MANAGEMENT INFORMATION CIRCULAR

Solicitation of Proxies

This management information circular is furnished in connection with the solicitation of proxies by the management of Glencairn Gold Corporation (the Company) for use at the special meeting of shareholders (the Meeting) of the Company to be held at the time and place and for the purposes set forth in the accompanying Notice of Meeting. References in this management information circular to the Meeting include any adjournment or adjournments thereof. It is expected that the solicitation will be primarily by mail, however, proxies may also be solicited personally by regular employees of the Company and the Company may use the services of an outside proxy solicitation agency to solicit proxies. The cost of solicitation will be borne by the Company.

The board of directors of the Company (the Board) has fixed October 30, 2007 as the record date, being the date for the determination of the registered holders of common shares of the Company entitled to receive notice of the Meeting. Duly completed and executed proxies must be received by the Company's transfer agent at the address indicated on the enclosed envelope no later than 10:00 a.m. (Toronto time) on November 27, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.

Unless otherwise stated, the information contained in this management information circular is as of October 30, 2007. **This management information circular contains references to United States dollars and Canadian dollars. All dollar amounts referenced, unless otherwise indicated, are expressed in Canadian dollars and United States dollars are referred to as United States dollars or US\$.**

Appointment and Revocation of Proxies

The persons named in the enclosed form of proxy are officers and/or directors of the Company. **A shareholder desiring to appoint some other person, who need not be a shareholder, to represent the shareholder at the Meeting, may do so by inserting such person's name in the blank space provided in the enclosed form of proxy or by completing another proper form of proxy and, in either case, depositing the completed and executed proxy at the office of the Company's transfer agent indicated on the enclosed envelope no later than 10:00 a.m. (Toronto time) on November 27, 2007, or no later than 48 hours (excluding Saturdays, Sundays and holidays) before the time of any adjourned Meeting.**

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in

SIGNATURE

accordance with the directions, if any, given in the proxy.

A proxy given pursuant to this solicitation may be revoked by an instrument in writing executed by a shareholder or by a shareholder's attorney authorized in writing (or, if the shareholder is a corporation, by a duly authorized officer or attorney) and deposited either at the registered office of the Company (6 Adelaide Street East, Suite 500, Toronto, Ontario M5C 1H6; Attention: Corporate Secretary) at any time up to and including the last business day preceding the day of the Meeting or with the Chairman of the Meeting on the day of the Meeting or in any other manner permitted by law.

Exercise of Discretion by Proxies

The persons named in the enclosed form of proxy will vote the shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such shares will be voted in favour of the passing of all the resolutions described below. The enclosed form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice of Meeting and with respect to other matters which may properly come before the Meeting.** At the time of printing of this management information circular, management knows of no such amendments, variations or other matters to come before the Meeting. However, if any other matters which are not now known to management should properly come before the Meeting, the proxy will be voted on such matters in accordance with the best judgment of the named proxies.

Voting by Non-Registered Shareholders

Only registered shareholders of the Company or the persons they appoint as their proxies are permitted to vote at the Meeting. Most shareholders of the Company are non-registered shareholders (**Non-Registered Shareholders**) because the shares they own are not registered in their names but are instead registered in the name of the brokerage firm, bank or trust company through which they purchased the shares. Shares beneficially owned by a Non-Registered Shareholder are registered either: (i) in the name of an intermediary (an **Intermediary**) that the Non-Registered Shareholder deals with in respect of the shares of the Company (Intermediaries include, among others, banks, trust companies, securities dealers or brokers and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans); or (ii) in the name of a clearing agency (such as The Canadian Depository for Securities Limited or The Depository Trust & Clearing Corporation) of which the Intermediary is a participant. In accordance with applicable securities law requirements, the Company will have distributed copies of the Notice of Meeting, this management information circular and the form of proxy (collectively, the **Meeting Materials**) to the clearing agencies and Intermediaries for distribution to Non-Registered Shareholders.

Intermediaries are required to forward the Meeting Materials to Non-Registered Shareholders unless a Non-Registered Shareholder has waived the right to receive them. Intermediaries often use service companies to forward the Meeting Materials to Non-Registered Shareholders. Generally, Non-Registered Shareholders who have not waived the right to receive Meeting Materials will either:

- (i) be given a voting instruction form **which is not signed by the Intermediary** and which, when properly completed and signed by the Non-Registered Shareholder and **returned to the Intermediary or its service company**, will constitute voting instructions (often called a **voting instruction form**) which the Intermediary must follow. Typically, the voting instruction form will consist of a one

Edgar Filing: Glencairn Gold CORP - Form 6-K

page pre-printed form. Sometimes, instead of the one page pre-printed form, the voting instruction form will consist of a regular printed proxy form accompanied by a page of instructions which contains a removable label with a bar-code and other information. In order for the form of proxy to validly constitute a voting instruction form, the Non-Registered Shareholder must remove the label from the instructions and affix it to the form of proxy, properly complete and sign the form of proxy and submit it to the Intermediary or its service company in accordance with the instructions of the Intermediary or its service company; or

- (ii) be given a form of proxy **which has already been signed by the Intermediary** (typically by a facsimile, stamped signature), which is restricted as to the number of shares beneficially owned by the Non-Registered Shareholder but which is otherwise not completed by the Intermediary. Because the Intermediary has already signed the form of proxy, this form of proxy is not required to be signed by the Non-Registered Shareholder when submitting the proxy. In this case, the Non-Registered Shareholder who wishes to submit a proxy should properly complete the form of proxy and **deposit it with the Company, c/o Equity Transfer & Trust Company, 200 University Avenue, Suite 400, Toronto, Ontario M5H 4H1.**

- 2 -

In either case, the purpose of these procedures is to permit Non-Registered Shareholders to direct the voting of the shares of the Company they beneficially own. Should a Non-Registered Shareholder who receives one of the above forms wish to vote at the Meeting in person (or have another person attend and vote on behalf of the Non-Registered Shareholder), the Non-Registered Shareholder should strike out the persons named in the form of proxy and insert the Non-Registered Shareholder or such other person's name in the blank space provided. **In either case, Non-Registered Shareholders should carefully follow the instructions of their Intermediary, including those regarding when and where the proxy or voting instruction form is to be delivered.**

A Non-Registered Shareholder may revoke a voting instruction form or a waiver of the right to receive Meeting Materials and to vote, which has been given to an Intermediary, at any time by written notice to the Intermediary provided that an Intermediary is not required to act on a revocation of a voting instruction form or of a waiver of the right to receive Meeting Materials and to vote which is not received by the Intermediary at least seven days prior to the Meeting.

Voting Securities and Principal Holders Thereof

As of October 30, 2007, 281,321,698 common shares (the **Common Shares**) in the capital of the Company were issued and outstanding. Each Common Share entitles the holder thereof to one vote on all matters to be acted upon at the Meeting. The record date for the determination of shareholders entitled to receive notice of the Meeting has been fixed at October 30, 2007. In accordance with the provisions of the *Canada Business Corporations Act* (the **CBCA**), the Company will prepare a list of holders of Common Shares as of such record date. Each holder of Common Shares named in the list will be entitled to vote the shares shown opposite his or her name on the list at the Meeting. All such holders of record of Common Shares are entitled either to attend and vote thereat in person the Common Shares held by them or, provided a completed and executed proxy has been delivered to the Company's transfer agent within the time specified in the attached Notice of Meeting, to attend and vote thereat by proxy the Common Shares held by them.

Edgar Filing: Glencairn Gold CORP - Form 6-K

To the knowledge of the directors and executive officers of the Company, as of October 30, 2007, the only person or company that beneficially owns, directly or indirectly, or exercises control or direction over voting securities of the Company carrying more than 10% of the voting rights attached to any class of voting securities of the Company is as follows:

(**Black Hawk**), which were previously approved by the shareholders of Black Hawk.

Existing Stock Option Plan

The Company's amended and restated stock option plan (the **Existing Option Plan**) was designed to provide a long-term incentive to eligible participants, comprised of employees, officers, directors and consultants. The maximum number of Common Shares that may be reserved for issuance upon the exercise of options granted under the Existing Option Plan is 10% of the number of Common Shares outstanding as at the date of grant of options under the Existing Option Plan and all other security based compensation plans of the Company. As of September 30, 2007, the maximum number of Common Shares that may be reserved for issuance pursuant to the Existing Option Plan is 28,132,169 and there are 17,603,000 Common Shares reserved for issuance upon exercise of options outstanding under the Existing Option Plan, representing approximately 6.3% of the issued and outstanding Common Shares.

The Existing Option Plan provides that no one optionee shall be granted an option which exceeds 5% of the Common Shares outstanding at the time of grant (on a non-diluted basis). Any Common Shares subject to an option which for any reason is cancelled or terminated without having been exercised is again available for grant under the Existing Option Plan.

Options granted under the Existing Option Plan have an exercise price of not less than the market price, which is defined under the Existing Option Plan as the volume weighted average trading price of the Company's common shares on the TSX, or another stock exchange where the majority of the trading volume and value of the common shares occurs, for the five trading days immediately preceding the day the option is granted. Options are exercisable for a period not to exceed five years.

The vesting of stock options is at the discretion of the Board. Options granted under the Existing Option Plan are not transferable or assignable and terminate: (i) on the date of termination of the optionee's employment or upon ceasing to be a director and/or officer of the Company for any cause other than by retirement, permanent disability or death, subject to the discretion of the administrator of the Existing Option Plan to extend the date of termination of options in circumstances where they determine it to be in the best interests of the Company; (ii) within a period of six months following the death of an optionee; or (iii) within a period of three months following the termination of the optionee's employment by permanent disability or retirement. The Existing Option Plan does not provide for the granting of stock appreciation rights.

- 4 -

The Board and/or the Compensation Committee of the Board, reserves the right to amend, modify or terminate the Existing Option Plan at any time provided that this right cannot, without the consent of the optionee, adversely affect the optionee's rights under any option previously granted under the Existing Option Plan. The Existing Option Plan is subject to the rules of any stock exchange on which the Common Shares are listed.

Old Black Hawk Stock Option Plan

In October 2003, as part of the business combination with Black Hawk, options outstanding under the Black Hawk Plan became exercisable into Common Shares. The options continued to be subject to the terms and conditions of the Black Hawk Plan. Options held by directors, officers and employees of Black Hawk who did not become directors, officers or employees of the Company continued to be exercisable for the original terms. No additional options may be granted under the Black Hawk Plan. Options under the Black Hawk Plan terminate 90 days after termination of the optionee's position with the Company. As of September 30, 2007, there are 450,001 Common Shares reserved for issuance upon exercise of options that remain outstanding under the Black Hawk Plan, representing approximately 0.2% of the issued and outstanding Common Shares.

Termination of Employment, Change in Responsibilities and Employment Contracts

In August 2004, the Company entered into severance agreements with Messrs. Knoll and McDonald which provide that upon termination following a change of control, the employee would be entitled to 24 months salary and benefits (excluding bonus) (the **Severance Amount**) if his employment is terminated other than for cause or disability. Under the agreements, the employee also has the right, for 12 months following a change of control, to terminate his employment under certain circumstances and receive the Severance Amount. The agreements also provide that in the event of resignation or termination following a change of control, options held will vest and will remain exercisable until the expiry of their original terms. Change of control is defined as a change of four or more of the directors of the Company unless approved by a majority of the Board or any acquisition of 50% or more of the Common Shares, or voting rights in respect thereof, by any person or company which is

Edgar Filing: Glencairn Gold CORP - Form 6-K

accompanied by a request by that person for representation on the Board and which is not approved by a majority of the directors of the Company. In 2006, Mr. McDonald agreed to resign as Chairman in order to permit Mr. Knoll to be appointed Chairman and Mr. Tagliamonte to join the Company as President and Chief Executive Officer. Mr. McDonald was paid \$320,000 (US\$282,164) of compensation and his severance agreement terminated on his resignation. On October 22, 2007, Mr. Knoll agreed to resign as Chairman in order to permit Mr. Stan Bharti to be appointed Chairman. The Company has agreed to pay Mr. Knoll his salary and continue his health benefits over the course of the next year and his severance agreement terminated on his resignation.

In August 2003, the Company entered into an employment agreement with Mr. Price as Vice President, Finance and Chief Financial Officer. The agreement stipulated, among other things, that in the event that Mr. Price's employment was terminated, he would be entitled to 24 months salary and certain benefits

- 8 -

for up to 26 months (the **Termination Compensation**). In the event of a change of control, as defined therein, Mr. Price would be entitled to resign within 120 days thereof and be paid the Termination Compensation. The agreement also provides that in the event of resignation or termination other than for cause, options held by Mr. Price would vest and will remain exercisable for 26 months after resignation or termination. In December 2006, Mr. Price resigned as Vice President, Finance and Chief Financial Officer. He received a \$150,000 (US\$132,263) payment in recognition of his services to the Company which is reflected in the Summary of Executive Compensation. Mr. Price's employment agreement terminated on his resignation.

In March 2007, the Company entered into an employment agreement with Mr. Tagliamonte as President and Chief Executive Officer. The agreement stipulates, among other things, that in the event that Mr. Tagliamonte's employment is terminated, other than for cause, he will be entitled to 12 months salary and benefits increasing to 18 months after three years of employment and 24 months after five years of employment. In the event of a change of control, as defined below, Mr. Tagliamonte will be entitled with good reason to terminate the agreement and receive 36 months salary and benefits. The agreement also provides that in the event of termination of employment after a change of control for other than for cause, options held by Mr. Tagliamonte will vest and will remain exercisable for 36 months after resignation or termination. Under Mr. Tagliamonte's agreement, good reason includes a change in his reporting responsibilities, titles or positions, a reduction in his annual base salary or a material change in his benefits or a relocation of his place of employment or failure of the Company to obtain the express assumption of the agreement by any successor company. Change of control is defined as a change of four or more of the directors of the Company unless approved by the Board or the acquisition of 50% or more of the Common Shares, or voting rights in respect thereof, by any person or company that is accompanied by a request by that person for representation on the Board and which request is not approved by a majority of the directors of the Company.

In December 2006, the Company entered into an employment agreement with Mr. Arsenault as Chief Financial Officer. The agreement stipulates, among other things, that in the event that Mr. Arsenault's employment is terminated, other than for cause, he will be entitled to 12 months salary and benefits increasing to 18 months after three years of employment and 24 months after five years of employment. In the event of a change of control, as defined below, Mr. Arsenault will be entitled with good reason to terminate the agreement and receive 24 months salary and benefits. The agreement also provides that in the event of termination of employment after a change of control for other than for cause, options held by Mr. Arsenault will vest and will remain exercisable for 24 months after resignation or termination. Under Mr. Arsenault's agreement, good reason includes a change in his reporting responsibilities, titles or positions, a reduction in his annual base salary or a material change in his benefits or a relocation of his place of employment or failure of the Company to obtain the express assumption of the agreement by any successor company. Change of control is defined as a change of four or more of the directors of the Company unless approved by the Board or the acquisition of 50% or more of the Common Shares, or voting rights in respect thereof, by any person or company that is accompanied by a

request by that person for representation on the Board and which request is not approved by a majority of the directors of the Company.

Composition of the Compensation Committee

The Compensation Committee is currently comprised of three directors who are neither officers nor employees of the Company or any of its subsidiaries, being Ronald P. Gagel (Chairman), Bruce Humphrey and Patrick J. Mars. At December 31, 2006, the members of the Compensation Committee were J. John Kalmet (Chairman), Ronald P. Gagel and Patrick J. Mars.

Report on Executive Compensation

When determining the compensation of the Company's executive officers, including the Named Executive Officers, the Compensation Committee considers the objectives of: (i) recruiting and retaining

- 9 -

the executives and senior management critical to the success of the Company and the enhancement of shareholder value; (ii) providing fair and competitive compensation; (iii) balancing the interests of management and shareholders of the Company; and (iv) rewarding performance, both on an individual basis and with respect to the business in general. In order to achieve these objectives, the compensation paid to executive officers consists of the following three components:

- (a) base salary;
- (b) bonus; and
- (c) long-term incentive in the form of stock options granted in accordance with the Existing Option Plan

Salary levels were initially set in October 2003 following the business combination with Black Hawk, when the Compensation Committee met and reviewed and adjusted compensation, as recommended by management, including salaries and/or stock options of officers, directors and employees of the Company. The Compensation Committee also took into account contractual obligations with certain senior employees. The compensation of each officer and employee was compared to other positions within the Company and with comparable positions in peer group companies in the mining industry. The Compensation Committee found that the compensation recommended by management, while competitive, was slightly lower than the average for peer group companies. While a full review was deferred at that time, the Compensation Committee concluded that the compensation of certain executives was significantly below average. The Compensation Committee approved the recommended compensation, finding the level of compensation appropriate for the Company's stage of development.

Early in 2006, salary levels were reviewed to consider the competitive market for employees in the mining industry. Executive salary increases were deferred until the Bellavista mine, having just achieved commercial production during the month of December 2005, had completed

Edgar Filing: Glencairn Gold CORP - Form 6-K

several months of production. It was also agreed that more time was needed for the operations at the Limon Mine to become normalized after the suspensions due to work stoppages in November 2005 and the first quarter of 2006. In June 2006, Mr. Knoll's salary was increased to \$300,000 in recognition that his salary had been well below peer company levels. Other salaries, including Ms. MacGillivray's salary, were increased by 10%.

In December 2006, the Compensation Committee reviewed compensation for 2007 to ensure the compensation was competitive in light of mining industry competitive increases of 3.5% to 7% were approved including a 3.5% increase for a Named Executive Officer. The Compensation Committee also approved the reduction of Mr. Knoll's base salary by 50% to \$150,000 to reflect that he would be working half time as Executive Chairman in 2007.

Base Salary

The base salary of each particular executive officer is determined by an assessment by the Board of such executive's performance, a consideration of the compensation package necessary to recruit executives to join the Company, competitive compensation levels in companies similar to the Company and a review of the performance of the Company as a whole and the role such executive officer played and is expected to play in such corporate performance.

Bonus

Bonuses are performance based short-term financial incentives and are determined on certain criteria, including personal performance, team performance and/or the Company's operating and financial performance. Bonuses are generally granted based on a combination of a percent of salary, this percentage reflecting the Company's operating and financial performance, adjusted to reflect the individual's contribution to the achievement of the Company's goals and its operating performance. With the introduction of the Company's share bonus plan (the **Share Bonus Plan**), approved by

- 10 -

shareholders in May 2007 and intended to be implemented, as amended, following the Meeting, the Company will have an additional long-term incentive component of compensation to provide to senior employees who have contributed to the Company's performance. The Share Bonus Plan will provide the Company with a non-cash component to further encourage share ownership by key employees.

Long-Term Incentive

Edgar Filing: Glencairn Gold CORP - Form 6-K

The Company provides a long-term incentive by granting options to executive officers through the Existing Option Plan (to be replaced by a new stock option plan see Approval of New Stock Option Plan below). The options granted permit executives to acquire Common Shares at an exercise price equal to the market price of such shares, as defined in the Existing Option Plan, on the date on which the option was granted. The objective of granting options is to encourage executives to acquire an ownership interest in the Company over a period of time, which acts as a financial incentive for such executive to consider the long-term interests of the Company and its shareholders.

Compensation of Chief Executive Officer

The Compensation Committee reviews and makes its recommendations to the Board with respect to the Chief Executive Officer's compensation. The components of the Chief Executive Officer's compensation are the same as those which apply to the other senior executive officers of the Company, namely base salary, bonus and long-term incentives in the form of stock options. Mr. Tagliamonte's base salary was set at \$330,000 through negotiation when he joined the Company. It is below the average for peer group companies. As a long term incentive, Mr. Tagliamonte was granted 2,000,000 stock options with five-year term vesting as to 1,000,000 in October 2006 when he assumed duties on a full time basis with the balance vesting on the first anniversary of the date of grant, May 30, 2007. Since the Chief Executive Officer's base salary is lower than half of Chief Executive Officers of peer group companies, the greatest emphasis continued to be placed on the stock option component. In setting the Chief Executive Officer's salary in May 2006 when Mr. Tagliamonte joined the Company, the salaries paid to other senior officers in the Company, salaries paid to other chief executive officers in the industry and the Chief Executive Officer's past experience and potential contribution to the Company's growth strategy were considered.

Interest of Informed Persons in Material Transactions

Other than as described below and elsewhere in this management information circular, since the commencement of the Company's last completed financial year, no informed person of the Company or any associate or affiliate of an informed person has or had any material interest, direct or indirect, in any transaction or any proposed transaction which has materially affected or will materially affect the Company or any of its subsidiaries.

During 2006, the Company provided management and administrative services and office space to Thompson Creek Metals Company Inc. (previously, Blue Pearl Mining Ltd.). During 2006, the Company was paid US\$287,000 for such services, including rent. The agreement was terminated effective March 1, 2007. Messrs. Knoll, McDonald and Arsenault and Ms. MacGillivray are also directors and/or officers of Thompson Creek Metals Company Inc.

Approval of Issuance of Securities upon Automatic Exercise of Subscription Receipts and Exercise of Compensation Warrants

Pursuant to a private placement (the **Private Placement**) completed on October 22, 2007, the Company issued an aggregate of 40,000,000 units (the **Units**) of the Company, each Unit comprised of one Common Share and one-half of one common share purchase warrant (each whole common share purchase warrant, a **Warrant**), and 133,670,000 subscription receipts (the **Subscription Receipts**) of the Company at a price of \$0.15 per Unit or Subscription Receipt, as the case may be, for aggregate gross proceeds of \$26,050,500. Each Warrant entitles the holder to

Edgar Filing: Glencairn Gold CORP - Form 6-K

purchase one Common Share at a price of \$0.18 until October 22, 2010. Each Subscription Receipt will be automatically exercised for no additional consideration into one Unit upon satisfaction by the Company of certain conditions, including receipt of the requisite shareholder approval. The Subscription Receipts were issued pursuant to the terms of a subscription receipt agreement dated October 22, 2007 among the Company, Orion Securities Inc. and Equity Transfer & Trust Company. As partial compensation for services rendered in connection with the Private Placement, the underwriters were issued an aggregate of 6,849,750 compensation warrants (the **Compensation Warrants**), each Compensation Warrant entitling the holder to acquire one Unit (with the same terms as those issued under the Private Placement) at a price of \$0.15 until October 22, 2009.

The net proceeds from the Private Placement will be used by the Company for development of the Company's Libertad mine in Nicaragua, for exploration at the Company's mineral properties and for general working capital purposes.

	270,779,625

(1) Under 25% of the issued and outstanding Common Shares prior to completion of the Private Placement, therefore, not subject to shareholder approval.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a resolution, in the form set out below (the **Securities Issuance Resolution**), subject to such amendments, variations or additions as may be approved at the Meeting, authorizing the Company to issue the Units upon the automatic exercise of the Subscription Receipts and upon the exercise of the Compensation Warrants.

The Board and management recommend the adoption of the Securities Issuance Resolution. Pursuant to the requirements of the TSX, the issuance of Units upon the automatic exercise of the Subscription Receipts and upon the exercise of the Compensation Warrants must be approved by not less than a majority of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting, excluding insiders of the Company who purchased an aggregate of 17,026,269 Subscription Receipts, representing approximately

The Board and management recommend the adoption of the Name Change Resolution. To be effective, the Name Change Resolution must be approved by not less than two-thirds of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Name Change Resolution.**

The text of the Name Change Resolution to be submitted to shareholders at the Meeting is set forth below:

BE IT RESOLVED THAT:

1. The Company is hereby authorized under section 173 of the *Canada Business Corporations Act* to amend its articles to change the Company's name to Central Sun Mining Inc. or such other name as may be approved by the directors of the Company and is acceptable to the Registrar of Corporations under the *Canada Business Corporations Act*, the Toronto Stock Exchange and the American Stock Exchange;
2. notwithstanding the passage of this special resolution, the directors of the Company be and are hereby authorized and empowered to revoke this resolution at any time prior to the filing of such articles of amendment without further approval of the shareholders of the Company; and
3. any director or officer of the Company is hereby authorized and directed, acting for, in the name of and on behalf of the Company, to execute or cause to be executed, under the seal of the Company or otherwise, and to deliver or cause to be delivered, such other documents and instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Company be necessary or desirable to carry out the intent of the foregoing resolution.

Approval of Amendment of Articles - Share Consolidation

As at October 22, 2007, following completion of the Private Placement, the Company had 281,321,698 Common Shares issued and outstanding. Assuming the approval of the Securities Issuance Resolution and the issuance of the Common Shares upon automatic exercise of the Subscription Receipts pursuant thereto, there will be 414,991,698 Common Shares issued and outstanding. To reduce the issued and outstanding capital of the Company, the Company proposes that, subject to obtaining all required regulatory and shareholder approvals, the Company's issued and outstanding share capital be consolidated on the basis of a factor of one new common share in the capital of the Company for seven existing Common Shares (the **Share Consolidation**). Following the Share Consolidation, assuming the approval of the Securities Issuance Resolution and the issuance of the Common Shares upon automatic exercise of the Subscription Receipts pursuant thereto, there will be approximately 59,284,528 new common shares issued and outstanding.

- 16 -

The exercise price and the number of Common Shares issuable under any outstanding convertible securities of the Company, including outstanding incentive stock options and common share purchase warrants, will be proportionately adjusted if the Share Consolidation is effected.

Edgar Filing: Glencairn Gold CORP - Form 6-K

As soon as practicable after the Share Consolidation has been effected, the Company will send letters of transmittal to holders of Common Shares for use in transmitting their share certificates to the Company's registrar and transfer agent in exchange for new certificates representing the number of common shares to which such shareholders are entitled as a result of the Share Consolidation. No delivery of a new certificate to a shareholder will be made until the shareholder has surrendered his, her or its current issued certificates. Until surrendered, each share certificate representing Common Shares shall be deemed for all purposes to represent the number of new common shares (being one-seventh the number represented by the old share certificate, rounded down to the nearest whole number as described below) to which the holder is entitled as a result of the Share Consolidation.

No fractional shares will be issued if, as a result of the Share Consolidation, a shareholder becomes entitled to a fraction of a new common share. In such case, any fraction will be rounded down to the nearest whole number.

At the Meeting, shareholders will be asked to consider and, if deemed appropriate, to pass, with or without variation, a special resolution, in the form set out below (the **Share Consolidation Resolution**), subject to such amendments, variations or additions as may be approved at the Meeting, authorizing the Company to effect the Share Consolidation.

The Board and management recommend the adoption of the Share Consolidation Resolution. To be effective, the Share Consolidation Resolution must be approved by not less than two-thirds of the votes cast by the holders of Common Shares present in person, or represented by proxy, at the Meeting. **Unless otherwise indicated, the persons designated as proxyholders in the accompanying form of proxy will vote the Common Shares represented by such form of proxy, properly executed, for the Share Consolidation Resolution.**

The text of the Share Consolidation Resolution to be submitted to shareholders at the Meeting is set forth below:

BE IT RESOLVED THAT:

1. The articles of the Company be amended to provide that:
 - (a) the authorized capital of the Company is altered by consolidating all of the issued and outstanding common shares of the Company on the basis of a factor of one new common share for seven existing common shares; and
 - (b) any fractional common share arising on the consolidation of the common shares of the Company will be deemed to have been tendered by its registered owner to the Company for cancellation and will be returned to the authorized but unissued capital of the Company;
2. notwithstanding the passage of this special resolution, the directors of the Company be and are hereby authorized and empowered to revoke this resolution at any time prior to the filing of such articles of amendment without further approval of the shareholders of the Company; and
3. any director or officer of the Company is hereby authorized and directed, acting for, in the name of and on behalf of the Company, to execute or cause to be executed, under the seal of the Company or otherwise, and to deliver or cause to be delivered, such other documents and

instruments, and to do or cause to be done all such other acts and things, as may in the opinion of such director or officer of the Company be necessary or desirable to carry out the intent of the foregoing resolution.

Approval of New Stock Option Plan

On October 30, 2007, the Board approved the adoption of a new stock option plan of the Company (the **New Option Plan**) which is designed to advance the interests of the Company by encouraging employees, officers, directors and consultants to have equity participation in the Company through the acquisition of Common Shares. Upon receipt of the requisite shareholder approval of the New Option Plan, 5,500,000 post-Consolidation common shares will be reserved for issuance under the New Option Plan, which will represent approximately 9.3% of the issued and outstanding post-Consolidation common shares after giving effect to the automatic exercise of the Subscription Receipts. Any options granted under the New Option Plan and which have been cancelled or terminated in accordance with the terms of the New Option Plan without having been exercised will again be available for re-granting under the New Option Plan. However, any options granted under the New Option Plan and exercised will not be available for re-granting under the New Option Plan. Upon the approval of the New Option Plan, no further options will be granted under the Existing Option Plan, however, the Existing Option Plan will remain in effect until all options granted thereunder have been exercised, cancelled or terminated.

A copy of the New Option Plan is attached as Schedule A to this management information circular.

Under the New Option Plan, stock options may be granted to employees, officers, directors and consultants of the Company and designated affiliates. In determining the terms of each grant of stock options, consideration is given to the participant's present and potential contribution to the success of the Company. The exercise price per share is not to be less than the volume weighted average trading price of the Common Shares on the TSX, or another stock exchange where the majority of the trading volume and value of the Common Shares occurs, for the five trading days immediately preceding the day the option is granted. The exercise period for each stock option is not to be more than five years. The New Option Plan allows for the extension of expiry dates of options granted thereunder by ten days in the event that they occur during or soon after a self-imposed blackout period on trading securities of the Company. Options may be granted subject to vesting requirements. The New Option Plan is administered by the Board.

Options granted under the New Option Plan are not transferable or assignable and terminate: (i) within 60 days of the date of termination of the optionee's employment or upon ceasing to be a director and/or officer of the Company for any cause other than by death, subject to the discretion of the Board to extend the date of termination of options in circumstances where they determine it to be in the best interests of the Com
