Delivery of Shareholder Documents. The Securities and Exchange Commission (the SEC) permits funds to deliver only one copy of shareholder documents, including prospectuses, proxy statements and shareholder reports, to fund investors with multiple accounts at the same residential or post office box address. This practice is often called householding and it helps eliminate duplicate mailings to shareholders.

Eaton Vance, or your financial adviser, may household the mailing of your documents indefinitely unless you instruct Eaton Vance, or your financial adviser, otherwise.

If you would prefer that your Eaton Vance documents not be householded, please contact Eaton Vance at 1-800-262-1122, or contact your financial adviser.

Your instructions that householding not apply to delivery of your Eaton Vance documents will be effective within 30 days of receipt by Eaton Vance or your financial adviser.

Portfolio Holdings. Each Eaton Vance Fund and its underlying Portfolio(s) (if applicable) will file a schedule of portfolio holdings on Form N-Q with the SEC for the first and third quarters of each fiscal year. The Form N-Q will be available on the Eaton Vance website at www.eatonvance.com, by calling Eaton Vance at 1-800-262-1122 or in the EDGAR database on the SEC's website at www.sec.gov. Form N-Q may also be reviewed and copied at the SEC's public reference room in Washington, D.C. (call 1-800-732-0330 for information on the operation of the public reference room).

Proxy Voting. From time to time, funds are required to vote proxies related to the securities held by the funds. The Eaton Vance Funds or their underlying Portfolios (if applicable) vote proxies according to a set of policies and procedures approved by the Funds' and Portfolios' Boards. You may obtain a description of these policies and procedures and information on how the Funds or Portfolios voted proxies relating to portfolio securities during the most recent 12 month period ended June 30, without charge, upon request, by calling 1-800-262-1122. This description is also available on the SEC's website at www.sec.gov.

Eaton Vance Municipal Bond Funds as of March 31, 2010

INVESTMENT UPDATE

Eaton Vance Municipal Bond Funds (the Funds) are closed-end funds traded on the NYSE Amex, which are designed to provide current income exempt from regular federal income tax, federal alternative minimum tax and, in state specific funds, state personal income taxes. On January 29, 2010, shareholders of the Funds approved a modification to each Fund's 80 percent policy to eliminate the requirement to invest primarily in insured municipal obligations and to eliminate Insured from each Fund's name. Under normal market conditions, the Funds are now required to invest at least 80 percent of net assets in municipal obligations rated A or better by Moody's Investors Service, Inc., Standard & Poor's Ratings Group or Fitch Ratings.

Economic and Market Conditions

During the six months ending March 31, 2010, the U.S. economy and the capital markets remained relatively stable, despite continued high unemployment and concerns over the U.S. budget. The economy grew at an annualized rate of 5.7% in the fourth quarter of 2009 and an estimated 3.2% in the first quarter of 2010, according to the U.S. Department of Commerce.

During the six-month period, the municipal bond market's performance was relatively flat, with slightly negative returns in the fourth quarter of 2009 being offset by positive performance of just over 1% in the first quarter of 2010. For the period, the Barclays Capital Municipal Bond Index (the Index) a broad-based, index of municipal bonds gained 0.28%.¹ This modest performance followed one of the best calendar year periods for municipals in many years, however. Moreover, economic fundamentals continued to improve and demand for municipals remained strong. The significant performance disparities among the municipal market's segments, which became historically wide during 2008 and the first three quarters of 2009, began to dissipate during the six-month period. For the first time in almost two years, we witnessed a period in which there were not significant differences in muni performance by maturity, credit quality and sector. In the face of limited tax-exempt supply, due to the success of the Build America Bond program, demand from municipal investors remained positive during the period, though the gusto with which they purchased municipal funds waned from 2009 levels. We believe lighter inflows were likely driven by lower yields, a continuation of credit-related headline noise and investor preparation for tax bills in March and April.

Management Discussion

During the six months ending March 31, 2010, the Funds underperformed their respective benchmark indices at net asset value.¹ Given the combination of the Funds' objective of providing tax-exempt income and the municipal yield curve's historically upward slope, the Funds generally hold longer-maturity bonds relative to the broad market and many of our competitors. Our bias toward long maturities was the basis for much of our significant relative outperformance in the first three quarters of 2009, though it detracted slightly from relative performance during the six-month period.

Management employed leverage in the Funds, through which additional exposure to the municipal market was achieved. Leverage has the impact of magnifying a Fund's exposure to its underlying investments in both up and down markets.

As we move ahead, we recognize that many state and local governments face significant budget deficits that are driven primarily by a steep decline in tax revenues. We will continue to monitor any new developments as state and local officials formulate solutions to address these fiscal problems. As in all environments, we maintain our long-term perspective on the markets against the backdrop of relatively short periods of market volatility. We will continue to actively manage the Funds with the same income-focused, relative value approach we have always employed. We believe that this approach, which is based on credit research and decades of experience in the municipal market, will serve municipal investors well over the long term.

INVESTMENT UPDATE

As of February 19, 2010, William H. Ahern, Jr. became the portfolio manager of Eaton Vance Municipal Bond Fund. Mr. Ahern is a Vice President of Eaton Vance and manages other Eaton Vance municipal portfolios. He has been employed by Eaton Vance since 1989.

A Note Regarding The Use Of Leverage

The Funds employ leverage through the use of residual interest bond (RIB) financing.¹ Each Fund's RIB percentage leverage as of March 31, 2010, is reflected on the Fund-specific pages following this letter. The leverage created by RIB investments provides an opportunity for increased income but, at the same time, creates special risks (including the likelihood of greater volatility of net asset value and market price of the common shares).

1 See Note 1H to the Financial Statements for more information on RIB investments.
