INFORMATION ABOUT THE MEETING

This Proxy Statement

We have sent you this proxy statement and the enclosed proxy card because our board of directors is soliciting your proxy to vote at our 2006 Annual Meeting of Stockholders or any adjournment or postponement of the meeting. The meeting will be held at 10:00 a.m., Eastern time, on Wednesday, May 23, 2006, at the offices of Foley Hoag LLP, 155 Seaport Boulevard, Boston, Massachusetts.

THIS PROXY STATEMENT summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.

THE PROXY CARD is the means by which you actually authorize another person to vote your shares in accordance with the instructions.

Our directors, officers and employees may solicit proxies in person or by telephone, mail, electronic mail, facsimile or telegram. We will pay the expenses of soliciting proxies, although we will not pay additional compensation to these individuals for soliciting proxies. We will request banks, brokers and other nominees holding shares for a beneficial owner to forward copies of the proxy materials to those beneficial owners and to request instructions for voting those shares. We will reimburse these banks, brokers and other nominees for their related reasonable expenses. We have not retained the services of any proxy solicitation firm to assist us in soliciting proxies.

We are mailing this proxy statement and the enclosed proxy card to stockholders for the first time on or about April 17, 2006. In this mailing, we are enclosing a copy of our 2005 Annual Report to Stockholders, which includes our annual report on Form 10-K for the year ended December 31, 2005.

Who May Vote

Holders of record of our common stock at the close of business on April 4, 2006 are entitled to one vote per share on each matter properly brought before the meeting. The proxy card states the number of shares you are entitled to vote.

A list of stockholders entitled to vote will be available at the meeting. In addition, you may contact our Secretary at our address as set forth in the notice appearing before this proxy statement, to make arrangements to review a copy of the stockholder list at our offices located at 25 First Street, Cambridge, Massachusetts, prior to the meeting, between the hours of 8:30 a.m. and 5:30 p.m., Eastern time, on any business day from May 12, 2006 up to the time of the meeting.

How to Vote

You may vote your shares at the meeting in person or by proxy:

To Vote in Person, you must attend the meeting, and then complete and submit the ballot provided at the meeting.

Table of Contents

To Vote by Proxy, you must either: (1) mark, sign and date the enclosed proxy card and then mail the proxy card to our transfer agent, Computershare Trust Company, N.A., or (2) submit your proxy card electronically via the Internet or by telephone, following the directions provided on the enclosed proxy card. Your proxy will be valid only if you complete and return the proxy card or vote electronically before the meeting. By completing and returning the proxy card, either by mail or electronically, you will direct the designated persons to vote your shares at the meeting in the manner you specify in the proxy card. If you complete the proxy card with the exception of the voting instructions, then the designated persons will vote your shares for the election of the nominated directors. If any other business properly comes before the meeting, the designated persons will have the discretion to vote your shares as they deem appropriate.

Even if you complete and return a proxy card or submit your proxy electronically, you may revoke it at any time before it is exercised by taking one of the following actions:

send written notice to our Secretary at our address as set forth in the Notice appearing before this proxy statement;

send us another signed proxy with a later date;

log on to the Internet the same way you did originally and change your votes;

call the telephone number listed on the proxy card; or

attend the meeting, notify our Secretary that you are present, and then vote by ballot.

If your shares are held in the name of a bank, broker or other nominee holder, you will receive instructions from the holder of record explaining how your shares may be voted. Please note that, in such an event, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

Quorum Required to Transact Business

At the close of business on April 4, 2006, 111,383,361 shares of our common stock were outstanding. Our by-laws require that a majority of the shares of our common stock outstanding on that date be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business. We will count abstentions and broker non-votes in determining whether a quorum exists. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

DISCUSSION OF PROPOSALS

Proposal One: Election of Two Class I Directors

The first proposal on the agenda for the meeting is the election of John R. Held and Phyllis S. Swersky to serve as Class I directors for a three-year term beginning at the meeting

Table of Contents

and ending at our 2009 Annual Meeting of Stockholders or until their successors are elected and qualified.

Under our by-laws, our board of directors has the authority to fix the number of directors and our board is divided into three classes serving for staggered three-year terms. The number of directors currently is fixed at eight. However, we are currently conducting a search for a ninth director to be added to our board.

The Nominating and Governance Committee has recommended that the board nominate, and the board has nominated, John R. Held and Phyllis S. Swersky, the current Class I directors, for re-election. Brief biographies of Mr. Held and Ms. Swersky follow. You will find information about their stock holdings on page 25.

John R. Held

Mr. Held has been a director since July 2002. Mr. Held formerly served as both the President and Chief Executive Officer of Chipcom, and served in a variety of management positions during his 14-year tenure at Genrad. Mr. Held is a director of BNS Co. Mr. Held is 67 years old.

Phyllis S. Swersky

Ms. Swersky has been a director since May 2000. Since 1995 she has been President of The Meltech Group, a consulting firm specializing in business advisory services for high-growth potential businesses. Ms. Swersky also serves as a director of Investor Financial Services, a service provider for the financial services industry. Ms. Swersky is 54 years old.

We expect that Mr. Held and Ms. Swersky will be able to serve if elected. If either of them is not able to serve, proxies may be voted for a substitute nominee.

The nominees receiving the greatest number of votes cast will be elected as directors. We will not count abstentions when we tabulate votes cast for the director election. Brokers have discretionary voting power with respect to director elections.

Our board of directors recommends that you vote FOR the election of Mr. Held and Ms. Swersky.

Proposal Two: Increase in Shares Issuable under the 1999 Employee Stock Purchase Plan

Our board of directors believes that our growth and profitability depend, in large part, upon our ability to maintain a competitive position in attracting and retaining key personnel. The board continues to believe that it is important for employees to invest in our company in order for them to have a financial stake in our success, and employees in the technology sector continue to expect and require the ability to participate in an employee stock purchase plan as part of their total compensation packages because the benefits are more certain.

As of April 4, 2006, only 17,506 shares of our common stock were available for future purchase under our 1999 Employee Stock Purchase Plan. Accordingly, on April 4, 2006, the board adopted, subject to stockholder approval, an amendment to the purchase plan that would

Table of Contents

increase the number of shares of common stock available for issuance under the purchase plan from 5,000,000 to 6,500,000 (subject to a proportionate adjustment for certain changes in our capitalization, such as a stock split).

The table below shows the details of employee participation in the purchase plan during each period since its inception.

Any increase in the number of shares reserved under the purchase plan must be approved by our stockholders in order for our employees to benefit from the tax advantages that underlie the purchase plan. Therefore, in order for us to continue to use the purchase plan effectively as part of the compensation package we offer to our employees, we need to obtain stockholder approval for the amendment to the purchase plan.

The board believes that stockholder approval of the amendment to the purchase plan is in the best interests of our company and our stockholders and therefore recommends that stockholders vote *FOR* this proposal.

Table of Contents

An affirmative vote of the holders of a majority of the common stock voting on the matter, in person or by proxy, is necessary to approve the amendment to the purchase plan. Abstentions effectively count as votes against approval of the amendment. Brokers have discretionary voting power with respect to this proposal.

Summary of Employee Stock Purchase Plan

The following summary is qualified in all respects by reference to the full text of our 1999 Employee Stock Purchase Plan. The full text of the purchase plan, including the proposed amendment, is attached as *Annex A*.

The purchase plan was adopted by our board of directors on May 10, 1999 and approved by our stockholders on June 18, 1999. On March 20, 2002 our board voted to amend the purchase plan in order to reduce each plan offering period from 6 months to 3 months and to increase the number of shares that may be issued under the purchase plan from 1,000,000 to 3,000,000 and on May 22, 2002 the stockholders approved this increase. On March 24, 2003 our board voted to amend the purchase plan to increase the number of shares that may be issued under the purchase plan from 3,000,000 to 5,000,000. On April 4, 2005 our board voted to amend the purchase plan to reduce the maximum payroll deduction that an employee may elect under the plan from 10% to 5%. On April 4, 2006 our board voted to amend the purchase plan to increase the number of shares that may be issued under the purchase plan from 5,000,000 to 6,500,000, subject to stockholder approval, to increase the maximum payroll deduction that an employee may elect under the plan from 5% to 10% and to require participants to hold the shares issued under the plan for at least 90 days before they can be sold.

Only our employees are eligible to purchase shares of our common stock under the purchase plan. Employees receive the right to purchase a specified number of shares of common stock at 85% of the closing market price of our common stock on either (1) the first business day of the offering period or (2) the last business day of the offering period, whichever price is lower. The last sales price of our common stock on April 4, 2006, as reported on the Nasdaq National Market, was \$3.38.

An employee may authorize us to make a payroll deduction of between 1% and 10% of the employee's compensation during any offering period. At the end of the offering period, the deducted money is used to buy shares of our common stock. During an offering period, an employee may purchase no more than the number of shares calculated by dividing the closing market price of our common stock on the first day of the offering period into \$6,250. This number is derived from a limitation imposed by the Internal Revenue Code, which provides that no employee may be granted an option which permits the employee's rights to purchase stock under an employee stock purchase plan to accrue at a rate that exceeds \$25,000 of the fair market value of the common stock for each calendar year in which the option is outstanding at any time.

Our board administers the purchase plan and has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the purchase plan and to interpret

Table of Contents

the provisions of the purchase plan. Our board may amend the purchase plan at any time, except that if Section 423 of the Internal Revenue Code requires that the stockholders approve an amendment, the amendment will not be effective until stockholders approve it. Section 423 requires approval of the increase in the number of shares issuable under the purchase plan. It does not require approval of the amendments to add a 90 day holding period or change the maximum employee deduction, as described above. In accordance with Statement of Financial Accounting Standards No. 123R, Share-Based Payment, we are required to record stock-based compensation expense, amortized over each three month offering period under the purchase plan, for shares issued out of the purchase plan based on the fair value of the purchase options granted under the purchase plan as of the beginning of such offering period.

New Plan Benefits

We are unable to determine the dollar value and number of shares that will be received by or allocated to any of our named executive officers, our current executive officers, as a group, and our employees who are not executive officers, as a group, as a result of the approval of the amendment to the purchase plan because it is in the discretion of each executive officer and employee whether to purchase shares under the purchase plan. Our non-employee directors are not eligible to purchase shares under the purchase plan.

U.S. Federal Income Tax Consequences

The following discussion is intended only as a brief overview of certain of the current federal income tax laws applicable to the purchase plan. Employees should consult their tax advisors concerning their own federal income tax situations, as well as concerning state tax aspects of the acquisition of shares of our common stock pursuant to the purchase plan. No state tax matters are addressed in the following discussion.

If an employee acquires shares of our common stock pursuant to the purchase plan and does not dispose of them within two years after the commencement of the offering pursuant to which the shares were acquired, nor within one year after the date on which the shares were acquired, any gain realized upon subsequent disposition will be taxable as a long-term capital gain, except that the portion of such gain equal to the lesser of (a) the excess of the fair market value of the shares on the date of disposition over the amount paid upon purchase of the shares, or (b) the excess of the fair market value of the shares on the offering commencement date over the amount paid upon purchase of the shares, is taxable as ordinary income. However, we do not have a corresponding deduction. If the employee disposes of the shares at a price less than the price at which he or she acquired the shares, the employee realizes no ordinary income and has a long-term capital loss measured by the difference between the purchase price and the selling price.

If an employee disposes of shares acquired pursuant to the purchase plan within two years after the commencement of the offering pursuant to which the shares were acquired, or within one year after the date on which the shares were acquired, the difference between the purchase price and the fair market value of the shares at the time of purchase will be taxable to him or her as ordinary income in the year of disposition. In this event, we may deduct from our gross

Table of Contents

income an amount equal to the amount treated as ordinary income to each such employee. Any such deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code. Any excess of the selling price over the fair market value at the time the employee purchased the shares will be taxable as long-term or short-term capital gain, depending upon the period for which the shares were held. If any shares are disposed of within either the two-year or one-year period at a price less than the fair market value at the time of purchase, the same amount of ordinary income (i.e., the difference between the purchase price and the fair market value of the shares at the time of purchase) is realized, and a capital loss is recognized equal to the difference between the fair market value of the shares at the time of purchase and the selling price.

If a participating employee should die while owning shares acquired under the purchase plan, ordinary income may be reportable on his or her final income tax return.

Other Matters

Our board of directors is not aware of any matters that are expected to come before the meeting other than those referred to in this proxy statement. If any other matter should properly come before the meeting, the persons named in the accompanying proxy card intend to vote the proxies in accordance with their best judgment.

Submission of Future Stockholder Proposals

Under SEC rules, a stockholder who intends to present a proposal, including nomination of a director, at our 2007 Annual Meeting of Stockholders and who wishes the proposal to be included in the proxy statement for that meeting must submit the proposal in writing to our Secretary at 25 First Street, Cambridge, Massachusetts 02141, prior to December 11, 2006. SEC rules set standards for the types of stockholder proposals and the information that must be provided by the stockholder making the request.

A stockholder may also submit a proposal to be considered at our 2007 Annual Meeting of Stockholders pursuant to our by-laws, which provide that the proposal must be received by our Secretary not less than sixty days nor more than ninety days prior to that meeting. This notice must include the information required by the provisions of our by-laws, a copy of which may be obtained by writing to our Secretary at the address specified above. We have not yet set a date for our 2007 Annual Meeting. If the 2007 Annual Meeting were to be held on May 18, 2007, the Friday before the anniversary of the 2006 Annual Meeting, the deadline for delivery of a stockholder proposal pursuant to our by-laws would be March 19, 2007. If a proposal is submitted in compliance with our by-laws but after December 11, 2006, the stockholder may not require that the proposal be included in the proxy statement for the 2007 Annual Meeting.

INFORMATION ABOUT CORPORATE GOVERNANCE

General

We believe that good corporate governance is important to ensure that Art Technology Group, Inc. is managed for the long-term benefit of our stockholders. During the past few years, we have continued to review our corporate governance policies and practices and to compare them to those suggested by various authorities in corporate governance and the practices of other public companies. We have also continued to review the provisions of the Sarbanes-Oxley Act of 2002, the new and proposed rules of the Securities and Exchange Commission and the new listing standards of Nasdaq. For example, in December 2004 our board of directors engaged independent corporate governance experts to evaluate our corporate governance structure, policies and procedures, and during 2005 we implemented some of the suggestions made by these studies.

Board and Committee Meetings

The board of directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The board s primary

responsibility is to oversee our management and, in so doing, serve the best interests of the company and its stockholders. The board selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. Management keeps the directors informed of our activities through regular written reports and presentations at board and committee meetings.

Our board met in person or via teleconference 12 times in 2005. During 2005, each director attended at least 75 percent of the total number of meetings held by the board and the committees of the board on which he or she served at the time of such meeting. The board has established three standing committees – Audit, Compensation, and Nominating and Governance – each of which operates under a charter that has been approved by the board. Current copies of each committee’s charter are posted on the For Investors Corporate Governance Committee Charters section of our website, www.atg.com. In addition, a copy of the Amended and Restated Audit Committee Charter, as in effect on the date of this proxy statement, is attached to this proxy statement as *Annex B*.

The board has determined that all of the members of the board’s Audit Committee, Compensation Committee and Nominating and Governance Committee meet the independence requirements of the Nasdaq Stock Market for membership on the committees on which he or she serves.

Audit Committee

The Audit Committee’s responsibilities include:

appointing, evaluating, setting the compensation of, and assessing the independence of our independent registered public accounting firm;

overseeing the work of our independent registered public accounting firm, which includes the receipt and consideration of certain reports from our independent registered public accounting firm;

reviewing and discussing with management and our independent registered public accounting firm our annual and quarterly financial statements and related disclosures;

monitoring our internal controls over financial reporting and disclosure controls and procedures;

establishing procedures for the receipt, retention and treatment of accounting related complaints and concerns;

meeting independently with our independent registered public accounting firm and management; and

preparing the audit committee report required by SEC rules (which is included on page 15 of this proxy statement).

The Audit Committee met in person or via teleconference 10 times during 2005. The current Audit Committee members are Mr. Elsbree, Ms. Makela and Mr. Regis, with

Mr. Elsbree serving as the Chair of the committee. The board of directors has determined that Mr. Elsbree and Mr. Regis are each an audit committee financial expert as defined in Item 401(h) of Regulation S-K.

Compensation Committee

The Compensation Committee's responsibilities include:

making recommendations to the board with respect to the chief executive officer's compensation;

reviewing and approving the compensation of our other executive officers;

preparing the compensation committee report required by SEC rules (which is included on page 21 of this proxy statement);

overseeing and administering our cash and equity incentive plans; and

reviewing and making recommendations to the board with respect to director compensation.

The Compensation Committee met 6 times during 2005. The current members of the Compensation Committee are Mr. Held, Ms. Makela and Ms. Swersky, with Ms. Makela serving as the Chair of the committee.

Nominating and Governance Committee

The Nominating and Governance Committee's responsibilities include:

identifying individuals qualified to become members of the board of directors;

recommending to the board the persons to be nominated for election as directors;

recommending directors for each committee of the board;

developing and recommending to the board corporate governance principles; and

overseeing the evaluation of the board and its committees.

The Nominating and Governance Committee met 6 times during 2005. The Nominating and Governance Committee's current members are Mr. Held, Ms. Lang and Ms. Swersky, with Ms. Swersky serving as the Chair of the committee.

Director Candidates

The process followed by the Nominating and Governance Committee to identify and evaluate director candidates includes requests to members of the board of directors and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Governance Committee and the board. In addition, the Nominating and Governance Committee is authorized to retain, and has from time to time retained, the services of a search firm to help identify and evaluate potential director candidates.

Table of Contents

In considering whether to recommend any particular candidate for inclusion in the board's slate of recommended director nominees, the Nominating and Governance Committee will apply the written criteria established by the board. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the board to fulfill its responsibilities.

Stockholders may recommend individuals to the Nominating and Governance Committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to Nominating and Governance Committee, c/o Secretary, Art Technology Group, Inc., 25 First Street, Cambridge, Massachusetts 02141. Assuming that appropriate biographical and background material has been provided on a timely basis, the Nominating and Governance Committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others. If the board determines to nominate a stockholder-recommended candidate and recommends his or her election, then his or her name will be included in our proxy card for the next annual meeting.

Stockholder Communications and Annual Meeting Attendance

The board of directors will give appropriate attention to written communications that are submitted by stockholders, and will respond if and as appropriate. Absent unusual circumstances or as contemplated by committee charters and subject to any required assistance or advice, the Chairperson of the Nominating and Governance Committee is primarily responsible for monitoring communications from stockholders and for providing copies or summaries of such communications to the other directors as she considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the Chairperson of the Nominating and Governance Committee considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs or personal grievances, or matters as to which we have received repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to Chairperson of the Nominating and Governance Committee c/o Secretary, Art Technology Group, Inc., 25 First Street, Cambridge, Massachusetts 02141.

Compensation of Directors

On July 19, 2005 our board of directors adopted our non-employee director compensation plan. Pursuant to the plan, in fiscal 2005:

we made additional payments of \$1,500 for each in-person meeting of the board attended by non-employee directors and \$1,000 for each in person meeting of a committee of the board attended by non-employee directors and \$500 for each teleconference meeting of the board or a committee of the board attended by non-employee directors;

in order to compensate committee chairpersons for the additional work imposed by these roles, we provided an additional retainer of \$1,875 per full fiscal quarter to each non-employee committee chairperson; and

we granted each of our continuing non-employee directors, pursuant to our 1999 Director Stock Option Plan, an option to purchase 25,000 shares of common stock at an exercise price equal to the fair market value of our common stock on the date of grant, vesting quarterly over one year.

We also reimburse directors living outside of the greater Boston area for travel and living expenses for attending regular board meetings and committee meetings.

Audit Committee Report

The Audit Committee reviewed the audited financial statements for the year ended December 31, 2005 and discussed these financial statements with management. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61, *Communication with Audit Committees*, or SAS 61, with Ernst & Young LLP, our independent registered public accounting firm for 2005.

Table of Contents

SAS 61 requires Ernst & Young to discuss with our Audit Committee, among other things, the following:

methods used to account for significant unusual transactions;

the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

disagreements, of which there were none, with management about financial accounting and reporting matters and audit procedures.

Ernst & Young also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*. This Standard requires auditors annually to disclose in writing all relationships that in the auditors' professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with Ernst & Young the independence of Ernst & Young from the company, and considered whether Ernst & Young's provision of other, non-audit related services, which are described below under "Independent Registered Public Accounting Firm's Fees," is compatible with maintaining such independence.

Based on its discussions with management and Ernst & Young, and its review of the representations and information provided by management and Ernst & Young, the Audit Committee recommended to the board that the audited financial statements be included in the annual report on Form 10-K for the year ended December 31, 2005.

The Audit Committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our independent registered public accounting firm. The stock option granted to Mr. Burke was granted on January 27, 2005 and the stock options granted to Messrs. Conneighton, Clark and Volpe and Ms. O Neill were granted on January 25, 2005. All of the stock options vest in sixteen equal quarterly installments beginning on the three-month anniversary of the date of grant.

Each option included in the preceding table has an exercise price per share equal to the fair market value per share of the common stock on the date of grant.

The potential realizable values reflected in the preceding table represent hypothetical gains that could be achieved for the options if exercised at the end of their option terms. These gains are based on assumed rates of stock price appreciation of 5% and 10% compounded annually from the date an option was granted to their expiration date. The gains shown are net of the option exercise price, but do not include deductions for taxes or other expenses associated with the exercise of the option or the sale of the underlying shares. The actual gains, if any, on the exercises of stock options will depend on the future performance of the common stock, the option holder's continued employment through the option period, and the date on which the options are exercised.

Compensation Committee Report

The Compensation Committee's executive compensation philosophy, which is intended to apply to the chief executive officer and all other executive officers, is to provide a balanced compensation package while recognizing ATG's particular needs. The Compensation Committee seeks to establish competitive levels of compensation, integrate management's pay with the achievement of ATG's performance goals, and assist ATG in attracting and retaining qualified management. The Compensation Committee seeks to balance three elements: salaries, bonuses and equity incentive awards. With this philosophy in mind, we have developed and implemented compensation policies, plans and programs that support ATG's competitive position and that are aligned with ATG's strategic direction. These policies, plans and programs are designed to:

- retain executive officers by paying them competitively and motivating them to contribute to ATG's success; and
- link a substantial part of each executive officer's compensation to ATG's performance.

The Compensation Committee tries to align the compensation opportunities of executive officers closely with the interests of stockholders in allocating compensation opportunities among these elements. In making compensation decisions, the Compensation Committee relied in part on recommendations made by third-party executive compensation specialist Towers Perrin in 2005.

Base Salary

The Compensation Committee sets, or, in the case of ATG's chief executive officer, recommends to the board, base salary levels for executive officers each year based on a number of factors, including the status of the competitive marketplace for such positions, including a comparison of base salaries for comparable positions at comparable companies within the enterprise software industry, the responsibilities of the position, and the experience and knowledge of the individual. The Compensation Committee has attempted to fix base salaries on a basis generally in line with base salary levels for comparable companies. Companies viewed as comparable to ATG for these purposes include a number of companies that are included in the published industry index shown in the performance comparison on page 27, but also include some public companies traded in markets other than the Nasdaq National Market as well as private companies. Base salary comparisons are based in part on information provided by third-party consultants to the Compensation Committee.

Cash Bonuses

ATG has an executive management compensation plan that establishes criteria for awarding annual cash bonuses to ATG's executive officers based on a percentage of each officer's base salary. ATG must achieve a minimum operating profit threshold for the

Table of Contents

applicable year before any annual cash bonuses are paid to ATG's executive officers. In addition, ATG's senior vice president of sales is eligible for quarterly bonuses. If the minimum operating profit is achieved, a portion of each executive's bonus payout is based on the operating profit and a portion is based on up to five other components, weighted differently for different executives and tied directly to the areas over which the executive has functional responsibility. The plan's bonus levels for 2005 were established by the Compensation Committee at levels that would make available bonuses a significant part of the total compensation package if bonus goals were met. The cash bonus component acts as a substantial performance incentive. For fiscal 2005, cash bonuses were paid to each of ATG's executive officers that were employed by ATG at the end of fiscal 2005, based on ATG's financial performance and the executives' performances during fiscal 2005.

Incentive Stock Awards

During each fiscal year, the Compensation Committee considers granting executive officers awards under ATG's equity incentive plans. These awards are based on various factors, including both corporate and individual performance during the preceding year and to provide incentives for future years. In 2005 the Compensation Committee awarded stock options to each of our executive officers, each of which options has an exercise price equal to the last reported sale price of the common stock as reported on the Nasdaq National Market on the date of grant. The vesting of these shares occurs over a four-year period.

Compensation of the Chief Executive Officer and President

The Compensation Committee recommends to the board the compensation of Robert D. Burke, ATG's chief executive officer and president. Mr. Burke's base salary of \$350,000 for fiscal 2005 was the same as in 2004 and was fixed at a level designed to be comparable to the salary of chief executive officers at comparable companies. For fiscal 2005, Mr. Burke earned a cash bonus of \$149,625 pursuant to our 2005 executive management compensation plan. If Mr. Burke had achieved 100% of the goals established for him in fiscal 2005, he would have been paid an annual bonus in the aggregate amount of \$175,000, which would have represented 50% of his base salary in 2005. In 2005, Mr. Burke was granted an option to purchase 275,000 shares of common stock at an exercise price of \$1.27 per share, which equaled the last reported sale price of the common stock as reported on the Nasdaq National Market on the date of grant. This option vests over a four-year period.

The Compensation Committee has recommended to the board that Mr. Burke's annual salary for 2006 will remain at \$350,000. However, if Mr. Burke achieves 100% of the goals established for him by the Compensation Committee for 2006, he will be paid bonuses in the aggregate amount of \$200,000, an increase of \$25,000 from the target set for fiscal 2005. In addition, in January 2006, the Compensation Committee granted Mr. Burke an option to purchase 200,000 shares of common stock at an exercise price of \$2.93 per share, which equaled the last reported sale price of the common stock as reported on the Nasdaq National Market on the date of grant. This option vests over a four-year period.

Deductibility of Compensation

Section 162(m) of the Internal Revenue Code of 1986 and the regulations thereunder place a limit on the tax deduction for compensation in excess of \$1,000,000 paid to certain covered employees of a publicly held corporation. Covered employees generally consist of a corporation's chief executive officer and its next four most highly compensated executive officers in the year that the compensation is paid. The Compensation Committee's policy with respect to Section 162(m) is to make reasonable efforts to ensure that compensation is deductible to the extent permitted, while simultaneously providing ATG's executive officers with appropriate rewards for their performance. ATG did not pay any compensation during 2005 that was subject to Section 162(m).

Employment Contracts, Termination of Employment and Change of Control Arrangements

On November 8, 2004 we entered into an amended and restated employment agreement with Robert D. Burke, our president and chief executive officer. The amended and restated agreement amends our prior letter agreement with Mr. Burke, dated December 4, 2002 and amended on March 28, 2003, and provides for severance benefits in the event his employment is terminated under specified circumstances. This agreement provides that if we terminate his employment without cause or if he resigns for good reason, we will pay him any annual bonus earned for our most recently completed fiscal year and not yet paid, and will continue to pay his base salary and all employee benefits for the 12-month period following his termination. Among other events that constitute good reason for Mr. Burke's resignation is a change in control that results in our no longer having a publicly traded class of securities or our no longer being subject to reporting requirements under the Securities Exchange Act of 1934. The agreement also provides that upon a change in control of our company, all of Mr. Burke's outstanding stock options and shares of restricted stock will vest in full. In addition, upon a change in control of our company, we will pay Mr. Burke the amount, if any, necessary to compensate him for any excise taxes that he may owe under Section 4999 of the Internal Revenue Code as a result of payments we make to him in connection with the change in control.

On July 6, 2005, Julie M.B. Bradley accepted our offer letter to become our new chief financial officer. The offer letter provides that Ms. Bradley will receive an annual salary of \$230,000 and be eligible for a potential on target bonus of \$80,000 annually. For 2005, this bonus potential was prorated to \$40,000, of which \$30,000 was guaranteed. In addition, the offer letter provided for a stock option grant to Ms. Bradley to purchase 250,000 shares of our

common stock on the date her employment started, with an exercise price equal to the closing price of our common stock on the date of grant and vesting over four years. Upon a change of control, 50% of Ms. Bradley's unvested options will become vested. Furthermore, if Ms. Bradley's position is terminated without cause or significantly reduced in scope within 12 months of such change of control, she will be eligible to continue to receive her base salary for six months.

In addition to the agreements described above with Mr. Burke and Ms. Bradley, we have entered into change of control agreements with each of our other executive officers. Upon a change in control, half of the executive officer's outstanding stock options and restricted stock awards, will immediately become exercisable in full. In the event that the executive officer's employment is terminated without cause or for good reason within twelve months following the change in control, the executive officer is entitled to continued salary and benefits for six months.

Michael A. Brochu became a director following our acquisition of Primus Knowledge Solutions, Inc. Pursuant to the terms of his employment agreement with Primus, in 2005 we paid Mr. Brochu approximately \$315,000, which consisted of accrued vacation, severance and continuation of medical benefits through the end of November 2005. This is in addition to the fees he received for his services as a director during 2005.

On March 23, 2005, we entered into a letter agreement with Ed Terino, our former chief financial officer, which provided for the terms of his separation from our employment. Mr. Terino's employment continued through June 30, 2005. He remained employed on a full time basis through April 30, 2005 and then was employed on a part time basis of approximately 25 hours a week until June 30, 2005. Mr. Terino continued to receive salary at his then current rate of base pay until April 30, 2005. After that date, his pay was pro-rated to reflect his part time status. Mr. Terino's stock options continued to vest and he was eligible to participate in our benefit plans for the remainder of his employment.

This comparison assumes the investment of \$100 on December 31, 2000 in our common stock, the Nasdaq Market Index and the peer group index and assumes dividends, if any, are reinvested. The peer group index that we used is Hemscott Industry Group 852 (Internet Software and Services), which reflects the stock performance of 158 publicly traded companies in the Internet software and services marketplace.

Annex A

**ART TECHNOLOGY GROUP, INC.
1999 EMPLOYEE STOCK PURCHASE PLAN**

The 1999 Employee Stock Purchase Plan provides eligible employees of Art Technology Group, Inc., or ATG, and certain of our subsidiaries with opportunities to purchase shares of ATG's common stock. A total of 500,000 shares of common stock may be issued under the plan.

1. ***Administration.*** The plan will be administered by ATG's Board of Directors or by a committee appointed by the Board (all following references to the Board include any committee appointed to administer the plan). The Board will make rules and regulations for the administration of the plan, and its decisions regarding the plan are final. The Board will also designate which subsidiaries may participate in the plan (all following references to ATG include any applicable subsidiaries).

2. ***Eligibility.*** Section 423 of the Internal Revenue Code of 1986, as amended, and related regulations will govern participation in the plan. Any ATG employee, including any Board member who is an employee, is eligible to participate in the plan, so long as you meet the following requirements:

(a) you are customarily employed by ATG for more than 20 hours a week and for more than five months in a calendar year; and

(b) you are an employee of ATG on the first day of the applicable offering period.

No employee may be granted an option under the plan if such employee, immediately after the option is granted, owns 5% or more of the total combined voting power or value of the stock of ATG or any subsidiary. To determine whether you are ineligible under this requirement, we are required to apply the attribution rules of Section 424(d) of the Internal Revenue Code to determine your stock ownership, and all stock which you have a contractual right to purchase, including the stock which you could purchase under the plan, will be treated as stock owned by you.

3. ***Participation.*** If you are eligible to participate in an offering, you may participate by completing and forwarding a payroll deduction authorization form to our payroll office at least 14 days before the first date for that offering. By signing this form, you will authorize ATG to make a regular payroll deduction from the compensation you receive during the offering period. Compensation means the amount of money reportable on your Federal Income Tax Withholding Statement, also called a W-2 form, excluding overtime, shift premium, incentive or bonus awards (but not excluding incentive and bonus awards paid as part of ATG's annual bonus program), allowances and reimbursements for expenses such as relocation allowances or travel expenses, income or gains on the exercise of ATG stock options or stock appreciation rights, and similar items, whether or not shown on your W-2. If you are a salesperson, compensation includes your sales commissions. Unless you file a new form or withdraw from

Table of Contents

the plan, your deductions and purchases will continue at the same rate for future offerings as long as the plan remains in effect.

4. Deductions. We will maintain a payroll deduction account for each participating employee. For any offering, you may authorize a payroll deduction from the compensation you receive during the offering period of between 1% and 10%, in increments of 1%.

5. Deduction Changes. You may *decrease* or *discontinue* your payroll deduction once during any offering period by filing a new payroll deduction authorization form. However, you may not *increase* your payroll deduction during an offering period. If you elect to discontinue your payroll deductions during an offering period, you are not required to withdraw your funds; in that case, funds deducted prior to discontinuing your participation will be applied to the purchase of common stock on the last business day of the offering period.

6. Interest. Interest will not be paid on the amounts held in payroll deduction accounts.

7. Withdrawal of Funds. You may, for any reason and at any time prior to the close of business on the last business day in an offering period, permanently withdraw the balance accumulated in your account and thereby terminate your participation in an offering. Partial withdrawals are not permitted. You may not participate again during the remainder of the offering period, but you may participate in any subsequent offering.

8. Offerings. ATG will make one or more offerings to employees to purchase stock under the plan. The Board will determine the start date of each offering. The first offering will begin on the day on which trading of our common stock begins on the Nasdaq National Market. Each offering period will last for six months. During each offering period, payroll deductions will be made, and the deducted money will be held for you to buy common stock at the end of the offering period.

On the first day of each offering period, you will receive an option to buy up to, but no more than, the number of shares of common stock calculated by dividing the closing market price of our common stock on the first day of the offering period into \$12,500. This figure is derived from the restriction imposed by the Internal Revenue Code which provides that no employee may be granted an option which permits his rights to purchase stock under this plan and any other employee stock purchase plan (as defined in Section 423(b) of the Internal Revenue Code) of the Company and its subsidiaries, to accrue at a rate which exceeds \$25,000 of the fair market value of the common stock (determined as of the first day of the offering) for each calendar year in which the option is outstanding at any time. The actual number of shares which you will be able to purchase will depend on the amount of money in your payroll deduction account on the last business day of the offering period.

9. Purchase of Shares. On the last business day of the offering period, your option will be automatically exercised and your account will be used to buy shares of our common stock at the following purchase price. The purchase price will be 85% of the closing market price of our common stock on either (i) the first business day of the offering period or (ii) the last business day of the offering period, whichever is lower. If no common stock was sold on the first business day or the last business day of the offering period, the price of the common stock for

Table of Contents

that day will be the reported market price for the next preceding day on which sales were made. Note, however, that the closing price of the common stock on the first business day of the *first* offering period will equal the initial public offering price.

We will refund to you any balance remaining in your account at the end of an offering period, except that we will carry forward into your account for the following offering any balance which is less than the purchase price of one share of common stock. However, if you elect not to participate in the following offering, we will refund to you the balance in your account.

10. Evidence of Stock Ownership. Promptly after the end of each offering period, we will deposit the number of shares of common stock which you have purchased into an account established in your name at a stock brokerage or other financial services firm which we designate. You may ask us to establish this brokerage account either in your name, or in your name and the name of another person of legal age as joint tenants with rights of survivorship.

You are free to sell or otherwise dispose of the shares in this brokerage account at any time. However, for tax purposes, we need to know if you dispose of your shares within the following time periods. Therefore, until you dispose of your shares, you agree to hold your shares in the brokerage account until (a) two years after the beginning of the offering period in which you purchased the shares or (b) one year after the applicable exercise date, whichever comes later. Once these time periods have elapsed, you may move your shares to another stock brokerage or other financial services firm, or you may request that we issue you a stock certificate.

11. Rights on Retirement, Death or Termination of Employment. Your participation in the plan will terminate if:

your employment terminates;

you retire;

you die;

the subsidiary which you work for is no longer an ATG subsidiary; or

you are transferred to an ATG subsidiary which does not participate in the plan.

If your participation in the plan terminates, we will not make a payroll deduction from any pay due and owing to you at the time of termination and we will refund the balance in your account to you. In the event of your death, we will refund the balance in your account:

(a) to a beneficiary previously designated in a revocable notice signed by you (with any spousal consent required under state law),

(b) if you have not designated a beneficiary, to the executor or administrator of your estate, or

(c) if, to our knowledge, no executor or administrator has been appointed, to such other person(s) as we may designate.

Table of Contents

12. *Participants Are Not Stockholders.* Neither participation in the plan nor making deductions from your pay make you a stockholder. You are not a stockholder of any shares under the plan until those shares have been bought by you and added to your brokerage account.

13. *Rights Are Not Transferable.* You cannot transfer your rights under the plan except through a will or the laws of descent and distribution. During your lifetime, only you may exercise your rights under the plan.

14. *Application of Funds.* We are allowed to combine the funds received from you or held by ATG under the plan with other corporate funds, and we may use the funds for any corporate purpose while we hold the funds.

15. *Adjustment in Case of Changes Affecting Common Stock.* If there is a stock split, stock dividend, recapitalization, reorganization, merger, consolidation, combination, exchange of shares, liquidation, spin-off or other similar event or change in ATG's capitalization, or if any distribution, other than a normal cash dividend, is made to holders of common stock, we will proportionately adjust all share and purchase price numbers under the plan, and we may make any other adjustment that the Board determines is fair. If any other change occurs which affects the common stock, the Board will determine a fair adjustment.

16. *Merger.* ATG could merge or consolidate with another corporation. Continuity of control would be deemed to occur if the holders of ATG stock immediately prior to the merger or consolidation continue to hold at least 80% by voting power of the stock of the surviving corporation. If there is continuity of control and you are participating in the plan, at the next exercise date you will be entitled to receive, for each share of ATG stock for which your option was exercised, the securities or property which a holder of one share of common stock was entitled to receive in the merger or consolidation.

If there is no continuity of control, or if there is a sale of all or substantially all of ATG's assets, the Board will terminate the plan as of the effective date of such a transaction, as long as notice of the cancellation is given to each participating employee. You will then have the right to receive shares of our common stock based on the payroll deductions credited to your account as of a date determined by the Board, which will not be less than ten (10) days preceding the effective date of the transaction.

17. *Amending the Plan.* The Board may amend the plan at any time in any way, except that (a) if Section 423 of the Internal Revenue Code requires that the stockholders approve the amendment, the amendment will not be effective until the stockholders approve it, and (b) the Board may not make an amendment which would cause the plan to fail to comply with Section 423 of the Internal Revenue Code.

18. *Insufficient Shares.* If the total number of shares which all participating employees elect to purchase under an offering, plus the number of shares purchased under previous offerings, exceeds the maximum number of shares issuable under the plan, the Board will allot the shares available on a pro rata basis.

Table of Contents

19. Termination of the Plan. The Board may terminate the plan at any time. If the plan is terminated, we will promptly refund the amount in your account.
20. Governmental Regulations. Our obligation to sell and deliver common stock under the plan is subject to listing on a national stock exchange or quotation on the Nasdaq National Market and the approval of all government authorities required in connection with the authorization, issuance or sale of this stock.
21. Governing Law. The plan is governed by Delaware law, except to the extent that federal law preempts Delaware law.
22. Issuance of Shares. We may issue the shares from authorized but unissued common stock, from shares held in ATG's treasury, or from any other proper source.
23. Effective Date. The plan will take effect when the initial public offering becomes effective.
