The registration statement can be accessed at the SEC’s website at www.sec.gov or inspected at the offices of the SEC.

This prospectus provides you with a general description of the covered bonds the Bank may offer and the Guarantor may guarantee. Each time the Bank offers covered bonds pursuant to this prospectus, it will provide a prospectus supplement containing specific information about the terms of the covered bonds being offered. A prospectus supplement may include a discussion of any risk factors or other special considerations applicable to those covered bonds or to us. A prospectus supplement may also add, update or change information in this prospectus. If there is any inconsistency between the information in this prospectus and the applicable prospectus supplement, you should rely on the information in the prospectus supplement. You should read both this prospectus and any applicable prospectus supplement together with additional information described under the heading “*Where You Can Find More Information*” on page 7 of this prospectus.

The Bank may sell covered bonds to dealers who will sell the covered bonds to the public on terms fixed at the time of sale. In addition, the covered bonds may be sold by the Bank directly or through agents designated from time to time. If the Bank, directly or through agents, solicits offers to purchase the covered bonds, it reserves the sole right to accept and, together with any agents, to reject, in whole or in part, any of those offers.

Any prospectus supplement will contain the names of the dealers or agents, if any, together with the terms of offering, the compensation of those dealers and the net proceeds to us. Any dealers or agents participating in the offering may be deemed “underwriters” within the meaning of the Securities Act.

FORWARD-LOOKING STATEMENTS

Our public communications often include oral or written forward-looking statements. Statements of this type are included in this document, and may be included in other filings with Canadian securities regulators or the SEC, or in other communications. All such statements by the Bank (but not the Guarantor) are made pursuant to the “safe harbor” provisions of the United States Private Securities Litigation Reform Act of 1995 and any applicable Canadian securities legislation. Forward-looking statements may include comments with respect to our objectives, strategies to achieve those objectives, expected financial results (including those in the area of risk management), and the outlook for the Bank’s businesses and for the Canadian, United States and global economies. Such statements are typically identified by words or phrases such as

“believe,” “expect,” “anticipate,” “intent,” “estimate,” “plan,” “may increase,” “may fluctuate,” and similar expressions of future conditional verbs, such as “will,” “should,” “would” and “could.”

By their very nature, forward-looking statements involve numerous assumptions, inherent risks and uncertainties, both general and specific, and the risk that predictions and other forward-looking statements will not prove to be accurate. We caution readers of this document not to place undue reliance on our forward-looking statements, as a number of important factors, many of which are beyond our control, could cause actual results to differ materially from the estimates and intentions expressed in such forward-looking statements. These factors include, but are not limited to: the economic and financial conditions in Canada and globally; fluctuations in interest rates and currency values; liquidity; significant market volatility and interruptions; the failure of third parties to comply with their obligations to the Bank and its affiliates; the effect of changes in monetary policy; legislative and regulatory developments in Canada and elsewhere, including changes in tax laws; the effect of changes to the Bank’s credit ratings; amendments to, and interpretations of, risk based capital guidelines and reporting instructions and liquidity regulatory guidance; operational and reputational risks; the risk that the Bank’s risk management models may not take into account all relevant factors; the accuracy and completeness of information the Bank receives on customers and counterparties; the timely development and introduction of new products and services in receptive markets; the Bank’s ability to expand existing distribution channels and to develop and realize revenues from new distribution channels; the Bank’s ability to complete and integrate acquisitions and its other growth strategies; changes in accounting policies and methods the Bank uses to report its financial condition and financial performance, including uncertainties associated with critical accounting assumptions and estimates; the effect of applying future accounting changes; global capital markets activity; the Bank’s ability to attract and retain key executives; reliance on third parties to provide components of the Bank’s business infrastructure; unexpected changes in consumer spending and saving habits; technological developments; fraud by internal or external parties, including the use of new technologies in unprecedented ways to defraud the Bank or its customers; consolidation in the Canadian financial services sector; competition, both from new entrants and established competitors; judicial and regulatory proceedings; acts of God, such as earthquakes and hurricanes; the possible impact of international conflicts and other developments, including terrorist acts and war on terrorism; the effects of disease or illness on local, national or international economies; disruptions to public infrastructure, including transportation, communication, power and water; and the Bank’s anticipation of and success in managing the risks implied by the foregoing. A substantial amount of the Bank’s business involves making loans or otherwise committing resources to specific companies, industries or countries. Unforeseen events affecting such borrowers, industries or countries could have a material adverse effect on our financial results, businesses, financial condition or liquidity. These and other factors may cause actual performance to differ materially from that contemplated by forward-looking statements. For more information, see the discussion in the “*Risk management*” section of the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2012 which is incorporated by reference herein.

Readers are cautioned that the foregoing list of risk factors is not exhaustive and other factors could also adversely affect the Bank’s and the Guarantor’s results. When relying on forward-looking statements to make decisions with respect to the Bank and the Guarantor, investors and others should carefully consider the foregoing factors and other uncertainties and potential events. Except as required by law, none of the Bank, the Guarantor, the Dealers, the

Bond Trustee, or any other person undertakes to update any forward-looking statement, whether written or oral, that may be made from time to time by or on behalf of the Bank or the Guarantor.

Information contained in or otherwise accessible through the websites mentioned does not form part of this document. All references in this document to websites are inactive textual references and are for your information only.

PRESENTATION OF FINANCIAL INFORMATION

The Bank prepares its consolidated financial statements in accordance with International Financial Reporting Standards (“**IFRS**”), which replaced Canadian generally accepted accounting principles (“**GAAP**”) for publicly accountable enterprises beginning in 2011. IFRS became effective for the Bank for its interim and annual periods commencing November 1, 2011 (adoption date), and includes the preparation and reporting of one year of comparative figures, including an opening balance sheet as of November 1, 2010 (transition date). For additional information regarding the Bank’s adoption of IFRS, see the sections entitled “*First-time adoption of IFRS*” and “*Explanation of significant adjustments from Canadian GAAP to IFRS*” in the Bank’s Annual Report on Form 40-F for the fiscal year ended October 31, 2012.

Additionally, we publish our consolidated financial statements in Canadian Dollars. In this prospectus and any applicable supplement, currency amounts are stated in Canadian Dollars (\$), unless specified otherwise. As indicated in the table below, the Canadian Dollar has fluctuated in value compared to the U.S. Dollar over time.

The tables below set forth the high and low daily noon exchange rates, the average yearly rate and the rate at period end between Canadian Dollars and U.S. Dollars (in U.S. Dollars per Canadian Dollar) for the five-year period ended October 31, 2012 and the high and low daily noon exchange rates for the three months ended January 31, 2013, the three months ended April 30, 2013, the three months ended July 31, 2013 and for the period August 1 through August 27, 2013. **LIMITATIONS ON THE ENFORCEMENT OF U.S. LAWS
AGAINST THE BANK, OUR MANAGEMENT AND OTHERS**

The Bank is incorporated under the federal laws of Canada under the *Bank Act* (Canada) (the “**Bank Act**”). The Guarantor is an Ontario limited partnership. Substantially all of the Bank’s directors and executive officers, including many of the persons who signed the Registration Statement on Form F-3, of which this prospectus forms a part, and some or all of the experts named in this document, reside outside the United States, and all or a substantial portion of the Bank and the Guarantor’s assets and the assets of such persons are located outside the United States. As a result, it may be difficult for you to effect service of process within the United States upon such persons, or to realize upon judgments rendered against the Bank or such persons by the courts of the United States predicated upon, among other things, the civil liability provisions of the federal securities laws of the United States. In addition, it may be difficult for you to enforce, in original actions brought in courts in jurisdictions located outside the United States, among other things, civil liabilities predicated upon such securities laws.

The Bank has been advised by its Canadian counsel, Osler, Hoskin & Harcourt LLP, that a judgment of a United States court predicated solely upon civil liability under such laws and that would not be contrary to public policy would probably be enforceable in Canada if the United States court in which the judgment was obtained has a basis for jurisdiction in the matter that was recognized by a Canadian court for such purposes. The Bank has also been advised by such counsel, however, that there is substantial doubt whether an original action could be brought successfully in Canada predicated solely upon such civil liabilities.

SUMMARY

This summary highlights key information described in greater detail elsewhere, or incorporated by reference, in this prospectus. You should read carefully the entire prospectus and the documents incorporated by reference and any applicable prospectus supplement before making an investment decision.

The Bank of Nova Scotia

The Bank is a leading multinational financial services provider and Canada's most international bank. With more than 83,000 employees, the Bank and its affiliates serve some 19 million customers in more than 55 countries around the world. The Bank offers a broad range of products and services including personal, commercial, corporate and investment banking.

Scotiabank Covered Bond Guarantor Limited Partnership

The Guarantor is a limited partnership established under the laws of the Province of Ontario whose principal business is to provide a guarantee of the obligations of the Bank pursuant to covered bonds issued by it, from time to time, pursuant to the Bank's Global Registered Covered Bond Program (the "**Program**") and certain ancillary activities with respect thereto.

The Global Registered Covered Bond Program

The Bank intends to issue, offer and sell covered bonds under the Program in the United States pursuant to this prospectus. These covered bonds will be issued under a trust deed governed by Ontario law (the "**Trust Deed**"). The Bond Trustee acts as the trustee under the Trust Deed. All Series of the covered bonds under the Program will have the benefit of the covered bond guarantee (the "**Covered Bond Guarantee**") issued by the Guarantor and be secured by a pledge of the Portfolio to the Bond Trustee. The Bank anticipates that it will continue to issue covered bonds by means other than this prospectus under the Trust Deed from time to time.

On March 25, 2013, the Bank was accepted as a registered issuer under Part I.1 of the *National Housing Act* (Canada) (the "**NHA**") and the CMHC Guide in accordance with their terms and on July 22, 2013, the Program was registered as a registered program under Part I.1 of the NHA and the CMHC Guide. All future covered bonds issued by the Bank under the Program will be covered bonds issued under its registered covered bond program pursuant to Part I.1 of the NHA and the CMHC Guide.

The Legislative Framework sets out certain statutory protections for holders of covered bonds under Canadian federal and provincial bankruptcy and insolvency laws. The CMHC Guide elaborates on the role and powers of CMHC as administrator of the Legislative Framework and sets out the conditions and restrictions applicable to registered covered bond issuers and registered covered bond programs.

The Portfolio

The assets in the "**Portfolio**" consist primarily of first lien Canadian residential mortgage loans and their related security interest in residential property, cash and in some cases certain Substitute Assets up to a certain threshold amount. As required by the CMHC Guide, the Portfolio does not include any residential mortgages that are insured by a Prohibited Insurer such as the CMHC.

Global Public Sector Covered Bond Programme

The Bank has previously issued the equivalent of approximately \$15.79 billion of covered bonds in multiple currencies both outside and in the United States utilizing Regulation S and Rule 144A under the Bank's Global Public Sector Covered Bond Programme backed by mortgage loans insured by CMHC. \$13.19 billion of these covered bonds remain outstanding as of the date of this prospectus, and such covered bonds are guaranteed by a different guarantor entity and are secured by a different cover pool.

The Covered Bond Guarantee

Pursuant to the Covered Bond Guarantee, the Guarantor has irrevocably and unconditionally guaranteed the due and punctual payment of the Guaranteed Amounts on the covered bonds of each Series issued by the Bank in accordance with the Trust Deed.

Program Structure Overview

The Covered Bond Guarantee is secured by a pledge of certain assets of the Guarantor, which includes the Portfolio, to the Bond Trustee pursuant to the terms of the Security Agreement. The Guarantor purchased the initial Loans and their Related Security included in the Portfolio from the Bank using amounts borrowed from the Bank under the Intercompany Loan. Proceeds from the Intercompany Loan may also be used to purchase Loans and their Related Security for the Portfolio and for other purposes as described in "*Summary of the Principal Documents—Mortgage Sale Agreement.*" The Guarantor and the Bank will enter a Covered Bond Swap Agreement in respect of which the Guarantor and the Bank will enter into a new confirmation for each Series of covered bonds that are issued by the Bank, and an Interest Rate Swap Agreement. Following the Interest Rate Swap Effective Date, the Interest Rate Swap Agreement converts interest received on the Portfolio to an amount in excess of the interest rate payable on the Intercompany Loan and, for each Series, the Covered Bond Swap Agreement converts a certain portion of the Canadian Dollar payments from the Interest Rate Swap Agreement (or if not then in place for any reason, the Portfolio) to the currency and interest amounts payable on the related covered bonds. No cash flows will be exchanged under either of the Swap Agreements until after the occurrence of certain specified events.

Risk Factors

An investment in the covered bonds involves risks. You should carefully consider all of the information set forth in this prospectus and any applicable prospectus supplement and, in particular, should evaluate the specific factors set forth below under "*Risk Factors*" in deciding whether to invest in the covered bonds. For a discussion of important business and financial risks relating to the Bank, please see the Bank's 2012 Annual Report, which is incorporated in this prospectus by reference (and in any of our annual or quarterly reports for a subsequent financial period that are so incorporated).

Taxation: Payments made by the Bank in respect of covered bonds will be made without withholding or deduction for, or on account of, any present or future taxes, duties, assessments or governmental charges of whatever nature imposed or levied by or on behalf of Canada or any province or territory thereof, or, in the case of covered bonds issued by a branch of the Bank located outside Canada, the country in which such branch is located, or any political subdivision thereof or any authority or agency therein or thereof having power to tax, unless the withholding or deduction of such taxes, duties, assessments or governmental charges is required by law. In that event, the Bank will (subject to customary exceptions) pay such additional amounts as will result in the holders of covered bonds receiving such amounts as they would have received in respect of such covered bonds had no such withholding or deduction been required. Under the Covered Bond Guarantee, the Guarantor will not be liable to pay any such additional amounts as a consequence of any applicable tax withholding or deduction, including such additional amounts which may become payable by the Bank under Condition 7 (*Taxation*).

If (i) any portion of interest payable on a covered bond is contingent or dependent on the use of, or production from, property in Canada or is computed by reference to revenue, profit, cash flow, commodity price or any other similar criteria or by reference to dividends paid or payable to shareholders of a corporation; (ii) the recipient of interest payable on a covered bond does not deal at arm's length with the Bank or the Guarantor for purposes of the *Income Tax Act* (Canada) (the "ITA"); (iii) interest is payable in respect of a covered bond owned by a person with whom the Bank or the Guarantor does not deal at arm's length for purposes of the ITA; or (iv) the recipient of interest payable on a covered bond is a "specified

shareholder” of the Bank or a non-resident person that does not deal at arm’s length with a specified shareholder of the Bank (in each case within the meaning of the ITA for purposes of the thin capitalization rules contained in subsection 18(4) of the ITA), such interest may be subject to Canadian nonresident withholding tax. A “**specified shareholder**” of the Bank is a person who owns, or is deemed to own, alone or together with persons with whom that person does not deal at arm’s length, shares entitled to 25% or more of the votes that could be cast at an annual shareholders’ meeting or shares having a fair market value of 25% or more of the fair market value of all the issued and outstanding shares of the Bank. Special rules, which are not discussed in this summary, may apply to a non-Canadian Holder that is an insurer that carries on an insurance business in Canada and elsewhere. Additional opinions from Canadian tax counsel may be required. See the discussion under the caption “*Taxation—Canadian Taxation.*”
