PROXY STATEMENT

Your proxy is solicited by the Board of Directors of the Company for use at the Annual Meeting (the "Meeting") of Stockholders to be held on Thursday, August 8, 2002, or any adjournment or adjournments thereof, for the purposes set forth in the attached Notice of Meeting. This Proxy Statement and form of proxy are being mailed to stockholders on or about June 28, 2002.

Any stockholder giving a proxy may revoke it at any time prior to its use at the Meeting by giving written notice of revocation to the Secretary of the Company; mere attendance at the Meeting, without such notice, will not revoke the proxy. Properly executed proxies will be voted in the manner directed by a stockholder and, if no direction is made, will be voted for the election of each of the seven nominees for election as directors and in favor of the ratification of the appointment of BDO Seidman, LLP as the Company's independent auditors for the fiscal year ending March 31, 2003.

The Board of Directors does not intend to present at the Meeting any matters other than those set forth in this Proxy Statement, nor does the Board of Directors know of any other matters which may come before the Meeting. However, if any other matters properly come before the Meeting, it is the intention of the persons named in the enclosed proxy to vote it in accordance with their judgment.

As of June 21, 2002, the record date fixed for the determination of stockholders entitled to notice of and to vote at the Meeting, there were outstanding 179,543,109 shares of the Company's common stock, par value \$.10 per share (the "Common Stock") which is the only outstanding class of voting securities of the Company. Each outstanding share of Common Stock is entitled to one vote on each matter to be voted upon.

The Company's bylaws provide that stockholders holding a majority of the outstanding shares of Common Stock shall constitute a quorum at meetings of the stockholders. Shares represented in person or by proxy as to any matter will be counted toward the fulfillment of a quorum. The affirmative vote of a plurality of the votes cast in person or by proxy is necessary for the election of directors. The affirmative vote of a majority of the shares of Common Stock present in person or by proxy is necessary for the approval of Proposal 2.

Votes at the Meeting will be tabulated by two independent inspectors of election appointed by the Company or the Company's transfer agent. As the affirmative vote of a plurality of votes cast is required for the election of directors, abstentions and "broker non-votes" will have no effect on the outcome of such election. As the affirmative vote of a majority of shares of Common Stock present in person or represented by proxy is necessary for the approval of

Edgar Filing: FOREST LABORATORIES INC - Form DEF 14A

Proposal 2, an abstention will have the same effect as a negative vote, but "broker non-votes" will have no effect on the outcome of the vote.

Brokers holding shares for beneficial owners must vote those shares according to the specific instructions they receive from beneficial owners. If specific instructions are not received, brokers may vote those shares in their discretion, depending on the type of proposal involved. The Company believes that, in accordance with New York Stock Exchange rules applicable to such voting by brokers, brokers will have discretionary authority to vote with respect to any shares as to which no instructions are received from beneficial owners with respect to the election of directors and Proposal 2. Shares as to which brokers have not exercised such discretionary authority or received instructions from beneficial owners are considered "broker non-votes."

Only stockholders of record at the close of business on June 21, 2002 will be entitled to vote at the Meeting or any adjournment or adjournments thereof.

1

IT IS DESIRABLE THAT AS LARGE A PROPORTION AS POSSIBLE OF THE STOCKHOLDERS' INTERESTS BE REPRESENTED AT THE MEETING. THEREFORE, EVEN IF YOU INTEND TO BE PRESENT AT THE MEETING, YOU ARE REQUESTED TO SIGN AND RETURN THE ENCLOSED PROXY TO INSURE THAT YOUR STOCK WILL BE REPRESENTED. IF YOU ARE PRESENT AT THE MEETING AND DESIRE TO DO SO, YOU MAY WITHDRAW YOUR PROXY AND VOTE IN PERSON BY GIVING WRITTEN NOTICE TO THE SECRETARY OF THE COMPANY. PLEASE RETURN YOUR EXECUTED PROXY PROMPTLY.

BENEFITS AGREEMENTS

On December 1, 1989 the Board of Directors adopted a policy of granting certain medical insurance benefits to senior corporate executive officers and their spouses upon the completion of 10 years of service by such senior officers. The benefit would be provided to such executives and their spouses for their lifetimes following the termination of such executive's employment with the Company, and would be equivalent to the medical insurance benefits provided to such executives as of the date of their termination or as of December 1, 1989, if more favorable. The benefit need not be provided to the extent and for any time that the executive obtained comparable insurance from a subsequent employer. The Company has entered into formal written benefits agreements with each of Messrs. Solomon, Goodman and Satow (who retired in December 1998) granting the 10 year service benefit.

Effective March 31, 1994, the Company entered into "split dollar" life insurance benefit agreements with each of Messrs. Solomon, Satow and Goodman. Each of these agreements provides that the Company will pay the premiums on a life insurance policy owned by and for the benefit of the executive. Upon the death of the executive (or other realization by the executive upon the principal amount of the policy), proceeds of the life insurance policy will be applied to repay the Company for all premiums paid on behalf of the executive. The Company is obligated to continue to pay premiums under these agreements until the covered life insurance policies are paid in full, notwithstanding the termination of the executive's employment with the Company. The Company is further obligated to pay all such premiums in a lump sum in the event the Company undergoes a "change in control."

The Company has entered into employment agreements with several key employees, including each of Messrs. Solomon, Goodman, Eggers, Dr. Olanoff and Ms. Hochberg. Each of these agreements becomes effective only upon the occurrence of a "change in control" and provides that the executive is entitled to salary, bonus and benefits for a three year period following a "change in control" of the Company if the executive's employment terminates during such

Edgar Filing: FOREST LABORATORIES INC - Form DEF 14A

period without cause or for good reason. Subject to certain exceptions, a "change in control" is (i) an acquisition of 20% or more of the Common Stock or voting securities of the Company by a person or group not acquiring their shares directly from the Company, (ii) a change in the majority of the current Board of Directors or their designated successors not consented to by such current Board of Directors or designated successors, and (iii) a liquidation or dissolution of the Company or merger, consolidation or sale of all or substantially all of the Company's assets which involves a greater than 50% change in the shareholders of the Company or the replacement of a majority of the current Board of Directors or their designated successors.

STOCK OPTIONS

The Company's 1994 Employee Stock Option Plan and the 1998 and 2000 Stock Option Plans (the "Plans") provide that options may be granted to employees, including executive officers, to purchase shares of Common Stock at a price per share fixed by the Board of Directors, provided that, in the case of Incentive Stock Options ("ISO's"), as defined by Section 422 of the Internal Revenue Code of 1986 (the "Code"), such price may not be less than fair market value on the date of the option grant. All employees of the Company and its subsidiaries are eligible to receive options under the Plans.

The Plans provide that the Board of Directors may determine the employees to whom options are to be granted and the number of shares subject to each option. The purchase price for shares must be paid in cash or by the tender of shares of Common Stock having a fair market value, as determined by the Board, equal to the option exercise price.

The non-employee directors of the Company participate in the 1998 and, once there are insufficient shares available for grant under that Plan, the 2000 Stock Option Plan (the "1998 and 2000 Plans"). Under the 1998 and 2000 Plans, an initial grant of options covering 14,000 shares of Common Stock is automatically granted to persons who become non-employee directors of the Company. Twenty five percent of the foregoing options become exercisable on the date of grant and on each anniversary of such date until all such options are exercisable.

The 1998 and 2000 Plans further provide for the automatic annual grant to each of the Company's non-employee directors of options to purchase 2,000 shares of Common Stock on the date of their annual election or reelection by the Company's stockholders. Each such option grant is at an exercise price equal to the average price of the Common Stock on the New York Stock Exchange on the date of grant and become exercisable six months after the date of option grant. All options granted under the 1998 and 2000 Plans to non-employee directors have a term of 10 years from the date of grant (but in no event more than three months following the optionee's ceasing to serve as a member of the Company's Board of Directors).

DIRECTORS' COMPENSATION

In addition to automatic annual option grants under the 1998 and 2000 Plans, each non-employee director of the Company received \$30,000 for his services as director during the fiscal year ended March 31, 2002, except for Mr. Candee who received \$35,000 for his services as director and the Company's Secretary and Chairman of the Audit Committee.

Edgar Filing: FOREST LABORATORIES INC - Form DEF 14A

COMMITTEES; BOARD MEETINGS

For the fiscal year ended March 31, 2002, the Audit Committee consisted of William J. Candee, III (the Chairman), Dan L. Goldwasser and Phillip M. Satow. Messrs. Candee and Goldwasser have been determined by the Board of Directors to be independent (as independence is defined under the New York Stock Exchange ("NYSE") listing standards). Mr. Satow was appointed as a member of the Audit Committee effective June 1, 2001. When he was appointed, Mr. Satow did not qualify as independent under the NYSE listing rules because he had served as Executive Vice President of the Company within three (3) years of the date of his appointment. However, since December 2001, Mr. Satow has qualified as independent in accordance with the NYSE standards.

The Audit Committee's primary responsibilities are to: (i) oversee the Company's financial reporting principles and policies and internal control systems, including review of the Company's quarterly and annual financial statements; (ii) review and monitor the performance and independence of the Company's independent auditors and the performance of the internal auditing department; (iii) provide an open avenue of communication among the independent auditors, financial and senior management, the internal auditing department and the Board; and (iv) select (subject to shareholder ratification), evaluate, and where appropriate, replace the Company's independent auditors. The Audit Committee held seven meetings during fiscal 2002.

The Company has a Compensation and Stock Option Committee composed of Messrs. Candee, Cohan, Goldwasser and Dr. Salans, each of whom is a non-employee director of the Company. During the fiscal year ended March 31, 2002, the Compensation Committee met on one occasion to make recommendations concerning salary and bonus for the Company's executive officers for the 2002 year and to make recommendations as to the grant of stock options to such executive officers.

The Company does not have a nominating committee.

The Board of Directors of the Company held four meetings during the fiscal year ended March 31, 2002 and no incumbent director attended fewer than 75% of the aggregate of such meetings and the number of meetings of each Committee of which he is a member.

AUDIT COMMITTEE REPORT

For the fiscal year ended March 31, 2002, the Audit Committee consisted of William J. Candee, III (the Chairman), Dan L. Goldwasser and Phillip M. Satow. Messrs. Candee and Goldwasser have been determined by the Board of Directors to be independent (as independence is defined under the New York Stock Exchange listing standards). Mr. Satow was appointed as a member of the Audit Committee effective June 1, 2001 and as of December 2001, Mr. Satow has qualified as independent in accordance with the NYSE standards. The Committee operates under a written charter adopted by the Board of Directors, a copy of which was attached as Appendix A to the Proxy Statement filed with the SEC on June 28, 2001 in connection with the 2001 Annual Meeting.

The Committee recommends to the Board of Directors, subject to shareholder ratification, the selection of the Company's independent auditors. Management

is responsible for the Company's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. The Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has met and held discussions with management and BDO Seidman, LLP, the independent auditing firm for the Company. Management represented that the consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States of America. The Committee reviewed and discussed the audited consolidated financial statements with management and BDO Seidman, LLP. The Committee discussed with BDO Seidman, LLP matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees). BDO Seidman, LLP also provided the Committee with the written disclosures required by Independence Standard Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with BDO Seidman, LLP that firm's independence.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, which recommendation has been adopted by the Board of Directors, that the audited financial statements be included or incorporated by reference in the Annual Report on Form 10-K for the fiscal year ended March 31, 2002 for filing with the Securities and Exchange Commission.

REPORT ON EXECUTIVE COMPENSATION BY THE BOARD OF DIRECTORS AND THE COMPENSATION COMMITTEE

COMPENSATION POLICY

The Company's Board of Directors (the "Board") is responsible for setting and administering the policies which govern annual executive salaries, raises and bonuses and the award of stock options (in the case of options to be granted under the Company's Employee Stock Option Plans, the Board's role is limited to the recommendation of awards to the Company's Stock Option Committee). The Board is currently composed of seven members, five of whom are non-employee directors and two of whom, Messrs. Solomon and Goodman, are, respectively, the Chairman and Chief Executive Officer, and President and Chief Operating Officer, of the Company. In addition, four of the non-employee directors, Messrs. Goldwasser, Candee, Cohan and Dr. Salans, serve as a Compensation Committee and Stock Option Committee which recommends salary increases and bonuses to the Board and administers the granting of options under the Company's Stock Option Plans, including the award of options to the Company's executive officers.

Edgar Filing: FOREST LABORATORIES INC - Form DEF 14A

The policy of the Board is to provide compensation to the Chief Executive Officer and the Company's other executive officers reflecting the contribution of such executives to the Company's growth in sales and earnings, the implementation of strategic plans consistent with the long-term growth objectives of the Company and the enhancement of shareholder value as reflected in the growth of the Company's market capitalization. Contributions to specific Company objectives, including the development and acquisition of new product opportunities, the progress of clinical and other studies and development activities required to bring new ethical pharmaceutical products to market and the successful marketing of the Company's principal products are evaluated in setting compensation policy. Executive compensation decisions have traditionally been made on a calendar year basis.

Long-term incentive compensation policy consists exclusively of the award of stock options under the Company's Stock Option Plans and individual option grants, which serve to identify the reward for executive performance with increases in value created for shareholders.

COMPANY PERFORMANCE AND CEO COMPENSATION

Executive compensation for the fiscal year ended March 31, 2002 consisted of base salary, an annual bonus and the award of stock options by the Stock Option Committee as indicated at "Options Granted in Fiscal 2002." The Board met in December 2001 to review executive compensation for the calendar year commencing January 1, 2002. The Board reviewed data relating to the large increase in revenues for the 2002 fiscal year, due primarily to the growth of Celexa (Trade Mark) (citalopram HBr), the Company's selective serotonin reuptake inhibitor for the treatment of depression, the continued expansion of the Company's scientific and licensing functions to provide a platform for future growth, the continued expansion of the Company's salesforces, including the addition of 600 representatives and managers to handle the launch of Lexapro (Trade Mark) (escitalopram oxalate), a single isomer of citalopram, and Benicar (Trade Mark) , an angiotensin receptor blocker for the treatment of hypertension being co-marketed with Sankyo Pharma, a survey of compensation of biopharmaceutical executives prepared by an executive compensation consulting firm, the recent history of compensation granted by the Board to the Company's highest paid executive officers, the compensation policy of the Board and the rules of the SEC with respect to disclosure of the compensation and compensation policies applicable to executive officers of the Company.

The Compensation Committee and the Board specifically noted the following achievements as being the key factors in determining executive compensation: the large increase in revenues and earnings for the fiscal year attained by the increase in sales of Celexa, the expansion of the Company's scientific and licensing functions and the continued expansion of the Company's salesforces.

The Compensation Committee and the Board considered several key factors in determining the executive compensation of the highest paid officers, including, the accomplishment of strategic objectives during the past year described above, and the fact that the compensation of the Company's executive

officers was below compensation paid to officers in other pharmaceutical companies, based on a survey and report prepared by an executive compensation consulting firm. Accordingly, the Board approved an increase in base compensation and granted bonus and stock options for the Company's senior executive officers, including the Chief Executive Officer.

Edgar Filing: FOREST LABORATORIES INC - Form DEF 14A

During fiscal 2002, the Stock Option Committee awarded stock options to Howard Solomon, Chairman and Chief Executive Officer, Kenneth E. Goodman, President and Chief Operating Officer, Dr. Lawrence S. Olanoff, Executive Vice President-Scientific Affairs, Elaine Hochberg, Senior Vice President-Marketing and John E. Eggers, Vice President-Finance and Chief Financial Officer as set forth in the table set forth at "Options Granted in Fiscal 2002" in the amount set forth therein. The Stock Option Committee resolved to continue the Company's long-standing policy of utilizing the award of stock options (which provide value to the executive over time as growth in the market price of the Company's shares reflects the successful achievement of the Company's business objectives) to identify the success of the Company's executives with the growth in equity value to the Company's shareholders. The size of the award made was determined based upon such officer's contribution to the achievement of the performance objectives described above and the Committee's view of an appropriate equity position to be maintained by the Company's executive officers in light of the Company's market capitalization. Each of these factors was equally considered.
