Stockholders Entitled to Vote

The Company has only one class of voting securities outstanding, its common stock, par value \$0.001 per share (the “Common Stock”). All stockholders of record at the close of business on September 28, 2007 are entitled to vote at the meeting. 1

Table of Contents

If you are not the record holder of your shares (i.e., they are held in “street” name by a broker, bank or other nominee), you will receive instructions from the record holder asking you how you wish to vote. Telephone and Internet voting will be offered by most brokers and banks. Please refer to the proxy card and other information provided by the record holder to see which voting options are available to you. If you wish to vote your shares in person at the meeting, you must first obtain a proxy issued in your name from the record holder.

Voting of Proxies

All valid proxies received prior to the meeting will be voted in accordance with the instructions specified by the stockholder. If a proxy card is returned without instructions, the persons named as proxy holders on your proxy card will vote in accordance with the recommendations of the Board of Directors, which are as follows:

- FOR election of the nominated directors (Proposal 1); and
- FOR ratification of Ernst & Young LLP, as independent registered public accounting firm of the Company (Proposal 2).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

Changing Your Vote

A proxy may be revoked at any time prior to its being voted by delivering written notice to the Secretary of the Company, by delivering a properly executed later-dated proxy (including by telephone or over the Internet), or by voting in person at the meeting.

Quorum

The presence, in person or by proxy, of the stockholders of a majority of the shares entitled to vote at the meeting constitutes a quorum for the transaction of business.

Vote Required

Assuming a quorum is present, directors will be elected by a plurality of the votes cast in person or by proxy at the meeting.

The proposal to ratify the appointment of Ernst & Young LLP, as independent registered public accounting firm of the Company requires the affirmative vote of a majority of the votes cast in person or by proxy at the meeting.

Effect of Abstentions

If you vote “abstain” (rather than vote “for” or “against”) with respect to a proposal, your shares will count as present for purposes of determining whether a quorum is present but will have the effect of a negative vote on matters other than the election of directors.

Effect of Broker Non-Votes

If any broker non-votes occur at the meeting with respect to your shares, the broker non-votes will count for purposes of determining whether a quorum is present but not for purposes of determining the number of votes cast with respect to a particular proposal. A broker non-vote occurs when a broker or

nominee holding shares for a beneficial owner does not vote on a particular proposal because the broker or nominee does not have discretionary voting power on that item and has not received instructions from the owner. Brokers have discretionary voting power under the rules governing brokers to vote without instructions from the beneficial owner on certain “routine” items such as the election of directors and the ratification of the appointment of the independent registered public accounting firm (Proposals 1 and 2) and, accordingly, your shares may be voted by your broker on Proposals 1 and 2.

Richard E. Caruso	Brian T. Maloney	Richard E. Caruso
Brian T. Maloney	Jack A. Shaw	Jack A. Shaw
C. J. Waylan	C. J. Waylan	C. J. Waylan

Audit Committee. The Audit Committee reviews, acts on, and reports to the Board of Directors with respect to various auditing and accounting matters, including the selection of the Company’s independent registered public accounting firm, the scope of the annual audits, the fees to be paid to the independent registered public accounting firm, the performance of the Company’s independent registered public accounting firm and the accounting practices of the Company. The Audit Committee also serves as the Board of Directors’ Qualified Legal Compliance Committee within the meaning of Section 307 of the Sarbanes-Oxley Act of 2002 (the ‘‘Sarbanes-Oxley Act’’). The Board of Directors has determined that Mr. Hutcherson is qualified as an ‘‘audit committee financial expert’’ as defined in Item 407(d)(5)(ii) of Regulation S-K. The Audit Committee held ten meetings during fiscal 2007.

Table of Contents

Compensation Committee. The Compensation Committee of the Board of Directors determines the salaries and incentive compensation of the executive officers and directors of the Company. The Compensation Committee also

administers various incentive compensation, and stock and benefit plans, including awards to directors. The Compensation Committee held three meetings during fiscal 2007.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee is responsible for searching for, and recommending to, the Board of Directors potential nominees for director positions, making recommendations to the Board of Directors regarding the size and composition of the Board of Directors and its committees, monitoring the Board of Directors' effectiveness and developing and implementing the Company's corporate governance procedures and policies. The Nominating and Corporate Governance Committee held three meetings during fiscal 2007.

In selecting candidates for the Board of Directors, the Nominating and Corporate Governance Committee begins by determining whether the incumbent directors whose terms expire at the annual meeting of stockholders desire and are qualified to continue their service on the Board of Directors. The Board of Directors is of the view that the continuing service of qualified incumbents promotes stability and continuity in the boardroom, giving the Company the benefit of the familiarity and insight into the Company's affairs that its directors have accumulated during their tenure, while contributing to the Board of Directors' ability to work as a collective body. Accordingly, it is the policy of the Nominating and Corporate Governance Committee, absent special circumstances, to nominate qualified incumbent directors who continue to satisfy the Nominating and Corporate Governance Committee's criteria for membership on the Board of Directors and whom the Nominating and Corporate Governance Committee believes will continue to make important contributions to the Board of Directors and who consent to stand for re-election and, if re-elected, to continue their service on the Board of Directors.

If there are positions on the Board of Directors for which the Nominating and Corporate Governance Committee will not be re-nominating an incumbent director, or if there is a vacancy on the Board of Directors, the Nominating and Corporate Governance Committee will solicit recommendations for nominees from persons whom the Nominating and Corporate Governance Committee believes are likely to be familiar with qualified candidates, including members of the Board of Directors and senior management of the Company. The Nominating and Corporate Governance Committee may also engage a search firm to assist in the identification of qualified candidates.

The Nominating and Corporate Governance Committee will review and evaluate each candidate whom it believes merits serious consideration, taking into account all available information concerning the candidate, the existing composition and mix of talent and expertise on the Board of Directors and other factors that it deems relevant. In conducting its review and evaluation, the Nominating and Corporate Governance Committee may solicit the views of management and other members of the Board of Directors and may, if deemed helpful, conduct interviews of proposed candidates. The Nominating and Corporate Governance Committee requires that all candidates for the Board of Directors be of the highest personal and professional integrity and have demonstrated exceptional ability and judgment. The Nominating and Corporate Governance Committee will consider whether such candidate will be effective, in conjunction with the other members of the Board of Directors, in collectively serving the long-term interests of the Company's stockholders. In addition, the Nominating and Corporate Governance Committee requires that all candidates have no interests that materially conflict with those of the Company and its stockholders, have meaningful management, advisory or policy making experience, have a general appreciation of the major business issues facing the Company and have adequate time to devote to service on the Board of Directors. The Company also requires that a majority of its directors be independent, that at least three of the directors have the financial literacy necessary for service on the

Audit Committee and that at least one of these directors qualifies as an audit committee financial expert in accordance with rules promulgated by the Securities and Exchange Commission (the "SEC") and NASDAQ.

The Nominating and Corporate Governance Committee will consider stockholder recommendations for candidates for the Board of Directors if such recommendations are received in writing by the Nominating and Corporate Governance Committee by the due date for stockholder proposals as indicated in the Company's proxy statement for the previous fiscal year. Such candidates will be considered using the same criteria as for other candidates, except that the Nominating and Corporate Governance Committee may consider, as one of the factors in its evaluation of stockholder recommended candidates, the size and duration of the interest of the recommending stockholder or stockholder group in the equity of the Company. A stockholder seeking to recommend a prospective nominee for the Nominating and Corporate Governance Committee's consideration should submit the candidate's name and qualifications in writing to the Nominating and Corporate Governance Committee at the following address: Globecomm Systems Inc., 45 Oser Avenue, Hauppauge, NY 11788, Attention: Nominating and Corporate Governance Committee.

Special and Other Committees. In fiscal 2007, the Board of Directors deemed it important and in the best interest of the Company to form various special committees and independent committees to consider certain proposed transactions or business arrangements between the Company and other parties.

Committee Charters. The Company's Board of Directors has adopted charters for the Audit, Compensation and Nominating and Corporate Governance Committees. Each committee reviews its charter for adequacy on an annual basis. These charters are available on the Company's website at www.globecommsystems.com under Governance. To access, choose the Investor tab, then select Governance from the drop down list under General Information.

Compensation Committee Interlocks and Insider Participation. None of the individuals on the Compensation Committee has ever been an officer or employee of the Company nor have they had any relationship with the Company that requires disclosure in this Proxy Statement.

Communications with the Board of Directors. Stockholders and other interested parties may communicate with the Board of Directors, the non-management directors as a group, any committee of the Board of Directors or any individual member of the Board of Directors, including the Chairperson of the Nominating and Corporate Governance Committee, by either writing the Company's Corporate Secretary at 45 Oser Avenue, Hauppauge, New York 11788 or electronically mailing the Company's Corporate Secretary at pjohnson@globecommsystems.com. All communications will be reviewed by the Company's Corporate Secretary, who will then forward such communications or a summary thereof to the appropriate director(s). Any communication related to accounting, internal controls or auditing matters will be brought promptly to the attention of the Chairperson of the Audit Committee.

Attendance at Board of Director and Committee Meetings. During fiscal 2007, the Board of Directors held five regular meetings and one meeting of the independent directors. Directors are expected to attend all scheduled Board of Director and committee meetings and in no event less than 75% of such meetings annually. All directors attended 75% or more of the (i) meetings of the Board of Directors and (ii) meetings of the Board of Director committees on which they served. The independent directors are required to have at least one regularly scheduled meeting a year without management present; they had one meeting. All of the directors attended the Company's 2006 annual meeting of stockholders.

Code of Ethics and Business Conduct. The Company has adopted a Code of Ethics and Business Conduct, which applies to all employees of the Company, including its principal executive officer, principal

financial officer and controller. A copy of the Code of Ethics and Business Conduct is available on the Company's website at www.globecommsystems.com under the Investor tab; select General Information from the drop down list and then choose Governance.

During fiscal 2007, Messrs. As plan administrator of the 2006 Plan, the Compensation Committee may, in its discretion, grant options from time to time to non-employee members of the Board of Directors under the discretionary option grant component of the 2006 Plan, in addition to the automatic option grants provided in the 2006 Plan. Named Executive Officers

Messrs. Hershberg, Miller, Melfi, Johnson and Yablonski constitute the Company's Named Executive Officers.

Oversight and Objectives of the Executive Compensation Program

As stated in the Compensation Committee's charter, its purpose is (i) to assist the Board of Directors in carrying out its responsibilities regarding compensation of the Company's executive officers and directors, (ii) to evaluate the performance of the Company's executive officers and (iii) to administer the Company's stock and incentive compensation plans and recommend changes in such plans, as needed, to the Board of Directors.

Table of Contents

The Compensation Committee has the authority to retain compensation consultants, outside counsel and/or other advisors to provide independent advice and assistance in connection with the execution of its responsibilities. It also has the authority to obtain advice and assistance from internal and external legal, human resource or other advisors. For the last several years, the Compensation Committee has utilized the Radford Executive Survey Report (the "Radford Survey") to assist in the evaluation of Globecomm's executive compensation program and to help determine the compensation to be paid to executives. The Compensation Committee works directly with our Vice President of Human Resources on the compensation program and receives recommendations from the Chief Executive Officer on compensation for other executive officers.

The objectives of our executive compensation program are to attract and retain executive talent, to foster excellent performance by executives whose contributions drive the success of the Company and to create value for shareholders. Our program is structured to provide a compensation package that pays better than the market median for superior performance, that offers rewards to executives based on Company and individual performance, and that aligns the interests of management and stockholders through incentives that encourage annual and long-term results.

Globecomm currently has six executive officers (Messrs. Hershberg, Miller, Melfi, Johnson, Yablonski and Eterno), and these individuals have a broad array of responsibilities and authority within the Company. The five individuals (Messrs. Hershberg, Miller, Melfi, Johnson and Yablonski) identified in the Summary Compensation Table below, including the Chief Executive Officer and the Chief Financial Officer, are collectively referred to in this Proxy Statement as the "Named Executive Officers."

Benchmarking

For fiscal year 2007, the Compensation Committee reviewed the Radford Survey, which is produced by Aon Consulting, Inc., in order to help determine the appropriate compensation to be paid to each executive officer. Historically, the Company has relied on the Radford Survey primarily for benchmarking compensation information. The Radford Survey provides data, by position, for base salary and for cash and equity incentives reported by participating companies. The Radford Survey is generally relied upon because it is a recognized leader for market data

in the executive compensation field. In fact, the Compensation Committee has used the Radford Survey in the past and found it to produce reliable data. Furthermore, the Compensation Committee believes that the companies it studies, given their similarities to Globecomm, provide the most meaningful competition to the Company for talent. The Company purchases an updated survey each year.

For determination of executive compensation for fiscal year 2007, the Compensation Committee reviewed the Radford Survey's report, which summarized compensation data (available as of July 1, 2006) from approximately 700 companies in the telecommunications products and services industry. The Radford Survey considered the following variables in processing the survey for the Company: (i) type of industry (telecommunications products and services); (ii) annual revenues (\$50 million to \$100 million); (iii) geographic region (the northeast portion of the United States) and (iv) job description. The Compensation Committee specifically reviewed the 75th percentile for each applicable job category for each executive officer with respect to base salary. An executive officer's base salary, for example, may be higher or lower than the reference point based on personal performance, skills and experience in the current role. The actual ranges for total direct compensation encompass the median to 75th percentile.

In order to attract high quality talent, the Compensation Committee believes that the Company must offer a pay package above the median. For this reason, the Company uses the 75th percentile as a benchmark.

The Compensation Committee also reviewed the Radford Survey data (available as of July 1, 2007) in order to determine compensation for fiscal 2008. In processing the Company's request, the variables used for fiscal 2008 were identical to those used in fiscal 2007, except for fiscal 2008, the revenue input was between \$100 million and \$200 million. This input adjustment was made to reflect the Company's growth in revenue relative to fiscal 2007.

Table of Contents

Components of the Compensation Program

The principal components of the Company's compensation program consist of (i) base salaries, (ii) annual performance-based bonuses and (iii) long-term equity awards.

The Compensation Committee reviews the compensation of the Company's executives on an annual basis, taking into account such factors as competitive compensation levels, the executive's responsibilities, experience and contributions, and the Company's performance. The Compensation Committee believes that a substantial portion of executive officer compensation should be tied to short-term and long-term Company performance. The Compensation Committee periodically reviews the Company's overall executive compensation program against competitive practices and trends, and reviews and analyzes the Radford Survey marketplace data for comparable companies. A significant percentage of executive compensation is designed to be performance-based and varies from year to year based on corporate and individual performance.

Base Salary

The Company and each of its executive officers have an employment agreement that establishes a minimum base salary for the executive. The salary levels are reviewed on an annual basis to ensure that they are appropriate in comparison to other companies within the industry and in light of each individual's responsibilities, contributions and performance. Executives are eligible for merit increases to base salary on an annual basis.

The Compensation Committee approved salary increases for the Named Executive Officers in fiscal 2007 following a review of executive officer performance in order to improve the alignment of the compensation levels of certain executive officers to those of their peers. The salary increases for 2007 were as follows:

Named Executive Officer	Salary Increase	Effective Date	New Salary
David E. Hershberg	\$ 39,000	11/4/2006	\$ 424,000
Kenneth A. Miller	30,000	11/4/2006	328,000
Andrew C. Melfi	30,000	11/4/2006	260,000
Paul J. Johnson	20,000	11/4/2006	224,000
Stephen C. Yablonski	15,000	11/4/2006	223,000

Increases for fiscal 2008, to be effective November 5, 2007, were approved for the Named Executive Officers.

Mr. Hershberg's salary was increased to \$475,000; Mr. Miller's salary was increased to \$365,000; Mr. Melfi's salary was increased to \$295,000; Mr. Johnson's salary was increased to \$245,000 and Mr. Yablonski's salary was increased to \$236,000.

Annual Incentives

The Company's executive officers are eligible to receive annual cash bonuses under the Company's Pay For Performance Plan (the "PFPP"), which provides bonus opportunities based on the Company's overall performance relative to financial targets approved for a given fiscal year. If the financial performance targets are met or exceeded, participants are eligible to receive cash bonuses based on a pre-established target percentage of their base salaries, which, for fiscal 2007, ranged from 25% of base salary to 50% of base salary for meeting a predetermined target and included an additional bonus of up to 25% of base salary to 75% of base salary for exceeding the target. A bonus was also possible if the target bonus level was not met, so long as the Company's financial performance exceeded a threshold amount. The maximum bonus under the PFPP for fiscal 2007, which the Named Executive Officers could achieve, ranged from a maximum bonus of 50% of base salary to a maximum bonus of 125% of base salary, depending upon the Named Executive Officer's position, set forth in the table below.

14

Table of Contents

The Named Executive Officers had the following bonus opportunities under the PFPP for fiscal 2007:

Named Executive Officer	Target Bonus Opportunity (as a % of Base Salary)	Additional Bonus Opportunity (as a % of Base Salary)	Maximum Bonus Opportunity (as a % of Base Salary)
David E. Hershberg	50%	75%	125%
Kenneth A. Miller	40%	60%	100%
Andrew C. Melfi	33%	49.5%	82.5%
Paul J. Johnson	25%	25%	50%

Stephen C. Yablonski 25% 25% 50%

For fiscal 2007, the financial performance of the Company was measured by the attainment of net income, excluding the effect of any acquisitions. The net income targets set at the beginning of the year were \$4.4 million as the threshold level above which a bonus was attainable, \$6.3 million as the target level and \$8.3 million as the amount necessary to receive the maximum bonus opportunity. The actual net income under the PFPP for fiscal 2007 was \$7.7 million, which exceeded both the threshold and the target levels and resulted in the participants earning 70% of the additional bonus opportunity. The results for the year represented 100% of the target bonus and 70% of the additional bonus opportunity. The 70% allocation was based on the Company earning 70% of the difference between the target bonus level and the maximum bonus level.

As a result, the Compensation Committee approved bonuses for fiscal 2007 under the PFPP, as shown below.

Named Executive Officer	Annual Incentive Award ⁽¹⁾	Award as a % of Salary
David E. Hershberg	\$ 424,600	100.1%
Kenneth A. Miller	263,960	80.5%
Andrew C. Melfi	170,890	65.7%
Paul J. Johnson	95,200	42.5%
Stephen C. Yablonski	94,775	42.5%

(1) The results for the year represented 100% of the target bonus and 70% of the additional bonus opportunity, except Mr. Hershberg waived \$10,000 and Messrs. Miller and Melfi each waived \$5,000 for allocation to other key individuals within the Company.

In September 2007, the Compensation Committee approved the PFPP for fiscal 2008. The Compensation Committee determined that awards under the 2008 fiscal year PFPP will be based on two elements: an annual plan for revenues (the “Revenue Plan”) and an annual plan for operating income (the “Operating Income Plan”). Awards will be based 25% on achieving the Revenue Plan and 75% on achieving the Operating Income Plan. The Compensation Committee believes that the Named Executive Officers should be evaluated on both the Revenue Plan and the Operating Income Plan, as these individuals are key to the long-term growth plans for the Company. A key reason for using an Operating Income Plan instead of a net income plan is that the Operating Income Plan excludes interest income and expense. Interest income and expense could be associated with acquisitions and equity offerings, and therefore, they should not be factored into the incentive awards.

For fiscal year 2008, the criteria for the Named Executive Officers to achieve a baseline award under the PFPP will entail a Revenue Plan of \$198.9 million and an Operating Income Plan of \$12.5 million, in each case for the consolidated Company. Should the Company achieve at least \$189 million of revenues or \$8.75 million of operating income for the consolidated Company, but less than the Revenue Plan or the Operating Income Plan, as the case may be, the PFPP award for each Named Executive Officer would be pro-rated. If the Company achieves less than \$189 million of revenues or \$8.75 million of operating income for the consolidated Company, no award would be earned with respect to that element of the

PFPP, unless the Compensation Committee agrees to special compensation for an individual or individuals in recognition of special efforts on behalf of the Company.

In the event that the Company achieves revenues or operating income greater than the Revenue Plan or the Operating Income Plan, and subject to the Company meeting its overall financial goals for the fiscal year, an additional bonus would be awarded to each of the Named Executive Officers (the “Additional Bonus”). The Additional Bonus for each of the Named Executive Officers will be in an amount equal to the appropriate percentage of base salary for each Executive Officer set forth in the table below under the heading “Additional Bonus Opportunity” if revenues or operating income is greater than 130% of the Revenue Plan or the Operating Income Plan, as the case may be. The maximum Additional Bonus will be reduced pro-rata for each Named Executive Officer if the Company achieves revenue or operating income greater than the Revenue Plan or the Operating Income Plan, as the case may be, but less than 130% of the applicable plan.

The Named Executive Officers will have the following bonus opportunities under the PFPP for fiscal 2008:

Named Executive Officer	Target Bonus Opportunity (as a % of Base Salary)	Additional Bonus Opportunity (as a % of Base Salary)	Maximum Bonus Opportunity (as a % of Base Salary)
David E. Hershberg	50%	75%	125%
Kenneth A. Miller	40%	60%	100%
Andrew C. Melfi	33%	49.5%	82.5%
Paul J. Johnson	25%	37.5%	62.5%
Stephen C. Yablonski	25%	37.5%	62.5%
Long-Term Incentive Compensation			

The Company’s executive officers may receive long-term incentive awards, such as stock options and restricted stock that link their compensation with the long-term performance of the Company, align their interests with stockholders and encourage career service. Currently, there is no formal long-term incentive plan in place.

On June 1, 2007, Mr. Miller received an equity award of 25,000 shares of restricted stock based on his efforts related to the growth of the service business, which he oversees, including the Company’s acquisition of GlobalSat, LLC in May 2007.

On September 19, 2007, the Compensation Committee approved equity awards of shares of restricted stock to Named Executive Officers in order to better align their interests with those of the Company’s stockholders. The equity awards will be granted on November 5, 2007 in order to align the equity awards with the effective date of base salary increases. Mr. Hershberg was awarded 10,000 shares of restricted stock; Mr. Miller, 5,000 shares; Mr. Melfi, 7,500 shares; Mr. Johnson, 5,000 shares; and Mr. Yablonski, 5,000 shares. The aforementioned shares of restricted stock have a three-year vesting schedule, with one-third vesting on each of the first three anniversaries of the date of grant, subject to accelerated vesting in certain circumstances.

Retirement Plans

Executive officers participate in our 401(k) retirement plan under the same rules that apply to other employees, and they may elect to defer a percentage of their compensation each year subject to plan limits and caps imposed by the Internal Revenue Service (maximum contributions of \$15,500 for 2007 plus the make-up supplements permitted for those age 50 and up). The Company makes a matching contribution equal to the discretionary percentage of a participating executive officer not to exceed 4% of the executive officer’s compensation; the maximum amount to

which the 4% is applied is \$220,000 of compensation. Based on the Board of Directors' assessment of the Company's performance for fiscal 2007, the Board of Directors approved the full matching contribution.

(1) The amounts indicated as "All Other Compensation" include the following:

- (a) employer contributions to 401(k) retirement plan of \$8,800 for each Named Executive Officer;
 - (b) car allowance of \$6,000 for each Named Executive Officer;
 - (c) reimbursements for tax services provided to Messrs. Hershberg and Miller of \$2,500 each in connection with their employment agreements; and
 - (d) cost of the life insurance provided to Messrs. Hershberg and Miller of \$21,500 and \$2,891, respectively, in connection with their employment agreements.
- (2) This number reflects the compensation cost recognized by us for financial statement reporting purposes in fiscal 2007 for a grant of restricted stock awarded to Mr. Miller on June 1, 2007, disregarding an estimate of forfeitures related to service-based vesting conditions. The cost was computed in accordance with SFAS 123R, which is based on the percentage of the fair value of the award at the time of grant for which the service requirement was satisfied during fiscal 2007. The fair value of the award was determined by multiplying the number of shares (25,000) subject to the award by the closing price (\$13.59) of our Common Stock on the grant date and then dividing that number (\$339,750) by the vesting period (36 months), times the number of months (one) that vested in fiscal 2007. The terms include a three-year vesting schedule, with one-third vesting on each of the first three anniversaries of the date of grant, subject to accelerated vesting in certain circumstances.

(1) Mr. Miller received this award of restricted stock as a special grant. This number reflects the

compensation cost recognized by us for financial statement reporting purposes in fiscal 2007 for a grant of restricted stock awarded to Mr. Miller on June 1, 2007. The cost was computed in accordance with SFAS 123R, which is based on the percentage of the fair value of the award at the time of grant for which the service requirement was satisfied during fiscal 2007. The fair value of the award was determined by multiplying the number of shares (25,000) subject to the award by the closing price (\$13.59) of our Common Stock on the grant date and then dividing that number (\$339,750) by the vesting period (36 months), times the number of months (one) that vested in fiscal 2007. The terms include a three-year vesting schedule, with one-third vesting on each of the first three anniversaries of the date of grant, subject to accelerated vesting in certain circumstances.

- (1) These options were each awarded with a four-year vesting schedule, with one-fourth vesting on each of the first four anniversaries of the date of grant. On May 11, 2005, in response to SFAS 123R, the Board of Directors, upon recommendation of the Compensation Committee, approved an acceleration of all unvested options granted to employees and directors under the Globecomm Systems Inc. 1997 Stock Incentive Plan. In order to prevent unintended personal benefit to directors and executive officers, the Board of Directors, upon recommendation of the

Compensation Committee, imposed restrictions on any shares received through the exercise of accelerated options held by directors and executive officers. These restrictions prevent the sale of stock obtained through exercise of an accelerated option prior to the earlier of the original vesting date or the individual's termination of employment or service on the Board of Directors, as applicable.

- (2) The value shown was determined by multiplying the number of shares of restricted stock (25,000) by the closing price of our Common Stock (\$14.62) on June 29, 2007 (June 30, 2007 was a Saturday, and therefore, the market was closed).

Employment Agreements				

In October 2001, the Company entered into employment agreements (the ‘‘Executive Agreements’’) with each of the Named Executive Officers. The Executive Agreements continue from year to year, unless terminated earlier by either party by written notice of termination given to the other party. Each Executive Agreement entitles the Named Executive Officer to all employee benefits generally made available to executive officers.

The Executive Agreements specify duties and minimum compensation commitments. The Executive Agreements also provide for severance benefits in certain circumstances and impose restrictive covenants, which relate to, among other things, confidentiality and competition. The Compensation Committee determined that the Executive Agreements are appropriate for the Named Executive Officers. The contracts provide varying benefit levels based on the executive’s responsibilities, and the agreements serve as a retention device for executives who meet these requirements. The Company entered into the Executive Agreements to fully recognize the executives’ contributions, to maintain the continuity of the management team in order to assure continuous, harmonious performance of the Company’s affairs and to provide the executives with an incentive to remain with the Company.

Under the Executive Agreements between the Company and each of the Named Executive Officers, the Company is currently required to compensate Messrs. Hershberg, Miller, Melfi, Johnson and Yablonski an annual base salary of \$424,000, \$328,000, \$260,000, \$224,000 and \$223,000, respectively, which amounts are reviewed annually by the Board of Directors and subject to increase at the Board of Directors’ discretion. The Named Executive Officers may also receive discretionary bonuses. Messrs. Hershberg, Miller, Melfi, Johnson and Yablonski are required to devote their full-time efforts to the

20

Company as Chairman of the Board and Chief Executive Officer; President, Vice President and Chief Financial Officer; Senior Vice President, Customer Relations and Contracts and Senior Vice President Sales, Marketing and Product Development, respectively.

Potential Payments Upon Termination or Change in Control

If the Company terminates any of the Executive Agreements, other than for disability or cause, or if any Named Executive Officer terminates his employment with the Company for good reason (‘‘Good Reason’’), the Company will have the following obligations: (i) to continue to pay the Named Executive Officer his then applicable annual base salary for a two-year period commencing upon the effective date of the termination (the ‘‘Severance Period’’); provided, however, that the Severance Period for Messrs. Hershberg and Miller will be a three-year period commencing on the effective date of the termination; (ii) during each year of the Severance Period, to pay for continued health benefits up to a maximum of \$2,000 per month; (iii) during each year of the Severance Period, to pay the annual automobile allowance, currently \$6,000; (iv) during each year of the Severance Period, to pay the amount of the non-elective deferral employer contribution made under the Company’s 401(k) plan for the Named Executive Officer’s last fiscal year with the Company prior to termination of employment; (v) to pay the cost of converting the group term life insurance coverage to an individual policy and (vi) during each year of the Severance Period, to pay \$2,500 for the annual professional service allowance for Messrs. Hershberg and Miller.

Good Reason is defined as a material breach of the Executive Agreement by the Company, which includes a failure to pay salary or bonus, a failure to provide benefits, a requirement to travel significantly more days than in the previous calendar year, a material reduction in duties and responsibilities, a change in the reporting relationship or a relocation of the worksite to a location 75 miles or more from its current location.

The table below shows the benefits that would be payable under the Executive Agreements had each Named Executive Officer been terminated without cause or for Good Reason on June 30, 2007.

Hershberg and Miller only.

Table of Contents

- (4) The Executive Agreements do not provide for early vesting of stock options; in any event, all currently outstanding options are fully vested for each Named Executive Officer.
- (5) The Executive Agreements do not provide for early vesting of restricted stock grants. Only Mr. Miller had a restricted stock grant outstanding (25,000 shares), and this grant was not vested as of June 30, 2007.

The benefits available to a Named Executive Officer in the event of a change in control (a "Change in Control") differ from those available if a Named Executive Officer is terminated without cause or for Good Reason. Change in Control is defined as any person or group becoming the beneficial owner, directly or indirectly, of securities of the Company representing 35% or more of the combined voting power of the Company's then outstanding securities; the Company being part of a merger, consolidation, sale of assets or other reorganization, or a proxy contest, as a consequence of which members of the Board of Directors in office immediately prior to such transaction or event constitute less than a majority of the Board of Directors thereafter and during any period of twenty-four consecutive months, individuals who at the beginning of such period constituted the Board of Directors (including, for this purpose, any new director whose election or nomination for election by the Company's stockholders was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of such period) cease for any reason to constitute at least a majority of the Board of Directors.

Pursuant to the Globecomm Systems Inc. 1997 Stock Incentive Plan and the 2006 Plan, all outstanding stock options and restricted stock held by any executive officer (as well as those held by other employees) will become fully vested upon certain changes in control of the Company.

If the Named Executive Officer does not provide the Company notice of resignation and remains employed by the Company through the first anniversary of a Change in Control, he shall be paid a one-time bonus payment equal to 300%, in the cases of Messrs. Hershberg and Miller, and 200%, in the cases of Messrs. Melfi, Johnson and Yablonski, of his then applicable annual base salary (the "Retention Bonus"); provided that the Named Executive Officer must execute and deliver to the Company a general release as a condition of receiving the Retention Bonus.

If, within one year after a Change in Control, a Named Executive Officer gives notice of his resignation for Good Reason due to either a material reduction in the individual's duties or responsibilities or a change in the individual's reporting relationship and the Company requests that he continue his employment until a date no later than the first anniversary of the Change in Control, then the Named Executive Officer will receive the severance payments and benefits described above only if he continues his employment until that date.

If the payments to a Named Executive Officer (including the value of accelerated vesting of stock options and restricted stock) in connection with a Change in Control exceed three times the individual's five-year average compensation from the Company, the portion of the payments that exceeds one times the individual's average compensation will be subject to a 20% excise tax. The Executive Agreements provide that the severance payments and the Retention Bonus will be reduced to the extent necessary to prevent the imposition of the excise tax, unless the Named Executive Officer would retain a greater net payment by receiving the full amount and paying the excise tax. The amount of compensation that is subject to the excise tax would not be deductible for federal tax purposes by the Company.

(2)

The amounts in this column represent the aggregate amounts of medical and dental continuation coverage the Named Executive Officers would receive during the Severance Period, based on the Company's current rates.

- (4) All currently outstanding options are fully vested for each Named Executive Officer.
- (5) Only Mr. Miller had a restricted stock grant outstanding (25,000 shares) as of June 30, 2007. The value shown was determined by multiplying the number of shares of restricted stock (25,000) by the closing price of our Common Stock (\$14.62) on June 29, 2007 (June 30, 2007 was a Saturday, and therefore, the market was closed).
- (6) Although the amounts listed for Messrs. Hershberg and Miller exceed three times their average compensation, the full amounts would have been paid to them since this would have provided them with the greater net amount after payment of the excise tax. The Company would have had a loss of deductibility for federal tax purposes with respect to such amounts but the impact would not have been material due to loss carry-forwards from previous years.

Certain Relationships and Related Person Transactions

On August 17, 2007, the Company completed an offering of equity securities totaling \$33,750,000 in gross proceeds. On August 21, 2007, the Company received \$31,893,750 after deducting underwriting discounts and commissions. On September 19, 2007, the underwriters' overallotment option covering 450,000 shares was exercised, and the Company received \$4,784,063 after deducting underwriting discounts and commissions. The Company paid \$2,134,688 in underwriting discounts and commissions in total. One of our directors, A. Robert Towbin, is an Executive Vice President and Managing Director of Stephens Inc., which acted as a joint lead book runner in the offering. Stephens Inc. will receive 40% of the underwriting discounts and commissions, estimated to be approximately \$853,875 (subject to final adjustment), for its services related to the offering.

Policies and Procedures for Approval of Transactions with Related Persons

A special committee, appointed by the Board of Directors, is responsible for reviewing and approving related person transactions that are subject to SEC disclosure requirements, including transactions in which the Company is a participant, the amount of which exceeds \$120,000 and with

23

Table of Contents

respect to which a related person has a direct or indirect material interest. A related person includes a director, executive officer, nominee for election as a director, person holding more than 5% of our stock and any immediate family member of any of the foregoing persons.

Factors Affecting Compensation

Tax Deductibility of Executive Compensation

In implementing the Company's compensation programs, the Compensation Committee's general policy is to consider any significant effects of Section 162(m) of the Internal Revenue Code, enacted in 1993, which generally disallows a tax deduction to publicly held companies for compensation exceeding \$1.0 million paid to certain of the corporation's executive officers. The limitation does not apply to compensation that qualifies as performance-based compensation within the meaning of Section 162(m). The compensation paid to the Company's executive officers for the 2007 fiscal year did not exceed the \$1.0 million limit per officer. The Globecomm Systems Inc. 1997 Stock Incentive Plan and the 2006 Plan are structured so that any compensation deemed paid to an executive officer in connection with the exercise of option grants made under those plans with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation, and therefore will not be subject to the \$1.0 million limitation.

Accounting Considerations

The Compensation Committee considers the accounting implications with respect to the executive compensation program, including the estimated cost for financial reporting purposes of equity compensation under SFAS 123R.
