PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD JUNE 24, 2003

To the Stockholders of Chico s FAS, Inc.:

April 28, 2003

These proxy materials are delivered in connection with the solicitation by the Board of Directors of Chico s FAS, Inc. (Chico s, the Company, we, or us), a Florida corporation, of proxies to be voted at our 2003 Annual Meeting of Stockholders and at any adjournments or postponements thereof.

You are invited to attend our Annual Meeting of Stockholders on June 24, 2003, beginning at 2:00 P.M., Local Time. The Annual Meeting will be held at the Sanibel Harbour Resort, Fort Myers, Florida. Stockholders will be admitted beginning at approximately 1:30 P.M.

It is important that proxies be returned promptly to avoid unnecessary expense to the Company. Therefore, whether you plan to attend the Annual Meeting or not and regardless of the number of shares of stock you own, please date, sign and return the enclosed proxy promptly.

ABOUT THE ANNUAL MEETING

What is the purpose of the meeting?

At the Annual Meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including the election of directors and ratification of the Company s independent auditors. In addition, the Company s management will report on the performance of the Company during the fiscal year ended February 1, 2003 and respond to questions from stockholders.

What is a proxy?

It is your legal designation of another person to vote the stock you own. That other person is called a proxy. If you designate someone as your proxy in a written document, that document also is called a proxy or a proxy card. The form of proxy card included with this proxy statement designates each of Marvin J. Gralnick, Scott A. Edmonds and Patricia A. Murphy as proxies for the 2003 Annual Meeting.

What is a proxy statement?

It is a document that SEC regulations require us to give you when we ask you to sign a proxy card designating individuals as proxies to vote on your behalf.

When are these materials being mailed?

This proxy statement and the form of proxy are being mailed starting on approximately May 2, 2003.

Table of Contents

What is the difference between a share owner of record and a share owner who holds stock in street name?

(a) If your shares are registered in your name, you are a share owner of record. Owners of record receive their proxy materials from us. When you properly complete, sign and return your proxy card, you are instructing the named proxies to vote your shares in the manner you indicate on the proxy card.

(b) If your shares are held in the name of your broker or other financial institution, which is usually the case if you hold your shares in a brokerage or similar account, your shares are held in street name. Your broker or other financial institution is the stockholder of record for your shares. As the holder of record, only your broker or other institution is authorized to vote or grant a proxy for your shares. Accordingly, if you wish to vote your shares in person, you must contact your broker or other institution to obtain the authority to do so. Street name holders receive their proxy materials from their broker or other institution. When you properly complete, sign and return your proxy card, you are giving your broker or other financial institution instructions on how to vote the shares they hold for you.

What is the record date and what does it mean?

Owners of record of common stock at the close of business on the record date are entitled to:

(a) receive notice of the meeting, and

(b) vote at the meeting and any adjournments or postponements of the meeting.

The record date for the 2003 Annual Meeting is April 28, 2003. The record date is established by the Board of Directors as required by law and the Company's Articles of Incorporation and By-laws.

What are abstentions and broker non-votes?

An abstention occurs when a stockholder of record (which may be a broker or other nominee of a street name holder) is present at a meeting (or deemed present) but fails to vote on a proposal, indicates that the stockholder abstains from voting on the proposal, or withholds authority from proxies to vote for director nominees while failing to vote for other eligible candidates in their place. A broker non-vote occurs when a broker or other nominee who holds shares for another does not vote on a particular item because the nominee does not have discretionary voting authority for that item and has not received instructions from the street name owner of the shares.

What constitutes a quorum for the meeting?

At least a certain number of shares must be present or represented by proxy at a meeting before any stockholder vote at the meeting can be effective. A quorum is necessary to conduct business at the meeting. For the Annual Meeting, a majority of the outstanding shares of common stock present or represented by proxy will constitute a quorum. You are part of the quorum if you have voted by proxy. Abstentions, broker non-votes and votes withheld from director nominees count as shares present at the meeting for purposes of determining a quorum. However, abstentions and broker non-votes do not count in the voting results.

Who is entitled to vote and how many votes do I have?

If you are a common stockholder of record at the close of business on the record date, you can vote. For each matter presented for vote, you have one vote for each share you own. If you are a holder in street name at the close of business on the record date, you generally will have the right to instruct your broker or other financial institution how to vote your shares, although specific procedures depend on the terms of your account arrangement. As of the record date, there were 85,741,324 common shares outstanding. Each common share is entitled to one vote on each matter properly brought before the Annual Meeting. Shares of common stock, par value \$.01 per share, are the only outstanding voting securities of the Company.

Table of Contents

How do I vote my shares?

Stockholders of record can vote by:

returning a completed proxy card by mail to Registrar and Transfer Company, Attn: Proxy Department, P.O. Box 1159, Cranford, New Jersey 07016-9748;

delivering a completed proxy card to an inspector of election prior to the Annual Meeting; or

completing a ballot and returning it to an inspector of election during the Annual Meeting.

If you hold your shares in street name, you can vote by submitting a voting instruction card to your broker or other institution in accordance with the procedures and requirements applicable to your account. If your shares are held in street name and you wish to cast your vote in person at the Annual Meeting, you must either (i) obtain a legal proxy, executed in your favor, from the bank, broker, or nominee, as the case may be, or (ii) obtain a proxy direction form from the bank, broker, or nominee, as the case may be, and follow the instructions on the form so as to provide such bank, broker or nominee with your directions as to how you want such shares to be voted.

Can I vote by telephone or electronically?

The Company has not established procedures to allow telephone or electronic voting by stockholders of record, but we may do so for future stockholder meetings if we determine that the added convenience to our stockholders would justify the additional costs to the Company associated with these voting methods.

Street name holders may vote by telephone or the Internet if their bank or broker makes those methods available, in which case your bank or broker will enclose the instructions with this proxy statement.

Can I change my vote?

You may revoke your proxy or change your voting instructions before the time of voting at the meeting in several ways.

If you are a stockholder of record, you may revoke or change your proxy instructions at any time prior to the vote at the Annual Meeting. To do so:

mail a revised proxy card dated later than the prior one;

give us written notice of your change or revocation; or

attend the Annual Meeting and vote in person.

If you hold your shares in street name, you may revoke or change your proxy instructions at any time prior to the vote at the Annual Meeting by submitting new voting instructions to your broker or other institution in accordance with the procedures and requirements applicable to your account.

If I submit a proxy, how will my shares be voted?

If you submit a properly executed proxy card, the individuals named on the card, as your proxies, will vote your shares in the manner you indicate. If you sign and return the card without indicating your instructions, your shares will be voted for the election of the two nominees to serve three-year terms on our Board of Directors, for ratification of the appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending January 31, 2004 (fiscal 2003), and otherwise as recommended by the Board of Directors.

Your vote is important. Whether or not you plan to attend the meeting, we encourage you to vote by proxy as soon as possible.

Table of Contents

What are the Board's recommendations?

The Board's recommendations regarding the proposals to be considered at the Annual Meeting are set forth together with the descriptions of the proposals in this proxy statement. In summary, the Board recommends a vote:

for election of the nominees for the Class I Director positions (see page 5).

for ratification of the appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending January 31, 2004 (fiscal 2003) (see page 9).

With respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion. At the date this proxy statement went to press, we did not know of any other matter to be raised at the Annual Meeting.

What vote is required to approve each item?

Election of Directors. Director candidates who receive the highest number of votes cast will be elected. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, even though it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting.

Ratification of Appointment of Accountants. The appointment of Ernst & Young LLP as the Company's independent certified public accountants for the fiscal year ending January 31, 2004 will be ratified if the number of votes cast **FOR** ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment.

Other Items. If any other item requiring a stockholder vote should come before the meeting, the item will be approved if the number of shares voting for the item is greater than the number of shares voting against the item.

A properly executed proxy marked **ABSTAIN** with respect to any matter will not be voted, even though it will be counted for purposes of determining whether there is a quorum present at the Annual Meeting. Accordingly, for purposes of any vote, an abstention will have the same effect as does a share that is not present or is not voted.

Are votes confidential? Who counts the votes?

The votes of all stockholders are held in confidence from directors, officers and employees, except:

- (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company,
- (b) in case of a contested proxy solicitation,
- (c) if a stockholder makes a written comment on the proxy card or otherwise communicates his/her vote to management, or
- (d) to allow the independent inspectors of election to certify the results of the vote.

All votes will be tabulated by employees of The Registrar and Transfer Company, the Company's transfer agent for the common stock, whose representatives will serve as one or more of the inspectors of election.

How are abstentions and broker non-votes counted when tabulating the vote?

Abstentions and broker non-votes do not count as votes and are not included in any vote totals for directors or for or against any other matter. Accordingly, abstentions and broker non-votes do not affect the outcome of any vote.

Table of Contents

Who is paying for the preparation and mailing of the proxy materials and how will solicitations be made?

We will pay the expenses of soliciting proxies. Proxies may be solicited on our behalf by directors, officers or employees in person or by telephone, mail, electronic transmission, facsimile transmission or telegram. The Company will request brokerage houses and other custodians, nominees and fiduciaries to forward soliciting material to stockholders and the Company will reimburse such institutions for their out-of-pocket expenses incurred thereby. The Company has not engaged any outside service provider to assist in the solicitation of proxies.

Does each stockholder receive his or her own copy of the 2002 Annual Report and this proxy statement?

In some cases we may send only one annual report and proxy statement to an address shared by two or more stockholders, unless we have received contrary instructions from one or more stockholders at that address. This practice, known as householding, is designed to reduce our printing and postage costs. If you are a stockholder of record residing at such an address and you wish to receive a separate copy of our 2002 Annual Report or this Proxy Statement, please contact Sherry Terzian by phone at (239) 274-4425 or in writing at 11215 Metro Parkway, Ft. Myers, Florida 33912 and we will promptly deliver to you a separate copy of our 2002 Annual Report and this proxy statement. If we have been sending only one annual report and proxy statement to your household but you or another stockholder in the household wishes to receive separate copies of annual reports and/or proxy statements in the future, please contact us in the same manner. Please also contact us if your household receives multiple copies of our annual report and proxy statement and you would prefer that we send only one copy for the entire household.

The Board of Directors, Standing Committees and Meetings

Corporate governance is typically defined as the system that allocates duties and authority among a company's stockholders, board of directors and management. The stockholders elect the board and vote on extraordinary matters; the board is the Company's governing body, responsible for hiring, overseeing and evaluating management, particularly the Chief Executive Officer; and management runs the Company's day-to-day operations. Our Board of Directors currently consists of six directors. The current Board members and nominees for election include three independent directors and three members of the Company's senior management. The primary responsibilities of the Board of Directors are oversight, counseling and direction to the Company's management in the long-term interests of Chico's and its stockholders. The Board's detailed responsibilities include: (a) selecting, regularly evaluating the performance of, and approving the compensation of the Chief Executive Officer, the President and other senior executives; (b) planning for succession with respect to the position of Chief Executive Officer and monitoring management's succession planning for other senior executives; (c) reviewing and, where appropriate, approving Chico's major financial objectives, strategic and operating plans and actions; (d) overseeing the conduct of Chico's business to evaluate whether the business is being properly managed; and (e) overseeing the processes for maintaining Chico's integrity with regard to its financial statements and other public disclosures and compliance with law and ethics. The Board of Directors has delegated to the Chief Executive Officer and to the President, working with Chico's other executive officers, the authority and responsibility for managing the Company's business in a manner consistent with the Company's standards and practices, and in accordance with any specific plans, instructions or directions of the Board. The Chief Executive Officer, the President and management are responsible for seeking the advice and, in appropriate situations, the approval of the Board with respect to extraordinary actions to be undertaken by Chico's.

The Board and its committees meet throughout the year on a set schedule, and also hold special meetings and act by written consent from time to time as appropriate. The Board of Directors held seven meetings during the fiscal year ended February 1, 2003. During the fiscal year ended February 1, 2003, each incumbent Director attended at least 75% of the total number of Board and Committee meetings.

The Board of Directors has a standing Corporate Governance Committee (which acts as the Company's Nominating Committee), Audit Committee and Compensation and Benefits Committee.

The current members of the Corporate Governance Committee are Ms. Gibson (chair), Mr. Burden and Mr. Roeder. During the fiscal year ended February 1, 2003, the Corporate Governance Committee did not

Table of Contents

meet independently of the entire Board of Directors; however, at three meetings of the Board of Directors and related meetings of the Audit Committee held during fiscal 2002, certain matters that would otherwise have been taken up at a meeting of the Corporate Governance Committee were instead taken up and addressed by the entire Board and the Audit Committee. The Corporate Governance Committee has already held one independent meeting since the end of fiscal 2002 and plans to hold additional independent meetings during the remainder of fiscal 2003. The Corporate Governance Committee's principal responsibilities from the perspective of its role as a Nominating Committee are to interview, evaluate, nominate, and recommend individuals for membership on the Company's Board of Directors and committees thereof, and to evaluate and provide input with respect to individuals to be elected as officers of the Company by the Board of Directors. The Corporate Governance Committee will consider written recommendations from stockholders for positions on the Board of Directors in accordance with the procedures set forth in the Amended and Restated Articles of Incorporation of the Company. See Stockholder Proposals for Presentation at the 2004 Annual Meeting for further information.

The current members of the Audit Committee are Mr. Roeder (chair), Ms. Gibson and Mr. Burden. The Audit Committee held nine meetings during the fiscal year ended February 1, 2003. The Audit Committee's principal responsibilities are to assist the Board in its general oversight of Chico's financial reporting, internal controls and audit functions. The Committee is directly responsible for the appointment, compensation and oversight of the work of the Company's independent certified public accountants, reviews the annual audit of the Company's financial statements and meets with the independent auditors from time to time in order to review the Company's internal controls and financial management practices. During each fiscal year, at least one (and usually more) of the meetings between the Audit Committee and the independent auditors is held separately without management present. The Audit Committee will be establishing policies and procedures for the engagement of the independent auditors to provide permissible non-audit services, which shall include pre-approval of all permissible non-audit services to be provided by the independent auditors. The Audit Committee has the authority to hire its own outside legal and other advisors. All members of the Audit Committee are independent as defined by the listing standards of the New York Stock Exchange (the NYSE). Additionally, the Board believes that Mr. Roeder, who currently is the Chief Executive Officer of Smart & Final, Inc. and who previously was the chief executive officer for two different public companies, qualifies as a financial expert as defined in the recently issued SEC rules adopted to implement the Sarbanes-Oxley Act. See the Audit Committee Report on page 11 for further information.

The current members of the Compensation and Benefits Committee are Mr. Burden (chair), Ms. Gibson and Mr. Roeder. The Compensation and Benefits Committee held five meetings during the fiscal year ended February 1, 2003 and regularly acts by written consent. The principal responsibilities of the Compensation and Benefits Committee are to review and make recommendations to the Board of Directors concerning the compensation of all officers of the Company; to review and make recommendations with respect to the Company's existing and proposed compensation and bonus plans, and to serve as the committee responsible for administering the Company's 1992 Stock Option Plan, 1993 Stock Option Plan, 2002 Employee Stock Purchase Plan and 2002 Omnibus Stock and Incentive Plan.

The outside directors meet on a regular basis without the Chief Executive Officer or other members of management present.

Compensation of Directors

Base Compensation. Each non-employee director receives \$7,500 per quarter to cover all Board and committee meetings. All directors are also entitled to reimbursement of their reasonable out-of-pocket expenses.

Stock Options. Each year following the annual meeting of stockholders, each non-employee director receives an automatic grant of stock options to purchase 10,000 shares of common stock. In the fiscal year ended February 1, 2003, Ms. Gibson and Messrs. Burden and Roeder received automatic grants under the Company's 2002 Omnibus Stock and Incentive Plan. Each such option grant, which vested in full on December 25, 2002 and has a ten-year term, permits the holder to purchase shares at their fair market value

Table of Contents

on the date of grant, which in the case of these particular stock options was \$18.505 after adjusting for the Company's 2-for-1 stock split distributed in July 2002.

In addition, Ms. Gibson and Messrs. Burden and Roeder may occasionally receive option grants at the discretion of the Board of Directors under the Company's 2002 Omnibus Stock and Incentive Plan. During the fiscal year ended February 1, 2003 (fiscal 2002), each of these directors received a discretionary option grant representing 21,900 shares, prior to adjusting for the Company's 2-for-1 stock split distributed in July 2002.

Indemnification. We indemnify our directors and certain of our officers to the fullest extent permitted by law so that they will serve free from undue concern that they will not be indemnified. This is authorized under our By-laws, and accordingly we have signed agreements with each of those individuals contractually obligating us to provide this indemnification to them.

Appointment Proposed for Ratification

Based on the recommendation of the Company's Audit Committee, the Company has selected Ernst & Young LLP (E&Y) as its independent accountants for the current fiscal year ending January 31, 2004 (fiscal 2003), subject to ratification of such appointment by the stockholders. Ratification of the Company's independent certified public accountants is not required by the Company's By-Laws or otherwise, but the Board of Directors has decided to seek such ratification as a matter of good corporate practice. E&Y has audited the accounts of the Company since first being engaged by the Company effective July 1, 2002. Representatives of E&Y are expected to be present at the Annual Meeting. They will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions by stockholders.

Prior to the engagement of E&Y as the Company's independent accountants, Arthur Andersen LLP (Andersen) had been the Company's independent accountants since 1992. Effective July 1, 2002, following action taken by the Board of Directors and acting on the recommendation of the Company's Audit Committee, the Company effectuated a change in its independent accountants. Accordingly, the engagement of Andersen in that role was ended and the Company retained E&Y as its independent accountants beginning with the 2002 fiscal year ending February 1, 2003. Andersen's reports on the Company's consolidated financial statements during the past two fiscal years and any subsequent interim period through the date of the Company's engagement of E&Y did not contain an adverse opinion or disclaimer of opinion, nor were they qualified or modified as to uncertainty, audit scope or accounting principles. Andersen's report on the Company's consolidated financial statements for fiscal year 2001 ended February 2, 2002 was issued on an unqualified basis in conjunction with the publication of the Company's Annual Report to Stockholders and the filing of the Company's Annual Report on Form 10-K. During the Company's two most recent fiscal years there were no disagreements with Andersen on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Andersen's satisfaction, would have caused Andersen to make reference to the subject matter in connection with its report on the Company's consolidated financial statements for such years; and there were no reportable events of the kind described in Item 304(a)(1)(v) of Regulation S-K. The change in the Company's accountants was reported by the Company on a Current Report on Form 8-K filed July 1, 2002. In connection with the filing of that report the Company provided Andersen with a copy of the foregoing disclosures. Andersen provided a letter, dated July 1, 2002, stating its agreement with such statements. That letter was attached as Exhibit 16.1 to the Current Report on Form 8-K filed July 1, 2002.

During the Company's two most recent fiscal years and any subsequent interim period through the date of the Company's engagement of E&Y, the Company did not consult E&Y with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that

Table of Contents

might be rendered on the Company's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Regulation S-K.

We have been advised by E&Y that neither the firm, nor any member of the firm, has any financial interest, direct or indirect, in any capacity in the Company or its subsidiaries.

The persons named in the enclosed form of proxy intend, unless otherwise directed, to vote such proxy FOR ratification of the appointment of Ernst & Young LLP as independent certified public accountants for the period specified. If the stockholders do not ratify this appointment, other certified public accountants will be considered by the directors upon recommendations of the Audit Committee.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE RATIFICATION OF APPOINTMENT OF ERNST & YOUNG LLP AS OUR INDEPENDENT CERTIFIED PUBLIC ACCOUNTANTS FOR THE PERIOD SPECIFIED. The appointment will be ratified if the number of votes cast FOR ratification of the appointment by holders entitled to vote exceeds the number of votes cast opposing the ratification of the appointment.

AUDIT COMMITTEE REPORT

The Audit Committee of the Company's Board of Directors consists of three directors and operates under a written charter adopted by the Board of Directors, which was included in the Proxy Statement for our 2001 Annual Meeting of Stockholders. The charter is required to be provided to stockholders every three years, unless amended earlier. The charter is presently under review, and it is expected that the Board, with the recommendation of the Audit Committee, will amend the charter later this year to reflect the relevant provisions of the Sarbanes-Oxley Act and related NYSE rules. The members of the Audit Committee are Ross E. Roeder (Chair), Verna K. Gibson and John W. Burden. Each member of the Audit Committee is independent in the judgment of the Company's Board of Directors and as required by the listing standards of The New York Stock Exchange. The Audit Committee is responsible for selecting, engaging and negotiating fee arrangements with the Company's independent accountants with input from the Company's Board of Directors and management. Management is responsible for the Company's internal controls and the financial reporting process. The independent accountants are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with auditing standards generally accepted in the United States and for expressing an opinion thereon. The Audit Committee's responsibility is to monitor and oversee these processes. In this context, the Audit Committee has met and held discussions with management and the independent accountants.

During the past year, the Sarbanes-Oxley Act of 2002 added a number of provisions to federal law to strengthen the authority of, and increase the responsibility of, corporate audit committees. Related rules concerning audit committee structure, membership, authority and responsibility have been proposed by The New York Stock Exchange and will become applicable to Chico's if and when they are finally adopted.

The Audit Committee members are not professional accountants or auditors, and their functions are not intended to duplicate or to certify the activities of management and the independent auditors, nor can the Audit Committee certify that the independent auditors are independent under applicable rules. The Audit Committee serves a board-level oversight role, in which it provides advice, counsel and direction to management and the auditors on the basis of the information it receives, discussions with management and the auditors, and the experience of the Audit Committee's members in business, financial and accounting matters.

Management represented to the Audit Committee that the Company's consolidated financial statements were prepared in accordance with accounting principles generally accepted in the United States, and the Committee has reviewed and discussed the consolidated financial statements with management and the independent accountants. Discussions regarding the Company's audited financial statements included the independent accountant's judgments about the quality, not just the acceptability, of the Company's accounting principles and underlying estimates used in the Company's financial statements, as well as other matters, as required by Statement on Auditing Standards (SAS) No. 61 (Communication with Audit Committees), as amended by SAS No. 90 (Audit Committee Communications) and by the audit committee charter. The Company's independent accountants also provided to the Committee the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and the Committee discussed with the independent accountants that firm's independence.

Based upon the Committee's discussion with management and the independent accountants, the Committee's review of the representations of management, and the report of the independent accountants to the Committee, the Committee recommended that the Board of Directors include the audited consolidated financial statements in the Company's annual report on Form 10-K filed with the Securities and Exchange Commission as of and for the fiscal year ended February 1, 2003.

COMPENSATION COMMITTEE REPORT

To: The Board of Directors

Overview and Philosophy

The Compensation and Benefits Committee of the Board of Directors (the Compensation Committee) is composed of three members, each of whom is an outside director of the Company. The Compensation Committee provides overall guidance on the Company's compensation and benefits philosophy. In addition, the Committee approves and monitors the Company's

executive compensation and benefits programs

executive employment agreements

stock option plans

401(k) plan with optional profit sharing feature

stock purchase plan for employees

deferred compensation plan

The primary objectives of the Compensation Committee are to assure that the Company's executive compensation and benefits program

reflects the Company's unique, entrepreneurial, customer-focused orientation

is competitive with other profitable, growing specialty retail companies

safeguards the interests of the Company and its stockholders

is effective in driving performance to achieve financial goals and create stockholder value

fosters teamwork on the part of management

is cost-effective and fair to employees, management, and stockholders

is well communicated and understood by program participants

The Company's executive compensation policies are designed to attract, motivate, and retain highly qualified executive officers who can enhance stockholder value, and to support a performance-oriented environment that rewards achievement of the Company's planned financial goals. The Compensation Committee meets periodically during each fiscal year to review the Company's existing compensation and benefits programs and to consider modifications that seek to provide a direct relationship between executive compensation and sustained corporate performance.

The Company compensates its executive officers through three principal types of compensation: annual base salary, semi-annual incentive bonuses and long-term incentive awards through stock options, restricted stock and/or restricted stock units. The Company, as a matter of policy, places substantial emphasis on incentive bonuses and long-term stock-based awards since these two forms of compensation are viewed as very effective at correlating executive officer compensation with corporate performance and increases in stockholder value.

In addition to the three types of compensation just mentioned, certain executive officers are eligible to participate in the Company's Employee Stock Purchase Plan and Deferred Compensation Plan.

Base Salary

The annual base salary of each executive officer is based on the scope of his or her responsibility and accountability within the Company, as well as on performance and experience criteria. In addition, the Compensation Committee considers salary and other compensation arrangements of other specialty retailers

Table of Contents

of similar size and similar growth to determine appropriate levels required to attract, motivate, and retain the most qualified management personnel.

The Compensation Committee believes that the Company's most direct competitors for executive talent are not necessarily all of the companies that would be included in a peer group established to compare stockholder returns. Thus, the compensation peer group is not the same as the peer group index in the "Comparison of Cumulative Total Return" graph included in this proxy statement.

The Compensation Committee, upon the recommendation by the Chief Executive Officer and the President, determines and makes final decisions regarding base salary of executives on an annual basis. The Compensation Committee recognizes that, to some degree, the determination of an executive officer's base salary involves subjective considerations.

Incentive Bonuses

A significant component of an executive officer's total cash compensation consists of an incentive bonus, which is intended to make the executive compensation dependent on the Company's performance and to provide executive officers with incentives to achieve Company goals, increase stockholder value, and work as a team. The bonuses are based on the Company's achievement of its targeted earnings per share goal, which is part of the Company's overall plan. The earnings per share goal, as well as the overall plan, is reviewed and approved by the Compensation Committee prior to the start of each fiscal year, with mid-year reviews when determined necessary. To encourage high levels of performance, the targeted earnings per share goal is established at a level which builds in, among other things, a conservatively aggressive growth in sales and comparable store sales.

Bonuses are awarded to the executive team based on the Company's attainment of specific pre-determined earnings per share levels relative to the targeted earnings per share goal established in the Company's overall plan. If the Company does not match its minimum earnings per share goal level, then no bonuses are awarded. Bonuses are awarded midway through the fiscal year and at year end. The Company's executive officers were awarded a total of approximately \$2,934,800 in bonuses in the fiscal year ended February 1, 2003.

Deferred Compensation Plan

The Company has adopted an unfunded, nonqualified plan that permits executive officers to defer current compensation for retirement savings. Pursuant to the deferred compensation plan, participants may defer all or a portion of qualifying remuneration payable by the Company. A book account is then maintained for each such executive officer in which there is an accounting of such deferred compensation and deemed earnings thereon based upon selection of deemed investment options by the executive officer. In accordance with the terms of the plan, the deferral must be placed in a rabbi trust. This trust arrangement offers a degree of assurance for ultimate payment of benefits without causing constructive receipt of the deferral or earnings thereon for income tax purposes. The assets in the trust remain subject to the claims of creditors of the Company and are not the property of the executive officer.

Long Term Stock Based Compensation

The Compensation Committee believes that providing key employees, including executive officers, with the opportunity to acquire stock ownership and the potential to realize growth in stock value over time is the most desirable way to align their interests with those of the Company's stockholders. Stock options awarded under the Company's 1992 and 1993 Stock Option Plans, the 2002 Omnibus Stock and Incentive Plan, and in some limited cases outside of the plans pursuant to separate individual stock option agreements, provide an incentive that focuses the attention of executive officers on managing the Company from the perspective of an owner with an equity interest in the business. In addition, stock options have been and continue to be a key part of the Company's program for motivating and rewarding managers over the long term. The Company intends to continue to have stock options serve as an important part of the compensation program for key employees. The 2002 Omnibus Stock and Incentive Plan has expanded the type of stock based awards that

Table of Contents

may be granted to include restricted stock and restricted stock units, in addition to stock options. Stock based compensation that has been and that may in the future be granted to key employees, including stock options previously issued and awards that may be granted under the Omnibus Plan, is tied to future performance of the Company's common stock and will provide increased value as the price of the Company's common stock increases.

The Compensation Committee, upon the recommendation by the Chief Executive Officer and the President, has in the past determined and made, and expects to continue to determine and make, final decisions regarding stock based awards. Such factors as performance and responsibilities of individual managers and the management team as a whole as well as general industry practices play an integral role in the determination of the number of stock options, restricted stock and/or restricted stock units awarded to a particular senior executive. In determining the size of the individual award of stock options, restricted stock and/or restricted stock units, the Compensation Committee also considers the amounts of stock based awards outstanding and previously granted, the amount of stock based awards remaining available for grant under the Stock Plans, the aggregate amount of current awards, and the amount necessary to retain qualified management.

In accordance with its business strategy and compensation philosophy, the Company has previously granted stock options to a significant number of employees in managerial positions to afford them an opportunity to participate in the Company's future growth and to focus them on the contributions which are necessary for the financial success and business growth of the Company and, thereby, the creation of value for its stockholders. In the fiscal year ended February 1, 2003, a total of 1,435,266 (split adjusted) stock options were granted to employees, including 1,005,800 (split adjusted) stock options that were awarded to senior executives.

Stock options have typically been awarded each year based on an assessment of each recipient's ongoing contribution to overall corporate performance and it is contemplated that stock options and other stock based awards will continue to be awarded on a similar basis and following a similar process. As a means to encourage the recipient of a stock based award to remain in service with the Company, stock based awards vest over time. Most stock options granted to key employees in the past vest in equal amounts over a period of three years from the date of grant. All stock options have exercise prices at least equal to the market value of the Company's stock on the date of grant.

401(k) Plan and Stock Purchase Plan for Employees

In 1992, the Company adopted a profit sharing plan to provide a means for all eligible employees at all levels of the Company to share in the Company's profits and accumulate retirement savings. Effective January 1, 1999, the Company incorporated a 401(k) feature into its profit sharing plan as a further means for all eligible employees at all levels of the Company to accumulate retirement savings. Under the 401(k) aspect of the plan, eligible employees can elect to defer up to 20% of their respective compensation and have it contributed to the plan. The Company is obligated to match a portion of the deferral and can elect to make additional contributions over and above the mandatory match, based on the amount it deems appropriate in light of the results of the Company's operations for the respective year. During the fiscal year ended February 1, 2003, the Company's aggregate matching contributions, including both mandatory and additional matching contributions, were approximately \$935,000.

In 2002, the Company adopted a new stock purchase plan (replacing its 1993 stock purchase plan) to continue to provide all eligible employees at all levels an opportunity to become stockholders of the Company. This plan is viewed as an effective way to help align the interest of all employees with those of the Company's stockholders. As an inducement, eligible employees may purchase shares of stock in the Company during each exercise period at a 15% discount to the value of the stock.

Compensation for the Chief Executive Officer for the Fiscal Year Ended February 1, 2003

The general policies described above for the compensation of the executive officers also apply to the compensation approved by the Compensation Committee with respect to the compensation for Mr. Gralnick,

Table of Contents

the Company's Chairman of the Board and Chief Executive Officer, for the fiscal year ended February 1, 2003.

Pursuant to a three-year employment contract entered into in February 2000 (which was extended by amendment for an additional one year to February 1, 2004), Mr. Gralnick's base salary was increased to \$850,000 in the fiscal year ended February 1, 2003, which reflected a \$100,000 increase from his base salary in the prior fiscal year. For the fiscal year ended February 1, 2003, Mr. Gralnick also was awarded an aggregate bonus of \$850,000, as a result of the Company having reached certain targeted performance incentive goals. The Compensation Committee awarded him 274,400 (adjusted for the 2-for-1 split in July 2002) stock options in the fiscal year ended February 1, 2003 in order to continue to recognize his efforts in leading the Company in achieving a very strong financial performance.

Mr. Gralnick's compensation was based on industry comparisons as well as on the Company's performance over the most recent years, as reflected in the Company's Annual Report to Stockholders which accompanies this proxy statement. Under the leadership of Mr. Gralnick and the rest of the management team, total revenues for Chico's increased from approximately \$59 million in 1994 to approximately \$531 million for the fiscal year ended February 1, 2003. Between 1994 and the fiscal year ended February 1, 2003, income before income taxes grew from approximately \$5.6 million to approximately \$108 million, and net income grew from approximately \$3.3 million to approximately \$67 million.

Under Mr. Gralnick's employment contract, and again taking into account the industry comparisons, Mr. Gralnick's base compensation has been further increased to \$1,000,000 for the fiscal year ending January 31, 2004. In addition, in February 2003, Mr. Gralnick was awarded 125,000 stock options. There is no commitment to grant any additional stock options to Mr. Gralnick.

Compliance With Internal Revenue Code Section 162(m)

The Compensation Committee has reviewed the applicability of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Code), which disallows a tax deduction for compensation to an executive officer when the included compensation exceeds \$1 million per year. Although Mr. Gralnick's compensation earned during the fiscal year ended February 1, 2003 exceeded this threshold during such fiscal year and could exceed this threshold in future years, depending of course on the Company's performance, the provisions of Mr. Gralnick's employment agreement provide that any cash compensation in excess of the threshold that would otherwise be payable will be deferred instead until such date as such deferred amount can be paid without exceeding the applicable threshold. This deferral is being made pursuant to and consistent with the Company's deferred compensation plan. The Committee intends to periodically continue further review of the potential consequences of Section 162(m) and, depending upon the risk of applicability of this provision to the Company, may elect to structure the performance-based portion of its executive officer compensation in a manner so as to comply with certain exemptions provided for in Section 162(m) and possibly modify the provisions which effectuate deferral of certain portions of the cash compensation amounts.

This report has been provided by the Compensation Committee.
