P R O X Y S T A T E M E N T

The enclosed proxy is solicited on behalf of the Board of Directors of Sel-Leb Marketing, Inc. (the "Company") pursuant to this proxy statement (to be mailed on or about June 29, 2001) for use at the Annual Meeting of Shareholders to be held at the time and place shown in the attached notice of annual meeting and at any adjournment or postponement thereof (the "Annual Meeting"). Shares represented by properly executed proxies, if returned in time, will be voted at the Annual Meeting as specified or, if not otherwise specified, in favor of the election as directors of the nominees named herein and in favor of the proposal to amend the Certificate of Incorporation in order to effect a reverse stock split. Such proxies are revocable at any time before they are exercised by written notice to the Secretary of the Company or by your requesting the return of the proxy at the Annual Meeting. Any later dated proxies will revoke proxies submitted earlier.

RECORD DATE

The record date for the determination of holders of common stock, par value \$0.01 per share, of the Company ("Common Stock") who are entitled to notice of and to vote at the Annual Meeting is June 27, 2001 (the "Record Date").

VOTING SECURITIES

As of the Record Date, 2,261,018 shares of Common Stock of the Company were outstanding. Holders of record of Common Stock as of the Record Date will be entitled to one vote for each share held. A majority of all shares of Common Stock issued, outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum. Abstentions and broker non-votes are considered present for purposes of determining whether the quorum requirement is met. A broker non-vote occurs when a nominee holds shares

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

for a beneficial owner but cannot vote on a proposal because the nominee does not have discretionary voting power and has not received instructions from the beneficial owner as to how to vote the shares.

With respect to the matters to come before the shareholders at the Annual Meeting, (i) the election of directors (Proposal No. 1) shall be determined by a plurality of the voting power present in person or represented by proxy at the Annual Meeting and entitled to vote and (ii) the proposal to approve and adopt an amendment to the Company's Certificate of Incorporation to effect a reverse stock split (Proposal No. 2) shall each be determined by the affirmative vote of a majority of the outstanding Common Stock entitled to vote at the Annual Meeting. With respect to the election of directors, only shares that are voted in favor of a particular nominee will be counted towards such nominee's achievement of a plurality. Shares present at the Annual Meeting that are not voted for a particular nominee, shares present by proxy where the shareholder properly withholds authority to vote for such nominee, and broker non-votes will not be counted towards such nominee's achievement of a plurality. With respect to Proposal No. 2, shares with respect to which a shareholder abstains from voting or directs his proxy to abstain from voting and shares represented by broker non-votes will have the same effect as votes against the matter since they are not affirmative votes for the matter.

PRINCIPAL SHAREHOLDERS OF THE COMPANY

The following table sets forth, as of the Record Date, the beneficial ownership of shares of Common Stock by (i) each person who is known by the Company to own more than 5% of the outstanding shares of Common Stock, (ii) each director of the Company, each nominee for election as a director of the Company and each executive officer of the Company listed in the Summary Compensation Table and (iii) all of the Company's officers and directors as a group:

REPRICING OF CERTAIN OPTIONS DURING FISCAL 1999

In March 1999, the Company repriced 12,500 options that had originally been granted in July 1997 to Mr. Koegel, the Vice Chairman of the Board and Chief Operating Officer of the Company. Pursuant to such repricing, the Company cancelled the outstanding options, each with an exercise price of \$3.25 per share, and granted a corresponding number of new shares, each with an exercise price of \$2.00 per share. In April 1999, the Company repriced 8,000 options that had originally been granted in July 1995 to Mr. Mirsky, the Executive Vice President - Finance of the Company. Pursuant to such repricing, the Company cancelled the outstanding options, each with an exercise price of \$3.25 per share, and granted a corresponding number of new shares, each with an exercise price of

10

\$2.375 per share. In August 1999, the Company repriced 30,000 and 50,000 options that had originally been granted to Mr. Koegel in September 1995 and to Mr. Mirsky in July 1995, respectively. Pursuant to such repricing, the Company cancelled the outstanding options, each with an exercise price of \$3.75 and \$3.25 per share, respectively, and granted a corresponding number of new shares, each with an exercise price of \$2.50 per share. On the date of the August 1999 option repricings, the closing sale price of the Common Stock was \$2.50. The Board of Directors decided to reprice the foregoing options as a result of a long-term decline in the market price of the Company's Common Stock which the Board believed would make it unlikely that any holder would exercise the options at the then existing exercise price. The Board also believed that the purpose behind its grant of such options -- I.E., to act as additional motivation for the Company's officers -- would be undermined by the decline in the price of the Common Stock to a level substantially below the exercise price of the options.

DESCRIPTION OF STOCK OPTION PLAN

Pursuant to the Stock Option Plan, as amended, stock options covering an aggregate of 923,134 shares of the Company's Common Stock may be granted to employees (including officers), directors, consultants and other persons who perform substantial services for or on behalf of the Company. The Stock Option Plan is administered by the Stock Option Committee (the "Committee"), which is vested with complete authority to administer and interpret the Stock Option Plan, to determine the terms upon which options may be granted, to prescribe, amend and rescind such interpretations and determinations and to grant options. Under the Stock Option Plan, "incentive stock options" ("Incentive Options") within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), may be granted to employees (including officers), and non-incentive stock options ("Non-incentive Options") may be granted to employees and to other persons (including directors) who perform substantial services for or on behalf of the Company. Incentive Options and Non-incentive Options are collectively referred to herein as "Options."

The price at which shares covered by an Option granted under the Stock Option Plan may be purchased pursuant thereto shall be determined by the Committee, but shall be no less than the par value of such shares and no less than the Fair Market Value (as hereinafter defined) of such shares on the date

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

of grant; provided, however, that in the case of Incentive Options, if the optionee directly or indirectly beneficially owns more than 10% of the total combined voting power of all of the outstanding voting stock of the Company (a "10% Holder"), the purchase price shall not be less than 110% of the Fair Market Value on the date of grant. As used herein, the term "Fair Market Value" means the last sale price of a share of Common Stock as reported by the principal quotation service on which the Common Stock is listed for the date of grant, if available, or, if the last sale prices are not reported, the mean of the high bid and low asked prices of a share of Common Stock as reported by such principal quotation service for the date of grant; provided, however, that if no such report is available for the date of grant, the Fair Market Value shall be the last sale price or the mean of the high bid and low asked prices, as the case may be, on the day next preceding such day for which there was a report; and provided further, however, that if no such representative quotes are available, the Fair Market Value shall mean the amount determined by the Committee to be the fair market value pursuant to any reasonable method in accordance with applicable regulations of the Internal Revenue Service.

The purchase price of shares issuable upon exercise of an Option granted under the Stock Option Plan may be paid in cash or by delivery of shares of Common Stock having an aggregate Fair Market Value on the date of exercise equal to the exercise price of the option. The Company may also loan the purchase price to the optionee, or guarantee third-party loans to the optionee, on terms and conditions acceptable to the Committee.

Under the Stock Option Plan, the total number of shares for Common Stock for which options may be granted to any one person in any given calendar year may not exceed 37,500. The Stock Option Plan also provides that the aggregate fair market value of the stock with respect to which Incentive Options are first exercisable by any employee during any calendar year under the Stock Option Plan and all other stock option plans of the Company shall not exceed \$100,000. To the extent that the Fair Market Value of the stock with respect to which Incentive Options are first exercisable by any employee during any calendar year (under all plans of the Company) exceeds \$100,000, such Options shall be treated as Options which are not Incentive Options. The number of shares covered

11

by an Option is subject to adjustment for stock dividends, stock splits, mergers, consolidations, combinations of shares, reorganizations and recapitalizations.

The Stock Option Plan provides that Options may be exercised within a period not exceeding ten years after the date of grant, except that the term of any Incentive Options granted to a 10% Holder may not exceed five years from the date of grant. Options are generally non-transferable except by will or by the laws of descent and distribution, and during a participant's lifetime are exercisable only by him or her. In addition, pursuant to the Stock Option Plan, various limitations may apply to the exercise of Options by optionees whose employment is terminated on retirement, disability or otherwise.

As of December 31, 2000, of the 923,134 shares of Common Stock available for issuance under the Stock Option Plan, 545,758 of such shares are reserved for issuance upon exercise of currently outstanding options. Accordingly, only 377,376 shares of Common Stock are available for future awards under the Stock Option Plan.

EXTENSION OF CERTAIN WARRANTS

In March 2000, the Company amended the Warrant and Registration Agreement

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

between Mr. Mirsky and the Company, extending the expiration date of 86,622 warrants from March 31, 2000 to April 15, 2001. On April 9, 2001, the expiration date of the warrants was extended to April 15, 2002. The warrants have an exercise price of \$1.25 per share after giving effect to the a two-for-one stock split effected by the Company in December 1999.

DESCRIPTION OF EMPLOYMENT AGREEMENTS, SEVERANCE ARRANGEMENTS AND CHANGE OF CONTROL ARRANGEMENTS

EMPLOYMENT AGREEMENTS WITH MESSRS. MARKOWITZ, SHARP AND LAZARO. On June 30, 1995, the Company entered into identical employment agreements with each of Messrs. Markowitz, Sharp and Lazaro. Pursuant to such agreements, Messrs. Markowitz, Sharp and Lazaro are employed as the Chairman of the Board, the President and Chief Executive Officer, and an Executive Vice President, respectively, of the Company. The agreements provide that such individuals shall devote substantially all of their working time and attention to the business of the Company. Each such agreement has an initial term of five years commencing July 20, 1995, and shall be automatically renewable for successive one-year periods unless either the Company or the employee elects not to renew his employment. Pursuant to the employment agreements, as amended, Messrs. Markowitz, Sharp and Lazaro each received a base salary in 2000 of \$125,000, and are each entitled to receive an annual base salary of \$125,000 in each year during the remainder of the term of his respective agreement, subject to such increases as shall be approved by the Board of Directors of the Company. The employment agreements also provide that each of Messrs. Markowitz, Sharp and Lazaro will be eligible to participate in any medical insurance, pension, profit sharing or other employment benefit programs generally made available to senior executives of the Company.

EMPLOYMENT AGREEMENT WITH JAN MIRSKY. On June 30, 1995, the Company entered into an employment agreement with Mr. Mirsky, pursuant to which Mr. Mirsky is employed as the Executive Vice President - Finance of the Company and is to devote substantially all of his working time and attention to the business of the Company. Such agreement, which became effective July 13, 1995, had an initial term of eighteen months, and is automatically renewable for successive one-year periods beginning on January 13th of each year unless either the Company or Mr. Mirsky elects not to renew his employment. The Company renewed the agreement again on January 13, 2000. Pursuant to the employment agreement, as amended, Mr. Mirsky received a base salary in 2000 of \$115,000, and is entitled to receive an annual base salary of \$115,000 in each year during the remainder of the term of the agreement, subject to such increases as shall be approved by the Board of Directors of the Company. The agreement further provides that Mr. Mirsky will be eligible to participate in any medical insurance, pension, profit sharing or other employment benefit programs generally made available to senior executives of the Company.

EMPLOYMENT AGREEMENT WITH JACK KOEGEL. Pursuant to the Company's employment agreement with Mr. Koegel, which became effective September 27, 1995, Mr. Koegel is employed by the Company as the Vice Chairman of the Company and, since June 1997, has been employed as the Chief Operating Officer of the Company. The agreement provides that Mr. Koegel is to devote substantially all of his working time and attention to the

business of the Company. The agreement provides that services performed by Mr. Koegel shall be rendered in the St. Paul, Minnesota metropolitan area; however, Mr. Koegel and the Company have subsequently mutually agreed that his services shall be performed at the Company's executive offices in Paterson, New Jersey. Such agreement had an initial term of thirty-six months, and is automatically

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

renewable for successive one-year periods beginning on September 23 of each year unless either the Company or Mr. Koegel elects not to renew his employment. The Company renewed the agreement on September 23, 1999. Pursuant to the employment agreement, as amended, Mr. Koegel received a base salary of \$100,000 in 2000, and is entitled to receive an annual base salary of \$100,000 in each year during the remainder of the term of the agreement, subject to such increases as shall be approved by the Board of Directors of the Company. The agreement further provides that Mr. Koegel will be eligible to participate in any pension, profit sharing or other employment benefit programs generally made available to senior executives of the Company other than medical insurance benefits. However, the agreement provides that the Company will pay Mr. Koegel \$400 per month to cover costs incurred by him in purchasing medical insurance directly. In addition, pursuant to the agreement, the Company provides Mr. Koegel with a monthly automobile allowance of \$800.

Pursuant to the employment agreement, Mr. Koegel was granted an option in September 1995 to purchase an aggregate of 93,750 shares of Common Stock at an exercise price of \$11.00 per share. On July 15, 1997, the Company adjusted the exercise price of 12,500 of such options to \$6.50 per share. On June 4, 1998, the Company adjusted the exercise price of an additional 6,250 of such options to \$2.00 per share, and on November 4, 1998, the Company adjusted the exercise price of 63,000 of such options to \$3.75 per share. In addition, on November 4, 1998, the Company also adjusted to \$3.25 per share the exercise price of the 12,500 options which had been repriced in July 1997 and, subsequent to the end of fiscal 1998, the Company adjusted the exercise price of such options to \$2.00 per share. Mr. Koegel's agreement provides that, in the event the Company grants options, either under the Stock Option Plan or any other stock option plan adopted by the Company, to Messrs. Markowitz, Sharp, Mirsky and Lazaro during the term of Mr. Koegel's employment, Mr. Koegel shall be entitled to receive a proportionate amount of additional options on such terms as may be established by the Board of Directors.

SEVERANCE ARRANGEMENTS. Each of the employment agreements with Messrs. Markowitz, Sharp, Lazaro, Mirsky and Koegel provides that the employee's employment shall terminate (i) for "cause" (as defined in each of the respective agreements), (ii) by reason of the employee's disability, resignation or death, (iii) upon the expiration of the employment agreement in accordance with its terms or (iv) in the event the employee is no longer employed by the Company after a "Change of Control" (as defined below). Each of the agreements further provides that, in the event the employee's employment terminates for any reason (other than termination without cause or in connection with a Change of Control), the employee shall be entitled to receive his annual base salary, and any expense reimbursements, due and owing to him at the time of such termination. In the event the employee is terminated without cause, the employee shall be entitled to receive annual base salary and expense reimbursements then due and owing to him, as well as a lump-sum severance payment in an amount equal to his then annual base salary for the balance of the term of the employment agreement.

CHANGE OF CONTROL ARRANGEMENTS. Each of the employment agreements with Messrs. Markowitz, Sharp, Lazaro, Mirsky and Koegel provides that, in the event of a Change of Control of the Company, each such employee will be entitled to receive a lump-sum severance payment equal to three times his then annual base salary if he is discharged for any reason (other than for cause) or terminates his employment for "Good Reason" prior to the first anniversary of such Change of Control, and shall be entitled to receive a lump-sum payment equal to his then annual base salary if he voluntarily leaves the employ of the Company for reasons other than discharge or for Good Reason prior to the first anniversary of such Change of Control. As used in the employment agreements, the term "Change of Control" means (a) any transaction or series of transactions (including, without limitation, a tender offer, merger or consolidation) the result of which is that any "person" or "group" (within the meaning of Sections

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

13(d) and 14(d)(2) of the Exchange Act), other than Messrs. Markowitz, Sharp, Mirsky and Lazaro (and, in the case of Mr. Koegel's employment agreement, Mr. Koegel) or certain related parties and any "person" or "group" solicited by any of such persons or their related parties, (i) becomes the beneficial owner of more than 50% of the total aggregate voting power of all classes of the voting stock of the Company and/or warrants or options to acquire such voting stock, calculated on a fully diluted basis, (ii) acquires all or substantially all of the assets of the Company or (iii) enters into a contract with respect to any of the foregoing, or (b) during any period of two consecutive years,

13

individuals who at the beginning of such period constituted the Company's Board of Directors cease for any reason to constitute a majority of the directors then in office, unless such majority of the directors then in office has been elected or nominated by Messrs. Markowitz, Sharp, Mirsky and Lazaro (and, in the case of Mr. Koegel's employment agreement, Mr. Koegel) or certain related parties. In addition, as used in the agreements, the term "Good Reason" means (i) a change in the status or position of the employee which reflects a change from the status and position(s) as were in effect immediately prior to a Change of Control, (ii) the assignment to the employee of any duties or responsibilities which, in the employee's reasonable judgment, are inconsistent with his status or position(s), (iii) the removal of the employee from his current position or reduction in his pay or requiring him to relocate or (iv) the removal of the employee, without his consent, to any location outside of the New York/New Jersey metropolitan area (or, in the case of Mr. Koegel, the St. Paul, Minnesota metropolitan area) for a continuous period of more than 30 days.

CERTAIN TRANSACTIONS

From time-to-time, the Company transacts business with parties related to the minority stockholders of Ales Signature, Ltd., a New York corporation, 80% of the stock of which is owned by the Company. During 2000 and 1999, the Company purchased inventories at a total cost of approximately \$1,440,000 and \$1,505,000, respectively, from companies affiliated with the minority stockholders. At December 31, 2000, accounts payable included a total of approximately \$17,000 that was related primarily to the purchases of inventories from these related parties. In addition, during 2000, the Company sold merchandise to companies affiliated with minority stockholders aggregating approximately \$606,000. At December 31, 2000, accounts receivable included approximately \$121,000 due from these related parties. Sales to such companies were not significant in 1999.

PROPOSAL NO. 2

AMENDMENT TO THE CERTIFICATE OF INCORPORATION TO AUTHORIZE A REVERSE STOCK SPLIT

General

The Board of Directors of the Company has unanimously adopted a resolution approving, and recommending to the Company's shareholders for their approval, a proposed amendment, substantially in the form of Annex B hereto (the "Reverse Stock Split Amendment") relating to Article FOURTH of the Company's Certificate of Incorporation authorizing a reverse stock split of the Common Stock (a "Reverse Stock Split"), which would be effectuated if, and at such time, the Board determines the Reverse Stock Split would then facilitate continued listing of our Common Stock on The Nasdaq SmallCap Market ("Nasdaq").

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

Reasons for the Reverse Stock Split Amendment

The Company's Common Stock is listed on Nasdaq. The continued listing requirements of Nasdaq for the Common Stock require a company to maintain, among other things, a minimum bid price per share of \$1.00. As of the date of this Proxy Statement, the Company is not in compliance with such requirement. Nasdaq has notified the Company that the Company is required to regain compliance with the minimum bid price requirement by August 9, 2001. The Company is also currently not in compliance with Nasdaq's requirement regarding there being a \$1,000,000 minimum market value of public float for a 30 consecutive trading day period. The Company has until August 14, 2001 to regain compliance with the minimum market value of public float rule.

The Board of Directors believes that the Reverse Stock Split may have the effect of increasing the market price per share of the Common Stock and allowing the Common Stock to continue to be included on the Nasdaq system, although there can be no assurance that the market price of the Common Stock will rise in proportion to the

14

reduction in the number of outstanding shares resulting from the Reverse Stock Split or that the post-Reverse Stock Split market price can be maintained or that the Company's securities will continue to be included on the Nasdaq system.

The Board of Directors has determined that continued trading of the Common Stock on the Nasdaq system is in the best interests of the shareholders. If the Company were removed from the Nasdaq system, trading, if any, would thereafter be conducted in the over-the-counter market on an electronic bulletin board established for securities that do not meet the Nasdaq inclusion requirements or in what are commonly referred to as the "pink sheets." As a result, an investor would find it more difficult to dispose of, or to obtain accurate quotations as to the price of, the Common Stock. In addition, if the Common Stock were removed from the Nasdaq system, it would be subject to so-called "penny stock" rules that impose additional sales practice requirements on broker-dealers who sell such securities. Consequently, removal from the Nasdaq system, if it were to occur, could adversely affect the ability or willingness of broker-dealers to sell the Common Stock and the ability of purchasers to sell the Common Stock in the secondary market.

The Company has requested that Nasdaq continue listing the Company's securities and is soliciting your approval of the Reverse Stock Split in furtherance of this request. There can be no assurance that the Company's securities will continue to be traded on Nasdaq.

Certain Effects of the Reverse Stock Split

Pursuant to the Reverse Stock Split, each holder of a certain number of shares of Common Stock, par value \$.01 per share ("Old Common Stock"), immediately prior to the effectiveness of the Reverse Stock Split would become the holder of one share of Common Stock, par value \$.01 per share ("New Common Stock"). The exact number of shares of Old Common Stock required to receive one share of New Common Stock is called the "Authorized Number" and will be determined by the Board of Directors following approval of the Reverse Stock Split based on market conditions, the likely effect of the Reverse Stock Split on the market price of the Common Stock and other relevant factors. In no event, however, will the Authorized Number be greater than eight.

The Company will not issue fractional shares in connection with the Reverse

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

Stock Split. Instead, holders of Old Common Stock who would otherwise be entitled to receive a fractional share of New Common Stock because they hold a number of shares of Old Common Stock that is not evenly divisible by the Authorized Number will be entitled to receive from the Company a cash payment equal to the fair market value, as determined by the Board of Directors, of any fractional share of New Common Stock resulting from the Reverse Stock Split. The fair market value shall be based on the average of the closing bid prices for the Old Common Stock as reported by the Nasdaq Stock Market on each of the five days preceding the date on which the Reverse Stock Split becomes effective.

The Company is currently authorized to issue a maximum of 40,000,000 shares of Common Stock and up to 10,000,000 shares of Preferred Stock. As of the date of this Proxy Statement, there were 2,261,018 shares of Common Stock outstanding. Although the number of authorized shares of Common Stock will not change as a result of the Reverse Stock Split, the number of outstanding shares will be reduced to a number that will be approximately equal to (i) the number of shares of Common Stock outstanding immediately prior to the effectiveness of the Reverse Stock Split, divided by (ii) the Authorized Number. In addition, the Company has reserved approximately 1,009,756 shares of Common Stock for issuance upon exercise of outstanding options and warrants and, upon the effectiveness of the Reverse Stock Split, the exercise price and/or conversion rate of such options and warrants will be proportionately adjusted to give effect to the Reverse Stock Split.

With the exception of the number of outstanding shares, the rights and preferences of the shares of Common Stock prior and subsequent to the Reverse Stock Split will remain the same. After the effectiveness of the Reverse Stock Split, it is not anticipated that the financial condition of the Company, the percentage ownership of management, the number of the Company's shareholders, or any aspect of the Company's business would materially change as a result of the Reverse Stock Split.

If approved, the Reverse Stock Split may result in some shareholders owning "odd-lots" of less than 100 shares of Common Stock. Brokerage commissions and other costs of transactions in odd-lots are generally higher than the costs of transactions in "round-lots" of even multiples of 100 shares.

15

Certain Federal Income Tax Consequences

The receipt of New Common Stock solely in exchange for Old Common Stock will not generally result in recognition of gain or loss to the shareholders. The adjusted tax basis of a shareholder's New Common Stock will be the same as the adjusted tax basis of the shares of Old Common Stock exchanged therefor, and the holding period of the New Common Stock will include the holding period of the shares of Old Common Stock exchanged therefor. Shareholders who receive cash in lieu of fractional shares will be treated as if they had received such fractional shares and then sold them to the Company, and such shareholders will recognize gain or loss equal to the difference between the amount of cash received and their basis in the Common Stock exchanged. No gain or loss will be recognized by the Company as a result of the Reverse Stock Split.

The foregoing discussion summarizing certain federal income tax consequences is based on current law and is included for general information only. Shareholders are urged to consult their own tax advisors as to the federal, state, local and foreign tax effects of the Reverse Stock Split in light of their individual circumstances.

Effectiveness of the Reverse Stock Split

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

The Reverse Stock Split, if approved by the Company's shareholders, would become effective upon the filing with the Department of State of the State of New York of a Certificate of Amendment of the Company's Certificate of Incorporation in substantially the form of the Reverse Stock Split Amendment attached to this Proxy Statement as Annex B. The exact timing of the filing of such Certificate of Amendment will be determined by the Board of Directors based upon its evaluation as to when such action will be most advantageous to the Company and its shareholders, and the Board of Directors reserves the right to delay the Reverse Stock Split Amendment for up to twelve months following shareholder approval thereof. In addition, the Board of Directors reserves the right, notwithstanding shareholder approval and without further action by the shareholders, to elect not to proceed with the Reverse Stock Split Amendment if, at any time prior to filing such Reverse Stock Split Amendment, the Board of Directors, in its sole discretion, determines that it is no longer in the best interests of the Company and its shareholders.

The proposed Reverse Stock Split will become effective on the effective date of the filing of the Reverse Stock Split Amendment (the "Effective Date"). Commencing on the Effective Date, each currently outstanding Common Stock certificate will be deemed for all corporate purposes to evidence ownership of the reduced number of shares of Common Stock resulting from the Reverse Stock Split and any cash which may be payable in lieu of fractional shares. As soon as practicable after the Effective Date, shareholders will be notified as to the effectiveness of the Reverse Stock Split and instructed as to how to surrender their certificates representing Old Common Stock in exchange for certificates representing New Common Stock (and, if applicable, cash in lieu of fractional shares). The Company intends to use its transfer agent, Continental Stock Transfer & Trust Company, as its exchange agent in effecting the exchange of certificates following the effectiveness of the Reverse Stock Split.

Dissenters' Rights

Pursuant to the New York Business Corporation Law, the Company's shareholders are not entitled to dissenters' rights of appraisal with respect to the proposed Reverse Stock Split Amendment.

Vote Required for Approval

The affirmative vote of the holders of a majority of all outstanding shares of Common Stock entitled to vote at the Annual Meeting, in person or by proxy, is required for approval of the proposed Reverse Stock Split Amendment.

Recommendation of the Board of Directors

The Company's Board of Directors recommends a vote FOR Proposal No. 2.

16

By Order of the Board of Directors,

Dated: Paterson, New Jersey

Edgar Filing: SEL-LEB MARKETING INC - Form DEF 14A

COMPOSITION

There shall be a committee of the board of directors (the "Board") to be known as the audit committee which, no later than June 14, 2001, shall have at least two (2) members, a majority of the members which shall be independent directors, as such term is defined in Marketplace Rule 4200 of the National Association of Securities Dealers, Inc. ("NASD") or successor rule, subject to the exceptions in NASD Marketplace Rule 4350(d)(2), or successor rule.

The Board shall elect or appoint a chairman of the audit committee who will have authority to act on behalf of the audit committee between meetings.

RESPONSIBILITIES

The responsibilities of the audit committee are as follows:

- o Ensure its receipt from the outside auditor of a formal written statement, delineating all relationships between the outside auditor and the company consistent with the Independence Standards Board Standard 1.
- o Actively engage in a dialogue with the outside auditor with respect to any disclosed relationships or services that may impact the objectivity and independence of the outside auditor and be responsible for taking, or recommending that the board of directors take, appropriate action to oversee the independence of the outside auditor.
- o In view of the outside auditor's ultimate accountability to the Board and the audit committee, as representatives of the shareholders, the audit committee, acting together with the Board, has the ultimate authority and responsibility to select, evaluate, and, where appropriate, replace the outside auditor (or, if applicable, nominate an outside auditor for shareholder approval in any proxy statement).
- o Review with the outside auditor, the company's internal auditor (if any), and financial and accounting personnel, the adequacy and effectiveness of the accounting and financial controls of the company, and elicit any recommendations for the improvement of such internal control procedures or particular areas where new or more detailed controls or procedures are desirable.
- o Consider, in consultation with the outside auditor and management of the company, the audit scope and procedures.
- o Review the financial statements contained in the annual report to shareholders, and financial statements contained in the Form 10-QSB quarterly reports, with management and the outside auditor to determine that the outside auditor is satisfied with the disclosure and content of the financial statements to be presented to the shareholders.
- o Meet with the internal auditor (if any), outside auditor or the management privately to discuss any matters that the audit committee, the internal auditor (if any), the outside auditor or the management believe should be discussed privately with the audit committee.
- o Review and reassess the adequacy of the committee's charter annually.
- o Prepare a report of the audit committee to be included in the company's proxy statement in accordance with applicable Securities and Exchange Commission regulations.

- o Make such other recommendations to the Board on such matters, within the scope of its functions, as may come to its attention and which in its discretion warrant consideration by the Board.

LIMITATIONS

The audit committee is responsible for the duties set forth in this charter but is not responsible for either the preparation of the financial statements or the auditing of the financial statements. Management has the responsibility for preparing the financial statements and implementing internal controls and the independent accountants have the responsibility for auditing the financial statements and monitoring the effectiveness of the internal controls. The review of the financial statements by the audit committee is not of the same quality as the audit performed by the independent accountants. In carrying out its responsibilities, the audit committee believes its policies and procedures should remain flexible in order to best react to a changing environment.
