PROXY STATEMENT

INTRODUCTION

General

This proxy statement is furnished to shareholders of TESSCO Technologies Incorporated, a Delaware corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company of proxies for use at the Annual Meeting of Shareholders to be held at the Company's corporate headquarters, 11126 McCormick Road, Hunt Valley, Maryland 21031, on Thursday, July 25, 2002 at 10:00 a.m., local time, and at any adjournment or postponement thereof.

Solicitation

The solicitation of proxies is being made primarily by mail, but directors, officers and employees may also engage in the solicitation of proxies by telephone. The cost of soliciting proxies will be borne by the Company. The Company has retained the services of Innisfree M&A Incorporated to assist in the solicitation of proxies at a cost to the Company not to exceed \$6,500. In addition, the Company may reimburse brokers, custodians, nominees and other record holders for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners.

This Proxy Statement and the accompanying form of proxy are being sent to shareholders on or about June 21, 2002.

Voting Rights and Outstanding Shares

The Board of Directors of the Company has fixed the close of business on June 3, 2002 as the record date for determining the shareholders of the Company entitled to notice of and to vote at the Annual Meeting. On the record date, 4,513,747 shares of Common Stock, \$0.01 par value per share, of the Company were issued and outstanding. Each share of Common Stock entitles the holder to one vote on each matter to be voted on at the Annual Meeting. There is no cumulative voting for the election of directors.

The presence, in person or by proxy, of at least a majority of the total number of shares of Common Stock entitled to vote is necessary to constitute a quorum at the Annual Meeting. In the event there are not sufficient votes for a quorum or to approve any proposal at the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

Your vote is important. Because most of our shareholders cannot attend the Annual Meeting in person, it is necessary for a large number to be represented by proxy. Most shareholders have a choice of voting over the Internet, by using a toll-free telephone number or by completing a proxy card and mailing it in the postage-paid envelope provided. Please check your proxy card or the information forwarded by your bank, broker or other holder of record to see what options are available to you. If you vote by proxy over the Internet, please be aware that you may incur costs such as telecommunications and Internet access for which you may be responsible. The Internet and telephone proxy vote facilities for shareholders of record will close at 4:00 p.m. Eastern Time on the business day prior to the Annual Meeting day.

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

A shareholder may, with respect to the election of directors, (i) vote "FOR" the election of the named director nominees, (ii) "WITHHOLD AUTHORITY" to vote for all named director nominees, or (iii) vote for the election of all director nominees other than any nominee with respect to whom the shareholder withholds authority to vote. A shareholder may, with respect to each other matter specified in the notice of meeting, (i) vote "FOR" the matter, (ii) vote "AGAINST" the matter, or (iii) "ABSTAIN" from voting on the matter.

All shares of Common Stock entitled to vote and represented by properly completed proxies received prior to the Annual Meeting and not revoked, will be voted in accordance with your instructions. If no instructions are indicated on a properly completed proxy, the shares of Common Stock represented by that proxy will be voted FOR the election of the named director nominees and FOR ratification of the appointment of Ernst & Young LLP as the Company's independent public accountants.

A proxy submitted by a shareholder may indicate that all or a portion of the shares represented by the proxy are not being voted by the shareholder with respect to a particular matter. This could occur, for example, when a broker is not permitted to vote Common Stock held in street name on certain matters in the absence of instructions from the beneficial owner of the Common Stock. These "nonvoted shares," i.e., shares subject to a proxy which are not being voted with respect to a particular matter, will be considered shares not present and entitled to vote on such matter, although these shares may be considered present and entitled to vote for other purposes and will count for purposes of determining the presence of a quorum.

Revocation of Proxies

A proxy may be revoked at any time before its exercise by the filing of a written revocation with Mary Lynn Schwartz, Corporate Secretary of the Company, by timely providing a later-dated proxy (including by Internet or telephone vote), or by voting by ballot at the Annual Meeting. Mere attendance at the Annual Meeting will not revoke a proxy if you are a beneficial owner of shares not registered in your own name, you will need additional documentation from your record holder to vote personally at the Annual Meeting.

Required Vote

The affirmative vote of a plurality of the shares of Common Stock present in person or by proxy at the Annual Meeting and entitled to vote on the election of directors is required to elect directors. Accordingly, if a quorum is present at the Annual Meeting, the two persons receiving the greatest number of votes will be elected to serve as directors. Therefore, withholding authority to vote for a director(s) and "nonvoted shares" with respect to the election of directors will not affect the outcome of the election of directors. The affirmative vote of a majority of the shares of Common Stock present in person or by proxy at the Annual Meeting and entitled to vote thereon is required to approve each matter other than the election of directors. Under Delaware law, abstentions with respect to matters other than the election of directors are generally considered as shares present and entitled to vote and thus have the same effect as a vote against such matter. "Nonvoted shares" with respect to such a matter will not be considered as present and entitled to vote on the matter and thus will not affect the determination of whether the matter is approved.

The Board of Directors knows of no additional matters that will be presented for consideration at the Annual Meeting. Delivery of proxy, however, confers on the designated proxy holders discretionary authority to vote the shares in accordance with their discretion on such other business, if any, as may properly come before the Annual Meeting or any adjournment thereof. Proxies solicited by means of this proxy statement will be tabulated by inspectors of election designated by the Board, who will not be employees or directors of the Company or any of its affiliates.

PROPOSAL 1. ELECTION OF DIRECTORS

The Company's Bylaws provide that the Board of Directors is divided into three classes, each class consisting, as nearly as possible, of one-third of the total number of directors, and each class having a three-year term. Each year the directors in one class are elected to serve for a term of three years. The Board of Directors is currently composed of six members. One class of directors, consisting of Robert B. Barnhill, Jr. and Benn Konsynski, PhD., has a term of office expiring at the Annual Meeting and until their successors are elected and qualified. Messrs. Barnhill and Konsynski have each been nominated for a three-year term expiring at the Annual Meeting of Shareholders in 2005 and until their successors are elected and qualified. In the event that either nominee is unable or unwilling to serve, the persons named in the proxy will vote for such substitute nominee or nominees as they, in their discretion, shall determine. The Board of Directors has no reason to believe that any nominee named herein will be unable or unwilling to serve.

The Board of Directors recommends a vote "For" the election of all named director nominees.

Board Committees and Meetings

The Board of Directors has an Audit Committee consisting of Messrs. Eppler, Konsynski and Zifferer, and a Compensation Committee consisting of Messrs. Beletic, Shaughnessy and Zifferer. The Board of Directors does not have a nominating committee.

The Audit Committee is primarily concerned with the effectiveness of the audits of the Company by the Company's independent auditors. Its duties include recommending the selection of independent auditors, reviewing the scope of audits conducted by them, as well as the results of their audits, and reviewing the organization and scope of the Company's internal system of accounting and financial controls. The Audit Committee met four times during fiscal 2002.

The Compensation Committee is responsible for the overall administration of the Company's compensation policies and practices, including the recommendation of compensation for officers and employees of the Company and for matters relating to compensation plans and arrangements. In addition, the Compensation Committee approves awards under and administers the Company's Employee Incentive Stock Option Plan and 1994 Stock and Incentive Plan. The Compensation Committee met four times during fiscal 2002.

The Board of Directors met four times during fiscal 2002. No director serving on the Board has attended fewer than 75% of the total number of meetings of the Board and of the Committees of which he was a member during fiscal 2002.

Director Compensation

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

In consideration for services on the Board, each non-employee Director of the Company is paid \$1,000 per calendar month plus \$500 for each meeting of the Board or Committee of the Board that he or she attends (or \$250 when he or she participates telephonically); however, no additional fees are paid in respect of meetings of Committees of the Board held on the same days as and in connection with meetings of the Board. Each non-employee Director may elect to receive shares of the Company's Common Stock in lieu of cash for the foregoing fees, and is also separately reimbursed for reasonable out-of-pocket expenses incurred in connection with his or her attendance at Board or Committee meetings. In addition, during the fiscal year ended March 31, 2002, each of the outside directors (being all of the directors except for Mr. Barnhill) received an option to purchase 5,000 shares of Company Common Stock, exercisable at \$11.60 per share, the market price on the date of grant. These options were granted pursuant to the Company's 1994 Stock and Incentive Plan.

PROPOSAL 2. RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Board of Directors has selected the firm of Ernst & Young LLP to serve as independent public accountants for the fiscal year ending March 30, 2003, and seeks ratification of such appointment by the shareholders. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

The Company's independent public accountants for the fiscal year ended March 31, 2002 was Arthur Andersen LLP. In response to recent developments relating to Arthur Andersen, LLP, and pursuant to a recommendation by the Audit Committee of the Board of Directors and approval by the Board of Directors, effective June 4, 2002, the Company dismissed Arthur Andersen LLP as the Company's independent public accountants and engaged Ernst & Young LLP to serve as the Company's independent public accountants for the fiscal year ending March 30, 2003. It is not anticipated that representatives of Arthur Andersen LLP will be present at the Annual Meeting.

Arthur Andersen LLP's reports on the Company's consolidated financial statements for each of the past two fiscal years ended March 31, 2002 and April 1, 2001 did not contain an adverse opinion or

4

disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles.

During the two most recent fiscal years ended March 31, 2002 and April 1, 2001, and through June 4, 2002, the date on which Arthur Andersen LLP was dismissed, there were no disagreements with Arthur Andersen LLP on any matter of accounting principle or practice, financial statement disclosure, or auditing scope or procedure which, if not resolved to Arthur Andersen LLP's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Company's consolidated financial statements for such years; and there were no reportable events as defined in Item 304(a)(1)(v) of Regulation S-K.

The Board of Directors recommends a vote "For" the ratification of the appointment of Ernst & Young LLP as independent public accountants for fiscal year 2003.

Employment Agreements

Mr. Barnhill. In March 1994, the Company entered into an employment agreement with Mr. Barnhill providing for his employment as Chairman of the Board, President and Chief Executive Officer at a minimum annual base salary of \$240,000 and cash bonuses in accordance with the Company's Officer's Value Share Plan. The employment agreement provides for an initial term of three years, and, unless the Board of Directors notifies Mr. Barnhill otherwise before the end of any calendar year, the term of the agreement automatically renews daily for the succeeding three-year period. In August 1999, the Compensation Committee of the Board of Directors increased Mr. Barnhill's annual base salary to \$350,000. In April 2000, the Compensation Committee of the Board of Directors further increased Mr. Barnhill's annual base salary to \$450,000.

The employment agreement also provides for the establishment of a supplemental executive retirement plan, which will provide Mr. Barnhill with a \$75,000 annual pension benefit payable on Mr. Barnhill's retirement, termination of employment for reasons other than cause (as defined in the employment agreement) or attainment of age 62. The employment agreement also provides for (i) a \$2,000,000 split-dollar life insurance policy on Mr. Barnhill and his spouse and (ii) a long-term disability policy providing Mr. Barnhill with a benefit equal to not less than 70% of his annual base salary.

In the event of the termination of Mr. Barnhill's employment for certain reasons, including death, disability or a termination resulting from a change in control of the Company (as defined in the employment agreement), the employment agreement provides for payment to Mr. Barnhill, when and as due, of the total salary payable to him for the next three years, plus bonuses to which he would have been entitled had he remained in the employ of the Company during the three-year period. In addition, Mr. Barnhill would be entitled to receive the employee benefits he would have received during such three-year period or an after-tax payment in an amount equal to the value of such benefits.

In January 1996, the Company also adopted a stock compensation program for the Chief Executive Officer, pursuant to which Mr. Barnhill is each quarter granted an option to purchase 10,000 shares of Common Stock at an exercise price equal to not less than the market value of the Company's Common Stock on the date of the grant. All of these options have a term of ten years and generally become exercisable over a five-year period following the date of grant, provided that Mr. Barnhill remains employed by the Company.

Messrs. Rein and Singer. The Company is also party to employment letter agreements with each of Messrs. Rein and Singer, pursuant to which Mr. Rein was retained as Senior Vice President of Operations and Fulfillment and Mr. Singer was retained as Senior Vice President and Chief Financial Officer, at annual base salaries of \$200,000 each. Messrs. Rein and Singer are also entitled to receive performance based bonuses, in accordance with the Company's Officers' Value Share Plan. The employment letter agreements also each provide for severance payments of between six and nine months salary, depending upon the date of termination of employment, in the event that their employment is terminated by the Company "without good cause" or by them for "good reason", as such terms are defined in the respective employment letter agreements.

Profit Sharing and Non-Qualified Deferred Compensation Plans

The Company has a 401(k) profit-sharing plan, which covers all eligible employees. Under the 401(k) plan, participants are permitted to make salary reduction contributions equal to a percentage of annual salary with matching contributions made by the Company at the discretion of the Board of Directors. The Company's 401(k) profit-sharing plan expense during fiscal 2002 totaled \$120,000.

The Company maintains a non-qualified deferred compensation plan that covers directors and specified executives, as determined by the Deferred Compensation Plan Committee, a Committee authorized by the Board of Directors. Contributions may be made by plan participants, as well as by

the Company. Company contributions are made at the discretion of the Deferred Compensation Plan Committee, and the Company has made no contributions to the deferred compensation plan to date.

Stock-Based Compensation Plans

The Company's 1994 Stock and Incentive Plan provides for the grant or award to regular full-time employees (including officers and directors who are not officers) of stock options, stock appreciation rights, restricted stock, restricted stock units and other performance awards, which may be denominated in shares of Common Stock or other securities of the Company. The 1994 Plan also provides for the grant of awards in respect of a limited number of shares to the Company's non-employee directors. At present, the maximum number of shares of Common Stock with respect to which awards may be granted at any time under the 1994 Plan is 1,172,500, of which options for 123,305 shares have been

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

granted and exercised and options for 1,019,795 shares have been granted and remain outstanding (i.e., have not lapsed, been cancelled or expired) as of June 3, 2002. No awards may be made under the 1994 Plan after April 12, 2004.

The Company also maintains the 1984 Employee Incentive Stock Option Plan, which provides for the grant of options to acquire up to an aggregate of 401,250 shares of Common Stock. As of June 3, 2002, options to acquire 43,000 shares were outstanding, all of which were fully exercisable. No additional shares are available for award under the 1984 Plan.

In addition, the Company maintains the Team Member Stock Purchase Plan, which allows for the purchase of an aggregate of 200,000 shares of Company Common Stock by employees, at a per share purchase price equal to 85% of Market Value. During fiscal 2002, 8,185 shares were purchased by employees under this plan.

Option Grants in the Last Fiscal Year

The following table shows certain information relating to options to purchase shares of Common Stock granted to the Named Executive Officers in fiscal year 2002.

Name	Individual Grants				Potential Realizable Value at Assumed Annual Rate of Stock Price Appreciation for Term(1)	
	Number of Securities Underlying Options Granted (#)	Percent of Total Options Granted to Employees in Fiscal 2002	Exercise or Base Price (\$/Share)	Expiration Date	5%	10%
Robert B. Barnhill, Jr.	10,000(2)	5.2%	\$ 11.750	April 30, 2011	73,895	187,264

- (1) Potential Realizable Values are based on an assumption that the stock price of the Common Stock on the date of grant equals the exercise price shown for each particular option grant and appreciates at the annual rate shown (compounded annually) from the date of grant until the end of the term of the option. These amounts are reported net of the option exercise price, but before any taxes associated with exercise or subsequent sale of the underlying stock. The actual value, if

10

any, an option holder may realize will be a function of the extent to which the stock price exceeds the exercise price on the date the option is exercised and also will depend on the option holder's continued employment through the vesting period. The actual value to be realized by the option holder may be greater or less than the values estimated in this table.

- (2) These options, which were issued under the Company's 1994 Stock and Incentive Plan, generally vest over a three-year period commencing on the second anniversary of date of grant, provided that the recipient remains an employee of the Company and subject to such other conditions as the Compensation Committee may impose. To the extent not then exercised, these options generally expire on either the sixth or the tenth anniversary of the date of grant.

Aggregated Option Exercises in Last Fiscal Year and Fiscal Year-End Option Values

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

The following table sets forth information with respect to option exercises in and year-end option values for fiscal 2002 for the Named Executive Officers.

Name	Shares Acquired On Exercise	Value Realized (1)	Number of Securities Underlying Unexercised Options at Fiscal Year-end	Value of Unexercised In-the-Money Options at Fiscal Year-end
			Exercisable/ Unexercisable	Exercisable/ Unexercisable (2)
Robert B. Barnhill, Jr.			334,000/124,000	258,000/15,400
Richard A. Guipe			29,600/39,400	/16,900
Douglas A. Rein			15,000/45,000	/16,900
Mary Lynn Schwartz			35,100/28,900	/16,900
Robert C. Singer			15,000/49,000	/16,900
Randolph S. Wilgis			24,175/31,200	/16,900

(1) The value realized represents the difference between the market value per share of the Company Common Stock on the date of exercise and the per share exercise price, multiplied by the applicable number of shares for which options were exercised.

(2) Value is based on the difference between the stock option exercise price and the closing price of the Company's Common Stock on the Nasdaq Stock Market on June 7, 2002 of \$13.29 per share.

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933 or the Securities Exchange Act of 1934, that might incorporate future filings, including all or any portions of this Proxy Statement, the following report and Stock Performance Graph shall not be deemed to be incorporated by reference into any such filings and shall not otherwise be deemed to be filed under such Acts.

Compensation Committee Report on Executive Compensation

The Board of Directors has delegated to the Compensation Committee responsibility for developing and administering programs for compensating the Company's executive officers. The entire Board also approves the Committee's compensation recommendations with respect to salaries and bonuses of executive officers. The Committee, which currently consists of Messrs. Shaughnessy, Zifferer and Beletic (none of whom are officers or employees of the Company), believes that the Company's success is attributable in large part to the management and leadership efforts of its executive officers. The Company's management team has substantial experience in the distribution industry in general and the wireless communications industry in particular. Mr. Barnhill, the Chairman of the Board, President and Chief Executive Officer of the Company, has been instrumental in the Company's business success. The Company and the Compensation Committee intend to maintain compensation policies, plans and programs that will attract and retain executive officers who can enhance shareholder value. Generally speaking, the Compensation Committee seeks to use the same policies and guidelines in determining the compensation to be paid to its executive officers as it uses for the Company's other employees and other key contributors to the Company's success.

The Company has designed a compensation package that will achieve the following principal objectives:

Edgar Filing: TESSCO TECHNOLOGIES INC - Form DEF 14A

provide the Company's executives with total compensation that is sufficiently competitive to attract and retain high-quality people. In general, this involves establishing an individual's base salary in light of that individual's responsibilities, experience, personal performance and contribution to the Company's overall performance. The base salary and performance-based incentives are designed to establish an individual's total compensation at a level that competes favorably with the overall pay levels of comparable companies (i.e., companies comparable in size and with business operations similar to those of the Company) and to reward outstanding performance;

link a significant portion of annual compensation to performance-based incentives. This is done primarily by means of the Company's Value Share Plan and the grant of stock options;

provide long-term incentives that are consistent with the Company's strategic goals and the creation of shareholder value. This is done through the grant of stock options; and

structure the compensation program to be viewed favorably by the Company's shareholders, employees, the financial community, and the general public.

The Internal Revenue Code places limits on the amount of non-performance-based compensation paid to executive officers that may be deducted by the Company for federal income tax purposes. The Company has structured compensation programs to minimize the portion of any executive compensation that is not deductible for federal income tax purposes.

The Committee annually reviews each executive officer's compensation, including the compensation levels of the Company's Chairman, President and Chief Executive Officer. When reviewing compensation, the Committee considers individual and corporate performance, levels of responsibility, prior experience, breadth of knowledge and competitive pay practices with respect to salary. The Chief Executive Officer's minimum base salary of \$240,000 was determined pursuant to an employment agreement between the Company and the Chief Executive Officer, effective as of April 1994. In August 1999, in recognition of Mr. Barnhill's continued contribution to the overall

12

success of the Company, the Compensation Committee unanimously approved an increase in his base salary to \$350,000. Subsequently, in April 2000, largely in recognition of the Company's financial performance, the Compensation Committee unanimously approved a further increase in the base salary of the Chief Executive Officer to \$450,000. Salaries for the other Named Executive Officers are established based on the principles discussed with respect to the Chief Executive Officer. The bonuses paid to the Named Executive Officers, including the Chief Executive Officer, are determined pursuant to the Company's Officers' Value Share Plan. This Plan is designed to provide rewards based upon the Company's overall performance, which includes consideration of current market conditions.

The Company has also adopted a stock compensation program for the Chief Executive Officer. This program provides for quarterly grants of options to purchase 10,000 shares of Common Stock at an exercise price at least equal to the fair market value of the Common Stock on the date of grant. Accordingly, Mr. Barnhill was granted options during fiscal year 2002 for 40,000 shares at exercise prices ranging from \$11.75 to \$17.60 per share. Vesting of these options occurs over time and the options have a term of ten years.

During fiscal 2002, the Committee also granted options to purchase 50,000 shares of Common Stock to executive officers other than Mr. Barnhill. The awards made to the other executive officers also were granted to provide further incentives to increase shareholder value and were deemed by the Committee to be appropriate in light of the officers' expected contributions to the Company's performance. The Committee has noted that revenues have increased by an average of 21% annually from fiscal 1993 to fiscal 2002, with net income increasing by an average of 39% annually from fiscal 1993 to fiscal 2002. The Committee intends to continue to recommend stock-based compensation awards as a significant part of the Company's overall compensation program.

Respectfully,

John D. Beletic
Dennis J. Shaughnessy
Morton F. Zifferer, Jr.

Stock Performance Graph

The chart set forth below shows the value of an investment of \$100 on March 28, 1997 in each of the Company's Common Stock, the Russell 2000 index and peer issuers for the period March 28, 1997 to June 3, 2002. All values assume reinvestment of the pre-tax value of dividends.

Comparison of Cumulative Total Return Value of Investment of \$100 on March 28, 1997

The peer issuers consist of the following companies engaged in retail and/or wholesale product distribution: Cellstar Corporation; Brightpoint, Inc.; Andrew Corporation; Ingram Micro Inc.; Somera, Communications Inc.; W.W. Grainger, Inc.; and Anixter International Inc. The identity of some of the peer issuers in this group differs from those in the group of peer issuers included in the Company's Proxy Statement last year. These changes were made in order to remove issuers that are no longer publicly traded and to add and remove other issuers in order for the group to better reflect, in the Company's view, the Company's peers. All of the current peer group issuers were publicly traded as of June 3, 2002.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee is comprised solely of directors who are "independent" within the meaning of Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. The Audit Committee operates under a written charter adopted by the Board of Directors, a copy of which was attached to the Company's proxy statement for the annual meeting of shareholders, held July 19, 2001. The composition of the Audit Committee, the attributes of its members and the responsibilities of the Committee, as reflected in its charter, are intended to be in accordance with applicable requirements for corporate audit committees. The Committee reviews and assesses the adequacy of its charter on an annual basis.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors in its general oversight of the Company's financial reporting, internal control and audit functions. Management is responsible for the preparation, presentation and integrity of the Company's

financial statements, accounting and financial reporting principles, internal controls and procedures designed to ensure compliance with accounting standards, applicable laws and regulations. Ernst & Young LLP (and previously, Arthur Andersen LLP, who audited the consolidated financial statements as of and for the year ended March 31, 2002), the Company's independent auditing firm (effective June 4, 2002), is responsible for performing an independent audit of the consolidated financial statements in accordance auditing standards generally accepted in the United States.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditor, nor can the Committee certify that the independent auditor is "independent" under applicable rules. The Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors and the experience of the Committee's members in business, financial and accounting matters.

Among other matters, the Audit Committee monitors the activities and performance of the Company's internal and external auditors, including the audit scope, external audit fees, auditor independence matters and the extent to which the independent auditor may be retained to perform non-audit services. The Audit Committee and the Board have ultimate authority and responsibility to select, evaluate and, when appropriate, replace the Company's independent auditor. The Audit Committee also reviews the results of the internal and external audit work with regard to the adequacy and appropriateness of the Company's financial, accounting and internal controls. Management and independent auditor presentations to and discussions with the Audit Committee also cover various topics and events that may have significant financial impact or are the subject of discussions between management and the independent auditor. In addition, the Audit Committee generally oversees the Company's internal compliance programs.

The Committee has reviewed and discussed the fiscal year ended March 31, 2002 consolidated financial statements with management and Arthur Andersen LLP, as the Company's independent auditor for that period. Management represented to the Committee that these consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and Arthur Andersen LLP as the Company's independent auditor represented that its presentations included the matters required to be discussed with the independent auditor by Statement on Auditing Standards No. 61, as amended, "Communication with Audit Committee."

The Company's independent auditor for fiscal year ended March 31, 2002, Arthur Andersen LLP, also provided the Committee with the written disclosures required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and the Committee discussed with the independent auditor that firm's independence.

Following the Committee's discussions with management and the independent auditor, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K for the year ended March 31, 2002.

Respectfully,

Jerome C. Eppler
Benn R. Konsynski, Ph.D
Morton F. Zifferer, Jr.

Fees Paid to Arthur Andersen LLP

The following table shows the fees paid or accrued by the Company for the audit and other services provided by Arthur Andersen LLP for fiscal year 2002:

Audit Fees (1)	\$	70,371
Financial Information Systems Design and Implementation Fees	\$	0
All Other Fees (2)	\$	153,375
Total	\$	223,746

- (1) Audit Services of Arthur Andersen LLP for fiscal year 2002 consisted of the examination of the consolidated financial statements of the Company and quarterly review of financial statements.

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of our common stock. Insiders are required by regulation of the Securities and Exchange Commission to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely upon the review of the copies of such reports furnished to us or written representations that no other reports were required during the fiscal year ended March 31, 2002, all of these executive officers and directors complied with all Section 16(a) filing requirements applicable to them, other than Messrs. Beletic, Guipe, Konsynski, Rein, Wilgis and Zifferer, each of whom inadvertently filed a Form 5 for the fiscal year ended March 31, 2002, late.

Barnhill, Jr., the Company's chief executive officer, from a commercial bank in the principal amount of \$2,500,000. In connection therewith, the Company's chief executive officer and his spouse entered into a Reimbursement and Security Agreement, which obligates them to reimburse the Company for any amounts paid by the Company under its guaranty. These obligations to the Company under the Reimbursement and Security Agreement are secured by certain assets of the chief executive officer and represent full recourse obligations to the chief executive officer and his spouse.
