PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS
May 14, 2010**

VOTING RIGHTS, PROXIES AND SOLICITATION

General

We are furnishing this Proxy Statement to shareholders of Mylan Inc., a Pennsylvania corporation ("Mylan" or the "Company"), in connection with the solicitation of proxies by our Board of Directors (the "Board") for use at our 2010 Annual Meeting of Shareholders (the "Annual Meeting") and at any adjournment or postponement thereof. The Annual Meeting is scheduled to be held on Friday, May 14, 2010, at 9:30 a.m. (Pacific time), at the Intercontinental Mark Hopkins Hotel, One Nob Hill, in San Francisco, California, for the purposes set forth in the accompanying Notice of Annual Meeting. We are mailing this Proxy Statement and the enclosed proxy card to shareholders on or about April 9, 2010.

Our Board has fixed the close of business on March 25, 2010 (the "Record Date") as the record date for the determination of shareholders entitled to notice of, and to vote at, the Annual Meeting and any adjournment or postponement thereof. As of the close of business on the Record Date, there were 308,257,273 shares of our common stock, par value \$0.50 per share ("Common Stock"), outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter properly brought before the Annual Meeting. Shareholders do not have cumulative voting rights.

Quorum

Holders of a majority of the outstanding shares of our Common Stock entitled to vote on the Record Date must be present in person or represented by proxy to constitute a quorum. Proxies marked as abstaining and proxies returned by brokers as "non-votes" because they have not received voting instructions from the beneficial owners of the shares each will be treated as shares present for purposes of determining the presence of a quorum.

Voting

Shareholders may cast their votes at the meeting, over the Internet, by submitting a printed proxy card, or by calling a toll-free number.

If you vote by proxy, the individuals named on the enclosed proxy card will vote your shares in the manner you indicate. If you do not specify voting instructions, then the proxy will be voted in accordance with recommendations of the Board, as described in this Proxy Statement. If any other matter properly comes before the Annual Meeting, the designated proxies will vote on that matter in their discretion.

If your shares are held in the name of a brokerage firm, bank nominee or other institution, please sign, date and mail the enclosed instruction card in the enclosed postage-paid envelope or contact your broker, bank nominee or other institution to determine whether you will be able to vote over the Internet or by telephone.

If you come to the Annual Meeting to cast your vote in person and you are holding your shares in a brokerage account or through a bank or other nominee ("street name"), you will need to bring a legal proxy obtained from your broker, bank or nominee which will authorize you to vote your shares in person.

Your vote is important. We encourage you to sign and date your proxy card and return it in the enclosed postage-paid envelope, or vote over the Internet or by telephone, so that your shares may be represented and voted at the Annual Meeting.

Revoking a Proxy

You may revoke your proxy at any time before it is voted by submitting another properly executed proxy showing a later date, by filing a written notice of revocation with Mylan's Corporate Secretary, by casting a new

vote over the Internet or by telephone, or by voting in person at the Annual Meeting. The contact information for the Company's Secretary is stated on page 38 under Communications With Directors.

Votes Required

Election of Directors

Mylan has adopted a standard requiring that a director nominee receive a majority of the votes cast; in other words, the number of shares voted for a Director must exceed 50% of the votes cast with respect to that Director. If a Director receives less than a majority, the Director shall submit his or her resignation to the Chairman of the Board for consideration by the Governance and Nominating Committee, who will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will act on the Committee's recommendation and publicly disclose its decision and the rationale behind it within 90 days from the date of the certification of the election results.

You may vote either FOR or AGAINST with respect to each nominee for the Board.

Plurality voting will still apply to contested elections.

Consideration of the Shareholder Proposals and Ratification of Selection of Deloitte & Touche LLP as Our Independent Registered Public Accounting Firm

The consideration of the shareholder proposals (i.e., the advisory non-binding vote on executive compensation and the executive officers' share retention following separation) and the ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm for the year ending December 31, 2010 each will require the affirmative vote of a majority of the votes cast by all shareholders entitled to vote. Abstentions and broker non-votes, if any, will have no effect on the outcome of the vote on any of these proposals. If the selection of Deloitte & Touche LLP is not ratified by our shareholders, the audit committee will reconsider its recommendation.

Multiple Shareholders Sharing the Same Address

In accordance with the notices we previously sent to street name shareholders who share a single address, we are sending only one Proxy Statement to that address unless we have received contrary instructions from any shareholder at that address. This practice, known as householding, is designed to reduce our printing and postage costs. However, if any shareholder residing at such an address wishes to receive a separate Proxy Statement, we will promptly deliver the requested documents upon written or oral request to Mylan's Corporate Secretary. If you are receiving multiple copies of our Proxy Statement, you can request householding by contacting Mylan's Corporate Secretary. The contact information for the Company's Secretary is stated on page 38 under Communications With Directors.

Proxy Solicitation

Mylan will bear the entire cost of this solicitation, including the preparation, assembly, printing and mailing of this Proxy Statement and any additional materials furnished by our Board to our shareholders. Proxies may be solicited without additional compensation by directors, officers and employees of Mylan and its subsidiaries. Copies of solicitation material will be furnished to brokerage firms, banks and other nominees holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to these beneficial owners. If asked, we will reimburse these persons for their reasonable expenses in forwarding the solicitation material to the beneficial owners. The original solicitation of proxies by mail may be supplemented by telephone, telegram, facsimile, Internet and personal solicitation by our directors, officers or other regular employees. In addition, the Company has

retained Morrow & Co., LLC, 470 West Ave., Stamford, CT 06902 to assist in soliciting proxies at a cost of approximately \$9,500 plus expenses.

Change in Fiscal Year End

In October 2007, we changed our fiscal year end from March 31 to December 31. As a result, certain information in this Proxy Statement is presented for the nine-month period from April 1, 2007 to December 31, 2007, which is referred to in this Proxy Statement as the 2007 Transitional Period.

Audit Committee and Audit Committee Financial Expert. The Audit Committee's responsibilities include the appointment, compensation, retention and oversight of the Company's independent registered public accounting firm; reviewing with the independent registered public accounting firm the scope of the audit plan and audit fees; and reviewing the Company's financial statements and related disclosures. All of the members of the Audit Committee are independent directors, as required by and as defined in the audit committee independence standards of the Securities and Exchange Commission (the SEC) and the NASDAQ listing standards. The Board has determined that each of the Audit Committee members Mr. Leech, Mr. Dimick and Mr. Piatt is an audit committee financial expert, as that term is defined in the rules of the SEC. The Board has determined with regard to Mr. Dimick, who serves on the audit committees of more than three public companies, that such simultaneous service does not impair his ability to effectively serve on our Audit Committee.

Table of Contents

Compensation Committee. The Compensation Committee establishes and regularly reviews the Company's compensation philosophy, strategy, objectives and ethics and oversees and approves the compensation program for the Company's executive officers. The Compensation Committee plays a very active role, including the regular review of the Company's compensation programs against industry practices, the Company's strategic goals and emerging trends as well as to ensure strong links between executive pay and performance, as well as alignment with shareholder interests. The Compensation Committee also administers the Company's equity compensation and benefit plans. All of the members of the Compensation Committee are independent directors as defined in the applicable NASDAQ listing standards.

Governance and Nominating Committee. The Governance and Nominating Committee (the G&N Committee) is responsible for the nomination of candidates for the Board and the oversight of all aspects of the Company's corporate governance initiatives. All of the members of the G&N Committee are independent directors as defined in the applicable NASDAQ listing standards. The G&N Committee did not convene any in-person meetings in 2009.

Consideration of Director Nominees

For purposes of identifying individuals qualified to become members of the Board, the G&N Committee has adopted the following criteria with regard to traits, abilities and experience that the Board looks for in determining candidates for election to the Board:

Directors should be of the highest ethical character and share the values of the Company.

Directors should have personal and/or professional reputations that are consistent with the image and reputation of the Company.

Each Director should have relevant expertise and experience and be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience.

Each Director should have the ability to exercise sound business judgment.

In addition, a majority of the members of the Board should be independent, not only as that term may be defined legally or mandated by the applicable NASDAQ listing standards, but also without the appearance of any conflict in serving as a director. For a director to be considered independent, the Board must determine that he or she does not have any material relationship with the Company, either directly or indirectly (other than in his or her capacity as a director).

The G&N Committee will consider director candidates properly submitted by shareholders. In considering candidates submitted by shareholders, the G&N Committee will take into consideration the needs of the Board and the qualifications of the candidate, including those traits, abilities and experience identified above. Any submission of a proposed candidate for consideration by the G&N Committee should include the name of the proposing shareholder and evidence of such person's ownership of Mylan stock, and the name of the proposed candidate, his or her resume or a listing of his or her qualifications to be a director of the Company, and the proposed candidate's signed consent to be named as a director if recommended by the G&N Committee. Such information will be considered by the Chairman of the G&N Committee, who will present the information on the proposed candidate to the entire G&N Committee.

Any shareholder recommendation of a proposed candidate must be sent to Mylan's Corporate Secretary at 1500 Corporate Drive, Canonsburg, Pennsylvania 15317, not later than 120 days prior to the anniversary date of the Company's most recent annual meeting of shareholders.

The G&N Committee identifies new potential nominees by asking current directors and executive officers to notify the G&N Committee if they become aware of persons, meeting the criteria described above, who would be good candidates for service on the Board. The G&N Committee also, from time to time, may engage firms that specialize in identifying director candidates. As described above, the G&N Committee will also consider candidates recommended by shareholders.

Table of Contents

Once a person has been identified by the G&N Committee as a potential candidate, the G&N Committee may collect and review publicly available information regarding the person to assess whether the person should be considered further. If the G&N Committee determines that the candidate warrants further consideration, the Chairman or another member of the G&N Committee will contact the person. Generally, if the person expresses a willingness to be considered and to serve on the Board, the G&N Committee will request information from the candidate, review the candidate's accomplishments and qualifications, including in light of any other candidates that the G&N Committee might be considering, and conduct one or more interviews with the candidate. In certain instances, G&N Committee members may contact one or more references provided by the candidate or may contact other members of the business community or other persons that may have greater first-hand knowledge of the candidate's accomplishments. The G&N Committee's evaluation process does not vary based on whether or not a candidate is recommended by a shareholder.

Director Independence

The Board has determined that Ms. Cameron, Mr. Dimick, Mr. Leech, Dr. Maroon, Mr. Parrish, Mr. Piatt, Mr. Todd and Dr. Vanderveen have no material relationships with the Company and concluded that they are independent directors under the applicable NASDAQ listing standards. With respect to Messrs. Leech, Piatt and Todd, the Board considered their past relationships with the Company, which relationships are no longer in existence, and determined that such past relationships are not material. Mr. Coury is not an independent director due to his current service as Chief Executive Officer of the Company.

Board of Directors Leadership Structure

Mylan's Board annually elects one of its own members as the Chairman of the Board. Mr. Coury has served as both the Chairman of our Board and our Chief Executive Officer since being appointed as chairman in May 2009. Our Board has no fixed policy with respect to the separation of the offices of Chairman of the Board and chief executive officer. Our Board retains the discretion to make this determination on a case-by-case basis from time to time as it deems to be in the best interest of the Company and our shareholders at any given time. We believe our current board leadership structure is appropriate because it recognizes that in most cases one person should speak for and lead the company and the Board in order to promote unified leadership and direction. In addition, the Board believes that Mr. Coury has served extremely effectively as a liaison between the Board and management by serving the company in both capacities. In addition, our governance structure provides effective oversight of the Board in the following ways:

eight of the nine members of our Board are independent;

the Board has established and follows robust corporate governance guidelines, which are publicly available on our website;

our Audit Committee, Compensation Committee, Finance Committee and G&N Committee are all composed entirely of independent directors; and

our independent directors meet regularly in executive sessions chaired by our independent Vice Chairman, Mr. Piatt.

Board of Directors Risk Oversight

Our Audit Committee is primarily responsible for overseeing the Company's risk management processes on behalf of the full Board. The Audit Committee focuses on financial reporting risk and oversight of the internal audit process. It receives reports from management at least quarterly regarding the Company's assessment of risks and the adequacy

and effectiveness of internal control systems, as well as reviewing credit and market risk (including liquidity and interest rate risk), and operational risk (including compliance and legal risk). The Audit Committee also receives reports from management addressing risks impacting the day-to-day operations of the Company. Our internal auditing function meets with the Audit Committee on a quarterly basis to discuss any potential risk or control issues. The Audit Committee reports regularly to the full Board, which also considers the Company's entire risk profile. The full Board focuses on the most significant risks facing the Company and the Company's general

Table of Contents

risk management strategy, and also ensures that risks undertaken by the Company are consistent with the Board's approval for risk. While the Board oversees the Company's risk management, management is responsible for the day-to-day risk management processes. We believe this division of responsibility is a highly effective approach for addressing the risks facing our Company and that our Board leadership structure supports this approach.

Code of Ethics; Corporate Governance Principles; Code of Business Conduct and Ethics

The Board has adopted a Code of Ethics for the Chief Executive Officer, Chief Financial Officer and Corporate Controller. The Board also has adopted Corporate Governance Principles as well as a Code of Business Conduct and Ethics applicable to all directors, officers and employees. Current copies of the Code of Ethics, the Corporate Governance Principles and the Code of Business Conduct and Ethics are posted on the Company's website at www.mylan.com under the heading "Corporate Governance." Copies of the Code of Ethics, the Corporate Governance Principles and the Code of Business Conduct and Ethics are also available in print to shareholders upon request, addressed to Mylan's Corporate Secretary at 1500 Corporate Drive, Canonsburg, Pennsylvania 15317. The Company intends to post any amendments to or waivers from the Code of Ethics on its website.

**ITEM 2 RATIFICATION OF SELECTION OF DELOITTE & TOUCHE LLP
AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Board has selected Deloitte & Touche LLP as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2010, and has directed that management submit the selection of Deloitte & Touche LLP as our independent registered public accounting firm for ratification by the shareholders at the Annual Meeting. A representative of Deloitte & Touche LLP is expected to be present at the Annual Meeting and will be available to respond to appropriate questions from our shareholders and will be given an opportunity to make a statement if he or she desires to do so.

Shareholder ratification of the selection of Deloitte & Touche LLP as our independent registered public accounting firm is not required by our Bylaws or otherwise. However, the Board is submitting the selection of Deloitte & Touche LLP to shareholders for ratification as a matter of good corporate governance. If shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of Mylan and its shareholders.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR RATIFICATION OF THE SELECTION OF DELOITTE & TOUCHE LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM.

Independent Registered Public Accounting Firm's Fees

Deloitte & Touche LLP served as Mylan's independent registered public accounting firm during 2009 and 2008, and no relationship exists other than the usual relationship between independent registered public accounting firm and client. Details about the nature of the services provided by, and the fees the Company paid to, Deloitte & Touche LLP for such services during 2009 and 2008 are set forth below.

Audit Committee Pre-Approval Policy

The Audit Committee has adopted a policy regarding pre-approval of audit, audit-related, tax and other services that the independent registered public accounting firm may perform for the Company. Under the policy, the Audit Committee must pre-approve on an individual basis any requests for audit, audit-related, tax and other services not covered by certain services that are pre-approved annually by the Audit Committee. The policy also prohibits the engagement of the independent registered public accounting firm for non-audit related financial information systems design and implementation, for certain other services considered to have an impact on independence and for all services prohibited by the Sarbanes-Oxley Act of 2002. All services performed by Deloitte & Touche LLP during 2009 and 2008 were pre-approved by the Audit Committee in accordance with its policy.

**ITEM 3 SHAREHOLDER PROPOSAL ADVISORY (NON-BINDING)
VOTE ON EXECUTIVE COMPENSATION**

The Nathan Cummings Foundation (NCF), 475 Tenth Avenue, 14th Floor, New York, New York 10018, a beneficial holder of 500 shares of Mylan common stock, has given notice of its intention to introduce the following resolution at the Annual Meeting:

Advisory Vote on Executive Compensation

RESOLVED, that shareholders of Mylan Inc. request the board of directors to adopt a policy that provides shareholders the opportunity at each annual shareholder meeting to vote on an advisory resolution, proposed by management, to ratify the compensation of the named executive officers (NEOs) set forth in the proxy statement's Summary Compensation Table (the SCT) and the accompanying narrative disclosure of material factors provided to understand the SCT (but not the Compensation Discussion and Analysis). The proposal submitted to shareholders should make clear that the vote is non-binding and would not affect any compensation paid or awarded to any NEO.

Supporting Statement

Concerns about executive compensation have reached new levels of intensity among both investors and the public at large. A 2009 report by The Conference Board Task Force on Executive Compensation, noting that pay has become a flashpoint, recommends taking immediate and credible action in order to restore trust in the ability of boards to oversee executive compensation and calls for compensation programs which are transparent, understandable and effectively communicated to shareholders.

One way in which companies can begin to restore trust in the ability of their boards to oversee executive compensation while enhancing communication on the issue with their shareholders is by providing their shareholders with say on pay. More than 25 leading companies have already agreed to do so, including Apple, Ingersoll Rand, Microsoft, Occidental Petroleum, Hewlett-Packard, Intel, Verizon and PG&E. Following Aflac's first advisory vote on compensation in 2008, the company's Chairman and CEO said that, "An advisory vote on our compensation report is a

helpful avenue for our shareholders to provide feedback on our pay-for-performance compensation philosophy and pay package.

Investors filed close to 100 Say on Pay proposals last year asking companies to provide them with an advisory vote on executive compensation. Votes on these proposals averaged more than 46% in favor, and more than 20 proposals saw votes over 50%, demonstrating strong shareholder support for this reform.

Table of Contents

The influential proxy voting advisory service RiskMetrics Group recommends voting in favor of Say on Pay resolutions, noting, RiskMetrics encourages companies to allow shareholders to express their opinions of executive compensation practices by establishing an annual referendum process. An advisory vote on executive compensation is another step forward in enhancing board accountability.

RiskMetrics is not alone in its support of allowing investors to have a say on pay. A bill mandating annual advisory votes passed the House of Representatives, and similar legislation is expected to pass in the Senate. We believe, however, that companies should demonstrate leadership and proactively adopt this reform before the law requires it.

The Council of Institutional Investors, which has also endorsed advisory votes on pay, has stated that, Executive compensation is the most critical and visible aspect of a company's governance. We urge Mylan to institute this best-practice governance reform and allow shareholders to have a say on pay.

Board of Directors Statement in Opposition

The Board recognizes that executive compensation is a part of good corporate governance and has carefully considered this proposal and issues associated with shareholder advisory votes on executive compensation. While the Board welcomes dialogue between shareholders and the Board, it does not believe the proposal effectively serves that interest or that it is in the best interests of Mylan's shareholders to provide for shareholder advisory votes on executive compensation for the following reasons.

As discussed under the heading Compensation Discussion and Analysis beginning on page 20, Mylan has implemented a carefully crafted executive compensation program designed to attract, retain and reward executives for their leadership and performance, and has a proven track record of attracting and retaining high caliber executives. The compensation program directly aligns executives' interests with those of the Company's shareholders. The Compensation Committee has determined that an executive compensation program comprising various elements of compensation, including base salaries, incentive bonuses, and various performance-based equity awards, best meets its dual objectives of attracting and retaining highly talented executives and aligning compensation with shareholder returns. The Board believes that the proposal, if implemented, could put the Company at a competitive disadvantage to public companies that have not adopted this practice.

An advisory vote on executive compensation would ask shareholders to endorse or reject compensation decisions without the benefit of all relevant information and observations throughout the relevant period, that are available to the Board or the Compensation Committee members, meaning that it would be impossible for shareholders to make a fully informed decision. The Compensation Committee, composed entirely of independent directors, is responsible for bringing its knowledge, skill and experience to the process of reviewing, approving and overseeing Mylan's compensation plans and practices. The Compensation Committee determines executive compensation only after considering numerous factors, including the strategic and financial objectives and performance of Mylan and the performance of the individuals involved. The Compensation Committee considers both public and confidential information. In this process, the Compensation Committee uses comparative market data from a number of other companies and has retained independent professional advisors who provide expert advice on compensation variables and levels. As a result, it is critical that the Compensation Committee retain flexibility to select the appropriate incentives.

Further, the advisory vote would put Mylan at a competitive disadvantage and, if such a vote were implemented, the requirements should only be applied consistently to all public companies. As acknowledged by the proponent, there appears to be support in Congress and the executive branch for legislation relating to annual shareholder advisory votes on executive compensation. Any such legislation presumably would apply consistently to all public companies, and we believe these types of discussions belong at those levels, as opposed to the inconsistency that would result

from application of these requirements only to certain companies. Further, the Board believes that it would be an inefficient use of the Company's time and resources to develop and implement an advisory vote when the substance of the resolutions and the procedures for carrying out the vote may be established by law in the near future.

Table of Contents

Finally, an advisory vote is not necessary because Mylan shareholders already have an efficient and effective method of communicating directly with the Board and its Compensation Committee. Shareholders may communicate with any member or committee of the Mylan Board (including the Compensation Committee or the Board generally) as described on page 38 under the heading Communications with Directors. By contacting the Board or members of the Compensation Committee directly, shareholders can directly express, with specificity, clarity and accuracy, their concerns regarding the Company's compensation policies and practices to those charged with designing and administering Mylan's executive compensation program. The Board believes that an advisory vote, which would not provide the Board with particular and sufficient information to address specific shareholder concerns, is not an effective or meaningful method for shareholders to communicate their views regarding executive compensation.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE AGAINST THE SHAREHOLDER PROPOSAL.

ITEM 4 SHAREHOLDER PROPOSAL RETENTION OF EXECUTIVE EQUITY COMPENSATION

The American Federation of State, County and Municipal Employees (AFSCME) Employees Pension Plan, 1625 I Street, N.W., Washington, D.C. 20036-5687, a beneficial holder of 2,100 shares of Mylan common stock, has given notice of its intention to introduce the following resolution at the Annual Meeting:

RESOLVED, that shareholders of Mylan urge the Compensation Committee of the Board of Directors (the Committee) to adopt a policy requiring that senior executives retain a significant percentage of shares acquired through equity compensation programs until two years following the termination of their employment (through retirement or otherwise), and to report to shareholders regarding the policy before Mylan's 2011 annual meeting of shareholders. The shareholders recommend that the Committee not adopt a percentage lower than 75% of net after-tax shares. The policy shall apply to future grants and awards of equity compensation and should address the permissibility of transactions such as hedging transactions which are not sales but reduce the risk of loss to the executive.

SUPPORTING STATEMENT

Equity-based compensation is an important component of senior executive compensation at Mylan. According to Mylan's 2009 proxy statement, option and equity awards represented approximately 42 to 48% of the total direct compensation value provided to named executive officers in 2008, and these awards align executive interests with those of shareholders. In the last three years, Mylan's named executive officers have acquired more shares through vesting and option exercises than the shares they own outright. They have exercised over 2,367,039 options and acquired 627,546 shares through vesting for realized value over \$32.8 million while owning 768,626 shares outright, along with 2,803,196 shares in options. We believe that the alignment benefits touted by Mylan are not being fully realized.

We believe there is a link between shareholder wealth and executive wealth that correlates to direct stock ownership by executives. According to an analysis conducted by Watson Wyatt Worldwide, companies whose CFOs held more shares generally showed higher stock returns and better operating performance. (Alix Stuart, Skin in the Game, CFO Magazine (March 1, 2008))

Requiring senior executives to hold a significant portion of shares obtained through compensation plans after the termination of employment would focus them on Mylan's long-term success and would better align their interests with those of Mylan shareholders. In the context of the current financial crisis, we believe it is imperative that companies reshape their compensation policies and practices to discourage excessive risk-taking and promote long-term,

sustainable value creation. A 2009 report by the Conference Board Task Force on Executive Compensation stated that hold-to-retirement requirements give executives an evergrowing incentive to focus on long-term stock price performance. (http://www.conference-board.org/pdf_free/ExecCompensation2009.pdf)

Table of Contents

Mylan has a minimum stock ownership guideline requiring executives to own a number of shares of Mylan stock as a multiple of salary. The executives covered by the policy have until 2011 and 2013 to comply. We believe this policy does not go far enough to ensure that equity compensation builds executive ownership, especially given the extended time period for compliance. We also view a retention requirement approach as superior to a stock ownership guideline because a guideline loses effectiveness once it has been satisfied.

We urge shareholders to vote for this proposal.

Board of Directors Statement in Opposition

The Board recognizes that meaningful, long-term stock ownership aligns executives' interests with those of shareholders and promotes a focus on sustainable value creation. However, the Board believes that Mylan's current policies and programs achieve this goal effectively, and does not believe that it is in the best interests of Mylan's shareholders to provide for a share retention policy for the reasons set forth below.

The proposal is nonsensical, in its concept of applying certain restrictions to some shareholders but not to others. For example, the vesting of an equity award, whether based on performance or the passage of time, is a mechanism for instilling a long-term perspective; however, once an award vests and shares are held, it would be inherently inconsistent and unfair to treat those shareholders differently than other shareholders are treated.

In addition, the proposal is not needed to align the financial interests of the Company's senior executives with those of its shareholders. Unlike many of its peers, the Company has in place stock ownership guidelines for its executive officers. As a result of these guidelines, which require such officers to maintain from 200% to 500% of the officer's base salary in Company equity, these interests are already well aligned. All of the Company's officers have met or are on track to meet the ownership levels provided in the Company's guidelines. Moreover, the Company believes that the effectiveness and intent of its guidelines will continue after the thresholds have been reached because officers will have a significant portion of their personal assets tied to the continued success of the Company. And, in contrast to the proposal, the Company's guidelines provide clear, reasonable and meaningful standards for the amount of stock to be owned.

Further, the composition of the Company's compensation packages already effectively motivates executives to deliver long-term results and discourages unreasonable risk-taking. A significant portion of executive officer compensation consists of stock option and RSU grants. The officer does not receive the full value of the award unless he or she remains with the Company through the final vesting date, which the Company believes strongly aligns and rewards officers for driving long-term results and taking a long-term view of the Company's performance.

The proposal would also conflict with the Company's objective of providing competitive total compensation to its executives, as described in "Compensation Discussion and Analysis" beginning on page 20. If implemented, the proposal would put the Company at a competitive disadvantage in its efforts to attract and retain top executives because the Company would be obligated to provide stock options and other stock awards that are subject to sale restrictions that are not imposed by its peers and competitors.

Finally, because equity compensation is the largest element of compensation for the Company's executive officers, vested options and RSUs make up a substantial proportion of many officers' net assets. Requiring officers to retain a high percentage of the shares awarded to them through equity compensation plans could actually encourage officers to rethink their position with the Company in order to realize the value of their compensation sooner, a result that is completely contrary to the retention aspect that is core to the granting of equity awards.

EXECUTIVE COMPENSATION FOR 2009

Compensation Discussion and Analysis

Overview

This Compensation Discussion and Analysis explains the material elements of the compensation of the Named Executive Officers and describes the objectives and principles underlying the Company's executive compensation programs. We note, however, that two of the Named Executive Officers, Mr. Borkowski and Ms. Varney, both of whom held the position of principal financial officer during a portion of the year, separated from employment during 2009. Their compensation is discussed separately under the heading Potential Payments Upon Termination or Change of Control.

Table of Contents

Objectives and Principles of Our Executive Compensation Program

The principal objectives of the Company's executive compensation program are:

To seek to align the interests of executive officers with the interests of the Company's shareholders, with an increased emphasis on pay-for-performance compensation;

To provide compensation to executive officers at levels that will enable the Company to attract and retain individuals of the highest caliber; and

To compensate executive officers in a manner designed to recognize individual and Company performance.

The Company strives to meet these objectives by implementing the principles listed below:

Significant portions of compensation should be tied to the Company's performance and therefore at risk. Significant portions of executive compensation should be tied to both the achievement of the Company's key operational and financial performance goals and the value of the Company's stock, thereby aligning executive compensation with both the success of the Company's business strategy and objectives as well as the returns realized by our shareholders. For example, we have both short-term and long-term incentives (cash bonuses and restricted stock, respectively) which are tied to the achievement of key operational and financial metrics that drive the Company's business strategy. These measurements are described below under Our Executive Compensation Program. Furthermore, time-based equity awards under the 2003 Plan, such as stock options and restricted stock units (RSUs), are an important component of the executives' total compensation, in order to further ensure alignment with the interests of our shareholders. Our executives' fixed compensation (which primarily includes base salaries, benefits and perquisites), as well as executives' short-term and long-term performance-based compensation at target levels of performance, are generally designed to fall at approximately the 50th percentile of compensation paid by companies in our peer group. Our executives' short-term and long-term performance-based compensation are each expressed as a percentage of their salaries. Approximately 60% to 85% of the total compensation for each of Messrs. Coury, Malik, Korman and Rizzo and Ms. Bresch during 2009 was at risk.

Executive officers should have a financial stake in the success of the Company. In addition to believing that compensation should be tied to the Company's performance and be at risk, our Compensation Committee has adopted guidelines that require certain of the Company's top executive officers to maintain specified stock ownership percentages. The stock ownership requirements are expressed as a percentage of base salary which, for Mr. Coury, is 500% of base salary, which is to be attained by 2011. In addition, Ms. Bresch and Messrs. Malik, Rizzo and Korman are also subject to stock ownership guidelines—300% of base salary in the case of Ms. Bresch and Mr. Malik, and 200% of base salary in the case of Messrs. Rizzo and Korman—in each case with attainment of the goals to be reached by 2013. Certain other officers are subject to guidelines (several at 200% of base salary and others at 100% of base salary), which need to be attained by 2013. Shares actually owned by the executive (including restricted shares and shares held in the Company's 401(k) and Profit Sharing Plan) as well as RSUs count toward compliance with these guidelines. We believe this requirement effectively creates for each officer an ongoing personal financial stake in the success of the Company, further aligns the interests of the Company's officers and our shareholders and motivates officers to maximize shareholder value.

Executive compensation should be competitive with companies within our peer group and also recognize individual performance. In order to attract and retain high-caliber executive officers, our total compensation packages must continue to be in line with what would be offered by companies within our peer group. To that end, we retained Hewitt Associates, a nationally recognized independent compensation consulting firm, which

then became its spin-off compensation unit, Meridian Compensation Partners LLC. Meridian provides us with peer comparables and other information, as well as views and advice on compensation-related matters. We also analyze overall compensation very carefully to ensure we are recognizing subjective factors such as responsibilities, position and individual performance including such qualities as leadership, strategic vision and execution of corporate initiatives. We are also cognizant that as we continue to pursue our strategic initiatives and growth strategies, the companies constituting our peer group may change, and we may therefore need to review and adjust our total

Table of Contents

executive compensation packages accordingly. Our Compensation Committee has direct access to Meridian regarding any issues that arise within the Compensation Committee's authority, and while the Compensation Committee also seeks and receives input from management on executive compensation issues (for example, on the criteria and specific target levels for awards under our short-term and long-term performance-based incentive plans), decisions on these matters are made solely by our Compensation Committee.

Our Executive Compensation Program

The primary elements of the Company's executive compensation program are described below. We believe that these elements of compensation collectively support the objectives of the Company's executive compensation program and encourage both the short-term and long-term success of the Company.

In connection with the development of our compensation program for our Named Executive Officers, our compensation consultant developed a list of peer companies. For 2009, this peer group consisted of the following 12 companies, including companies in both the generic and branded sectors: Allergan, Inc.; C.R. Bard, Inc.; Becton, Dickinson and Company; Biogen Idec, Inc.; Bristol-Myers Squibb Co.; Celgene Corporation; Eli Lilly and Company; Forest Laboratories, Inc.; Gilead Sciences, Inc.; Sepracor, Inc.; Warner Chilcott Limited.; and Watson Pharmaceuticals, Inc. Among other matters, we utilize these companies to assess competitive market data. A change was made to the peer group this year to reflect consolidation in the industry.

The competitive market data included the following components:

Base salary. Base salaries for our executive officers are paid in accordance with the Executive Employment Agreements approved by our Compensation Committee and are reviewed and changed by the Compensation Committee from time to time. The base salary earned by each of our Named Executive Officers for 2009 is set forth in the Summary Compensation Table below. In August 2009, the Compensation Committee approved increases in Mr. Coury's base salary from \$1,500,000 to \$1,700,000, Ms. Bresch's base salary from \$600,000 to \$725,000, and Mr. Malik's base salary from \$500,000 to \$625,000; in March 2010, the Committee approved increases to Ms. Bresch's, Mr. Malik's and Mr. Rizzo's base salary to \$800,000, \$650,000 and \$365,000, respectively. In addition, Mr. Korman's base salary was increased from \$450,000 to \$500,000 in March 2010. A variety of factors determine base salary, including marketplace practices, as modified by experience, tenure, internal equity considerations, individual performance of each executive and Company performance, and these recent raises reflected consideration of such factors.

Short-term incentive compensation. The Company's short-term incentive compensation for its executive officers consists of performance-based annual cash bonus awards that are intended to balance the interests of executives and investors by providing incentives based on a set of operational and financial measures critical to the success of the Company's business strategy. These awards are made pursuant to the 2003 Plan and are intended to qualify as qualified performance-based compensation under Section 162(m). The short-term incentive bonus program for 2009 included three annual performance criteria approved by our Compensation Committee: adjusted diluted earnings per share, global regulatory submissions and attainment of synergies. The synergy metric, in light of recent acquisitions, was chosen to replace new product launches, which was the third metric that had been used in 2008. This item was chosen due to its importance to driving the business and enhancing shareholder value. The performance criteria were weighted such that 50% of the short-term incentive bonus was based on adjusted diluted earnings per share, while global regulatory submissions and synergies each comprised 25% of the total. The target level of 2009 adjusted diluted earnings per share, the target number of global regulatory submissions and the synergies target were \$1.02, 140 and \$160 million, respectively. These were based on our Compensation Committee's best estimate of what was likely to occur during 2009. At target levels of performance, bonuses equal 125% of base salary for Mr. Coury, 100% of base

salary for Ms. Bresch and Mr. Malik, and 60% of base salary for Mr. Rizzo. Depending upon the extent to which performance criteria are achieved, bonuses can range from 50% of target (at threshold performance) to 200% of target (at maximum performance). No bonuses are paid if threshold performance is not met. For a description of the various levels of potential payouts to each of the Named Executive Officers, see the table below entitled Grant of Plan-Based Awards For 2009.

Table of Contents

For 2009, actual adjusted diluted earnings per share, global regulatory submissions and synergies were \$1.30, 185 and \$234 million, respectively, in each case exceeding the target levels put in place by the Compensation Committee. This resulted in overall performance at 200% of the target level of performance under the Bonus Program (and 250% in the case of Mr. Coury). The Compensation Committee, in its deliberations on the actual awards, primarily took into consideration the performance criteria's formulaic results; in addition, the Compensation Committee also considered subjective factors such as an executive's individual performance, duties and responsibilities; an executive's leadership as demonstrated by contributions to the strategic development, governance and vision of the Company; the executives' titles; the Company's overall progress in reaching organizational development and growth; and the executive's commitment to the Company's overall business philosophy. Accordingly, each of Mr. Coury, Ms. Bresch, and Messrs. Malik and Rizzo were paid annual incentive awards equal to 200% of their targets under the bonus program (i.e., 250% of base salary for Mr. Coury, 200% of base salary for Ms. Bresch and Mr. Malik, and 120% of base salary for Mr. Rizzo). Mr. Korman, whose employment agreement provides for an annual discretionary bonus target equal to 75% of his annual base salary, also received more than his target amount for reasons similar to the Compensation Committee's considerations. The dollar amounts of short-term incentive compensation or bonus, as applicable, earned by each of the Named Executive Officers for 2009 are set forth below in the Summary Compensation Table.

Consistent with the philosophy and methodology used in 2009, for 2010 the short-term incentive compensation metrics are also adjusted diluted earnings per share, global regulatory submissions and attainment of synergies, likewise weighted at 50%, 25% and 25%, respectively.

Long-term incentive compensation. We believe that long-term incentives should be directly related to common stock performance, as well as other operational and financial measures. Under the 2003 Plan, the Company may grant various types of awards, including nonqualified and incentive stock options, restricted stock, stock grants, performance shares, performance units, and stock appreciation rights, to the Named Executive Officers, as well as to other eligible employees.

The long-term equity grants awarded to the Named Executive Officers in 2009 included (i) stock options with an exercise price equal to the closing price of the Company's common stock on the date of grant that vest ratably over a period of three years, provided that the executive remains continually employed by the Company; (ii) awards of RSUs that vest annually over a three-year period provided that the executive remains continually employed by the Company; and (iii) performance-based RSUs that generally vest at the end of a three-year period (subject to continued employment) based upon the achievement of performance criteria (those being adjusted diluted earnings per share, regulatory submissions and synergies, each weighted one-third).

Equity grants made to our Named Executive Officers in 2009 are set forth and described in the table below entitled Grants of Plan-Based Awards for 2009.

The current expectation of our Compensation Committee is to make annual equity grants, most likely in the first quarter of a fiscal year, with appropriate exceptions for new hires and promotions. The 2010 annual executive officer equity grant was made on March 3, 2010. Messrs. Coury, Malik, Rizzo and Korman and Ms. Bresch received a grant of options and restricted stock units (RSUs) that each time-vest over three years, beginning on the first anniversary of the date of grant. Currently, there is no exact date for the making of these grants each year, but our Compensation Committee intends to review its equity grant policy from time to time to ensure that it is in line with corporate best practices. We believe these annual grants serve as a retention incentive as well as another manner in which to align executives' interests with those of our shareholders.

Also on March 3, 2010, the Named Executive Officers were granted long-term performance-based incentives in the form of RSUs that cliff-vest after a three-year period, assuming specified performance criteria are met (in this case,

adjusted diluted earnings per share targets).

Table of Contents

Perquisites. The Company's Named Executive Officers receive a level of perquisites that we believe falls within observed competitive practices for companies in the peer group described above. Perquisites vary slightly among the Named Executive Officers and include the following:

Each Named Executive Officer receives the use of a Company car or a car allowance, and the costs associated with this perquisite (including, for certain officers, a gross-up of income taxes associated with this perquisite) are covered by the Company as part of the arrangement. Mr. Malik, who works primarily overseas, also receives the use of a driver.

In addition to each Named Executive Officer's use of the Company-owned aircraft for business travel, since the start of his employment in 2002, Mr. Coury's employment agreement has entitled him to personal use of Company aircraft for vacations and other personal purposes in light of heightened security concerns, and he receives a gross-up of income taxes associated with his personal use of the aircraft. At Mr. Coury's discretion, other senior executive officers from time to time may also be afforded personal use of the corporate aircraft.

Employment Agreements. We believe it is essential to have employment agreements with our executive officers and other key employees. These agreements memorialize critical terms of employment, including termination rights and obligations, non-competition covenants and compensation and perquisites and thereby enhance the stability and continuity of our employment relationships. Each of the Named Executive Officers is party to an Executive Employment Agreement. For a detailed description of the Employment Agreements, see the section below entitled "Employment Agreements."

Retirement Benefits. The Company maintains its 401(k) and Profit Sharing Plan, which is a qualified retirement plan offered to all U.S. salaried employees of the Company, including the U.S.-based Named Executive Officers. The plan permits employees to contribute a portion of their pay to the plan on a pre-tax basis and also provides for both a direct contribution and a matching contribution by the Company to participants' accounts, as well as a discretionary profit sharing contribution. These contributions are reflected in the "All Other Compensation" column of the Summary Compensation Table.

In addition, in December 2009, the Company adopted a 401(k) Restoration Plan (the "Restoration Plan"). The Restoration Plan permits employees (including the Named Executive Officers) who earn compensation in excess of the limits imposed by Section 401(a)(17) of the Internal Revenue Code of 1986, as amended (the "Code"), to (i) defer a portion of base salary and bonus compensation, (ii) be credited with a Company matching contribution in respect of deferrals under the Restoration Plan, and (iii) be credited with Company non-elective contributions (to the extent so made by the Company), in each case, to the extent that participants otherwise would be able to defer or be credited with such amounts, as applicable, under the Company's Profit Sharing 401(k) Plan if not for the limits on contributions and deferrals imposed by the Code.

Also in December 2009, the Company adopted an Income Deferral Plan, which permits certain management or highly compensated employees (including the Named Executive Officers) who are designated by the plan administrator to participate in the Income Deferral Plan to elect to defer up to 50% of base salary and up to 100% of bonus compensation, in each case, in addition to any amounts that may be deferred by such participants under the Profit Sharing 401(k) Plan and the Restoration Plan. In addition, under this Plan, eligible participants may be granted employee deferral awards, which awards will be subject to the terms and conditions (including vesting) as determined by the plan administrator at the time such awards are granted.

The Company has also entered into Retirement Benefit Agreements ("RBAs") with three of the Named Executive Officers, Messrs. Coury and Malik and Ms. Bresch, in recognition of their service to the Company and to provide a

supplemental form of retirement and death benefit. For a detailed description of the RBAs, see the section below entitled Retirement Benefit Agreements.

When Mr. Malik joined the Company in January 2007, the Company put in place a nonqualified deferred compensation plan on his behalf until such time as he relocates to, and is paid through, the U.S. and can participate in the Company's 401(k) plan. The Company contributes to Mr. Malik's account each pay period.

Table of Contents

The plan account will be distributed to Mr. Malik upon the Company's termination of the plan, the termination of Mr. Malik's employment, or other qualifying distribution events, such as his retirement, disability or death.

Transition and Succession Agreements. The Company is party to Transition and Succession Agreements with each Named Executive Officer and certain other officers, with an aim to assuring that the Company will have the officer's full attention and dedication to the Company during the pendency of a possible change in control transaction and to provide the officer with compensation and benefits in connection with a change of control. For a detailed description of those Transition and Succession Agreements, see below, under Transition and Succession Agreements.

Deductibility Cap on Executive Compensation

Section 162(m) restricts the deductibility for federal income tax purposes of the compensation paid to the Chief Executive Officer and each of the other Named Executive Officers for any fiscal year to the extent that such compensation for such executive exceeds \$1,000,000 and does not qualify as performance-based compensation as defined under Section 162(m). The Board and our Compensation Committee have taken actions, including the grant of stock options, performance-based restricted stock awards and annual bonuses described in this Compensation Discussion and Analysis, intended to enhance Mylan's opportunity to deduct compensation paid to executive officers for federal income tax purposes. Our Compensation Committee intends, to the extent appropriate, to preserve the deductibility of executive compensation without breaching Mylan's contractual commitments or sacrificing the flexibility needed to recognize and reward desired performance.

COMPENSATION COMMITTEE REPORT

We have reviewed and discussed the Compensation Discussion and Analysis with management. Based on such review and discussions, we recommended to the Board that the Compensation Discussion and Analysis be included in the Company's Form 10-K and this Proxy Statement on Schedule 14A.

Respectfully submitted,

Rodney L. Piatt, C.P.A., Chairman
Wendy Cameron
Joseph C. Maroon, M.D.

(1) Mr. Rizzo and Mr. Korman are not party to Retirement Benefit Agreements.

(2) This is a deferred compensation plan established for the benefit of Mr. Malik.

Retirement Benefit Agreements and Deferred Compensation Plan

In December 2004, the Company entered into an RBA with Mr. Coury in furtherance of the obligations contained in his employment agreement. This RBA has been modified from time to time, most recently in March 2010 (the Amended RBA). Additionally, the Company also entered into RBAs with Ms. Bresch and Mr. Malik in August 2009 (together, with Mr. Coury's Amended RBA, the RBAs).

Pursuant to the Amended RBA, upon retirement following completion of ten or more years of service, Mr. Coury would be entitled to receive a lump sum retirement benefit equal to the present value of an annual payment of 50% of the sum of his base salary on the date of retirement and the average of the three highest annual cash bonuses paid to Mr. Coury during the five years preceding his retirement, for a period of 15 years beginning at age 55 (together, with Ms. Bresch and Mr. Malik's benefits as described below, the Retirement Benefit). As a

Table of Contents

result of his years of service, Mr. Coury has vested 80% in his Retirement Benefit, with an additional 10% of the Retirement Benefit vesting after each year of service for each of the next two years.

Pursuant to the RBAs of Ms. Bresch and Mr. Malik, upon retirement following completion of ten or more years of service, Ms. Bresch and Mr. Malik would be entitled to receive a lump sum retirement benefit equal to the present value of an annual payment of 20% and 15%, respectively, of the sum of their base salary and target annual bonus on the date of retirement, for a period of 15 years beginning at age 55. After completing five years of continuous service as an executive, Ms. Bresch vested 50% in her Retirement Benefit, with an additional 10% of the Retirement Benefit vesting after each year of service for up to five additional years (the Partial Benefit). Mr. Malik has completed three years of continuous service with the Company, and upon completing two additional years he will begin to vest in his Retirement Benefit.

Upon the occurrence of a change of control of the Company, each executive would become fully vested in his or her Retirement Benefit and would be entitled to receive a lump sum payment equal to the net present value of the Retirement Benefit, further discounted to the executive's current age from age 55, as soon as practicable following any subsequent termination of employment. If an executive dies while employed by the Company, the executive's beneficiary would be entitled to receive a lump sum payment equal to the greater of (i) two times the executive's current base salary or (ii) the net present value of the Retirement Benefit.

If Mr. Coury is terminated in a manner entitling him to severance under his employment agreement, he will be entitled to three additional years of service credit for vesting purposes. Further, Mr. Coury's Amended RBA provides that if (a) Mr. Coury's employment is terminated without cause or for good reason within one year prior to a potential change in control and (b) the transaction or other event contemplated by the potential change in control is consummated so as to result in a change in control, Mr. Coury will be entitled to receive the excess (if any) of the retirement benefit that would have been paid to him had his employment terminated following the change in control and the retirement benefit actually paid to him. Ms. Bresch and Mr. Malik's RBAs provide that if the executive's employment is terminated without cause or for good reason, the executive will receive additional years of service credit corresponding to the applicable severance multiplier under his or her Transition and Succession Agreement.

Each of the RBAs provides that the executive is prohibited for one year following termination from engaging in activities that are competitive with the Company's activities, provided that this provision will have no effect if, after the occurrence of a change in control, the Company refuses, fails or disputes any payments to be made to the executive under the RBA, whether or not the executive actually receives payment under the RBA.

Each of the RBAs provides that during the five-year period following termination, except for any termination occurring following a change in control, the Company may request that the executive provide consulting services for the Company, which services will be reasonable in scope, duration and frequency, and not to exceed 20 hours per month. The hourly rate for such consulting services will be determined by the parties at the time, but may not be less than \$500 per hour, payable monthly. The executive would also be entitled to reimbursement of all out-of-pocket expenses incurred in the course of providing these services.

Information concerning the estimated value of benefits under the RBAs assuming retirement as of December 31, 2009 is at Potential Payments Upon Termination or Change of Control.

In 2007, the Company established a nonqualified deferred compensation plan for Mr. Malik, which is intended to be in place until such time as he relocates to, and is paid through, the U.S. and can participate in the Company's 401(k) plan. The Company contributes to Mr. Malik's account each pay period. The plan account will be distributed to Mr. Malik upon the Company's termination of the plan, the termination of Mr. Malik's employment, or other qualifying distribution events, such as his retirement, disability or death.

Employment Agreements

The Company is party to employment agreements with each of the Named Executive Officers.

Mr. Coury. In April 2006, the Company and Mr. Coury entered into an Amended and Restated Executive Employment Agreement, superseding his original agreement from 2002, which agreement was modified in December 2008, for technical changes necessitated by Section 409A. The Amended and Restated Executive

Table of Contents

Employment Agreement had an initial term of three years (through March 31, 2009) and is automatically renewed on each anniversary of the effective date unless a non-renewal notice is provided. Pursuant to the agreement, Mr. Coury is entitled to an annual base salary of \$1,700,000, and he is eligible for an annual performance-based target bonus of at least 100% of base salary which will be payable upon the achievement of the performance targets. Mr. Coury is also entitled to participate in long-term incentive and equity plans of the Company on a basis at least as favorable as other senior executives and entitled to employee benefits and other fringe benefits no less favorable than the benefits to which he was entitled under his original employment agreement. Throughout the term of the agreement and for a period of two years following Mr. Coury's termination of employment for any reason, he may not engage in activities that are competitive with the Company's activities and may not solicit the Company's customers or employees.

For a description of the termination provisions of the Amended and Restated Executive Employment Agreement, please see below, at Potential Payments Upon Termination or Change of Control.

Ms. Bresch, Mr. Malik, Mr. Korman and Mr. Rizzo. The Company entered into employment agreements with Ms. Bresch and Mr. Malik in January 2007, which agreements were amended in October 2007, December 2008 and, in the case of Ms. Bresch, again in August 2009. The Company entered into an employment agreement with Mr. Korman in February 2006, which was most recently amended effective February 2010 to extend the term. The Company entered into an employment agreement with Mr. Rizzo in February 2008, which agreement was amended in December 2008. Each agreement provides for the payment of a minimum base salary, as well as eligibility to receive a discretionary bonus and fringe benefits of employment as are customarily provided to senior executives of the Company.

Ms. Bresch's agreement is scheduled to expire, unless earlier terminated, extended or renewed, on August 31, 2012 as a result of the August 2009 amendment. Unless earlier terminated, extended or renewed, the agreements with Messrs. Malik, Korman and Rizzo expire on January 31, 2012, February 14, 2013 and February 28, 2011, respectively. Ms. Bresch and Mr. Malik's agreements provide for target bonuses equal to 100% of their respective base salaries. Mr. Korman and Mr. Rizzo's agreements provide for a target bonus equal to 75% and 60%, respectively, of their base salaries. Each of Ms. Bresch, Mr. Malik, Mr. Korman and Mr. Rizzo's agreements also provide that throughout the term of the agreement and for a period of one year following the executive's termination of employment for any reason, the executive may not engage in activities that are competitive with the Company's activities and may not solicit the Company's customers or employees.

For a description of the termination provisions under these agreements, please see below, at Potential Payments Upon Termination or Change of Control.

Potential Payments Upon Termination or Change of Control

The following discussion summarizes the termination and change of control-related provisions of the employment agreements, RBAs and transition and succession agreements entered into between the Company and the applicable Named Executive Officers, and the change of control provisions under the Company's 2003 Long-Term Incentive Plan, as amended.

Employment Agreements.

Robert J. Coury. Under Mr. Coury's Employment Agreement, in the event of a termination of Mr. Coury's employment by the Company for cause, he will be entitled to wages and benefits through the termination date and vested benefits payable pursuant to Company plans or agreements between the Company and Mr. Coury (accrued benefits). Upon Mr. Coury's termination of employment by the Company without cause, by Mr. Coury for good reason, or by reason of death or disability (each as defined in the employment agreement), he will be entitled to

receive, in addition to his accrued benefits, (a) three times the sum of his then current base salary and the higher of his target bonus for the year of termination or average of actual bonuses awarded to him for the three years preceding his termination of employment, (b) a pro-rata target bonus for the year of termination, (c) continuation of employee benefits for a period of three years following termination of employment and an annual allowance relating to access to corporate aircraft for three years following termination, and (d) immediate vesting of outstanding equity awards. Amounts payable upon death or disability will be reduced by other death or

disability benefits received from the Company, and cash severance amounts payable upon disability will be paid over a three-year period.

If Mr. Coury's employment with the Company had terminated on December 31, 2009, by the Company without cause or by Mr. Coury for good reason, under his employment agreement he would have been entitled to cash severance payments and other benefits having an aggregate value of \$20,579,725, and equity awards having an intrinsic value as of December 31, 2009 of approximately \$17,119,668 would have become vested. If Mr. Coury's employment with the Company had terminated on December 31, 2009, because of his death, he would have been entitled to cash severance payments and other benefits under his employment agreement having an aggregate value of \$33,141,505. If Mr. Coury's employment with the Company had terminated on December 31, 2009, because of his disability, he would have been entitled to cash severance payments and other benefits under his employment agreement having an estimated aggregate value as of December 31, 2009 of \$37,699,393.

Heather Bresch and Rajiv Malik. If Ms. Bresch or Mr. Malik were to resign for good reason or be discharged by the Company without cause, such executive would be entitled to a lump sum payment equal to 12 months of base salary, 12 months of health benefits at the Company's cost, plus a pro rata bonus equal to the bonus such executive would have been entitled to receive for the fiscal year in which the termination occurs. If the term of employment in the employment agreement of either such executive is not extended or renewed on terms mutually acceptable to him or her and the Company, by the terms of their respective employment agreements, he or she would be entitled to a lump sum payment equal to 12 months' continuation of base salary and health benefits at the Company's cost.

If Ms. Bresch's employment had been terminated on December 31, 2009, by the Company without cause or by Ms. Bresch for good reason, she would have been entitled to receive \$1,979,248 under her employment agreement and equity awards. If Ms. Bresch's employment with the Company had terminated on December 31, 2009 because of her death or disability, she would have been entitled to cash severance payments and other benefits under her employment agreement and equity awards having an aggregate value of \$6,623,041.

If Mr. Malik's employment had been terminated on December 31, 2009, by the Company without cause or by Mr. Malik for good reason, he would have been entitled to cash severance and other benefits under his employment agreement having an estimated aggregate value of \$1,489,896. If Mr. Malik's employment with the Company had terminated on December 31, 2009, because of his death or disability, he would have been entitled to cash severance payments and other benefits under his employment agreement and equity awards having an aggregate value of \$6,204,404.

Harry Korman and Daniel C. Rizzo, Jr. If Mr. Korman or Mr. Rizzo were to be discharged by the Company without cause, such executive would be entitled to a lump sum payment equal to 12 months of base salary and 12 months of health benefits at the Company's cost. If the term of employment in the employment agreement of either such executive is not extended or renewed on terms mutually acceptable to him or her and the Company, by the terms of their respective employment agreements, he or she would be entitled to a lump sum payment equal to 12 months' continuation of base salary and health benefits at the Company's cost.

If Mr. Korman's employment had been terminated on December 31, 2009, by the Company without cause, he would have been entitled to receive \$469,394 under his employment agreement and equity awards. If Mr. Korman's employment with the Company had been terminated on December 31, 2009, because of death, he would have been entitled to benefits under his employment agreement and equity awards having an aggregate value of \$2,324,590. If Mr. Korman's employment with the Company had terminated on December 31, 2009 because of his disability, he would have been entitled to cash severance payments and other benefits under his employment agreement and equity awards having an aggregate value of \$2,274,590.

If Mr. Rizzo's employment had been terminated on December 31, 2009, by the Company without cause, he would have been entitled to receive \$420,303 under his employment agreement and equity awards. If Mr. Rizzo's employment with the Company had been terminated on December 31, 2009, because of death, he would have been entitled to equity awards having an aggregate value of \$1,454,260. In addition, in February 2009, Mylan announced that Edward J. Borkowski, its Executive Vice President and Chief Financial Officer, would be departing from the Company, following a transition period, while Mylan would seek a successor to his position. Mr. Borkowski, who left the Company in May 2009, received an amount equal to 1.5 times the sum of his base salary and his most recent bonus, his vested retirement benefit under his Retirement Benefit Agreement and certain additional payments, as determined in the discretion of the Compensation Committee, resulting in a total payment of \$3,911,373. In June 2009, Jolene Varney joined the Company as Executive Vice President and Chief Financial Officer. In September 2009, the Company announced her separation from the Company. Ms. Varney received \$138,462 in 2009 and is receiving the balance of her separation payments (totalling eight months base salary) in 2010.

Retirement Benefit Agreements.

Mr. Coury. If Mr. Coury's employment had terminated for any reason on December 31, 2009, he would have been entitled to a lump sum payment under his RBA having the following estimated values: (i) in the case of termination for any reason other than death (or as provided in the following clauses), \$12,996,536; (ii) in the case of a termination by the Company without cause or by Mr. Coury for good reason (each as defined in his employment agreement), \$15,993,149 (taking into account the present value of two years of additional service); and (iii) in the case of termination because of Mr. Coury's disability or death, \$15,993,149 (taking into account the present value of the unvested portion of the retirement benefit at December 31, 2009). If a change in control had occurred on December 31, 2009, Mr. Coury would be entitled upon any subsequent termination of employment to receive \$15,993,149 under his RBA.

Ms. Bresch and Mr. Malik. If the employment of each of Ms. Bresch and Mr. Malik had terminated for any reason on December 31, 2009, each of the executives would have been entitled to lump sum payments having the following estimated values under their respective RBAs: (i) in the case of termination for any reason other than for death (but excluding a termination by the Company for cause or by the executive without good reason, as defined in the executive's employment agreement, or termination because of disability or death), \$1,026,955 and \$0, respectively; (ii) in the case of a termination by the Company without cause or by the executive for good reason, \$1,475,361 and \$824,049, respectively; and (iii) in the case of termination because of death or disability, \$1,844,200 and \$1,648,099, respectively. If a change of control had occurred on December 31, 2009, each of Ms. Bresch and Mr. Malik would be entitled upon any subsequent termination of employment to the benefit executive would have been entitled to under her or his RBA in the case of termination because of death or disability.

Transition and Succession Agreements.

Robert J. Coury. Mr. Coury's transition and succession agreement provides that upon a termination without cause or for good reason within three years following a change of control, Mr. Coury will be entitled to severance benefits equal to four times the sum of his base salary and the highest annual bonus paid pursuant to his employment agreement. He will also be entitled to continuation of employee benefits for a period of between two and three years following termination of employment and an annual allowance relating to access to corporate aircraft for three years following termination. In addition, if Mr. Coury's employment is terminated without cause or for good reason within one year prior to the occurrence of a potential change of control and the transaction or other event contemplated by the potential change in control is consummated so as to result in a change in control, Mr. Coury will be entitled to receive the excess of the severance that would have been paid to him pursuant to his Transition and Succession Agreement and the severance actually paid to him pursuant to his employment agreement. Mr. Coury's transition and succession agreement also provides for a gross-up payment for any excise tax on excess parachute payments. By their terms, Mr. Coury's employment agreement and Transition and Succession Agreement will be administered so as to avoid duplication of compensation or benefits.

If a change of control had occurred on December 31, 2009, and Mr. Coury's employment had been terminated on the same date under circumstances entitling him to payments under his transition and succession agreement, he would have been entitled to cash severance and other benefits having an estimated aggregate value equal to \$45,853,143 (which includes the vesting of equity awards and the valuation of other perquisites and is in addition to the Retirement Benefit in which he would receive as described above) and a gross-up payment for excise taxes estimated at \$16,092,056.

Table of Contents

Ms. Bresch, Mr. Malik, Mr. Korman and Mr. Rizzo. The transition and succession agreements with the other Named Executive Officers provide that if the executive's employment is terminated other than for cause or if the executive terminates his employment for good reason, in each case within two years following the occurrence of a change of control, or, under certain circumstances, for any reason within 90 days following the first anniversary of a change of control, the executive would become entitled to receive a severance payment equal to the higher of (a) the compensation and benefits payable under his employment agreement as if the change of control were deemed to be a termination without cause under the employment agreement and (b) a lump sum severance payment in an amount equal three times the sum of base salary and highest bonus paid to the executive under the employment agreement or the transition and succession agreement, and the continuation of health and insurance benefits for a period of three years. The transition and succession agreements for each of these Named Executive Officers also provide for a gross-up payment for any excise tax on excess parachute payments.

If a change of control had occurred on December 31, 2009, and the employment of each of Ms. Bresch, Mr. Malik, Mr. Korman and Mr. Rizzo had been terminated on the same date under circumstances entitling them to payments under their transition and succession agreements, the executives would have been entitled to cash severance and other benefits having an estimated aggregate value as follows: for Ms. Bresch, \$11,466,890; for Mr. Malik, \$10,139,528 (which includes the vesting of equity awards and the valuation of other perquisites and is in addition to the Retirement Benefit in which they would receive as described above); for Mr. Korman \$5,717,845; and for Mr. Rizzo, \$3,865,138. Ms. Bresch, Mr. Korman and Mr. Rizzo would also have been entitled to a gross-up payment for excise taxes estimated at \$4,320,594, \$1,972,367 and \$1,376,511, respectively.

2003 Long-Term Incentive Plan, as amended

The Company's 2003 Long-Term Incentive Plan, as amended, provides that, unless otherwise provided in an award agreement, at the time of a change in control (as defined in the plan), (i) each stock option and stock appreciation right outstanding will become immediately and fully exercisable, (ii) all restrictions applicable to awards of restricted stock and RSUs will terminate in full, (iii) all performance awards (with certain limited exceptions) will become fully payable at the maximum level, and (iv) all other stock-based awards will become fully vested and payable.

A description of the material terms that apply to stock options and restricted stock awards held by the Named Executive Officers may be found in the footnotes to the table above entitled Outstanding Equity Awards at End of 2009. If a change in control had occurred on December 31, 2009, the intrinsic value of vesting equity-based awards held by the Named Executive Officers would have equaled approximately: for Mr. Coury, \$17,119,668; for Ms. Bresch, \$5,104,692; for Mr. Malik, \$4,871,242; for Mr. Korman \$1,824,591, and for Mr. Rizzo, \$1,454,260.

REPORT OF THE AUDIT COMMITTEE OF THE BOARD OF DIRECTORS

The following Report of the Audit Committee of the Board does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any filing under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, except to the extent the Company specifically incorporates such information by reference.

The Audit Committee is currently comprised of three independent directors and operates under a written charter adopted by the Board.

Management is responsible for Mylan's internal controls and the financial reporting process. The independent registered public accounting firm is responsible for performing an independent audit of Mylan's consolidated financial statements in accordance with standards of the Public Company Accounting Oversight Board (United States), and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Audit Committee has met and held discussions with management and the independent registered public accounting firm regarding Mylan's audited consolidated financial statements. These discussions covered the quality, as well as the acceptability, of Mylan's financial reporting practices and the completeness and clarity of the related financial disclosures. Management represented to the Audit Committee that Mylan's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Audit Committee has reviewed and discussed the consolidated financial statements with management and the independent registered public accounting firm. The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by the Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380).

Mylan's independent registered public accounting firm also provided to the Audit Committee the written disclosures and letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Audit Committee discussed with the independent registered public accounting firm that firm's independence. Deloitte & Touche LLP, Mylan's independent registered public accounting firm, stated in the written disclosures that in their judgment they are, in fact, independent. The Audit Committee concurred in that judgment of independence.

Based upon the review and discussions referred to above, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in Mylan's Form 10-K for 2009, which was filed with the Securities and Exchange Commission.

BY THE AUDIT COMMITTEE:

Douglas J. Leech, C.P.A., Chairman
Neil Dimick, C.P.A.
Rodney L. Piatt, C.P.A.
