PROXY STATEMENT

This statement is furnished on behalf of the Board of Directors of South Jersey Industries, Inc. to solicit proxies for use at its 2006 Annual Meeting of Shareholders. The meeting is scheduled for Friday, April 28, 2006, at 10:00 a.m. at the Renault Winery Restaurant, 72 N. Bremen Avenue, Egg Harbor City, New Jersey. The approximate date proxy materials will be sent to shareholders is March 22, 2006.

Proxy Solicitation

The Company bears the cost of this solicitation, which is primarily made by mail. However, the Secretary or employees of the Company may solicit proxies by phone, telegram, fax, e-mail or in person, but such persons will not be separately compensated for such services. The Company may also use a proxy-soliciting firm at a cost not expected to exceed \$6,000, plus expenses, to distribute to brokerage houses and other custodians, nominees, and fiduciaries additional copies of the proxy materials and Annual Report to Shareholders for beneficial owners of our stock.

Record Date

Only shareholders of record at the close of business on February 24, 2006 may vote at the meeting. On that date, the Company had 28,997,507 shares of Common Stock outstanding. Shareholders are entitled to one vote per share on each matter to be acted upon.

Quorum and Vote Required

A quorum is necessary to conduct the business of the meeting. This means that holders of at least a majority of the outstanding shares of Common Stock must be present at the meeting, either by proxy or in person. Directors are elected by a plurality vote of all votes cast at the meeting. All other matters that come before the meeting require the affirmative vote of a majority of the votes cast at the meeting. Abstentions and broker non-votes will be treated as present to determine a quorum but will not be deemed to be cast and, therefore, will not affect the outcome of any of the shareholder questions. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Voting of Proxies and Revocation

Properly signed proxies received by the Company will be voted at the meeting. If a proxy contains a specific instruction as to any matter to be acted on, the shares represented by the proxy will be voted in accordance with those instructions. If you sign and return your proxy but do not indicate how to vote for a particular matter, your shares will be voted as the Board of Directors recommends. A shareholder who returns a proxy may revoke it at any time before it is voted by submitting a later-dated proxy or by voting by ballot at the meeting. If you attend the meeting and wish to revoke your proxy, you must notify the meeting's secretary in writing prior to the voting of the proxy. If any other matters or motions properly come before the meeting, including any matters dealing with the conduct of the meeting, it is the intention of the persons named in the accompanying proxy card to vote such proxy in accordance with their judgment. The Board of Directors is not aware of any such matters other than those described in this proxy statement.

PROPOSAL 1

DIRECTOR ELECTIONS

THE BOARD OF DIRECTORS

Corporate Governance

Independence of Directors

The Board has adopted Corporate Governance Guidelines that require the Board to be composed of a majority of directors who are “independent directors” as defined by the rules of the New York Stock Exchange. No director will be considered “independent” unless the Board of Directors affirmatively determines that the director has no material relationship with the Company. When making “independence” determinations, the Board considers all relevant facts and circumstances, as well as any other facts and considerations specified by the New York Stock Exchange, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to the Company. As a part of its Corporate Governance Guidelines, the Board had established the policy that Board members may not serve on more than four other boards of publicly traded companies.

The Board has determined that Billings, Bosley, Bracken, Campbell, Edwards, Hartnett-Devlin, Hughes, James and Raring constituting all of the other non-employee directors with the exception of Mr. Bisciegia, meet the New York Stock Exchange standards and our own standards set forth above for independence and are, therefore, considered to be independent directors. Accordingly, during 2005, nine of the eleven directors of the Company were considered to be “independent.”

Codes of Conduct

The Company has adopted codes of conduct for all employees, officers and directors, which include the code of ethics for our principal executive, our principal financial officer and principal accounting officer within the meaning of the SEC regulations adopted pursuant to the Sarbanes-Oxley Act of 2002. Additionally, the Company has established a hotline and website for employees to anonymously report suspected violations.

A copy of the codes of ethics are available on the Company’s website at www.sjindustries.com under the heading “Investor Relations”. Copies of our codes of conduct are also available at no cost to any shareholder who requests them in writing at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, NJ 08037, Attention: Corporate Secretary.

Communication with Directors

The non-management directors of the Board met three times and the independent directors met one time during 2005. Topics of these independent sessions included CEO performance and compensation and discussions of corporate governance. Meetings of the non-management and independent directors are chaired by the Lead Director. You may communicate with the Lead Director and chairmen of the Audit, Compensation/Pension and Nominating and Governance Committees by sending an e-mail to auditchair@sjindustries.com, compchair@sjindustries.com (for Lead Director) or nomgovchair@sjindustries.com, respectively, or you may communicate with our outside independent directors as a group by sending an e-mail to sjdirectors@sjindustries.com. The charters and scope of responsibility for each of the Company's committees can be found on the Company's website at www.sjindustries.com. You may also address any correspondence to the chairmen of the committees or the outside directors at South Jersey Industries, Inc., 1 South Jersey Plaza, Folsom, New Jersey 08037.

Meetings of the Board of Directors and its Committees

The Board of Directors met nine times in 2005. Each director attended 75% or more of the total number of meetings of the Board of Directors and the meetings of the committees of the Board on which he or she served. All of our directors attended the 2005 Annual Meeting of Shareholders. During 2005, each of the directors of the Company also served on the Boards or Executive Committees of one or more of South Jersey Gas Company, South Jersey Energy Company, Marina Energy, LLC, South Jersey Resources Group, LLC, South Jersey Energy Service Plus, LLC, Energy & Minerals, Inc. and R&T Group, Inc., all of which are direct subsidiaries of the Company.

There are six standing committees of the Board: the Audit Committee; the Compensation/Pension Committee; the Environmental Committee; the Executive Committee; the Nominating and Governance Committee; and the Management Development Committee.

Audit Committee

The Audit Committee of the Board of Directors, which met ten times during 2005, is comprised of six “independent” directors as that term is defined in the rules and regulations of the Securities and Exchange Commission and the listing standards of the New York Stock Exchange: Sheila Hartnett-Devlin, Chairman; Helen R. Bosley; Thomas A. Bracken; Dr. Herman D. James; William J. Hughes; and Frederick R. Raring. The Board has determined that no member of the Audit Committee has a material relationship that would jeopardize such member’s ability to exercise independent judgment. In January 2005, the Board of Directors designated Ms. Hartnett-Devlin, Ms. Bosley and Mr. Bracken as “audit committee financial experts” as such term is defined by applicable rules and regulations of the Securities and Exchange Commission. The Audit Committee: (1) annually engages an independent registered public accounting firm for appointment, subject to Board and shareholder approval, as auditors of the Company and has the authority to unilaterally retain, compensate and terminate the Company’s independent registered public accounting firm; (2) reviews with the independent registered public accounting firm the scope and results of each annual audit; (3) reviews with the independent registered public accounting firm, the Company’s internal auditors and management the quality and adequacy of the Company’s internal controls and the internal audit function’s organization, responsibilities, budget and staffing; and (4) considers the possible effect on the objectivity and independence of the independent registered public accounting firm of any non-audit services to be rendered to the Company. The Audit Committee has established policies and procedures for the engagement of the independent registered public accounting firm to provide audit and permitted non-audit services. The Audit Committee evaluates itself on an annual basis. The Board of Directors has adopted a written charter for the Audit Committee which is attached as Exhibit A and which is available on our website at www.sjindustries.com under the heading “Investor Relations”.

Bosley; Thomas A. Bracken; Sheila Hartnett-Devlin; and Dr. Herman D. James. The Compensation/Pension Committee: (1) is responsible for making grants under and otherwise administering the Company’s Stock-Based Compensation Plan; (2) reviews and makes recommendations to the Board of Directors on the operation, performance and administration of the retirement plans, other employee benefit plans and employment policies; and (3) reviews and makes recommendations to the Board of Directors on forms of compensation, including the performance and levels of compensation of the officers of the Company. The Committee’s charter is available on our website at www.sjindustries.com under the heading “Investor Relations”.

Nominating and Governance Committee

The Nominating and Governance Committee of the Board of Directors, which met five times during 2005, is comprised of five directors: Dr. Shirli M. Billings, Chairman; Keith S. Campbell; Sheila Harnett-Devlin; William J. Hughes and Frederick R. Raring. Each member of the Committee satisfies the independence requirements of the New York Stock Exchange. Among its functions, the Nominating and Governance Committee: (1) maintains a list of prospective candidates for director, including those recommended by shareholders; (2) reviews the qualifications of candidates for director (minimum qualifications for director candidates are provided in the Company’s Corporate Guidelines available on the Company’s web site at www.sjindustries.com under the heading “Investor Relations” and include consideration of education, experience, judgment, diversity and other applicable and relevant skills as determined by an assessment of the needs of the Board at the time an opening exists); (3) makes recommendations to the Board of Directors to fill vacancies and for nominees for election to be voted on by the shareholders; and (4) is responsible for monitoring the implementation of the Company’s Corporate Governance Policy. The Committee’s charter is available on our website at www.sjindustries.com under the heading “Investor Relations”. The Nominating and Governance Committee will consider nominees for the Board of Directors recommended by shareholders and submitted, in compliance with the Company’s bylaws, in writing to the Secretary of the Company. Any shareholder wishing to propose a nominee should submit a recommendation in writing to the Company’s Secretary at 1 South Jersey Plaza, Folsom, New Jersey 08037, indicating the nominee’s qualifications and other relevant biographical information and providing confirmation of the nominee’s consent to serve as a director.

Cary Edwards; and Edward J. Graham. The Environmental Committee reviews and evaluates management activities with respect to environmental remediation of the Company's and its subsidiaries' current and former properties.

Executive Committee

Cary Edwards; Charles Bisciegia; Dr. Herman D. James and Fredrick R. Raring. The Executive Committee: (1) formulates policies to be followed in planning and conducting the business and affairs of the Company; and (2) may act on behalf of the Board of Directors during intervals between meetings of the Board in managing the business and affairs of the Company.

Management Development Committee

The Management Development Committee of the Board of Directors, which met two times during 2005, is comprised of six directors: Keith S. Campbell, Chairman; Dr. Shirli M. Billings; Edward J. Graham; W. Cary Edwards; Charles Bisciegia; and Dr. Herman D. James. The Management Development Committee: (1) reviews the Company's programs and practices used to develop employees identified for leadership positions in the organization; and (2) evaluates training and educational programs to assure that they reflect current and emerging workplace, industry and general business issues.

Compensation of Directors

In 2005, a study of non-employee director compensation was conducted by outside compensation consultants comparing the Company's director compensation with a relevant peer group. The consultants recommended and the Board approved targeting non-employee director compensation at the median of the peer group. Accordingly, effective September 1, 2005, non-employee directors receive shares of restricted stock with a market value of \$19,000. Non-employee directors are paid an annual cash retainer of \$30,000. The Lead Director is paid an additional annual retainer of \$10,000. Chairmen of certain committees are paid a retainer as follows: Audit, \$5,000; Compensation/Pension, \$4,000; Nominating and Governance, \$4,000. Chairmen of the Environmental and Management Development committees are paid an annual retainer of \$2,000.

In addition, directors receive \$1,000 for each meeting of the Board of the Company or its subsidiaries attended, except that the maximum fee paid to any person for attendance at one or more meetings of these boards held on the same day is \$1,000. Non-employee directors also receive \$500 for each meeting of a committee of the Board of the Company or of a subsidiary that they attend if the meeting is held on the same day as a Board meeting or \$1,000 if the meeting is held on any other day with the exception of Audit Committee members. Audit Committee members are paid \$1,500 per meeting regardless of type of meeting. Non-employee directors who participate telephonically in a Board or committee meeting receive \$500. Directors who are also employees of the Company receive no separate compensation for serving on the Board. The Company has established a plan whereby directors may elect to defer the receipt of fees until a specified date or until retirement from the Board. The deferred amount, together with interest, may be paid in a lump sum or in equal annual installments as the director elects.

Certain Relationships

Mr. Bisciegliia had a consulting agreement with the Company at \$125,000 per year which terminates on January 31, 2006.

Sun also maintains a bank account for another subsidiary of the Company.

COMPENSATION/PENSION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation/Pension Committee consists of six independent directors. Among other responsibilities, the committee makes recommendations to the Board regarding the Company's executive compensation policies, practices and objectives. The Committee oversees the Company's Annual Cash and Stock-Based Compensation plans.

The current executive compensation structure has been in place since 1998 and applies to all officers of the Company. At that time, a comprehensive study of compensation alternatives was undertaken, a primary objective being the creation of a system which aligns the interest of Company shareholders with the financial incentives of executives on a short-term and long-term basis. That study drew upon the experience and knowledge of committee members in consultation with their independent compensation consultant. In November 2002, an update to the prior studies was completed, to ensure that the structure remained consistent with contemporary compensation methods and tools. The committee's consulting firm presented a detailed update which reexamined the component parts of the executive compensation program as currently applied. Further, the report provided a competitive analysis of how executives' base salary, annual cash and long-term compensation compared to peer companies in the energy industry and the general business community. The committee evaluated and assessed those findings in the context of the Company's performance over the years and the growth predicted going forward. The committee determined that its executive compensation policy and methodology were advancing the Company's Strategic Plan and corporate mission while attracting and retaining qualified executive management to carry out the work and goals of the organization.

In 2005, the committee engaged its consultant to provide a market-based update to its executive compensation schedule, in anticipation of January 2006 compensation adjustments. That update was completed and presented in January 2006. Total annual direct compensation forecasted for 2006 for the executive group, exclusive of the CEO, reported at 76% of the competitive market median. Using the same data sources, the total annual direct compensation forecasted for 2006 for Mr. Graham, the Chief Executive Officer, reported at approximately 69% of the competitive market median.

In 2003, the committee directed the completion of a study to examine the efficacy of the peer group utilized for the long-term incentive component. This report was completed and presented to the committee. The criteria and screening process employed by the consultant was carefully reviewed and discussed. The committee found the process sound and appropriate. A defined procedure and schedule for peer group population and review was adopted and documented in the committee's chart of activities.

The established incentive-based executive compensation structure consists of three parts, two of which are directly linked to achieving predefined short-term and long-term performance goals. These three components were fully implemented with respect to compensation and performance for fiscal year 2000 and each year thereafter. They are as follows:

- n Base Salary - which is set at the 50th percentile of the relevant peer market;
- n Annual Cash Awards - which provides an annual award, 75% of which is directly tied to the Company's earnings per share from continuing operations, with the balance based upon specific, predefined performance objectives for each executive; and
- n Long-Term Incentive - which employs equity-based instruments. Currently, those instruments are in the form of performance-based restricted stock grants, which are earned based upon the Company's relative total shareholder return measured against industry peer companies, over three-year cycles.

In January 2005, long-term incentive grants were provided to executives, including Mr. Graham, in the form of restricted stock. The performance period for this long-term incentive is the three-year period ending December 31, 2007. The committee established at-risk threshold, target and maximum incentive levels based upon total shareholder returns for the period compared to shareholder returns of the predefined peer group. Performance-based restricted stock grants provided in January 2002 vested and were awarded to executives, including Mr. Graham. Since the Company exceeded its long-term incentive goals for the 2005 award, Mr. Graham received restricted stock in the amount of \$247,378. All awards are detailed in the Summary.

In January 2006, annual cash awards with respect to fiscal 2005 were provided to executives, including Mr. Graham, 75% of which were based upon predetermined earnings per share targets from continuing operations for 2005, with the remaining 25% based upon individual performance goals. Since the Company exceeded its 2005 performance goals, Mr. Graham received an annual cash award of \$159,380. Awards are detailed in the Summary Compensation Table.

The committee believes that the Company's performance over the past five years provides tangible evidence that at-risk compensation, both annual and long-term, should continue to represent a significant portion of total executive compensation. Annual incentives promote short-term performance which instills a measure of deserved confidence in the Company's ability to produce consistent results, year after year. The use of a performance-oriented, time-restricted stock-based incentive encourages management to conduct the business of the Company in ways that advance both the market value of its stock and its ability to continue to provide a competitive dividend to shareholders over time. The committee believes alignment of interests is desirable and works to the benefit of Company shareholders.

Section 162(m) of the Internal Revenue Code of 1986 limits the deduction allowable to us for compensation paid to certain of our executive officers to \$1 million. Qualified performance-based compensation is excluded from this limitation if certain requirements are met. Our policy is generally to preserve the federal income tax deductibility of compensation paid, to the extent feasible and necessary. Awards made under the 1997 Stock-Based Compensation Plan to employees are intended to qualify as performance-based compensation and thereby be excluded from the \$1 million limitation. Notwithstanding our policy to preserve the federal income tax deductibility of compensation payments, under certain circumstances the Compensation Committee, in its discretion, may authorize payment, such as salary, bonuses or otherwise, that may cause an executive officer's income to exceed the deductible limits. The Compensation Committee does not anticipate that such compensation will result in the loss of deductibility under Section 162(m).

Footnotes to Summary Compensation Table

(1) The Internal Revenue Code limits the contributions that may be made by or on behalf of an individual under defined contribution plans such as the Company's 401(k) Plan. The Company has adopted a policy of currently reimbursing its executive officers with the amount of Company contributions that may not be made because of this limitation. This includes the tax liability incurred by the additional income. Amounts paid pursuant to this policy are included in column (e) of the table.

(2) The dollar values of restricted shares expressed are based on market price at the time of the grant. Dividends paid on restricted shares are reinvested in additional shares that have the same restrictions and vesting schedule as their respective underlying restricted shares. Restrictions on all shares granted (including shares from reinvested dividends) lapse 38 months from their respective date of grant. All restricted stock grants carry a risk of forfeiture, and the lapse of restrictions on awards for the 2003 and 2004 grants will depend upon the Company's achieving certain performance goals as measured against its peer group.

(3) Includes employer contributions to the Company's 401(k) Plan, the value of a company provided automobile and the income value of group life insurance. The 2005 values for these items are listed below:

	Graham	Kindlick	Ruggiero	Jackson	Walker
401(k) Plan	\$ 7,000	\$ 7,000	\$ 7,000	\$ 7,000	\$ 7,000

The executive officers of the Company are eligible for benefits under a tax-qualified pension plan for salaried employees provided by the Company. Compensation considered under the pension plan consists of base salary only, which in the case of the executive officers is included in the cash compensation reported in column (c) of the Summary Compensation Table. Employees do not make contributions to the plan, and the employer contributions (which are based on aggregate actuarial calculations without individual allocation) are held and invested in a diversified portfolio of funds of recognized standing until they are used to provide retirement benefits. Early retirement with reduced annual benefits is permitted (but not before age 55). Executive officers who are 50 years of age or older are also covered by an unfunded supplemental retirement plan that is designed in general to provide the officer with a minimum retirement benefit from the salaried employee pension plan and the supplemental plan that aggregates 2% of the average of the highest three of the final six years' salary (as defined in the plan), for each year of service, plus 5%. Assuming continued employment and retirement at age 60, Messrs. Graham, Kindlick, Ruggiero, Jackson, and Walker will have, respectively, 36, 36, 19, 23 and 31 years of credited service. No credit is provided under the supplemental plan for more than 30 years of service.

Employment Contracts

The Company has employment agreements with each of the Named Executives with the exception of Mr. Jackson who has announced his intention to retire on April 1, 2006. Mr. Graham's employment agreement is for the period ending December 31, 2008. The other Named Executives have agreements for three-year periods ending December 31, 2008, which provide for a base salary that will be reviewed periodically but will not be less than what was being paid at the beginning of the period. If a change of control (as defined in each agreement) occurs, the agreement is automatically extended for three years from the date the change of control occurs. If, during the extended term of the agreement, the officer's employment is terminated for other than cause, or if he resigns after there has been a significant adverse change in his employment arrangement with the Company due to a change of control, he is entitled to a severance payment equal to 300% of his average annual compensation during the preceding five calendar years. If the officer's employment agreement is terminated for other than cause without a change of control, he is entitled to a severance payment equal to 150% of his average annual compensation during the preceding five calendar years.

STOCK PERFORMANCE

The graph below compares the cumulative total return on the Company's Common Stock for the five- year period ended December 31, 2005 with the cumulative total return on the S&P 500 and the S&P Utility Index. The graph assumes that \$100 was invested on December 31, 2000 in the Company's Common Stock, the S&P 500 and the S&P Utility Index and that all dividends were reinvested. Standard & Poor's Utility Index is a commonly used indicator of utility common stock performance based on selected gas, electric and telephone companies. For the 5 year period ending December 31, 2005, investors received a 19% annualized total return compared to the 0.5% and negative 2% returns from the S&P 500 index and S&P Utility Index, respectively. The compounded annual growth rate for 2005 for the Company on the graph is 14.2%. This compares with 4.9% for the S&P 500 and 16.8% for the S&P Utility Index.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is comprised of six directors, each of whom is independent as defined under the listing standards of the New York Stock Exchange and satisfies the additional independence criteria applicable to Audit Committee members. The Board has determined that Sheila Hartnett-Devlin, Thomas A. Bracken and Helen R. Bosley are "audit committee financial experts" as defined by the rules of the Securities and Exchange Commission. The Audit Committee's activities and scope of its responsibilities are set forth in a written charter adopted by the Board, and is posted on the Company's website at www.sjindustries.com under the heading "Investor Relations".

In accordance with its charter adopted by the Board of Directors, the Audit Committee, among other things, assists the Board in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. Management has the responsibility for the preparation of the Company's financial statements and for an assessment of the effectiveness of the Company's internal control over financial reporting, and the independent registered public accounting firm has the responsibility for the examination of those financial statements and management's assessment of the effectiveness of the Company's internal control over financial reporting. The Audit Committee reviewed the audited financial statements of the Company for the fiscal year ended December 31, 2005, and management's assessment of the effectiveness of the Company's internal control over financial reporting with management and with Deloitte & Touche LLP, the Company's independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards (SAS) No. 61, "Communication with Audit Committees," as amended by SAS 89 and SAS 90, and Rule 2-07, "Communication with Audit Committees, of Regulation S-X", and by standards of the Public Company Accounting Oversight Board (United States), relating to the conduct of the audit. The Audit Committee also received written disclosures from Deloitte & Touche LLP regarding its independence from the Company as required by Independence Standards Board Standard No. 1, "Independence Discussions with Audit Committees," and has discussed with Deloitte & Touche LLP the independence of that firm.

Based on the above-mentioned review and discussions with management and the independent registered public accounting firm, the Audit Committee recommended to the Board that the Company's audited financial statements and management assessment of the effectiveness of the Company's internal controls over financial reporting be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission.

Fees Paid to the Independent Registered Public Accounting Firm

As part of its duties, the Audit Committee also considered whether the provision of services other than the audit services by the independent registered public accountants to the Company is compatible with maintaining the accountants' independence. In accordance with its charter, the Audit Committee must pre-approve all services provided by Deloitte & Touche LLP. The Audit Committee discussed these services with the independent registered public accounting firm and Company management to determine that they are permitted under the rules and regulations concerning auditor independence promulgated by the U.S. Securities and Exchange Commission to implement the Sarbanes-Oxley Act of 2002, as well as the American Institute of Certified Public Accountants.

The fees for all services provided by the independent registered public accounting firm to the Company during 2005 and 2004 are as follows:

Audit Fees (a)	\$ 825,080	\$ 833,500
Audit-Related Fees (b)	35,500	33,500
Tax Fees (c)	33,000	30,956
All other fees	-	-

In addition, audit services billed or expected to be billed relating to fiscal 2005 include attestation of management's assessment of internal control, as required by the Sarbanes-Oxley Act of 2002, Section 404.

(c) Fees for tax services provided during fiscal 2005 and 2004 consisted of tax compliance and tax software. Tax compliance services are services rendered based upon facts already in existence or transactions that have already occurred to document, compute, and obtain government approval for amounts to be included in tax filings related to Federal, state and local income tax return assistance.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Audit Committee and the Board of Directors, subject to the approval of the shareholders, has reappointed Deloitte & Touche LLP, as the independent registered public accounting firm of the Company for 2006. Unless otherwise directed, proxies will be voted "FOR" approval of this appointment. If the shareholders do not ratify this appointment by the affirmative vote of a majority of the votes cast at the meeting, other auditors will be considered by the Audit Committee.

Deloitte & Touche LLP served as the independent registered public accounting firm of the Company during 2005. During 2005, the audit services performed by that firm for the Company consisted of the audits of the financial statements of the Company and its subsidiaries and attestation of management's assessment of internal control, as required by the Sarbanes-Oxley Act of 2002, Section 404 and the preparation of various reports based on those audits, services related to filings with the Securities and Exchange Commission and the New York Stock Exchange, and audits of employee benefit plans as required by the Employee Retirement Income Security Act. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting and will have the opportunity to make a statement, if he desires to do so, and to respond to appropriate questions from shareholders.

The Board of Directors recommends a vote "FOR" the ratification of the appointment of the Independent Registered Public Accounting Firm.
