NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MAY 31, 2003

NOTE 1 - NATURE OF OPERATIONS

City Network, Inc., formerly Investment Agents, Inc., was incorporated on August 8, 1996 under the laws of the State of Nevada. City Network Technology, Inc., formerly Gelcrest Investments Limited, was incorporated under the laws of the British Virgin Islands on March 1, 2002. City Network, Inc -Taiwan, formerly City Engineering, Inc., was incorporated under the laws of Republic of China on September 6, 1994. City Network, Inc. owns 100% of the capital stock of City Network Technology, Inc., and City Network Technology, Inc. owns 100% of the capital stock of City Network, Inc. - Taiwan. Collectively the three corporations are referred to herein as the "Company". When used in these notes, the terms "Company," "we," "our," or "us" mean City Network, Inc. and its subsidiaries.

On November 14, 2002, City Network Technology, Inc became a wholly owned subsidiary of City Network, Inc. through an Exchange Agreement, which was amended on December 4, 2002 whereby City Network, Inc. acquired all of the issued and outstanding capital stock of City Network Technology, Inc. in exchange for 12,000,000 shares of City Network, Inc.

Our Company is a provider of Internet broadband and wireless infrastructure equipment and service for the rapidly expanding broadband marketplace. We intend to be an important provider of these services predicated upon our dedication to delivering user friendly, cost effective, and customer tailored, high speed internet access equipment to meet the business needs of the hospitality, residential property and telecommunication industry worldwide.

Our Company operates in an industry characterized by significant competition and rapid technological changes. We will need additional investments and funding in order to complete the development and improvements necessary for our products

Edgar Filing: CITY NETWORK INC - Form 10QSB

and our planned operations.

The Company, through its acquisition of City Network Technology, Inc. and City Network, Inc. - Taiwan is no longer considered a development stage company, as it was during the fiscal year ended February 28, 2002.

CITY NETWORK, INC. AND SUBSIDIARIES (FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS MAY 31, 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Unaudited Interim Financial Information - The accompanying financial statements ----- have been prepared by City Network, Inc., pursuant to the rules and regulations of the Securities and Exchange Commission (the "SEC") Form 10-QSB and Item 310 of Regulation S-B, and generally accepted accounting principles for interim financial reporting. These financial statements are unaudited and, in the opinion of management, include all adjustments (consisting of normal recurring adjustments and accruals) necessary for a fair presentation of the statement of financial position, operations, and cash flows for the periods presented. Operating results for the three months ended May 31, 2003 and 2002 are not necessarily indicative of the results that may be expected for the year ending February 28, 2004, or any future period, due to seasonal and other factors. Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting policies have been omitted in accordance with the rules and regulations of the SEC. These financial statements should be read in conjunction with the audited consolidated financial statements and accompanying notes, included in the Company's Annual Report for the year ended February 28, 2003.

Basis of Consolidation - The consolidated financial statements for 2003 and 2002 ----- include the accounts of City Network, Inc. and its wholly owned subsidiaries, City Network Technology, Inc. - BVI and City Network, Inc. - Taiwan. All references herein to the Company are included in the consolidated results. All significant intercompany accounts and transactions have been eliminated upon consolidation.

Revenue Recognition - Revenue from sales of products to customers is recognized ----- upon shipment or when title passes to customers based on the terms of the sales, and is recorded net of returns, discounts and allowances.

Cash and Cash Equivalents - Cash equivalents are stated at cost. Cash ----- equivalents are highly liquid investments readily convertible into cash with an original maturity of three months or less and consist of time deposits with commercial banks.

Allowance for Doubtful Accounts - The Company establishes an allowance for ----- doubtful accounts on a case-by-case basis when it believes the required payment of specific amounts owed is unlikely to occur after a review of historical collection experience, subsequent collections and management's evaluation of existing economic conditions.

CITY NETWORK, INC. AND SUBSIDIARIES

(FORMERLY INVESTMENT AGENTS, INC.)

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS
MAY 31, 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Fixed Assets - Property and equipment are stated at cost less accumulated ----- depreciation. Expenditures for major additions and improvements are capitalized and minor replacements, maintenance and repairs are charged to expense as incurred. Whenever an asset is retired or disposed of, its cost and accumulated depreciation or amortization is removed from the respective accounts and the resulting gain or loss is credited or charged to income.

Depreciation is computed using the straight-line and declining-balance methods over the following estimated useful lives:

Furniture and Fixtures	5 years
Equipment	5 years
Computer Hardware and Software	3 years
Building and Improvements	50 years

Inventory - Inventory is valued at the lower of cost or market; cost is ----- determined on the weighted average method. As of May 31, 2003, inventory consisted only of finished goods.

Contingencies - Certain conditions may exist as of the date the financial ----- statements are issued, which may result in a loss to the Company but which will only be resolved when one or more future events occur or fail to occur. The Company's management and legal counsel assess such contingent liabilities, and such assessment inherently involves an exercise of judgment. In assessing loss contingencies related to legal proceedings that are pending against the Company or unasserted claims that may result in such proceedings, the Company's legal counsel evaluates the perceived merits of any legal proceedings or unasserted claims as well as the perceived merits of the amount of relief sought or expected to be sought.

If the assessment of a contingency indicates that it is probable that a material loss has been incurred and the amount of the liability can be estimated, then the estimated liability would be accrued in the Company's financial statements. If the assessment indicates that a potential material loss contingency is not probable but is reasonably possible, or is probable but cannot be estimated, then the nature of the contingent liability, together with an estimate of the range of possible loss if determinable and material would be disclosed.

Loss contingencies considered to be remote by management are generally not disclosed unless they involve guarantees, in which case the guarantee would be disclosed. As of May 31, 2003 and the date of our report, management has informed us that there are no matters that warrant disclosure in the financial statements.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

Edgar Filing: CITY NETWORK INC - Form 10QSB

MAY 31, 2003

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Advertising - Advertising costs are expensed in the year incurred.

Estimates - The preparation of financial statements in conformity with generally
----- accepted accounting principles requires management to make certain
estimates and assumptions that affect the reported amounts of assets and
liabilities and disclosure of contingent assets and liabilities at the date of
the financial statements and the reported amounts of revenues and expenses
during the reporting period. Actual results could differ from those estimates.
Significant estimates include collectibility of accounts receivable, accounts
payable, sales returns and recoverability of long-term assets.

Concentration of Credit Risk - Financial instruments, which subject the Company
----- to credit risk, consist primarily of cash
equivalents and trade accounts receivable arising from its normal business
activities. The Company places its cash in what it believes to be credit-worthy
financial institutions, however, cash balances have exceeded the FDIC insured
levels at various times during the year. Concentration of credit risk with
respect to trade accounts receivable is primarily from related parties located
in Asia. The Company actively evaluates the creditworthiness of the customers
with which it conducts business through credit approvals, credit limits and
monitoring procedures.

Stock Based Compensation - The Company accounts for stock-based employee
----- compensation arrangements in accordance with the
provisions of Accounting Principles Board Opinion ("APB") No. 25, "Accounting
for Stock Issued to Employees," and complies with the disclosure provisions of
Statement of Financial Accounting Standards ("SFAS") 123, "Accounting for
Stock-Based Compensation." Under APB 25, compensation cost is recognized over
the vesting period based on the difference, if any, on the date of grant between
the fair value of the Company's stock and the amount an employee must pay to
acquire the stock.

Impairment of Long-Lived Assets - On January 1, 2002 the Company adopted SFAS
----- 144 "Accounting for the Impairment or Disposal
of Long-Lived Assets". The Company evaluates long-lived assets for impairment
whenever events or changes in circumstances indicate that the carrying value of
an asset may not be recoverable. If the estimated future cash flows
(undiscounted and without interest charges) from the use of an asset are less
than the carrying value, a write-down would be recorded to reduce the related
asset to its estimated fair value. There have been no such impairments to date.

Earnings Per Share - Earnings per share are based on the weighted average number
----- of shares of common stock and common stock equivalents
outstanding during each period. Earnings per share are computed using the
treasury stock method. The options to purchase common shares are considered to
be outstanding for all periods presented but are not calculated as part of the
earnings per share.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Income Taxes - Income taxes have been provided based upon the tax laws and rates ----- in the countries in which operations are conducted and income is earned. The income tax rates imposed by the taxing authorities vary. Taxable income may vary from pre-tax income for financial accounting purposes. There is no expected relationship between the provision for income taxes and income before income taxes because the countries have different taxation rules, which vary not only to nominal rates but also in terms of available deductions, credits and other benefits. Deferred tax assets and liabilities are recognized for the anticipated future tax effects of temporary differences between the financial statement basis and the tax basis of the Company's assets and liabilities using the applicable tax rates in effect at year end as prescribed by SFAS 109 "Accounting for Income Taxes".

Exchange Gain (Loss) - As of May 31, 2003, the transactions of City Network, ----- Inc. - Taiwan denominated in foreign currency is recorded in New Taiwan dollars at the rates of exchange in effect when the transactions occur. Exchange gains and losses are recognized for the different foreign exchange rates applied when the foreign currency assets and liabilities are settled.

Translation Adjustments - As of May 31, 2003, the accounts of City Network, Inc. ----- - Taiwan were maintained, and its financial statements were expressed, in New Taiwan Dollars (NTD). Such financial statements were translated into U.S. Dollars (USD) in accordance with Statement of Financial Accounts Standards ("SFAS") No. 52, "Foreign Currency Translation", with the NTD as the functional currency. According to the Statement, all assets and liabilities were translated at the current exchange rate, stockholder's equity are translated at the historical rates and income statement items are translated at the average exchange rate for the period. The resulting translation adjustments are reported under other comprehensive income in accordance with SFAS No. 130, "Reporting Comprehensive Income".

As of May 31, 2003 the exchange rates between NTD and the USD was NTD\$1=USD\$0.02879. The weight-average rate of exchange between NTD and USD was NTD\$1 = USD\$0.02874.

New Accounting Pronouncements - In July 2001, the FASB issued SFAS 141 "Business ----- Combinations". SFAS 141 requires that all business combinations initiated or completed after June 30, 2001 be accounted for using the purchase method of accounting. The statement provides for recognition and measurement of intangible assets separate from goodwill. The Company adopted SFAS 141 as of July 1, 2001. The adoption of the new statement had no effect on the consolidated results of operations or financial position of the Company.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

In July 2001, the FASB issued SFAS 142, "Goodwill and Other Intangible Assets". Under SFAS 142, goodwill and intangible assets with indefinite lives are no longer amortized but are reviewed at least annually for impairment. The

Edgar Filing: CITY NETWORK INC - Form 10QSB

amortization provisions of SFAS 142 apply to goodwill and intangible assets acquired after June 30, 2001. With respect to Goodwill and intangible assets acquired prior to July 1, 2001, the Company is required to and has adopted SFAS 142 effective January 1, 2002. The adoption of this pronouncement did not have a material effect to the Company's consolidated financial position or results of operations.

In August 2001, the FASB issued SFAS 144 "Accounting for the Impairment or Disposal of Long-Lived Assets". SFAS supersedes SFAS 121 and the accounting and reporting provisions of APB 30. SFAS 144 provides guidance for determining whether long-lived assets should be tested for impairment and specific criteria for classifying assets to be disposed of as held for sale. The statement is effective for fiscal years beginning after December 15, 2001, and the Company has adopted the statement as of January 1, 2002. Management does not expect the adoption of this statement to have a material effect on the Company's consolidated financial position or results of operations.

NOTE 3 - CONCENTRATION

The Company had twelve major customers during the three months ended May 31, 2003. Of the twelve customers referred to herein, three customers comprise 53% of the total sales during the first quarter ended May 31, 2003. Sales to these customers were approximately \$2,477,801. Included in accounts receivable is \$1,264,838 from these customers as of May 31, 2003.

Note 4 - CASH

The Company maintains its cash balances at various banks in Taiwan. The balances are insured up to approximately \$28,570. As of May 31, 2003, there was \$796,590 in uninsured balances held at these banks.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Edgar Filing: CITY NETWORK INC - Form 10QSB

The following discussion of the financial condition and results of operations should be read in conjunction with the consolidated financial statements and related notes thereto. The following discussion contains certain forward-looking statements that involve risk and uncertainties. Our actual results could differ materially from those discussed herein. Factors that could cause or contribute to such differences include, but are not limited to, risks and uncertainties related to the need for additional funds, the rapid growth of the operations and our ability to operate profitably after the initial growth period is completed.

THREE MONTHS ENDED MAY 31, 2003 AND MAY 31, 2002 FOR CITY NETWORK, INC. AND FOR CITY NETWORK-TAIWAN

Sales. Net sales for the three months ended May 31, 2003 were \$4,742,451 compared to \$0 for the three months ended May 31, 2002. The increase in sales for the three months ended May 31, 2003 was due to the acquisition of all of the issued and outstanding stock of City Network Technology, Inc. ("CNT"), who holds all of the issued and outstanding stock of City Network Inc.-Taiwan ("CNT-Taiwan") (the "Acquisition"). CNT-Taiwan's net sales for the three months ended May 31, 2003 were \$4,742,451 compared to \$661,122 for the three months ended May 31, 2002. The increase in sales was due to changes in business strategy, which included participation in international exhibits to increase brand awareness as well as a perceived increase in market demand.

Cost of Sales. Cost of sales for the three months ended May 31, 2003 was \$4,436,356 or 93.5% of sales, as compared to \$225 during the three months ended May 31, 2002. The increase in cost of sales was due to the Acquisition. CNT-Taiwan's cost of sales for the three months ended May 31, 2003 was \$4,436,356, or 93.5% of sales, as compared to \$607,505, or 92% of sales, for the three months ended May 31, 2002. The increase in cost of sales was directly proportional to the increase in sales.

General and Administrative Expenses. General and Administrative Expenses were \$239,980, or 5.1% of sales, for the three months ended May 31, 2003, as compared to \$2,440 for the three months ended May 31, 2002. The increase was due to the Acquisition. CNT-Taiwan's cost of sales for the three months ended May 31, 2003 was \$239,980, or 5.1% of sales, as compared to \$102,289, or 15.5% of sales, for the three months ended May 31, 2002. The increase in general and administrative expenses was due to an increase in advertising activities, an expansion of business and increase in staff size. The decrease in general and administrative expenses as a percentage of sales was due to an expansion in volume of business. Specifically, the increase in sales exceeded the increase in general and administrative expenses.

Income (Loss) from Operations. Income from operations for the three months ended May 31, 2003 was \$66,115, compared to net loss from operations for the three months ended May 31, 2002 of (\$2,665). The increase in income from operations was due to the Acquisition. CNT-Taiwan's income from operations for the three months ended May 31, 2003 was \$66,115 as compared to a loss from operations of \$48,672. This change is primarily due to operating income increasing at a greater rate than expenses.

Other (Income) Expense. Other (income) expense was \$31,260 for the three months ended May 31, 2003, as compared to \$0 for the three months ended May 31, 2002, or a net

change of \$31,260 as a result of the Acquisition. CNT-Taiwan's other income for the three months ended May 31, 2003 was \$31,260, as compared to \$155 for the

Edgar Filing: CITY NETWORK INC - Form 10QSB

three months ended May 31, 2002. This increase is primarily attributable to an increase in bad debt expense.

Net Income (Loss). Net income for three months ended May 31, 2003 was \$30,307 compared to net loss of (\$2,665) for the three months ended May 31, 2002. The increase in net income is due to the Acquisition. CNT-Taiwan contributed net income for the three months ended May 31, 2003 of \$30,307 as compared to a loss of \$63,222 for the three months ended May 31, 2002 for the reasons primarily described above.

LIQUIDITY AND CAPITAL RESOURCES

For the three months ended May 31, 2003, the Company had cash and cash equivalents of \$968,021. The Company used \$2,851 of net cash in operations, used \$87,191 of net cash in investing activities and had \$263,417 of net cash provided by financing activities. The Company's liquidity is currently dependent on its ability to strengthen its accounts receivable collection time period and its ability to continue to raise cash from financing sources to fund its expansion. The Company's short-term and long-term liquidity may be influenced by uncollected accounts receivables. If the amount of bad debt is high, it will severely effect the Company's ability to continue operations. Therefore, the Company is taking precautions to manage this risk, including diversifying its customer base and control credit risk through credit approvals, credit limits and monitoring procedures. There can be no assurance that these measures will prove successful. The Company's inability to manage this risk will have a material adverse effect upon its business, financial condition and results of operations.

ITEM 3. CONTROLS AND PROCEDURES

The Company maintains a system of internal controls and procedures that are designed to provide reasonable assurance that information required to be disclosed by the Company in the reports that the Company files under the Exchange Act are recorded, processed, summarized and reported within required time periods. The Company's Chief Executive Officer and Chief Financial Officer have evaluated the effectiveness of the Company's disclosure controls and procedures as of a date within 90 days before the filing of this quarterly report and have each concluded that as of the evaluation date, such controls and procedures were effective, in all material respects, to ensure that required information in the reports the Company files and submits under the Exchange Act is recorded, processed, summarized and reported as and when required. Subsequent to the date of the Company's evaluation, there have been no significant changes to the Company's internal controls or in other factors that could significantly affect the Company's internal controls.
