**PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD ON APRIL 29, 2005**

This Proxy Statement is furnished to stockholders of Apartment Investment and Management Company (Aimco or the Company), a real estate investment trust (REIT), in connection with the solicitation of proxies in the form enclosed herewith for use at the Annual Meeting of Stockholders of the Company (the Meeting) to be held on Friday, April 29, 2005, at 9:00 a.m. at the principal executive offices of the Company at 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237, and at any and all adjournments or postponements thereof, for the purposes set forth in the Notice of Meeting. This Proxy Statement and the enclosed form of proxy are first being mailed to stockholders on or about March 30, 2004.

This solicitation is made by mail on behalf of the Board of Directors (the Board) of the Company. Costs of the solicitation will be borne by the Company. Further solicitation of proxies may be made by telephone, fax or personal interview by the directors, officers and employees of the Company and its affiliates, who will not receive additional compensation for the solicitation. The Company has retained the services of The Altman Group, Inc., for an estimated fee of \$4,000, plus out-of-pocket expenses, to assist in the solicitation of proxies from brokerage houses, banks, and other custodians or nominees holding stock in their names for others. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to stockholders.

Holders of record of the Class A Common Stock of the Company (Common Stock) as of the close of business on the record date, March 4, 2005 (the Record Date), are entitled to receive notice of, and to vote at, the Meeting. Each share of Common Stock entitles the holder to one vote. At the close of business on the Record Date, there were 95,651,884 shares of Common Stock issued and outstanding.

Shares represented by proxies in the form enclosed, if the proxies are properly executed and returned and not revoked, will be voted as specified. Where no specification is made on a properly executed and returned proxy, the shares will be voted: **FOR** the election of all nominees for director; **FOR** the ratification of the selection of Ernst & Young LLP as Aimco's independent registered public accounting firm for the calendar year ending December 31, 2005; and **FOR** the approval of the sale of up to an aggregate of 5,000 High Performance Partnership Units of AIMCO Properties, L.P. (the Operating Partnership). To be voted, proxies must be filed with the Secretary of the Company prior to voting. Proxies may be revoked at any time before voting by filing a notice of revocation with the Secretary of the Company, by filing a later dated proxy with the Secretary of the Company or by voting in person at the Meeting. Shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee that are represented at the Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

The Company's 2004 Annual Report to Stockholders is being mailed with this Proxy Statement. The principal executive offices of the Company are located at 4582 South Ulster Street Parkway, Suite 1100, Denver, Colorado 80237.

**PROPOSAL 1:
ELECTION OF DIRECTORS**

Pursuant to Aimco's Articles of Restatement (the Charter) and Amended and Restated Bylaws (the Bylaws), directors are elected at each Annual Meeting of Stockholders and hold office for one year, and until their successors are duly elected and qualify. Aimco's Bylaws currently authorize a Board consisting of not fewer than three nor more than nine persons.

The nominees for election to the six positions on the Board selected by the Nominating and Corporate Governance Committee of the Board and proposed by the Board to be voted upon at the Meeting are James N. Bailey, Terry Considine, Richard S. Ellwood, J. Landis Martin, Thomas L. Rhodes and Michael A. Stein. Messrs. Bailey, Considine, Ellwood, Martin and Rhodes were elected to the Board at the last Annual Meeting of Stockholders. Mr. Stein was appointed by the Board in October 2004 to fill a vacancy on the Board. Messrs. Bailey, Ellwood, Martin, Rhodes and Stein are not employed by, or affiliated with, Aimco, other than by virtue of serving as directors of Aimco. Unless authority to vote for the election of directors has been specifically withheld, the persons named in the accompanying proxy intend to vote for the election of Messrs. Bailey, Considine, Ellwood, Martin, Rhodes and Stein to hold office as directors for a term of one year until their successors are elected and qualify at the next Annual Meeting of Stockholders. All nominees have advised the Board that they are able and willing to serve as directors.

If any nominee becomes unavailable for any reason (which is not anticipated), the shares represented by the proxies may be voted for such other person or persons as may be determined by the holders of the proxies (unless a proxy contains instructions to the contrary). In no event will the proxy be voted for more than six nominees.

Directors will be elected by a favorable vote of a plurality of the shares of voting stock present and entitled to vote, in person or by proxy, at the Meeting. Accordingly, abstentions or broker non-votes as to the election of directors will not affect the election of the candidates receiving the plurality of votes. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the election of the six nominees named above as directors.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR EACH
OF THE SIX NOMINEES.**

**PROPOSAL 2:
RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

The firm of Ernst & Young LLP, the Company's independent registered public accounting firm for the year ended December 31, 2004, was selected by the Audit Committee to act in the same capacity for the fiscal year ending December 31, 2005, subject to ratification by Aimco's stockholders. The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2004 and 2003 are described below under the caption Principal Accountant Fees and Services.

Representatives of Ernst & Young LLP will be present at the Meeting and will be given the opportunity to make a statement if they so desire and to respond to appropriate questions.

The affirmative vote of a majority of the votes cast regarding the proposal is required to ratify the selection of Ernst & Young LLP. Accordingly, abstentions or broker non-votes will not affect the outcome of the vote on the proposal. Unless instructed to the contrary in the proxy, the shares represented by the proxies will be voted FOR the proposal to ratify the selection of Ernst & Young LLP to serve as independent registered public accounting firm for the Company for the fiscal year ending December 31, 2005.

**THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION
OF THE SELECTION OF ERNST & YOUNG LLP.**

**PROPOSAL 3:
APPROVAL OF THE SALE OF HIGH PERFORMANCE UNITS**

As an additional step in furtherance of Aimco's goal of increasing Aimco's adjusted funds from operations, dividend income and share price by making share ownership the primary economic motivation of its officers, in January 1998, AIMCO Properties, L.P. (the Operating Partnership) sold an aggregate of 15,000 Class I High Performance Partnership Units (the Class I Units) to a joint venture formed by 14 of Aimco's officers and to three of Aimco's independent directors. Based on the success of the Class I Units, in January 2001, the Board decided to offer to sell to employees of Aimco's subsidiaries additional High Performance Units. In 2001, upon approval of stockholders, the Operating Partnership sold an aggregate of 15,000 of its Class II, III, and IV High Performance Partnership Units (the Class II Units, Class III Units and Class IV Units) to a joint venture formed by over 50 employees. In 2002, upon approval of stockholders, the Operating Partnership sold 4,398 of its Class V High Performance Partnership Units (the Class V Units) to a joint venture formed by over 40 employees. In 2003, upon approval of stockholders, the Operating Partnership sold 5,000 of its Class VI High Performance Units (Class VI Units) to a joint venture formed by approximately 40 employees. In 2004, upon the approval of stockholders, the Operating Partnership sold 4,109 of its Class VII High Performance Units (Class VII Units) to a joint venture formed by approximately 22 employees. Unlike Common Stock, common partnership units in the Operating Partnership (OP Units) and options to purchase Common Stock, the High Performance Units provide the following advantages to Aimco:

the Operating Partnership receives cash consideration for an interest that will have nominal cost to Aimco unless the total return to Aimco's stockholders for the relevant measurement period exceeds a minimum hurdle rate and is significantly better than the industry average (as measured by the Morgan Stanley REIT Index); and

any value received by the purchasers of the High Performance Units is not readily transferable and constitutes a long-term investment in Aimco, providing a substantial and enduring alignment of the long-term economic interests of Aimco and its officers and employees.

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement period has ended:

	Class I Units	Class II Units	Class III Units	Class IV Units	Class V Units
Measurement Period	1/1/98-12/31/00	1/1/01-12/31/01	1/1/01-12/31/02	1/1/01-12/31/03	1/1/02-12/31/04
Aimco Total Return	59.24%	0.21%	(11.40)%	(10.09)%	5.01%
Morgan Stanley REIT Index Total Return	0.58%	12.83%	16.94%	59.91%	86.35%
Minimum Return for Measurement Period	30.00%	11.00%	23.21%	36.76%	36.76%
Outperformance Return	29.24%	0.00%	0.00%	0.00%	0.00%
Weighted Average Market Value of Outstanding Equity (in millions)	\$2,623	\$3,858	\$4,063	\$4,012	\$3,844

Outperformance Stockholder Value Added (in millions, at end of measurement period)	\$767	\$0	\$0	\$0	\$0
Value of Units (in millions, at end of measurement period)	\$115	\$0	\$0	\$0	\$0

As shown in the above table, the Class II Units, the Class III Units, the Class IV Units and the Class V Units were valued at \$0, and therefore, the allocable investments made by the holders of \$1.275 million, \$1.793 million, \$1.793 million, and \$937,601, respectively, were lost.

In addition to the Class I Units, Class II Units, Class III Units, Class IV Units and Class V Units described above, the Operating Partnership has issued 5,000 Class VI Units and 4,109 Class VII Units, which

Table of Contents

have measurement periods of January 1, 2003 through December 31, 2005 and January 1, 2004 through December 31, 2006, respectively.

The following table details the results of the High Performance Units that have been previously issued and for which the relevant measurement periods have not yet ended:

	Class VI Units	Class VII Units
Measurement Period	1/1/03-12/31/05	1/1/04-12/31/06
Aimco Total Return(1)	18.76%	17.04%
Morgan Stanley REIT Index Total Return(1)	79.80%	31.49%
Minimum Return for Measurement Period	23.21%	11.00%
Outperformance Return(1)	0.00%	0.00%
Weighted Average Market Value of Outstanding Equity (in millions)(1)	\$3,671	\$3,506
Outperformance Stockholder Value Added (in millions, at 12/31/04)	\$0	\$0
Value of Units (in millions, at 12/31/04)	\$0	\$0

(1) For the period from 1/1/03 through 12/31/04 for Class VI Units and 1/1/04 through 12/31/04 for the Class VII Units.

As shown in the above table, the Class VI Units and the Class VII Units were valued at \$0 for the portion of the measurement period through December 31, 2004, however, the full measurement period ends on December 31, 2005 for the Class VI Units and on December 31, 2006 for the Class VII Units.

This year, the Board has decided to sell a new class of High Performance Units (the Class VIII High Performance Partnership Units or Class VIII Units), which have substantially the same characteristics as the Class VII Units sold in 2004 except for a different three year measurement period. Up to 5,000 Class VIII Units will be offered for sale. The specific characteristics of the Class VIII Units are shown below:

The Class VIII Units will have a three-year measurement period starting on January 1, 2005 and ending December 31, 2007.

The Class VIII Units will have nominal value unless the Aimco total return (dividend income plus share price appreciation) exceeds 115% of the cumulative total return of the Morgan Stanley REIT Index and has a cumulative total return for the three year period of at least 36.8% (equivalent to 11% per year compounded).

The amount, if any, by which the total return of the Common Stock over the measurement period exceeds the applicable total return hurdle will be considered the Outperformance Return.

Outperformance Return multiplied by Aimco's average market capitalization will be considered Outperformance Stockholder Value Added for stockholders.

If the minimum total return hurdle is met as of December 31, 2007, the holders of the new High Performance Units will thereafter receive distributions and allocations of income and loss at the same time and in the same amount (subject to certain exceptions upon liquidation of the Operating Partnership) as a number of OP Units equal to (i) 5% of Outperformance Stockholder Value Added (subject to proration if fewer than 5,000 Class VIII Units are sold), divided by (ii) the average volume weighted price of Common Stock over the 20 trading days ending on the determination date (subject to the limits on dilution described below).

Investment in the new joint venture that will purchase the High Performance Units will be offered to certain of Aimco's officers and employees, and there will be no participation by the independent board members.

Table of Contents

After the measurement period, the Class VIII Units may be distributed to the joint venture participants. Thereafter, the Class VIII Units are not transferable (except to family trusts or partnerships) until the holder of the units dies, and are not exchangeable for Common Stock unless there is a change of control of Aimco.

The dilutive impact to Aimco's stockholders from the Class VIII Units will be limited to 1.0% (subject to proration if fewer than 5,000 Class VIII Units are sold).

In calculating the Aimco total returns for the Class VIII Units, the initial value of the Common Stock will be \$37.49. It is an average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding the end of the period on December 31, 2004. This was also the price used to determine the total return of the Common Stock for purposes of valuing the Class V Units issued in January 2002, for which the measurement period ended on December 31, 2004.

Aimco's Board has determined, based upon the advice of an independent valuation expert, that the fair value of the 5,000 Class VIII Units is \$780,000 in the aggregate. The employees who are offered the opportunity to invest in the Class VIII Units will do so through a senior management partnership, SMP 2008, L.L.C., a Delaware limited liability company (the "SMP"), which will hold the Class VIII Units until their valuation date. The SMP will be formed solely for the purpose of holding the Class VIII Units until their valuation date, and the SMP will have no assets other than the Class VIII Units. The terms of the limited liability company agreement of the SMP will restrict the employees' ability to transfer their interests, and provides the SMP with a right to repurchase the interest of any employee at the original purchase price if such employee's employment with Aimco is terminated for any reason (other than by death or disability) before the end of the measurement period. As with previous High Performance Units, the employees are investing through a limited liability company to ensure that there is no opportunity to profit from the ownership of High Performance Units before the valuation date.

Aimco intends to offer the Class VIII Units without registration under the Securities Act of 1933, as amended (the "Act"), in reliance upon Section 4(2) and Regulation D thereunder. Neither Aimco, the Operating Partnership, the SMP nor any other person or entity will offer or sell the securities by any form of general solicitation or general advertising. As indicated above, the aggregate price for the Class VIII Units will be less than \$1 million. Each employee-investor will receive the requisite information to make an informed investment decision. Each employee-investor must represent that he or she is acquiring the securities for himself or herself and not for any other person and that he or she understands that the securities have not been registered under the Act, and cannot be resold unless they are registered or an exemption from registration is available and that the certificates representing the securities will bear a restrictive legend to such effect. Interests in the SMP will be offered and sold only to a limited number of employees. The total number of purchasers (excluding accredited investors as defined in Rule 501 under the Act) will not exceed 35. Each purchaser who is not an accredited investor must have such knowledge and experience in financial and business matters that he or she is capable of evaluating the merits and risks of the investment.

A family partnership controlled by Terry Considine is expected to own up to approximately 90% of the SMP. Other employees will own the remaining interests in the SMP; however, the total number of purchasers will not exceed 35 (excluding accredited investors). The \$780,000 aggregate purchase price to be paid by the SMP for the Class VIII Units will be funded with cash contributions from the employees participating in the SMP. Aimco will not make loans to executive officers to fund their cash contributions to the SMP, but Aimco may make loans to facilitate the participation of non-executive officers. These loans will be full recourse, will be payable through payroll deductions and will be required to be paid in full by October 15, 2005. To the extent that offerees elect not to participate, their interests will be offered to other participants on a proportionate basis.

Holders of the Class VIII Units will not be able to redeem their Class VIII Units unless a change of control (as defined in the Operating Partnership's Agreement of Limited Partnership) occurs. Prior to the date (the "Valuation Date") that is the earlier of (i) January 1, 2008 or (ii) the date on which a change of control occurs, each Class VIII Unit will entitle the holder thereof to receive distributions and allocations of

Table of Contents

income and loss from the Operating Partnership in the same amounts and at the same times (subject to certain exceptions upon liquidation of the Operating Partnership) as would a holder of 0.01 OP Units. If, on the Valuation Date, the cumulative Total Return of the Common Stock from January 1, 2005 to December 31, 2007 (the

Measurement Period) exceeds 115% of the cumulative Total Return of a peer group index over the same period, and is at least the equivalent of a 36.8% cumulative Total Return over the three year period (the Minimum Return), then, on and after the Valuation Date, each Class VIII Unit will convert into a number of Class VIII Units equal to (i) the product of (A) 5% (subject to proration if fewer than 5,000 Class VIII Units are sold) of the amount by which the cumulative Total Return of the Common Stock over the Measurement Period exceeds the greater of the Minimum Return or 115% of a peer group index (such excess being the Outperformance Return), multiplied by (B) the weighted average market value of Aimco's equity capitalization (including Common Stock and OP Units but not preferred stock or preferred units), divided by (ii) the product of (A) the market value of one share of Common Stock on the Valuation Date and (B) the number of Class VIII Units then outstanding. However, the new number of Class VIII Units may not exceed 1.0% (subject to proration if fewer than 5,000 Class VIII Units are sold) of the number of shares of Common Stock and OP Units outstanding, on a fully diluted basis (based on the sum of (i) the fully diluted number of shares used to determine Adjusted Funds From Operations (AFFFO) per share and (ii) the fully diluted number of common OP Units and equivalents outstanding on the Valuation Date). If, on the Valuation Date, the cumulative Total Return of the Common Stock does not satisfy these criteria, then each Class VIII Unit will convert into 0.01 of a Class VIII Unit. On and after the Valuation Date, each Class VIII Unit will entitle the holder thereof to receive distributions and allocations of income and loss from the Operating Partnership in the same amounts and at the same time (subject to certain exceptions upon liquidation of the Operating Partnership) as would a holder of one OP Unit. For purposes of determining the market value of Common Stock or OP Units as of any date, the average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding such date is used, except that the value of a share of Common Stock as of January 1, 2005 will be \$37.49, the price used to determine the value of the Class V Units as of December 31, 2004 (which is the average of the volume-weighted daily trading price of the Common Stock for the 20 consecutive trading days immediately preceding December 31, 2004).

As with previously-issued High Performance Units, the Morgan Stanley REIT Index will be used as the peer group index (the Peer Group Index) for purposes of the new High Performance Units. The Morgan Stanley REIT Index is a capitalization-weighted index, with dividends reinvested, of the most actively traded real estate investment trusts. As of January 27, 2005, the Morgan Stanley REIT Index was comprised of 121 real estate investment trusts selected by Morgan Stanley Capital International Inc. The Board of Aimco has selected this index because it believes that it is the real estate investment trust index most widely reported and accepted among institutional investors. The Board may select a different index if it determines that the Morgan Stanley REIT Index is no longer an appropriate comparison for Aimco; if the Morgan Stanley REIT Index is not maintained throughout the Measurement Period; or for any other reason that the Board determines.

Total Return means, for any security and for any period, the cumulative total return for such security over such period, as measured by (i) the sum of (a) the cumulative amount of dividends paid in respect of such security for such period (assuming that all cash dividends are reinvested in such security as of the payment date for such dividend based on the security price on the dividend payment date), and (b) an amount equal to (x) the security price at the end of such period, minus (y) the security price at the beginning of such period, divided by (ii) the security price at the beginning of the measurement period; provided, however, that if the foregoing calculation results in a negative number, the Total Return shall be equal to zero.

The Class VIII Units are subject to certain restrictions on transfer. The SMP may not transfer the Class VIII Units until after the Valuation Date, and then only to its participants or to one of their family members (or a family-owned entity). Individuals may not transfer High Performance Units except to a family member (or a family-owned entity) or in the event of death or disability. The Class VIII Units are not convertible into Common Stock. However, in the event of a change of control of Aimco, holders of the Class VIII Units will have redemption rights similar to those of holders of OP Units. Upon the occurrence of a

Table of Contents

change of control, any holder of the Class VIII Units may, subject to certain restrictions, require the Operating Partnership to redeem all or a portion of the Class VIII Units held by such party in exchange for a cash payment per unit equal to their market value at the time of redemption. However, in the event that any Class VIII Units are tendered for redemption, the Operating Partnership's obligation to pay the redemption price is subject to the prior right of Aimco to acquire such Class VIII Units in exchange for an equal number of shares of Common Stock (subject to certain adjustments).

Although Aimco does not believe that the sale of the Class VIII Units will have an anti-takeover effect, the Class VIII Units could increase the potential cost of acquiring control of Aimco and thereby discourage an attempt to take control of Aimco. However, the Board is not aware of any attempt to take control of Aimco and the Board has not approved the sale of the Class VIII Units with the intention of discouraging any such attempt.

If Aimco's Total Return over the Measurement Period exceeds 115% of the Total Return of the Morgan Stanley REIT Index and exceeds the Minimum Return of 36.8% over three years, then the holders of the Class VIII Units could be entitled to as much as 1% (percentage based on the valuation date and is subject to proration if fewer than 5,000 Class VIII Units are sold) of future distributions made by the Operating Partnership. This would have a dilutive effect on future earnings per share of Common Stock, and on Aimco's equity ownership in the Operating Partnership after the Valuation Date. However, the maximum dilutive effect for the new class of High Performance Units will be 1.0% of the number of shares of Common Stock and OP Units outstanding, on a fully diluted basis (based on the sum of (i) the fully diluted number of shares used to determine AFFO per share and (ii) the fully diluted number of common OP Units and equivalents outstanding on the Valuation Date).

The table below illustrates the value of the Class VIII Units on the Valuation Date under different circumstances. The table demonstrates the value of the Class VIII Units at given prices for Common Stock and the total return calculated at that price compared to both the Minimum Return and 115% of the peer group total return. For purposes of this illustration, the value of the Class VIII Units is calculated by multiplying (a) 5% of the Outperformance Return, by (b) the weighted average market value of Aimco's equity capitalization (including Common Stock and OP Units not held by Aimco) over the Measurement Period. However, this determination of value does not represent the actual fair market value of the Class VIII Units on the Valuation Date because the Class VIII Units are subject to substantial restrictions on transfer and, in the absence of a change of control, do not entitle the holders thereof to any redemption rights. Except as otherwise indicated, it is assumed, for purposes of the illustration, that the Valuation Date is January 1, 2008, and the weighted average market value of outstanding equity (Common Stock and OP Units not held by Aimco) during the Measurement Period is \$3.963 billion. Other important assumptions are set forth in the footnotes below the following table.

The table below is for illustrative purposes only and there can be no assurance that actual outcomes will be within the ranges used. Some of the factors that could affect the results set forth in the table are the Total Return of the Common Stock relative to the Total Return of the Morgan Stanley REIT Index, and the market value of the average outstanding equity of Aimco during the Measurement Period. These factors may be affected by general economic conditions, local real estate conditions and the dividend policy of Aimco.

(1) If Outperformance Stockholder Value Added is \$0, the Cash Proceeds to Company from Initial Investment is calculated by subtracting the Value of High Performance Units from \$780,000 which is the purchase price of 5,000 Class VIII Units.

(2)

Aimco Total Return is calculated in the above example as follows: $((\text{Stock Price} + 2005 \text{ Annual Dividend} + 2006 \text{ Annual Dividend} + 2007 \text{ Annual Dividend}) - \$37.49) / \$37.49$, where each Annual Dividend equals \$2.40.

- (3) At each price shown above in the Stock Price column, the first example assumes that the Minimum Return controls the valuation and the second and third examples assume that 115% of the Morgan Stanley REIT Index Total Return controls the valuation.
- (4) Outperformance Return is the amount, if any, by which the total return of the Aimco Class A Common Stock over the measurement period exceeds the Minimum Return or 115% of the Morgan Stanley REIT Index Total Return.
- (5) Assumes the market value of outstanding equity (Aimco Class A Common Stock and common OP Units) at December 31, 2004 throughout the measurement period.
- (6) Outperformance Stockholder Value Added is calculated by multiplying the Outperformance Return by the average market capitalization.

Table of Contents

- (7) The Value of High Performance Units is calculated by multiplying the Outperformance Stockholder Value Added by 5%. If Outperformance Stockholder Return is \$0, the Value of High Performance Units is calculated by multiplying the stock price by 50 OP Units, and the initial investment of \$780,000 for the Class VIII Units will continue to be treated as contributed equity on the balance sheet of the Operating Partnership.
- (8) The OP Unit Dilution is calculated by dividing the Value of High Performance Units by the stock price at the end of the period.
- (9) OP Unit Dilution as a Percentage of Total Diluted Shares Outstanding is calculated by dividing the OP Unit Dilution by the sum of (i) the fully diluted number of shares used to determine for AFFO per share (based on Common Stock outstanding at December 31, 2004) and (ii) the fully diluted number of common OP Units and equivalents outstanding at December 31, 2004.
- (10) The maximum OP Unit dilution as a percentage of Total Diluted Shares Outstanding for the Class VIII Units is 1.0%.

Pursuant to Section 312.03 of the New York Stock Exchange Listed Company Manual, the affirmative vote of a majority of the votes cast regarding the proposal is required for approval of the sale of the new High Performance Units. Accordingly, abstentions or broker non-votes will not affect the outcome of the vote on the proposal. Unless instructed to the contrary in the proxy, the shares represented by proxies will be voted FOR the proposal to approve the sale of the new High Performance Units.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE SALE OF THE HIGH PERFORMANCE UNITS.

CORPORATE GOVERNANCE MATTERS

Independence of Directors

The Board has determined that to be considered independent, an outside director may not have a direct or indirect material relationship with Aimco or its subsidiaries (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). A material relationship is one that impairs or inhibits or has the potential to impair or inhibit a director's exercise of critical and disinterested judgment on behalf of Aimco and its stockholders. In determining whether a material relationship exists, the Board considers, for example, whether the director or a family member is a current or former employee of the Company, family member relationships, compensation, business relationships and payments, and charitable contributions between Aimco and an entity with which a director is affiliated (as an executive officer, partner or substantial stockholder) and whether a director is a former employee of the Company. The Board consults with the Company's counsel to ensure that such determinations are consistent with all relevant securities and other laws and regulations regarding the definition of independent director, including but not limited to those set forth in the pertinent listing standards of the New York Stock Exchange as in effect from time to time.

Table of Contents

Consistent with these considerations, the Board affirmatively has determined that Messrs. Bailey, Ellwood, Martin, Rhodes and Stein are independent directors (collectively the Independent Directors).

Meetings and Committees

The Board held four meetings during the year ended December 31, 2004. During 2004, no director attended fewer than 75% of the total number of meetings of the Board and any committees of the Board upon which he served; however, Mr. Stein, who joined the Board in October 2004, attended substantially all of the Board and committee meetings from the time he joined through December 31, 2004. The Board has established standing audit, compensation and human resources, and nominating and corporate governance committees.

The Corporate Governance Guidelines, as described below, provide that the Company generally expects that the Chairman of the Board will attend all annual and special meetings of the stockholders. Other members of the Board are encouraged, but not required, to attend such meetings. One director, Mr. Considine, attended the Company's 2004 annual meeting of stockholders.

Audit Committee.

The Audit Committee currently consists of the five Independent Directors, and the Audit Committee Chairman is Mr. Stein. The Audit Committee makes determinations concerning the engagement of the independent registered public accounting firm, reviews with the independent registered public accounting firm the plans and results of the audit engagement, reviews the independence of the independent registered public accounting firm, considers the range of audit and non-audit fees and reviews the adequacy of Aimco's internal accounting controls. Aimco's Board has determined that Mr. Stein is an audit committee financial expert. Each member of the Audit Committee is independent, as that term is defined by Sections 303.01 of the listing standards of the New York Stock Exchange relating to audit committees. The Audit Committee held 14 meetings during the year ended December 31, 2004. The Audit Committee has a written charter that was adopted effective November 6, 2003, which charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary. As set forth in the Audit Committee's charter, no director may serve as a member of the Audit Committee if such director serves on the audit committee of more than two other public companies, unless the Board determines that such simultaneous service would not impair the ability of such director to effectively serve on the Audit Committee. No member of the Audit Committee serves on the audit committee of more than two other public companies.

Compensation and Human Resources Committee.

The Compensation and Human Resources Committee currently consists of the five Independent Directors, and the Compensation and Human Resources Committee Chairman is Mr. Martin. The Compensation and Human Resources Committee's purposes are to: oversee the Corporation's compensation and employee benefit plans and practices, including its executive compensation plans and its incentive-compensation and equity-based plans; and to direct the preparation of, and approve, a report on executive compensation to be included in the Company's proxy statement for its annual meeting of stockholders or Annual Report on Form 10-K filed with the Securities and Exchange Commission. The Compensation and Human Resources Committee held four meetings during the year ended December 31, 2004. The Compensation and Human Resources Committee has a written charter that was adopted effective January 29, 2004, which charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary.

Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee currently consists of the five Independent Directors, and the Nominating and Corporate Governance Committee Chairman is Mr. Bailey. The Nominating and Corporate Governance Committee's purposes are to: identify and recommend to the Board individuals qualified to serve on the board; advise the Board with respect to Board composition, procedures

Table of Contents

and committees; develop and recommend to the Board a set of corporate governance principles applicable to Aimco and its management; and oversee evaluation of the Board and management (in conjunction with the Compensation and Human Resources Committee). The Nominating and Corporate Governance Committee held five meetings during the year ended December 31, 2004. The Nominating and Corporate Governance Committee has a written charter that was adopted effective March 8, 2004, which charter is posted on Aimco's website (www.aimco.com) and is also available in print to stockholders, upon written request to Aimco's Corporate Secretary.

The Nominating and Corporate Governance Committee selects nominees for director on the basis of, among other things, experience, knowledge, skills, expertise, integrity, ability to make independent analytical inquiries, understanding of Aimco's business environment and willingness to devote adequate time and effort to Board responsibilities. The Nominating and Corporate Governance Committee assesses the appropriate balance of criteria required of directors and makes recommendations to the Board. When formulating its Board membership recommendations, the Nominating and Corporate Governance Committee shall also consider advice and recommendations from others as it deems appropriate. The Nominating and Corporate Governance Committee will consider nominees to the Board that are recommended by stockholders in writing, marked to the attention of Aimco's Corporate Secretary, no later than September 30, 2005.

The Board is responsible for nominating members for election to the Board and for filling vacancies on the Board that may occur between annual meetings of stockholders. During 2004, the Board, upon the recommendation of the Nominating and Corporate Governance Committee, filled a vacancy on Aimco's Board by appointing Mr. Stein.

Separate Sessions of Non-Management Directors.

Aimco's Corporate Governance Guidelines (described below) provide that the non-management directors shall meet in executive session without management on a regularly scheduled basis, but no less than four times per year. Mr. Martin has been designated as the Lead Independent Director who will preside at such executive sessions through February 2006. The non-management directors, which group is made up of the five Independent Directors, met in executive session without management four times during the year ended December 31, 2004.

Compensation of Directors

In 2004, the Company awarded each of Messrs. Bailey, Ellwood, Martin and Rhodes 4,000 shares of Common Stock. In connection with his October 2004 appointment to the Board, Mr. Stein was granted an option to acquire 3,000 shares of Aimco's Common Stock, which option vests on the first anniversary of the grant date and has an exercise price per share equal to the fair market value of the shares on the date of grant, and was also awarded 2,000 shares of Common Stock. All of the Independent Directors were paid a fee of \$1,000 for attendance at each meeting of the Board and a fee of \$1,000 for each meeting of any committee thereof.

Compensation for the Independent Directors in 2005 is an annual fee of 4,000 shares of Common Stock, which shares were awarded February 15, 2005, a fee of \$1,000 for attendance at each meeting of the Board, and a fee of \$1,000 for each meeting of any committee thereof. The Company may modify this amount after further review. Mr. Considine, who is not an Independent Director, does not receive directors' fees.

Code of Ethics

Effective November 6, 2003, the Board adopted a code of ethics entitled "Code of Business Conduct and Ethics" that applies to the members of the Board, all of Aimco's executive officers and all of Aimco's (or its subsidiaries') employees, including Aimco's principal executive officer, principal financial officer and principal accounting officer. The Code of Business Conduct and Ethics is posted on Aimco's website (www.aimco.com). If, in the future, Aimco amends, modifies or waives a provision in the Code of Business Conduct and Ethics, rather than filing a Current Report on Form 8-K, Aimco intends to satisfy any applicable

disclosure requirement under Item 5.05 of Form 8-K by posting such information on Aimco's website (www.aimco.com), as necessary.

Corporate Governance Guidelines

Effective March 8, 2004, the Board adopted and approved Corporate Governance Guidelines, which were reviewed and reaffirmed in January 2005. These guidelines are available on Aimco's website (www.aimco.com). In general, the Corporate Governance Guidelines address director qualification standards, director responsibilities, the lead independent director, director access to management and independent advisors, director compensation, director orientation and continuing education, management succession, and an annual performance evaluation of the Board.

Compensation and Human Resources Committee Interlocks and Insider Participation

The Compensation and Human Resources Committee consists of Messrs. Martin (Chairman), Bailey, Ellwood, Rhodes and Stein. Mr. Rhodes is Vice Chairman and a Director of American Land Lease, Inc. Mr. Considine, the Chairman of the Board and Chief Executive Officer of the Company, is also Chairman and Chief Executive Officer of American Land Lease, Inc.

AUDIT COMMITTEE REPORT TO STOCKHOLDERS

The Audit Committee oversees Aimco's financial reporting process on behalf of the Board. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements in the Annual Report on Form 10-K with management including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. A written charter approved by the Audit Committee and ratified by the Board governs the Audit Committee.

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with accounting principles generally accepted in the United States, their judgments as to the quality, not just the acceptability, of the Company's accounting principles. The Audit Committee also has discussed with the independent registered public accounting firm the matters required to be discussed by Statement of Auditing Standards No. 61 relating to communication with audit committees. In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures and letter required by Rule 3600T of the Public Company Accounting Oversight Board, which adopts on an interim basis Independence Standards Board Standard No. 1, relating to independence discussions with audit committees, has discussed with the independent registered public accounting firm their independence from the Company and its management, and has considered whether the independent registered public accounting firm's provision of non-audit services to the Company is compatible with maintaining such firm's independence.

The Audit Committee discussed with the Company's independent registered public accounting firm the overall scope and plans for their audit. The Audit Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held 14 meetings during fiscal year 2004.

None of the Audit Committee members have a relationship with the Company that might interfere with exercise of his independence from the Company and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2004 for filing with the Securities and Exchange Commission. The Audit Committee has also determined that provision by Ernst & Young LLP of other non-audit services is compatible with maintaining Ernst & Young LLP's independence. The Audit Committee and the Board have also recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as the Company's independent registered public accounting firm.

PRINCIPAL ACCOUNTANT FEES AND SERVICES

Principal Accountant Fees

The aggregate fees billed for services rendered by Ernst & Young LLP during the years ended December 31, 2004 and 2003 were approximately \$10.5 million and \$14.5 million, respectively, and are described below.

Audit Fees

Fees for audit services totaled approximately \$7.4 million in 2004 and approximately \$6.2 million in 2003. These amounts include fees associated with the annual audit of the financial statements of Aimco, its internal control over financial reporting (which includes procedures related to the implementation of the internal control provisions set forth in Section 404 of the Sarbanes-Oxley Act of 2002), and the financial statements of certain of its consolidated subsidiaries and unconsolidated investees. Fees for audit services also include fees for the reviews of Aimco's Quarterly Reports on Form 10-Q, registration statements filed with the Securities and Exchange Commission (SEC), other SEC filings, equity or debt offerings, comfort letters and consents.

Audit-Related Fees

Fees for audit-related services totaled approximately \$1.3 million in 2004 and approximately \$3.0 million in 2003. Audit-related services principally include various audit and attest work not required by statute or regulation, benefit plan audits, due diligence in connection with acquisitions, and accounting consultations.

Tax Fees

Fees billed for tax services, including tax compliance services for approximately 530 subsidiaries or affiliates of the Company, tax advice and tax planning totaled approximately \$1.7 million in 2004 and \$5.0 million in 2003. The difference between the two amounts is substantially due to the timing of services rendered and related billing.

All Other Fees

Fees for all other services not included above totaled approximately \$0.02 million in 2004 and \$0.3 million in 2003, principally consisting of real estate advisory services and risk management advisory services. There were no fees billed or incurred in 2004 or 2003 related to financial information systems design and implementation.

Included in the fees above are audit and tax compliance fees of \$5.7 million and \$8.3 million for 2004 and 2003, respectively, for services provided to approximately 530 consolidated and unconsolidated partnerships for which an Aimco subsidiary is the general partner.

Audit Committee Pre-Approval Policies

In 2003, the Audit Committee adopted the Audit and Non-Audit Services Pre-Approval Policy (the Pre-approval Policy), which the Audit Committee reviewed and again approved, with minor modifications, in October 2004. The Pre-approval Policy describes the Audit, Audit-related, Tax and Other Permitted services that have the general pre-approval of the Audit Committee, typically subject to a dollar limit of \$25,000. The term of any general pre-approval is generally twelve (12) months from the date of pre-approval, unless the Audit Committee considers a different period and states otherwise. At least annually, the Audit Committee will review and pre-approve the services that may be provided by the independent registered public accounting firm without obtaining specific pre-approval from the Audit Committee. In accordance with this review, the Audit Committee may add to or subtract from the list of general pre-approved services or modify the permissible dollar limit associated with pre-approvals. As set forth in the Pre-approval Policy, unless a type of service has received general pre-approval and is anticipated to be within the dollar limit associated with the general pre-approval, it will require specific pre-approval by the Audit Committee if it is to be provided by the

Table of Contents

independent registered public accounting firm. For both types of pre-approval, the Audit Committee will consider whether such services are consistent with the rules on independent registered public accounting firm independence. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with Aimco's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance Aimco's ability to manage or control risk or improve audit quality. All such factors will be considered as a whole, and no one factor will necessarily be determinative. All of the services described above were approved pursuant to the annual engagement letter or in accordance with the Pre-approval Policy; none were approved pursuant to Rule 2-01(c)(7)(i)(C) of SEC Regulation S-X.

- (2) Represents the number of shares of Common Stock beneficially owned by each person divided by the total number of shares of Common Stock outstanding. Any shares of Common Stock that may be acquired by a person within 60 days upon the exercise of options, warrants, rights or conversion privileges are deemed to be beneficially owned by that person and are deemed outstanding for the purpose of computing the percentage of outstanding shares of Common Stock owned by that person, but not any other person.
- (3) Through wholly owned subsidiaries, Aimco acts as general partner of, and, as of March 4, 2005, holds approximately 90% of the interests in the Operating Partnership. After a one-year holding period, OP Units may be tendered for redemption and, upon tender, may be acquired by Aimco for shares of Common Stock at an exchange ratio of one share of Common Stock for each OP Unit (subject to adjustment). If Aimco acquired all OP Units for Common Stock (without regard to the ownership limit set forth in Aimco's Charter) these shares of Common Stock would constitute approximately 10% of the then outstanding shares of Common Stock. OP Units are subject to certain restrictions on transfer. Class I Units are generally not redeemable for, or convertible into, Common Stock; however, in the event of a change of control of the Company, holders of the Class I Units will have redemption rights similar to those of holders of OP Units.
- (4) Represents the number of shares of Common Stock beneficially owned, divided by the total number of shares of Common Stock outstanding, assuming, in both cases, that all 8,451,548 OP Units and 2,379,084 Class I Units outstanding as of March 4, 2005 are redeemed in exchange for shares of Common Stock (notwithstanding any holding period requirements, Aimco's ownership limit and, in the case of Class I Units, the absence of a change of control). COMPENSATION AND HUMAN RESOURCES COMMITTEE REPORT TO STOCKHOLDERS

The five Independent Directors constitute the Compensation and Human Resources Committee (the Committee). The Committee determines the compensation of the Chief Executive Officer; reviews the decisions made by the Chief Executive Officer as to the compensation of other corporate officers holding the title of Executive Vice President and the Chief Accounting Officer (Other Senior Management) and together with the Chief Executive Officer, Senior Management) and recommends any changes to the Board; reviews the general compensation and benefit practices of the Company; and administers the Company's stock option and other stock related plans.

In response to a stockholder proposal seeking certain limitations regarding executive severance arrangements, which proposal was approved by the Company's stockholders at the 2004 annual meeting of stockholders, in July 2004, the Committee adopted an executive severance policy. That policy provides that Aimco shall seek stockholder approval or ratification of any future severance agreement for any senior executive officer that provides for benefits, such as lump-sum or future periodic cash payments or new equity awards, in an amount in excess of 2.99 times such executive officer's base salary and bonus. Compensation and benefits earned through the termination date, the value of vesting or payment of any equity awards outstanding prior to the termination date, pro rata vesting of any other long-term awards, or benefits provided under plans, programs or arrangements that are applicable to one or more groups of employees in addition to senior executives are not subject to the policy. Even prior to the Committee's response to the stockholder vote, it had been Aimco's longstanding practice not to enter into agreements with senior executives to provide excessive severance arrangements.

Compensation of Senior Management is comprised of Base Compensation, Bonus Compensation and Long-Term Incentive Compensation (collectively Total Compensation). In conducting its review and in making its determination and granting approvals, the Committee first determines the Company's relative financial performance as compared to a peer group comprised of REITs with market capitalization of greater than \$4 billion and other companies considered relevant by the Committee and helpful in its decision making. The comparable companies reviewed by the Committee are among those included in the SNL indices used in the stock price performance graph under the heading Stock Price Performance Graph in this Proxy Statement.

As part of this analysis, the Committee considers various factors: the alignment of management financial awards with stockholder objectives for Total Return (dividend income plus share price appreciation); reasonableness of compensation in consideration of all the facts, including Total Return; the size and complexity of the Company; various other metrics of the Company measured against the peer group (such as Adjusted Funds From Operations); the scale of the business; practices of other real estate investment trusts and other companies considered relevant by the Committee and helpful in its decision making; and recruitment and retention of the Company's management.

If the Company's relative performance is superior, the Committee's policy is to set Total Compensation at levels that reward such performance. If the Company's relative performance is not superior to this peer group, the Committee's policy is to maintain aggregate Total Compensation of Senior Management at levels at or below the median level of such peer group.

The Committee sets individual awards with reference to this peer group and such other companies considered relevant by the Committee and helpful in its decision making, particularly where an individual's functional responsibilities are not represented in the REITs with market capitalization of greater than \$4 billion comparator set. For example, with reference to Aimco Capital, the Committee considered companies and industries with transactional functions similar to those found in Aimco Capital. Each individual compensation determination is considered with reference to the performance of the member of Senior Management.

Base Compensation. The Committee sets Base Compensation at or below the median paid by the peer group to executive officers with comparable responsibilities. The Committee determined 2004 Base Compensation for the Chief Executive Officer; reviewed the decisions made by the Chief Executive Officer as to the

Table of Contents

2004 Base Compensation for Other Senior Management; and considered such 2004 Base Compensation reasonable and in line with Committee policy.

Bonus and Long-Term Incentive Compensation. The Committee sets Bonus Compensation (which is a mixture of cash, stock options or restricted stock) to reward specific achievements of Senior Management, with reference to the median levels of bonus compensation paid by the peer group to executive officers with comparable responsibilities. The Committee awards Long-Term Incentive Compensation (which is a mixture of stock options and restricted stock) to reward specific achievements of Senior Management and to align Senior Management's long-term business decisions and contributions with the long-term business goals of the Company's stockholders. In assessing Bonus and Long Term Incentive Compensation for 2004, the Compensation and Human Resources Committee considered, among other things the following:

Aimco's Total Return of 20.3% under-performed the Morgan Stanley REIT Index at 31.5%, but out-performed the S&P 500 at 10.9%.

Conventional property operations improved through the second half of the year; however same store sales results under-performed its peer group.

Aimco Capital affordable property operations maintained stable net operating income, while selling 7,347 units.

Aimco continued the pruning of its non core assets including 40 conventional apartment properties for gross proceeds of approximately \$358 million (net proceeds to Aimco of approximately \$265 million) and exiting seven markets. Aimco also completed opportunistic sales of seven core properties for gross proceeds of approximately \$751 million (net proceeds to Aimco of approximately \$605 million).

Through Aimco Capital, Aimco generated asset management and transaction fee revenue of \$30 million.

Aimco's University Communities group, in joint venture with CalSTRs, expanded its operations with two acquisitions.

Aimco modified its credit facility and term debt, resulting in lower interest rate spreads, extended maturity dates, and more operating and financial covenant flexibility.

Aimco reduced its cost of capital through mortgage refinancings and the redemption of \$473 million of higher cost preferred securities with the proceeds from the issuance of lower cost preferred securities.

Aimco continued appropriate capital spending to maintain and improve asset quality. The Construction Services group expanded and initiated 11 moderate redevelopments supporting Aimco's initiative to improve asset quality; however, returns on the Redevelopment group's projects generally missed expected pro forma results due to market and lease up challenges.

Aimco enhanced its infrastructure and processes, particularly related to forecasting, reporting and field support; however these enhancements continue to be refined, and generated higher general and administrative spending.

Aimco reported Funds From Operations and Adjusted Funds From Operations of \$2.79 and \$2.19 per share, respectively, for the year ended December 31, 2004.

Although there were a number of significant accomplishments by the Company during 2004, the Company's financial performance was not considered superior by the Committee. As a result, the Committee determined Bonus and Long Term Compensation at levels at or below the median level of such peer group and in consideration of individual performance.

Table of Contents

In consideration of the factors indicated above and the Committee's policy, the Committee approved Total Compensation to Mr. Considine as follows:

Name	Base Compensation	Bonus Compensation	Long Term Incentive Compensation	Total Compensation
Terry Considine	\$ 300,000	\$ 1,000,000	\$ 2,700,000	\$ 4,000,000

Mr. Considine's Total Compensation is comprised of \$1.3 million in cash and \$2.7 million in equity compensation, of which \$1.629 million was awarded in the form of 44,447 shares of restricted stock and \$1.071 million in the form of 300,000 stock options.

The Committee, in conjunction with Mr. Considine, approved \$17,719,450 in Total Compensation to ten persons comprising Other Senior Management, of which \$12,687,210 went to the four most highly compensated executive officers (other than Mr. Considine). The Total Compensation to Other Senior Management is comprised of \$6,514,010 in cash (includes \$2,512,500 in salary and \$4,001,510 in cash bonus, including up to \$1,305,000 that may be paid subject to the satisfaction of certain conditions in 2005) and \$11,205,440 in stock options and restricted stock.

With respect to year-end equity awards, both the shares of restricted stock and the stock options were granted February 16, 2005 and vest ratably over five years beginning on the first anniversary of the grant date, subject to accelerated vesting based on the achievement of a specified calendar year Funds From Operations target. For the purpose of calculating the number of shares of restricted stock to be granted, the dollars allocated to restricted stock were divided by \$36.65 per share, which was the average of the high and low trading prices of Aimco's Common Stock on the ten trading days preceding the grant date. For the purpose of calculating the number of stock options to be granted, the dollars allocated to stock options were divided by \$3.57, which is the Black-Scholes valuation described below. The stock options have an exercise price per share of \$38.05, which is equal to the grant date fair market value of the shares (per the terms of Aimco's 1997 Stock Award and Incentive Plan fair market value is defined as the closing price on the date prior to the grant date).

The Compensation and Human Resources Committee valued the options at approximately \$3.57 per underlying share, based on the advice of a nationally recognized independent investment bank that valued the options using the Black-Scholes Option Pricing Model, which model may be used to measure compensation cost under Statement of Financial Accounting Standards No. 123, *Accounting for Stock-Based Compensation* and Statement of Financial Accounting Standards No. 123 (revised 2004), *Share-Based Payment* (FAS 123R). For accounting purposes, the compensation cost related to the restricted stock is based on the number of shares of restricted stock multiplied by the grant date fair market value of \$38.05, and the compensation cost related to the stock options is based on the number of options multiplied by the \$3.57 per share Black-Scholes valuation. Such compensation cost generally will be recognized over the five-year vesting period, subject to accelerated recognition resulting from accelerated vesting if the specified calendar year Funds From Operations target is met. The specific accounting to be applied in recognizing the cost of this compensation will not be affected materially by Aimco's decisions related to the adoption of FAS 123R, which have not yet been finalized.

For the February 16, 2005 restricted stock awards, for the purpose of calculating the number of shares of restricted stock to be granted, the dollars allocated to restricted stock were divided by \$36.65 per share, which was the average of the high and low trading prices of Aimco's Common Stock on the ten trading days preceding the grant date. With respect to fiscal year 2003, stock options were granted on February 19, 2004 at an exercise price of \$32.05 per share and restricted stock was granted on May 15, 2004. As required by applicable disclosure rules, the dollar value of each grant as shown is calculated based on the closing price of Aimco's Common Stock on the date of grant. The applicable closing prices and trading dates are as follows: \$38.24 on May 1, 2003; \$27.88 on May 15, 2004 (May 14, 2004 price used, as May 15, 2004 was not a trading day); \$38.54 on December 31, 2004; and \$37.79 on February 16, 2005. - (2) For options for 384,113 shares granted to Mr. Considine, the vesting schedule is on the first (34%), second (33%) and third (33%) anniversaries of the grant date of February 19, 2004. For options for 384,114 shares, options for 64,453 shares, options for 147,321 shares and options for 31,306 shares for Messrs. Considine, Robertson, McAuliffe and Cortez, respectively, vesting is 20% on each anniversary of the grant date of February 19, 2004, beginning with the first.
- (3) The estimated present value at grant date of option grants in fiscal year 2004 has been calculated using a value of \$2.24 per option, which value was derived using the Black-Scholes option pricing model based on the following assumptions: exercise price per share of \$32.05; an expected life of the option of five years; a fixed dividend yield of 7.49% over the life of the option; a risk free rate of 3.47%; and historical volatility of 19.14% for Aimco's Common Stock over five years. For accounting purposes, the compensation cost related to these options is based on the number of options multiplied by the \$2.24 per option Black-Scholes valuation, and such compensation cost generally will be recognized over the vesting period. The ultimate value of these options depends on the actual performance of Aimco's Common Stock during the applicable period and upon when options are exercised. No gain to the optionee is possible without an increase in the share price, which would benefit all stockholders as well.
- (4) Does not reflect options granted on February 16, 2005, at an exercise price of \$38.05 per share, as part of 2004 compensation to Mr. Considine. Mr. Considine received one option grant for 300,000 shares. The February 16, 2005 options grant vests 20% on each anniversary of the grant date, beginning with the first. As of the grant date, the estimated present value of this award was \$1,071,000 based on a value of \$3.57 per option, which value was derived using the Black-Scholes option pricing model based on the following assumptions: exercise price per share of \$38.05; an expected life of the option of five years; a fixed dividend yield of 6.31% over the life of the option; a risk free rate of 4.10%; and historical volatility of 19.0% for Aimco's Common Stock over five years. For accounting purposes, the compensation cost related to these options is based on the number of options multiplied by the \$3.57 per option Black-Scholes valuation, and such compensation cost generally will be recognized over the vesting period. The ultimate value of these options depends on the actual performance of Aimco's Common Stock during the applicable period and upon when options are exercised. No gain to the optionee is possible without an increase in the share price, which would benefit all stockholders as well.

Mr. Considine receives annual cash compensation pursuant to an employment contract with the Company. The initial two-year term of this contract expired in July 1996 but the contract is automatically renewed for successive one-year terms unless Mr. Considine is terminated by the Company. The base salary payable under the employment contract is subject to annual review and adjustment by the Compensation and Human Resources Committee. For 2004, Mr. Considine received \$300,000 in base salary. Mr. Considine is also eligible for a bonus set by the Compensation and Human Resources Committee. See Compensation and Human Resources Committee Report to Stockholders.

This employment contract provides that upon a change in control of the Company or a termination of employment under certain circumstances, Mr. Considine will be entitled to a payment equal to three times the average annual salary for the previous three years. The contract provides that during the term of the contract and for one year thereafter in no event will Mr. Considine engage in the acquisition, development, operation or management of other multifamily rental apartment properties outside of the Company. In addition, the contract provides that the Mr. Considine will not engage in any active or passive investment in property relating to multifamily rental apartment properties, with the exception of the ownership of up to 1% of the securities of any publicly-traded company involved in those activities.

The December 31, 2004, grant to Mr. Robertson of 52,563 shares of restricted stock vests 25% on each anniversary of the grant date, beginning with the first and is subject to acceleration upon termination of employment under certain circumstances and upon a change in control. Effective in January 2002, the Company entered into certain non-competition and non-solicitation agreements with a number of employees, including Messrs. Considine, Robertson, McAuliffe, Cortez and Graber. Pursuant to the agreements, in consideration for payment of certain bonus and restricted stock, each of these executives agreed that during the term of his employment with the Company and for a period of two (2) years following the termination of his employment, except in circumstances where there was a change in control of the Company, he could not (i) be employed by a competitor of the Company named on a schedule to the agreement, (ii) solicit other employees to leave the Company's employ or (iii) solicit customers of Aimco to terminate their relationship with the Company. The agreements further required that the executives protect Aimco's trade secrets and confidential information.

The agreements provide that in order to enforce the above-noted non-competition condition following the executive's termination of employment by the Company without cause, each of Messrs. Considine, Robertson, McAuliffe, Cortez and Graber will receive, for a period not to exceed the earlier of twenty-four (24) months following such termination or the date of acceptance of employment with a non-competitor, (i) severance pay

in an amount, if any, to be determined by the Company in its sole discretion and (ii) a monthly payment equal to two-thirds (2/3) of such executive's monthly base salary at the time of termination.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

From time to time, Aimco has entered into various transactions with certain of its executive officers and directors. Aimco attempts to price such transactions based on fair market value, and believes that the transactions are on terms that are as favorable to the Company as could be achieved with unrelated third parties.

Section 16(a) of the Securities Exchange Act of 1934, as amended, requires Aimco's executive officers and directors, and persons who own more than ten percent of a registered class of Aimco's equity securities, to file reports (Forms 3, 4 and 5) of stock ownership and changes in ownership with the SEC and the New York Stock Exchange. Executive officers, directors and beneficial owners of more than ten percent of Aimco's registered equity securities are required by SEC regulations to furnish Aimco with copies of all such forms that they file.

Based solely on Aimco's review of the copies of Forms 3, 4 and 5 and the amendments thereto received by it for the year ended December 31, 2004, or written representations from certain reporting persons that no Forms 5 were required to be filed by those persons, Aimco believes that during the period ended December 31, 2004, all filing requirements were complied with by its executive officers and directors of the Company's stock. Aimco is not aware of any beneficial owner of more than ten percent of any class of any of Aimco's registered equity securities.

Stockholders Proposals. Proposals of stockholders intended to be presented at Aimco's Annual Meeting of Stockholders to be held in 2006, must be received by Aimco, marked to the attention of the Secretary, no later than November 30, 2005 to be included in Aimco's Proxy Statement and form of proxy for that meeting. Proposals must comply with the requirements as to form and substance established by the SEC for proposals in order to be included in the proxy statement. Proposals of stockholders submitted to Aimco for consideration at Aimco's Annual Meeting of Stockholders to be held in 2006 outside the processes of Rule 14a-8 (i.e., the procedures for placing a stockholder's proposal in Aimco's proxy materials) will be considered untimely if received by the Company after February 13, 2006.

Other Business. Aimco knows of no other business that will come before the Meeting for action. As to any other business that comes before the Meeting, the persons designated as proxies will have discretionary authority to act in their best judgment.
