You should rely only on the information contained or incorporated by reference in this prospectus. We have not authorized any other person to provide you with different information. If anyone provides you with different or inconsistent information, you should not rely on it. We are not making an offer to sell these securities in any jurisdiction where the offer or sale is not permitted. You should assume that the information appearing in this prospectus is accurate only as of the date on the front cover of this prospectus. Our business, financial condition, results of operations and prospects may have changed since that date.

Pall Corporation

Pall Corporation, incorporated in July 1946, together with its subsidiaries, is a leading supplier of fine filters, principally made by Pall Corporation or its subsidiaries using its proprietary filter media, and other fluid clarification and separations equipment for the removal of solid, liquid and gaseous contaminants from a wide variety of liquids and gases.

We serve customers in two principal markets: Life Sciences and Industrial. The two principal markets are further divided into five segments: Blood and BioPharmaceuticals (which comprise the Life Sciences business) and General Industrial, Aerospace and Microelectronics (which comprise the Industrial business).

During the past five years, we have continued our development and sale of fluid clarification and separations products in a wide variety of markets. Additionally, in fiscal 2002, we acquired the Filtration and Separations Group ("FSG") from United States Filter Corporation, significantly expanding our presence in the Industrial market.

Pall is a specialty materials and engineering company with the broadest-based filtration, separations and purification capabilities in the world. Our proprietary products are used to discover, develop and produce pharmaceuticals, produce safe drinking water, protect hospital patients, remove white blood cells from blood, enhance the quality and efficiency of manufacturing processes, keep equipment running efficiently and protect the environment. Requirements for product quality, purity, environmental preservation, health and safety apply to a wide range of industries and across geographical borders. We have a 57-year history of commercializing successful products and continue to develop new materials and technologies for the Life Sciences and Industrial markets and their increasingly difficult fluid filtration, purification and separation challenges. We have an array of core materials and technologies that can be combined and manipulated in many ways to solve complex fluid separation challenges. These proprietary materials, coupled with our ability to engineer them into useful forms, are the foundations of our capabilities. Our proprietary materials enable us to provide customers with products that are well matched to their needs, to develop new products and to

Edgar Filing: PALL CORP - Form S-3/A

enter new markets. With the addition of FSG, we have enhanced our library of proprietary materials and technologies with sophisticated offerings such as asymmetric membranes, selective adsorption, melt-blown media, nano ceramic membranes and metallic fiber media.

Pall actively pursues only those applications in which its products can make a substantial difference to the customer and especially targets projects that will result in real gains in performance and economics. The products sold are principally filters made with proprietary Pall filter media produced by chemical film casting, melt-blowing of polymer fibers, papermaking and metallurgical processes. Metal and plastic housings for our filters and a wide variety of appurtenant devices are also made. Competition is intense in all of our markets and includes many large and small companies in our global markets; however, no one company has a significant presence in all of our markets.

Pall's principal executive offices are located at 2200 Northern Boulevard, East Hills, New York 11548, and its telephone number at that address is (516) 484-5400.

The Selling Stockholders

Pall issued and delivered the Shares to the Plans in satisfaction of all or a portion of Pall's obligation to make annual contributions to the Plans. Included in the Shares are 44,665 shares of Pall common stock which Pall issued and delivered to the Plans in partial satisfaction of Pall's obligation to contribute to the Plans or their predecessor plans with respect to Pall's fiscal year ended July 28, 1990. Pall's board of directors, acting by its executive committee, authorized the proper officers of Pall to deliver 210,000 additional Shares to the Plans in partial satisfaction of Pall's obligation to contribute to the Plans with respect to Pall's fiscal year ended August 3, 2002.

During the past three years, the Plans have had no position, office or other material relationship with Pall or any of its affiliates apart from providing retirement benefits to the employees of Pall and its subsidiaries. In addition, the Plans own no shares of Pall common stock apart from the 254,655 Shares. The Plans are offering all the Shares pursuant to the offering under this prospectus and accordingly will own no shares of Pall common stock after completion of this offering.

Reed, Conner & Birdwell, Inc. acts as an investment adviser to the Plans (the "Investment Adviser") and has sole authority to direct The Bank of New York, as trustee of the Plans, to sell any or all of the Shares from time to time, and to make delivery of such Shares to the purchasers thereof.

The Offering and Plan of Distribution

Pall will pay all expenses in connection with the sale of the Shares by the Plans. Depending upon market conditions, the Plans may, in the sole discretion and at the direction of the Investment Adviser, from time to time sell all or some of the Shares.

Edgar Filing: PALL CORP - Form S-3/A

The Plans will not sell the Shares at any predetermined price or pursuant to any pre-arranged plan of distribution, the time, price and manner of sale, if any, being in the Investment Adviser's discretion. The Shares may be sold in brokerage transactions (which may include block trades and ordinary brokers' transactions) on the New York Stock Exchange, in privately negotiated transactions, in the over-the-counter market, in underwritten public offerings, and otherwise. The price at which the Shares may be sold will be the prevailing market price (plus customary or negotiated brokerage commissions) in the case of brokerage sales executed on the New York Stock Exchange or in the over-the-counter market, and the price plus brokerage commissions or discounts agreed upon by the parties in the case of privately negotiated transactions and underwritten public offerings.

Any broker-dealers that act as principals in connection with the sale of Shares will be "underwriters" within the meaning of Section 2(11) of the Securities Act of 1933; the Plans, The Bank of New York as trustee of the Plans, and any broker-dealer that acts as agent in connection with the sale of the Shares may be "underwriters" within the meaning of Section 2(11); and any compensation these broker-dealers receive, and any profit they realize from the resale of the

4

Shares while acting as principals, might be considered as underwriting discounts or commissions. Because the Plans may be "underwriters" within the meaning of Section 2(11) of the Securities Act, they will be subject to the prospectus delivery requirements of the Securities Act for offers and sales of the Shares, including delivery through the facilities of the New York Stock Exchange as provided in Rule 153 under the Securities Act.

The Plans also may resell all or a portion of the Shares in open market transactions in reliance upon Rule 144 under the Securities Act, if the Plans meet the criteria and satisfy the requirements of Rule 144.

If either Plan notifies Pall that it has entered into any material arrangement with a broker-dealer for the sale of Shares through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer (including underwritten public offerings), Pall will file a supplement to this prospectus, if required, pursuant to Rule 424(b) under the Securities Act, disclosing

- o the name of the participating broker-dealer(s),
- o the number of Shares involved,
- o the price at which such Shares were sold,
- o the commission paid or discounts or concessions allowed to the broker-dealer(s), where applicable,
- o whether the broker-dealer(s) conducted any investigation to verify the information in or incorporated by reference in this prospectus, and

Edgar Filing: PALL CORP - Form S-3/A

- o other material facts of the transaction.

Common Share Purchase Rights

On November 17, 1989, the board of directors of Pall Corporation, pursuant to a favorable advisory vote of its shareholders, adopted a Shareholder Rights Plan and pursuant thereto declared a dividend of one common share purchase right (a "Right") for each outstanding share of Pall common stock. The distribution was made to the holders of record of common stock outstanding on December 1, 1989, and is being made with respect to all shares of common stock issued thereafter until the earliest to occur of the Distribution Date (as defined below), the date on which the Rights are redeemed, and the expiration date of the Rights (December 1, 2009 unless the expiration date is extended prior to that date).

Each Right, when it becomes exercisable, will entitle the registered holder to purchase from Pall one share of Pall common stock at a price of \$80, subject to adjustment in certain events, including stock splits, occurring subsequent to the date of this prospectus. Until the Distribution Date, the Rights (a) will not be exercisable, (b) will be evidenced by the certificates for the common stock registered in the names of the holders thereof and not by separate Right certificates, and (c) will be transferable with and only with the common stock, and one Right will be associated with each share of common stock, subject to adjustment in certain events.

The "Distribution Date" is defined as the earlier to occur of (1) 10 days following a public announcement that a person or group of affiliated or associated persons has acquired beneficial ownership of 20% or more of the outstanding Pall common stock (such person or group being defined as an "Acquiring Person"), or (2) 10 business days (or such later date as may be determined by action of the Board prior to such time as any person or group becomes an Acquiring Person) following the commencement of, or announcement of an intention to make, a tender offer or exchange offer the consummation of which would result in the beneficial ownership by a person or group of 20% or more of such outstanding common stock.

The Rights have certain anti-takeover effects. A description of the Rights is set forth in Amendment No. 1, dated April 20, 1999, to Pall's Registration Statement on Form 8-A for the registration of the Rights pursuant to Section 12(b) of the Exchange Act, which Amendment is a document incorporated by reference in this prospectus as provided below.

Legal Matters

The validity of the Shares has been passed upon by Carter Ledyard & Milburn LLP, Two Wall Street, New York, New York 10005. Heywood Shelley, counsel to Carter Ledyard & Milburn LLP, is a director of Pall.
