**Item 2.02 Results of Operations and Financial Condition.**

On February 15, 2005, Applied Materials, Inc. ( Applied Materials ) announced its financial results for the first fiscal quarter ended January 30, 2005. A copy of Applied Materials press release is attached hereto as Exhibit 99.1.

The information contained herein and in the accompanying exhibit shall not be incorporated by reference into any filing of Applied Materials, whether made before or after the date hereof, regardless of any general incorporation language in such filing, unless expressly incorporated by specific reference in such filing. The information in this report, including the exhibit hereto, shall not be deemed to be filed for purposes of Section 18 of the Securities Exchange Act of 1934, as amended, or otherwise subject to the liabilities of that section or Sections 11 and 12(a)(2) of the Securities Act of 1933, as amended.

**Use of Non-GAAP Financial Information**

To supplement the consolidated condensed financial statements prepared under United States Generally Accepted Accounting Principles ( GAAP ), Applied Materials uses a non-GAAP financial measure, as defined in Item 10 of Regulation S-K of the Securities Exchange Act of 1934, as amended, of net income that is GAAP net income, adjusted to exclude special items. Reconciliations of reported results of operations under GAAP to ongoing results are included as a supplement to the press release. Due to the amount of charges incurred in prior periods as a result of realignment activities, Applied Materials believes that ongoing results are useful to investors because they reflect baseline performance exclusive of charges associated with realignment activities. Ongoing results are the primary indicator used by Applied Materials management to plan and forecast future periods. These non-GAAP measures are neither in accordance with, nor an alternative for, GAAP, and may be materially different from non-GAAP methods of accounting and reporting used by other companies. The presentation of this additional information should not be considered as a substitute for net income prepared in accordance with GAAP.
