of Certain  
Officers;  
Compensatory  
Arrangements  
of Certain

On July 8, 2008, based on the recommendation of the Compensation Committee of the Board of Directors of The Marcus Corporation (the Company), the Board of Directors of the Company adopted amendments to (i) the Company's 2004 Equity Incentive Plan (the Plan); (ii) the related employee and non-employee director stock option grant agreements evidencing currently outstanding stock options issued under the Plan ( Existing Option Agreements ); and (iii) the form of employee and non-employee director stock option agreements to be used to evidence future stock option grants under the Plan ( Future Option Agreements and together with the Existing Option Agreements, the Agreements ). Amendments to the Plan and to the Agreements eliminate the requirement that shares of Company common stock delivered to pay the exercise price of stock option grants issued under the Plan be held by the optionee for at least six months prior to delivery and allow shares of Company common stock delivered to pay the exercise price of existing and future stock option grants issued under the Plan to be shares of common stock otherwise deliverable upon exercise of the stock option. This exercise method is allowed only if the optionee is willing to accept treatment of the option as a non-qualified stock option for tax purposes. An additional amendment to the Plan eliminates certain restrictions on granting equity-based awards under the Plan to individuals who may beneficially own more than 5% of the total combined voting power of all classes of stock of the Company, other than the current restrictions applicable to Stephen H. Marcus and Diane Marcus Gershowitz (excluding her annual non-employee director stock option grants). An additional amendment to the Future Option Agreements provides for the automatic exercise on the option's expiration date of any then outstanding vested stock options thereunder through the exercise method described above where the fair market value of the shares to which the option relates exceeds the exercise price thereof.

In connection with the adoption of the amendments to the Plan, the Board of Directors amended and restated the Plan to incorporate the language of such amendments. The amended and restated Plan and the amended Future Option Agreements are filed as exhibits hereto and are incorporated herein by reference.
