82 Main Street
Bar Harbor, ME
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD TUESDAY, MAY 19, 2009
PROXY STATEMENT

This Proxy Statement is furnished to the Shareholders of Bar Harbor Bankshares (the Company) in connection with the solicitation of proxies on behalf of the Board of Directors for use at the Annual Meeting of Shareholders (the Meeting). The Meeting will be held on Tuesday, May 19, 2009, at 11:00 a.m. EDT at the Bar Harbor Club located at 111 West Street in Bar Harbor, Maine. The official *Notice of the Annual Meeting of Shareholders* accompanies this Statement. A *Form of Proxy* for use at the meeting and a return envelope for the proxy are enclosed. A Shareholder who executes the proxy may, prior to its use, revoke it by written instrument, by a subsequently executed proxy or, if attending the Meeting, by notifying the Clerk or by giving notice at the Meeting. This *Proxy Statement* and the enclosed *Form of Proxy* will be mailed to the Shareholders of the Company on or about April 7, 2009.

Proxies are being solicited by the Board of Directors of the Company, (the Board), principally through the mail. The Board of Directors and Management of the Company may also solicit proxies personally, or by telephone, e-mail, or facsimile transmission. The entire expense of solicitation, including costs of preparing, assembling, and mailing the proxy material will be borne by the Company. In addition, the Company has engaged the Laurel Hill Advisory Group to assist in the solicitation of proxies at an approximate cost of \$6,000 plus reimbursement of customary expenses.

Unless contrary instructions are specified, if the enclosed proxy is executed and returned (and not revoked) prior to the Annual Meeting, the shares of common stock of the Company represented thereby will be voted [1] **FOR** the election of the fourteen (14) persons nominated as directors by the Board of Directors for a term of one year, [2] **FOR** setting the number of directors at fourteen (14), [3] **FOR** approving the Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009, and [4] **FOR** approving the advisory (non-binding) proposal on the Company's executive compensation policies and procedures. Except for procedural matters incident to the conduct of the Annual Meeting, the Board of Directors does not know of any matters other than those described in the Notice of Annual Meeting that are to come before the Annual Meeting. If any other matters are properly brought before the Annual Meeting, the persons named in the proxy will vote the shares represented by such proxy on such matters as determined by a majority of the Board of Directors.

Shareholders of record as of the close of business on March 23, 2009, (the Record Date) will be entitled to notice of and to vote at the Annual Meeting. Each share of Company common stock issued and outstanding is entitled to one vote upon each matter presented at the Meeting. Only Shareholders of record at the close of business on the Record Date are entitled to vote at the Meeting. The presence at the Meeting, either in person or by proxy, of the holders of not less than a majority of the shares entitled to vote at any meeting will constitute a quorum. If a quorum is present at the Annual Meeting, action may be taken on any matter considered, excepting only the election of directors, by the holders of a majority of the shares present and voting. Directors are elected by a plurality of the votes cast by the shares entitled to vote in the election at a meeting at which a quorum is present. The inspector of election will treat abstentions and broker non-votes as shares that are present and entitled to vote for purposes of determining the presence of a quorum, but not for purposes of voting with respect to determining the approval of any matter submitted to the Shareholders for a vote. Shareholders who are present will have an opportunity to vote on each matter properly brought before the Meeting. A broker non-vote occurs when a broker or other nominee holder, such as a bank, submits a proxy representing shares that another person actually owns, and that person has not given voting instructions to the broker or other nominee. A broker may only vote those shares if the beneficial owner gives the broker voting instructions.

The Company's Board has determined that the Audit Committee is composed of independent directors, in accordance with applicable NYSE Amex listing requirements and Rule 10A-3(b)(1) under the Exchange Act. The Audit Committee operates under a written charter, which has been adopted by the Audit Committee and the Company Board. Audit Committee members do not accept any consulting, advisory, or other compensatory fees (except directors fees) and are not affiliated with the Company (except as a director) or any of its subsidiaries. The Board of Directors has determined that the Company has at least one audit committee financial expert serving on its Audit Committee. Mr. Scott G. Toothaker, CPA, meets the criteria for an audit committee financial expert and is independent within the meaning of the rules adopted by the NYSE Amex pursuant to the Sarbanes-Oxley Act of 2002.

The Audit Committee has the sole authority to appoint and replace the Independent Registered Public Accounting Firm. The Audit Committee is responsible for the compensation and oversight of the Independent Registered Public Accounting Firm and this firm reports directly to the Audit Committee. The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to (i) the financial information to be provided to shareholders and the Commission; (ii) the review of quarterly financial statements; (iii) the system of financial controls management has established; and (iv) the internal audit, external audit, and loan review processes.

Governance Committee

The Governance Committee for 2008 was comprised of directors Shea, Colwell, Dodge, Fernald, and Phillips. The Governance Committee met three (3) times during 2008. Directors Dodge and Phillips were replaced by directors Carter and Dearborn during the latter part of 2008. Mrs. Shea served as Chairperson of the Committee. The Company Board of Directors has determined that each member of the Governance Committee is independent for purposes of NYSE Amex listing standards.

The Governance Committee's responsibilities include screening director candidates, recommending nominees to the full Board of Directors (including the slate of returning directors) to be elected each year, making recommendations concerning the size and composition of the Board of Directors, recommending Committee structure and membership, and sponsoring new director orientation and education. The Governance Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.BHBT.com.

The Governance Committee expects to identify nominees to serve as directors of the Company primarily by accepting and considering the suggestions and nominee recommendations made by directors, management, and shareholders. To date the Governance Committee has not engaged any third parties to assist it in identifying candidates for the Board of Directors. The Governance Committee considers among other things the background, business and professional experience (including any requisite financial expertise or other special qualifications), current employment, community service, and other board service of its director-nominees, as well as racial, ethnic, and gender diversity of the Board as a whole. The Governance Committee generally considers a candidate's

qualifications in light of these broad criteria as well as an assessment as to whether the candidate can make decisions on behalf of or while representing the Company in a manner consistent with its stated business goals and objectives. The Governance Committee will also consider the candidate's independent status in accordance with applicable regulations and listing standards. The Governance Committee will consider nominees recommended by shareholders. Any shareholder wishing to nominate a candidate for director must follow the procedures for submission of proposals set forth in the section of this Proxy Statement entitled "Nominations by Shareholders."

Compensation and Human Resources Committee

The Compensation and Human Resources Committee reviews and considers recommendations from management, consultants, and directors concerning executive compensation policies, employee benefit plans, and salary administration programs, including reviewing annually the performance, total compensation, and recommended adjustments for all executive officers and the executive officers of the Company's subsidiaries. The deliberations of the Compensation and Human Resources Committee are reported to the Board of Directors for review and approval. The Compensation and Human Resources Committee has a written charter, which may be viewed on the Company's general website under the Investor Relations section at www.BHBT.com.

The Compensation and Human Resources Committee is comprised of Company directors Phillips, Dearborn, Dodge, Fernald, and Shea. Mr. Phillips serves as Chairperson of the Committee. The Company's and Bank's President and Chief Executive Officer, Mr. Murphy, serves on the Committee in a non-voting, ex-officio capacity, as does the Bank's Human Resources Officer, Mrs. Marsha C. Sawyer. All voting members of the Compensation Committee are independent for purposes of NYSE Amex listing standards. The Compensation and Human Resources Committee met eight (8) times during 2008.

Further information regarding the Compensation and Human Resources Committee can be found below in this Proxy Statement beginning under the caption "Role of the Compensation Committee." The Compensation Committee report appears at page 20 of this Proxy Statement.

COMPENSATION OF DIRECTORS AND EXECUTIVE OFFICERS

COMPENSATION OF EXECUTIVE OFFICERS

Compensation Discussion and Analysis

In the paragraphs that follow, we will provide an overview and analysis of our compensation program and policies, the material compensation decisions we have made under those programs and policies with respect to our named executive officers, and the material factors that we considered in making those decisions. Later in this Proxy Statement under the heading, "Executive Compensation" is a series of tables containing specific information about the compensation earned or paid in 2008 to the named executive officers, whom we refer to as our "NEOs."

The discussion below is intended to help you understand the detailed information provided in those tables and put that information into context within our overall compensation program.

Named Executive Officers

As used in this proxy statement, the term "named executive officers" or "NEOs" includes: (i) the Company's Chief Executive Officer ("CEO"), Joseph M. Murphy and Chief Financial Officer ("CFO"), Gerald Shencavitz, and (ii) the Company's three other most highly compensated policy making, executive officers who earned more than \$100,000 in total compensation during the Company's last fiscal year. In 2008, the other three NEOs were Senior Vice Presidents: Michael W. Bonsey, Gregory W. Dalton and Daniel A. Hurley III.

Objectives of the Company's Compensation Program

The objective of the Company's compensation program is to attract, retain, motivate, and reward NEOs and other executives who contribute to our financial and operational success, which ultimately builds value for our shareholders. We believe that, in order to do this effectively, our program must:

provide our NEOs with total compensation opportunities at levels that are competitive for comparable positions at companies and banks with whom we compete for talent;

directly link a significant portion of total compensation to the Company's achievement of performance goals in a way that proportionally rewards higher performance levels;

provide significant upside opportunities for exceptional individual performance, which can result in differentiated compensation among NEOs based on performance; and

closely align our NEOs' interest with those of our shareholders by making stock-based incentives a core element of our executive's compensation.

Role of the Compensation Committee

The Compensation and Human Resources Committee (the Committee) oversees regulatory compliance for all Company compensation and benefit plans and administers the Company's executive compensation programs. The Committee recommends these programs to the Company's Board of Directors for approval at least annually and more frequently, if circumstances warrant. These executive programs are intended to provide a variety of competitive compensation components including base salaries, traditional benefits, annual cash performance incentives, and retirement programs. In addition, the Company has sought to align the long-term interests of its executives, including the NEOs, with those of the shareholders by providing share-based incentives in the form of stock option grants. The composition of the components may vary from year to year based on individual performance, the Company's business plan, market conditions, or other factors.

Market and Comparative Data

The Committee approves and recommends to the Board compensation programs it believes meets the Company's ongoing need to attract, motivate, and retain talented and qualified executives who have the capacity to make a major contribution to the leadership and success of the Company. In fulfilling this requirement, the Committee has used a variety of consultants, employment attorneys, and third party providers of service as sources to assist in the establishment and implementation of its executive compensation programs. The Committee regularly reviews industry-standard compensation surveys provided by objective sources for state and regional perspectives. These resources primarily include the Financial Institutions Compensation and Benefit Survey for Northern New England and survey information provided by the Company's compensation consulting firm, Pearl Meyer & Partners. Pearl Meyer & Partners draws salary information from its own proprietary data base along with the survey information from Clark Consulting and Watson Wyatt compensation survey firms. In addition, the Committee reviews comparative salary and benefit information gleaned from public filings of a peer group the Company established for compensation comparison (the Company Peer Group). The Committee felt it was important to expand its Compensation Peer Group to financial institutions outside of Maine to incorporate a larger selection of publicly-traded financial institutions and provide a representation of the geographical area that may be considered for recruitment purposes. With the assistance of Pearl Meyer & Partners, the Company redefined its Compensation Peer Group to the companies listed below. The Committee believes these Company Peer Group filings disclose compensation programs of similarly situated executives in comparable institutions throughout Maine and the Northeast region and they are a useful comparative tool for the Committee in establishing executive compensation programs and individual criteria for its executives including the NEOs. The Peer Group information is used as a guide in establishing reasonableness in the Company's compensation program.

In 2008, the Company Compensation Peer Group was comprised of the following:

The Committee did not target the elements of its compensation program at any specific level or percentiles within the Peer Group, but used the data to determine the competitiveness of the Company's pay practices. Rather than rely on a formula based model, the Committee believes that retaining discretion to also assess the overall performance of NEOs gives the Committee the ability to more accurately reflect individual contributions that cannot be absolutely quantified. The Committee also considered their decision to implement a senior incentive program in 2008 tailored to provide more emphasis on incentive compensation for the NEO group for 2008.

The Committee used detailed compensation information disclosed in 2008 proxy filings available for competitive reference along with market salary survey information provided by Pearl Meyer & Partners. Limited peer group proxy information is available for the remaining three NEOs. The Committee further referenced salary survey information and guidance provided by Pearl Meyer & Partners in its process to establish compensation levels for this group.

The Clark Consulting and the Watson Wyatt surveys provided salary information for institutions within the \$500M to \$2B range. The Financial Institutions Survey of Northern New England provided information on institutions in the \$700M to \$999M range. After deliberations and considering all factors, 2008 compensation and comparative market salary information is detailed below:

The Committee also considers the relative scarcity of senior banking executive candidates in its immediate market area and the difficulties of recruiting out-of-market candidates to work in rural Maine. The Committee does not use any formal, fixed, or indexed criteria for establishing compensation levels for any of its NEOs within market identified ranges. The Committee believes over time, the growth in total compensation provided to its executive officers should be more heavily weighted towards incentive compensation opportunities directly tied to corporate performance with less emphasis upon growth in base salaries.

Role of Management in Establishing Compensation

On an annual basis Mrs. Marsha C. Sawyer, the Senior Vice President of Human Resources, with the oversight of the Chief Executive Officer, provides the Committee with general information on executive officer compensation, including the NEOs. The Committee then reviews, discusses, and considers this information and any recommendations. The Chief Executive Officer and the Senior Vice President of Human Resources generally attend Committee meetings but were not present for the executive sessions or for any discussion of their own compensation. Mrs. Sawyer assists in the administration of all executive compensation programs, prepares Committee and Board meeting materials and performs work as requested by the Committee, including working directly with the Company's Compensation Consultant in preparation of peer analyses for the Committee's consideration. Mr. Murphy, the Company's President & Chief Executive Officer, attends portions of the Committee's meetings and makes recommendations on base salary, annual incentives, and equity compensation for executive officers who report to him. The Committee has the discretion to accept, reject, or modify the CEO's recommendations. No changes occurred in 2008 with respect to this participation by management in the compensation process.

Compensation Consultants

The Committee has occasionally utilized, and expects to utilize in the future, various outside consultants, actuaries, and employment attorneys to assist it in developing and implementing certain of the Company's compensation program components, including its stock option program, Supplemental Executive Retirement Plan (SERP), and incentive compensation arrangements.

During 2008, Committee Chair, Robert Phillips attended a multi-day conference sponsored by *Bank Director Magazine*, NASDAQ, and Institutional Shareholder Services specifically targeted at Bank Executive &

Board Compensation best practices. In January, 2008, the Committee, under authority granted by its Charter, engaged Pearl Meyer & Partners to assist in a total review of the Company's executive officer and director compensation packages. During 2008, Pearl Meyer's engagement included:

A comprehensive and competitive review of the Company's total compensation arrangements including base salaries, equity and retirement programs for the Company's CEO and its senior executives including the NEOs;

A comprehensive review of the Company's compensation program for its directors;

Recommendations for an expanded, appropriate Peer Company comparison group for compensation purposes;

Assisting in the establishment of an appropriate compensation mix and pay for performance plan based on the Company's size, geographic location, and unique characteristics;

Developing a short term, annual cash incentive plan for its executives, including NEOs with thresholds, targets, and stretch goals tied to the Company's strategic and long-term financial plans; and

Assist with the development of an equity incentive plan to encourage decision-making with the long-term interests of the Company in mind by executives including the NEOs.

Compensation Plan Components

The Company's executive compensation program applicable to the NEOs is comprised of the following primary components: (a) base salaries and benefits, (b) annual incentive cash compensation programs, (c) long-term incentives in the form of stock option grants, and (d) retirement benefits:

- (a) **Base Salary and Benefits.** The executive compensation program provides base salaries and benefits, which include health and life insurance programs, a 401(k) retirement program, and vacation awards to compensate executive officers for capable performance of core duties and responsibilities associated with their positions. The Committee reviews base salaries annually in the context of the comparative industry information, as described above. The Committee also considers the specific contributions of the individual executive officer and the officer's opportunity for professional growth, as well as market factors, when it sets and adjusts base salaries. In addition, the Committee considers the prevailing economic climate, the overall performance of the Company, and its most current business plan.

Upon performance evaluations and the advice and market salary data supplied by Pearl Meyer & Partners, the Committee made performance and market adjustments to the 2008 base salaries for NEOs as follows:

Named Executive	2007 Base Salary	2008 Base Salary	2008 Increase	Percentage
Joseph M. Murphy President and CEO of Bar Harbor Bankshares and Bar Harbor Bank & Trust	\$258,440	\$273,946	\$15,506	6.00%

¹ Mr. Shencavitz's salary was adjusted in December 2007 to \$174,000 in recognition of his promotion to Executive Vice President. No further adjustment was made to his 2008 compensation.

² Mr. Hurley was provided a one time payment in lieu of a base salary adjustment for 2008 to allow the Company to realign its internal equity with new comparative salary information.

- (b) **Short-term, Annual Incentive Cash Compensation Program.** During 2008, nine senior managers including NEOs, Messrs. Murphy, Shencavitz, Bonsey, Dalton, and Hurley participated in an annual cash incentive compensation plan developed under the guidance of Pearl Meyer & Partners. The philosophy of the Compensation Committee was to set reasonable base salaries and allow for the potential of meaningful incentives tied to the Company's short-term initiatives to optimize profitability, growth, excellence in individual performance, and to promote teamwork among its participants. This plan was approved by the Company's Board of Directors for 2008 and is detailed below:

Incentive Payout Opportunity

Each participant had a target incentive opportunity based on their role. The target incentive reflected a percentage of base salary determined to be consistent with competitive market practices. Actual awards varied based on achievement of specific goals. The opportunity reflects a range of potential awards. Actual awards ranged from 0% (for not achieving minimal performance) to 150% of target (for exceptional performance). The table below summarizes the incentive ranges for the 2008 plan year.

2008 Short-Term Incentive Targets

Role	Below	Threshold	Target	Stretch
	Threshold	(50% of Target)	(100%)	(150% of Target)
CEO/President	0%	12.50%	25.00%	37.50%
EVP	0%	10.00%	20.00%	30.00%
SVP	0%	7.50%	15.00%	22.50%

Incentive Plan Measures

Each participant had predefined performance goals used to determine their short-term incentive award. There were two performance categories: BHB Team and Individual. BHB Team performance was reflected by common goals for all participants. Individual goals reflected each participant's individual contributions based on their role. The specific allocations of goals were weighted to reflect the focus and contribution for each role/level in the Company.

The table below provided the guidelines for the allocation of participant's incentives for each performance component.

Position	BHB/Team Performance	Individual Performance
CEO/President	75%	25%
EVP	65%	35%
SVP Line	30%	70%
SVP Staff	50%	50%

BHB Performance

BHB Team performance goals for 2008 were increased Net Income and a decreased Efficiency Ratio. The table below shows the specific performance goal at Threshold, Target (budget) and Stretch for 2008.

Measures	Company Performance	2008 Performance Goals		
		Threshold	Target	Stretch
Net Income (to be adjusted for Visa IPO gain)		7,496	7,577 (budget)	8,407
Efficiency Ratio		63.7 (budget)	62.6 (2007)	61.6

Individual Performance

In addition to the BHB's Team performance goals, participants had 2-3 individual goals that focused on either department/team performance (e.g. lending growth, deposit growth, budget constraint) and/or individual performance on assigned strategic projects. The mix of these goals varied by role. A minimum achievement of threshold level performance was required for the plan to pay for each component.

Plan Trigger

In order for the Annual Incentive Plan to activate or turn on, the Company needed to achieve at least \$7,496 in Net Income representing an increase of 4.77% over 2007 Net Income. If BHB did not meet this level, the plan would not pay out any awards for the year, regardless of performance on other goals.

The Company achieved Net Income of \$7,731 or an 8.07% increase over 2007.

2008 Incentive Payment Summary

Named Executive	Percentage Of Base (%)	Total Payout (\$)	Net Income (\$)	Efficiency Ratio (\$)	Credit Asset Quality (\$)	Loan and Deposit Growth (\$)	Individual Goals (\$)

Totals		149,074	47,416	42,022	15,573	17,844	26,219

¹ Mr. Shencavitz earned \$6,525 for exceeding investment income targets, \$6,525 for placing in the 75th percentile on investment yield against peer, and \$5,220 for his oversight and leadership

on five assigned strategic projects completed in 2008 for a total incentive payment of \$18,270 in this category.

- 2 Mr. Hurley earned \$7,949 for exceeding income projections for the reorganized Bar Harbor Financial Services function.

Details of the above payments disclosed into Threshold, Target, and Stretch categories can be found on page 27.

- (c) **Stock Option Plan.** Since adopting its Stock Option Plan in 2000, the Company has provided its officers and managers, including its NEOs, with a share-based compensation component in the form of stock options. This compensation component is used to align the interest of the Company's participating officers and managers, particularly its executive officers, with those of its Shareholders over a long-term horizon and to serve as a retention tool. The Company grants options upon date of hire or promotion for qualified individuals, and from time to time for special recognition. The Company awards all grants at the closing market price of the business day of the enabling vote by the Company's Board of Directors. The Board of Directors also sets the vesting schedule, which is typically over a period of three to seven years. The Company did not grant any stock options to its NEOs in 2008.

- (d) ***Benefits, Retirement and Post Termination Compensation Elements.*** The Company provides for all employees meeting minimum age and service requirements a 401(k) benefit retirement plan. In addition, the Company provides a nonqualified, noncontributory, defined-benefit plan, (SERP) for certain highly compensated officers. Currently, the Chief Executive Officer and Executive Vice President/Chief Financial Officer are the only two NEOs that participate in the SERP. The Company's 401(k) plan has imbedded regulatory ceilings that limit the two most senior executives from deferring amounts sufficient to provide for a reasonable, final average salary retirement benefit. The Company utilizes its SERP plan as a vehicle to assist in funding the Chief Executive Officer's and Executive Vice President/Chief Financial Officer's total retirement program.

The Company also maintains change in control agreements for NEOs Murphy, Shencavitz, Bonsey, Dalton and Hurley. No golden parachute payments will be made under these agreements to the extent that such payments are prohibited by applicable law due to the Company's participation in the U.S. Treasury's Capital Purchase Program.

The agreements were in effect for the 2008 reporting year and provided for the payment of their salary and other specified benefits for a period of twelve to twenty-four months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within set timeframes after a change of control, unless such termination was for cause. These specific payments and timeframes were established under the advice of a compensation consultant and employment attorney as representative of similar type agreements in the industry.

The Committee believes that the Company's SERP plan and change in control agreements are advisable to provide a competitive total compensation plan to attract and retain the employment of NEOs that are a party to the agreements.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

Stock Ownership Guidelines

While many of the Company's executive officers have significant Company stock holdings, the Company does not have specific guidelines regarding stock ownership for its NEOs.

Compliance with Internal Revenue Code Section 409A

Section 409A of the Internal Revenue Code was enacted in 2005 and provides that if a service provider is entitled to nonqualified deferred compensation benefits that are subject to Section 409A, and such benefits do not comply with Section 409A, the service provider would be subject to adverse tax treatment, including accelerated income recognition and a potential 20% tax penalty. The Company has modified its affected compensation plans to comply with the Section 409A tax provisions because the Company's NEOs meet the definition of a service provider under Section 409A.

Participation in the U.S. Treasury's Capital Purchase Program

Capital Purchase Program Participation

In January 2009, the Company issued and sold preferred stock and a warrant to purchase common stock for an aggregate purchase price of \$18,751,000 to the U.S. Treasury under the Capital Purchase Program. Under the terms of the purchase agreement, for as long as the U.S. Treasury holds any Company securities acquired under the purchase agreement or the warrant, the Company must ensure that its compensation, bonus, incentive and other benefit plans, arrangements and agreements, including golden parachute and severance and employment agreements, with respect to its senior executive officers, as such term is defined in the Emergency Economic Stabilization Act of 2008 (EESA), comply with Section 111(b) of the EESA and applicable guidance and regulations under EESA

promulgated by the U.S. Treasury. Each such officer consented to and waived any claims against both the U.S. Treasury and the Company with respect to any amendments or modifications to their compensation or benefits required for the Company to so comply.

As a result of the Company's participation in the Capital Purchase Program and in accordance with the EESA as originally enacted, the Company amended, the benefits plans and agreements in which any of the senior executive officers (who are also the named executive officers) could receive payments upon termination or change in control. The amendments cover the period required by Section 111(b) of the EESA and applicable guidelines and regulations that prohibit any golden parachute payment as defined under Section 280G of the Code. Under Section 280G as modified by the EESA, golden parachute payment is defined generally to mean any payment made on account of any severance from employment by reason of involuntary termination or in connection with any bankruptcy filing, insolvency or receivership, to the extent that the aggregate present value of such payments equals or exceeds three times the named executive officer's average annual compensation for the five years prior to the severance from employment. However, see 2009 EESA Amendments below for additional information on changes to the definition of the term golden parachute payment.

Policy on Internal Revenue Code Section 162(m)

The Company intends for all incentive compensation paid to the named executive officers to be fully deductible for federal income tax purposes. Section 162(m) of the Code disallows publicly-traded companies from receiving a tax deduction on compensation paid to executive officers in excess of \$1 million unless, among other things, the compensation meets the requirements for performance-based compensation. In structuring the compensation programs and in determining executive compensation, the Committee takes into consideration the deductibility limit for compensation and the performance-based requirements of Section 162(m). To date, none of the compensation paid to any executive officers have exceeded this limit on deductibility.

As a result of the Company's participation in the Capital Purchase Program, for as long as the U.S. Treasury holds any Company securities acquired under the purchase agreement or the warrant, the deduction limit for remuneration paid to the senior executive officers during any taxable year will be \$500,000 instead of \$1 million, and must be computed without regard to performance-based compensation and certain deferrals of income.

Clawback Provision

As a result of the Company's participation in the Capital Purchase Program, the Company is required to provide for the recovery of any incentive or bonus payments paid to senior executive officers during the period that the U.S. Treasury holds any Company securities acquired under the purchase agreement or the warrant which are based on financial criteria later proven to be materially inaccurate. Accordingly, the Company has amended or modified each applicable incentive or other benefit plan to so provide. Each of the senior executive officers consented to and waived any claims against the U.S. Treasury and the Company with respect to such amendments and modifications.

2009 EESA Amendments

The American Recovery and Reinvestment Act of 2009 (ARRA), enacted on February 17, 2009, has materially amended Section 111 of EESA. In addition to making other changes, the ARRA restricts the amount of bonuses that can be paid to our NEOs, requires the Compensation Committee to conduct a risk assessment of all employee benefit programs twice a year, and our CEO and CFO to certify compliance with Section 111 of EESA as amended by the ARRA. Furthermore, the ARRA has amended the definition of a golden parachute payment generally to include any payment on account of an NEO's departure from the employer. U.S. Treasury guidance will be needed to clarify whether this completely prohibits the payment of severance, whether or not in a change of control situation. The Company may be required to make changes to its compensation and benefit programs applicable to our NEOs based on the determination it makes in the coming weeks and months regarding the scope of actions required to comply with amended Section 111 of EESA.

Compensation Committee Report

The Compensation Committee has reviewed the Compensation Discussion and Analysis included in this proxy statement and has discussed it with members of management. Based on such review and discussion, the

Compensation Committee recommended to the Board of Director members that the Compensation Discussion and Analysis be included in its Annual Report on Form 10-K and this Proxy Statement.

Risk Assessment

In accordance with the EESA, the Compensation Committee certifies that it will, prior to April 16, 2009, review with its designated senior risk officer the incentive compensation arrangements applicable to the Company's senior executive officers (as defined pursuant to the Section 111 of the Emergency Economic Stabilization Act of 2008), which includes each of the NEOs. The Compensation Committee will make reasonable efforts prior to April 16, 2009 to ensure that such arrangements do not encourage senior executive officers to take unnecessary and excessive risks that threaten the value of the Company and Bar Harbor Bank & Trust. April 16, 2009 is ninety (90) days from the date of the Company's initial receipt of Capital Purchase Program funds.

NARRATIVE DISCUSSION AND ANALYSIS OF SUMMARY COMPENSATION TABLE

The Committee believes the following information and discussion is useful to the reader in understanding the information set forth in the above Summary Compensation Table.

The following sections contain a discussion of executive compensation terms and payment of which may be superseded under the EESA as modified by the ARRA. For a detailed description of the restrictions, please see discussion on page 20.

Chief Executive Officer Employment Agreement

The Company previously entered into a written employment agreement originally dated January 3, 2003, with Mr. Joseph M. Murphy, its Chief Executive Officer (CEO). On November 7, 2003, the Company amended its original

written employment agreement with Mr. Murphy in connection with adoption of the Company's Supplemental Executive Retirement Program and Change in Control Agreement. On November 19, 2008, the Company's Board of Directors amended and restated Mr. Murphy's original employment Agreement (the "CEO Employment Agreement") primarily for the purpose of complying with Internal Revenue Code Section 409A by: making clear that reimbursement of expenses and timing thereof is not subject to liquidation or exchange for another benefit; references to the CEO's Supplemental Executive Retirement Plan were updated; provided for a six (6) month delay for payment of benefit payments after a separation from service as required by Section 409A; amending the definition of "Good Reason" to include separation from service as required by Section 409A; amending the definition of a disability to conform to Section 409A; and removing the change in control provisions applicable to the CEO. The amended and restated CEO Employment Agreement supersedes and replaces the original CEO Employment Agreement.

The CEO Employment Agreement provides for the payment of an annual base salary to the CEO of not less than \$273,946.00 to be paid in substantially equal installments in accordance with the Company's compensation

policies and procedures on the pay dates established by the Company for its senior executive officers. The base salary shall be reviewed annually by the Compensation Committee of the Company's Board of Directors and shall be adjusted at the Company's sole discretion. The CEO shall also participate in any performance compensation plan agreed upon by the parties during the term of the CEO Employment Agreement in concert with the Company's evolving goals and objectives. The restated CEO Employment Agreement is for an initial term of two (2) years with provisions for automatic extensions of one (1) year each in the absence of notice from the Company of its intention not to extend the term of the Employment Agreement. The initial term of the CEO Employment Agreement commenced on January 3, 2007, and continued through January 3, 2009, unless sooner terminated. Neither the Company nor the CEO has given notice of termination, and, therefore, the Employment Agreement has been extended by its terms through January 3, 2010.

Mr. Murphy's original Employment Agreement also provided, with limited exceptions, for a severance payment to the CEO in the event his employment is terminated within one (1) year prior to or following certain events defined to constitute a change in control of the Company. On November 19, 2008, the Board of Directors of the Company approved an amended Change in Control, Confidentiality Agreement and Noncompetition Agreement with Mr. Murphy which amended and replaced the prior change in control and noncompete provisions contained in Mr. Murphy's original CEO Employment Agreement. The changes were adopted primarily to comply with Internal Revenue Code Section 409A by clarifying that the date of termination is the date of separation from service; providing for a six month delay in payments, and amending the definition of good reason for termination of employment and amending the definition of disability. The agreement also provides, with limited exceptions, for a severance payment to the CEO in the event his employment is terminated within one (1) year prior to or following certain events defined to constitute a change in control of the Company. This severance payment resulting from a termination of employment (constructive termination) following a change in control is equal to two (2) times the CEO's base annual salary, incentive compensation payments earned and any accrued but unused vacation time. In addition, Mr. Murphy's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. As in his prior arrangement, in the event that Mr. Murphy becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm.

Mr. Murphy's Change in Control Agreement also contains restrictions on competition by the CEO with the Company during the term beginning on December 16, 2008 and for a period of one (1) year following the cessation of the CEO's employment with the Company regardless of reason.

Both the Committee and the Board of Directors have reviewed and approved the amended and restated CEO Employment Agreement and the Change in Control provisions applicable to the CEO. Both of these Agreements have been timely amended to comply with Section 409A of the Internal Revenue Code of 1986, and the regulations promulgated thereunder. Both Agreements have also been amended to prohibit the making of any golden parachute payments while participating in the U. S. Treasury Capital Purchase Program.

Compensation of the Chief Executive Officer

On an annual basis, the Committee reviews the existing compensation plan for the Company's Chief Executive Officer, Joseph M. Murphy (the "CEO"). The Committee reviews this compensation plan in the context of the Company's overall performance, the achievement of certain financial and non-financial goals and the judgment of the entire Board of Directors as to the quality of the CEO's leadership. In addition, the Committee compares the CEO's compensation to CEOs of the Company's Peer Group and salary survey information for comparable positions. In making these comparisons, the Committee takes into account appropriate differences in the size, business model, and financial performance of the other banking institutions.

In accordance with the CEO's Employment Agreement with the Company, the Committee reviews the CEO's base salary no less often than annually and may recommend an increase in his base salary to the Board of Directors at the Committee's sole discretion. During 2008, CEO Murphy's base salary was adjusted 6% based on preliminary competitive data provided by the Company's Compensation Consultant, Pearl Meyer & Partners.

As further discussed below, the CEO participated in the structured annual incentive cash compensation plan provided to all executive officers. During 2008, Mr. Murphy received a payment of \$57,968 under the Company's short term, annual incentive compensation program.

The Committee did not grant the CEO any additional stock options in 2008.

The CEO is a member of the Board of Directors of the Company and its subsidiaries. He does not receive any director fees for participating in the activities of these Boards.

Other Change in Control, Confidentiality, and Non-competition Agreements

The Company entered into a Change in Control, Confidentiality, and Non-competition Agreement with the Company's Executive Vice President and Chief Financial Officer, Mr. Gerald Shencavitz. This agreement provides Mr. Shencavitz with severance of both salary and benefits for a period of eighteen (18) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months after a change of control, unless such termination was for cause. In addition, Mr. Shencavitz's stock options and supplemental executive retirement benefits will vest in accordance with the terms of the plans under which they were granted and vest fully upon a change in control. In the event that Mr. Shencavitz becomes subject to an excise tax on payments made under his agreements and various benefit plans in connection with a change in control, he will be reimbursed for payment of such amounts upon such time as the assumptions and calculations have been prepared, reviewed, and confirmed by a nationally recognized accounting firm. The Agreement has been timely amended to comply with Section 409A of the Internal Revenue Code of 1986, and the regulations promulgated thereunder. The Agreement has also been amended to prohibit the making of any golden parachute payments while participating under the U. S. Treasury Capital Purchase Program.

The Company has also entered into Change in Control, Confidentiality, and Non-Competition Agreements with Bar Harbor Trust Services President, Daniel A. Hurley III, and the Bank's Senior Vice Presidents, Michael W. Bonsey and Gregory W. Dalton along with five other senior managers. Their agreements provide for severance of both salary and benefits for a period of twelve (12) months in the event of both a change of control of the Company and subsequent termination (or constructive termination) within twelve (12) months of a change of control, unless such termination was for cause. The Agreements have been timely amended to comply with Section 409A of the Internal Revenue Code of 1986, and the regulations promulgated thereunder. The Agreements of NEOs Messrs. Bonsey, Dalton, and Hurley have been further amended to prohibit the making of any golden parachute payments while participating under the U. S. Treasury Capital Purchase Program.

All of these agreements were entered into as part of a total compensation program to attract and/or retain qualified executives and not entered into in response to any effort known to the Board of Directors by any party or entity to acquire control of the Company.

Incentive Cash Compensation

During 2008, NEOs, Messrs. Murphy, Shencavitz, Bonsey, Dalton, and Hurley participated in an annual cash incentive compensation program with two tiers representing opportunities for incentive payments. This plan was approved by the Company's Board of Directors in 2008. The voted plan document allows for tiered payments based on Threshold, Target, and Stretch measures with a plan trigger of requiring the Company to achieve at least a Net Income figure of \$7,496 before any payments would be approved or paid. The \$7,496 figures represented a 4.77% increase over the Company's 2007 Net Income. The Company paid out a total of \$149,074 to its NEOs.

The altering, inflating, and/or inappropriate manipulation of performance/financial results or any other infraction of recognized ethical business standards, will subject any participant to disciplinary action up to and including termination of employment. In addition, any incentive compensation as provided by the plan to which the participant would otherwise be entitled will be revoked or subject to clawback.

The plan is based on a balance of multiple measures and reasonable ceilings for exceptional performance. These two basic plan features structure the plan to discourage excessive risk and rewards. The Compensation Committee will further review the plan design in 2009 to insure it is in compliance with the further provisions placed on incentive compensation plans by the Company's participation under the Capital Purchase Program.

Other Compensation and Benefits

In addition to the foregoing, all executive officers of the Company are entitled to participate in certain group health, dental, and term life insurance benefits. In accordance with Company policy, all such benefits are generally available to employees of the Company and its subsidiaries.

PENSION TABLE NARRATIVE

Supplemental Executive Retirement

The Company maintains a nonqualified, noncontributory, defined-benefit; supplemental executive retirement program (the SERP) for certain highly compensated executive employees. Messrs. Murphy and Shencavitz were the only authorized participants (the Participants) in the SERP as of December 31, 2008. Under the SERP the Participants are eligible to receive upon most termination events, disability, or death, an individually defined benefit payment based upon a predetermined vesting schedule. No plan benefits are payable to these individuals if they are terminated for cause as defined in the document.

Upon Normal Retirement Age, defined as age 68 for Mr. Murphy and age 65 for Mr. Shencavitz, monthly payments of \$11,200 and \$8,583, respectively will be paid under the SERP to the named executives (or their beneficiary) for a period of 240 months. There are also provisions under the SERP for reduced monthly payments in the event of an early retirement by any of these individuals. As of December 31, 2008, Messrs. Murphy and Shencavitz have vested monthly benefits of \$8,030 and \$2,166, respectively.

SERP benefits for both participants will fully vest upon a defined change of control of the Company. The SERP has been timely amended to comply with Section 409A of the Internal Revenue Code of 1986 and the regulations promulgated thereunder. The terms and payment of compensation under the SERP may be superseded under the EESA as modified by the ARRA. For a detailed description of the restrictions, please see discussion on page 20.

Potential Payments upon Termination or Change in Control

The Company has entered into change in control agreements and maintains certain benefit plans that require it to provide compensation to executive officers in the event of a termination of employment or a change in control. The tables below set forth the amount and types of compensation payable to each executive officer upon voluntary termination without good reason, involuntary termination without cause, voluntary termination for good reason, termination for cause, death, disability, retirement, or termination after a change in control. The amounts assume a hypothetical termination of employment effective as of December 31, 2008, and include estimates of the amounts, which would be paid to the executives in each specified circumstance. The actual amounts to be paid can only be determined at the time of an executive's actual separation. The agreements have been timely amended to comply with Section 409A of the Internal Revenue Code of 1986 and the regulations promulgated thereunder. The terms and payment of compensation under the agreements may be superseded under the EESA as modified by the ARRA. For a detailed description of the restrictions, please see discussion on page 20.

Notes

- A** Cash Severance.
Twenty-four months of severance would have been payable to Mr. Murphy if his employment was terminated by Bar Harbor Bankshares for any reason other than cause, death, disability, or retirement as defined in his written CEO Employment Agreement. Severance payable to all other executives represents a payment due upon a hypothetical change in control event and their subsequent termination under the terms of their agreements. Payments disclosed represent twelve months of salary for Bonsey, Dalton, and Hurley and eighteen months for Shencavitz.
- B** Pro Rata Bonus.
Bonuses/Incentive amounts earned in 2008 were paid in two installments. The amount disclosed above represents the amounts due, but not yet paid, to each executive on December 31, 2008. These amounts were paid in 2009. The full amount of

incentive payments earned for the fiscal year 2008 has been disclosed in the Summary Compensation Table for 2008 on page 22 of this Proxy statement.

- C** Stock Options/SARs. The price per share of Bar Harbor Bankshares common stock on December 31, 2008, was \$25.75, representing the closing per share price on the NYSE Amex exchange for that date. Murphy would have been entitled to exercise vested options under all categories listed except a Voluntary Termination with Good Reason and a change in control whereby all of his unvested options would have fully vested. If Mr. Murphy and Mr. Shencavitz were terminated involuntarily and without cause within one year prior to or following a change in control event, their unvested stock options would have become fully vested. Shencavitz, Bonsey, Dalton, and Hurley would have been entitled to all vested options as of December 31, 2008,

except in the event of a change in control whereby all unvested options would have fully vested.

Disclosed amounts would have been realized if the executive actually exercised the vested options in the manner provided for by the Company's stock option plan and award agreement at the December 31, 2008, market price.

In the event of a termination of employment, the executive (or the executive's estate in the event of death) would have had the right to exercise vested stock options for a set period specified under the plan document. All executives would have forfeited the right to exercise vested or unvested options if they had been released for cause. No amounts are reported under the accelerated line item. All options for participants are either completely vested or of no value when measured against the \$25.75 closing per share price on December 31, 2008.

- D** Health Insurance.
The amount disclosed represents

the cost of continued health, life, and disability coverage for a period of twenty-four months for Murphy, eighteen months for Shencavitz, and twelve months for Bonsey, Dalton and Hurley as provided in their respective agreements.

E Pension Benefits/SERP. Amounts disclosed represent vested amounts as of December 31, 2008, payable to Murphy and Shencavitz (or their beneficiary/estate) over the twenty-year benefit period provided for under the Company's plan document. Amounts disclosed under Involuntary Without Cause and Voluntary With Good Reason for Murphy as well as under Change in Control for both Murphy and Shencavitz represent the full vesting of their benefits under the program to be paid over the same 20-year period. Amounts disclosed do not reflect vested balances for each executive as part of the Company-sponsored 401(k) plan under which participation

is generally available to all employees. The Company carries term life insurance policies on Murphy and Shencavitz in the amounts of \$1,350,000 and \$1,200,000, respectively, to help defray costs of these pension benefits should either die while employed by the Company, but prior to full vesting of these benefits.

F Nonqualified Deferred Compensation Plan. No named executive participated under a Nonqualified Deferred Compensation Plan as of December 31, 2008.

G Life Insurance Proceeds/Disability Benefits. Amounts represent benefits payable by a third party insurer (UNUM) to the designated executives or their beneficiaries under Company-sponsored life and disability programs. These life and disability insurance programs were generally available to all employees of the Company. The Disability amount quoted is representative of a

12 month, disability paid benefit. Total benefits due would be dependent upon the severity, the length of a disability, and insurance policy interpretation.

H Other Perquisites.
Not applicable to Bar Harbor Bankshares.

I Tax Gross-Ups. In the event of the hypothetical change in control of Bar Harbor Bankshares on December 31, 2008, and the subsequent termination (or constructive termination) as detailed in their individual change in control agreements, and Murphy and Shencavitz were subject to the excise tax imposed by Section 4999 of the Internal Revenue Code, an additional payment would be made to restore them to the after-tax position they would have been in if the excise tax had not been imposed and such excess parachute payments exceeded 110% of three times the executive's base amount, as defined in Section 280G of the Internal Revenue Code. In the event this 110% threshold

is not met, the excess
parachute payments
will be reduced so
they do not exceed
three times the
executive's base
amount. Amounts
paid under this
Gross-Up provision
are not tax
deductible by the
Company or any
successor thereto.

DIRECTOR COMPENSATION

Directors of the Company, Bar Harbor Bank & Trust, and Bar Harbor Trust Services were paid by a combination of fees for meetings attended supplemented by quarterly stipends. A fee of \$500 was paid to board members for each meeting of the Company and its subsidiary boards attended and each committee meeting attended. Members of the Board received \$500 when the Company and the Bank held joint meetings. The Chairperson historically has not received a fee for attending a Committee meeting for which he was not a voting member. The Board voted in August, 2008 to compensate the Chairperson for attendance at any committee meeting. The fee paid for attendance at the Company's Annual Meeting was also \$500 per member. Audit Committee members received \$600 for each Audit Committee meeting they attended. In addition, each director, with the exception of the Chairperson of the Board and the Chairperson of the Audit Committee, received a quarterly stipend of \$1,000. The Board Chairperson received a quarterly stipend of \$2,500 and the Audit Chairperson received a \$1,500 stipend per quarter.

	Meeting Fees (\$)	Quarterly Retainer (\$)
Chairperson of the Board		2,500
Chairperson of the Audit Committee		1,500
All other Directors		1,000
Audit Committee Attendance	600	
All other meetings, including Annual Meeting	500	

Meetings of the Board of Directors of the Company are held monthly. Director Murphy, who also serves as an officer of the Company, does not receive directors' fees.

The Company received a comparative summary of director compensation in August, 2008. Overall the Board's compensation retainer and fee structure is below the 25th percentile of peer banks. However due to a larger number than average directors, the Company's total board compensation places it at the median of its peer group. The Compensation Consultant, Pearl Meyer & Partners recommended that the Board consider including equity compensation as part of its compensation mix. No action has been taken on this recommendation, but the proposed Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 does allow for the granting of equity grants to directors if the Board wishes to consider at a future date.

Fernald Sons Inc. and is the father of Company director Lauri E. Fernald. Lauri E. Fernald does not own any stock or hold any corporate office or other position with A. C. Fernald Sons Inc. and has no direct or indirect interest in the Somesville Lease other than her familial relationship with Mr. Robert Fernald.

Except as set forth above and with regard to Indebtedness of Management described below, none of the director- nominees or NEOs of the Company or of any of its subsidiaries engaged during 2008 in any transaction with the Company or any of its subsidiaries, in which the amount involved exceeded \$120,000.

The Company administers related party transactions (if any) under its Related Party Transaction Policy, which policy addresses compliance to NYSE Amex Rule 120. This policy provides for Board Audit Committee oversight of related party transactions that exceed a *de minimus* lifetime income statement impact of \$25,000 (except for loan transactions, which for the Company and its subsidiaries are administered pursuant to Federal Regulation O, as described more fully below). Any transactions that qualify under this policy are reviewed by the Board Audit Committee (or another acceptable Board committee, or the full Board of Directors) for approval prior to being contractually bound by the Company. Other than the lease disclosed and described herein, and loans offered in the ordinary course of business and approved by the Bar Harbor Bank & Trust Board of Directors, the Company had no related party transactions. The Related Party Transaction Policy is approved annually by the Board of Directors and administered by management of the Bank.

Indebtedness of Management

The Company's wholly owned subsidiary, Bar Harbor Bank & Trust (the Bank), offers to its directors, officers, principal shareholders and employees, and to businesses owned and/or controlled by those persons (collectively insiders), commercial and consumer loans in the ordinary course of its business.

All loans made by the Company and its subsidiaries to insiders are regulated by the Company's federal and state regulators under federal Regulation O (Reg. O). Reg. O sets forth various practices and reporting requirements for loans to insiders. In addition, the Sarbanes-Oxley Act of 2002 permits banks and bank holding companies to extend credit to their directors and officers provided that such extensions of credit are (a) made or provided in the ordinary course of the consumer credit business of such issuer; (b) of a type that is generally made available to such issuer to the public; and (c) made by such issuer on market terms, or terms that are no more favorable than those offered by the issuer.

All loans extended by the Bank to insiders comply with Reg. O, the Sarbanes-Oxley Act of 2002, and NYSE Amex Rule 120. They are offered under the same terms and conditions available to non-insiders, including but not limited to those terms and conditions related to the requirements for approval, the interest rates charged, the required repayment terms, and the required collateral, except that the Bank waives certain fees for all employees and directors when applying for consumer residential first mortgage loans secured by the related party's primary residence. Further, the Bank may, from time to time at the discretion of management, provide interest rate discounts, fee waivers or other pricing inducements to qualified employees and directors when doing so accomplishes or furthers an objective of the Bank and/or the Company. No such programs are made available only to insiders. The terms and conditions of all loans, including those to insiders, and the process by which they are approved, is fully documented in the Bank's written Loan Policy. The Loan Policy is approved annually by the Board of Directors and administered by management of the Bank. Loans to insiders may not contain a higher level of risk, nor be

offered with terms and conditions more favorable, than loans to non-insiders with equivalent financial profiles (except for the favorable pricing programs previously described).

We believe that all extensions of credit to Company insiders and executive officers satisfy the foregoing conditions.

No such transactions have involved more than normal risk of collectability or presented other unfavorable features and no loans outstanding

The Company's Audit Committee has considered the compatibility of the non-audit services furnished by the Company's auditing firm with the firm's need to be independent.

Proposal III Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009

Our Board of Directors has adopted the 2009 Bar Harbor Bankshares and Subsidiaries Equity Incentive Plan of 2009 (the 2009 Plan) for employees and directors of the Company and its subsidiaries, subject to the approval of the 2009 Plan by our shareholders.

The 2009 Plan is administered by the Compensation Committee as appointed by our Board of Directors (the Committee). The Committee, in its discretion, may grant stock-based awards, (including Incentive Stock Options, Non-Qualified Stock Options, Stock Appreciation Rights, Restricted Stock, and Restricted Stock Units) to employees under the Plan. In practice, the Committee makes recommendation to the Full Board of Directors who then confirms (or rejects) the Committee s recommendation. Directors are also eligible to receive awards under the 2009 Plan other than Incentive Stock Options.

Subject to adjustment for stock splits, stock dividends and similar events, the total number of shares of common stock that can be issued under the 2009 Plan over the 10 year period in which the plan will be in place is 175,000 shares of common stock; provided, however, that no more than 75,000 shares of such stock can be awarded in the form of Restricted Stock or Restricted Stock Units. Based solely upon the closing price of the Company s common stock as reported on the NYSE Amex on March 20, 2009, the maximum aggregate market value of the securities to be issued under the 2009 Plan would be \$3,850,000. The shares issued by the Company under the 2009 Plan may be authorized but un-issued shares, or shares reacquired by the Company. To the extent that awards under the 2009 Plan do not vest or otherwise revert to the Company, the shares of common stock represented by such awards may be the subject of subsequent awards.

Recommendation

Our Board of Directors believes that stock-based awards can play an important role in the success of the Company by enhancing the Company s ability to attract, retain and motivate certain persons who make (or are expected to make) important contributions to the Company by providing such persons with an opportunity to benefit from the increases in value of the stock of the Company through the grant of certain stock-based awards and thereby better aligning the interests of such persons with those of the Company s shareholders.

Our Board of Directors believes that the proposed 2009 Plan will help the Company to achieve its goals by keeping the Company s incentive compensation program competitive with those of other companies. Accordingly, the Board of Directors believes that the 2009 Plan is in the best interests of the Company and its shareholders and recommends that the shareholders approve the 2009 Plan.

The Board of Directors recommends voting **FOR** the proposed 2009 Equity Incentive Plan.

Summary of the 2009 Plan

The following description of certain features of the 2009 Plan is intended to be a summary only. The summary is qualified in its entirety by the full text of the 2009 Plan that is attached hereto as Appendix C.

2009 Plan Administration. The 2009 Plan provides for administration by the Compensation Committee represented by not fewer than two independent directors (the Administrator), with membership appointed by the Board of Directors from time to time. The Administrator has full power to select, from among the individuals eligible for awards, the individuals to whom awards will be granted, to make any combination of awards to participants, and to determine the specific terms and conditions of each awards, subject to the provisions of the 2009 Plan. In practice, the Committee makes recommendations to the Full Board of Directors who then confirms (or rejects) the Committee s recommendation. Directors are also eligible to receive awards under the 2009 Plan other than Incentive Stock Options.

Eligibility and Limitations on Grants. All employees and directors of the Company and its subsidiaries are eligible to participate in the 2009 Plan, subject to the discretion of the Administrator. The number of individuals potentially eligible to participate in the 2009 Plan is approximately 92 persons

The maximum Stock Award granted to any one individual will not exceed 20,000 shares of common stock (subject to adjustment for stock splits and similar events) for any calendar year.

Stock Options. Options granted under the 2009 Plan may be either Incentive Stock Options (Incentive Options) (within the meaning of Section 422 of the Code) or Non-Qualified Stock Options (Non-Qualified Options). Incentive Options may be granted only to employees of the Company or any Subsidiary. Options granted under the 2009 Plan will be Non-Qualified Options if they (i) fail to qualify as Incentive Options, (ii) are granted to a person not eligible to receive Incentive Options under the code, or (iii) otherwise so provide. Non-Qualified Options may be granted to persons eligible to receive Incentive Options and directors and other key persons.

Other Option Terms. The Administrator has authority to determine the terms of options granted under the 2009 Plan. Options are granted with an exercise price that is not less than the fair market value of the shares of common stock on the date of the option grant.

The terms of each option will be fixed by the Administrator and may not exceed ten years from the date of grant. The Administrator will determine at what time or times each option may be exercised subject to the terms of the Plan regarding exercise in the event of death, disability, or termination of employment. Options may be made exercisable in installments. In general, unless otherwise permitted by the Administrator, no option granted under the 2009 Plan is transferable by the optionee other than by will or by the laws of descent and distribution, and options may be exercised during the optionee's lifetime only by the optionee.

Options granted under the 2009 Plan may be exercised for cash or, if permitted by the Administrator, by transfer to the Company of shares of common stock that are not then subject to restrictions under any Common Stock plan, or, if permitted by applicable laws and regulations, according to a deferred payment arrangement with an adequate rate of interest charged at the applicable federal rate.

To qualify as Incentive Options, options must meet additional federal tax requirements, including a \$100,000 limit on the value of shares subject to Incentive Options which first become exercisable in any one calendar year.

Stock Options Granted to Directors. The 2009 Plan provides that the Administrator, in its discretion, may grant Non-Qualified Options to directors, subject to the terms of the Plan.

Stock Appreciation Rights. The Administrator may award a Stock Appreciation Right. Upon exercise of the Stock Appreciation Right, the holder will be entitled to receive an amount equal to the excess of the fair market value on the date of exercise of one share of common stock over the fair market value on the grant date of one share of common stock. The total appreciation available to a Participant from any exercise of Stock Appreciation Rights shall be equal to the number of stock Appreciation Rights being exercised, multiplied by the amount of appreciation per Stock Appreciation Right determined under the preceding sentence. This amount may be paid in cash, common Stock, with a Company note, or a combination thereof, as determined by the Administrator.

Restricted Stock Awards. The Administrator may grant shares of common stock to any participant subject to such conditions and restrictions as the Administrator may determine. The vesting period shall be determined by the Administrator. If the participant terminates service prior to vesting, the participant will forfeit his or her award of restricted stock.

Restricted Stock Units. The Administrator may grant Restricted Stock Units to any participant subject to such conditions and restrictions as the Administrator may determine. The vesting period shall be determined by the Administrator. If the participant terminates service prior to vesting, the participant will forfeit his or her award of restricted stock. Upon vesting, the shares of Stock covered by the Restricted Stock Units will be transferred to the Participant as soon as administratively feasible but in no event later than 2 1/2 months following the close of the year during which the units vest in accordance with Section 409A of the Code.

Tax Withholding. Participants under the 2009 Plan are responsible for the payment of any federal, state or local taxes the Company is required by law to withhold upon any option exercise or vesting of other awards. Subject to approval by the Administrator, Participant may, in the discretion of the Committee, satisfy any federal, state, or local tax withholding obligation relating to the exercise or acquisition of Stock under a Stock Award or the

exercise or acquisition of cash and/or Stock under a Stock Appreciation Right by any one of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold cash from the cash otherwise payable to the Participant as a result of the exercise of a Stock Appreciation Right, or (iii) delivering to the Company owned and unencumbered shares of Stock.

Change of Control Provisions. The 2009 Plan provides that in the event a participant separates from the service of the Company other than as a result of Disability and other than for Cause, or the Participant separated his/her service for Good Reason; and the Participant's separation from service occurs in anticipation of or after a Change in Control, as defined in the 2009 Plan, generally all Stock Options and Stock Appreciation Rights will automatically become fully exercisable and that the restrictions and conditions on all awards of Restricted Stock and Restricted Stock Units will automatically be deemed waived.

Adjustments for Stock Dividends, Mergers, etc. The 2009 Plan authorized the Administrator to make appropriate adjustments to the number of shares of common stock that are subject to the 2009 Plan and to any outstanding Stock Awards to reflect stock dividends, stock splits, and similar events.

Amendments and Termination. The Board of Directors may at any time amend or discontinue the 2009 Plan and the Administrator may at any time amend or cancel any outstanding award for the purpose of satisfying changes in law or for any other lawful purpose, but no such action shall adversely affect the rights under any outstanding awards without the holder's consent. To the extent required by the Code to ensure that options granted under the 2009 Plan qualify as Incentive Options, the 2009 Plan amendments shall be subject to approval by our shareholders. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Options and/or Stock Appreciation Rights may not be amended to reduce the exercise price of outstanding Options and/or Stock Appreciation Rights or cancel outstanding Options and/or Stock Appreciation Rights in exchange for cash, other awards or Options and/or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Options and/or Stock appreciation Rights without stockholder approval.

New 2009 Plan Benefits

No grants have been made with respect to the shares of common stock to be reserved for issuance under the 2009 Plan. The number of shares of common stock that may be granted to employees and directors is indeterminable at this time; as such grants are subject to the discretion of the Administrator.

Tax Aspects under the U.S. Internal Revenue Code

The following discussion is intended to be a summary and is not a comprehensive description of the federal tax laws, regulations, and policies affecting the Company and recipients of awards that may be granted under the 2009 Plan. This summary does not address any state or local tax consequences. Any descriptions of the provisions of any law, regulation or policy are qualified in their entirety by reference to the particular law, regulation or policy. Any change in applicable law or regulation or in the policies of various taxing authorities may have a significant effect on this summary. The 2009 Plan is not a qualified plan under Section 401(a) of the Internal Revenue Code.

Incentive Options. No taxable income is generally realized by the optionee upon the grant or exercise of an Incentive Option. If shares of common stock issued to an optionee pursuant to the exercise of an Incentive Option are sold or transferred after two years from the date of grant and after one year from the date of exercise, the (i) upon sale of such shares, any amount realized in excess of the option price (the amount paid for the shares) will be taxed to the optionee as a long-term capital gain, and any loss sustained will be a long-term capital loss, and (ii) there will be no deduction for the Company for federal income tax purposes. The exercise of an Incentive option will give rise to an item of tax preference that may result in alternative minimum tax liability for the optionee. Under current law, an optionee will not have any additional FICA (Social Security) taxes upon exercise of an Incentive Option.

If shares of common stock acquired upon the exercise of an Incentive Option are disposed of prior to the expiration of the two-year and one-year holding periods described above (a disqualifying disposition), generally (i) the optionee will realize ordinary income in the year of disposition in an amount equal to the excess (if any) of

the fair market value of the shares of common stock at exercise (or, if less, the amount realized on a sale of such shares of common stock) over the option price thereof, and (ii) the Company will be entitled to deduct such amount.

Special rules will apply where all or a portion of the exercise price of the Incentive Option is paid by tendering shares of common stock.

If an Incentive Option is exercised at a time when it no longer qualifies for the tax treatment described above, the option is treated as a Non-Qualified Option. Generally, an Incentive Option will not be eligible for the tax treatment described above if it is exercised more than three months following termination of employment (or one year in the case of termination of employment by reasons of disability). In the case of termination of employment by reason of death, the three month rule does not apply.

Non-Qualified Options. With respect to Non-Qualified Options under the 2009 Plan, no income is realized by the optionee at the time the option is granted. Generally (i) at exercise, ordinary income is realized by the optionee in an amount equal to the difference between the option price and the fair market value of the shares of common stock on the date of exercise, and the Company receives a tax deduction for the same amount, and (ii) at disposition, appreciation or depreciation after the date of exercise is treated as either short-term or long-term capital gain or loss depending on how long the shares of common stock have been held. Special rules will apply where all or a portion of the exercise price of the Non-Qualified Option is paid by tendering shares of common stock. Upon exercise, the optionee will also be subject to FICA taxes on the excess of the fair market value over the exercise price of the option.

Restricted Stock Awards or Restricted Stock Units. The stock awards under the 2009 Plan do not result in federal income tax consequences to either the Company or the award recipient. As a general rule, once the award is vested and the shares subject to the award are distributed, the award recipient will generally be required to include in ordinary income, for the taxable year in which the vesting date occurs, an amount equal to the fair market value of the shares on the vesting date.

Parachute Payments. The vesting of any portion of any option or other award that is accelerated due to the occurrence of a separation from service due to a change of control may cause a portion of the payments with respect to such accelerated awards to be treated as parachute payments as defined in the Code. Any such parachute payments may be non-deductible to the Company, in whole or in part, and may subject the recipient to a non-deductible 20% federal excise tax on all or a portion of such payment (in addition to other taxes ordinarily payable).

Limitation on the Company's Deductions. As a result of Section 162(m) of the code, the Company's deduction for certain awards under the 2009 Plan may be limited to the extent that a Covered Employee receives compensation in excess of \$1,000,000 in such taxable year of the Company (other than performance-based compensation that otherwise meets the requirements of Section 162(m) of the Code).

As a result of the Company's participation in the Capital Purchase Program, the deduction limit for remuneration paid to the senior executive officers (as such terms is defined under the Capital Purchase Program) during any taxable year will be \$500,000 instead of \$1,000,000, and must be computed without regard to the performance-based compensation exceptions of Section 162(m) of the Code.

Vote Required For Approval

If a quorum is present, this proposal will be approved if a majority of the votes cast on the proposal are voted in favor of approval. Proxies solicited by the Board will be voted for approval of the 2009 Plan unless a vote against the proposal or abstention is specifically indicated. This proposal is not conditioned on the approval of any other proposal.

The Board of Directors unanimously recommends a vote **FOR** this proposal.

Proposal IV Advisory Proposal on the Company s Executive Compensation Policies and Procedures.

The American Recovery and Reinvestment Act of 2009, signed into law on February 17, 2009, required participants in the Treasury s Capital Purchase Program to permit a separate, non-binding shareholder vote to approve the compensation of executives, as disclosed pursuant to the compensation disclosure rules of the SEC (including the compensation discussion and analysis, the compensation tables, and any related material).

As a participant in the Capital Purchase Program, the Company is providing you the opportunity to endorse or not endorse the Company s executive pay program and policies by voting on the following resolution:

Resolved, that the shareholders approve the executive compensation philosophy, policies and procedures described in the Compensation Discussion and Analysis, and the application of the Company s compensation philosophy, policies and procedures as reflected in the tabular disclosure regarding named executive officer compensation (together with the accompanying narrative disclosure) in this Proxy Statement.

The Board of Directors believes that the Company s compensation policies and procedures are designed to provide a strong link between each NEO s compensation and the Company s short and long-term performance. The objective of the Company s compensation program is to provide compensation which is competitive, variable based on the Corporation s performance and aligned with the long-term interests of shareholders.

Because your vote is advisory, it will not be binding upon the Board of Directors. However, the Compensation Committee will take into account the outcome of the vote when considering future executive compensation arrangements.

The Board of Directors recommends that shareholders vote **FOR** approval of the advisory (non-binding) proposal on the Company s executive compensation policies and procedures.

forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate.

(j) Death of Optionholder. In the event (a) an Optionholder's Continuous Service terminates as a result of the Optionholder's death, or (b) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the Option upon the Optionholder's death pursuant to Section 6, but only within the period ending on the earlier of (a) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the Option Agreement), or (b) the expiration of the term of such Option as set forth in the Option Agreement. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

Section 7 Provisions of Stock Awards Other Than Options.

7.1 Restricted Stock Award Agreements. Each Restricted Stock Award Agreement shall contain such terms and conditions as the Board shall deem appropriate (including, but not limited to, whether the Participant has the right to vote the Restricted Stock). The terms and conditions of the Restricted Stock Award Agreement may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be identical, but each Restricted Stock Award Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(a) Shares of Stock granted under the Restricted Stock Award Agreement shall be subject to a vesting schedule to be determined by the Board.

(c) The Participant may not transfer Shares of Stock granted prior to the vesting date.

(d) The Participant has no right to receive dividends on the Restricted Stock prior to the vesting date.

7.2 Delivery of Restricted Stock. Unless otherwise held in a trust and registered in the name of the trustee, reasonably promptly after the Grant Date with respect to shares of Restricted Stock, the Company shall cause to be issued a Stock certificate, registered in the name of the Participant to whom the Restricted Stock was granted, evidencing such Shares. Each such Stock certificate shall bear the following legend:

The transferability of this certificate and the shares of stock represented hereby are subject to the restrictions, terms and conditions (including forfeiture provisions and restrictions against transfer) contained in the Bar Harbor Bankshares Equity Incentive Plan of 2009 and agreement entered into between the registered owner of such shares and Bar Harbor Bankshares or its Affiliates. A copy of the Plan and agreement are on file in the office of the Clerk of Bar Harbor Bankshares.

Such legend shall not be removed until the Participant's Shares vest pursuant to the terms of the Plan and agreement. Each certificate issued pursuant to this Section 7.2, in connection with a Restricted Stock Award, shall be held by the Company or its Affiliates, unless the Committee determines otherwise.

7.3 Stock Appreciation Rights. The Committee may grant Stock Appreciation Rights to Participants. Such Stock Appreciation Rights shall be evidenced by agreements in such form as the Committee shall from time to time approve. Such agreements shall comply with, and be subject to, the following terms and conditions:

(a) No Stock Appreciation Right shall be exercisable after the expiration of ten (10) years from the Grant Date.

(b) A Participant shall exercise Stock Appreciation Rights, if at all, by giving written notice of such exercise to the Company. The date upon which such written notice is received by the Company shall be the exercise date for the Stock Appreciation Rights.

(c) Each Stock Appreciation Right shall entitle a Participant to the following amount of appreciation the excess of the Fair Market Value of a Share of Stock on the exercise date over the Fair Market Value of a Share of Stock on the Grant Date. The total appreciation available to a Participant from any exercise of Stock Appreciation Rights shall be equal to the number of Stock Appreciation Rights being exercised, multiplied by the amount of appreciation per Stock Appreciation Right determined under the preceding sentence.

(d) In the discretion of the Committee, the total appreciation available to a Participant from an exercise of Stock Appreciation Rights may be paid to the Participant in the discretion of the Committee in Stock, in cash, with a Company note, or any combination of the foregoing. If paid in cash or with a Company note, the amount thereof shall be the amount of appreciation determined under Section 7.3(c), above. If paid in Stock, the number of Shares of Stock that shall be issued pursuant to the exercise of Stock Appreciation Rights shall be determined by dividing the amount of appreciation determined under Section 7.3(c), above, by the Fair Market Value of a Share of Stock on the exercise date of the Stock Appreciation Rights; provided, however, that no fractional shares shall be issued upon the exercise of Stock Appreciation Rights, unless otherwise approved by the Committee.

(e) Adjustment to the number of Shares in the Plan and the price per Share pursuant to Section 11 below shall also be made to any Stock Appreciation Rights held by each Participant. Any termination, amendment, or revision of the Plan pursuant to Section 12 below shall be deemed a termination, amendment, or revision of Stock Appreciation Rights to the same extent.

(f) A Stock Appreciation Right shall be transferable to the extent provided in the agreement. If the Stock Appreciation Right does not provide for transferability, then the Stock Appreciation Right shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Participant only by the Participant. Notwithstanding the foregoing, the Participant may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Participant, shall thereafter be entitled to exercise the Stock Appreciation Right.

(g) The total number Stock Appreciation Rights may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Stock Appreciation Right may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Committee may deem appropriate. The vesting provisions of individual Stock Appreciation Rights may vary.

(h) In the event a Participant's Continuous Service terminates (other than upon the Participant's death or Disability), the Participant may exercise his or her Stock Appreciation Rights (to the extent such Participant was entitled to exercise such Stock Appreciation Rights as of the date of termination) but only within such period of time ending on the earlier of (a) the date three (3) months following the termination of the Participant's Continuous Service, or (b) the expiration of the term of the Stock Appreciation Rights as set forth in the agreement. If, after termination, the Participant does not exercise his or her Stock Appreciation Rights within the time specified in the agreement, the Stock Appreciation Rights shall terminate.

(i) In the event that a Participant's Continuous Service terminates as a result of the Participant's Disability, the Participant may exercise his or her Stock Appreciation Rights (to the extent such Participant was entitled to exercise such Stock Appreciation Rights as of the date of termination) but only within such period of time ending on the earlier of (a) the date twelve (12) months following the termination of the Participant's Continuous Service, or (b) the expiration of the term of the Stock Appreciation Rights as set forth in the agreement. If, after termination, the Participant does not exercise his or her Stock Appreciation Rights within the time specified in the agreement, the Stock Appreciation Rights shall terminate.

(j) In the event (i) a Participant's Continuous Service terminates as a result of the Participant's death, or (ii) the Participant dies within the period (if any) specified in the agreement after the termination of the Participant's Continuous Service for a reason other than death, then the Stock Appreciation Rights may be exercised (to the extent the Participant was entitled to exercise such Stock Appreciation Rights as of the date of death) by the Participant's estate, by a person who acquired the right to exercise the Stock Appreciation Rights by bequest or inheritance or by a person designated to exercise the Stock Appreciation Rights upon the death of the Participant pursuant to Section 7.3, but only within the period ending on the earlier of (a) the date eighteen (18) months following the date of death (or such longer or shorter period specified in the agreement), or (b) the expiration of the term of such Stock Appreciation Rights as set forth in the agreement. If, after death, the option is not exercised within the time specified herein, the Stock Appreciation Rights shall terminate.

7.4 Restricted Stock Unit Agreements. Each Restricted Stock Unit Agreement shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of the Restricted Stock Unit Agreement may change from time to time, and the terms and conditions of separate Restricted Stock Unit Agreements need not be identical, but each Restricted Stock Unit Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(a) Restricted Stock Units granted under the Restricted Stock Unit Agreement shall be subject to a vesting schedule to be determined by the Board.

(b) In the event a Participant's Continuous Service terminates before the Restricted Stock Units granted under the Restricted Stock Unit Agreement vest, the unvested units shall be forfeited by the Participant without consideration.

(c) The Participant may not transfer Restricted Stock Units granted prior to the vesting date.

(d) Upon vesting, the Shares of Stock covered by the Restricted Stock Units will be transferred to the Participant as soon as administratively feasible but in no event later than 2 1/2 months following the close of the year during which the units vest in accordance with Section 409A of the Code.

Section 8 Covenants of the Company. During the term of the Stock Awards, the Company shall keep available at all times the number of Shares of Stock required to satisfy such Stock Awards.

Section 9 Use of Proceeds from Stock. Proceeds from the sale of Stock pursuant to Stock Awards shall constitute general funds of the Company.

Section 10 Miscellaneous.

10.1 Stockholder Rights. Unless otherwise provided in a Restricted Stock Award Agreement or Restricted Stock Purchase Agreement, no Participant shall be deemed to be the holder of, or to have any rights of a holder with respect to, any Shares of Stock subject to such Stock Award unless and until such Participant has satisfied all requirements for exercise of the Stock Award pursuant to its terms as determined by the Committee.

10.2 No Employment or Other Service Rights. Nothing in the Plan or any instrument executed or Stock Award or Stock Appreciation Right granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company in the capacity in effect at the time the Stock Award or Stock Appreciation Right was granted or shall affect the right of the Company to terminate (i) the employment of an Employee with or without notice and with or without cause, or (ii) the service of a Director pursuant to the bylaws of the Company and applicable provisions of the Maine Business Corporation Act, as amended from time to time.

10.3 Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined as of the Grant Date) of Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof which exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options.

10.4 Withholding Obligations. To the extent provided by the terms of a Stock Award Agreement or Stock Appreciation Right agreement, the Participant may, in the discretion of the Committee, satisfy any federal, state, or local tax withholding obligation relating to the exercise or acquisition of Stock under a Stock Award or the exercise or acquisition of cash and/or Stock under a Stock Appreciation Right by any one of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash payment; (ii) authorizing the Company to withhold cash from the cash otherwise payable to the Participant as a result of the exercise of a Stock Appreciation Right, or (iii) delivering to the Company owned and unencumbered Shares of Stock.

Section 11 Adjustments Upon Changes in Stock.

11.1 Capitalization Adjustments. If any change is made in, or other event occurs with respect to, the Stock subject to the Plan, or subject to any Stock Award, without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company), the Plan will be appropriately adjusted in the maximum number of Shares subject to the Plan pursuant to Section 4, and the outstanding Stock Awards will be appropriately adjusted in the number of Shares and price per Share of Stock subject to such outstanding Stock Awards. The Committee shall make such adjustments, and its determination shall be final, binding and conclusive.

11.2 Dissolution or Liquidation. In the event of a dissolution or liquidation of the Company, other than a Change in Control, then all outstanding Stock Awards and Stock Appreciation Rights shall terminate immediately prior to the completion of such liquidation or dissolution.

11.3 Other Transactions. In the event of a Change in Control or a merger, consolidation or similar transaction where the Company is the surviving corporation but the shares of the Company are converted or exchanged into other property by virtue of the transaction (each of the foregoing referred to as a Transaction), any surviving corporation or acquiring corporation shall assume any and all Stock Awards and Stock Appreciation Rights outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan and similar stock appreciation rights for Stock Appreciation Rights under the Plan (it being understood that similar stock awards and stock appreciation rights include awards to acquire the same consideration paid to the stockholders or the Company, as the case may be, pursuant to the Transaction). In the event the Company separates the Participant's service other than as a result of Disability and other than for Cause, or the Participant separates his/her service for Good Reason; and the Participant's separation from service occurs in anticipation of or after a Change in Control, the vesting of Stock Awards and Stock Appreciation Rights (and, if applicable, the time during which Stock Awards and Stock Appreciation Rights may be exercised) shall be accelerated in full to a date prior to the consummation of the Change In Control as the Committee shall determine (or, if the Committee shall not determine such a date, to the date that is five (5) days prior to the consummation of the Change in Control). The Participant's separation from service shall be deemed to be in anticipation of a Change in Control if it occurs within the twelve (12) month period prior to the occurrence of the Change in Control.

Section 12 Amendment of the Plan and Stock Awards and Stock Appreciation Rights.

12.1 Amendment of the Plan. The Committee at any time, and from time to time, may amend the Plan. However, except as provided in Section 11 relating to adjustments upon changes in stock, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code or applicable stock exchange listing requirements.

12.2 Stockholder Approval. The Committee may, in its sole discretion, submit any other amendment to the Plan for stockholder approval.

12.3 Contemplated Amendments. It is expressly contemplated that the Committee may amend the Plan in any respect the Committee deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

12.4 No Impairment of Rights. Rights under any Stock Award and Stock Appreciation Right granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing.

12.5 Amendment of Stock Awards and Stock Appreciation Rights. The Committee at any time, and from time to time, may amend the terms of any one or more Stock Awards and/or Stock Appreciation Rights, provided, however, that the rights under any Stock Award and/or Stock Appreciation Right shall not be impaired by any such amendment unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing. Except in connection with a corporate transaction involving the Company (including, without limitation, any stock dividend, stock split, extraordinary cash dividend, recapitalization, reorganization, merger, consolidation, split-up, spin-off, combination, or exchange of shares), the terms of outstanding Options and/or Stock Appreciation Rights may not be amended to reduce the exercise price of outstanding Options and/or Stock Appreciation Rights or cancel outstanding Options and/or Stock Appreciation Rights in exchange for cash, other awards or Options and/or Stock Appreciation Rights with an exercise price that is less than the exercise price of the original Options and/or Stock Appreciation Rights without stockholder approval.

Section 13 Termination or Suspension of the Plan. The Committee may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on the day before the tenth (10th) anniversary of the date the Plan is adopted by the Board or approved by the stockholders of the Company, whichever is earlier. No Stock Awards or Stock Appreciation rights may be granted under the Plan while the Plan is suspended or after it is terminated. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award or Stock Appreciation Right granted while the Plan is in effect except with the written consent of the Participant.

Section 14 Effective Date of the Plan. The Plan shall become effective as determined by the Board, but no Stock Award shall be exercised (or, in the case of a stock bonus or Stock Appreciation Right, shall be granted) unless and until the Plan has been approved by the stockholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board.

Section 15 Fractional Shares. No fractional Shares shall be issued and the Committee shall determine, in its discretion, whether cash shall be given in lieu of fractional Shares or whether such fractional Shares shall be eliminated by rounding up or down.

Section 16 Government and Other Regulations.

(a) Notwithstanding any other provision of the Plan, no Participant who acquires Shares pursuant to the Plan may, during any period of time that such Participant is an affiliate of the Company (within the meaning of the rules and regulations of the Securities and Exchange Commission under the 1933 Act), sell such Shares, unless such offer and sale is made (i) pursuant to an effective registration statement under the 1933 Act, which is current and includes the Shares to be sold, or (ii) pursuant to an appropriate exemption from the registration requirement of the 1933 Act, such as that set forth in Rule 144 promulgated under the 1933 Act.

(b) Notwithstanding any other provision of the Plan, if at any time the Committee shall determine that the registration, listing or qualification of the Shares covered by a Stock Award upon any Exchange or under any federal, state or local law or practice, or the consent or approval of any governmental regulatory body, is necessary or desirable as a condition of, or in connection with, the granting of such Stock Award or the purchase or receipt of Shares thereunder, no Shares may be purchased, delivered or received pursuant to such Stock Award unless and until such registration, listing, qualification, consent or approval shall have been effected or obtained free of any condition not acceptable to the Committee. Any Participant receiving or purchasing Shares pursuant to a Stock Award or Stock Appreciation Right shall make such representations and agreements and furnish such information as the Committee may request to assure compliance with the foregoing or any other applicable legal requirements. The Company shall not be required to issue or deliver any certificate or certificates for Shares under the Plan prior to the Committee's determination that all related requirements have been fulfilled. The Company shall in no event be obligated to register any securities pursuant to the 1933 Act or applicable state law or to take any other action in order to cause the issuance and delivery of such certificates to comply with any such law, regulation or requirement.

Section 17 Indemnification. To the extent allowable under applicable law, each member of the Committee shall be indemnified and held harmless by the Company from any loss, cost, liability or expense that may be imposed upon or reasonably incurred by such member in connection with or resulting from any claim, action, suit or proceeding to which such member may be a party or in which he or she may be involved by reason of any action or failure to act under the Plan and against and from any and all amounts paid by such member in satisfaction of judgment in such action, suit or proceeding against him or her provided he or she gives the Company an opportunity, at its own expense, to handle and defend the same before he or she undertakes to handle and defend it on his or her own behalf. The foregoing right of indemnification shall not be exclusive of any other rights of indemnification to which such persons may be entitled under the Company's Articles of Incorporation or Bylaws, as a matter of law, or otherwise, or any power that the Company may have to indemnify them or hold them harmless.

Section 18 No Limitations on Company Rights. The grant of any Stock Award or Stock Appreciation Right shall not in any way affect the right or power of the Company to make adjustments, reclassifications or changes in its capital or business structure or to merge, consolidate, dissolve, liquidate, sell or transfer all or any part of its business or assets. The Plan shall not restrict the authority of the Company, for proper corporate purposes, to draft or assume Stock Awards or Stock Appreciation Rights, other than under the Plan, to or with respect to any person. If the Committee so directs, the Company may issue or transfer Shares to an Affiliate, for such lawful consideration as the Committee may specify, upon the condition or understanding that the Affiliate will transfer such Shares to a Participant in accordance with the terms of a Stock Award or Stock Appreciation Right granted to such Participant and specified by the Committee pursuant to the provisions of the Plan.

Section 19 Choice of Law. The laws of the State of Maine shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to conflicts of laws rules.

Section 20 Section 409A Compliance. This Plan is intended to comply with the provisions of Section 409A of the Code.

THIS PLAN is adopted by action of the Board of Directors at a meeting held on March 17, 2009.
