Item 1.01. Entry into a Material Definitive Agreement.

On January 31, 2007, Covanta Holding Corporation (the Company) completed an offering of \$373.75 million aggregate of principal amount of 1.00% Senior Convertible Debentures due 2027 (the Debentures). The offering of the Debentures was made pursuant to the Company's Prospectus Supplement dated January 25, 2007 to the Prospectus dated January 19, 2007 on its Registration Statement on Form S-3 (Reg. No. 333-140082) filed by the Company with the Securities and Exchange Commission on January 19, 2007. The Debentures are governed by and were issued pursuant to the Indenture (the Indenture) dated as of January 18, 2007 between the Company and Wells Fargo Bank, National Association, as trustee (the Trustee), as supplemented by the First Supplemental Indenture dated as of January 31, 2007 (the Supplemental Indenture), and together with the Indenture, the Debenture Indenture) between the Company and the Trustee.

The Debentures constitute general unsecured senior obligations of the Company and will rank equally in right of payment with any future senior unsecured indebtedness of the Company. The Debentures are effectively junior to the Company's existing and future secured indebtedness, including the Company's guarantee of indebtedness under the existing credit facilities of its subsidiary, Covanta Energy Corporation (Covanta Energy) or, if closed, Covanta Energy's anticipated new credit facilities, to the extent of the value of the assets securing such indebtedness. The Debentures are not guaranteed by any of the Company's subsidiaries and are effectively subordinated to all existing and future indebtedness and liabilities (including trade payables) of the Company's subsidiaries.

The Debentures bear interest at a rate of 1.00% per year, payable in cash semi-annually in arrears, on February 1 and August 1 of each year, commencing on August 1, 2007 and will mature on February 1, 2027 unless earlier converted, redeemed or repurchased. Beginning with the six-month interest period commencing February 1, 2012, the Company will pay contingent interest in cash on the Debentures during any six-month interest period in which the trading price of the Debentures measured over a specified number of trading days is 120% or more of the principal amount of the Debentures. When applicable, the contingent interest payable per \$1,000 principal amount of Debentures will equal 0.25% of the average trading price of \$1,000 principal amount of Debentures during the five trading days ending on the second trading day immediately preceding the first day of the applicable six-month interest period.

Under limited circumstances, the Debentures are convertible by the holders thereof, into cash and shares of the Company's common stock, \$0.10 par value (the Common Stock), if any, initially based on a conversion rate of 35.4610 shares of the Common Stock per \$1,000 principal amount of Debentures, (which represents an initial conversion price of approximately \$28.20 per share), subject to adjustment under certain circumstances. In the event of certain types of fundamental changes, the Company will increase the conversion rate by a number of additional shares or, in lieu thereof and if applicable, a public acquirer may elect to adjust the conversion obligation and conversion rate so that the Debentures are convertible based on the shares of the acquired or surviving company.

The Debentures are subject to redemption by the Company, at its option, at any time on or after February 1, 2012, in whole or in part, for cash at a redemption price equal to 100% of the

principal amount of the Debentures being redeemed, plus accrued and unpaid interest (including contingent interest, if any). In addition, holders may require the Company to repurchase their Debentures on February 1, 2012, February 1, 2017 and February 1, 2022, in whole or in part, for cash at a repurchase price equal to 100% of the principal amount of the Debentures being repurchased, plus accrued and unpaid interest (including contingent interest, if any). The Debentures are also subject to repurchase by the Company, at the holder's option, if a fundamental change occurs prior to maturity, for cash at a repurchase price equal to 100% of the principal amount of the Debentures being repurchased, plus accrued and unpaid interest (including contingent interest, if any).

This summary of the Indenture and the Debentures is qualified in its entirety by reference to the Indenture and the Supplemental Indenture, which are included as Exhibit 4.1 and Exhibit 4.2 hereto, respectively, and which are incorporated herein by reference.
