2004 ANNUAL MEETING OF STOCKHOLDERS
MAY 11, 2004

GENERAL

This Proxy Statement and the enclosed Proxy Card are furnished in connection with the solicitation of proxies by the Board of Directors of Commercial Federal Corporation (the "Corporation"), to be used at the 2004 Annual Meeting of Stockholders of the Corporation and at any adjournments or postponements thereof (the "Meeting") which will be held at the Omaha Marriott Hotel, 10220 Regency Circle, Omaha, Nebraska, on Tuesday, May 11, 2004, at 10:00 a.m Central Time. The accompanying Notice of Annual Meeting, this Proxy Statement and the Proxy Card are being first mailed to stockholders on or about April 2, 2004.

VOTING AND REVOCABILITY OF PROXIES

The close of business on March 24, 2004, has been fixed as the record date for the determination of stockholders entitled to notice of and to vote at the Meeting. At that date, the Corporation had outstanding 40,863,013 shares of common stock, par value \$.01 per share (the "Common Stock"). Holders of Common Stock are entitled to one vote per share for the election of directors, subject to the right to cumulate votes as described below, and upon all matters on which

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

stockholders are entitled to vote.

Proxies solicited by the Board of Directors of the Corporation which are properly executed and returned to the Corporation will be voted at the Meeting, and any adjournments or postponements thereof, in accordance with the directions given thereon. Executed proxies on which no directions are indicated will be voted FOR the election of the Corporation's nominees named herein and FOR the ratification of Deloitte & Touche LLP as the Corporation's independent auditors for the year ending December 31, 2004. If any other matters are properly brought before the Meeting, the proxies solicited by the Board of Directors will be voted on such matters as determined by a majority of the Board. Other than the election of directors and the ratification of independent auditors, the Board of Directors is not currently aware of any other matters to be brought before the Meeting.

The presence in person or by proxy of the holders of a majority of the outstanding shares of Common Stock entitled to vote at the Meeting is necessary to constitute a quorum. If a quorum is not present or represented by proxy, the stockholders entitled to vote, present or represented by proxy, have the power to adjourn the Meeting from time to time, without notice other than an announcement at the Meeting, until a quorum is present or represented. Assuming a quorum is present, under Nebraska law directors shall be elected by a plurality of votes cast by stockholders at the Meeting (abstention and broker non-votes not being considered in determining the outcome of the election).

Pursuant to the Bylaws of the Corporation and Nebraska law, every stockholder entitled to vote for the election of directors has the right to vote the number of shares owned thereby for as many persons as there are directors to be elected, or to cumulate votes by multiplying the number of shares held by such stockholder by the number of directors to be elected and to cast such votes for one director or distribute them among any number of candidates. Unless otherwise indicated by the stockholder, a vote FOR the Board of Directors' nominees on the accompanying Proxy Card will give the proxies named therein discretionary authority to cumulate all votes to which the stockholder is entitled and to allocate such votes in favor of one or more of the Board's nominees, as the proxies may determine. Additionally, executed proxies will confer discretionary authority on the proxies named therein to

vote with respect to the election of any person recommended by the Board of Directors as a director where the nominee is unable to serve or for good cause will not serve (an event not now anticipated).

Execution of a Proxy Card will not affect your right to attend the Meeting and to vote in person. A stockholder executing a proxy may revoke such proxy at any time before it is voted by (i) filing a written notice of revocation with the Secretary of the Corporation at the address provided above, (ii) filing a duly executed proxy bearing a later date, or (iii) attending and voting in person at the Meeting. Attendance at the Meeting without voting will not revoke a proxy previously executed and duly submitted by you.

The Corporation's Board of Directors is composed of eleven members. GOVERNANCE/NOMINATING COMMITTEE

The Board of Directors has adopted a Charter for the Governance/Nominating Committee. The Charter is available on the Corporation's website www.comfedbank.com. Each member of the Governance/Nominating Committee meets the

independence requirements of the New York Stock Exchange, the Exchange Act and the Corporation's Corporate Governance Guidelines.

As provided in its charter, the Governance/Nominating Committee is responsible for identifying individuals to become directors of the Corporation and seeks input from the Board of Directors, the Chairman of the Board and executive management. In accordance with the Corporation's Corporate Governance Guidelines, the Governance/Nominating Committee's goal is to maintain a strong and diverse Board by continually assessing several factors, including the Board's diversity, business background, areas of expertise, current responsibilities, community involvement and expected period of time available for service. The Governance/Nominating Committee seeks nominees with backgrounds that bring strong business enterprise, Midwest retail experience, broad technology experience, and financial expertise. Preferred nominees would have appropriate business experience from previously or currently held executive positions, such as a Chief Financial Officer, Chief Operating Officer, President or Chief Executive Officer of a publicly traded company, large privately held company or mutual company located in the Corporation's operating regions.

In addition to the candidate's experience and background, the Committee also considers the independence of the candidate as defined in the Corporation's Corporate Governance Guidelines and as in the rules of the New York Stock Exchange. The Committee also reviews the candidate's service on other boards of directors of public companies or other significant commitments involving affiliation with other businesses or governmental units. While there may be value to be gained from service on other boards of directors, such service may have legal and

7

regulatory implications to the Corporation or may present recurrent conflicts. In accordance with the Corporation's Bylaws, no person who is a controlling person or management official of a federally insured depository institution (other than affiliates of the Corporation) that operates branches in any market in which the Bank operates branches shall be eligible to be nominated for service, or to serve, as a director of the Corporation.

The Governance/Nominating Committee will consider recommendations for directorships submitted by stockholders. Stockholders who wish the Governance/Nominating Committee to consider their recommendations for nominees for the position of Director should submit their recommendations in writing to the Governance/Nominating Committee in care of the Secretary, Commercial Federal

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

Corporation, 13220 California Street, Omaha, Nebraska 68154. Each such written recommendation must set forth (i) the name of the recommended candidate, (ii) the number of shares of stock of the Corporation which are beneficially owned by the stockholder making the recommendation and the recommended candidate, and (iii) a detailed statement explaining why the stockholder believes the recommended candidate should be nominated for election as a director. In addition, the stockholder making such recommendation must promptly provide any other information reasonably requested by the Governance/Nominating Committee. In order to be considered by the Governance/Nominating Committee for nomination for election at an annual meeting of stockholders, the recommendation must be received by January 1 preceding that annual meeting. Recommendations by stockholders that are made in accordance with these procedures will receive the same consideration given to other candidates recommended by directors or executive management.

COMMUNICATIONS WITH DIRECTORS

The Board of Directors of the Corporation has identified an independent director to serve as lead director who presides over executive sessions of the Board. Any stockholder wishing to send a written communication to a Director or Directors should send this communication to the lead director at the following address: Lead Director, c/o Ms. Kelly L. EXECUTIVE COMPENSATION

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Overview and Objectives

The Compensation Committee (the "Committee") is composed exclusively of independent directors and includes Carl G. Mammel (Chairman), Michael P. Glinsky, Aldo J. Tesi, and George R. Zoffinger. The Committee is responsible for developing the Corporation's and the Bank's executive compensation policies generally, and for implementing those policies for the Corporation's executive officers and the Bank's senior executive officers (the Chairman of the Board and the Chief Executive Officer of the Corporation and the Bank, the President and Chief Operating Officer of the Corporation and the Bank, and the Chief Financial Officer of the Corporation and the Bank). The Chief Executive Officer of the Bank, under the direction and pursuant to the Charter of the Committee, implements the executive compensation policies for the remainder of the Bank's executive officers. The Corporation maintains structured compensation guidelines and reviews the structure and guidelines annually with the assistance of an outside professional consulting firm. During 2003, the Committee was assisted by Mercer Human Resources Consulting in the review of executive compensation practices to ensure its compensation practices were competitive in the marketplace and were not excessive or unreasonable.

The Committee's overall objectives in designing and administering the specific elements of the Corporation's and the Bank's executive compensation program are as follows:

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

- o to align executive compensation to increases in stockholder value, as measured by favorable long-term operating results and continued strengthening of the Corporation's financial condition;
- o to provide incentives for executive officers to work towards achieving successful annual results as a step in fulfilling the Corporation's long-term operating results and strategic objectives;
- o to link, as closely as possible, executive officers' receipt of incentive awards with the attainment of specified performance objectives;
- o to maintain a competitive mix of total executive compensation with particular emphasis on awards directly related to increases in long-term stockholder value; and
- o to attract, retain and motivate top performing executive officers in a cost effective manner for the long-term success of the Corporation.

The Committee and the Board of Directors strongly believes that it is in the best interests of stockholders to encourage ownership of stock by management. Accordingly, the Committee established the following guidelines on stock ownership.

Chief Executive Officer	5 times annual salary
Chief Operating Officer	5 times annual salary
Chief Financial Officer	3 times annual salary
Executive Vice Presidents	2 times annual salary
Senior Vice Presidents	2 times annual salary
First Vice Presidents	1.3 times annual salary

In furtherance of the above objectives, the Corporation's executive compensation program for 2003 consisted of the following components:

o **BASE SALARY.** The Committee makes recommendations to the Board concerning base salaries for executives considering regional and national surveys of salaries paid to executive officers of other financial institutions similar to the Corporation in size. The Committee's objective is to provide base salaries as well as the appropriate mix of total compensation that is reasonably competitive with total compensation paid for similar executive positions in the marketplace.

o **MANAGEMENT INCENTIVE PLAN.** The Corporation maintains a Management Incentive Plan which provides for annual incentive compensation based on achieving a combination of Corporation and individual performance objectives. Under this plan, the Committee approves corporate performance objectives, such as earnings per share, at the beginning of the year. If the Corporation meets such objectives, an amount equal to 4.5% of net income after taxes is set aside for payment to executive officers (defined for purposes of the Management Incentive Plan as the Bank's Chief Executive Officer, Chief Operating Officer, Chief Financial Officer, Executive, Senior, and First Vice Presidents) as short- and long-term compensation. Incentives are accrued through the year in anticipation of payment from the Plan. Under the Management Incentive Plan, executives are not eligible to receive an annual incentive compensation for plan years when the Corporation achieves less than 85% of the Corporation's predetermined performance goal. The distribution of awards under the Management Incentive Plan is triggered by the Corporation's achievement of the predetermined performance goal and the individual executive officers' performance. A portion of the award is paid in cash and a portion of the award is paid in restricted stock. For the year ending December 31, 2003, executive officers listed in the Summary Compensation Table on page 12 were paid a total of \$951,588 in cash and restricted stock valued at \$364,591 based on 2003

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

results against pre-approved goals. The award was paid on March 5, 2004 and is reflected in the 2003 Summary Compensation Table.

o EQUITY COMPENSATION. The Committee considers equity compensation an essential tool in aligning the interests of management with those of the Corporation's stockholders. The Committee uses a combination of stock options and restricted stock awards to provide equity compensation to management.

9

Under the Corporation's option plans, participants are eligible to receive stock options, stock appreciation rights ("SARs") or shares of restricted stock. Options are subject to vesting and forfeiture as determined by the Committee. Options and SARs are generally granted at the average of the highest price and the lowest price of the Common Stock as traded on the New York Stock Exchange on the date of the grant and vest at the rate of 33.33% on each of the first, second, and third anniversary of the grant. Such awards acquire value only if the Corporation's stock price increases.

The Committee has authority to grant restricted stock awards and to set the amount of any such award and the nature of the award. Restricted stock awards were made in conjunction with the payment of the 2003 Management Incentive Plan awards. Shares of restricted stock, as authorized by the Committee, vest over a 5-year period at the rate of 20% per year assuming the recipients continue employment with the Corporation or the Bank. The Committee believes the restricted stock awards provide a direct link between the value created for the Corporation's stockholders and the compensation paid to executive officers and further serve as an executive retention tool and also enable the executives to achieve their share ownership targets.

Long-Term Incentive Plan

Following a comprehensive review of executive compensation conducted with the assistance of Mercer Human Resources Consulting, the Committee recommended to the Board and the Board approved the implementation of a Long-Term Incentive Plan (the "LTIP") effective January 1, 2004.

The purpose of the LTIP is to promote the growth and the financial success of the Corporation by implementing a performance based long-term incentive program to motivate and reward participants for the achievement of long-term business strategies and goals. The LTIP approved for implementation beginning January 1, 2004 is a multi-year performance plan. The first performance measurement period is a three-year period beginning January 1, 2004 and ending December 31, 2006. A new plan measurement period with new goals will be established each year. Performance goals and incentive opportunities will be approved by the Committee. The Committee has determined that the performance measures for the LTIP will include measures that assess the Corporation's performance in a comparative manner to a broader base of banks.

The Committee has also determined that payout of the LTIP will be in the form of restricted stock to foster the share ownership targets for participating executives. Once an executive has achieved their share ownership targets, the participants may request to receive up to 50% of their LTIP in cash.

In implementing the LTIP, the Committee has determined to adjust the compensation of participating executives. Specifically, the annual incentive compensation opportunity available under the annual Management Incentive Plan will be reduced as the LTIP is fully implemented.

In the review of total compensation, the Committee concluded that implementation of the LTIP, including the restructuring of incentive awards,

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

provides a total compensation level for participants that is competitive in the marketplace and supports improving stockholder value.

10

Compensation of the Chief Executive Officer

The Committee determines the Chief Executive Officer's compensation, and in making that determination considers:

- o The performance of the Corporation, including earnings per share;
- o The Chief Executive Officer's compensation compared to marketplace practices for similarly sized financial institutions; and
- o Leadership of the organization.

Mr. Fitzgerald's compensation for 2003 is reported in the Summary Compensation Table on page 12. In March 2003, Mr. Fitzgerald received stock option awards and an increase in his base salary. In deciding to make the increase in base pay and grant incentive and non-incentive stock option awards the Committee considered the Corporation's performance for the period ending December 31, 2002. Under Mr. Fitzgerald's leadership the Corporation reported earnings per share that exceeded the performance goals approved by the Committee and the Board early in 2002. Other key performance measures such as net income, return on average stockholders' equity and return on average assets also exceeded the Committee's approved 2002 performance goals, which contributed to the Committee's decision to increase Mr. Fitzgerald's base salary compensation effective March 1, 2003. The Committee also considered information provided by Mercer Human Resources Consulting, an outside professional consulting firm, regarding competitive marketplace practices relative to base pay increases and stock option award practices.

Pursuant to the terms of the Management Incentive Plan, Mr. Fitzgerald received a cash bonus of \$459,824 (paid on March 5, 2004) and 4,303 shares of restricted stock with a market value of \$114,933 as of December 31, 2003. This incentive payment for 2003 was based on the Corporation's performance relative to the pre-approved annual performance goal for the Management Incentive Plan. The annual performance goal was approved by the Committee and the Board in early 2003. In approving the 2003 Management Incentive Plan, the Committee considered information from Mercer Human Resources Consulting indicating that the Corporation's annual incentive plan design is sound and that award levels are competitive and not excessive relative to marketplace practices. The Committee believes that the Corporation's executive compensation program serves the Corporation and all its stockholders by providing a direct link between the interest of the executive officers and the stockholders generally, and by helping attract and retain qualified executive officers who are dedicated to the long-term success of the Corporation.

EMPLOYMENT AND CHANGE IN CONTROL AGREEMENTS

The Corporation has entered into an agreement with William A. Fitzgerald. Pursuant to the agreement, Mr. Fitzgerald is employed as Chairman of the Board and Chief Executive Officer of the Corporation and the Bank. Mr. Fitzgerald receives an annual salary and bonus determined by agreement with the Board of Directors, but in no event less than the rate of compensation Mr. Fitzgerald received on June 8, 1995, the effective date of the agreement. The term of the employment agreement is for three years, and the Boards of Directors of the

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

Corporation and the Bank annually review the employment agreement and may extend the agreement for an additional one-year period beyond the effective expiration date. The agreement presently expires on June 8, 2006. The contract provides for termination for cause or in certain events specified by regulatory authorities. The contract is also terminable by the Bank without cause wherein Mr. Fitzgerald would be entitled to receive all compensation and benefits through the effective date of termination, plus a severance payment equal to 36 months of base salary. Mr. Fitzgerald shall be entitled to the same benefits and severance in the event he becomes disabled while the agreement is in effect. In the event Mr. Fitzgerald dies while the agreement is in effect, his heirs shall receive a severance payment equal to 12 months of base salary. No such benefit is payable should Mr. Fitzgerald retire. The agreement provides, among other things, for Mr. Fitzgerald's participation in an equitable manner in all benefits available to executive officers of the Corporation and the Bank, including:

13

- o short-term and long-term incentive compensation and deferred compensation;
- o health, disability, life insurance, retirement and vacation benefits; and
- o any benefits available under perquisite programs.

The Corporation and the Bank have also entered into change in control agreements with Messrs. Fitzgerald, Hutchinson, Fisher, Morris, and Kingry. Under these agreements, if in anticipation of a change of control, or during the three-year period after a change of control event has occurred, the executive's employment is terminated other than for "cause," the executive will continue to receive, in equal monthly installments, the base salary and all commissions and bonuses (including short-term and long-term incentive programs and stock options granted pursuant to the Corporation's executive incentive plan) in effect at the time of the involuntary termination for a period of 35.88 months from the date of termination reduced by the number of months the executive remained in the employ of the Corporation or the Bank after the change of control event occurred. During the months for which the executive receives installment payments under this agreement, the executive shall also continue to participate in any health, disability, and life insurance plans to the same extent as if the executive were an employee of the Corporation or the Bank or of any successor corporation. Further, the executive will continue to participate in any perquisite programs through the end of the period for which compensation is being paid. It is the intent of the plan that the payments will not constitute a parachute payment as defined in Section 280G in the Internal Revenue Code. Accordingly, all benefits and payments under the plan shall be reduced if necessary to the largest aggregate amount that will result in no portion of the payments being subject to federal excise tax or being nondeductible to the Corporation and the Bank for federal income tax purposes under Section 280G or 499 of the Code.

A "change in control" generally is deemed to have occurred under these agreements in each of the following events: (i) the acquisition by any individual, entity or group of beneficial ownership of 49% or more of either the then-outstanding shares of the Corporation's Common Stock, or the combined voting power of the then-outstanding voting securities of the Corporation entitled to vote generally in the election of directors; (ii) individuals who, as of the date of the relevant agreement, constitute the Board of Directors of the Corporation (the "Incumbent Board") cease for any reason to constitute at least a majority of the Board of the Corporation, provided, however, that any individual later becoming a director whose election, or nomination for election by the Corporation's stockholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board shall be considered as though such individual were a member of the Incumbent Board, but excluding any

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a person other than the Board; (iii) consummation of a reorganization, merger, consolidation or a sale or other disposition of all or substantially all of the assets of the Corporation (each, a "Business Combination"), in each case unless, following such Business Combination, (a) all or substantially all of the individuals and entities that were the beneficial owners of the Corporation's outstanding Common Stock or other voting securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than 50% of the then-outstanding shares of Common Stock and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of directors, as the case may be, of the corporation resulting from such Business Combination in substantially the same proportions as their ownership immediately prior to such Business Combination of the outstanding Common Stock and other voting securities, as the case may be, (b) no person beneficially owns, directly or indirectly, 49% or more of, respectively, the then-outstanding shares of common stock of the corporation resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation, except to the extent that such ownership existed prior to the Business Combination; and (c) at least a majority of the members of the board of directors of the corporation resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board of Directors providing for such Business Combination; or (iv) approval by the stockholders of the Corporation of a complete liquidation or dissolution of the Corporation.

14

The executive shall also be entitled to receive the payments and benefits described above in the event of a "constructive involuntary termination," which under the terms of the agreements shall be deemed to have occurred if, in anticipation of or during the three-year period following a change in control,

- o the executive is assigned duties inconsistent with, or action is taken to diminish, the executive's position (including status, offices, titles and reporting requirements), duties or responsibilities,
- o the executive's compensation is reduced,
- o the level of the executive's participation in incentive compensation is reduced or eliminated,
- o the executive's benefit coverage or perquisites are reduced or eliminated, except to the extent such reduction or elimination applies to all other employees,
- o the executive's office location is changed to a location more than 50 miles from the location of the executive's office at the time of the change in control,
- o the executive's employment is terminated other than as permitted by the agreement, or
- o the executive terminates employment for any reason during the 30-day period following the first anniversary of the change of control event.

Pursuant to the terms of a separate agreement between the Bank and William A. Fitzgerald, in the event of Mr. Fitzgerald's termination of employment with the Bank, Mr. Fitzgerald will be entitled to receive in 120 equal monthly installments an amount equal to three times his highest annual salary received from the Bank during the five-year period ending with the close of the fiscal year in which he attained age 65. In the event of his death before the payment of all installments, all remaining installments shall be paid to his designated beneficiary. In the event of the death of both Mr. Fitzgerald and the designated beneficiary, all remaining unpaid installments shall be paid in one lump sum

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

payment to the estate of the designated beneficiary. Pursuant to the terms of the agreement, the right to receive any and all unpaid installments will be forfeited upon the occurrence of any of the following events (i) without the approval of the Board of Directors, Mr. Fitzgerald has or possesses, directly or indirectly, any interest competing with or inimical to the interests of the Bank within an area within a 300 mile radius of Omaha, Nebraska, or (ii) Mr. Fitzgerald engages in any activity or conduct which, in the opinion of the Board, is inimical to the interests of the Bank.

DIRECTORS' COMPENSATION

Individuals who serve as directors of the Corporation or the Bank, with the exception of William A. Fitzgerald and Robert J. Hutchinson, who are officers of the Corporation and the Bank, are compensated for their service as directors. There are nine non-employee directors of the Corporation and three additional non-employee directors of the Bank. During 2003, directors received \$500 per month for service on the Board of the Corporation and \$1,500 per month for service on the Board of the Bank, plus \$1,000 for each Corporation or Bank Board or Committee meeting attended. The Chairman of the Audit Committee receives an annual fee of \$10,000 and the Chairman of the Compensation Committee, the Finance Committee and the Governance/Nominating Committee each receive an additional \$3,000 per year. The 1996 and 2002 Stock Option and Incentive Plans allow Directors' fees to elect to substitute cash compensation payable to them as Directors' fees for discounted non-incentive stock options with an exercise price equal to 75% of the market value of the optioned shares. The aggregate difference between the exercise price and the market value of the underlying shares equals the compensation foregone. In no event shall the exercise price of the stock option be less than 50% of the market value of the underlying shares on the date of the grant. For 2003, a total of 70,403 non-incentive stock options were granted in lieu of cash remuneration to the non-employee directors of the Corporation and the Bank. In addition, non-employee directors of the Corporation and the Bank each received 5,000 non-incentive stock options, totaling 60,000 shares, on February 27, 2003, and again on February 25, 2004.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

The Bank offers first and second mortgages, refinance, equity and various consumer loans to its directors, officers and employees. Loans to executive officers and directors are made in the ordinary course of business on substantially the same terms and collateral, including interest rates and loan fees charged, as those of comparable transactions prevailing at the time and do not involve more than the normal risk of collectibility or present other unfavorable features. The Bank was billed \$291,850 by The Gallup Organization ("Gallup") during the year ended December 31, 2003, for management consulting services. Ms. Jane E. Miller, a director of the Bank and a nominee for director of the Corporation, is the Chief Operating Officer and Executive Vice President of Gallup. The Corporation retains Gallup from time to time on an as needed basis and anticipates that it may retain Gallup to provide management consulting services in 2004.

AUDIT COMMITTEE REPORT

In accordance with its charter, the Audit Committee assists the Board of Directors in its oversight of the accounting, auditing and financial reporting practices of the Corporation. The Audit Committee Charter is included as Exhibit A to this Proxy Statement.

The Audit Committee of the Corporation consists of five members, who in the business judgement of the Board of Directors are independent and financially literate as defined by the New York Stock Exchange as well as being designated as audit committee financial experts as defined by the rules of the Securities and Exchange Commission.

Management is responsible for the Corporation's internal control and

Edgar Filing: COMMERCIAL FEDERAL CORP - Form DEF 14A

financial reporting process. The independent auditors are responsible for performing an audit of the Corporation's consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report on such financial statements. The Audit Committee's responsibility is to monitor and oversee these processes.

In performing its oversight function, the Audit Committee discussed with management, the internal auditors and the independent auditors the quality and adequacy of the Corporation's internal controls and the internal audit function's organization, responsibilities and staffing. The Audit Committee reviews with both the independent and internal auditors their audit plans, audit scope and identification of audit risks. The Audit Committee meets individually, at least once annually, with the Corporation's independent auditors, the Corporation's internal auditors and management.

The Audit Committee has adopted a policy of pre-approving all audit and non-audit services performed by the Corporation's independent auditors. The Audit Committee has also established a procedure whereby persons with complaints or concerns about accounting, internal control or auditing matters may report these complaints and concerns confidentially and anonymously to the Audit Committee.

The Audit Committee has reviewed and discussed the Corporation's audited consolidated financial statements for the year ended December 31, 2003 with management and has discussed with Deloitte & Touche LLP ("Deloitte & Touche"), the Corporation's independent auditors, the matters required to be discussed under Statement on Auditing Standards No. 61, as amended ("SAS 61") "Communications with Audit Committees." In addition, the Audit Committee has received from Deloitte & Touche the written disclosures and the letter required to be delivered by Deloitte & Touche under Independence Standards Board Standard No. 1 ("ISB Standard No. 1") "Independence Discussions with Audit Committees" addressing all relationships between the auditors and the Corporation that might bear on the auditors' independence. The Audit Committee has reviewed the materials received from Deloitte & Touche and has met with representatives of Deloitte & Touche to discuss the independence of the auditing firm.

17

In connection with the standards for independence of the Corporation's independent auditors promulgated by the Securities and Exchange Commission, the Audit Committee has reviewed the non-audit services provided by the Corporation's independent auditors and has considered whether the provision of such services is compatible with maintaining the independence of the Corporation's independent auditors.

Based on the Audit Committee's review of the financial statements, its discussion with Deloitte & Touche regarding SAS 61, the written materials provided by Deloitte & Touche under ISB Standard No. 1 and the related discussion with Deloitte & Touche of their independence, the Audit Committee recommended to the Board of Directors that the audited consolidated financial statements of the Corporation be included in its Annual Report on Form 10-K for the year ended December 31, 2003, for filing with the Securities and Exchange Commission.
