PART III NARRATIVE

Bally Total Fitness Holding Corporation (the Company) has determined that it is unable to file its Form 10-Q for the quarter ended June 30, 2007 by the filing deadline without unreasonable effort and expense.

As discussed more fully in the Company's Form 12b-25 that was filed on March 15, 2007 relating to the Company's Annual Report on Form 10-K for the year ended December 31, 2006 (the 2006 Form 10-K), the Company was evaluating the impact that certain errors in historical member data and certain assumptions relating to attrition estimates have on the Company's estimates of deferred revenue.

The considerable work associated with this evaluation substantially delayed the Company's preparation of its 2006 financial statements and its completion of the financial and other information to be included in the 2006 Form 10-K, which was filed on June 29, 2007. As a result, the Company also was unable to timely file its Form 10-Q for the quarter ended March 31, 2007. Ongoing deferred revenue analysis relating to the second quarter of 2007, as well as the Company's ongoing discussions with creditors, financial institutions and others regarding matters leading up to and including the filing of voluntary petitions for relief commencing reorganization cases under chapter 11 of the United States Bankruptcy Code, which the Company and substantially all of its domestic affiliates filed with the United States Bankruptcy Court for the Southern District of New York on July 31, 2007, preclude timely filing of the Company's Form 10-Q for the quarter ended June 30, 2007.

Explanation Referred to in Part IV, Item (3) of Form 12b-25

The Company is required by Part IV, Item (3) of Form 12b-25 to provide as part of this filing an explanation regarding whether the results of operations it expects to report for the quarter ended June 30, 2007 will reflect significant changes from its results of operations for the quarter ended June 30, 2006. Because it continues its work in connection with estimating the impact that certain errors in historical member data and certain assumptions relating to attrition estimates have on the Company's estimates of deferred revenue, the Company currently is unable to provide a reasonable estimate of its second quarter 2007 results of operations. Accordingly, the Company cannot at this time estimate what significant changes will be reflected in its second quarter 2007 results of operations compared to its second quarter 2006 results of operations.
