RADA Electronic Announces US\$5.88 Million Private Placement

Monday July 12, 6:00 am ET

NETANYA, Israel, July 12 /PRNewswire-FirstCall/ -- RADA Electronic Industries Ltd. (Nasdaq: RADIF - News) today announced that it has entered into a definitive agreement for the private placement of its securities with a small number of institutional and accredited investors for gross proceeds to RADA of approximately US\$5.88 million.

RADA has agreed to issue an aggregate of 1.8 million ordinary shares at a price of US\$1.60 per share, together with additional investment rights to purchase up to an aggregate of an additional 1.1 million ordinary shares for a period of 24 months following effectiveness of the registration statement covering the resale of the ordinary shares underlying these rights. RADA also has agreed to issue an aggregate of US\$3.0 million principal amount of convertible notes. The convertible notes will mature in 3 years, bear interest at a rate of six month LIBOR plus 2.5% and are convertible at the investors' option at a conversion price of US\$2.10. The investors in the convertible notes also will receive warrants exercisable for a period of five years beginning six months following the closing to purchase up to an aggregate of 937,500 ordinary shares at an exercise price of US\$2.50 per share.

Closing of the transaction is expected to occur early this week.

Adar Azancot, Chief Executive Officer of Rada, commented: "This transaction widens the company's investor base to include a number of leading investment funds. The funds raised will enable us to expedite our research and development plans that aim at enlarging our core avionics products offering to the market and expand into new complimentary products. The funds will also be used to further strengthen our market presence in the U.S., as well as in other high growth markets. The U.S. is, for us, a strong growth potential market, where we have recently made milestone progress by winning a few important contracts."

The securities to be issued by RADA in the private placement have not been registered under the United States Securities Act of 1933, as amended, and may not be offered or sold in the United States absent registration or an applicable exemption from the registration requirements. However, as part of the transaction, RADA agreed to file a registration statement on Form F-3 with the United States Securities and Exchange Commission for the purpose of registering the ordinary shares issuable in the private placement.

Copies of the definitive documentation relating to the private placement will be filed with the SEC on Form 6-K.
