1	1,592.9
Letters of credit	391.1	202.3	99.6	69.0	14.0	6.2
Guarantees and acceptances	1,241.0	1,232.6	1.8	3.4	3.2	
Liabilities for unrecognized tax obligations ⁽³⁾	58.9	5.0	53.9			
Total contractual commitments	\$ 8,904.1	\$ 2,469.6	\$ 2,064.1	\$ 1,441.5	\$ 1,180.8	\$ 1,748.1

⁽¹⁾ *Financing commitments do not include certain unused, cancelable lines of credit to customers in connection with third-party vendor programs, which can be reduced or cancelled by CIT at any time without notice.*

⁽²⁾ *Aerospace commitments are net of amounts on deposit with manufacturers.*

⁽³⁾ *The balance can not be estimated past 2011; therefore the remaining balance is reflected in 2012.*

Financing commitments declined from December 31, 2009 reflecting receivable sales. At June 30, 2010, unfunded commitments related to lead agent asset-based loans were \$536 million. Financing commitments above exclude roughly \$1.5 billion of commitments that were not available for draw due to requirements for collateral availability or covenant conditions existing at June 30, 2010. The Company monitors line utilization daily and updates liquidity forecasts and funding plans.

At June 30, 2010 substantially all financing commitments were senior facilities, with approximately 49% secured by equipment or other assets and the remainder relying upon cash-flow or enterprise value. The vast majority of commitments are syndicated transactions. CIT is the lead agent in 37% of the facilities. Most of our undrawn and available financing commitments are in Corporate Finance with an average facility balance of \$4.8 million. The top ten undrawn commitments totaled \$419 million.

SECURED BORROWINGS AND ON-BALANCE SHEET SECURITIZATION TRANSACTIONS

Secured financings have been our primary source of funding since mid-2007. These secured financing transactions do not meet accounting requirements for sale treatment and are recorded as non-recourse secured borrowings, with the assets remaining on-balance sheet. The debt associated with these transactions is collateralized by receivables or collateral values of the assets. Certain related cash balances are restricted.

See Note 3 *Long-Term Borrowings*, and Note 12 *Summarized Financial Information of Subsidiaries*.

Credit Facility and Expansion Credit Facility

On July 20, 2009, CIT entered into a \$3 billion Credit Facility with Barclays Bank PLC and other lenders. The Credit Facility is secured by a perfected first priority lien on substantially all unencumbered assets of the Borrowers and Guarantors, which includes a substantial amount of finance and leasing assets of our U.S. operating subsidiaries, 65%

of the voting and 100% of the non-voting stock of first-tier foreign subsidiaries, 100% of the stock of CIT Aerospace International (except one nominee share) and between 49% and 65% of certain other non-U.S., non-regulated subsidiaries.

On October 28, 2009, the Company and certain of its subsidiaries amended and restated the agreement evidencing the Credit Facility to provide for an Expansion Credit Facility to expand the commitments by \$4.5 billion. The amounts outstanding under the Expansion Credit Facility are secured by substantially the same assets as those securing the Credit Facility, including any additional collateral which became available as a result of the Company's repayment of certain refinanced indebtedness.

The first lien facilities are subject to a fair value collateral coverage covenant of 2.5x the outstanding loan balance tested quarterly and upon financing, disposition or release of certain collateral. At June 30, 2010, the coverage ratio was 4.3x.

As of June 30, 2010 we have repaid more than \$3 billion of those facilities, \$750 million in March 2010, \$1.5 billion in April 2010 and \$786 million in June 2010. We repaid approximately \$455 million just after the second quarter-end, leaving \$4 billion of the original \$7.5 billion first lien debt outstanding.

On July 27th, we announced that we intend to explore refinancing the first lien facilities with investors. Our plan is to repay approximately \$1 billion using cash and refinance the remaining \$3 billion through a new first lien facility with an expected term of five years at a rate of LIBOR plus 4.5%, with a 1.75% floor. Necessary lender commitments were received on August 3rd and we expect the transaction to close the week of August 9th.

Series A and B Notes

The Series A Notes and Series B Notes are secured by second-priority (second lien) security interests in substantially all the assets securing the Facilities. The Series B Notes are further secured by Delaware Funding's pledge of inter-company notes issued by CIT Financial Ltd., which are the primary assets of Delaware Funding.

The Series A and Series B Indentures likewise limit the ability of the Company, Delaware Funding and the Company's restricted subsidiaries to make certain payments or investments, incur indebtedness (including guarantees), issue preferred stock, incur liens, enter into sale and leaseback transactions, pay dividends, sell assets, and enter into transactions with affiliates.

See *Note 3 Long-Term Borrowings* for additional terms of the facilities and *Note 12 Summarized Financial Information of Subsidiaries* for condensed consolidating financial statements of the Guarantors.

Secured Borrowings

At June 30, 2010, we had secured borrowings of \$12.4 billion comprised largely of securitization financings. This amount declined from \$13.2 billion and \$14.3 billion at March 31, 2010 and December 31, 2009, respectively, as borrowings on the new facilities described below were more than offset by repayments on existing structures corresponding to receivable runoff.

At June 30, 2010, a total of \$4,092.5 million, after fresh start accounting, of financing and leasing assets, comprised of \$2,325.1 million in Corporate Finance, \$625.7 million in Consumer and \$1,141.7 million in commercial aerospace in Transportation Finance, were pledged in conjunction with \$2,673.8 million in secured debt issued to investors under the \$2,125 million Goldman Sachs International (GSI) facility. Amounts funded under the facility, net of cash collateral posted to GSI, totaled \$1,667.5 million at June 30, 2010, as \$818.7 million reported as unsecured counterparty receivable is owed to CIT from GSI for debt discount, return of cash collateral posted to GSI and settlements resulting from market value changes to asset-backed securities underlying the structure. Collateral amounts required under this agreement will fluctuate with market values of the underlying securities. Actual terms of the facility, including facility usage and collateral coverage are measured on a pre-FSA basis.

On March 11, 2010, CIT closed a \$667 million securitization, backed by a pool of equipment leases originated by CIT Vendor Finance. The Class A Notes constitute eligible collateral under the Federal Reserve Bank of New York's Term Asset-Backed Securities Loan Facility (TALF). The weighted average fixed coupon was 3.31%, which represents a weighted average credit spread of 2.20% over benchmark swap rates. The securitization had a net advance rate of 89.5%.

On March 30, 2010, CIT closed a \$1 billion committed U.S. Vendor Finance conduit with Barclays Bank PLC as Administrative Agent and three additional banks as committed lenders. The revolving period expires in March 2011 and the final maturity is in 2018.

On June 24, 2010, CIT closed a £100 million committed UK Vendor Finance conduit with Deutsche Bank as Administrative Agent. The revolving period expires June 2011.

On June 25, 2010, CIT closed a \$650 million committed Trade Finance conduit with Citibank, N.A. as Administrative Agent and one additional bank as committed lenders. The revolving period expires June 2011.

Cash Sweep and Required Cash Sweep Payments

Under the terms of the Amended Credit Agreement, the Company is required to use certain cash collections to repay the Credit Facility and the Expansion Facility (the First Lien Facilities) and Series A Notes and Series B Notes (Second Lien Notes) on an accelerated basis (the Cash Sweep). The Company may use amounts in the Cash Sweep Accounts for certain designated purposes.

During the second quarter and just after the quarter close, CIT voluntarily used approximately \$926 million of Cash Sweep balances to prepay first lien facilities. The cash in Cash Sweep account had a zero balance at the end of the quarter.

The Cash Sweep is described in detail in our Form 10-K for the year ended December 31, 2009.

Debt Ratings

Following the Company's emergence from bankruptcy, our debt ratings were reestablished in April and May of 2010 as explained below.

On April 29, 2010, Standard & Poor's Ratings Services (S&P) assigned a B+/B counterparty credit rating to CIT with a positive outlook. At the same time, S&P assigned a BB rating to the company's First Lien Facilities, a B+ rating to the company's Second Lien Notes and a B rating to the unsecured debt.

On May 18, 2010 DBRS assigned a B (high) credit rating to CIT with a positive outlook. DBRS also assigned a BB (high) rating to the First Lien Facilities, a B (high) and BB (low) rating to the Second Lien Notes, respectively, and a B rating to the unsecured debt.

On May 21, 2010 Moody's Investors Service (Moody's) assigned a B3 credit rating to CIT with a stable outlook. Moody's also assigned ratings of B1, B3 and Caa1 to the Company's First Lien Facilities, Second Lien Notes and unsecured debt, respectively.

The debt ratings listed above remained unchanged as of August 2, 2010.

RISK WEIGHTED ASSETS

As a BHC, capital adequacy is based upon risk-weighted asset ratios in accordance with quantitative measures established by the Federal Reserve. Under these guidelines, certain commitments and off-balance sheet transactions are assigned asset equivalent balances, and together with on-balance sheet assets, are divided into risk categories, each of which is assigned a risk weighting ranging from 0% (for example U.S. Treasury Bonds) to 100% (for example commercial loans). The reconciliation of balance sheet assets to risk-weighted assets at June 30, 2010 and December 31, 2009 is presented below:

Risk Weighted Assets (dollars in millions)

	June 30, 2010	December 31, 2009 ⁽¹⁾
Balance sheet assets	\$ 54,916.8	\$ 60,029.1
Risk weighting adjustments to balance sheet assets ⁽²⁾	(16,508.2)	(15,846.4)
Off balance sheet items ⁽³⁾	8,215.7	10,170.0
Risk-weighted assets	\$ 46,624.3	\$ 54,352.7

⁽¹⁾ Amounts reclassified to conform to the current quarter's presentation.

⁽²⁾ 2009 includes risk weighting for retained interests in securitized assets to reflect the associated off-balance sheet assets at December 31, 2009.

⁽³⁾ Primarily reflects commitments to purchase aircraft and for unused lines of credit and letters of credit. See Note 8 Regulatory Capital for more information.

REGULATORY CAPITALIZATION

Regulatory Capital and Ratios (dollars in millions)

	CIT June 30, 2010	CIT March 31, 2010 ⁽¹⁾	CIT December 31, 2009 ⁽¹⁾
Tier 1 Capital			
Total stockholders' equity	\$ 8,632.4	\$ 8,527.8	\$ 8,400.0
Effect of certain items in accumulated other comprehensive loss excluded from Tier 1 Capital	(1.7)	(1.4)	
Adjusted total equity	8,630.7	8,526.4	8,400.0

Edgar Filing: CIT GROUP INC - Form 10-Q

Less: Goodwill	(239.4)	(239.4)	(239.4)
Disallowed intangible assets	(168.5)	(201.5)	(225.1)
Investment in certain subsidiaries			(2.8)
Other Tier 1 components ⁽²⁾	(88.5)	(93.4)	(98.5)
	<hr/>	<hr/>	<hr/>
Tier 1 Capital	8,134.3	7,992.1	7,834.2
Tier 2 Capital			
Qualifying reserve for credit losses	337.8	180.8	
Other Tier 2 components ⁽³⁾	1.0	0.8	
	<hr/>	<hr/>	<hr/>
Total qualifying capital	\$ 8,473.1	\$ 8,173.7	\$ 7,834.2
	<hr/>	<hr/>	<hr/>
Risk-weighted assets	\$ 46,624.3	\$ 50,788.3	\$ 54,352.7
	<hr/>	<hr/>	<hr/>
Tier 1 Capital Ratio	17.4%	15.7%	14.4%
Total Capital Ratio	18.2%	16.1%	14.4%

⁽¹⁾ Amounts reclassified to conform to the current quarter's presentation.

⁽²⁾ Includes the portion of net deferred tax assets that does not qualify for inclusion in Tier 1 capital based on the capital guidelines and the Tier 1 capital charge for nonfinancial equity investments.

⁽³⁾ Banking organizations are permitted to include in Tier 2 Capital up to 45% of net unrealized pretax gains on available-for-sale equity securities with readily determinable fair values.

Regulatory capital guidelines are based on the Capital Accord of the Basel Committee on Banking Supervision (Basel I). We compute capital ratios in accordance with Federal Reserve capital guidelines for assessing adequacy of capital. To be well capitalized, a BHC generally must maintain Tier 1 and Total Capital Ratios of at least 6% and 10%, respectively. The Federal Reserve Board also has established minimum guidelines. The minimum ratios are: Tier 1 Capital Ratio of 4.0%, Total Capital Ratio of 8.0% and Leverage Ratio of 4.0%. In order to be considered a well capitalized depository institution under FDIC guidelines, CIT Bank must maintain a Tier 1 Capital Ratio of at least 6%, a Total Capital Ratio of at least 10%, and a Tier 1 Leverage Ratio of at least 5%.

Upon becoming a BHC, we committed to maintain capital ratios in excess of the well capitalized levels. CIT committed to maintain a Total Capital Ratio of at least 13% and CIT Bank committed to maintain a Tier 1 Leverage Capital Ratio of at least 15%.

At the above periods, both CIT and CIT Bank capital ratios were in excess of required and committed ratios.

There have been no significant changes to the methodologies and processes used in developing estimates relating to these items from what was described in our 2009 Annual Report on Form 10-K.

LEGISLATIVE DEVELOPMENTS

Dodd-Frank Act

On July 21, 2010, the Dodd-Frank Wall Street Reform and Consumer Protection Act was signed into law (the Dodd-Frank Act). The Dodd-Frank Act implements a variety of far-reaching changes and has been called the most sweeping reform of the financial services industry since the 1930 s. Many of the provisions of the Dodd-Frank Act could affect our ability to conduct our business, particularly with respect to the cost of capital, including:

- Imposition of higher prudential standards, including more stringent risk-based capital, leverage, liquidity and risk- management requirements, and numerous other requirements on systemically significant institutions, defined to include, among other things, all bank holding companies with assets of at least \$50 billion (which would include CIT);
- Imposition of additional costs and fees, including fees to be set by the Federal Reserve and charged to systemically significant institutions to cover the cost of regulating such institutions and any FDIC assessment made to cover the costs of any regular or special examination of CIT Bank or its affiliates;
- Establishment of a consumer financial protection bureau with broad authority to implement new consumer protection regulations and to examine and enforce compliance with federal consumer laws;
- Application to bank holding companies of regulatory capital requirements similar to those applied to banks, which requirements exclude, on a phase-out basis, all trust preferred securities and cumulative preferred from Tier 1 capital (except for TARP Preferred securities, which will continue to qualify as Tier 1 capital);
- Prohibition of proprietary trading and limitation of the sponsorship of, and investment in, hedge funds and private equity funds by banking entities, including bank holding companies, such as CIT;
- Establishment of new derivatives standards to require greater transparency in over-the-counter derivatives markets and prohibiting insured depository institutions from conducting significant swaps-related activities; and
- Requiring anyone who organizes or initiates an asset-backed security transaction to retain a portion of the credit risk.
- Requiring the SEC, the Federal Reserve and other agencies to jointly issue rules requiring enhanced reporting and regulation of incentive-based compensation structures at regulated entities, including bank holding companies, banks, registered broker-dealers, and registered investment advisors; and

- Expanding the coverage and scope of the regulations that limit affiliate transactions within a banking organization.

Many provisions in the Dodd-Frank Act remain subject to regulatory rule-making and implementation, the effects of which are not yet known, including mandates requiring the Federal Reserve to establish compensation guidelines covering regulated financial institutions and standards for determining whether interchange fees charged by certain financial institutions are reasonable and proportional to the costs incurred by such institution. In addition, further legislative and regulatory changes are still being considered, including the so called bank tax on institutions with greater than \$50 billion in assets, such as CIT.

The provisions of the Dodd-Frank Act and any rules adopted to implement those provisions as well as any additional legislative or regulatory changes may impact the profitability of our business activities, require we change certain of our business practices, materially affect our business model or affect retention of key personnel, require us to raise additional regulatory capital, including additional Tier 1 capital, and could expose us to additional costs (including increased compliance costs). These and other changes may also require us to invest significant management attention and resources to make any necessary changes and may adversely affect our ability to conduct our business as previously conducted or our results of operations or financial condition.

Basel Committee on Banking Supervision

The Basel Committee on Banking Supervision (the Basel Committee) provides a forum for bank supervisory authorities from over two dozen countries to cooperate on banking supervisory matters. The regulatory guidelines currently applicable to bank holding companies are based on the Capital Accord of the Basel Committee (Basel I). We compute and report our capital ratios in accordance with the Basel (I) requirements for the purpose of assessing our capital adequacy. Bank regulators are phasing in revised regulatory capital guidelines based on the Revised Framework for the International Convergence of Capital Measurement and Capital Standards issued by the Basel Committee (Basel II).

Recent proposals published by the Basel Committee on Banking Supervision (the Basel Committee), if adopted, could lead to significantly higher capital requirements, higher capital charges and more restrictive leverage and liquidity ratios for financial institutions in general. In July and December 2009, the Basel Committee published proposals relating to, respectively, enhanced capital requirements for market risk and new capital and liquidity risk requirements for banks. If adopted, these proposals would generally impose more restrictive eligibility requirements for Tier 1 and Tier 2 capital, including a minimum ratio of common equity to risk-based assets; more deductions from and adjustments to the common equity component of Tier 1 capital; increased capital charges for various assets and risk exposures; a more restrictive leverage ratio (capital to total assets) than currently applies to U.S. banks and bank holding companies; counter-cyclical measures such as provisioning for expected rather than incurred credit losses and restrictions on certain distributions such as dividends and discretionary bonus payments to the extent a bank or bank holding company does not maintain additional capital above the minimum requirements; and two new liquidity ratios designed to ensure that a bank or bank holding company has more highly liquid assets than expected net outflows in stressed conditions and access to more stable funding needed in stressed conditions.

(1) The average balances presented are derived based on month end balances during the year. Tax exempt income was not significant in any of the years presented.

(2) Investments are included in Other Assets on the Consolidated Balance Sheets and do not include retained interests in securitizations as revenues from these are part of other income. Average yields reflect average historical cost.

(3) The rate presented is calculated net of average credit balances for factoring clients.

(4) Non-accrual loans and related income are included in the respective categories.

(5) Operating lease rental income is a significant source of revenue; therefore, we have presented the net revenues.

CRITICAL ACCOUNTING ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America (GAAP) requires management to use judgment in making estimates and assumptions that affect reported amounts of assets and liabilities, the reported amounts of income and expense during the reporting period and the disclosure of contingent assets and liabilities at the date of the financial statements. We consider accounting estimates relating to the following to be critical in applying our accounting policies:

- Assumptions and estimates recorded upon adoption of fresh start accounting
- Reserve for Credit Losses
- Impaired Loans
- Fair Value Determinations
- Lease Residual Values
- Liabilities and Tax Reserves

There have been no significant changes to the methodologies and processes used in developing estimates relating to these items from what was described in our 2009 Annual Report on Form 10-K.

INTERNAL CONTROLS

The Internal Controls Committee is responsible for monitoring and improving internal controls and overseeing the internal controls attestation mandated by Section 404 of the Sarbanes-Oxley Act of 2002 (SARBOX). The Committee, which is chaired by the Controller, and includes the Executive Vice President and Chief Financial Officer, the Executive Vice President, Internal Audit and other senior executives in finance, legal, risk management and information technology. See *Item 4 Controls and Procedures*.

NON-GAAP FINANCIAL MEASUREMENTS

The SEC adopted regulations that apply to public disclosure or release of material information that includes a non-GAAP financial measure. The accompanying Management's Discussion and Analysis of Financial Condition and Results of Operations and Quantitative and Qualitative Disclosure about Market Risk contain certain non-GAAP financial measures. Non-GAAP financial measures are meant to provide additional information and insight regarding operating results and financial position of the business and in certain cases to provide financial information that is presented to rating agencies and other users of financial information. These measures are not in accordance with, or a substitute for, GAAP and may be different from or inconsistent with non-GAAP financial measures used by other companies. See footnotes below the tables for additional explanation of non-GAAP measurements.

⁽¹⁾ Earning assets are utilized in certain revenue and earnings ratios. Earning assets are net of credit balances of factoring clients. This net amount represents the amounts we fund.

⁽²⁾ *Total net revenues are the combination of net finance revenues and other income and is an aggregation of all sources of revenue for the Company. Total net revenues is used by management to monitor business performance.*

FORWARD-LOOKING STATEMENTS

Certain statements contained in this document are forward-looking statements within the meaning of the U.S. Private Securities Litigation Reform Act of 1995. All statements contained herein that are not clearly historical in nature are forward-looking and the words anticipate, believe, could, expect, estimate, forecast, intend, plan, target and similar expressions are generally intended to identify forward-looking statements. Any forward-looking statements contained herein, in press releases, written statements or other documents filed with the Securities and Exchange Commission or in communications and discussions with investors and analysts in the normal course of business through meetings, webcasts, phone calls and conference calls, concerning our operations, economic performance and financial condition are subject to known and unknown risks, uncertainties and contingencies. Forward-looking statements are included, for example, in the discussions about:

- our liquidity risk and capital management, including our credit ratings, our liquidity plan, and the potential transactions designed to enhance our liquidity,
- our plans to change our funding mix and to access new sources of funding to broaden our use of deposit taking,
- our plans to enhance liquidity and capital,
- our credit risk management and credit quality,
- our asset/liability risk management,
- accretion and amortization of fresh start accounting adjustments,
- our funding, borrowing costs and net finance revenue,

- our capital, leverage and credit ratings,
- our operational risks, including success of build-out initiatives, acquisitions and divestitures,
- legal risks,
- our growth rates,
- our commitments to extend credit or purchase equipment, and
- how we may be affected by legal proceedings

All forward-looking statements involve risks and uncertainties, many of which are beyond our control, which may cause actual results, performance or achievements to differ materially from anticipated results, performance or achievements. Also, forward-looking statements are based upon management's estimates of fair values and of future costs, using currently available information. Therefore, actual results may differ materially from those expressed or implied in those statements. Factors, in addition to those disclosed in Risk Factors, that could cause such differences include, but are not limited to:

- capital markets liquidity,
- risks of and/or actual economic slowdown, downturn or recession,
- industry cycles and trends,
- uncertainties associated with risk management, including credit, prepayment, asset/liability, interest rate and currency risks,
- estimates and assumptions used to fair value the balance sheet in accordance with fresh start accounting and actual variation between the estimated fair values and the realized values,
- adequacy of reserves for credit losses,
- risks inherent in changes in market interest rates and quality spreads,
- funding opportunities, deposit taking capabilities and borrowing costs,
- risks that the restructuring of the Company's capital structure did not result in sufficient additional capital or improved liquidity,
- risks that the Company will be unable to comply with the terms of the Written Agreement with the Reserve Bank or the Cease and Desist Orders of the FDIC and UDFI,
- conditions and/or changes in funding markets and our access to such markets, including commercial paper, secured and unsecured term debt and the asset-backed securitization markets,
- risks associated with the value and recoverability of leased equipment and lease residual values,
- application of fair value accounting in volatile markets,
- application of goodwill accounting in a recessionary economy,
- changes in laws or regulations governing our business and operations,
- changes in competitive factors,
- demographic trends,
- future acquisitions and dispositions of businesses or asset portfolios, and
- regulatory changes and/or developments.

Any or all of our forward-looking statements here or in other publications may turn out to be wrong, and there are no guarantees about our performance. We do not assume the obligation to update any forward-looking statement for any reason.

Item 4. Controls and Procedures

There have been no changes to the Company's internal control over financial reporting that occurred during the Company's second quarter of 2010 that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

The Company's management, including the Chief Executive Officer and Chief Financial Officer, have evaluated the effectiveness of the disclosure controls and procedures and have concluded that such procedures are effective as of June 30, 2010.

Part Two Other Information

Item 1. Legal Proceedings**SECURITIES CLASS ACTION**

In July and August 2008, two putative class action lawsuits were filed in the United States District Court for the Southern District of New York (the New York District Court) on behalf of CIT's pre-reorganization stockholders against CIT, its former Chief Executive Officer and its former Chief Financial Officer. In August 2008, a putative class action lawsuit was filed in the New York District Court by a holder of CIT-PrZ equity units against CIT, its former CEO, former CFO and former Controller and members of its current and former Board of Directors. In May 2009, the Court consolidated these three shareholder actions into a single action and appointed Pensioenfonds Horeca & Catering as Lead Plaintiff to represent the proposed class, which consists of all acquirers of CIT common stock and PrZ preferred stock from December 12, 2006 through March 5, 2008, who allegedly were damaged, including acquirers of CIT-PrZ preferred stock pursuant to the October 17, 2007 offering of such preferred stock.

In July 2009, the Lead Plaintiff filed a consolidated amended complaint alleging violations of the Securities Exchange Act of 1934 (1934 Act) and the Securities Act of 1933 (1933 Act). Specifically, it is alleged that the Company, its former CEO, former CFO, former Controller, and a former Vice Chairman violated Section 10(b) of the 1934 Act by allegedly making false and misleading statements and omissions regarding CIT's subprime home lending and student lending businesses. The allegations relating to the Company's student lending business are based upon the assertion that the Company failed to account in its financial statements or, in the case of the preferred stockholders, its registration statement and prospectus, for private loans to students of a helicopter pilot training school, which it is alleged were highly unlikely to be repaid and should have been written off. The allegations relating to the Company's home lending business are based on the assertion that the Company failed to fully disclose the risks in the Company's portfolio of subprime mortgage loans. The Lead Plaintiff also alleges that the Company, its former CEO, former CFO and former Controller and those current and former Directors of the Company who signed the registration statement in connection with the October 2007 CIT-PrZ preferred offering violated the 1933 Act by making false and misleading statements concerning the Company's student lending business as described above.

Pursuant to a Notice of Dismissal filed on November 24, 2009, CIT Group Inc. was dismissed as a defendant from the consolidated securities action. On June 10, 2010, the Court denied the individual defendants' motion to dismiss the consolidated amended complaint. The action will continue as to the remaining defendants and CIT's obligation to defend and indemnify such defendants continues. Plaintiffs seek, among other relief, unspecified damages and interest. CIT believes the allegations in these complaints are without merit.

PILOT TRAINING SCHOOL BANKRUPTCY

In February 2008, a helicopter pilot training school (the Pilot School) filed for bankruptcy and ceased operating. Student Loan Xpress, Inc. (SLX), a subsidiary of CIT engaged in the student lending business, had marketed and acquired private (non-government guaranteed) loans made to approximately 2,600 students of the Pilot School, which totaled approximately \$196.8 million in principal and accrued interest as of December 31, 2007. SLX ceased marketing and acquiring new loans made to students of this school in September 2007.

After the Pilot School filed for bankruptcy and ceased operations, SLX voluntarily placed those students who were attending school at the time of the closure in grace such that no payments under their loans have been required to be made and no interest on their loans has been accruing. Multiple lawsuits, including putative class action lawsuits and collective actions, have been filed against SLX and other lenders alleging, among other things, violations of state

consumer protection laws. SLX participated in a mediation with several lawyers representing student borrowers, and, ultimately, reached an agreement pursuant to which a nationwide class of students who were in attendance at the Pilot School when it closed will be formed for the purposes of settlement only, and their claims against SLX will be resolved. In November, 2009, the United States District Court for the Middle District of Florida preliminarily approved the proposed settlement agreement, stayed other similar litigation and set a number of dates, including March 22, 2010 as the date the final approval hearing would be held. Of the nearly 2,200 loans covered by the settlement, objections to the settlement were filed with respect to fewer than 3% of the loans and opt-outs were received with respect to fewer than 5% of the loans. The Attorneys General of several states also engaged in a review of the impact of the Pilot School's closure on the student borrowers and any possible role of SLX. SLX cooperated in the review and reached agreement with twelve state Attorneys General, pursuant to which, among other things, the Attorneys General support the class settlement that has been preliminarily approved by the court. Following the March 22, 2010 hearing, the Court reserved decision on the final approval of the settlement.

SLX also completed a settlement of a mass action commenced by Pilot School students in Georgia, which is binding upon 37 SLX borrowers.

Most recently, approximately 80 class members who had opted out of the proposed settlement filed a collective action against SLX and the Pilot School's former principal in Texas State Court.

The Company provided an allowance for credit losses in its pre-emergence financial statements for the estimate of loan forgiveness / net settlement, including legal fees. The allowance was eliminated and the loans were recorded at estimated fair value in connection with the Company's implementation of FSA.

VENDOR FINANCE BILLING AND INVOICING INVESTIGATION

In the second quarter of 2007, the office of the United States Attorney for the Central District of California requested that CIT produce the billing and invoicing histories for a portfolio of customer accounts that CIT purchased from a third-party vendor. The request was made in connection with an ongoing investigation being conducted by federal authorities into billing practices involving that portfolio. Certain state authorities, including California, have been conducting a parallel investigation. The investigations are being conducted under the Federal False Claims Act and its state law equivalents. CIT is cooperating with these investigations, and substantial progress has been made towards a resolution of the investigations. Based on the facts known to date, CIT believes these matters will not have a material adverse effect on its financial statements or results of operations.

SNAP-ON ARBITRATION

On January 8, 2010, Snap-on Incorporated and Snap-on Credit LLC (Snap-on) filed a Demand for Arbitration alleging that CIT retained certain monies owed to Snap-on in connection with a joint venture between CIT and Snap-on that was terminated on July 16, 2009. Snap-on is alleging that CIT improperly underpaid Snap-on during the course of the joint venture, primarily related to the purchase by CIT of receivables originated and serviced by the joint venture, and is alleging damages of up to \$115 million. On January 29, 2010, CIT filed its Answering Statement and Counterclaim, denying Snap-on's allegations on the grounds that the claims are untimely, improperly initiated, or otherwise barred. CIT also alleges that Snap-on wrongfully withheld payment of proceeds due to CIT from the receivables serviced by Snap-on on behalf of CIT. CIT is claiming damages in excess of \$110 million. CIT believes that Snap-on's allegations are largely without merit.

OTHER LITIGATION

In addition, there are various legal proceedings and government investigations against or including CIT, which have arisen in the ordinary course of business. While the outcomes of the ordinary course legal proceedings and the related activities are not certain, based on present assessments, management does not believe that they will have a material adverse effect.

ITEM 1A. Risk Factors

For a discussion of certain risk factors affecting CIT, see Part I, Item 1A: Risk Factors, on pages 11-20 of CIT's 2009 Annual Report on Form 10-K and Forward-Looking Statements on page 64 of this Form 10-Q.

ITEM 2. Unregistered Sales of Equity Securities and Use of Proceeds

No purchases of CIT equity securities were made during the 2010 second quarter and there were no such equity securities that may yet be purchased under any repurchase plans or programs.

ITEM 6. Exhibits

(a) Exhibits

- 3.1 Third Restated Certificate of Incorporation of the Company, dated December 8, 2009 (incorporated by reference to Exhibit 3.1 to Form 8-K filed December 9, 2009).

3.2 Amended and Restated By-laws of the Company, as amended through December 8, 2009 (incorporated by reference to Exhibit 3.2 to Form 8-K filed December 9, 2009).

67

- 4.1 Indenture dated as of December 10, 2009 between CIT Group Inc. and Deutsche Bank Trust Company Americas (incorporated by reference to Exhibit 4.1 to Form 8-K filed December 16, 2009).
- 4.2 First Supplemental Indenture dated as of December 10, 2009 among CIT Group Inc., certain Guarantors named therein and Deutsche Bank Trust Company Americas for the issuance of series A second-priority secured notes (incorporated by reference to Exhibit 4.2 to Form 8-K filed December 16, 2009).
- 4.3 Indenture as of dated December 10, 2009 between CIT Group Funding Company of Delaware, LLC and Deutsche Bank Trust Company Americas (incorporated by reference to Exhibit 4.3 to Form 8-K filed December 16, 2009).
- 4.4 First Supplemental Indenture dated as of December 10, 2009 CIT Group Funding Company of Delaware, LLC, CIT Group Inc. and the other Guarantors named therein and Deutsche Bank Trust Company Americas for the issuance of series B second-priority secured notes (incorporated by reference to Exhibit 4.4 to Form 8-K filed December 16, 2009).
- 4.5 Indenture dated as of January 20, 2006 between CIT Group Inc. and The Bank of New York Mellon (as successor to JPMorgan Chase Bank N.A.) for the issuance of senior debt securities (incorporated by reference to Exhibit 4.3 to Form 10-Q filed August 7, 2006).
- 4.6 First Supplemental Indenture dated as of February 13, 2007 between CIT Group Inc. and The Bank of New York Mellon (as successor to JPMorgan Chase Bank N.A.) for the issuance of senior debt securities (incorporated by reference to Exhibit 4.1 to Form 8-K filed on February 13, 2007).
- 4.7 Third Supplemental Indenture dated as of October 1, 2009, between CIT Group Inc. and The Bank of New York Mellon relating to senior debt securities (incorporated by reference to Exhibit 4.4 to Form 8-K filed on October 7, 2009).
- 4.8 Fourth Supplemental Indenture dated as of October 16, 2009 between CIT Group Inc. and The Bank of New York Mellon relating to senior debt securities (incorporated by reference to Exhibit 4.1 to Form 10-Q filed October 19, 2009).
- 4.10 Amendment Agreement, dated October 28, 2009, by and among CIT Group Inc., certain subsidiaries of CIT Group Inc., Bank of America N.A., as successor administrative agent and successor collateral agent, and the requisite lenders party thereto (incorporated by reference to Exhibit 4.1 to Form 8-K filed November 16, 2009).
- 4.11 Second Amended and Restated Credit and Guaranty Agreement, dated as of October 28, 2009, among CIT Group Inc., certain subsidiaries of CIT Group Inc., the lenders party thereto, Bank of America, N.A., as administrative agent and collateral agent, and Banc of America Securities LLC and Citigroup Global Markets Inc., as joint lead arrangers, bookrunners and syndication agents (incorporated by reference to Exhibit 4.1 to Form 8-K filed November 16, 2009).
- 4.12 First Amendment to Second Amended and Restated Credit and Guaranty Agreement dated as of December 10, 2009 by and among CIT Group Inc., Certain Subsidiaries of CIT Group Inc., Bank of America, N.A., as administrative agent and collateral agent and the requisite lenders party thereto (incorporated by reference to Exhibit 10.1 to Form 8-K filed December 16, 2009).
- 10.1 Form of Separation Agreement by and between Tyco International Ltd. and CIT (incorporated by reference to Exhibit 10.2 to Amendment No. 3 to the Registration Statement on Form S-3 filed June 26, 2002).
- 10.2 Form of Financial Services Cooperation Agreement by and between Tyco International Ltd. and CIT (incorporated by reference to Exhibit 10.3 to Amendment No. 3 to the Registration Statement on Form S-3

filed June 12, 2002).

- 10.3* Amended and Restated CIT Group Inc. Long-Term Incentive Plan (as amended and restated effective December 10, 2009) (incorporated by reference to Exhibit 4.1 to Form S-8 filed January 11, 2010).
- 10.4* CIT Group Inc. Executive Incentive Plan (incorporated by reference to Exhibit 10.2 to Form 8-K filed May 15, 2006).
- 10.5* Employment Agreement, dated August 29, 2006, between CIT Group Inc. and Jeffrey M. Peek (incorporated by reference to Exhibit 99.1 to Form 8-K filed September 5, 2006).
- 10.6* Amendment to Employment Agreement, dated December 10, 2007, between CIT Group Inc. and Jeffrey M. Peek (incorporated by reference to Exhibit 10.23 to Form 10-K filed February 29, 2008).
- 10.7* Amendment to Employment Agreement, dated December 31, 2008, between CIT Group Inc. and Jeffrey M. Peek (incorporated by reference to Exhibit 10.16 to form 10-K filed March 2, 2009).
- 10.8* Form of CIT Group Inc. Long-Term Incentive Plan Stock Option Award Agreement.
- 10.9* Form of CIT Group Inc. Long-Term Incentive Plan Restricted Stock Award Agreement.
- 10.10* Form of CIT Group Inc. Long-Term Incentive Plan Deferred Cash Retention Award Agreement for executives with employment agreements.
- 10.11* Form of CIT Group Inc. Long-Term Incentive Plan Deferred Cash Retention Award Agreement for executives without employment agreements.
- 10.12* CIT Group Inc. Supplemental Retirement Plan (As Amended and Restated Effective as of January 1, 2008) (incorporated by reference to Exhibit 10.27 to Form 10-Q filed May 12, 2008).
- 10.13* CIT Group Inc. Supplemental Savings Plan (As Amended and Restated Effective as of January 1, 2008) (incorporated by reference to Exhibit 10.28 to Form 10-Q filed May 12, 2008).
- 10.14* New Executive Retirement Plan of CIT Group Inc. (As Amended and Restated as of January 1, 2008) (incorporated by reference to Exhibit 10.29 to Form 10-Q filed May 12, 2008).
- 10.15* Amended and Restated Employment Agreement, dated as of May 8, 2008, between CIT Group Inc. and Joseph M. Leone (incorporated by reference to Exhibit 10.31 to Form 10-Q filed May 12, 2008).
- 10.16* Amendment to Employment Agreement, dated December 22, 2008, between CIT Group Inc. and Joseph M. Leone (incorporated by reference to Exhibit 10.33 to Form 10-K filed March 2, 2009).

Edgar Filing: CIT GROUP INC - Form 10-Q

- 10.17* Extension of Term of Employment Agreement dated as of December 18, 2009 between CIT Group Inc. and Joseph M. Leone.
- 10.18* CIT Group Inc. Long-Term Incentive Plan 2010 Annual Stock Salary Agreement for Joseph M. Leone, effective January 1, 2010.
- 10.19* Employment Agreement, dated June 16, 2008, between CIT Group Inc. and Alexander T. Mason (incorporated by reference to Exhibit 10.33 to Form 10-Q filed November 10, 2008).
- 10.20* Letter Agreement between CIT Group Inc. and Alexander T. Mason, dated January 29, 2010.
- 10.21* Letter Agreement between CIT Group Inc. and John A. Thain, effective February 8, 2010 (incorporated by reference to Exhibit 10.1 to Form 8-K filed February 8, 2010).
- 10.22* Form of CIT Group Inc. Three Year Stock Salary Award Agreement, dated February 8, 2010 (incorporated by reference to Exhibit 10.2 to Form 8-K filed February 8, 2010).
- 10.23* Form of CIT Group Inc. One Year Stock Salary Award Agreement, dated February 8, 2010 (incorporated by reference to Exhibit 10.3 to Form 8-K filed February 8, 2010).
- 10.24 Confirmation; Credit Support Annex and ISDA Schedule, each dated June 6, 2008 and between CIT Financial Ltd. and Goldman Sachs International evidencing a \$3 billion securities based financing facility (incorporated by reference to Exhibit 10.34 to Form 10-Q filed November 10, 2008).
- 10.25 Letter Agreement, dated December 23, 2008, between CIT Group Inc. and the United States Department of the Treasury, and the Securities Purchase Agreement Standard Terms attached thereto (incorporated by reference to Exhibit 10.1 to Form 8-K filed on December 24, 2008).
- 10.26 Registration Rights Agreement, dated as of December 24, 2008, between CIT Group Inc., and The Bank of New York Mellon, as Trustee (incorporated by reference to Exhibit 10.1 to Form 8-K filed December 31, 2008).
- 10.27 Order to Cease and Desist, in the matter of CIT Bank, Salt Lake City, Utah, dated July 16, 2009, issued by the Federal Deposit Insurance Corporation (incorporated by reference to Exhibit 10.40 to Form 10-Q filed August 17, 2009).
- 10.28 Order to Cease and Desist, in the matter of CIT Bank, Salt Lake City, Utah, dated July 16, 2009, issued by the Utah Department of Financial Institutions (incorporated by reference to Exhibit 10.41 to Form 10-Q filed August 17, 2009).
- 10.29 Written Agreement, dated August 12, 2009, between CIT Group Inc. and the Federal Reserve Bank of New York (incorporated by reference to Exhibit 10.1 of Form 8-K filed August 13, 2009).
- 10.30 Amended and Restated Confirmation regarding Total Return Swap Facility, dated as of October 28, 2009, by and between CIT Financial Ltd. and Goldman Sachs International (incorporated by reference to Exhibit 10.1 to Form 8-K/A filed May 13, 2010).
- 10.31 Form of CIT Group Inc. Two Year Restricted Stock Unit Award Agreement, dated July 29, 2010.
- 10.32 Letter Agreement between CIT Group Inc. and Scott T. Parker, dated June 2, 2010 (incorporated by reference to Exhibit 99.3 to Form 8-K filed July 6, 2010).
- 10.33 Form of CIT Group Inc. Long-term Incentive Plan Restricted Stock Unit Retention Award Agreement.
- 10.34 Form of CIT Group Inc. Long-Term Incentive Plan Restricted Stock Unit Award Agreement.
