**REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

To the Plan Administrator and Members of  
The Hartford Investment and Savings Plan  
Hartford, Connecticut

We have audited the accompanying statements of net assets available for benefits of The Hartford Investment and Savings Plan (the Plan) as of December 31, 2009 and 2008, and the related statement of changes in net assets available for benefits for the year ended December 31, 2009. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2009 and 2008, and the changes in net assets available for benefits for the year ended December 31, 2009 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic 2009 financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2009 is presented for the purpose of additional analysis and is not a required part of the basic 2009 financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This schedule is the responsibility of the Plan's management. Such schedule has been subjected to the auditing procedures applied in our audit of the basic 2009 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2009 financial statements taken as a whole.

NOTES TO FINANCIAL STATEMENTS  
AS OF DECEMBER 31, 2009 AND 2008  
AND FOR THE YEAR ENDED DECEMBER 31, 2009  
(\$ IN THOUSANDS)**

**Note 1. Description of the Plan**

The following description of The Hartford Investment and Savings Plan (the Plan or ISP) is provided for general information purposes only. Members should refer to the Plan Document for more complete information. Members refers to eligible members of the Plan.

The Hartford Financial Services Group, Inc., a Delaware corporation, and its subsidiaries (collectively, The Hartford or the Company) provide investment products, life insurance, group benefits, automobile and homeowners products, and business and property-casualty insurance to both individual and commercial customers primarily in the United States. The Plan Sponsor, Hartford Fire Insurance Company, is a wholly owned subsidiary of The Hartford.

Information with regard to eligibility, contributions, distributions, vesting, trustees, withdrawals, loans, fund redistribution and definitions of all capitalized terms are contained in the Plan Document. A Summary Plan Description setting forth the highlights of the Plan is available to Members on the Fidelity NetBenefits website. Fidelity serves as the record keeper of the Plan.

**Plan Changes**

See Note 11 for a general description of amendments made to the Plan Document during the years ended December 31, 2009 and 2008.

**General**

The Plan is a defined contribution plan covering substantially all full-time and part-time employees of the Company. The Pension Administration Committee of the Company controls and manages the operation and administration of the Plan, subject to certain exemptions that are specified in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

The Trust, as defined in the Plan Document, is the aggregate funds held by the Trustee, State Street Bank and Trust Company, under the trust agreement established for the purposes of this Plan.

**Contributions**

Members may elect to save a percentage of their base salary and may designate their savings as before-tax, Roth 401(k), after-tax or a combination thereof. Generally, savings may be elected based on 1% to 30% of base salary. Members who are highly compensated employees may have contribution limits of less than 30% due to the operation of certain tests required under the Internal Revenue Code of 1986, as amended (the Code). Pursuant to the terms of the Plan, highly compensated employees are employees whose prior year earnings were equal to or exceeded \$105 and \$100 per annum for 2009 and 2008, respectively.

Basic Savings are contributions which are not in excess of the first 6% of a Member's base salary. For Members who have completed at least six months of service, an amount equal to 50% of a Member's Basic Savings is matched by the Company (Matching Company contribution). Members' savings in excess of 6% of base salary are Supplemental Savings that are not matched by the Company. In addition, the Company contributes 0.5% of highly compensated eligible employees' base salary and 1.5% of all other eligible employees' base salary (Floor Company contribution) to each employee's Floor Company contribution account. An employee becomes eligible for Floor Company contributions after completing six months of service, regardless of whether the employee elects to participate in the Plan.

**Administrative Costs**

The Trust pays certain administrative expenses of the Plan out of the assets of the Trust. Expenses not paid by the Trust are borne by the Company.

**Table of Contents**

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 1. Description of the Plan (continued)**

**Member Accounts**

Individual accounts are maintained for each Member. Each Member's account is credited with that Member's contributions and allocations of (a) the Matching Company contributions and Floor Company contributions and (b) Plan earnings, and is charged with withdrawals and an allocation of administrative expenses and Plan losses. Allocations are based on Member account balances, as defined in the Plan Document. The benefit to which a Member is entitled is the benefit that can be provided from that Member's vested account balance.

**Vesting**

Members are 100% vested at all times with respect to employee and Floor Company contributions and earnings thereon. Vesting in Matching Company contributions begins after one year of service at which time Members are 20% vested. The vesting increases 20% each consecutive year until the fifth anniversary of service at which time the Members are 100% vested. Notwithstanding the foregoing statement, a Member becomes fully vested in such Member's Matching Company contribution account upon retirement (for certain Members), disability, death, reaching age 65, or upon the complete discontinuance of Matching Company contributions or termination of the Plan.

**Investment Options**

As of December 31, 2009, contributions of Member savings and Company contributions may be invested in any of the twenty-five investment options of the Plan in multiples of 1%, as elected by the Member (Member directed investments).

Certain investment options are parties-in-interest with The Hartford. See Notes 3 and 9 for further discussion.

**Member Loans**

Members may borrow from their accounts a minimum of \$0.5 to a maximum equal to the lesser of \$50 or 50% of their vested account balances. Loan transactions are treated as transfers between the investment funds and the loan fund. Loan terms range from one to five years, or up to 15 years for the purchase of a primary residence. The loan is secured by the balance in the Member's account. The interest rate on a loan in a calendar quarter is set on the last business day of the prior February, May, August or November based on the prime rate provided by Reuters on that date plus one percentage point and is fixed for the term of the loan. Principal and interest is paid ratably through payroll deductions.

**Payment of Benefits**

On termination of service due to death, disability, retirement, or certain other reasons, Members or their designated beneficiaries may elect to receive either a lump sum amount equal to the value of the vested interest in their respective accounts, annual installments over a period not greater than thirty years (subject to certain conditions), or annual installments over the recipient's life expectancy. Distributions may be paid in cash or, with respect to The Hartford Stock Fund, in stock distributions. Members or their designated beneficiaries may also elect to defer distributions subject to certain conditions.

**Forfeitures**

At December 31, 2009 and 2008, forfeited non-vested account balances totaled \$5 and \$227, respectively. These forfeitures are applied to reduce future Matching Company contributions. During the year ended December 31, 2009, Matching Company contributions were reduced by \$2,681 from forfeitures.

**Note 2. Accounting Policies**

**Basis of Accounting**

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP) and the Department of Labor's Rules and Regulations for Reporting and Disclosure under ERISA.

**Table of Contents**

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 2. Accounting Policies (continued)**

**Use of Estimates**

The preparation of financial statements in conformity with U.S. GAAP requires management of the Plan to make estimates and assumptions that affect the reported amounts of assets and liabilities and changes therein, and disclosure of contingent assets and liabilities as of the date of the financial statements and the reported amounts of additions and deductions during the reporting period. Actual results could differ from those estimates.

**Adoption of New Accounting Standards**

In May 2009, the FASB issued ASC 855 (originally issued as FASB Statement No. 165, *Subsequent Events*) to establish general standards of accounting for and disclosing events that occur after the balance sheet date, but prior to the issuance of financial statements. ASC 855 provides guidance on when financial statements should be adjusted for subsequent events and requires companies to disclose subsequent events and the date through which subsequent events have been evaluated. ASC 855 is effective for periods ending after June 15, 2009.

In 2009, FASB Staff Position 157-4, *Disclosures Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly (FSP)*, was issued and later codified into ASC 820, which expanded disclosures and required that major category for debt and equity securities in the fair value hierarchy table be determined on the basis of the nature and risks of the investments.

**Future Adoption of New Accounting Standards**

In January 2010, the FASB issued ASU No. 2010-06, *Fair Value Measurements and Disclosures* (ASU No. 2010-06), which amends ASC 820 (originally issued as FASB Statement No. 157, *Fair Value Measurements*), adding new disclosure requirements for levels 1 and 2, separate disclosures of purchases, sales, issuances, and settlements relating to level 3 measurements and clarification of existing fair value disclosures. ASU No. 2010-06 is effective for periods beginning after December 15, 2009, except for the requirement to provide level 3 activities of purchases, sales, issuances, and settlements on a gross basis, which will be effective for fiscal years beginning after December 15, 2010. The Plan is currently evaluating the impact ASU No. 2010-06 will have on the financial statements.

**Investment Valuation and Income Recognition**

The Plan's investments are stated at fair value. Fair value of a financial instrument is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of the common stock of The Hartford Financial Services Group, Inc. ( HFSG ) is based on quoted market prices. The Hartford ISP S&P Index Fund, separately managed account, mutual funds and pooled temporary investment funds are valued at the net asset value of shares , which represent the fair value of the underlying securities, held by the Plan at year end. The group annuity contracts (the Stable Value Fund ) include synthetic guaranteed investment contracts ( GICs ) whose underlying securities are stated at fair value. Fair value of the underlying securities in the GICs is determined by the issuer based on the discounted replacement cost methodology, which incorporates the difference between current market level rates for the wrapper contract and the wrapper fee presently being charged. The GICs are stated at fair value and then adjusted to contract value as described in Note 4. Member loans are valued at their outstanding balances, which approximate fair value. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is possible that changes in the values of investment securities may occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Investment expenses charged to the Plan for investments in the mutual funds are charged directly against the assets of the Fund and are not separately reflected. Consequently, investment expenses are reflected as a reduction of investment return for such investments.

Benefits paid to Members are recorded when distributed (see Note 8).

**Contributions**

Employee and employer contributions are recorded in the period during which the Company makes payroll deductions from Members' compensation.

For the year ended December 31, 2009, the Plan's investments had net appreciation, including gains and losses on investments bought and sold, as well as held during the year, as follows:

The Hartford Stock Fund, common stock	\$ 65,171
The Hartford ISP S&P Index Fund	39,234
Separately managed account	544
Group annuity contracts	22,485
Mutual funds	286,858
Net appreciation in fair value of investments	\$ 414,292

**Table of Contents****NOTES TO FINANCIAL STATEMENTS (Continued)****Note 4. Investments in Group Annuity Contracts**

The Plan has entered into numerous synthetic group annuity contracts with unaffiliated insurance carriers. A synthetic group annuity contract is an investment contract through an issuer's guarantee of a specific interest rate (the wrapper contract) and a fixed income portfolio of financial instruments that are owned by the Plan. The synthetic GIC contracts include underlying securities which are held in a trust owned by the Plan and utilize a benefit-responsive wrapper contract managed by DB Advisors. The fair value of the benefit-responsive wrapper contracts was \$222 at December 31, 2009 and \$1,536 at December 31, 2008. The contract provides that participants execute Plan transactions at contract value. These contracts are fully benefit-responsive and are included in the financial statements at fair value (see Note 2). Fully benefit-responsive contracts provide for a stated return on principal invested over a specified period and permit withdrawals at contract value for benefit payments, loans, or transfers. Contract value represents contributions made under the contract, plus earnings, less Plan withdrawals and administrative expenses. Certain events, such as a Plan termination, divestiture or reduction in force may limit the ability of the Plan to transact at contract value or may allow for the termination of the wrapper contract at less than contract value. The Plan Sponsor does not believe that any events that may limit the ability of the Plan to transact at contract value are probable.

The relationship of future crediting rates and the adjustments to contract value reported on the statements of net assets available for benefits are provided through the mechanism of the crediting rate formula. The crediting rate is based on the current yield-to-maturity, the duration of the portfolio, and the amortization of gains and losses, defined as the difference between the market value and contract value of the wrapper. Key factors that could influence future crediting rates include, but are not limited to, Plan cash flows, changes in interest rates, total return performance of the fair market value bond strategies underlying each synthetic GIC contract, default or credit failures of any of the securities, investment contracts, or other investments held in the fund and the initiation of an extended termination of one or more synthetic GIC contracts by the manager or the contract issuer. The rate of return earned on a synthetic GIC is generally reset quarterly by the issuer based on market rates of other similar investments, the current yield of the underlying investments and the spread between the market value and contract value, but the rate can not be less than zero.

The contract issuer is not allowed to terminate any of the synthetic GICs and settle at an amount different from contract value unless there is a breach of the contract which is not corrected within the applicable cure period. Actions that will result in a breach include, but are not limited to, material misrepresentation, failure to pay synthetic GIC fees, or any other payment due under the contract, and failure to adhere to investment guidelines. The Plan has not breached any contracts in 2009.

Average yields:	2009	2008
Based on annualized earnings (1)	3.26%	6.94%
Based on interest rate credited to participants (2)	3.61%	4.52%

(1) Calculated by taking the fair value sum of the funds holdings multiplied by their respective yields, divided by the total sum of the holdings as of December 31, 2009 and 2008,

respectively.

- (2) Calculated by taking the sum of the book value holdings multiplied by the crediting rate, divided by the fair value of the funds.

**Note 5. Fair Value Measurements**

The Plan classifies its investments into level 1, which refers to securities valued using quoted prices from active markets for identical assets; level 2, which refers to securities not traded on an active market but for which observable market inputs are readily available; and level 3, which refers to securities valued based on significant unobservable inputs. Assets are classified in their entirety based on the lowest level of input that is significant to the fair value measurement.

The following tables set forth by level within the fair value hierarchy a summary of the Plan's investments measured at fair value on a recurring basis at December 31, 2009 and 2008.

The tables below include the major categorization for debt and equity securities on the basis of the nature and risk of the investments at December 31, 2009 and 2008.

[1] Excludes \$2,538 of dividend receivable and \$1,709 of interest receivable recorded at fair value.

Total Plan investment assets at fair value classified within level 3 were \$67,791 and \$60,318, as of December 31, 2009 and 2008, respectively, which consists of the Plan's Stable Value Fund guaranteed investment contract holdings and loans to members. Such amounts were approximately 3% of Total investments on the Plan's statement of net assets available for benefits at fair value for both December 31, 2009 and December 31, 2008.

**Rollforward of Fair Value Measurements Using Significant Unobservable Inputs (Level 3)**

The table below sets forth a summary of changes in the fair value of the Plan's level 3 investments for the year ended December 31, 2009. As reflected in the table below, the net unrealized gain/(loss) on level 3 investment assets was \$815 as of December 31, 2009. This was comprised of net unrealized losses of \$(2,218) and net unrealized gains of \$3,033 on group annuity contracts for the year ended December 31, 2009.

**Table of Contents****NOTES TO FINANCIAL STATEMENTS (Continued)****Note 5. Fair Value Measurements (continued)**

The valuation methods as described in Note 2 may produce a fair value calculation that may not be indicative of net realizable value or reflective of future fair values. Furthermore, although the Plan believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

**Note 6. Federal Income Tax Status**

The Internal Revenue Service has determined and informed the Company by letter dated March 23, 2004 that the Plan and related Trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since receiving the determination letter. However, the Company and the Plan Administrator believe that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC and the Plan and related Trust continue to be tax-exempt. Therefore, no provision for income taxes has been included in the Plan's financial statements.

**Note 7. Plan Termination**

Although the Company has not expressed any intent to do so, the Company has the right under the Plan to suspend, reduce, or partially or completely discontinue its contributions at any time and to terminate the Plan, the Trust agreement and the Trust hereunder, subject to the provisions of ERISA. In the event of termination or partial termination of the Plan or complete discontinuance of contributions, the interests of affected Members automatically become fully-vested.

**Note 9. Party-in-Interest Transactions**

Certain plan investments are in funds managed by State Street Bank and Trust Company (the Trustee), certain subsidiaries of the Company and DB Advisors. Fees paid by the Plan for trustee, custodial and investment management services amounted to \$853 for the year ended December 31, 2009. Fees paid by the Plan to a subsidiary of the Company pursuant to a group annuity contract issued by a subsidiary amounted to \$38 for the year ended December 31, 2009. In addition, certain Plan investments are shares of mutual funds that are sponsored by The Hartford and shares of The Hartford's common stock. At December 31, 2009 and 2008, the Plan held 8,348,519 shares and 7,802,748 shares of common stock of The Hartford with a cost basis of \$281,215 and \$296,600, respectively. During the year ended December 31, 2009, the Plan recorded dividend income from The Hartford's common stock and The Hartford's mutual funds of \$18,463.

**Note 10. Plan Merger**

Effective January 1, 2009, PLANCO, a subsidiary of the Company, merged its Profit Sharing Plan into the Plan, resulting in the transfer of \$25,902 in net assets and \$801 in participant loans into the Plan. Assets were converted in-kind for the mutual funds offered in the Plan. Assets not offered in the Plan were liquidated and invested in the corresponding Vanguard Retirement Fund according to the Plan member's age.

**Note 11. Plan Amendments**

Effective January 1, 2009, the name of The Hartford Financial Services Group, Inc. Stock Fund was changed to The Hartford Stock Fund.

Effective January 16, 2009, Evercore Wealth Management LLC was named as the fiduciary responsible for The Hartford Stock Fund and investment manager of common stock of the Company held by The Hartford Stock Fund. Evercore Trust Company, N.A. subsequently replaced Evercore Wealth Management LLC as fiduciary for The Hartford Stock Fund, effective June 1, 2009.

Effective March 26, 2009 The Hartford Global Health HLS Fund was no longer available under the Plan. The Hartford Global Health HLS Fund was removed from the Plan in conjunction with the addition, in April 2009, of two new equity investment options, the Columbus Circle Large Cap Growth Fund and the RS Partners Y Fund, a small cap blend fund.

In connection with the above two new fund offerings, the Plan was amended effective March 31, 2009 to allow the investment of Floor contributions in an investment fund designated by the Investment and Savings Plan Investment Committee pending allocation of those Floor contributions to Member accounts.

**NOTES TO FINANCIAL STATEMENTS (Continued)**

**Note 11. Plan Amendments (continued)**

Effective November 11, 2009, five new Target Retirement funds were added to the Plan. The funds added were the Vanguard Target Retirement 2010 Fund, the Vanguard Target Retirement 2020 Fund, the Vanguard Target Retirement 2030 Fund, the Vanguard Target Retirement 2040 Fund and the Vanguard Target Retirement 2050 Fund.

Effective January 1, 2008, participants are required to contribute at least 6% of compensation in any combination of before-tax, Roth 401(k) or after-tax contributions prior to the participant making catch-up contributions to the Plan. In addition, the catch-up contributions are limited to 69% of compensation rather than 75%.

Effective August 5, 2008, the Global Technology HLS Fund was removed from the Plan.

**Note 12. Subsequent Events**

For the year ended December 31, 2009, subsequent events were evaluated through the date the financial statements were issued. There were no subsequent events identified.
