**PROXY STATEMENT**  
**ANNUAL MEETING OF STOCKHOLDERS**  
**September 15, 2005**  
**GENERAL INFORMATION**

The enclosed proxy is solicited on behalf of Methode Electronics, Inc. ( Methode ) in connection with an annual meeting of our stockholders to be held on Thursday, September 15, 2005 at 3:30 p.m., Chicago time, at the Fountain Blue Conference Center, 2300 South Mannheim Road, Des Plaines, Illinois, and at any adjournment or postponement of the annual meeting.

At the annual meeting, we will ask our stockholders to elect our board of directors.

This proxy statement and the accompanying proxy card are first being mailed to our stockholders on or about August 12, 2005.

**Record Date; Shares Outstanding**

Our board of directors has fixed the close of business on July 27, 2005 as the record date for the determination of stockholders entitled to notice of and to vote at the annual meeting and at any adjournment or postponement thereof. As of the record date, there were 37,359,565 shares of our common stock outstanding. All shares of our common stock are entitled to vote at the annual meeting.

**Quorum; Votes Required**

The presence, in person or by proxy, of the holders of a majority of the outstanding shares of our common stock is necessary to constitute a quorum at the annual meeting. Both abstentions and broker non-votes are counted as present for the purpose of determining the presence of a quorum at the annual meeting. Generally, broker non-votes occur when shares held by a broker or nominee for a beneficial owner are not voted with respect to a particular proposal because the broker or nominee has not received voting instructions from the beneficial owner and the broker or nominee lacks discretionary power to vote such shares.

At the annual meeting, each holder of common stock will be entitled to one vote per share. The election of our board of directors requires the approval by a majority of the shares of common stock represented at the meeting and entitled to vote, assuming a quorum is present. Because abstentions and broker non-votes are counted in determining the presence of a quorum at the annual meeting, such votes have the effect of voting against the election of directors.

**Voting Procedures**

It is important that your shares be represented and voted at the annual meeting. Whether or not you plan to attend the annual meeting, please complete, sign, date and mail the accompanying proxy card in the enclosed self-addressed, stamped envelope, or deliver your proxy by telephone or the Internet. In order to grant a proxy by Internet, go to [www.proxyvote.com](http://www.proxyvote.com) and enter your individual 12-digit control number found on your proxy card in order to obtain your records and to create an electronic voting instruction form. In order to grant a proxy by telephone, call 1-800-690-6903 and enter your individual 12-digit control number found on your proxy card and then follow the instructions given over the telephone. You may grant your proxy by Internet or by telephone up until 11:59 p.m. Eastern Time the day before the annual meeting date. Please do not submit a proxy card if you delivered your proxy by telephone or the Internet unless you intend to change your voting instructions.

---

**Table of Contents**

If you return a proxy without direction, the proxy will be voted FOR the election of all nine director nominees.

**Revoking Your Proxy**

If you decide to change your vote, you may revoke your proxy at any time before the annual meeting. You may revoke your proxy by notifying our Corporate Secretary in writing that you wish to revoke your proxy at the following address: Methode Electronics, Inc., 7401 West Wilson Avenue, Chicago, Illinois 60706, attention Corporate Secretary. You may also revoke your proxy by submitting a later-dated and properly executed proxy (including by means of the telephone or Internet) or by voting in person at the annual meeting. Attendance at the annual meeting will not, by itself, revoke a proxy.

**Proxy Solicitation Expenses**

We will bear the entire cost of the solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. Copies of solicitation materials will be furnished to banks, brokerage houses, fiduciaries and custodians holding shares of our common stock beneficially owned by others to be forwarded to such beneficial owners. We will reimburse such persons for their reasonable costs of forwarding solicitation materials to such beneficial owners. Our directors, officers or other regular employees may solicit proxies by telephone, by e-mail, by fax or in person. No additional compensation will be paid to directors, officers and other regular employees for such services.

## **Table of Contents**

During fiscal year 2005, no director attended less than 75% of the aggregate of the total number of meetings of the board and the total number of meetings held by the respective committees on which he or she served. Under our Corporate Governance Guidelines, our directors are expected to attend board and stockholder meetings and meetings of committees on which they serve and to meet as frequently as necessary to properly discharge their responsibilities.

Our independent directors hold regularly scheduled executive sessions at which only independent directors are present. Pursuant to our Corporate Governance Guidelines, the Chairman of the Board is the Presiding Director of such sessions.

The Audit, Compensation, Nominating and Governance and Technology Committees operate pursuant to charters adopted by the board, which may be found on our website at *www.methode.com*. See Audit Committee Matters below for more information regarding the Audit Committee.

### **Nominating Process of the Nominating and Governance Committee**

The Nominating and Governance Committee is responsible for identifying and recommending to the board of directors individuals qualified to become directors consistent with criteria approved by the board. In considering potential candidates for the board, including with respect to nominations for re-election of incumbent directors, the Committee considers the potential candidate's integrity and business ethics; strength of character, judgment and experience, consistent with the needs of Methode; specific areas of expertise and leadership roles; and the ability to bring diversity to the board. The Committee also considers the ability of the individual to allocate the time necessary to carry out the tasks of board membership including membership on appropriate committees. No person shall be nominated for election as a director after his or her 75th birthday.

The Committee identifies potential nominees by asking current directors and others to notify the Committee if they become aware of persons, meeting the criteria described above, who may be available to serve on the board. The Committee has sole authority to retain and terminate any search firm used to identify director candidates and has sole authority to approve the search firm's fees and other retention terms. Historically, the Committee has not engaged third parties to assist in identifying and evaluating potential nominees, but would do so in those situations where particular qualifications are required to fill a vacancy and the board's contacts are not sufficient to identify an appropriate candidate.

The Committee will consider suggestions from Methode's stockholders. Any recommendations received from stockholders will be evaluated in the same manner that potential nominees suggested by board members are evaluated. Upon receiving a stockholder recommendation, the Committee will initially determine the need for additional or replacement board members and evaluate the candidate based on the information the Committee receives with the stockholder recommendation or may otherwise acquire, and, may, in its discretion, consult with the other members of our board. If the Committee determines that a more comprehensive evaluation is warranted, the Committee may obtain additional information about the director candidate's background and experience, including by means of interviews with the candidate.

Our stockholders may recommend candidates at any time, but the Committee requires recommendations for election at an annual meeting of stockholders to be submitted to the Committee no later than 120 days before the first anniversary of the date of the proxy statement sent to stockholders in connection with the previous year's annual meeting. The Committee believes this deadline is appropriate and in the best interests of Methode and our stockholders because it ensures that the Committee has sufficient time to properly evaluate all proposed candidates. Therefore, to submit a candidate for consideration for nomination at the 2006 Annual Meeting of Stockholders, a stockholder must submit the recommendation, in writing, by April 15, 2006. The written notice must include:

the name, age, business address and residence address of each proposed nominee and the principal occupation or employment of each nominee;

the number of shares of Methode stock that each nominee beneficially owns;

a statement that each nominee is willing to be nominated; and

**Table of Contents**

any other information concerning each nominee that would be required under the rules of the Securities and Exchange Commission in a proxy statement soliciting proxies for the election of those nominees.

Recommendations must be sent to the Nominating and Governance Committee, Methode Electronics, Inc., 7401 West Wilson Avenue, Chicago, Illinois 60706.

**Communications with Directors**

Methode's annual meeting of stockholders provides an opportunity each year for stockholders to ask questions of, or otherwise communicate directly with, members of our board of directors on appropriate matters. All of our directors attended the 2004 annual meeting. We anticipate that all of our directors will attend the 2005 annual meeting.

In addition, stockholders may, at any time, communicate in writing with any particular director, or independent directors as a group, by sending such written communication to the Corporate Secretary of Methode Electronics, Inc. at 7401 West Wilson Avenue, Chicago, Illinois 60706. Copies of written communications received at such address will be provided to the relevant director or the independent directors as a group unless such communications are considered, in the reasonable judgment of the Corporate Secretary, to be improper for submission to the intended recipient(s). Examples of stockholder communications that would be considered improper for submission include, without limitation, customer complaints, solicitations, communications that do not relate directly or indirectly to Methode or Methode's business or communications that relate to other improper or irrelevant topics.

**Codes of Business Conduct and Ethics**

The board of directors has adopted a Code of Business Conduct and Ethics for members of the board of directors, as well as a Code of Business Conduct that applies to our principal executive officer, principal financial officer, principal accounting officer or controller and persons performing similar functions, as well as other employees. The codes may be found on our website at [www.methode.com](http://www.methode.com).

If we make any substantive amendments to the Code of Business Conduct or grant any waiver, including any implicit waiver, from a provision of the Code of Business Conduct to our principal executive officer, principal financial officer, principal accounting officer or controller or persons performing similar functions, we will disclose the nature of such amendment or waiver on our website or in a report on Form 8-K in accordance with applicable rules and regulations.

**AUDIT COMMITTEE MATTERS**

**Report of the Audit Committee**

The Audit Committee oversees Methode's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process, including the system of internal control. The board has determined that each member of the Audit Committee meets the requirements as to independence, experience and expertise established by NASDAQ Stock Market. In addition, the board has determined that Mr. Skatoff is an Audit Committee financial expert as defined by the Securities and Exchange Commission. In fulfilling its oversight responsibilities, the Audit Committee reviewed and discussed the audited financial statements in the Annual Report on Form 10-K with management, including a discussion of the quality, not just the acceptability, of the accounting principles; the reasonableness of significant judgments; and the clarity of disclosures in the financial statements.

The Audit Committee reviewed and discussed with Methode's independent registered public accounting firm, Ernst & Young LLP (Ernst & Young), which is responsible for expressing an opinion on the conformity of the audited financial statements with U.S. generally accepted accounting principles, the firm's judgments as to the quality, not just the acceptability, of Methode's accounting principles and such other matters as are required to be discussed under the standards of the Public Company Accounting Oversight Board (United States).

Ernst & Young provided to the Committee the written disclosures and the letter required by Independence Standards Board Standard No. 1, as amended (Independence Discussions with Audit Committees). The Audit Committee discussed with Ernst & Young the firm's independence from management and Methode and considered the compatibility of nonaudit services with the firm's independence.

The Audit Committee discussed with Methode's internal auditors and Ernst & Young the overall scope and plans for their respective audits. The Audit Committee meets with the internal auditors and Ernst & Young, with and without management present, to discuss the results of their examinations, their evaluations of Methode's internal control, and the overall quality of Methode's financial reporting. The Committee also discussed with Ernst & Young matters related to the financial reporting process required to be discussed by Statement on Auditing Standards No. 61, as amended (Communication with Audit Committees).

In reliance on the reviews and discussions referred to above, the Committee recommended to the board of directors (and the board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the year ended April 30, 2005 filed with the Securities and Exchange Commission.

**Long-Term Incentive Plans Awards In Last Fiscal Year**

Methode has a Longevity Contingent Bonus Program that covers certain officers and key management personnel. The longevity compensation amount is equal to the current bonus received by an eligible employee for a given quarter, and is earned and payable three years after the current quarter only if the eligible employee is still an employee of Methode and his or her employment performance is satisfactory. If for any reason other than death, disability or retirement the officer or key employee terminates his or her employment with Methode during the three-year period or his or her employment performance is not satisfactory, no longevity compensation is payable under this program. If employment terminates due to death, disability or retirement, all outstanding longevity compensation awards will continue to be paid pursuant to the established schedule. The following table includes information regarding amounts payable under the Longevity Bonus Program to the Named Executives based on the bonuses earned in fiscal 2005.

**Employment Agreements***Employment Security Agreements*

On December 21, 2001, Donald Duda, Douglas Koman, Robert Kuehnau and Thomas Reynolds each entered into an Employment Security Agreement with Methode. Each agreement provides that if within three years of a Change in Control (as defined below) or during a Period Pending a Change in Control (as defined below), Methode terminates the executive's employment without good cause or the executive voluntarily terminates his or her employment for good reason, the executive is entitled to (1) a lump sum cash payment equal to three times (one times in the case of Mr. Reynolds) the executive's annual salary, (2) a lump sum cash bonus payment equal to 100% of the executive's annual salary plus a pro-rata portion of the executive's earned but unpaid bonus, (3) continued participation in Methode's welfare benefit plans for three years (one year in the case of Mr. Reynolds) or until the executive becomes covered under other welfare benefit plans providing substantially similar benefits, (4) unpaid salary or other compensation earned with respect to periods prior to the executive's termination, including accumulated but unused vacation and accrued bonuses under the Longevity Contingent Bonus Program, and (5) a lump sum of any amount payable to the executive pursuant to a tax gross-up payment.

In general, a Change in Control shall have occurred if any of the following occur:

(1)

any person or group is or becomes the beneficial owner of 25 percent or more of Methode's common stock (excluding shares acquired directly from Methode or acquired in certain mergers and business combinations);

- (2) at any time during any period of two consecutive 12-month periods, members of Methode's board of directors at the beginning of the period (the Incumbent Board) cease for any reason to constitute at least a majority of the board. Directors approved by a majority of the Incumbent Board will be considered members of the Incumbent Board. However, directors elected in connection with an actual or threatened proxy contest or solicitation by a third party will not be considered members of the Incumbent Board for this purpose; or
- (3) there is a merger or other business combination of Methode pursuant to which Methode's stockholders own less than 60 percent of the voting stock of the surviving corporation.

**Table of Contents**

Period Pending a Change in Control is defined in each agreement as the period between the time an agreement is entered into by Methode with respect to a transaction which would constitute a Change in Control, and the closing of such transaction.

**Director Compensation**

During the 2005 fiscal year, directors who are not Methode employees were compensated as follows:

	<b>Director</b>	<b>Chair/Lead Director</b>	<b>Audit Chair</b>	<b>Other Comm. Chair</b>	<b>Audit Comm. Member</b>
Annual director retainer	\$ 35,000				
Additional annual retainer		\$ 25,000	\$ 20,000	\$ 10,000	\$ 5,000
Meeting fees for special board meetings and all committee meetings	\$ 500				
Restricted stock award grants	3,000				

Directors receive dividends on restricted stock subject to forfeiture. The restrictions on the restricted stock awards lapse ratably over three years. Directors who are also Methode employees are not paid for their services as directors or for attendance at meetings. For the 2006 fiscal year, the additional annual retainer for Audit Committee members will be increased to \$10,000 from \$5,000 and meeting fees for special board meetings and all committee meetings will be increased to \$1,000 from \$500.

**2004 Stock Plan**

The 2004 Stock Plan provides for awards of certain stock options, non-qualified stock options, stock appreciation rights, restricted stock and restricted stock units. All present and future directors, officers and employees are eligible to participate. One million shares have been reserved for issuance. All awards automatically vest, if within 12 months following a change of control the participant is terminated without cause or resigns for reasons relating to relocation, decreased responsibilities or compensation, and in the case of an incentive stock option, non-qualified stock option or stock appreciation right is exercisable for 90 days after termination. A change of control is defined as one of the following occurrences: (1) any person becomes the owner of more than 25% of the total vesting power of Methode's then outstanding common stock; (2) a tender offer is made for our stock, a change of control shall be deemed to have occurred upon the first to occur of (A) the person making the offer owns or has accepted payment for more than 25% of the voting stock or (B) three business days before the offer is to terminate, if, by the terms of the offer, the offeror could own more than 40% of the voting stock, or (3) individuals who were the board's nominees for election prior to a shareholders' meeting do not constitute a majority of the board following the election.

**Section 16(a) Beneficial Ownership Reporting Compliance**

Under the securities laws of the United States, Methode's directors, its executive officers, and any persons holding more than 10% of Methode's common stock are required to report their initial ownership of common stock and any subsequent changes in that ownership to the Securities and Exchange Commission. Specific due dates for these reports have been established and Methode is required to disclose in this proxy statement any failure to file by the required dates during its fiscal year ended April 30, 2005. All of these filing requirements were satisfied. In making these disclosures, Methode has relied solely on written representations of its directors and executive officers and copies of the reports filed with the Commission.

**Compensation Committee Interlocks and Insider Participation**

The current members of the Compensation Committee are Christopher Hornung, Chairman, Warren Batts, Isabelle Goossen, and Paul Shelton. No interlocking relationships exist between any member of the Compensation Committee and any member of any other company's board of directors or compensation committee. No interlocking compensation committee relationships exist between any executive officer of Methode and any executive officer of any other

company.

**Table of Contents**

**BOARD COMPENSATION COMMITTEE REPORT  
ON EXECUTIVE COMPENSATION**

The Compensation Committee is responsible for the compensation programs affecting the executive officers and key management employees of Methode. The Committee is composed of four independent directors. Methode's compensation philosophy is comprised of several elements designed to retain key management personnel, reward performance, dedication and historical service to Methode, and to relate executive pay to long-term performance. These elements consist of a base salary, bonus compensation, incentive awards directly relating pay to performance, and long-term incentive awards designed to align executive interests with stockholder interests.

*Base Salary*

The Compensation Committee reviews base salaries annually. Although base salaries have not been high relative to other companies of comparable size, bonus compensation has been a key tool for rewarding performance. Mr. Duda received a significant increase in his base salary on May 1, 2004 upon his promotion to President and Chief Executive Officer upon the retirement of Mr. Jensen. Mr. Duda was paid an annual salary of \$560,168 in fiscal 2005.

*Bonus Compensation*

Quarterly cash bonuses for all officers and managerial personnel are determined pursuant to a bonus plan reviewed at least annually by the Compensation Committee. Pursuant to the bonus plan, the officers' and managers' bonus amounts are based on actual sales and profit performance compared to budget and on achieving individual objectives established at the beginning of the fiscal year for the segment of Methode for which they have responsibility, provided they meet certain eligibility requirements. Mr. Duda earned quarterly cash bonuses totaling \$193,088 during fiscal 2005.

*Long-Term Incentives*

Methode has instituted several plans that are designed to provide long-term incentives for executives by relating executive compensation to Methode's performance over time as well as by rewarding continued service. The Longevity Contingent Bonus Program (the Bonus Program) awards officers and key management personnel a matching bonus (equal to the amount of the current quarterly bonus), which will be considered as earned and payable in three years provided that the participant is still employed and performance has been satisfactory. If, for any reason, other than death, disability, or retirement, the officer or key employee terminates his or her employment with Methode during the three year period, or his or her employment performance is not satisfactory, no longevity compensation is payable under this program. Mr. Duda was paid \$114,498 in matching bonus compensation during fiscal 2005.

The Methode Electronics, Inc. 2000 Stock Plan and the 2004 Stock Plan (the Stock Plans) also provide long-term incentive to employees. The Stock Plan provides for the granting of awards of restricted stock, incentive stock options, nonqualified stock options and stock appreciation rights with respect to the common stock. The Compensation Committee administers the Stock Plans and from time to time grants awards under the Stock Plans to selected eligible directors and employees.

*Restricted Stock Awards and Cash Bonus Agreements*

The Compensation Committee believes that stock ownership by executive officers is the best way to align the interests of the executive offices with those of Methode's stockholders. Starting in fiscal year 2004 the Compensation Committee replaced stock options with restricted stock awards as a means to increase long-term ownership by executive officers, who are expected to meet certain ownership levels by the end of fiscal year 2007.

In June 2005, Methode granted restricted stock awards to the following Named Executives: 125,000 for Mr. Duda, 23,000 for Mr. Koman, 13,125 for Mr. Kuehnau, 25,000 for Mr. Reynolds and 5,300 for

**Table of Contents**

Mr. Sheehan. For each of these officers, the restricted stock awards vest on April 30, 2008, if Methode has met certain financial targets based upon revenue growth and return on invested capital. All of the restricted stock awards are entitled to payments of dividends.

In connection with these restricted stock awards, Methode agreed to pay each such officer a cash bonus if Methode meets certain financial targets based upon revenue growth and return on invested capital, which shall be measured as of April 30, 2008. The amount of the cash bonuses, if any, will be calculated by multiplying the number representing 50% of each officer's restricted stock awards described in the paragraph above by the closing price of Methode's common stock as of April 30, 2008.
