Report of Independent Auditors

Lincoln National Corporation Benefits Investment Committee
Lincoln National Corporation

We have audited the accompanying statements of net assets available for plan benefits of the Lincoln National Corporation Employees' Savings and Profit-Sharing Plan as of December 31, 2000 and 1999, and the related statements of changes in net assets available for plan benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for plan benefits of the Plan at December 31, 2000 and 1999, and the changes in its net assets available for plan

benefits for the years then ended, in conformity with accounting principles generally accepted in the United States.

Our audits were made for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedules of assets (held at end of year) as of December 31, 2000, and reportable transactions for the year then ended, are presented for purpose of additional analysis and are not a required part of the financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in our audits of the financial statements and, in our opinion, are fairly stated in all material respects in relation to the financial statements taken as a whole.

Lincoln National Corporation
Employees' Savings and Profit-Sharing Plan

Notes to Financial Statements

December 31, 2000

1. SIGNIFICANT ACCOUNTING POLICIES

Edgar Filing: LINCOLN NATIONAL CORP - Form 11-K

INVESTMENTS

The investment in Lincoln National Corporation ("LNC") common stock is valued at the last reported sales price per the national securities exchange on the last business day of the year.

The Wells Fargo Bank Short-Term Investment Fund is valued at cost which approximates fair value.

The fair value of participation units in pooled separate accounts is based on quoted redemption value on the last business day of the year.

The investment contracts are valued at contract value as estimated by The Lincoln National Life Insurance Company ("Lincoln Life"). Contract value represents net contributions made plus interest at the contract rate. These contracts are fully benefit responsive.

Participant loans are valued at their outstanding balances which approximate fair value.

The cost of investments sold, distributed or forfeited is determined using the specific identification method. Investment purchases and sales are accounted for on a trade date basis.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

2. DESCRIPTION OF THE PLAN

The Employees' Savings and Profit Sharing Plan ("Plan") is a contributory, defined contribution plan which covers substantially all employees of LNC and certain of its subsidiaries ("Employer") who meet certain eligibility requirements as defined by the Plan. A participant may make pretax contributions at a rate of at least 1%, but not more than 15% of compensation (not more than 8% for higher compensated employees), up to a maximum annual amount as determined and adjusted annually by the Internal Revenue Service ("IRS").

The participants are fully vested in their contributions and direct the Plan to invest their contributions in any combination of the investment options offered under the Plan. Participants can direct employer contributions, but only after the contributions have been in the Plan for two full years following the date the last contribution for the plan year was contributed.

2. DESCRIPTION OF THE PLAN (CONTINUED)

Edgar Filing: LINCOLN NATIONAL CORP - Form 11-K

Employer contributions to the Plan are based on an amount equal to a participant's contributions, not to exceed 6% of eligible earnings, multiplied by a percentage, ranging from 25% to 150%, which is based on LNC's increase in operating income. The Employer match on eligible participants' contributions during their first year of employment is limited to a maximum of 25%. In 1998, The Board of Directors of Lincoln Life approved a provision that provided an additional match up to 50% for the 2000 Plan year based on LNC achieving a certain level of earnings over the three-year period from 1998 through 2000. For the 2000 Plan year, the Employer contribution to the Plan matched 200% of participant contributions up to 6% of eligible earnings.

Employer contributions are invested in the LNC Common Stock Fund. Participants' contributions are fully vested. Employer contributions vest based upon years of service as defined in the Plan document as follows:

YEARS OF SERVICE	PERCENT VESTED
1	0%
2	50%
3 or more	100%

The Employer has the right in accordance with the Plan to discontinue contributions at any time and terminate the Plan. In the event of termination of the Plan, all amounts allocated to participants' accounts shall become vested.

The Plan allows loans to participants in amounts up to 50% of the vested account value to a maximum of \$50,000 but not more than the total value of the participant's account excluding Employer contributions that have not been in the Plan for two full years, less the highest outstanding loan balance in the previous twelve-month period. A participant may have a maximum of two loans outstanding at any one time. Interest charged on new loans to participants is established monthly based upon the prime rate plus 1%. Loans may be repaid over any period selected by the participant up to a maximum repayment period of five years except that the maximum repayment period may be 20 years for the purchase of a principal residence.

Upon termination of service due to disability, retirement or death, a participant or beneficiary, in case of the participant's death, may elect to receive either a lump-sum amount equal to the entire value of the participant's account, or up to five annual installments. For termination of service due to other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.

Each participant's account is credited with the participant's contributions, matching contributions from the Employer and allocations of Plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account. Forfeited non-vested amounts are used to reduce future Employer contributions.

3. INVESTMENTS

Individual investments greater than 5% of net assets available for plan benefits at December 31, 2000 and 1999 are as follows:

	DECEMBER 31, 2000		DECEMBER 31, 1999
	NUMBER OF SHARES, UNITS OR PAR VALUE	FAIR VALUE	NUMBER OF SHARES, UNITS OR PAR VALUE
Common stock -- Lincoln National Corporation	4,001,519	\$189,321,868 *	4,066,000

Investment contracts -- Lincoln Life	\$ 43,507,028	43,507,208	\$ 40,006,000

* Nonparticipant-directed.

The investment contracts earned an average interest rate of approximately 6.26% and 6.22% in 2000 and 1999, respectively. The credited interest rates for new contributions, which approximate the current market rate, were 6.75% and 6.50% at December 31, 2000 and 1999, respectively. The rate on new contributions is guaranteed through the succeeding three calendar year quarters. The credited interest rate for the remaining contract value balance at December 31, 2000 and 1999 was 6.25% and was determined based upon the performance of Lincoln Life's general account. The credited interest rates change at least quarterly. The minimum guaranteed rate is 4.5% for the first five contract years, 4.00% for years 6-10 and 3.50% following year 10. The guarantee is based on Lincoln Life's ability to meet its financial obligations out of its general assets. Restrictions may apply to the aggregate movement of funds to other investment options. The fair value of the investment contracts approximates contract value. Participants are allocated interest on the investment contracts based on the average rate earned on all Plan investments in the investment contracts.

During 2000 and 1999 the Plan's investments (including investments bought, sold as well as held during the year) appreciated (depreciated) in fair value as follows:

	2000	1999
Fair value as determined by quoted market price:

5. INCOME TAX STATUS

The IRS ruled on June 20, 1997 that the Plan qualifies under Section 401(a) of the Internal Revenue Code ("IRC") and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the IRC to maintain its qualification. The Plan's administrator believes the Plan is being operated in compliance with the applicable requirements of the IRC and, therefore, believes that the Plan is qualified and the related trust is tax exempt.
