**Item 5. Other Events**

On December 19, 2003, HearUSA, Inc. announced the completion of a private placement of \$7.5 million of five-year convertible subordinated notes with five-year common stock purchase warrants. A copy of the company's December 19, 2003 press release is attached as Exhibit 99.1 to this Current Report on Form 8-K.

The notes bear interest at the rate of 11% per annum for the first two years and then at the rate of 8% per annum thereafter. The notes and warrants may not be converted or exercised for the first two years and then may be converted by the holder at a rate of \$1.75 per share and may be exercised at a strike price of \$1.75 per share. HearUSA has granted registration rights to the investors covering the approximately 4.2 million shares underlying the notes and approximately 2.1 million shares underlying the warrants as well as any additional shares that may be issued to the investors as a result of the operation of antidilution provisions of the notes and warrants. The purchase agreement and the form of note, warrant and registration rights agreement have been filed as exhibits to this Current Report on Form 8-K.

HearUSA will pay to Siemens Hearing Instruments one-fourth of the net proceeds of the offering as required by the company's credit agreement with Siemens. The company intends to use approximately \$2 million of the proceeds to redeem the short-term notes placed by HearUSA in early October and the balance for working capital purposes.

This Current Report on Form 8-K and the attached press release contain forward-looking statements that involve risks and uncertainties. Such forward-looking statements include the statements concerning the expected effects of the financing and the company's intended use of the net proceeds. Actual events could differ materially from those stated herein and depend on a number of risks and uncertainties, including the company's cash and capital needs, the accuracy of management's assumptions, effectiveness of the company's marketing efforts and general industry and market conditions.
