Election of Directors

A majority of the votes entitled to be cast by outstanding shares of common stock, represented in person or by proxy, will constitute a quorum at the annual meeting.

Directors are elected by a plurality of the votes cast by the holders of the Company's common stock at a meeting at which a quorum is present. Plurality means that the individuals who receive the largest number of votes cast are elected as directors up to the maximum number of directors to be chosen at the meeting. Consequently, any shares not voted (whether by abstention, broker nonvote or otherwise) have no impact in the election of directors except to the extent the failure to vote for an individual results in another individual receiving a larger number of votes. Votes

against a candidate are not given legal effect and are not counted as votes cast in an election of directors. Votes will be tabulated by an inspector at the meeting.

The persons who are nominated as directors and for whom the proxies will be voted and all continuing Directors are listed below. If any of the nominees should decline or be unable to act as a Director, which eventuality is not foreseen, the proxies will be voted with discretionary authority for a substitute nominee designated by the Board of Directors.

Thomas W. Florsheim, Jr. and John W. Florsheim are brothers, and their father is Thomas W. Florsheim. There are no other family relationships between any of the Company's directors and executive officers.

Composition of the Board of Directors

The Board of Directors currently has seven members. The Bylaws of the Company provide that there shall be seven directors. The number of directors may be increased or decreased from time to time by amending the applicable provision of the Bylaws, but no decrease shall have the effect of shortening the term of an incumbent director.

Table of Contents

Meetings

The Board of Directors held four meetings during 2007. During the period in 2007 in which they served, all members of the Board of Directors attended at least 75% of the aggregate of the total number of meetings of the Board and the total number of meetings held by all committees of the Board on which they served. The Company's policy is that its directors attend its annual meeting of shareholders. All Board members then in office attended the annual meeting of Weyco shareholders held on May 1, 2007. In accordance with rules of the NASDAQ Stock Market (NASDAQ), beginning in 2004 and at least once each year, Weyco's independent directors had and will have regularly scheduled meetings at which only independent directors are present.

Director Independence

Each year the Board reviews the relationships that each director has with the Company. Only those directors who the Board affirmatively determines have no relationship which would interfere with the exercise of independent judgment in carrying out the responsibilities of a director, and who do not have any of the categorical relationships that preclude a determination of independence under the NASDAQ listing standards, are considered to be independent directors.

In accordance with the applicable NASDAQ rules, the Board has determined that the following directors qualify as independent directors: Tina Chang, Robert Feitler, Cory L. Nettles, and Frederick P. Stratton, Jr. The Board concluded that none of these directors possessed the categorical relationships set forth in the NASDAQ standards that preclude a determination of independence, and that none of them have any other relationship that the Board believes would interfere with the exercise of their independent judgment in carrying out the responsibilities of a director. Members of the Audit Committee comprise only directors who have been determined to be independent. Because of their relationships with Weyco, Messrs. Thomas W. Florsheim, Thomas W. Florsheim, Jr. and John Florsheim have not been deemed to be independent directors.

Shareholder Communications with the Board

Shareholders wishing to communicate with the Board of Directors or with a particular Board member should address communications to the Board or to a particular Board member, c/o Secretary, Weyco Group, Inc., 333 West Estabrook Boulevard, Glendale, Wisconsin 53212. All communications addressed to the Board or to a particular director or committee will be relayed to that addressee. From time to time, the Board may change the process through which shareholders communicate with the Board or its members. Please refer to the Company's website at www.weycogroup.com for changes in this process.

Shareholder Recommendation or Nomination of Director Candidates

The principal functions of the Corporate Governance and Compensation Committee are: (1) to assist the Board by identifying individuals qualified to become members of the Board and its Committees, and to recommend to the Board the director nominees for the next annual meeting of shareholders; (2) to recommend to the Board the corporate governance guidelines applicable to the Company, including changes to those guidelines as appropriate from time to time; (3) to lead the Board in its periodic reviews of the Board's performance; (4) to establish, subject to approval of the full Board, compensation arrangements for the Company's executive officers; (5) to administer the Company's equity incentive and other compensation plans, and approve the granting of equity awards to officers and other key employees of the Company and its subsidiaries; and (6) to communicate to shareholders regarding these policies and activities as required by the Securities and Exchange Commission (SEC) and other regulatory bodies. The Charter of the Corporate Governance and Compensation Committee is available on the Company's website. In carrying out its responsibilities regarding director nominations, the Corporate Governance and Compensation Committee has set

guidelines and criteria to determine eligibility for nominees to the Board of Directors of Weyco Group, Inc., as follows:

The Committee will review each candidate's qualifications in light of the needs of the Board and the Company, considering the current mix of director attributes and other pertinent factors (specific qualities and skills required will vary depending on the Company's specific needs at any point in time).

There will be no differences in the manner in which the Committee evaluates candidates recommended by shareholders and candidates identified from other sources.

Any nominee should be an individual of the highest character and integrity and have an inquiring mind, vision and the ability to work well with others.

Any nominee should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director.

Any nominee should possess substantial and significant experience which would be of value to Weyco Group in the performance of the duties of a director.

Table of Contents

Any nominee should have sufficient time available to devote to the affairs of Weyco Group in order to carry out the responsibilities of a director.

To recommend a candidate, shareholders should write to the Corporate Governance and Compensation Committee, Weyco Group, Inc., 333 W. Estabrook Boulevard, Glendale, WI 53212, via certified mail. The written recommendation should include the candidate's name and address, a brief biographical description and statement of qualifications of the candidate and the candidate's signed consent to be named in the proxy statement and to serve as a director if elected.

To be considered by the Committee for nomination and inclusion in the Company's proxy statement, the Committee must receive shareholder recommendations for directors no later than October 15 of the year prior to the Annual Meeting of Shareholders.

From time to time, the Board may change the process through which shareholders may recommend director candidates to the Corporate Governance and Compensation Committee. The Company has not received any shareholder recommendations for director candidates with regard to the election of directors covered by this Proxy Statement or otherwise.

EXECUTIVE COMMITTEE

The Executive Committee is empowered to exercise the authority of the Board of Directors in the management of the business and affairs of the Company between meetings of the Board, except for declaring dividends, filling vacancies in the Board of Directors or committees thereof, amending the Articles of Incorporation, adopting, amending or repealing Bylaws and certain other matters. No meetings were held in 2007.

CORPORATE GOVERNANCE

The Company is committed to conducting its business with the highest standards of business ethics and in accordance with all applicable laws, rules and regulations, including the rules of the SEC and of The NASDAQ Stock Market on which its common stock is traded. In addition to NASDAQ rules and applicable governmental laws and regulations, the framework for the Company's corporate governance is provided by: (a) the Company's Articles of Incorporation and Bylaws; (b) the charters of its board committees; and (c) the Company's Code of Business Ethics.

The Corporate Governance and Compensation Committee establishes compensation arrangements for senior management and administers the granting of stock options to officers and other key employees of the Company and its subsidiaries. One meeting was held in 2007. The charter of the Corporate Governance and Compensation Committee is available on the Company's website.

Code of Business Ethics

The Company's Code of Business Ethics sets forth ethical obligations for all employees, officers and directors, including those that apply specifically to directors and executive officers, such as accounting and financial reporting matters. Any waiver of the Code of Business Ethics requires approval of the Board of Directors or of a committee of the Board. The Company's Code of Business Ethics is available on the Company's website. If any substantive amendment is made to the Code, the nature of the amendment will be discussed on the Company's website or in a current report on Form 8-K. In addition, if a waiver from the Code is granted to an executive officer or director, the nature of the waiver will be disclosed in a current report on Form 8-K.

AUDIT COMMITTEE

The Audit Committee of the Board of Directors is responsible for providing independent oversight of the Company's financial statements and the financial reporting process, the systems of internal accounting and financial controls, and the annual independent audit of the Company's financial statements. The Board of Directors adopted and approved a formal written charter for the Audit Committee in 2000 and amended that charter in March 2004. A copy of the charter of the Audit Committee is available on the Company's website. The Board of Directors has determined that each of the members of the Audit Committee (Frederick P. Stratton, Jr., Tina Chang, Robert Feitler, and Cory L. Nettles) is independent, as defined in the current listing standards of The NASDAQ Stock Market and the SEC rules relating to audit committees. This means that, except in their roles as members of the Board of Directors and its committees, they are not affiliates of the Company, they receive no consulting, advisory or other compensatory fees directly or indirectly from the Company, they have no other relationships with the Company that may interfere with the exercise of their independence from management and the Company, and they have not participated in the preparation of the financial statements of Weyco or any of its current subsidiaries at any time during the past three years. In addition, the Board of Directors has determined that each Audit Committee member satisfies the financial literacy requirements of The NASDAQ Stock Market and that Robert Feitler and Frederick P. Stratton, Jr. qualify as audit committee financial experts within the meaning of applicable rules of the SEC.

Management has primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the Company's audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Committee reviewed with the independent registered public accounting firm that is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61.

In addition, the Committee has discussed with the independent registered public accounting firm their independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board, Standard No. 1, and considered the compatibility of non-audit services with the independent registered public accounting firm's independence.

The Committee discussed with the Company's independent registered public accounting firm the overall scope and plan for their audit. The Committee meets with the independent registered public accounting firm, with and without management present, to discuss the results of their examination, their evaluation of the Company's internal controls, and the overall quality of the Company's financial reporting. The Committee held four meetings during 2007.

Pre-Approval Policy

Consistent with the rules of the SEC regarding the independent registered public accounting firm's independence, the Audit Committee has responsibility for appointing, setting compensation for and overseeing the work of the independent registered public accounting firm. In recognition of this responsibility, the following provision is included in the Audit Committee's charter: The Audit Committee shall . . . approve in advance the audit and permitted non-audit services to be provided by, and the fees to be paid to, the independent auditor, subject to the de minimus exceptions to pre-approval permitted by the rules of the SEC and NASDAQ for non-audit services. No fees were paid to the independent registered public accounting firm pursuant to the de minimus exception to the foregoing pre-approval policy.

Report of Audit Committee

In connection with its function to oversee and monitor the financial reporting process of the Company, the Audit Committee has done the following (among other things):

reviewed and discussed the audited financial statements for the year ended December 31, 2007 with the Company's management and Deloitte & Touche LLP (Deloitte), the Company's independent registered public accounting firm;

discussed with Deloitte those matters required to be discussed by SAS 61, as amended (Codification of Statements on Auditing Standards, AU §380); and

received the written disclosure and the letter from Deloitte required by Independence Standards Board Statement No. 1 (Independence Discussions with Audit Committee) and has discussed with Deloitte, its independence.

Based on the foregoing, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Company's annual report on Form 10-K for the year ended December 31, 2007.

Table of Contents**Audit and Non-Audit Fees**

The Audit Committee also reviewed the fees and scope of services provided to the Company by Deloitte & Touche LLP, independent registered public accounting firm, for the years ended December 31, 2007 and December 31, 2006. Fees billed to the Company by Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, Deloitte Entities) for the years ended December 31, 2007 and 2006 are reflected in the following table.

	2007	2006
Audit Fees(a)	\$ 185,000	\$ 176,400
Audit-Related Fees(b)	\$ 16,000	\$ 12,600
Tax Fees(c)	\$ 17,500	\$ 13,700
All Other Fees		
Total	\$ 218,500	\$ 202,700

- (a) Audit fees consisted of fees for professional services for the audit of the Company's financial statements and review of financial statements included in the Company's Form 10-Q filings and services that are normally provided in connection with statutory or regulatory filings or engagements. These fees also include the audit of the Company's internal controls in accordance with Section 404 of the Sarbanes Oxley Act of 2002.
- (b) Audit-related fees consisted of the audit of certain employee benefit plans.
- (c) Tax fees consisted of fees for professional services performed with respect to tax compliance, tax advice and tax planning.

The Audit Committee considered the compatibility of the provision of the foregoing permitted non-audit services by the Deloitte Entities with the maintenance of the Deloitte Entities' independence and concluded that such services were at all times compatible with maintaining that firm's independence.

Report of Corporate Governance and Compensation Committee on Executive Compensation

In connection with its function to assist the Board of Directors in fulfilling its responsibilities to assure that the executive officers of the Company are compensated in a manner consistent with the compensation strategy of the Company, internal equity considerations, competitive practice, and the requirements of applicable tax and regulatory bodies, the Corporate Governance and Compensation Committee has (among other things) reviewed and discussed the Compensation Discussion and Analysis with the Company's management. Based on that review and discussion, the Corporate Governance and Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement (see below).

Compensation Discussion and Analysis

The Corporate Governance and Compensation Committee (the Committee) establishes compensation arrangements for senior management and administers the granting of stock-based awards to officers and other key employees of the Company. The Committee is composed entirely of independent, non-employee members of the Board of Directors and has the authority to utilize consultants and advisors as it may deem appropriate. The Committee reports to the Board of Directors on its actions and recommendations and periodically meets in executive session without members of management or management directors present.

A key objective of the Company's executive compensation program is to provide a fair and competitive compensation package to each of its executive officers. Historically, the Company's finance department has provided a comparative analysis of executive officer compensation to assist the Committee in making its executive compensation decisions; and outside consultants have been used sparingly or not at all. The analysis compares Weyco Group's compensation practices both to other shoe companies and to other Milwaukee area companies of similar size. The expertise and knowledge of each executive officer is vital to the success of the Company. Although the substantial stock ownership of the Florsheim family gives them additional incentives to help the Company succeed, the Company believes that a fair and competitive executive compensation program is essential to attract and retain other key executives and is in the Company's long-term best interests.

The primary elements of the Company's compensation program are: (1) an annual base salary; (2) a performance-based annual bonus; (3) discretionary long-term stock-based awards, subject to time-based vesting requirements; and (4) pension benefits. The combination of these compensation elements is designed to provide executives competitive compensation that maintains a balance between cash and stock compensation tied to the performance of the Company and long-term shareholder value. To reinforce the importance of balancing long-term and short-term perspectives, the Company's executives are provided with both (a) annual incentives, of which a portion is at-risk based on achievement of the Company's annual financial goals and objectives and (b) time-based long-term incentives which are intended to align the interests of executives with the interests of shareholders and provide retention incentives.

Base salaries are set at levels that are competitive with similar positions at other comparable companies and historically have increased modestly year-over-year. A material increase or decrease in an executive's base level compensation would be considered if functional responsibilities changed substantially.

The annual bonus is principally designed to reward the achievement of Company-wide financial goals established early in the year by the Committee, as well as the individual performance of each executive officer throughout the year. Specifically, the annual bonus for Mr. Thomas Florsheim, Jr., Mr. John Florsheim and Mr. Wittkowske is awarded at the Committee's discretion, based largely upon their success in helping the Company achieve what the Committee determines to be an acceptable level of net earnings in light of the particular market challenges facing the Company in a given year. The Company has historically set higher financial goals than it achieved in the prior year. In 2007, the Company achieved approximately 90% of its overall goals established at the beginning of the year and accordingly, executives were awarded less than the maximum eligible bonus.

The annual bonus for Mr. Grossman has two parts: 60% is based upon the achievement of a pre-determined level of gross margin dollars for his functional division, and the other 40% is awarded at the Committee's discretion based on his individual performance and the performance of the retail division, for which he is also responsible. For 2007, Mr. Grossman was awarded the maximum eligible bonus based on the gross margin dollars of his functional division, but less than the maximum amount based on the performance of the retail division.

The Committee believes that long-term stock-based awards provide performance incentives that encourage long-term growth in value for public shareholders. Accordingly, discretionary long-term stock-based awards are also an integral part of the Company's executive compensation program (see Long-Term Incentive Plan Award Policy below).

The Company has no formal policy for allocating executive compensation between cash and non-cash or between annual and long-term compensation. Historically, the long-term component of the Company's executive compensation has been non-cash and has been approximately 20-40% of total compensation; and the Company expects that approximate level to continue going forward.

Long-Term Incentive Plan Award Policy

The Company believes that participation in a long-term incentive program encourages a perspective of ownership with an equity stake in the Company. The Company also believes that participation in a long-term incentive program should increase with higher levels of responsibility, as individuals in leadership roles have the greatest influence on the Company's strategic direction and results over time. The Company has established a policy of granting restricted stock and/or stock option awards annually each year on or about December 1. On November 30, 2007, shares of restricted stock and/or stock options were awarded to executive officers, non-executive officers and the Board of Directors of the Company. The Company also granted stock option awards to other key employees on November 30, 2007. The stock options were granted at the fair market value of the Company's stock price on the date of grant. The restricted stock

Table of Contents

and stock options awarded in 2007 vest ratably over four years and expire in five years. These awards became effective on the date the Board of Directors approved them. One-fourth of the restricted stock and stock option awards vest annually on the anniversary of the date of grant each year. Company insiders, as defined by the Company, are restricted from selling their shares during four black-out periods following each quarter end.

Summary Compensation Table

The following table sets forth total compensation of the Chief Executive Officer, the Chief Financial Officer and the other two executive officers of the Company for the years ended December 31, 2007 and 2006. The Company had only four executive officers throughout 2007 and 2006.

Table of Contents**Option Exercises and Stock Vested**

The following table provides information related to stock options exercised by the named executive officers during 2007. The Company first granted shares of restricted stock on December 1, 2006. The shares of restricted stock vest ratably over four years and, accordingly, 25% of the restricted shares granted on December 1, 2006 were vested at December 31, 2007.

Name	Option Awards		Stock Awards	
	Number of Shares Acquired on Exercise (#)	Value Realized on Exercise (\$)(1)	Number of Shares Acquired on Vesting (#)	Value Realized on Vesting (\$) (2)

John F. Wittkowske	30,000	\$ 602,700	1,675	\$ 45,862

Notes:

- (1) The value realized on exercise is calculated based on the difference between the option exercise price and the market price of the common stock on the date of exercise multiplied by the number of shares exercised.
- (2) The value realized upon vesting is calculated based on the number of shares of restricted stock multiplied by the market price of the underlying shares on the vesting date, November 30, 2007.

Pension Benefits

The Company maintains a defined benefit pension plan for various employees of the Company, including salaried employees. The Company also maintains an unfunded supplemental pension plan for key executives so they may receive pension benefits which they would otherwise be prevented from receiving as a result of certain limitations of the Internal Revenue Code. Retirement benefits are provided based on employees' years of credited service and average earnings or stated amounts for years of service. The plans provide for normal retirement at age 65 and provide for reduced benefits for early retirement beginning at age 55. Pension benefits are payable under a variety of options, to be selected by the retiree and are calculated under a formula which is integrated with Social Security, although the amounts determined under the formula are not reduced by Social Security benefits. The normal retirement benefit is based on (i) the highest average earnings for any 5 consecutive years during the 10 calendar years ending with the year of retirement, (ii) length of service up to 25 years and (iii) the highest average covered compensation for Social Security purposes. Earnings covered by the plan are generally defined as wages for purposes of federal income tax withholding and, therefore, include the value realized upon the exercise of non-qualified stock options and other minor items in addition to those included in the above Summary Compensation Table as salary .

The foregoing describes the general formula under the defined benefit plan and related excess benefits plan as revised in 1997. Those salaried employees who were covered in the plans on January 1, 1989 and all executive officers who are Senior Vice Presidents or above are provided with the higher of the benefits described above or a minimum benefit based on a prior formula through the defined benefit plan, the unfunded excess benefits plan described above and an unfunded deferred compensation plan. The normal retirement benefit under the prior formula is based on the highest

average earnings for any 5 consecutive years during the 10 calendar years preceding retirement and length of service up to 25 years. The normal retirement benefit for executive officers who are Senior Vice Presidents or above, is based on the highest average earnings for any 5 years during the 20 calendar years preceding retirement and length of service up to 25 years. There is no early retirement reduction if an executive officer retires at age 59 with at least 25 years of credited service. Minimum benefit amounts are not subject to any deduction for Social Security benefits. Under the excess benefits plan, upon a change in control a lump sum benefit payment shall be made to each participant.

The following table provides information related to pension benefits earned by each of the named executive officers based on their number of years of credited service as of December 31, 2007.

Name	Plan Name	Number of Years Credited Service (#)(2)	Present Value of Accumulated Benefit (\$)(3)	Payments During Last Fiscal Year (\$)

Peter S. Grossman	(1)	25	\$ 2,556,767	
John F. Wittkowske	(1)	14	\$ 587,180	

Table of Contents**Notes:**

- (1) Plans include the Company's Pension Plan, Excess Benefits Plan and Deferred Compensation Plan.
- (2) The number of years of credited service is computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements as of December 31, 2007. For Messrs. Thomas W. Florsheim, Jr. and Peter S. Grossman, actual years of service are 27 and 43, respectively. However, under the plans, benefits are based on a length of service up to 25 years.
- (3) The actuarial present value of each named executive officer's accumulated benefit under the plan is computed as of the same pension plan measurement date used for financial statement reporting purposes with respect to the Company's audited financial statements as of December 31, 2007.

Director Compensation

Directors of the Company who are not also employees of the Company or subsidiaries receive a quarterly retainer of \$1,875. In addition, they receive \$1,000 for each Board or Committee meeting attended, except the compensation is \$500 for each additional meeting attended on the same day.

Notes:

- (1) This amount represents the compensation cost related to shares of restricted stock over the requisite service period, as described in SFAS 123(R). Under the 2005 Equity Plan, the Company granted shares of restricted stock on December 1, 2006 and November 30, 2007 which vest ratably over four years and, accordingly, 12 months of compensation cost associated with the December 1, 2006 grant and one month of compensation cost associated with the November 30, 2007 grant has been recognized by the Company for the year ended December 31, 2007. The aggregate grant date fair value of the shares of restricted stock granted to each director on December 1, 2006 and November 30, 2007 in accordance with SFAS 123(R) was \$24,009 and \$23,547, respectively. The Company does not expect that any of these shares will be forfeited and, as such, has not included any forfeitures in the calculation of compensation cost related to restricted stock.
- (2) Tina Chang was elected to the Board of Directors May 1, 2007, and accordingly, her stock awards do not include any awards granted on December 1, 2006.

On December 28, 2000, Chairman of the Board, Thomas W. Florsheim, entered into a consulting agreement with the Company under which he agreed to act as advisor to the Company in connection with the Company's acquisition and sale of products and materials. In accordance with this agreement, Thomas W. Florsheim was paid \$14,400 in 2007.

Transactions with Related Persons

The Company's written Code of Business Ethics provides that, except with the prior knowledge and consent of the Company, directors and employees are not permitted to have a financial interest in a supplier, competitor or customer of the Company because of the potential conflicts of interest raised by such transactions. There is a limited exception for ownership of securities of a publicly traded corporation unless the investments are of a size as to have influence or control over the corporation. The Company's policies include no minimum size for this restriction on potential conflict of interest transactions. Actual or potential conflict of interest transactions or relationships are to be reported to the Company's Chief Financial Officer or another officer of the Company. Waivers or exceptions for executive officers or directors may be granted only in advance and under exceptional circumstances and only by the Board of Directors or an appropriate committee. They are also subject to the Company's disclosure controls and procedures to ensure compliance with applicable law and exchange requirements.

There were no transactions since the beginning of 2007, and there are no proposed transactions, in which the Company was or is to be a participant and the amount involved exceeds \$120,000 and in which (a) any director, executive officer, director nominee, or immediate family member of a director, executive officer or nominee, or (b) any holder of 5% or more of the Company's common stock or their immediate family members, had a direct or indirect material interest.
