The accompanying Notice of Special Meeting, this Proxy Statement and the Proxy Card are being first mailed to stockholders entitled to vote at the Special Meeting on or about November 17, 2009. As used in this Proxy Statement, the terms **we**, **us**, and **our** refer to the Company.

The Board is soliciting your vote at the Special Meeting. In addition, certain of our officers and employees may solicit, or be deemed to be soliciting, your vote.

How many shares are eligible to be voted?

As of the Record Date, we had 468,571,775 shares of common stock outstanding and entitled to vote. Table of Contents

What am I voting on?

You are voting to amend our amended and restated articles of incorporation to increase the number of authorized shares of common stock from 750,000,000 shares to 3,000,000,000 shares. You will also be entitled to vote on any other business that properly comes before the Special Meeting or any adjournments thereof.

How does the Board recommend that I vote?

The Board unanimously recommends that you vote **FOR** the approval of the proposal presented at this Special Meeting.

How does our controlling stockholder intend to vote?

MP Thrift Investments, L.P. owns approximately 80% of our outstanding common stock as of the Record Date and has indicated that it intends to vote in favor of the proposal to increase the number of authorized shares of common stock, thereby assuring approval of the proposal.

How many votes are required to hold the Special Meeting and what are the voting procedures?

Quorum Requirement: Michigan law and our bylaws provide that a quorum be present to allow any stockholder action at a meeting. A quorum consists of a majority of all of our outstanding common stock that is entitled to vote at the Special Meeting. Therefore, at the Special Meeting, the presence, in person or by proxy, of the holders of at least 234,285,888 shares of our common stock will be required to establish a quorum. Stockholders of record who are present at the Special Meeting in person or by proxy but who abstain from voting are still counted towards the establishment of a quorum. This will include brokers holding customers' shares of record even though they may abstain from certain votes.

MP Thrift Investments, L.P. owns approximately 80% of our outstanding common stock as of the Record Date and has indicated that it intends to attend the Special Meeting, thereby assuring a quorum will be present.

Required Vote: This proposal will be approved if a majority of the shares of common stock outstanding as of the Record Date are cast for it. Failure to vote, broker non-votes and abstentions will have the same effect as a vote against this proposal.

What is a broker non-vote?

If you hold your shares in street name through a broker or other nominee, whether the broker may vote your shares in its discretion depends on the proposals before the meeting. Under the rules of the New York Stock Exchange (the NYSE), your broker may vote your shares in its discretion on routine matters. Proposals that are considered non-routine cannot be voted unless you specifically instruct your broker. The proposal being presented at the Special Meeting is a non-routine matter. Accordingly, if your broker has not received your voting instructions with respect to this non-routine proposal, your broker cannot vote your shares on the proposal. This is referred to as a broker non-vote.

How may I cast my vote?

If you are the stockholder of record: You may vote by one of the following methods:

1. in person at the Special Meeting; or
2. by mail by completing the proxy card and returning it.

Whichever method you use, the proxies identified on the proxy card will vote the shares of which you are the stockholder of record in accordance with your instructions. If you submit a signed proxy card without giving specific voting instructions, the proxies will vote the shares as recommended by the Board.

If you own your shares in street name, that is, through a brokerage account or in another nominee form: You must provide instructions to the broker or nominee as to how your shares should be voted. Brokers do not have the discretion to vote on proposals considered non-routine and will only vote on such proposals at the direction of the

Table of Contents

underlying beneficial owners of the shares of common stock. Accordingly, if you do not instruct your broker to vote your shares, your broker will not have the discretion to vote your shares. Your broker or nominee will usually provide you with the appropriate instruction forms at the time you receive this Proxy Statement. If you own your shares in this manner, you cannot vote in person at the Special Meeting unless you receive a proxy to do so from the broker or the nominee and you bring that proxy to the Special Meeting.

How may I revoke or change my vote?

If you are the record owner of your shares, you may revoke your proxy at any time before it is voted at the Special Meeting by:

1. submitting a new proxy card bearing a later date;
2. delivering written notice to our Secretary prior to December 4, 2009 stating that you are revoking your proxy; or
3. attending the Special Meeting and voting your shares in person.

If your shares are held in street name and you have instructed a broker, bank or other nominee to vote your shares of common stock, you may revoke those instructions by following the directions received from your broker, bank or other nominee to change those instructions.

Please note that your attendance at the Special Meeting will not, by itself, constitute revocation of your proxy.

Who is paying for the costs of this proxy solicitation?

We will bear the cost of preparing, printing and mailing the materials in connection with this solicitation of proxies. In addition to mailing these materials, our officers and regular employees may, without being additionally compensated, solicit proxies personally and by mail, telephone, facsimile or electronic communication. We usually reimburse banks and brokers for their reasonable out-of-pocket expenses related to forwarding proxy materials to beneficial owners of stock or otherwise in connection with this solicitation.

Who will count the votes?

Mary Kay Ruedisueli and Danielle Tatum, our inspectors of election for the Special Meeting, will receive and tabulate the ballots and voting instruction forms.

What happens if the Special Meeting is postponed or adjourned?

Your proxy will still be effective and may be voted at the postponed meeting. You will still be able to change or revoke your proxy until it is voted.

SPECIAL NOTE REGARDING FORWARD-LOOKING STATEMENTS

This Proxy Statement and the documents incorporated by reference into this Proxy Statement contains certain forward-looking statements with respect to our financial condition, results of operations, plans, objectives, future performance and business and these statements are subject to risk and uncertainty. Forward-looking statements, within the meaning of the Private Securities Litigation Reform Act of 1995, include those statements using words or phrases such as believes, assumes, expects, anticipates, plans, trend, objective, continue, remain, pattern or future or conditional verbs such as will, would, should, could, might, can, may or similar expressions.

There are a number of important factors that could cause future results to differ materially from historical performance and these forward-looking statements. Factors that might cause such a difference include, but are not limited to, those discussed under the heading **Risk Factors** in Part I, Item 1A of our Annual Report on Form 10-K for the year ended December 31, 2008, including: (1) our business has been and may continue to be adversely affected by conditions in the global financial markets and economic conditions generally; (2) general business, economic and political conditions may significantly affect our earnings; (3) we depend on our institutional

counterparties to provide services that are critical to our business. If one or more of our institutional counterparties defaults on its obligations to us or becomes insolvent, it could have a material adverse effect on our earnings, liquidity, capital position and financial condition; (4) defaults by another larger financial institution could adversely affect financial markets generally; (5) if we cannot effectively manage the impact of the volatility of interest rates our earnings could be adversely affected; (6) the value of our mortgage servicing rights could decline with reduction in interest rates; (7) certain hedging strategies that we use to manage our investment in mortgage servicing rights may be ineffective to offset any adverse changes in the fair value of these assets due to changes in interest rates; (8) we use estimates in determining the fair value of certain of our assets, which estimates may prove to be incorrect and result in significant declines in valuation; (9) changes in the fair value or ratings downgrades of our securities may reduce our stockholders' equity, net earnings or regulatory capital ratios; (10) current and further deterioration in the housing and commercial real estate markets may lead to increased loss severities and further increases in delinquencies and non-performing assets in our loan portfolios. Additionally, the performance of our standby and commercial letters of credit may be adversely affected as well. Consequently, our allowance for loan losses and guarantee liability may not be adequate to cover actual losses, and we may be required to materially increase our reserves; (11) our secondary market reserve for losses could be insufficient; (12) our home lending profitability could be significantly reduced if we are not able to resell mortgages; (13) our commercial real estate and commercial business loan portfolios carry heightened credit risk; (14) our ability to borrow funds, maintain or increase deposits or raise capital could be limited, which could adversely affect our liquidity and earnings; (15) our inability to realize our deferred tax assets may have a material adverse effect on our consolidated results of operations and our financial condition; (16) we may be required to raise capital at terms that are materially adverse to our stockholders; (17) our holding company is dependent on the Bank for funding of obligations and dividends; (18) future dividend payments and common stock repurchases are restricted by the terms of the Treasury's equity investment in us; (19) we may not be able to replace key members of senior management or attract and retain qualified relationship managers in the future; (20) the network and computer systems on which we depend could fail or experience a security breach; (21) our business is highly regulated; (22) our business has volatile earnings because it operates based on a multi-year cycle; (23) our loans are geographically concentrated in only a few states; (24) we are subject to heightened regulatory scrutiny with respect to bank secrecy and anti-money laundering statutes and regulations; (25) we are subject to increased costs resulting from government changes in loan servicing requirements; and (26) we are a controlled company that is exempt from certain NYSE corporate governance requirements.

We do not undertake, and specifically disclaim any obligation, to update any forward-looking statements to reflect occurrences or unanticipated events or circumstances after the date of such statements.

Table of Contents**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS**

Persons and groups beneficially owning more than 5% of our common stock are generally required under federal securities laws to file certain reports with the Securities and Exchange Commission (the SEC) detailing such ownership. The term beneficial ownership includes the shares held as of November 11, 2009 plus shares underlying any options or securities that are exercisable as of or within 60 days before or after November 11, 2009. The following table sets forth, as of November 11, 2009, certain information as to our common stock beneficially owned by any person or group of persons who are known to us to be the beneficial owners of more than 5% of our common stock. Other than as disclosed below, management knows of no person who beneficially owned more than 5% of our common stock on November 11, 2009. This table is based on information supplied to us by persons named therein and from Schedule 13Ds filed with the SEC.

On January 30, 2009, we sold 250,000 shares of our convertible participating voting preferred stock (convertible preferred stock) with a liquidation preference of \$1,000 per share securities to MP Thrift Investments L.P. for a total of \$250 million. Upon completion of this transaction, MP Thrift Investments L.P. acquired control of us and controlled approximately 70% of our outstanding voting power on a fully-diluted basis. In three subsequent transactions, we sold an additional 50,000 shares of our convertible preferred stock and 50,000 convertible trust preferred securities to MP Thrift Investments L.P. for a total of \$100 million. Upon receipt of shareholder approval on May 26, 2009, the convertible preferred stock held by MP Thrift Investments L.P. converted into 375,000,000 shares of common stock, or 80% of our outstanding common stock. We understand solely from MP Thrift Investments L.P.'s Form 13D that the funding for this transaction came primarily from investors in existing funds managed by MatlinPatterson Global Advisers LLC, namely, MatlinPatterson Global Opportunities Partners III L.P. and MatlinPatterson Global Opportunities Partners (Cayman) III L.P. These funds were used to purchase a 100% interest in MP Thrift Investments L.P. and MP Thrift Investments L.P., in turn, used the funds to consummate the transaction with us.

PROPOSAL 1

APPROVAL OF AMENDMENT TO THE AMENDED AND RESTATED ARTICLES OF INCORPORATION TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 750,000,000 SHARES TO 3,000,000,000 SHARES

Our Board has adopted a resolution approving an amendment to our amended and restated articles of incorporation to increase the number of our authorized shares of common stock, \$.01 par value per share, from 750,000,000 shares to 3,000,000,000 shares (and correspondingly, increase the total number of authorized shares of all classes of capital stock from 775,000,000 to 3,025,000,000 shares, which includes 25,000,000 authorized shares of serial preferred stock). The Board determined that this amendment to the amended and restated articles of incorporation is in our and our stockholders' best interests and further directed that the proposed action be submitted for consideration by our stockholders at the Special Meeting.

The principal purpose of this proposal is to authorize additional shares of common stock which will be available in the event our Board determines that it is necessary or appropriate to raise additional capital through the sale of equity or equity-linked securities, to provide equity incentives to employees and officers (subject to additional stockholder approvals as required), to permit future stock dividends or for other general corporate purposes. The availability of additional shares of common stock is particularly important in the event that our Board determines to undertake any of the foregoing actions on an expedited basis and thus to avoid the time, expense and delay of seeking further stockholder approval in connection with any potential issuance of common stock. Because we are continually evaluating capital raising activities, we believe that the flexibility afforded by the additional shares is in the best interests of shareholders in light of current market and economic conditions. In this regard, we have recently filed a shelf registration statement with the SEC for the possible sale of, among other things, our common equity and common equity-linked securities. Depending on market conditions, we are considering the possible sale of such securities in the amount of approximately \$500,000,000 and anticipate that any proceeds from such sale would be used to increase our capital levels and for general corporate purposes. There can be no assurance that such sale of securities will occur and if such sale of securities does occur, there can be no assurance as to the amount or the type of such securities. Also, we are considering the fact that if we raise additional capital by fiscal year end, we can reduce by 50% the number of shares issuable to the Department of the Treasury upon exercise of the warrant issued in connection with our participation in the TARP Capital Purchase Program on January 30, 2009.

If the stockholders approve the amendment, we will amend the first sentence of Article III of our amended and restated articles of incorporation to increase the number of authorized shares of all classes of stock and of common stock, as follows (deletions are indicated by ~~strikeout~~ and additions are indicated by underline):

The aggregate number of shares of all classes of capital stock which the Corporation has authority to issue is
~~775,000,000~~
3,025,000,000
, of which ~~750,000,000~~
3,000,000,000
are to be shares of common stock, \$.01 par value per share, and of which 25,000,000 are to be shares of serial preferred stock, \$.01 par value per share.

Such amendment would become effective upon the filing of a certificate of amendment with the Michigan Department of Labor and Economic Growth. We intend to file such certificate of amendment immediately after the Special Meeting if the stockholders approve this proposal.

The increase in the authorized number of shares of common stock could have possible anti-takeover effects. These authorized but unissued shares could (within the limits imposed by applicable law and NYSE rules) be issued in one or more transactions that could make a change of control of us more difficult, and therefore more unlikely. The additional authorized shares could be used to discourage persons from attempting to gain control of us by diluting the voting power of shares then outstanding or increasing the voting power of persons who would support the Board in a potential takeover situation, including by preventing or delaying a proposed business combination that is opposed by the Board although perceived to be desirable by some stockholders.

The proposal to amend Article III of the amended and restated articles of incorporation to increase the number of authorized shares of common stock will be approved if a majority of shares of common stock outstanding as of the Record Date are cast for it. The failure to vote, abstentions and broker non-votes will have the same effect as a vote against this proposal, although abstentions and broker non-votes will be counted as present for purposes of determining a quorum.

Table of Contents

MP Thrift Investments L.P. owns 80% of our common stock as of the Record Date and has the power to control our affairs and operations. MP Thrift Investments, L.P. has indicated that it intends to vote in favor of the proposal to increase the number of authorized shares of common stock, thereby assuring approval of the proposal.
