The first item to be acted upon at the Annual Meeting of Shareholders is the election of five Directors to Class I of the Board of Directors, each to hold office for three years (until the 2006 Annual Meeting) and until his or her successor shall have been duly elected and qualified.

In accordance with the Company's Articles of Incorporation, the Board of Directors is divided into three classes with staggered terms. Each class is to be elected to three (3) year terms with each term expiring in different years. At each Annual Meeting the Directors or nominees constituting one class are elected for a three (3) year term. The term of those Directors listed below as Class I expires at the Annual Meeting on April 24, 2003, and this Class contains the nominees to be elected to serve until the Annual Meeting in 2006. Any vacancies that occur after the Directors are elected may be filled by the Board of Directors in accordance with the By-Laws for the remainder of the full term of the vacant directorship.

The Board of Directors intends to nominate for election as Class I Directors the following five (5) persons, all of whom are presently serving as Class I Directors of the Company: Larry E. Dunigan, Douglas D. French, Phelps L. Lambert, Louis L. Mervis and Marjorie Z. Soyugenc. If any Director nominee named in this proxy statement shall become unable or decline to serve (an event which the Board of Directors does not anticipate), the persons named as proxies will have discretionary authority to vote for a substitute nominee named by the Board of Directors, if the Board determines to fill such nominee's position. Unless authorization is withheld, the enclosed proxy, when properly signed and returned, will be voted "FOR" the election as Directors of all of the nominees listed in this proxy statement.

Pages 3 through 7 contain the following information with respect to each Class I Director, and with respect to incumbent Directors in Classes II and III of the Board of Directors who are not nominees for re-election at the Annual Meeting: name; principal occupation or business experience for the last five years; age; the year in which the nominee or incumbent Director first became a Director of the Company; the number of shares of common stock of the Company beneficially owned by the nominee or incumbent Director as of February 18, 2003; and the percentage that the shares beneficially owned represent of the total outstanding shares of the Company as of February 18, 2003. REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is currently composed of four non-employee Directors who are not eligible to participate in any management compensation programs. The Committee is responsible for establishing all compensation for the Company's Executive Officers and for setting and administering the terms, policies and agreements related to other compensation components for the Company's Executive Officers. An independent compensation consulting firm, Hay Group, Inc., has been retained by the Company since 1982 to advise the Compensation Committee on salary related compensation matters. The Company retained AON Consulting, Inc. in 2000 to assist the Compensation Committee on cash incentive and equity compensation matters.

COMPENSATION PRINCIPLES

The Company's executive compensation program is structured to help the Company achieve its business objectives by:

- setting levels of compensation designed to attract and retain superior executives in a highly competitive environment;
- providing incentive compensation that ties directly with both Company financial performance and individual contribution to that performance; and
- linking compensation to elements that affect short- and long-term stock performance.

The Committee believes the most effective executive compensation program is one that provides incentives to achieve both current and long-term strategic management goals of the Company, with the ultimate objective of enhancing shareholder value. In this regard, the Committee believes executive compensation should be comprised of cash and equity-based programs which reward performance not only as measured against the Company's specific annual and long-term goals, but also which recognize that the Company operates in a competitive environment and that performance should be evaluated as compared to industry peers. In April 1999, the Company's shareholders adopted an Equity Incentive Plan, which authorizes the Compensation Committee to grant incentive and non-qualified stock options in addition to other forms of equity compensation. The Committee issued 1,885,800 stock option grants to employees of the Company in 2002. The equity-based compensation plans ensure that employees have a meaningful stake in the Company, the ultimate value of which is dependent on the Company's continued long-term success, and that the interests of employees are thereby aligned with those of the shareholders.

SALARIES

The Compensation Committee establishes the salary of the Chairman, President and CEO (hereinafter the "Chairman"). The base salaries of the Company's next four highest paid Executive Officers are determined by the Compensation

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

Committee with recommendations from the Chairman. The same compensation principles are applied in setting the salaries of all employees, including the Chairman, to ensure that salaries are fairly and competitively established. Salary ranges are determined for each executive position based upon survey data that is obtained from a relevant peer group and from the Hay Group, Inc. The Company uses the Hay Job Evaluation System to establish salary grades and ranges for each position based on the knowledge and problem-solving ability required to satisfactorily fulfill the position's assigned

12

duties and responsibilities, its accountability and the impact on the operations and profitability of the Company. The Company's peer group consists of reasonably comparable regional bank holding companies. Relevant peer group data is used rather than the NYSE Financial Index because the peer group companies resemble more closely the asset size and operations of the Company. The peer group data is also used to validate and affirm recommendations presented by the Hay Group, Inc.

From survey data, salary ranges are established each year for the Chairman and all other executive positions within the organization. These ranges are designed so that the mid-point of the salary range is approximately the 50th percentile of base salaries paid to comparable positions across a broad spectrum of comparable financial services companies. Within these established ranges, actual base salary adjustments are made periodically in accordance with the guidelines of the Company's salary administration program and performance review system. In 2002, the base salaries for the Executive Officers as a group and the Chairman were within the established salary ranges. Continuous outstanding performance over an extended period of time could result in a salary at the top end of the established range whereas undistinguished performance could result in compensation at the lower end of the range.

SHORT TERM INCENTIVE PLAN

The Company implemented a Short Term Incentive Plan (the "STIP") for certain key officers in 1996. The STIP provides for the payment of additional compensation in the form of an annual cash incentive payment contingent upon the achievement of certain corporate goals and the achievement of certain business performance goals. The STIP uses various scorecards based on specific corporate and shareholder-related performance goals relating to earnings per share and operating income. Participants were assigned to one of the incentive scorecards based upon their area of responsibility and expected level of contribution to the Company's achievement of its corporate goals. The incentive award levels, based upon the Company's and an individual participant's performances, range from 5% to 82.5% of a participant's base salary. The STIP incentive award opportunity for the Chairman ranges from 27.5% to 82.5% of base salary.

Each fiscal year the Compensation Committee establishes threshold (minimum), target and maximum performance levels under the STIP. If threshold performance is not achieved, there is no payment from the STIP for that period, and if performance exceeds the threshold, actual incentive payments to participants are in proportion to the actual financial performance achieved compared to the performance goals. For 2002, the Company fell just short of the earnings per share target resulting in a payout to participating officers at slightly below the "target" level under the STIP. (See Summary Compensation Table on page 15.)

1999 EQUITY INCENTIVE PLAN

The Company maintains the 1999 Equity Incentive Plan (the "Plan"). The Board and the Compensation Committee believe that this flexible long-term, stock-based incentive plan enhances the Company's ability to attract, retain and reward

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

management with exceptional talent and provides the Company with the ability to develop incentive programs which are responsive to the demands of the marketplace. The Compensation Committee also believes that the stock option grants afford a desirable long-term compensation method because they closely align the interests of management with those of shareholders. Four hundred eight officers, including those listed in the Summary Compensation Table, participate in the Plan. During 2002 the Compensation Committee granted stock options to eligible Plan participants. In determining the grants of stock options to the Chief Executive Officer, as well as other named officers in the Summary Compensation Table, the Compensation Committee took into account the respective scope of

13

responsibility, performance requirements and recent and expected contributions of the Plan participants to the Company's achievement of its long-term performance objectives.

DISCUSSION OF 2002 COMPENSATION FOR THE CHAIRMAN

Annually, the Compensation Committee receives an analysis from the Company's Senior Vice President, Director of Human Resources, on all aspects of the Chairman's remuneration, including base salary, incentive opportunity and the relationship of total compensation to the comparative survey data. When appropriate, the Compensation Committee may direct the Senior Vice President, Director of Human Resources, to compile additional compensation information and comparisons. The Committee considers several factors in establishing the Chairman's compensation package. These include the Company's overall performance as measured by total shareholder return, adherence to the Company's strategic plan, and the development of sound management practices. These factors were considered by the Committee in evaluating an increase in the Chairman's base salary in 2002.

SUMMARY

The Committee has determined that the Company's executive total compensation programs, plans and awards for 2002 are well within conventional standards of reasonableness and competitive necessity and are clearly within industry norms and practices.

In establishing executive compensation programs in the future, the Compensation Committee will continue to focus on specific corporate goals designed to promote the overall financial success of the Company, such as earnings per share, operating income, credit quality and expense control, which are expected to improve the return on shareholders' equity.

RETIREMENT PLAN

The Old National Bancorp Employees' Retirement Plan (the "Retirement Plan") is a qualified, defined benefit, non-contributory pension plan covering substantially all employees of the Company and its subsidiaries and affiliates with one or more years of service with the Company or its subsidiaries and affiliates, and with credited service accruing from the date of employment, provided that the employee has not less than 1,000 hours of service (as defined in the plan) during such period.

16

The amount of annual contribution attributable to specific individuals cannot be determined in a meaningful manner. The following table shows the estimated annual pensions payable to eligible employees upon retirement at age 65. The amounts shown do not reflect any reduction related to Social Security earnings or for the survivor benefit features of the Retirement Plan, the application of which would reduce the amount of pension payable.

(1) The law in effect at December 31, 2002 prohibited the distribution of benefits from the Retirement Plan in excess of \$160,000 per year expressed as a straight life annuity. It also prohibited compensation in excess of \$200,000 to be used in the computation of the retirement benefit. Both amounts are indexed for inflation.

The Retirement Plan provides for the payment of monthly benefits in a fixed amount upon attainment of age 65. As a normal form of benefit, each eligible participant is entitled to receive a monthly pension for his or her life based on years of service and "average monthly compensation" (which excludes bonuses). In general, the formula for determining the amount of a participant's monthly pension is average monthly compensation multiplied by 1.45% for the first ten years of service, 1.65% for the next ten years of service, and 1.95% for the

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

next fifteen years of service, less any amount related to Social Security earnings. In general, the amount of the reduction is .59% of average monthly compensation (up to a maximum of 125% of covered compensation) multiplied by all years of service up to 35 years of service. The standard retirement benefit for married participants is payable in the form of a joint and survivor annuity in an amount which is actuarially equivalent to the normal form of benefit. Instead of an annuity, participants may elect to receive a single sum cash settlement upon retirement in an amount that is actuarially equivalent to the participant's normal form of benefit.

2002 base salary figures for the Chairman and the next four most highly compensated Executive Officers of the Company are set forth in column (a) in the Summary Compensation Table on page 15. The Retirement Plan was frozen as of December 31, 2001, except for employees who were at least age 50 or who had 20 years of vested service as of December 31, 2001. As of December 31, 2002, Mr. Risinger had 25 years of vested service; Mr. Hinton, 23 years; Mr. Clayton, 15 years; and Mr. Moore, 24 years. Mr. Poelker is not accruing benefits under this Plan but does continue to accrue service for eligibility of an immediate early retirement benefit.

For certain employees, in addition to the persons listed in the Summary Compensation Table, whose annual retirement income benefits under the Retirement Plan exceed the limitations imposed by the Internal Revenue Code of 1986, as amended, and the regulations thereunder (including, among others, the limitation that annual benefits paid under qualified

17

defined benefit pension plans may not exceed \$160,000), such excess benefits will be paid from the Company's non-qualified, unfunded, non-contributory supplemental retirement plan.

AGREEMENTS WITH CERTAIN OFFICERS

The Company has entered into change of control severance agreements with Messrs. James A. Risinger, Thomas F. Clayton, Michael R. Hinton, Daryl D. Moore and John S. Poelker. Each executive is entitled to benefits under his severance agreement upon any termination of the executive's employment by the Company (except for, and as is more specifically described in each severance agreement, termination for cause, disability, voluntary retirement or death), or upon a termination of employment by the executive under certain circumstances specified in his severance agreement, during the one-year period following a change in control (as defined in the severance agreements) of the Company which occurs during the term of the severance agreement.

In the event of a termination of employment, the executive will be entitled to receive a lump sum cash payment equal to the aggregate of: his then-effective base salary through the date of termination; all amounts due to the executive under the Company's accrued vacation program through the date of termination; and a certain amount under the Retirement Plan, as specified in his severance agreement. In addition, the Company must pay to the executive in a lump sum cash payment an amount equal to two times the average annual base salary paid to him by the Company in the three years preceding the date of termination. The severance agreements further require the Company to cause to be vested in each executive's name those awarded but unvested shares held in the executive's account in the Restricted Stock Plan, all amounts due the executive under the Company's Short Term Incentive Plan and to maintain in force for two years following the date of termination all employee welfare plans and programs in which the executive was entitled to participate immediately prior to such termination.

Edgar Filing: OLD NATIONAL BANCORP /IN/ - Form DEF 14A

The change of control severance agreements provide for one year extensions by mutual agreement of the Company and the respective executives. With respect to Messrs. Risinger, Clayton, Hinton, Moore and Poelker, each of their severance agreements was extended by the Board of Directors in 2002 through December 31, 2003.

SHAREHOLDER RETURN PERFORMANCE COMPARISONS

The Company is required to include in this proxy statement a line graph comparing cumulative five-year total shareholder returns for the Company's common stock to cumulative total returns of a broad-based equity market index and a published industry index. The following indexed graph compares the performance of the Company's common stock for the past five years to the Russell 1000 Index and the NYSE Financial Index.

(PERFORMANCE GRAPH)

	OLD NATIONAL BANCORP -----	RUSSELL 1000 -----
12/31/97	100.00	100.00

12/31/01	103.64	134.19
12/31/02	107.82	103.41

The comparison of shareholder returns (change in December year end stock price plus reinvested dividends) for each of the periods assumes that \$100 was invested on December 31, 1997, in common stock of each of the Company, the Russell 1000 Index, and the NYSE Financials Index with investment weighted on the basis of market capitalization.

TRANSACTIONS WITH MANAGEMENT AND OTHERS

The Executive Officers and Directors of the Company are at present, as in the past, customers of one or more of the Company's subsidiaries and have had and expect in the future to have similar transactions with the subsidiaries in the ordinary course of business. In addition, some of the Executive Officers and Directors of the Company are at present, as in the past, officers, Directors or principal shareholders of corporations which are customers of these subsidiaries and which have had and expect to have transactions with the subsidiaries in the ordinary course of business. All such transactions were made in the ordinary course of business, on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons and did not involve more than the normal risk of collectibility or present other unfavorable features.

During 2002, the Company paid approximately \$3,002,078 for engineering, design and construction services to Industrial Contractors, Inc. in connection with its role as general contractor for the construction of the Company's new headquarters building in Evansville and for renovations to the Old National Bank Tower, renovations to the Operations Center in Evansville and for work at other Old National Bank branch locations.
