Item  
1.01 Entry Into a Material Definitive Agreement.

### Underwriting Agreement

On September 13, 2010, BorgWarner Inc. (the “Company”) entered into an underwriting agreement (the “Underwriting Agreement”) under which it agreed to sell \$250 million aggregate principal amount of its 4.625% Senior Notes due 2020 (the “Notes”) to certain underwriters named in the Underwriting Agreement (collectively, the “Underwriters”). The closing of the sale of the Notes occurred on September 16, 2010. The description of the Underwriting Agreement is a summary and is qualified in its entirety by reference to the Underwriting Agreement, a copy of which is filed as Exhibit 1.1 to this report and is here incorporated by reference.

### Indenture

The Notes are governed by an indenture dated September 23, 1999 (the “Indenture”) between the Company and The Bank of New York Mellon Trust Company, National Association, as trustee (the “Trustee”), as supplemented by the Third Supplemental Indenture, dated September 16, 2010. Pursuant to the Indenture, interest on the Notes will accrue at a rate of 4.625% per annum on the principal amount from September 16, 2010, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on March 15, 2011. The Notes will mature on September 15, 2020 (the “Maturity Date”). The Company may redeem the Notes at any time or from time to time, in whole or in part, at the redemption price (as defined in the Indenture).

If a change of control repurchase event (as defined in the Indenture) occurs, unless the Company has exercised its right to redeem the Notes, the Company must make an offer to each holder of the Notes to repurchase all or any part of that holder’s Notes at a purchase price in cash equal to 101% of the aggregate principal amount of Notes repurchased plus any accrued and unpaid interest on the Notes repurchased to the date of purchase.

The Notes will be the Company’s general unsecured and unsubordinated obligations and will rank equally in right of payment with all of its other existing and future unsecured and unsubordinated obligations. The Notes will be effectively subordinated to any of the Company’s existing or future secured debt to the extent of the value of the assets securing such debt and will be structurally subordinated to all existing and future obligations of the Company’s subsidiaries.

The Indenture includes customary events of default, including, among other things, payment default, covenant default, conversion default, certain defaults under other indebtedness of the Company or certain of its subsidiaries, the failure to timely satisfy judgments over a certain sum against the Company or certain of its subsidiaries, failure to provide certain notices required by the Indenture and bankruptcy, insolvency or reorganization affecting the Company or certain of its subsidiaries.

The description of the Indenture is a summary and is qualified in its entirety by reference to the Indenture and the Third Supplemental Indenture (including the form of Global Note attached as Exhibit A to the Third Supplemental Indenture), copies of which are filed as Exhibits 4.1 and 4.2, respectively, to this report and are here incorporated by reference.

### Use of Proceeds

We estimate the net proceeds to us from the sale of the Senior Notes will be approximately \$245.4 million, after deducting underwriting discounts and offering expenses payable by us. We intend to use all of the proceeds from the

sale of the Senior Notes for general corporate purposes.
