Edgar Filing: AON CORP - Form 8-K

Aon Corporation is a holding company that is comprised of a family of insurance brokerage, consulting and insurance underwriting subsidiaries. Through our insurance brokerage and other services and consulting operations, we offer commercial insurance brokerage, alternative risk solutions, risk management, employee benefit and human capital consulting and underwriting management services. In addition, our insurance underwriting businesses provide a variety of insurance products, including supplemental accident and health coverage, extended warranties and specialty property and casualty products. Our revenues were \$7.7 billion in 2001. Based on 2001 revenues, we are the second largest insurance brokerage company in the world.

On April 20, 2001, Aon's Board of Directors approved, in principle, a plan to spin-off our insurance underwriting businesses to Aon's common stockholders, creating two independent publicly traded companies. The spin-off would take the form of a tax-free stock dividend of the outstanding shares of common stock of Combined Specialty Group, Inc. (CSG), formerly known as Combined Specialty Corporation, a new company formed to hold our underwriting businesses. The transaction requires final Board approval, a favorable Internal Revenue Service tax ruling and certain insurance regulatory approvals, and is currently expected to be completed in spring 2002.

The underwriting businesses we plan to spin-off are mainly reflected in our insurance underwriting segment, one of our three operating segments. This segment currently provides supplemental accident and health, life insurance, extended warranty and specialty property and casualty insurance products through five major subsidiaries: Combined Insurance Company of America, Combined Life Insurance Company of New York, Combined Specialty Insurance Company, London General Insurance Company Limited and Aon Warranty Group, Inc. These subsidiaries hold virtually all of our fixed-maturity investments (principally reflected in our insurance underwriting segment) and equity security investments and limited partnership interests (primarily reflected in our corporate segment). On December 31, 2001, Aon securitized \$450 million of its limited partnership investments plus associated limited partnership commitments, which represented the majority of its limited partnership interests. Aon received a combination of cash and securities in connection with the securitization. In 2001, the underwriting businesses invested \$227 million to obtain an ownership interest in Endurance Specialty Insurance Ltd. (Endurance), a newly formed Bermuda-based insurer, which will offer property and casualty insurance and reinsurance on a worldwide basis.

Pro Forma Condensed Consolidated Financial Information

Attached hereto is a Pro Forma Condensed Consolidated Statement of Income for the year ended December 31, 2001 on a basis as if the spin-off occurred on January 1, 2001. Also attached is a Pro Forma Condensed Consolidated Statement of Financial Position as of December 31, 2001, presented on a basis of recording the effect of the spin-off as of December 31, 2001. The Pro Forma Condensed Consolidated Financial Information is based on various assumptions made by Aon's management as of the current date, including assumptions regarding allocations of assets and liabilities that are expected to be transferred to CSG prior to the spin-off. The actual basis on which the spin-off is effected may vary from the assumptions based upon the terms of any final Internal Revenue Service approval, Board of Directors approval, regulatory approval and other factors. The Pro Forma Condensed Consolidated Financial Information does not purport to be indicative of the financial condition or results of operations that would actually have been reported had the spin-off been completed on the date indicated or that may be reported in the future. It does not reflect the effect of any possible financings. The historical Aon and the CSG financial information has been derived from the audited financial statements of the respective companies. The adjustments made to the historical financial information of Aon and CSG are unaudited.

This Pro Forma Condensed Consolidated Financial Information does not include certain disclosures required in accordance with accounting principles generally accepted in the United States and, therefore, should be read in conjunction with Aon's and CSG's respective historical financial statements and notes thereto. This information should also be read in conjunction with Aon's and CSG's respective management's discussion and analysis of financial condition and results of operations as reflected in recent Securities and Exchange Commission filings.
