Holland, Michigan Macatawa Bank Corporation Reports First Quarter Net Income Up 86%.

Macatawa Bank Corporation today announced net income for the first quarter of 2003. Net income totaled \$2.81 million, an increase of 86% as compared to first quarter 2002 net income of \$1.51 million. Earnings per share on a diluted basis were \$.35 for the quarter, a 30% increase compared to diluted earnings per share of \$.27 for the prior year first quarter. The increased earnings improved first quarter return on equity

to 9.70% from 8.98% for the same period in the prior year and improved return on assets to .95% compared to .87%. The percent increase in earnings per share for the quarter was less than the percent increase in net income due to a 45% increase in shares outstanding for the acquisition of Grand Bank Financial Corporation in the second quarter of 2002.

While the economic environment became even more challenging this quarter, we continued to achieve a high level of success, said Ben Smith, Chairman and CEO. We reached record asset levels at the end of the quarter by, once again, producing strong growth in our loan portfolio. Also, we continued to be able to fund most of this growth by gathering core deposits. Total assets were \$1.21 billion as of March 31, 2003 which was an increase of \$501.0 million over the end of the first quarter of 2002. In addition to the \$313.0 million in assets added from the Grand acquisition, assets grew by \$188.0 million since March 31, 2002. During the quarter, total portfolio loans grew by \$54.1 million or 22% on an annualized basis and total deposits grew by \$44.7 million or 20% on an annualized basis. Commenting further, Mr. Smith stated, I attribute this growth to the quality of our people and their focus on providing great service to our customers.

The increase in quarterly earnings resulted from improvements in both net interest income and non-interest income. First quarter net interest income totaled \$9.6 million, an increase of \$3.4 million or 56%, as compared to the 2002 quarter. The net interest income improvement was driven by the significant increase in earning assets, which grew from an average of \$647.9 million for the first quarter of 2002 to an average of \$1.10 billion for the first quarter of 2003. The acquisition of Grand Bank contributed \$280.2 million to this increase, however, the remaining \$169.8 million, representing a 26% increase, was a result of Macatawa's continued, healthy growth. Net interest margin for the quarter was 3.54%, as compared to 3.83% for the prior year quarter. The contraction in the margin relates primarily to the lower net interest margin that Grand Bank carried compared to Macatawa Bank, but also reflects the impact of the low interest rate environment. The most pronounced impact of the low rate environment is the current business customer preference for variable rate loan products. Nearly 80% of Macatawa's loan growth in the first quarter was comprised of variable rate loans which has placed downward pressure on net interest margin. In addition, many business customers with fixed rate loans have been refinancing into variable rate loans. Macatawa remains well-positioned for improvement in net interest margin in an increasing rate environment.

Non-interest income was \$2.3 million for the first quarter of 2003, a 138% increase over first quarter 2002 non-interest income of \$970,000. Most of this improvement came from a combination of gains on sales of mortgage loans and revenues from trust services. Macatawa's mortgage banking function continued to capitalize on the current mortgage interest rate environment and achieved high loan sales volume resulting in gains of \$986,000 for the quarter, an increase of \$774,000 over the prior year first quarter. Revenues from trust services grew to \$583,000 for the quarter compared to \$163,000 for the prior year first quarter due to success in gaining new trust customers and the addition of Grand Bank's trust services.

We continue to increase our trust customer base and plan to intensify our focus on our trust and brokerage businesses during this year, said Mr. Smith. We plan to create a separate company by the end of the second quarter of this year devoted solely to these activities. This concentrated focus is intended to foster continued service and product improvements to better meet the needs of our customers and should allow us to respond more readily to opportunities these businesses will provide for us in the upcoming years.

Asset quality remained strong for the quarter with annualized net loan charge-offs to total loans at .12% for the quarter and non-performing loans to total loans of .28% at the end of the quarter. These ratios remained well below historical peer averages.

With the increases in net interest income and non-interest income, revenue grew by 67% while non-interest expense increased by 60% to \$6.7 million for the quarter as compared to \$4.2 million for the first quarter of 2002. The greater revenue growth versus expense growth resulted in an improved efficiency ratio of 56.1% for the first quarter as compared to 58.6% for the same quarter of last year. This improvement is a direct result of synergies achieved in the Grand acquisition as well as continued better capacity usage of the branch network and operations. We are particularly pleased that our efficiency continues to improve each quarter while we add additional branches to our network, said Mr. Smith.

Macatawa's expansion focus continued during the first quarter as the construction process began in March for a new branch in Grand Rapids at the corner of Knapp Street and East Beltline Avenue. The construction of a new branch in Grandville replacing a store front location is progressing well. This new location is expected to open in June. Additional expansion in Grand Rapids is anticipated with plans to open at least two more branches in this area within the next year.

Conference Call

Macatawa Bank Corporation will hold its quarterly earnings conference call on Tuesday, April 22, 2003, at 10:00 A.M. Persons who wish to access the call may do so via the Internet by visiting www.macatawabank.com and clicking on the webcast link in the Investor Information section. It may also be accessed by logging on to www.streetevents.com. A replay of the call will be available for 30 days following the call.

Headquartered in Holland, Michigan, Macatawa Bank Corporation is the parent company for Macatawa Bank and Macatawa Bank Brokerage Services. Through its subsidiaries, the Corporation offers a full range of banking, brokerage and trust services to individuals, businesses, and governmental entities from a network of 17 full service branches located in communities in Kent County, Ottawa County, and northern Allegan County. Banking services include commercial, consumer and real estate financing; business and personal deposit services, ATM's and Internet banking services, and trust and employee benefit plan services. The Corporation emphasizes its local management team and decision making, along with providing customers excellent service and superior financial products.

"CAUTIONARY STATEMENT: This press release contains certain forward-looking statements that involve risks and uncertainties which could cause actual results to differ materially from those expressed or implied by such forward-looking statements, including, but not limited to, economic, competitive, governmental and technological factors affecting our operations, markets, products, services, and pricing. These statements include, among others, statements related to the number and timing of future branch openings, growth and structure of our trust and brokerage businesses, and future efficiencies and synergies. Annualized growth rates are not intended to imply future growth at those rates. Readers are cautioned not to place undue reliance on these forward-looking statements, which speak only as of the date of this press release. Further information concerning our business, including additional factors that could materially affect our financial results, is included in our filings with the Securities and Exchange Commission."
