The meeting will take place at the Marriott Country Club Plaza, 4445 Main Street, Kansas City, MO 64111 on Wednesday, April 21, 2004, at 10:00 a.m. local time. At the meeting, shareholders will vote on the election of two directors, the ratification of the appointment of KPMG LLP as SCS Transportation s independent auditors for fiscal year 2004, and will transact any other business that may properly come before the meeting although we know of no other business to be presented.

By submitting your proxy (either by signing and returning the enclosed proxy card or by voting electronically on the Internet or by telephone), you authorize Klaus E. Agthe, a director of SCS Transportation, Herbert A. Trucksess, III, Chairman, President and Chief Executive Officer of SCS Transportation, and James J. They also may vote your shares to adjourn the meeting and will be authorized to vote your shares at any postponements or adjournments of the meeting.

SCS Transportation s Annual Report to Shareholders for the fiscal year ended December 31, 2003, which includes SCS Transportation s audited annual financial statements, accompanies this proxy statement. Although the Annual Report is being distributed with this proxy statement, it does not constitute a part of the proxy solicitation materials and is not incorporated by reference into this proxy statement.

We are first sending this proxy statement, form of proxy and accompanying materials to shareholders on or about March 12, 2004.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, the shareholders will be asked to:

1. Elect two directors, each for a term of three years; and
2. Ratify the appointment of KPMG LLP as SCS Transportation s independent auditors for fiscal year 2004.

Shareholders also will transact any other business that may properly come before the meeting. Members of SCS Transportation s management team and a representative of KPMG LLP, SCS Transportation s independent auditors, will be present at the meeting to respond to appropriate questions from shareholders.

Who is entitled to vote?

The record date for the meeting is February 23, 2004. Only shareholders of record at the close of business on that date are entitled to vote at the meeting. The only class of stock entitled to be voted at the

Table of Contents

meeting is SCS Transportation's common stock. Each outstanding share of common stock is entitled to one vote for all matters before the meeting. At the close of business on the record date there were 14,776,160 shares of SCS Transportation common stock outstanding.

Am I entitled to vote if my shares are held in street name ?

If your shares are held by a bank or brokerage firm, you are considered the beneficial owner of shares held in street name. If your shares are held in street name, these proxy materials are being forwarded to you by your bank or brokerage firm (the record holder), along with a voting instruction card. As the beneficial owner, you have the right to direct your record holder how to vote your shares, and the record holder is required to vote your shares in accordance with your instructions. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of a non-discretionary item, your shares will be considered broker non-votes on that proposal.

As the beneficial owner of shares, you are invited to attend the annual meeting. If you are a beneficial owner, however, you may not vote your shares in person at the meeting unless you obtain a proxy form from the record holder of your shares.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or treated as broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken, and no other notice will be given.

How do I vote?

1. *You May Vote by Mail.* If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions. The enclosed envelope requires no additional postage if mailed in either the United States or Canada.

2. *You May Vote by Telephone or on the Internet.* If you are a registered shareholder (that is, if you hold your stock directly and not in street name), you may vote by telephone or on the Internet by following the instructions included on the proxy card. If you vote by telephone or on the Internet, you do not have to mail in your proxy card. Internet and telephone voting are available 24 hours a day. Votes submitted through the Internet or by telephone must be received by 11:59 p.m. Eastern time on April 20, 2004.

If your shares are held in street name, you still may be able to vote your shares electronically by telephone or on the Internet. A large number of banks and brokerage firms participate in a program provided through ADP Investor Communications Services that offers telephone and Internet voting options. If your shares are held in an account at a bank or brokerage firm that participates in the ADP program, you may vote those shares electronically by telephone or on the Internet by following the instructions set forth on the voting form provided to you.

NOTE: If you are a registered shareholder, you may elect to have next year's proxy statement and annual report made available to you via the Internet. We strongly encourage you to enroll in this service. It is a cost-effective way for us to send you proxy materials and annual reports.

Table of Contents

3. *You May Vote in Person at the Meeting.* If you are a registered shareholder and attend the meeting, you may deliver your completed proxy card in person. Additionally, we will pass out written ballots to registered shareholders who wish to vote in person at the meeting. Beneficial owners of shares held in street name who wish to vote at the meeting will need to obtain a proxy form from their record holder.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote:

by signing another proxy with a later date;

by voting by telephone or on the Internet (your latest telephone or Internet vote is counted); or

if you are a registered shareholder, by giving written notice of such revocation to the Secretary of SCS Transportation prior to or at the meeting or by voting in person at the meeting.

Your attendance at the meeting itself will not revoke your proxy unless you give written notice of revocation to the Secretary before your proxy is voted or you vote in person at the meeting.

Who will count the votes?

SCS Transportation's transfer agent, Mellon Investor Services LLC, will tabulate and certify the votes. A representative of the transfer agent will serve as an inspector of election.

How does the Board of Directors recommend I vote on the proposals?

Your Board recommends that you vote:

FOR the election of the two nominees to the Board of Directors; and

FOR the ratification of KPMG LLP as SCS Transportation's independent auditors.

What if I do not specify how my shares are to be voted?

If you submit a proxy but do not indicate any voting instructions, your shares will be voted:

FOR the election of the two nominees to the Board of Directors; and

FOR the ratification of KPMG LLP as SCS Transportation's independent auditors.

Will any other business be conducted at the meeting?

We know of no other business that will be presented at the meeting. If any other matter properly comes before the shareholders for a vote at the meeting, however, the proxy holders will vote your shares in accordance with their best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the two nominees as directors. This means that the two nominees will be elected if they receive more affirmative votes than any other person. If you vote *Withheld* with respect to one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have

withheld authority.

Table of Contents

How many votes are required to ratify the appointment of SCS Transportation's independent auditors?

The ratification of the appointment of KPMG LLP as SCS Transportation's independent auditors requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

How will abstentions be treated?

Abstentions will be treated as shares present for quorum purposes and entitled to vote, so they will have the same practical effect as votes against a proposal.

How will broker non-votes be treated?

Broker non-votes will be treated as shares present for quorum purposes, but not entitled to vote, so they will not affect the outcome of any proposal.

PROPOSAL 1

ELECTION OF DIRECTORS

Current Nominees

The Board of Directors currently consists of six directors divided into three classes (Class I, Class II and Class III). Directors in each class are elected to serve for three-year terms that expire in successive years. The terms of the Class II directors will expire at the upcoming annual meeting. The Board of Directors has nominated John J. Holland and Douglas W. Rockel for election as Class II directors for three-year terms expiring at the annual meeting of shareholders to be held in 2007 and until their successors are elected and qualified. Each nominee currently serves as a Class II director.

Each nominee has consented to being named in this proxy statement and has agreed to serve if elected. If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the proxy holders will vote your shares for the substitute nominee, unless you have withheld authority.

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the two nominees as directors. This means that the two nominees will be elected if they receive more affirmative votes than any other person.

CONSIDERATION OF DIRECTOR NOMINEES

Director Qualifications

The Board of Directors has adopted the SCS Transportation Corporate Governance Guidelines, which are available free of charge at www.scstransportation.com. Those guidelines set forth, among other things, director qualification standards, which provide as follows:

- A majority of the members of the Board of Directors must qualify as independent directors in accordance with the rules of The Nasdaq Stock Market;
- No member of the Board of Directors should serve on the Board of Directors of more than three other public companies;
- No person may stand for election as a director of the Company after reaching age 70, except any director on the Board of Directors as of December 31, 2003 may complete his current term as a director; and
- No director shall serve as a director, officer or employee of a competitor of the Company.

While the selection of qualified directors is a complex, subjective process that requires consideration of many intangible factors, the Corporate Governance Guidelines provide that directors and candidates for director generally should, at a minimum, meet the following criteria:

- Directors and candidates should have high personal and professional ethics, integrity, values and character and be committed to representing the interests of the Company and its shareholders;
- Directors and candidates should have experience and a successful track record at senior policy-making levels in business, government, technology, accounting, law and/or administration;
- Directors and candidates should have sufficient time to devote to the affairs of the Company and to enhance their knowledge of the Company's business, operations and industry; and
- Directors and candidates should have expertise or a breadth of knowledge about issues affecting the Company that is useful to the Company and complementary to the background and experience of other Board members.

Procedures for Nominations by Shareholders

The Nominating and Governance Committee has adopted policies concerning the process for the consideration of director candidates by shareholders. The Nominating and Governance Committee will consider director candidates submitted by shareholders of SCS Transportation. Any shareholder wishing to submit a candidate for consideration should send the following information to the Secretary of the Company, SCS Transportation, Inc., 4435 Main Street, Suite 930, Kansas City, Missouri 64111:

The name and address of the shareholder submitting the candidate as it appears on the Company's books; the number and class of shares owned beneficially and of record by such shareholder and the length of period held; and proof of ownership of such shares;

Name, age and address of the candidate;

A detailed resume describing, among other things, the candidate's educational background, occupation, employment history, and material outside commitments (e.g., memberships on other boards and committees, charitable foundations, etc.);

Any information relating to such candidate that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to the Securities Exchange Act of 1934 and rules adopted thereunder;

A description of any arrangements or understandings between the recommending shareholder and such candidate;

A supporting statement which describes the candidate's reasons for seeking election to the Board of Directors, and documents his or her ability to satisfy the director qualifications described in SCS Transportation's Corporate Governance Guidelines; and

A signed statement from the candidate, confirming his or her willingness to serve on the Board of Directors.

The Secretary of SCS Transportation will promptly forward such materials to the Nominating and Governance Committee Chair and the Chairman of the Board of SCS Transportation. The Secretary will also maintain copies of such materials for future reference by the Nominating and Governance Committee when filling Board positions.

If a vacancy arises or the Board decides to expand its membership, the Nominating and Governance Committee will seek recommendations of potential candidates from a variety of sources (including incumbent directors, shareholders, the Corporation's management and third party search firms). At that time, the Nominating and Governance Committee also will consider potential candidates submitted by shareholders in accordance with the procedures described above. The Nominating and Governance Committee then evaluates each potential candidate's educational background, employment history, outside commitments and other relevant factors to determine whether he or she is potentially qualified to serve on the Board. The Committee seeks to identify and recruit the best available candidates, and it intends to evaluate qualified shareholder candidates on the same basis as those submitted by other sources.

After completing this process, the Nominating and Governance Committee will determine whether one or more candidates are sufficiently qualified to warrant further investigation. If the process yields one or more desirable candidates, the Committee will rank them by order of preference, depending on their respective qualifications and SCS Transportation's needs. The Nominating and Governance Committee Chair, or another director designated by the Nominating and Governance Committee Chair, will then contact the desired candidate(s) to evaluate their potential interest and to set up interviews with the full Committee. All such interviews are held in person, and include only the candidate and the Nominating and Governance Committee members. Based upon interview results, the candidate's qualifications and appropriate background checks, the Nominating and Governance Committee then decides whether it will recommend the candidate's nomination to the full Board.

Table of Contents

Separate procedures apply if a shareholder wishes to submit a director candidate at the Company's Annual Meeting that is not approved by the Nominating and Governance Committee or the Board of Directors. Pursuant to Section 2.07(a) of the Amended and Restated By-Laws of the Company, for nominations to be properly brought before an annual meeting pursuant to clause (C) of paragraph (a)(i) of Section 2.07 of the By-Laws, the shareholder must have given timely notice thereof in writing to the Secretary of the Company. To be timely, a shareholder's notice must be delivered or mailed to and received at the principal executive offices of the Company not later than the close of business on the 90th calendar day nor earlier than the 120th calendar day prior to the anniversary date of the first mailing of the Company's proxy statement for the immediately preceding year's annual meeting. Such shareholder's notice shall set forth the following items:

As to each person whom the shareholder proposes to nominate for election or reelection as a director, all information relating to such person that is required to be disclosed in solicitations of proxies for election of directors in an election contest, or is otherwise required, in each case pursuant to the Securities Exchange Act of 1934 and the rules promulgated thereunder;

As to the shareholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made:

The name and address of such shareholder and of such beneficial owner as they appear on the Company's books;

The class and number of shares of the Company which are owned beneficially and of record by such shareholder and such beneficial owner;

A representation that the shareholder is a holder of record of stock of the Company entitled to vote at such meeting and intends to appear in person or by proxy at the meeting to propose such nomination; and

A representation whether the shareholder or the beneficial owner, if any, intends or is part of a group which intends to (i) deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Company's outstanding capital stock required to elect the nominee and/or (ii) otherwise to solicit proxies from shareholders in support of such nomination.

The foregoing summary is qualified in its entirety by reference to the Company's By-Laws, which have been filed with the Securities and Exchange Commission and copies of which are available from the Company.

SHAREHOLDER COMMUNICATIONS WITH THE BOARD OF DIRECTORS

The Board of Directors has adopted the following procedures for shareholders to send communications to the Board or individual directors of the Company:

Shareholders seeking to communicate with the Board of Directors should submit their written comments to the Secretary of the Company, SCS Transportation, Inc., 4435 Main Street, Suite 930, Kansas City, Missouri 64111. The Secretary of the Company will forward all such communications (excluding routine advertisements and business solicitations and communications which the Secretary of the Company, in his or her sole discretion, deems to be a security risk or for harassment purposes) to each member of the Board of Directors, or if applicable, to the individual director(s) named in the correspondence. Subject to the following, the Chairman of the Board and the Lead Independent Director will receive copies of all shareholder communications, including those addressed to individual directors, unless such communications address allegations of misconduct or mismanagement on the part of the Chairman. In such event, the Secretary of the Company will first consult with and receive the approval of the Lead Independent Director before disclosing or otherwise discussing the communication with the Chairman.

Table of Contents

The Company reserves the right to screen materials sent to its directors for potential security risks and/or harassment purposes, and the Company also reserves the right to verify ownership status before forwarding shareholder communications to the Board of Directors.

The Secretary of the Company will determine the appropriate timing for forwarding shareholder communications to the directors. The Secretary will consider each communication to determine whether it should be forwarded promptly or compiled and sent with other communications and other Board materials in advance of the next scheduled Board meeting.

Shareholders also have an opportunity to communicate with the Board of Directors at the Company's Annual Meeting of Shareholders. The Company's Corporate Governance Guidelines provide that absent unusual circumstances, directors are expected to attend all Annual Meetings of Shareholders. All directors attended the 2003 Annual Meeting of Shareholders.

DIRECTORS' COMPENSATION

Non-employee (outside) directors receive:

An annual retainer of \$20,000 (Committee chairpersons also receive an additional annual fee of \$5,000);

\$1,000 for each Board meeting attended in person and \$500 for participation in each telephonic Board meeting; and

\$1,000 for each committee meeting attended in person and \$500 for participation in each telephonic committee meeting.

Pursuant to the 2003 Omnibus Incentive Plan, at least 50 percent of the annual retainer for each non-employee director and at least 50 percent of the annual fee paid to each Committee chairperson is paid in SCS Transportation common stock, rather than cash, with the value of such stock based on the fair market value of SCS Transportation common stock at the date of the annual meeting. In addition, pursuant to the 2003 Omnibus Incentive Plan, non-employee directors receive an option to purchase 5,000 shares of SCS Transportation common stock on the first business day following each annual meeting of shareholders. (In 2003, non-employee directors received an option to purchase 7,500 shares of SCS Transportation common stock.) In all cases, the exercise price for the stock options is equal to the fair market value of SCS Transportation common stock on the date of grant, is exercisable six months after the date of grant and will remain exercisable for 10 years, subject to the terms of the plan. Under the Directors' Deferred Fee Plan, non-employee directors may defer all or a portion of fees earned, which deferrals are converted into units equivalent to the value of Company common stock. Upon the directors' termination, death or disability, accumulated deferrals are distributed in the form of Company common stock. Mr. Trucksess, the only director who is also an SCS Transportation employee, receives no additional compensation for serving as a director.

The Board of Directors has adopted a guideline for stock ownership for directors that provides that each non-employee director retain so long as they serve on the Board any annual retainers paid in stock and shall retain in stock all after-tax proceeds from the exercise of any stock options. In addition, directors are to retain any stock otherwise acquired so long as they serve on the Board. The Board believes significant stock ownership by non-employee directors further aligns their interests with the interests of SCS Transportation's shareholders.

Table of Contents**PROPOSAL 2****RATIFICATION OF APPOINTMENT OF INDEPENDENT AUDITORS****Appointment of Auditors**

KPMG LLP audited SCS Transportation's annual financial statements for the fiscal year ended December 31, 2003. The Audit Committee has appointed KPMG LLP to be SCS Transportation's independent auditors for the fiscal year ending December 31, 2004. The shareholders are asked to ratify this appointment at the annual meeting. A representative of KPMG LLP will be present at the meeting to respond to appropriate questions and to make a statement if they so desire.

Auditor Fees

KPMG LLP billed SCS Transportation the following amounts for services provided during fiscal 2002 and 2003:

	<u>2002</u>	<u>2003</u>
Audit Fees	\$85,930	\$327,049
Audit-Related Fees	8,669	35,743
Tax Fees		
All Other Fees		
	<u> </u>	<u> </u>
Total Fees	<u>\$94,599</u>	<u>\$362,792</u>

Audit Fees. This category includes the fees and out-of-pocket expenses for the audit of SCS Transportation's annual financial statements and review of SCS Transportation's quarterly reports. The 2002 audit fees exclude \$86,250 in fees and expense for the Company's 2002 audit and quarterly reports which was billed to and paid by the former parent company and allocated to SCS Transportation during the period prior to SCS Transportation's spin-off on September 30, 2002.

Audit-Related Fees. This category consists of fees and out-of-pocket expenses for assurance and related services reasonably related to the performance of the audit or the review of SCS Transportation's financial statements, not otherwise reported under Audit Fees.

Tax Fees. This category consists of fees for tax compliance, tax advice and tax planning.

All Other Fees. This category consists of fees for other non-audit services.

The Audit Committee has a written policy governing the engagement of SCS Transportation's independent auditors for audit and non-audit services. Under this policy, the Audit Committee is required to pre-approve all audit and non-audit services performed by the Company's independent auditor to assure that the provision of such services does not impair the auditor's independence. Under the Audit Committee policy, the independent auditor may not perform any non-audit service which independent auditors are prohibited from performing under the rules and regulations of the Securities and Exchange Commission. The Audit Committee may delegate its pre-approval authority to one or more of its members, but not to management. The member or members to whom such authority is delegated shall report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

At the beginning of each fiscal year, the Audit Committee reviews with management and the independent auditor the types of services that are likely to be required throughout the year. Those services are comprised of four categories: audit services, audit-related services, tax services and all other permissible services. The independent auditor provides for each proposed service documentation regarding the specific services to be provided. At that time, the Audit Committee pre-approves a list of specific services that may be provided within each of these categories, and sets fee limits for each specific service or project. Management is then authorized to engage the independent auditor to perform the pre-approved services as needed throughout the year, subject to providing the Audit Committee with regular updates. The Audit

Table of Contents

Committee reviews all billings submitted by the independent auditor on a regular basis to ensure that their services do not exceed pre-defined limits. The Audit Committee must review and approve in advance, on a case-by-case basis, all other projects, services and fees to be performed by or paid to the independent auditor. The Audit Committee also must approve in advance any fees for pre-approved services that exceed the pre-established limits, as described above.

Change of Auditors During 2002

On May 17, 2002, SCS Transportation's former parent, Yellow Corporation, dismissed its independent auditors, Arthur Andersen LLP, and engaged the services of KPMG LLP as its new independent auditors. The change in auditors became effective on May 17, 2002. Following the September 30, 2002 spin-off of SCS Transportation from Yellow Corporation, SCS Transportation's Audit Committee approved the retention of KPMG LLP as SCS Transportation's independent auditors for 2002.

During the two fiscal years ended December 31, 2001, and the subsequent interim period through May 17, 2002, there were no disagreements between SCS Transportation and Arthur Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreements, if not resolved to Arthur Andersen's satisfaction, would have caused Arthur Andersen to make reference to the subject matter of the disagreement in connection with its reports.

None of the reportable events described under Item 304(a)(1)(v) of Regulation S-K occurred within the two fiscal years ended December 31, 2001 or within the interim period through May 17, 2002.

The audit report of Arthur Andersen on the consolidated financial statements of SCS Transportation as of and for the fiscal year ended December 31, 2001 did not contain any adverse opinion or disclaimer of opinion, nor was it qualified or modified as to uncertainty, audit scope or accounting principles.

In its letter dated May 17, 2002 to the Office of the Chief Accountant of the Securities and Exchange Commission, Arthur Andersen stated that it agreed with the statements in the three preceding paragraphs as it relates to SCS Transportation's former parent, Yellow Corporation. This letter was filed as Exhibit 3 to Yellow Corporation's Form 8-K, filed with the Securities and Exchange Commission on May 24, 2002.

During the two fiscal years ended December 31, 2001, and the subsequent interim period through May 17, 2002, SCS Transportation did not consult with KPMG LLP regarding any of the matters or events set forth in Item 304(a)(2)(i) and (ii) of Regulation S-K.

Vote Required For Ratification

The Audit Committee was responsible for selecting SCS Transportation's independent auditors for fiscal year 2004. Accordingly, shareholder approval is not required to appoint KPMG LLP as SCS Transportation's independent auditors for fiscal year 2004. The Board of Directors believes, however, that submitting the appointment of KPMG LLP to the shareholders for ratification is a matter of good corporate governance. The Audit Committee is solely responsible for selecting SCS Transportation's independent auditors. If the shareholders do not ratify the appointment, the Audit Committee will review its future selection of independent auditors.

The ratification of the appointment of KPMG LLP as SCS Transportation's independent auditors requires the affirmative vote of a majority of the shares present at the meeting in person or by proxy and entitled to vote.

**AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR
AND FISCAL YEAR-END OPTION VALUES**

The following table sets forth for each Named Executive Officer certain information about stock options exercised during the fiscal year ended December 31, 2003 and unexercised stock options held at the end of the fiscal year. The value realized upon exercise of an option is the difference between the exercise price of the option and the fair market value of SCS Transportation's common stock on the exercise date. The value of an unexercised in-the-money option at fiscal year-end is the difference between its exercise price and the fair market value of SCS Transportation's common stock on December 31, 2003. The actual gain, if any, on exercise will depend on the value of SCS Transportation's common stock on the date of exercise. An option is in-the-money if the fair market value of SCS Transportation's common stock exceeds the exercise price of the option. An option is unexercisable if it has not yet vested.

Name	Shares Acquired on Exercise(#)	Value Realized (\$)	Number of Shares Underlying Unexercised Options at Year-End(#)		Value of Unexercised In-the-Money Options at Year-End(\$)

LONG-TERM INCENTIVE PLANS AWARDS IN LAST FISCAL YEAR

All long-term incentives awarded in fiscal 2003 were awarded under the 2003 Omnibus Incentive Plan, which was approved by the shareholders at the 2003 annual meeting. The performance period for these awards is three years from the date of issuance of the awards.

Each participant who received an award is assigned a target cash incentive, which is a percentage of average annual base salary during the three years of the performance period. The amount of the target cash incentive that is paid to a participant with respect to the three-year performance period is based on the total shareholder return of SCS Transportation compared to the total shareholder return of 14 peer companies as follows:

If SCS Transportation's Total Shareholder Return Over the Performance Period as Compared to Peer Companies	Then the Percentage of Target Cash Incentive Payable to Participant is
Ranks 4th or higher	200%
Ranks 5th	175%
Ranks 6th	150%
Ranks 7th	125%
Ranks 8th	100%
Ranks 9th	75%
Ranks 10th	50%
Ranks 11th	25%
Ranks < 11th	0%

If the total shareholder return of SCS Transportation for the three-year period is negative, no payouts are made under the award. Payouts are made in cash at the end of the three-year performance period.

Because the amount of an executive's payout is based on the Company's total shareholder return compared to that of members of a peer group over a three-year period, the exact amount of the payout (if

any) cannot be determined at this time. The following table describes the long term incentive grants made to the Named Executive Officers during 2003.

Name	Number of Shares, Units or Other Rights(#)	Performance or Other Period Until Maturation or Payout
Herbert A. Trucksess, III	(1)	2003 - 2005
Richard D. O Dell	(2)	2003 - 2005

James J. Bellinghausen	(4)	2003 - 2005
John P. Burton	(4)	2003 - 2005

- (1) With respect to Mr. Trucksess, the target payout percentage is 70% of average base salary over the performance period.
- (2) With respect to Mr. O Dell, the target payout percentage is 60% of average base salary over the performance period.
- (3) With respect to Mr. Karvois, the target payout percentage is 50% of average base salary over the performance period.
- (4) With respect to Mr. Bellinghausen and Mr. Burton, the target payout percentage is 25% of average base salary over the performance period.

RETIREMENT PLANS**Defined Contribution Plans**

SCS Transportation and its subsidiaries sponsor defined contribution retirement plans that contain provisions for cash or deferred arrangements under Section 401(k) of the Internal Revenue Code. The arrangements allow eligible employees to contribute a percentage of annual compensation, before federal income taxes, to the plans. For 2003, the maximum annual employee contribution was \$12,000 of eligible compensation, such compensation not to exceed \$200,000. In addition, a participant who is at least age 50 or attains age 50 during the year may elect a catch-up contribution of up to \$2,000.

To encourage plan participation, SCS Transportation matches employee contributions at the rate of 50 percent up to a maximum employee contribution of 6 percent of annual compensation. Under the Saia Motor Freight Line, Inc. (Saia) plan, matching company contributions are vested immediately. Under the Jevic Transportation, Inc. (Jevic) plan, matching company contributions vest progressively over a six-year period unless termination is the result of death or disability in which case the matching company contributions are 100 percent vested.

A participant may choose to invest his or her account balance among one or a combination of mutual funds that are valued on a daily basis. SCS Transportation stock is not an available investment option under either plan.

Account balances become distributable to the participant at the cessation of employment, retirement on or after age 65 or death. Participants have various options available to them as to the timing and method of distribution.

The Named Executive Officers participate in their respective company plans and the executive officers of SCS Transportation are eligible to participate in the Saia plan. The amounts which the Named Executive Officers have chosen to contribute to the defined contribution plans are included in the salary column of the Summary Compensation Table and the matching contributions are included in the All Other Compensation column.

Table of Contents

Non-Qualified Deferred Compensation Plan

SCS Transportation maintains a non-qualified deferred compensation plan, titled the SCST Executive Capital Accumulation Plan. The officers of SCS Transportation, Saia and Jevic are eligible to participate in the Plan.

Annually, each company contributes an amount equal to 5 percent of each participant's base salary and annual incentive plan payments to the plan. In addition, to the extent a participant's contribution to their respective 401(k) plan is limited under restrictions placed on Highly Compensated Employees under ERISA, the participant may elect to contribute the limited amount to the Capital Accumulation Plan. To the extent each company was unable to match participant contributions under the 401(k) plan because of the ERISA limitations, the matching contributions will be made by each company to the Capital Accumulation Plan.

The plan also allows the participant to make an elective deferral each year of up to 50 percent of base salary or 100 percent of any annual incentive plan payment. The participant must irrevocably elect the elective deferral on or before November 30 of the year preceding the year for which compensation is being deferred.

The plan is designed to provide the same investment options to participants as are available under their respective 401(k) plans, except that participants may also elect to invest in SCS Transportation stock under the SCST Executive Capital Accumulation Plan. Participants may elect to transfer balances between investment options, other than SCS Transportation stock, without restriction at any time throughout the year.

Plan balances become distributable to the participant upon termination of employment. In order to be eligible to receive payment of the 5 percent annual company contribution, the participant must have been employed by SCS Transportation or an affiliated company, including service with Yellow Corporation prior to the spin-off of SCS Transportation from Yellow Corporation, for a period of at least five years, unless termination is the result of disability or death.

If a participant is terminated for cause, as defined under the plan, all amounts plus investment earnings attributable to the 5 percent annual company contribution are forfeited.

EMPLOYMENT CONTRACTS AND CHANGE-IN-CONTROL ARRANGEMENTS

Employment Contracts

SCS Transportation has entered into an employment agreement with H. A. Trucksess III. SCS Transportation and Saia Motor Freight Line, Inc., a wholly owned subsidiary of SCS Transportation, entered into an employment agreement with Richard D. O'Dell. SCS Transportation and Jevic Transportation, Inc., an indirect wholly owned subsidiary of SCS Transportation, entered into an employment agreement with Paul J. Karvois. The terms and conditions of the employment agreements with these officers are summarized below.

Term. The employment agreement with Mr. Trucksess is for three years and the employment agreements with Mr. O'Dell and Mr. Karvois are for two years. Each agreement was entered into in November 2002 with the term renewing daily.

Compensation. During the employment period, the executive officers (i) receive a base salary (which shall be reviewed annually but shall at no time during the term of the agreement be decreased from the rate then in effect); (ii) participate in a bonus program for which the criteria and parameters for payment are determined annually by the Compensation Committee of the Board of Directors; and (iii) participate in employee benefit plans made available by SCS Transportation to its executives from time to time.

Table of Contents

Mr. Trucksess receives a supplemental retirement benefit that is intended to provide Mr. Trucksess with approximately the difference between the supplemental retirement benefits that he would have received under his previous employment contract with his former employer (Yellow Corporation), had Mr. Trucksess continued his employment with Yellow Corporation, and the expected actual retirement benefits Mr. Trucksess will be entitled to from Yellow Corporation. Mr. Trucksess's supplemental retirement benefit will generally be computed using 16 years of credit service plus his actual combined service at SCS Transportation and Yellow Corporation (approximately 10 years at December 31, 2003).

Pursuant to his employment contract, at age 65, Mr. Trucksess will receive an annual pension benefit amounting to (a) one and three sevenths percent of his final average annual compensation paid in the five highest consecutive years of his last 10 consecutive years of combined employment with SCS Transportation and Yellow Corporation, multiplied by his total combined years of employment with SCS Transportation and Yellow Corporation, reduced by (b) one and three sevenths percent of his primary Social Security entitlement at retirement, multiplied by his total combined years of employment with SCS Transportation and Yellow Corporation, such amount further reduced by the benefits under the Yellow Corporation qualified and nonqualified pension plans and the SCS Transportation nonqualified plan attributable to SCS Transportation's contributions. His total combined years of employment with SCS Transportation and Yellow Corporation is computed by adding (a) his actual years and months of service with SCS Transportation and Yellow Corporation from June 1, 1994 through the date of his termination and (b) 16 years and (c) one-third of [the sum of (a) his actual years and months of service with SCS Transportation and Yellow Corporation from June 1, 1994 through the date of his termination and (b) 16 years, minus (c) 17.95 years]. The following table sets forth the gross annual benefits (single life at age 65), before deduction of the applicable primary Social Security offset amount, payable to Mr. Trucksess upon retirement under the SCS Transportation nonqualified plan and the SCS Transportation employment agreement.

800,000	178,850	245,500	312,150

(2) The estimated annual benefit Mr. Trucksess is entitled to receive from Yellow Corporation at age 65 is \$154,500.

Termination. Each employment agreement terminates immediately upon the executive officer's death. The employer may terminate the executive's employment agreement in the event of the permanent and total disability of the executive or for cause. Each executive officer may terminate his employment at any time by providing 30 days' notice to the employer, in which case the executive shall receive base salary to the date of termination and all outstanding stock options held by the executive shall be forfeited.

Table of Contents

Benefits for Qualifying Terminations. A Qualifying Termination is defined as a termination by the employer for any reason other than for cause, disability or death. A Qualifying Termination is also deemed to occur if the executive terminates his agreement for good reason (principally relating to assignment of duties inconsistent with the officer's position, reductions in compensation or certain employment transfers). In addition, a Qualifying Termination is deemed to occur if the executive resigns or is terminated within two years after a change of control.

In the event of a Qualifying Termination: (i) the executive officer will receive a lump sum cash payment equal to three times the annual rate of base compensation in the case of Mr. Trucksess and two times the annual rate of base compensation in the case of Mr. O Dell and Mr. Karvois; (ii) the executive officer will receive a pro rated target bonus based on the actual portion of the fiscal year elapsed prior to the termination of the executive's employment; (iii) beginning on the date of the executive's termination of employment, the executive (and spouse if applicable) shall remain covered under the employee benefit plans in which he participated prior to termination of employment for 36 months with respect to Mr. Trucksess and for 24 months with respect to Mr. O Dell and Mr. Karvois; and (iv) all outstanding stock options held by the executive officer at the time of termination shall vest and remain exercisable for three years in the case of Mr. Trucksess and two years in the case of Mr. O Dell and Mr. Karvois. In addition, in the event of a Qualifying Termination of Mr. Trucksess, he will become eligible to receive the supplemental retirement benefits referred to above.

SCS Transportation agrees to pay any taxes incurred by the officer for any payment, distribution or other benefit (including any acceleration of vesting of any benefit) received or deemed received by the officer under the employment agreement that triggers the excise tax imposed by Section 4999 of the Internal Revenue Code.

Under the employment agreements, each executive officer has agreed that, during the period of employment and for the two-year period following his termination, he or his affiliates will not engage (whether as owner, operator, manager, employee, officer, director, consultant, advisor, representative or otherwise), directly or indirectly, in any endeavor, activity or business that competes with SCS Transportation or any of its affiliates and he will not solicit for employment or hire any employees of the employer or its affiliates or divert or attempt to divert from the employer any business with any customer or account of the employer.

Change of Control Agreements

Each of the Named Executive Officers in the Summary Compensation Table is party to an Executive Severance Agreement. In the event of a Change of Control of SCS Transportation followed within two years by (i) the termination of the executive's employment for any reason other than death, disability, retirement or cause or (ii) the resignation of the executive due to an adverse change in title, authority or duties, a transfer to a new location, a reduction in salary, or a reduction in fringe benefits or annual bonus below a level consistent with SCS Transportation's practice prior to a Change of Control, the Executive Severance Agreements provide that the executive shall (i) be paid a lump sum cash amount equal to the sum of two times (except for Mr. Trucksess for which the computation is three times) the executive's highest compensation (salary plus annual bonus) for any consecutive 12 month period within the previous three years; and (ii) remain eligible for coverage under applicable medical, life insurance and long-term disability plans for two years (three years in the case of Mr. Trucksess) following termination. (In the case of Mr. Trucksess, Mr. O Dell and Mr. Karvois, payments are only to the extent that they would exceed payments under the change of control provisions of their employment agreements.)

SCS Transportation agrees to pay any taxes incurred by the officer for any payment, distribution or other benefit (including any acceleration of vesting of any benefit) received or deemed received by the officer under the Executive Severance Agreement or otherwise that triggers the excise tax imposed by Section 4999 of the Internal Revenue Code.

For the purpose of the Agreements, a Change of Control will be deemed to have taken place if: (i) a third person, including a group as defined in Section 13(d)(3) of the Securities Exchange Act of

REPORT ON EXECUTIVE COMPENSATION OF THE**COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS**

The Compensation Committee of the Board of Directors of SCS Transportation has prepared the following report regarding 2003 executive compensation. The Compensation Committee, which is composed entirely of non-employee directors, is responsible for all components of SCS Transportation's officer compensation programs and the aggregate cost-related aspects of non-officer compensation. The Compensation Committee works closely with the entire Board of Directors in the execution of its duties. This report is required by rules established by the Securities and Exchange Commission and provides specific information regarding compensation for SCS Transportation's Chairman, President and Chief Executive Officer, and the other Named Executive Officers listed in the Summary Compensation Table, as well as compensation information of all executive officers of SCS Transportation.

Table of Contents

Compensation Philosophy and Objectives of Executive Compensation Programs

It is the philosophy of SCS Transportation and the Committee that all compensation programs should (1) link pay and performance and (2) attract, motivate, reward and facilitate the retention of the executive talent required to achieve corporate objectives. SCS Transportation also focuses strongly on compensation tied to stock price performance, since this form of compensation provides a clear link to enhanced shareholder value. From time to time, the Committee works with compensation consultants to assist with the design, implementation, and communication of various compensation plans.

SCS Transportation determines competitive levels of compensation using published compensation surveys (for companies of comparable size to SCS Transportation as measured by revenues), information obtained from compensation consultants, and analysis of compensation data contained in the proxy statements for transportation industry peer companies.

SCS Transportation's compensation programs for executives include base salaries, annual performance-based incentives, long-term incentives, and certain executive benefits. Each of these pay delivery programs is further detailed below.

Base Salaries

Base salaries for SCS Transportation's Named Executive Officers in 2003 were reviewed through comparisons with the market survey data described above. Overall, SCS Transportation's base salaries for Named Executive Officers (other than the CEO) are close to the market 50th percentile in the aggregate. The Committee's intent is to target the marketplace 50th percentile for officer base salaries, over time, based on performance and growth in the experience of our executives. In 2003, the Named Executive Officers (other than the CEO) received base salary increases ranging from 2% to 10% based on individual performance and market norms.

Annual Incentive Compensation

SCS Transportation's annual incentive plan is structured to provide cash incentives to key employees based on the achievement of key corporate, business unit (for business unit employees) and individual objectives. Under the plan, funding pools are created at the corporate and business unit levels based on overall company and business unit performance on selected financial goals. For 2003, the corporate goals under the plan were net income and return on capital. The 2003 business unit goals for Jevic and Saia were operating income and return on capital. The plan is structured with target awards set near the market 50th percentile, with an opportunity to achieve upper quartile payouts for outstanding performance.

Actual annual incentives paid to Named Executive Officers in the corporate incentive pool were slightly under target, since overall corporate performance was slightly below target. Actual annual incentive payouts for Saia were slightly above target while those for Jevic were below target as a result of the performance of these units relative to plan objectives.

Long-Term Incentive Compensation

SCS Transportation believes that its executive officers should have an ongoing stake in the success of SCS Transportation. SCS Transportation also believes these key employees should have a considerable portion of their total compensation tied to SCS Transportation's stock price performance, since stock-related compensation is tied to shareholder value.

Under the Company's 2003 Omnibus Incentive Plan, which was approved by shareholders at last year's annual shareholder meeting, the Compensation Committee has the authority to provide long-term incentives to key employees using a variety of devices, including stock options, restricted stock, and performance units. In order to effectively limit potential shareholder dilution while at the same time providing a strong focus on creating value relative to other companies in our industry, the Committee chose to provide long-term incentives in the form of performance units in 2003. Under the performance unit program, participants earn cash awards for SCS Transportation's total shareholder return

Table of Contents

(TSR) performance relative to the industry peers shown in the performance graph of this proxy statement over the 2003-2005 period. However, SCS Transportation's TSR must be positive under the plan in order for any payout to occur. Also, the Company has adopted guidelines providing that the equivalent of 50% of after tax proceeds of any award earned be converted into SCS Transportation share ownership, with these shares to be held for a minimum of 5 years. The guidelines can be satisfied through purchases of Company stock; the exercise of stock options (with the investment being equal to the exercise price paid plus income tax liability created); and through investment in stock equivalent units in the Company's non-qualified tax deferred plan (in which case the guidelines specify 50% of pre-tax proceeds rather than after tax proceeds).

The performance unit target awards for the 2003-2005 performance period have generally been set below the market 50th percentile, in order to effectively manage the aggregate cost of the program. Actual awards are not scheduled to be paid out until the first quarter of 2006, based on a final determination of TSR over the performance period.

2003 Chief Executive Officer Compensation

The discussion below applies to Mr. Trucksess' 2003 compensation.

Base Salary. Mr. Trucksess' salary was initially adjusted in October 2002 following the Company's spin-off with subsequent increases targeted for each January starting in January 2004. Accordingly, Mr. Trucksess' annual base salary was not changed during 2003. His 2003 base salary was below the market 50th percentile. Effective January 1, 2004, Mr. Trucksess' annual base salary was increased to \$475,000.

Annual Incentive Award. Based on SCS Transportation's performance on the measures described under the Annual Incentive Compensation section above, the Compensation Committee provided Mr. Trucksess with an annual incentive of \$290,651 for 2003. This award was slightly below target, since corporate performance on net income and return on capital for SCS Transportation was slightly below the target set by the Committee.

Long-Term Incentives. Mr. Trucksess participates in the performance unit plan described above. His target award under the plan for the 2003-2005 performance period is below the market 50th percentile. No awards are scheduled to be paid under this plan until the first quarter of 2006, based on a final determination of TSR over the performance period.

Limitation of Tax Deduction for Executive Compensation

Under Section 162(m) of the Internal Revenue Code, publicly traded companies may not receive a tax deduction on non-performance based compensation to executive officers in excess of \$1 million. Awards under SCS Transportation's performance unit plan under the 2003 Omnibus Incentive Plan qualify as performance-based compensation under the law. Except with respect to the performance unit plan, no specific actions have been taken with regard to cash compensation to comply with Section 162(m) at this time, since only the CEO's cash compensation has the potential to be effected by the \$1 million limit, and then only in an outstanding performance year.
