Item 1.01 Entry Into a Material Definitive Agreement

On April 9, 2015, HRG Group, Inc., a Delaware corporation (the “Company”), entered into a note Purchase Agreement with several purchasers named therein (the “Purchase Agreement”). In connection with the Purchase Agreement, on April 14, 2015, the Company issued \$100 million aggregate principal amount of 7.875% Senior Secured Notes due 2019 (the “New Notes”). The New Notes were issued under the Company’s existing indenture, dated as of December 24, 2012, amended by the supplemental indenture (the “Supplemental Indenture”), dated May 23, 2014 (as amended, the “Indenture”), by and between the Company and Wells Fargo Bank, National Association, a national banking association, as trustee (the “Trustee”), governing the Company’s \$604.4 million aggregate principal amount of 7.875% Senior Secured Notes due 2019 (the “Existing Notes” and, together with the New Notes, the “Notes”). The New Notes were priced at 104.500% of par plus accrued interest from January 15, 2015.

The Company expects to use the net proceeds from the issuance of the New Notes for working capital by it and its subsidiaries and for general corporate purposes, including further investments in the Company’s existing businesses and the financing of future acquisitions and businesses.

In connection with the issuance of the New Notes, the holders of the New Notes have certain registration rights pursuant to a Registration Rights Agreement, dated as of April 14, 2015, by and among the Company and the initial purchasers of the New Notes named therein (the “Registration Rights Agreement”).

Certain terms and conditions of the Notes (and, as applicable, the New Notes) are as follows:

Maturity. The Notes will mature on July 15, 2019.

Interest. The Notes accrue interest at a rate of 7.875% per year. Interest on the Notes is paid semi-annually on January 15 and July 15 of each year, beginning on July 15, 2015 with respect to the New Notes.

Issue Price. The issue price of the New Notes is 104.500% of par, plus accrued interest from January 15, 2015.

Ranking. The Notes are senior secured obligations of the Company that rank: (i) equally in right of payment with the existing and future unsubordinated debt of the Company; (ii) effectively senior to all unsecured debt of the Company to the extent of the value of the Collateral (as defined below); and (iii) senior in right of payment to all of the Company’s future debt that expressly provides for its subordination to the Notes.

Collateral. The Notes are secured by a first priority lien on all of the Company’s assets (except for certain “Excluded Property” as defined in the Indenture), including, without limitation:

- all equity interests of the Company’s directly held subsidiaries and related assets;

- all cash and investment securities owned by the Company;

- all general intangibles owned by the Company; and

- any proceeds thereof (collectively, the “Collateral”).

The Indenture permits the Company, under specified circumstances, to incur additional debt in the future that could equally and ratably share in the Collateral. The amount of such debt is limited by the covenants contained in the Indenture.

No Sinking Fund. The Company is not required to make any sinking fund payments with respect to the Notes.

Optional Redemption. The Company has the option to redeem some or all of the Notes prior to January 15, 2016 at a redemption price equal to 100% of the principal amount plus the Applicable Premium (as defined in the Indenture) as of, and accrued and unpaid interest to, the date of redemption. At any time on or after January 15, 2016, the Company may redeem some or all of the Notes at certain fixed redemption prices set forth in the Indenture expressed as percentages of the principal amount, plus accrued and unpaid interest. At any time prior to January 15, 2016, the Company may redeem up to 35% of the original aggregate principal amount of the Notes with net cash proceeds received by the Company from certain equity offerings at a price equal to 107.875% of the principal amount of the Notes redeemed, plus accrued and unpaid interest, if any, to the date of redemption, provided that redemption occurs within 90 days of the closing date of such equity offering, and at least 65% of the aggregate principal amount of the Notes remains outstanding immediately thereafter.

Change of Control. If a Change of Control (as defined in the Indenture) occurs, each holder of Notes may require the Company to repurchase all or a portion of its Notes for cash at a price equal to 101% of the aggregate principal amount of such Notes, plus any accrued and unpaid interest to the date of repurchase.

Certain Covenants. The Indenture contains covenants limiting, among other things, the ability of the Company, and, in certain cases, the Company's subsidiaries, to incur additional indebtedness; create liens; engage in sale-leaseback transactions; pay dividends or make distributions in respect of capital stock; make certain restricted payments; sell assets; engage in transactions with affiliates; or consolidate or merge with, or sell substantially all of its assets to, another person. These covenants are subject to a number of important exceptions and qualifications. The Company is also required to maintain compliance with certain financial tests, including minimum liquidity and collateral coverage ratios.

Events of Default. The Indenture contains customary events of default which could, subject to certain conditions, cause the Notes to become immediately due and payable, including, but not limited to, the failure to make premium or interest payments; failure by the Company to accept and pay for Notes tendered when and as required by the change of control and asset sale provisions of the Indenture; failure to comply with certain covenants in the Indenture; failure to comply with certain agreements in the Indenture for a period of 60 days following notice by Wells Fargo or the holders of at least 25% in aggregate principal amount of the Notes then outstanding; failure to pay any debt within any applicable grace period after the final maturity or acceleration of such debt by the holders thereof because of a default, if the total amount of such debt unpaid or accelerated exceeds \$25 million; failure to pay final judgments entered by a court or courts of competent jurisdiction aggregating \$25 million or more (excluding amounts covered by insurance), which judgments are not paid, discharged or stayed, for a period of 60 days; and certain events of bankruptcy or insolvency.

Pursuant to the Registration Rights Agreement, the Company is obligated to use its commercially reasonable efforts to cause a registration statement with respect to an offer to exchange the New Notes for a new issue of notes with terms identical in material respects to the New Notes (except for the removal of transfer restrictions relating to the New Notes and any increase in annual interest rate) registered under the Securities Act of 1933, as amended, to be declared effective by the 410th day after April 14, 2015, or, under specified circumstances, to file and cause to be declared effective a shelf registration statement with the Securities and Exchange Commission to effect resales of the New Notes.
