PROXY STATEMENT FOR ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD ON APRIL 22, 2004

Solicitation, Voting and Revocability of Proxies

This Proxy Statement (the "Proxy Statement") is being furnished to the shareholders of Webster Financial Corporation, a Delaware corporation ("Webster" or the "Corporation"), as part of the solicitation of proxies by its Board of Directors from holders of its outstanding shares of common stock, par value \$.01 per share (the "Common Stock"), for use at the Annual Meeting of Shareholders of Webster to be held on Thursday, April 22, 2004, at 4:00 p.m., local time, at the Courtyard by Marriott, 63 Grand Street, Waterbury, Connecticut 06702 (the "Annual Meeting") and at any adjournments of the meeting. The Proxy Statement, together with the enclosed proxy card, is being mailed to shareholders of Webster on or about March 19, 2004.

The Annual Meeting has been called for the following purposes: (i) to elect three directors to serve for three-year terms (Proposal 1); (ii) to ratify the appointment by the Board of Directors of the firm of KPMG LLP as independent auditors of Webster for the year ending December 31, 2004 (Proposal 2); and (iii) to transact any other business that properly comes before the Annual Meeting or any adjournments of the meeting.

If you vote using the enclosed form of proxy, your shares will be voted in accordance with the instructions indicated. **Executed but unmarked proxies will be voted FOR the election of the Board's nominees as directors and FOR the ratification of the appointment of Webster's independent auditors.** Except for procedural matters incident to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors. The proxies confer discretionary authority to vote on any matter of which Webster did not have notice at least 30 days prior to the date of the Annual Meeting.

The presence of a shareholder at the Annual Meeting will not automatically revoke that shareholder's proxy. A shareholder may, however, revoke a proxy at any time before it is voted (i) by delivering either a written notice of revocation of the proxy or a duly executed proxy bearing a later date to Terrence K. Mangan, Senior Vice President, Investor Relations, Webster Financial Corporation, Webster Plaza, Waterbury, Connecticut 06702, (ii) by re-voting by telephone or on the Internet, or (iii) by attending the Annual Meeting and voting in person.

The cost of soliciting proxies for the Annual Meeting will be borne by Webster. In addition to use of the mails, proxies may be solicited personally or by telephone or teletype by directors, officers and employees, who will not be specially compensated for such activities. Webster also will request persons, firms and companies holding shares in their names or in the name of their nominees, which are beneficially owned by others, to send proxy materials to and obtain proxies from those beneficial owners and will reimburse those holders for their reasonable expenses incurred in that connection. Webster also has retained Morrow & Co., Inc., a proxy soliciting firm, to assist in the solicitation of proxies at a fee of \$7,000, plus reimbursement of certain out-of-pocket expenses.

Who Can Vote. The securities which can be voted at the Annual Meeting consist of shares of Common Stock of Webster with each share entitling its owner to one vote on all matters properly presented at the Annual Meeting. There is no cumulative voting of shares. The Board of Directors has fixed the close of business on February 27, 2004 as the record date for the determination of shareholders of Webster entitled to notice of and to vote at the Annual Meeting. On the record date, there were 11,944 holders of record of the 46,282,601 shares of Common Stock then outstanding and eligible to be voted at the Annual Meeting.

Voting. If your Common Stock is held by a broker, bank or other nominee (*i.e.*, in street name), you should receive instructions from that person or entity that you must follow in order to have your shares of Common Stock voted. If you hold your Common Stock in your own name and not through a broker or another nominee, you may vote your shares of Common Stock:

by using the toll-free telephone number listed on the proxy card,

by using the Internet website listed on the proxy card,

by signing, dating and mailing the proxy card in the enclosed postage-paid envelope, or

by attending the Annual Meeting and voting in person.

Whichever of these methods you select to transmit your instructions, the proxy holders will vote your Common Stock in accordance with your instructions. If you give a proxy without specific voting instructions, your proxy will be voted by the proxy holders as recommended by the Board of Directors.

Vote by Telephone. If you hold your Common Stock in your own name and not through your broker or another nominee, you can vote your shares of Common Stock by telephone by dialing the toll-free telephone number printed on your proxy card. Telephone voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 22, 2004. Easy-to-follow voice prompts allow you to vote your shares of Common Stock and confirm that your instructions have been properly recorded. **If you vote by telephone, you do not need to return your proxy card.**

Vote by Internet. If you hold your Common Stock in your own name and not through your broker or another nominee, you can choose to vote via the Internet. The website for Internet voting is printed on your proxy card. Internet voting is available 24 hours a day until 8:00 a.m. (E.D.T.) on April 22, 2004. As with telephone voting, you will be given the opportunity to confirm that your instructions have been properly recorded. **If you vote via the Internet, you do not need to return your proxy card.**

Vote by Mail. You can vote by mail by signing, dating and returning the enclosed proxy card in the enclosed postage paid envelope.

The presence, in person or by proxy, of at least one-third of the total number of outstanding shares of Common Stock entitled to vote at the Annual Meeting is necessary to constitute a quorum at the Annual Meeting for the election of directors and the ratification of the appointment of the Corporation's independent auditors. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote. The affirmative vote of the majority of the votes cast is required to ratify the appointment of the Corporation's independent auditors. Shareholders' votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. Abstentions and broker non-votes will be treated as shares that are present, or represented, and entitled to vote for purposes of determining the presence of a quorum at the Annual Meeting. Broker non-votes will not be counted as a vote cast on any matter presented at the Annual Meeting. Abstentions will not be counted in determining the number of votes cast in connection with any matter presented at the Annual Meeting.

A copy of our annual report to shareholders for the fiscal year ended December 31, 2003 and a copy of our annual report on Form 10-K accompany this Proxy Statement. **Webster is required to file an annual report on Form 10-K for its 2003 fiscal year with the Securities and Exchange Commission. Shareholders may obtain, free of charge, a copy of the Form 10-K by writing to Terrence K. Mangan, Senior Vice President, Investor Relations, Webster Financial Corporation, Webster Plaza, Waterbury, Connecticut 06702. Our 2003 annual report to shareholders and our Form 10-K also are available on our website, www.wbst.com.**

ELECTION OF DIRECTORS
(Proposal 1)

At the Annual Meeting, three directors will be elected to serve for three-year terms. Unless otherwise specified on the proxy, it is the intention of the persons named in the proxy to vote the shares represented by each properly executed proxy for the election as directors of the persons named below as nominees. The Board of Directors believes that the nominees will stand for election and will serve if elected as directors. If, however, any person nominated by the Board fails to stand for election or is unable to accept election, the proxies will be voted for the election of such other person as the Board of Directors may recommend. Assuming the presence of a quorum at the Annual Meeting, directors will be elected by a plurality of the votes of the shares of Common Stock present in person or represented by proxy and entitled to vote at the Annual Meeting. There are no cumulative voting rights in the election of directors.

The Board of Directors currently consists of 9 members, and is divided into three classes, of three directors, respectively. The term of office of only one class of directors expires in each year, and their successors are elected for terms of up to three years and until their successors are elected and qualified.

The Board of Directors has determined that, except as noted below, all of the members of the Board are independent directors for purposes of Section 303A of the Listed Company Manual of the New York Stock Exchange. The Board of Directors based these determinations primarily on a review of the responses of the directors and executive officers to questions regarding employment and compensation history, affiliations and family and other relationships and on discussions with the Board of Directors.

Mr. Smith and Mr. Bromage are not considered independent because they are executive officers of the Corporation and the Bank.

During 2003, Webster held 9 meetings of its Board of Directors. Certain Board Committees; Nominations by Shareholders

The Board of Directors has adopted a charter for each of the Audit, Compensation, Nominating and Corporate Governance, and Executive committees, as well as corporate governance guidelines that address the make-up and functioning of the Board of Directors and qualification guidelines for board members. The Board of Directors has also adopted a code of business conduct and ethics that applies to all employees, officers and directors. Executive Vice President, General Counsel and Secretary

The Board of Directors has appointed a standing Audit Committee that oversees the Corporation's financial reporting process, the system of internal financial and accounting controls, the audit process, and compliance with applicable laws and regulations. The Audit Committee reviews the Corporation's annual financial statements, including management's discussion and analysis, and regulatory examination findings. The Audit Committee recommends the appointment of independent auditors and is responsible for the oversight of the Corporation's independent auditors. A copy of the Audit Committee's charter which has been adopted by the Board of Directors is attached at the end of this Proxy Statement. During 2003, the Audit Committee held 6 meetings. The members of the Audit Committee currently are Messrs. Jacobi (Chairman), Crawford, Finkenzeller and Gelfenbien. Each of the members of the Audit Committee meets the independence requirements of the rules of the New York Stock Exchange and applicable rules and regulations of the Securities and Exchange Commission. The Board of Directors has determined that each of the members of the Audit Committee is financially literate and that Mr. Jacobi is an audit committee financial expert, as that term is defined in Item 401(h) of Regulation S-K, and independent for purposes of current New York Stock Exchange listing standards and Section 10A(m)(3) of the Securities Exchange Act of 1934, as amended.

The Board of Directors has appointed a Compensation Committee. The Committee reviews employee compensation on an annual basis and makes recommendations to the non-employee members of the Board of Directors regarding compensation, including the granting of stock options and restricted stock under Webster's 1992 Stock Option Plan, and administered Webster's Qualified Performance-Based Compensation Plan. The Committee also makes recommendations to the non-employee members of the Board of Directors concerning long-term incentive awards. All recommendations of the Compensation Committee regarding the compensation and long-term incentive awards of executive officers are subject to approval by the non-employee members of Webster's Board of Directors which has ultimate responsibility over such matters. During 2003, the Compensation Committee held 3 meetings. The members of the Compensation Committee currently are Messrs. Crawford (Chairman), Becker, Carpenter, Gelfenbien and Dr. Bizzozero. Dr. Bizzozero is a member of the Board of Directors of Webster Bank.

The Board has appointed a Nominating and Corporate Governance Committee that has overall responsibility for recommending corporate governance process and board operations for the Corporation. The Nominating and Corporate Governance Committee identifies director candidates, reviews the qualifications and experience of each person considered as a nominee for election or reelection as a director, and recommends director nominees to fill

vacancies on the Board and for approval by the Board of Directors and the shareholders. During 2003, the Nominating and Corporate Governance Committee held 4 meetings. The members of the Nominating and Corporate

Governance Committee are Messrs. Finkenzeller (Chairman), Becker, Crawford, Gerwig and McCarthy. Messrs. Gerwig and McCarthy are members of the Board of Directors of Webster Bank.

The Board of Directors has determined that all of the Directors who serve on the Audit, Compensation, and Nominating and Corporate Governance committees are independent for purposes of Section 303A of the Listed Company Manual of the New York Stock Exchange.

The Board of Directors believes that it should be composed of directors with diverse experience in business and in areas that are relevant to the Corporation, and that directors should, at a minimum, possess the highest personal and professional ethics, integrity, and values, and be committed to representing the long-term interests of the shareholders. Directors should also have an objective perspective and practical wisdom, and should be willing and able to devote the required amount of time to Webster's business.

When considering candidates for the Board of Directors, the Nominating and Corporate Governance Committee takes into account a number of factors, including the following:

Independence from management;

Judgment, skill, integrity and reputation;

Relevant specific industry experience;

Age, gender and ethnic background;

Current position with another business or entity;

Potential conflicts of interests with other pursuits; and

Existing ties to the Corporation's and Bank's markets.

When seeking candidates for director, the Nominating and Corporate Governance Committee may solicit suggestions from incumbent directors, management or others, including third party search firms. The Committee will review the qualifications and experience of each candidate. If the Committee believes a candidate would be a valuable addition to the Board, it will recommend to the full Board that candidate's election. During 2003, a third party search firm was utilized in connection with the appointment of Mr. Morse in 2004.

Webster's Bylaws also permit shareholders eligible to vote at the Annual Meeting to make nominations for directors, but only if such nominations are made pursuant to timely notice in writing to the Secretary of Webster. To be timely, notice must be delivered to, or mailed to and received at, the principal executive offices of Webster not less than 30 days nor more than 90 days prior to the date of the meeting, provided that at least 45 days' notice or prior public disclosure of the date of the Annual Meeting is given or made to shareholders. If less than 45 days' notice or prior public disclosure of the date of the Annual Meeting is given or made to shareholders, notice by the shareholder to be timely must be received by Webster not later than the close of business on the 15th day following the day on which such notice of the date of the Annual Meeting was mailed or such public disclosure was made. Public disclosure of the date of the Annual Meeting was made by the issuance of a press release on February 20, 2004 and by filing a Current Report on Form 8-K under the Securities Exchange Act of 1934, as amended, with the Securities and Exchange Commission on February 20, 2004. The Nominating and Corporate Governance Committee will consider candidates for director suggested by shareholders applying the criteria for candidates described above and considering the additional information required by Article III, Section 13 of Webster's Bylaws, which must be set forth in a shareholder's notice of nomination. Section 13 of Webster's Bylaws requires that the notice include: (a) as to each

person whom the shareholder proposes to nominate for election or reelection as a director, (i) the name, age, business address and residence address of such person, (ii) the principal occupation or employment of such person, (iii) the class and number of shares of Webster which are beneficially owned by such person, and (iv) any other information relating to such person that is required to be disclosed in solicitations or proxies for election of directors, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934, as amended (including without limitation such person's written consent to being named in the proxy statement as a nominee and to serving as a director if elected); and (b) as to the shareholder

giving notice (i) the name and address, as they appear on Webster's books, of such shareholder and (ii) the class and number of shares of Webster which are beneficially owned by such shareholder.

All communications received (except for communications that are primarily commercial in nature or relate to an improper or irrelevant topic) will be forwarded to the full Board.

Director Attendance at Annual Meetings

Webster typically schedules a meeting of the Board of Directors in conjunction with the annual meeting and expects that the Board of Directors will attend, absent a valid reason, such as a previously scheduled conflict. Last year, with the exception of former director Mr. Michael Morris, all of the individuals then serving as directors attended the annual meeting.

It also includes a car allowance for each executive officer and a premium on a life insurance policy for Mr. Smith. For 2003 matching contributions made by Webster Bank to the 401(k) Plan on behalf of Messrs. Deferred amounts are credited by Webster, Webster Bank, or an affiliate (as applicable) to bookkeeping reserve accounts for each participant. Such accounts, plus accrued interest, are payable upon termination of service, disability or death of the participant, in a lump sum or in ten annual installments at the participant's election. For 2003, none of the executive officers elected to defer the bonus portion of his annual compensation.

(a) All option grants were made at 100% of the fair market value of the Common Stock on the date of grant. Options not immediately exercisable may become exercisable in full, or with respect to certain option grants, in part, under certain circumstances when a change in control of Webster or Webster Bank has occurred.

- (b) Options will become exercisable based on the following vesting schedule: one-fourth vests after one year; one-fourth vests after two years; one-fourth vests after three years and the remaining one-fourth vests after four years.
- (c) Based on the Black-Scholes option pricing model adapted for use in valuing executive stock options. The actual value, if any, an employee may realize will depend on the excess of the stock price over the exercise price on the date the option is exercised. There is no assurance that the value realized by an employee will be at or near the value estimated by the Black-Scholes model. The estimated values under that model are based on assumptions as to variables such as the expected term of the option, the risk-free interest rate for the expected term of the option (based upon the rate available on the date of grant on a zero-coupon U.S. government issue), stock price volatility (based on the Corporation's historical stock price over a range of years), and the expected future estimated dividend yield (based upon the dividend yield at date of grant).

Retirement Plans

Webster Bank maintains a defined benefit pension plan (the Pension Plan) for eligible employees of Webster Bank and the subsidiaries of Webster Bank and Webster. The Pension Plan is a qualified plan under the Internal Revenue Code of 1986, as amended (the Code), and complies with the requirements of the Employee Retirement Income Security Act of 1974, as amended. All employees are eligible to participate in the Pension Plan upon attaining age 21 and completing one year of service.

Benefits under the Pension Plan are funded solely by contributions made by Webster Bank. Under the Pension Plan's benefit formula, a participant's monthly normal retirement benefit will equal the sum of: (a) his or her accrued benefit as of December 31, 1986 (adjusted through August 31, 1996 to reflect certain future increases in compensation), plus (b) the sum of 2% of the participant's monthly compensation for each year of credited service beginning on or after January 1, 1987. In general, benefits may not be based on more than 30 years of credited service. The normal form of benefit is an annuity for the participant's lifetime with a minimum of 120 monthly payments guaranteed. A Pension Plan participant becomes 100% vested in the benefits under the Pension Plan upon completion of five years of service. Benefit payments to a participant or beneficiary may commence upon a participant's early retirement date (age 55), normal retirement date (generally age 65), deferred retirement date or death. Participants may elect to receive their benefits in one of several optional forms, including a lump sum or periodic payments during the participant's lifetime

or during the lifetime of the participant and his or her surviving spouse or designated beneficiary. The lump sum option has been eliminated for benefits earned after January 26, 1998.

The Board of Directors of Webster Bank has adopted a nonqualified supplemental retirement plan (the Supplemental Plan), which was amended and restated effective January 1, 2003 for certain management and other highly compensated employees who are also participants in the Pension Plan. The Supplemental Plan provides supplemental retirement income benefits that are not currently available because annual compensation in excess of \$205,000 (subject to cost of living increases) may not be used in the calculation of retirement benefits under the Code and because annual pension benefits are currently subject to a maximum of \$165,000 (subject to cost of living increases). Annual compensation for the Supplemental Plan is defined as base pay plus annual bonus, whereas bonuses used in the Pension Plan are limited to a percentage of base pay. In addition, the current Chairman and CEO and the current President receive a benefit at age 65 equal to 60% of the average of the highest compensation during five consecutive calendar years, reduced by benefits from the Pension Plan, Social Security, and the pension plan of prior employers. It is also reduced in the event of retirement before age 65. Benefits under the Supplemental Plan are payable in monthly installments.

The estimated annual benefits payable from the Pension Plan upon retirement at normal retirement age for Messrs. Smith, Bromage, Healy, Mulligan and Savage are \$109,620, \$56,030, \$31,900, \$53,910 and \$60,370, respectively. In addition, the estimated annual supplemental retirement income benefits payable to Messrs. Smith, Bromage, Healy, Mulligan and Savage upon retirement at normal retirement age under the Supplemental Plan are \$635,590, \$278,090, \$42,520, \$58,100 and \$18,080, respectively.

In addition, the Supplemental Plan also provides certain management and other highly compensated employees who are participants in the 401(k) plan with supplemental matching contributions. Annual compensation for this matching contribution includes bonuses, whereas bonuses are not included as compensation in the 401(k) plan. The annual allocation to the supplemental matching accounts of the participants in this plan are included in the Summary Compensation Table. See Executive Compensation Summary Compensation Table.

Compensation of Directors

During 2003, each non-employee director of Webster received an annual retainer of 564 shares of Webster Common Stock pursuant to the 2001 Directors Retainer Fees Plan, which provides for the payment of annual retainer fees to non-employee directors in shares of Common Stock as adopted by shareholders at the 2001 Annual Meeting (the Fees Plan). Under the Fees Plan, each non-employee director is granted shares of Common Stock equal to the annual retainer (currently \$20,000) divided by the average four quarter value as of the grant date. The average four quarter value is based on the average of the closing prices of Common Stock at the end of the four calendar quarters preceding the grant date, which is the date of each annual meeting of shareholders. Shares of Common Stock granted under the Fees Plan are subject to vesting requirements and other substantial risks of forfeiture.

In addition, during 2003, for the period between January 1, 2003 to April 24, 2003, each non-employee director received \$1,000 for each Webster or Webster Bank Board meeting attended, \$750 for each committee meeting attended and \$500 for each telephonic Webster or Webster Bank Board meeting and \$375 for each telephonic committee meeting called by Webster. Each non-employee director of both Webster and Webster Bank received a total of \$1,500 for separate Board meetings of Webster and Webster Bank that were held on the same day. Effective April 24, 2003, each non-employee director received \$1,250 for each Webster or Webster Bank Board meeting attended, \$1,000 for each committee meeting attended and \$625 for each telephonic Webster or Webster Bank Board meeting and \$500 for each telephonic committee meeting called by Webster. Each non-employee director of both Webster and Webster Bank received a total of \$1,750 for separate Board meetings of Webster and Webster Bank that were held on the same day.

In 2003, the Chairman of the Audit Committee received an annual retainer of \$10,000 and the Chairpersons of the Compensation Committee and the Nominating and Corporate Governance Committee received annual retainers of \$5,000 each. The Lead Director received an annual retainer of \$20,000.

Non-employee directors of Webster receive no other additional compensation for serving as directors or committee members of Webster Bank. Employee directors of Webster receive no additional compensation for serving as directors or committee members of Webster or its subsidiaries.

Directors are eligible to participate in Webster Bank's nonqualified deferred compensation plan. Under the terms of the plan, director participants may elect to defer all or any portion of their directors' fees. Deferred amounts are credited by Webster Bank to bookkeeping reserve accounts for each participant. Such accounts, plus accrued interest, are payable upon termination of service, disability or death of the participant, in a lump sum or in ten annual installments at the participant's election.

The Board of Directors of Webster adopted in 1992, with shareholder approval, the 1992 Stock Option Plan for the benefit of directors, officers and other full-time employees of Webster and its subsidiaries. Options granted to non-employee directors in 2003 may be exercised at any time after one year from the date of grant. During 2003, each non-employee director of Webster received a discretionary option grant under the 1992 Stock Option Plan of 4,000 shares. During 2003, each non-employee director of Webster Bank, who was not also a director of Webster, received a discretionary option grant under the 1992 Stock Option Plan of 2,000 shares.

The Board of Directors of Webster established stock ownership guidelines for non-employee directors in 2004 to more closely align non-employee directors' interests with those of the Corporation's shareholders. The guidelines require non-employee directors to own Webster common stock with a market value equal to at least \$100,000. The non-employee directors meet the guidelines by agreeing to hold all long-term incentives which include vested restricted stock and exercised stock options (net of taxes) until they achieve the required threshold of Webster common stock.

Employment Agreements

Webster and Webster Bank have employment agreements with Messrs. Smith, Healy, Bromage and Savage. Webster and Webster Bank entered into employment agreements with Messrs. Smith and Bromage effective January 1, 1998, with Mr. Healy effective March 30, 2001, and with Mr. Savage effective April 24, 2002. Webster also entered into change of control employment agreements with Messrs. Smith and Bromage effective December 15, 1997, with Mr. Healy effective March 30, 2001, and Mr. Savage effective April 24, 2002. Mr. Smith serves as Chairman, Chief Executive Officer and a director of both Webster and Webster Bank; Mr. Bromage serves as President, Chief Operating Officer and a director of Webster and Webster Bank and Vice Chairman of Webster Bank; Mr. Healy serves as Executive Vice President and Chief Financial Officer of both Webster and Webster Bank; and Mr. Savage serves as Executive Vice President, Commercial Banking of both Webster and Webster Bank. Webster also entered into similar agreements with named executive officer Peter K. Mulligan. Mr. Mulligan retired as an executive officer effective December 31, 2003 and his employment agreements terminated in connection with the retirement. Mr. Mulligan is currently employed by Webster as an internal consultant.

Under their respective employment agreements, each executive officer may receive annual cost of living increases and may also receive a merit increase as determined by the Boards of Directors of Webster and Webster Bank. Each executive officer is eligible to receive discretionary bonuses as may be authorized by the Boards of Directors of Webster and Webster Bank and shall be eligible to participate in any plan of Webster or Webster Bank relating to stock options, stock purchases, pension, thrift, employee stock ownership, group life insurance and medical coverage or

other retirement or employee benefits that Webster or Webster Bank has adopted or may adopt for the benefit of its executive employees. In addition, each executive officer is provided with an automobile allowance for business use. Messrs. Smith's and Bromage's employment agreements provide for initial terms of three years ending December 31, 2000 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. The employment agreements of Messrs. Smith and Bromage have been renewed each year as of each anniversary date. Mr. Healy's employment agreement provides for an initial term ending December 31, 2003 with renewals for one additional year following each anniversary date with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. Mr. Healy's employment agreement was renewed for one additional year on December 31, 2003. Mr. Savage's employment agreement provides for an initial term ending December 31, 2004 with renewals for one additional year beginning on December 31, 2002 with the approval of the Board of Directors, unless the executive officer gives written notice to the contrary. Mr. Savage's employment agreement was renewed for one additional year on December 31, 2003. Those agreements will terminate upon the Effective Date of their respective change of control employment agreements, which are discussed below. The 2004 base salaries for Messrs. Smith, Bromage, Healy and Savage are \$724,500, \$430,000, \$300,000, and \$258,800, respectively. Their salaries may not be reduced under the employment agreements without the consent of the executive officer.

The Boards of Directors of Webster and Webster Bank may terminate the executive officer's employment at any time during the term of an employment agreement. Unless the termination is for cause (as defined therein), the executive officers would be entitled (a) to receive a lump sum payment from Webster Bank equal to the sum of (x) the executive officer's then current annual base salary and (y) the amount of any bonuses paid pursuant to Webster's and Webster Bank's annual incentive compensation plan during the then current fiscal year multiplied by a fraction the numerator of which is the number of full months during the then current fiscal year in which the executive officer was employed and the denominator of which is 12, and (b) subject to certain limitations, to continue to be entitled to medical and dental coverage for one year (or the remaining term of the agreement, if less) or until the executive officer accepts other employment on a substantially full time basis if earlier.

If during the term of the employment agreement an executive officer terminates his employment without the consent of the Board of Webster or Webster Bank, then the employment agreement, among other things, would restrict him from having any other employment for one year or the remaining term of the agreement plus six months, whichever is less, with a commercial bank, savings bank, savings and loan association, or mortgage banking company, or a holding company affiliate of any of the foregoing, which has an office out of which the executive officer would be primarily based, located within 35 miles of Webster Bank's home office.

Under the change of control employment agreements, Webster and Messrs. Smith, Bromage, Healy, and Savage, respectively, agreed that the employment of each executive officer would continue for a period of two years following the Effective Date under such agreements (the Employment Period). The Effective Date is generally the date on which a change of control (as defined below) of Webster occurs, except that, if the executive officer's employment with Webster is terminated before a change of control at the request of a third party who is effecting a change of control or otherwise in connection with or in anticipation of a change of control, the Effective Date is the day before the date of such termination, provided, in either case, that the Effective Date occurs during the change of control period (defined for Messrs. Smith and Bromage as the two-year period ending on December 15, 2003, except that on December 15, 2002 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended; for Mr. Healy as the two-year period ending on March 30, 2003, except that on March 30, 2002 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive

officer at least 60 days prior notice that the change of control period will not be so extended; and for Mr. Savage as the two-year period ending on April 24, 2004, except that on April 24, 2003 and on each annual anniversary of such date, unless previously terminated, the change of control period will be extended automatically so as to terminate two years from such date, unless Webster has given the executive officer at least 60 days prior notice that the change of control period will not be so extended). As noted above, upon the Effective Date under the change of control employment agreements, the employment agreements of these officers with Webster and Webster Bank will terminate and the change of control employment agreements will supersede those agreements.

During the Employment Period, each executive officer will receive an annual base salary at a rate at least equal to 12 times his highest monthly base salary from Webster and its affiliated companies during the 12-month period before the Effective Date (including any salary that was earned but deferred). The base salary will be reviewed at least annually and will not be reduced from the amount then in effect. In addition, each executive officer shall be awarded for each fiscal year ending during the Employment Period an annual bonus in cash at least equal to his highest bonus under the Annual Incentive Plan or any comparable bonus under any predecessor or successor plan for the last three full fiscal years before the Effective Date. Each executive officer will be entitled to participate in all incentive, savings and retirement plans, practices, policies and programs applicable generally to other peer executives of Webster and affiliated companies and the incentive, savings and retirement benefit opportunities afforded to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer and his family also will be eligible to participate in and shall receive all welfare benefits (including medical, prescription, dental, disability, employee life, group life, accidental death and travel accident insurance) applicable generally to other peer executives of Webster and affiliated companies and the welfare benefits provided to the executive officer shall not be less favorable than those provided to him during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Each executive officer will be entitled to prompt reimbursement of expenses and to fringe benefits during the Employment Period (including tax and financial planning services, payment of club dues and, if applicable, use of an automobile and payment of related expenses) in accordance with the most favorable policies in effect with respect to such matters for such executive officer during the 120-day period before the Effective Date (or, if more favorable to the executive officer, those provided generally to other peer executives of Webster and affiliated companies). Similar provisions will apply to the office, support staff and vacation time to be provided to the executive officers during the Employment Period.

If the employment of the executive officer is terminated during the Employment Period by Webster without cause (as defined therein) and other than because of his disability (as defined therein) or by the executive officer with good reason (as defined therein), Webster will be required to pay the executive officer a lump sum cash amount equal to the sum of: (i) the sum of (a) his base salary through the termination date to the extent not previously paid, (b) a prorated bonus reflecting the number of days he was employed during the fiscal year based on the higher of the bonus required to be paid for such fiscal year under the agreement or the bonus paid or payable for the most recently completed fiscal year and (c) any previously deferred compensation and any accrued vacation pay; (ii) three times the sum of the executive officer's base salary and bonus (based on the higher of the two amounts described in (i)(b) above); and (iii) the excess of (a) the actuarial equivalent of the benefit the executive officer would have been entitled to receive under the Pension Plan and the Supplemental Plan if his employment had continued for three years after the date of termination based on the compensation amounts that would have been required to be paid to him under the change of control employment agreement over (b) the actuarial equivalent of his actual benefit under the Pension Plan and the Supplemental Plan as of the termination date. In such event, Webster also will be required to: (i) continue benefits to the executive officer and his family at least equal to those that would have been provided to them under the change of control employment agreement if the executive officer's employment had continued for at least three years after the termination date; (ii) provide outplacement services to the executive officer at its expense and (iii)

pay or provide to the executive officer any other amounts or benefits to which he is entitled under any agreement or plan of Webster and its affiliated companies. If the executive officer would be subject to the excise tax imposed by Section 4999 of the Code (relating to excess parachute payments) on any payment or distribution by Webster or its affiliates to or for the benefit of the executive officer, Webster will pay to the executive officer a gross-up amount sufficient (after all taxes) to pay such excise tax (including interest and penalties with respect to any such taxes). However, if the payments and distributions do not exceed 110% of the maximum amount that could be paid to the executive officer such that no excise tax would be imposed, no gross-up payment will be made and the payments and distributions will be reduced to such maximum amount.

For purposes of the change of control employment agreements, a change of control means: (1) the acquisition by any individual, entity or group (a Person) of beneficial ownership of 20% or more of either (i) the outstanding shares of the Common Stock of Webster or (ii) the combined voting power of the then outstanding voting securities of Webster entitled to vote generally in the election of directors (Voting Securities), except that any such acquisition (a) directly from Webster, (b) by Webster, (c) by any employee benefit plan or trust of Webster or any controlled corporation, or (d) pursuant to a transaction that complies with clauses (3)(i), (ii) and (iii) below will not constitute a change of control; (2) individuals who, as of December 15, 1997 (for Messrs. Compensation Committee Report on Executive Compensation

The Compensation Committee of the Board of Directors consists of five non-employee directors. The members of the Compensation Committee currently are John J. Crawford (Chairman), Joel S. Becker, O. Joseph Bizzozero, Jr., George T. Carpenter and Roger A. Gelfenbien. The Committee recommends to the non-employee members of the Board of Directors, which has ultimate responsibility over such matters, executive officer salaries, bonuses and certain other forms of compensation, including long-term incentive awards. All recommendations of the Compensation Committee regarding executive officer compensation for the 2003 fiscal year were approved by the Board of Directors.

Set forth below is a report addressing Webster's compensation policies for fiscal year 2003 as they affected Webster's executive officers.

Compensation Policies for Executive Officers. Webster's executive compensation policies are designed to provide competitive levels of compensation, to assist Webster in attracting and retaining qualified executives and to encourage superior performance. For purposes of this report, executive officers include the Chief Executive Officer, Chief Operating Officer, and the five Executive Vice Presidents of the Corporation. In determining levels of executive officers' overall compensation, the Compensation Committee considers the qualifications and experience of the persons concerned, the size of the institution and the complexity of its operations, the financial condition, including income, of the institution, the compensation paid to other persons employed by the institution and the compensation paid to persons having similar duties and responsibilities in comparable financial institutions. The Compensation Committee employs outside consultants and refers to published survey data in establishing compensation.

Relationship of Performance to Executive Compensation. Compensation paid to Webster's executive officers in 2003 consisted of the following components: base salary, bonuses, long-term incentives (awards of stock options and restricted stock) and participation in Webster employee benefit plans. While each of these components has a separate purpose and may have a different relative value to the total, a significant portion of the total compensation package is highly dependent on the financial success of Webster and shareholder return. Generally, base salaries for executive officers approximate the median of salaries paid for comparable positions at other financial institutions. Short-term and long-term incentive compensation plans are designed to provide significant compensation opportunities when Webster meets or exceeds its strategic and financial goals. The ultimate value of long-term incentive compensation such as stock options and restricted stock is dependent primarily on the performance of Webster's Common Stock. Webster's executive officers' compensation is tied to Webster's goals and their compensation may be higher or lower than average total compensation for similar positions at comparable financial institutions depending on whether or not Webster exceeds or falls short of its goals.

For 2003, the Compensation Committee intended that total compensation for executive officers other than the Chief Executive Officer be at approximately the median for executives whose compensation was highly dependent on corporate results and higher than the median for executives whose compensation was highly dependent on the line of business results as compared to comparable financial institutions based on their past practices, recognizing that Webster has grown responsibly and has made significant progress in pursuit of its strategic and financial objectives.

Base Salary. The Compensation Committee reviews executive base salaries annually in February. Base salary considers the internal value of the position and tracks with the external marketplace. In 2003, the executive officers listed on page 10 served pursuant to employment agreements that provide for a minimum base salary that may not be reduced without the consent of the executive officer. In establishing the 2003 salary for each executive officer, the Compensation Committee considered the officer's responsibilities, qualifications and experience, the size of the institution and the complexity of its operations, the financial condition of the institution (based on levels of income, asset quality and capital), and compensation paid to persons having similar duties and responsibilities in comparable

financial institutions. Base salaries for executive officers,

increased in 2003 due in large part to positive financial performance in 2002 and to the increased size and complexity of the institution.

Annual Incentive Plan. The Incentive Plan for Webster was adopted by the Board of Directors on February 19, 2003 after a thorough review of incentive plans and performance metrics used by a large sample of regional and national banks conducted by William M. Mercer Inc. The Incentive Plan covers executive officers, other than the Chief Executive Officer, approved for participation in the Incentive Plan by the Compensation Committee. The Compensation Committee makes recommendations to the Board of Directors for awards under the Incentive Plan.

The Incentive Plan formula calls for the bonuses of executive officers to be determined on the basis of the following metrics: achievement of the corporate financial plan; an improvement in adjusted return on average equity compared to Peer Group; and, where applicable, the achievement of line of business financial plans. Target is achieved if Webster meets its annual financial plan and if the adjusted return on average equity improves relative to Webster's Peer Group. In the case of executive officers that are line of business heads, a significant portion of the annual incentive opportunity is dependent on whether the line of business meets or exceeds its annual financial plan. The target bonuses are set relative to executive officers' responsibilities with such target bonuses equal to 50% to 75% of the recipient's base salary. Additional or lesser bonuses may be earned to the extent that performance exceeds or falls short of the target, through the application of a bonus multiplier which equals 1 when the target is met and which increases or decreases to the extent that performance exceeds or falls short of the target. Awards to the executive officers under the Incentive Plan are based 30% to 100% on corporate performance and 0% to 70% on line of business performance depending on the executive officer's responsibilities. Awards for 2003 amounted to 92% of target for corporate performance and ranged from 155% to 161% of target for the line of business performance.

Qualified Performance-Based Compensation Plan. The Qualified Performance-Based Compensation Plan (the Plan) was adopted by the Board of Directors effective January 1, 2003, and approved by shareholders at the 2003 annual meeting for a five-year term to expire at the Annual Meeting. The Plan is designed to further the growth and profitability of Webster by providing the Chief Executive Officer and other selected executive officers as may be determined by the Compensation Committee, with the opportunity to earn annual incentive compensation based on business, financial and strategic results, thereby enabling Webster to motivate key employees to achieve high profitability and strategic objectives for the Corporation. The Plan is intended to satisfy the requirements of Section 162(m) of the Code with respect to the deduction of qualified performance-based compensation. The Chief Executive Officer was the only participant in the Plan for 2003, and his bonus was determined based on accomplishment against the designated performance objectives under the Plan, achievement against the corporate financial plan and an relative improvement in the adjusted return on average equity compared to Webster's Peer Group.

Long-Term Incentive Compensation. The Board of Directors endorses the position that stock ownership by management is beneficial in aligning management's and shareholders' interests in the enhancement of shareholder value. To that end, Webster has established formal stock ownership guidelines for all executive officers. Executive officers must own Webster stock with a value of three times their base salaries. The President, COO must own Webster stock with a value of four times his base salary. The CEO must own Webster stock with a value of five times his base salary. The CEO and the President and COO have met these guidelines. Other executive officers meet the guidelines by agreeing to hold all long-term incentives which include vested restricted stock and exercised stock options (net of taxes), until they achieve their respective thresholds of Webster common stock.

Webster uses stock options and restricted stock awards to provide long-term incentive compensation. The Compensation Committee makes recommendations to the non-employee members of the Board of Directors for awards under the Corporation's 1992 Stock Option Plan. Long-term compensation, which emphasizes long-term results, is targeted at 50% to 125% (excluding the CEO) of the recipient's base salary depending upon the executive officer's

responsibilities. For 2003, one-third of long-term compensation was paid in restricted stock and two-thirds was paid in stock options.

The purpose of stock option awards is to provide an opportunity for the recipients to acquire or increase a proprietary interest in Webster, thereby creating a stronger incentive to expend maximum effort for the long-term growth and success of Webster and encouraging recipients to remain in the employ of Webster. Officers and other full-time employees of Webster and its subsidiaries are eligible for grants under the Corporation's 1992 Stock Option Plan. Stock options are normally granted each year as a component of long-term compensation with the size of the grants generally tied to and weighted approximately equally based on an officer's responsibility level, base salary and performance. The number of options held is not considered when determining the option awards for executive officers. All options have four-year incremental vesting requirements. During 2003, 63,351 stock options were granted to Webster's executive officers other than the Chief Executive Officer.

The purpose of Webster's restricted stock awards is to attract and retain executive officers whose actions will have an impact on Webster's long-term operating results and to motivate such executives by providing them with an immediate ownership stake in the business. Recipients are paid dividends on the shares and have voting rights. All restricted stock awards have vesting requirements that range from three years to five years. In addition to providing a direct relationship between shareholder value creation and the value of the benefit to the officer, restricted stock is a powerful retention device, as the shares are not conveyed to the executive until vesting restrictions have been satisfied. During 2003, 9,886 shares of restricted stock were awarded to executive officers other than the Chief Executive Officer, of which 385 shares related to the 2003 bonus awards, a part of which was paid in restricted stock rather than cash for a portion of the award that exceeded the target bonus payments.

Other. In addition to the compensation paid to executive officers as described above, executive officers received, along with and on the same terms as other employees, certain benefits pursuant to the 401(k) Plan, the Employee Stock Purchase Plan, the ESOP and the Pension Plan. In addition, executive officers received certain benefits under Webster's nonqualified supplemental retirement plan that are otherwise limited by Internal Revenue Code caps on qualified plans.

CEO Compensation. The Compensation Committee, in determining the compensation for the Chief Executive Officer, considers Webster's size and complexity, financial condition and results and progress in meeting strategic objectives. The Chief Executive Officer's base salary increased in 2003 due in large part to positive financial performance in 2002 and to the increased size and complexity of the institution. The CEO's annual bonus was determined under the Qualified Performance-Based Compensation Plan, the material terms of which were approved by the Board of Directors and the shareholders at the 2003 annual meeting for a five-year term to expire at the Annual Meeting. The Committee determined that for 2003, in addition to attainment of the performance objectives under the Plan, it would base the CEO's target bonus, which was set at 95% of base salary, primarily on achieving the corporate financial plan (50%) and achieving an improvement in the adjusted return on average equity against Webster's Peer Group (50%). The CEO's annual bonus payment was \$611,800 for 2003, which amounted to 92% of target bonus. The bonus was paid in cash.

Regarding long-term incentive compensation, targeted at 160% of base salary in 2003, the CEO received an annual grant of 65,728 stock options and an award of 9,858 restricted shares, which were made in accordance with the Corporation's 1992 Stock Option Plan.

For 2003, the Compensation Committee intended that total compensation for the Chief Executive Officer, be at approximately the median for comparable financial institutions based on their past practices, and relative to the results Webster achieved against its financial plan. The Committee also noted that Webster has grown responsibly and has made significant progress in pursuit of its strategic objectives.

Internal Revenue Code Section 162(m). In 1993, the Code was amended to disallow publicly traded companies from receiving a tax deduction on compensation paid to executive officers

in excess of \$1 million (section 162(m) of the Code), unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring Webster's compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation.

Compensation Committee Interlocks and Insider Participation

From time to time Webster Bank makes loans to its directors and executive officers and related persons and entities for the financing of homes, as well as home improvement, consumer and commercial loans. It is the belief of management that these loans are made in the ordinary course of business, are made on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and neither involve more than normal risk of collectibility nor present other unfavorable features.

George T. Carpenter, a director of Webster and Webster Bank, is the President and Treasurer of Carpenter Realty Co. (Carpenter Realty) and S. Carpenter Construction Co. (Carpenter Construction). During fiscal 1998, Webster Bank entered into a 15 year lease for office space with Carpenter Realty and the annual rent for 2003 was \$62,475. Webster Bank entered into a three-year lease with Carpenter Realty effective March 1, 2000 for storage and work space at an annual rate of \$10,923.

COMPARATIVE COMPANY PERFORMANCE

The following table sets forth comparative information regarding Webster's cumulative shareholder return on its Common Stock over the last five fiscal years. Total shareholder return is measured by dividing total dividends (assuming dividend reinvestment) for the measurement period plus share price change for a period by the share price at the beginning of the measurement period. Webster's cumulative shareholder return over a five-year period is based on an initial investment of \$100 on December 31, 1998 and is compared to the cumulative total return of the Standard & Poor's 500 Index (S&P 500 Index), the SNL All Bank and Thrift Index and a peer group index prepared by SNL Financial LC (SNL Peer Index). The SNL Peer Index includes 63 bank and thrift companies with reported market capitalizations between \$750 million and \$2 billion at December 31, 2003, with the returns of each issuer in the group weighted according to the issuer's respective stock market capitalization at the beginning of each period for which a return is indicated. Because Webster's market capitalization exceeded \$2.1 billion at December 31, 2003, the SNL Peer Index will not be included in the comparison in the future.

**RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS
(Proposal 2)**

The Board of Directors has appointed the firm of KPMG LLP to continue as independent auditors for Webster for the year ending December 31, 2004, subject to ratification of the appointment by Webster's shareholders. KPMG LLP was appointed as the independent auditors of Webster Bank in 1985, has performed audits for Webster Bank for the years ended December 31, 1983 through 2003, and has similarly performed audits for Webster for the years ended December 31, 1986 through 2003. Unless otherwise indicated, properly executed proxies will be voted in favor of ratifying the appointment of KPMG LLP, independent certified public accountants, to audit the books and accounts of Webster for the year ending December 31, 2004. No determination has been made as to what action the Board of Directors would take if Webster's shareholders do not ratify the appointment.

Assuming the presence of a quorum at the Annual Meeting, the affirmative vote of the majority of the votes cast is required to ratify the appointment of KPMG LLP as Webster's independent auditors for the year ending December 31, 2004.

Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will be given an opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

The Board of Directors recommends that shareholders vote FOR ratification of the appointment of KPMG LLP as Webster's independent auditors for the year ending December 31, 2004.

Policy on Audit Committee Pre-Approval of Audit and Non-Audit Services of Independent Auditor

Consistent with Securities and Exchange Commission requirements regarding auditor independence, the Audit Committee has adopted a policy to pre-approve all audit and permissible non-audit services provided by the independent auditor. Pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is generally subject to a specific budget. As authorized by that statute, the Audit Committee has delegated authority to the Chairman of the Audit Committee to pre-approve up to \$100,000 in audit and permissible non-audit services. Any decisions by the Chairman of the Audit Committee under this delegated authority will be reported at the next meeting of the Audit Committee. Management is required to report, on a quarterly basis, to the Audit Committee regarding the extent of services provided by the independent auditor in accordance with this pre-approval, and the fees for the services performed to date. The Audit Committee may also pre-approve particular services on a case-by-case basis.

The pre-approval policy was implemented effective as of January 26, 2004. All engagements of the independent auditor to perform any audit services and non-audit services since that date have been pre-approved by the Audit Committee in accordance with the pre-approval policy. The policy has not been waived in any instance. All engagements of the independent auditor to perform any audit services and non-audit services prior to the date the pre-approval policy was implemented were approved by the Audit Committee in accordance with its normal functions, and none of those engagements made use of the de minimus exception to pre-approval contained in the Commission's rules.

Audit Committee Charter

STATEMENT OF POLICY

The Audit Committee for Webster Financial Corporation (the Corporation), which is composed solely of directors who are independent of management and free from any relationship that would interfere with the exercise of independent judgement, serves as the Audit Committee of the Corporation, and its subsidiaries, including Webster Bank (the Bank), and its subsidiaries, including Webster Trust Company, N. A. (the Trust Company), and Webster Investment Services, Inc. (the Broker/Dealer).

The primary function of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities to the shareholders, potential shareholders, and investment community by reviewing: the financial reports and other financial information provided by the Corporation to any governmental body or the public; the Corporation's systems of internal controls regarding finance, accounting, legal compliance and ethics that management and the Board have established; compliance by the Corporation with legal and regulatory requirements and the Corporation's auditing, accounting and financial reporting processes generally, and the independent accountant's qualifications and independence. Audit Committee

Pre-Approval Policy

I. Statement of Principles

The Audit Committee is required to pre-approve the audit and non-audit services performed by the independent accountant in order to assure that the provision of such services does not impair the accountant's independence. Unless a type of service to be provided by the independent accountant has received general pre-approval, it will require specific pre-approval by the Audit Committee. Any proposed services exceeding pre-approved cost levels will require specific pre-approval by the Audit Committee.

The appendices to this Policy describe the audit, permissible non-audit and tax services that have the pre-approval of the Audit Committee. The term of any pre-approval is 12 months from the date of pre-approval, unless the Audit Committee specifically provides for a different period. The Audit Committee will periodically revise the list of pre-approved services, based on subsequent determinations.

II. Delegation

The Audit Committee may delegate pre-approval authority to one or more of its members. By this Policy, the Audit Committee delegates specific pre-approval authority to its Chair, provided that the estimated fee for any such proposed pre-approved service does not exceed \$100,000. The Chair shall report any pre-approval decisions to the Audit Committee at its next regularly scheduled meeting.

III. Audit and Non-Audit Services

The annual audit services engagement terms and fees will be subject to the specific pre-approval of the Audit Committee. The Audit Committee will approve, if necessary, any changes in terms, conditions and fees resulting from changes in audit scope, company structure or other matters as may be recommended by the Chief Financial Officer, Controller or independent accountant.

In addition to the annual audit services engagement approved by the Audit Committee, the Audit Committee may grant pre-approval for other audit services as well as permissible non-audit services that would not impair the independence of the independent accountant. The Audit Committee has pre-approved the audit and permissible non-audit services listed in Exhibit A; provided, however, that specific engagements for such audit and non-audit services shall be approved and authorized by any one of the Chairman and Chief Executive Officer, the President and Chief Operating Officer, and the Chief Financial Officer of the Corporation. All other audit and permissible non-audit services not listed in Exhibit A, or which have not been previously approved in connection with the independent accountant's engagement letter for the applicable year, must be separately pre-approved by the Audit Committee.

The independent accountant shall not perform any prohibited non-audit services as set forth in Section 201(a) of Title II of the Sarbanes-Oxley Act (Section 10A(g) of the Securities and Exchange Act of 1934). In addition, the independent accountant shall not perform internal audit work or internal control related IT consulting.

IV. Tax Services

The Audit Committee believes that the independent accountant can provide tax services such as tax compliance, tax planning and tax advice without impairing the independent accountant's independence. However, the Audit Committee will not permit the retention of the independent accountant in connection with a transaction initially recommended by the independent accountant, the purpose of which may be tax avoidance and the tax treatment of which may not be supported in the Internal Revenue Code and related regulations. The Audit Committee has pre-approved the tax services listed in Exhibit B. All tax services not listed in Exhibit B, or which have not been previously approved in connection with the independent accountant's engagement letter for the applicable year, must be separately pre-approved by the Audit Committee.

V. Pre-Approved Fee Amounts

Maximum fee amounts for pre-approved services to be provided by the independent accountant will be established periodically by the Audit Committee. Any proposed services exceeding these levels will require specific pre-approval by the Audit Committee.

VI. Procedures

Requests or applications to provide services that require separate approval by the Audit Committee will be submitted to the Audit Committee by both the independent accountant and the Chief Financial Officer or Controller, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence.

VII. Additional Matters

On a quarterly basis, the Audit Committee shall review a summary of fees paid year-to-date for all audit fees and engagements for audit, audit related, tax and other services, regardless of the fee amount. In addition, on a quarterly basis, management shall submit to the Audit Committee a report of each audit, audit-related, non-audit, tax and other engagement entered into in the quarter with the independent accountant, and the fee for such engagement(s).
