PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors of the Company to be voted at the Annual Meeting of Shareholders to be held on June 13, 2006, and at any and all adjournments or postponements thereof. Proposals 1 and 2 will be presented at the Meeting by management.

VOTING PROCEDURES; GENERAL INFORMATION

With regard to Proposal 1, the form of proxy permits votes for or withholding of votes as to each nominee for director, and permits votes for, against, or abstention with regard to Proposal 2. If the enclosed form of proxy is properly executed, returned, and not revoked, it will be voted in accordance with the specifications, if any, made by the shareholder and, if specifications are not made, will be voted **FOR** the nominees named in this Proxy Statement to the Company's Board of Directors, and **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2006. If your shares are held by your broker or other nominee, often referred to as in street name, you will receive a form from your broker seeking instructions as to how your shares should be voted. If you are a registered stockholder, you may vote telephonically or electronically through the Internet by following the instructions included with your proxy card. If your shares are held in street name and you do not issue instructions to your broker, your broker may vote your shares in its discretion on routine matters, but may not vote your shares on non-routine matters. The election of directors and the ratification of Ernst & Young LLP as our independent registered public accounting firm are both routine matters. Therefore, your broker or nominee has discretionary authority to vote your shares on such matters absent specific instructions from you.

It is not expected that any matter not referred to herein will be presented for action at the Meeting. If any other matters are properly brought before the Meeting, including, without limitation, a motion to adjourn the Meeting to another time and/or place for the purpose of, among other things, permitting dissemination of information regarding material developments relating to any of the Proposals, or soliciting additional proxies in favor of the approval of any of the Proposals, the persons named on the accompanying proxy card will vote the shares represented by such proxy upon such matters in their discretion, and proxies will be deemed to have voted **FOR** any adjournment proposal if such proposal to adjourn is made by the Company. Should the Meeting be reconvened, all proxies will be voted in the same manner as such proxies would have been voted when the Meeting was originally convened, except for the proxies effectively revoked or withdrawn prior to the time proxies are voted at such reconvened meeting.

The cost of solicitation of proxies will be borne by the Company. Proxies may be solicited by directors, officers, or other employees of the Company in person or by telephone or mail. In addition, the Company has retained Georgeson Shareholder to assist in the solicitation. The Company will pay Georgeson Shareholder approximately \$7,500, plus out of pocket expenses for their services. The Company requests that brokerage houses and other custodians, nominees, and fiduciaries forward solicitation materials to the beneficial owners of shares of the Company's Common Stock, \$0.10 par value per share (the Common Stock), held of record by such persons, and the Company will reimburse such brokers and other fiduciaries for their reasonable out-of-pocket expenses incurred when the solicitation materials are forwarded. On or about April 27, 2006, the Company will commence mailing this Proxy Statement, the enclosed form of proxy, and the attached Notice to holders of its Common Stock.

Shareholders who sign proxies have the right to revoke them at any time before they are voted by filing with the Secretary of the Company at P.O. Box 240000, Huntsville, AL 35824 an instrument revoking the proxy, by submitting a duly executed proxy bearing a later date, or by attending the Meeting and voting in person.

Table of Contents

The close of business on April 17, 2006 has been fixed as the record date for the determination of shareholders entitled to notice of and to vote at the Meeting. A complete list of our shareholders will be available for examination at our offices in Huntsville, Alabama during normal business hours for a period of ten days prior to the Meeting.

QUORUM; REQUIRED VOTES AND RECOMMENDATIONS

On the record date for the Meeting, there were 29,348,092 shares of Common Stock outstanding and entitled to vote at the Meeting held by approximately 4,618 shareholders of record. The holders of a majority of the outstanding shares of the Company's Common Stock as of the record date must be present in person or be represented by proxy to constitute a quorum and act upon the proposed business. Failure of a quorum to be represented at the Meeting will necessitate an adjournment or postponement and will subject the Company to additional expense.

Proposal 1 discussed in this Proxy Statement requires the affirmative vote of a plurality of the votes cast at the Meeting. Proposal 2 discussed in this Proxy Statement requires the affirmative vote of the holders of a majority of the outstanding shares represented at the Meeting and entitled to vote thereon. Votes are counted by the Company's transfer agent. Holders of our Common Stock are entitled to one vote per share. The Company's certificate of incorporation and bylaws contain no provisions concerning the treatment of abstentions and broker non-votes. In accordance with Delaware law, neither abstentions, withheld votes nor broker non-votes are considered as voting for or against a particular matter. However, while abstentions and broker non-votes will be included in the determination of the presence of a quorum at the Meeting, broker non-votes are not considered entitled to vote. Accordingly, neither abstentions nor broker non-votes will have an effect on the outcome of Proposal 1. Abstentions will have the same effect as a vote cast against Proposal 2, and broker non-votes will have the effect of reducing the number of affirmative votes required to achieve a majority of the shares present and entitled to vote on such matter.

The Board of Directors recommends that you vote:

§ **FOR** the nominees named in this Proxy Statement; and

§ **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2006.

Director Qualifications

The Company's director nominees are recommended to the Board of Directors by a Nominating and Corporate Governance Committee which is composed solely of independent directors. You may access a copy of the Nominating and Corporate Governance Committee's charter on the investor relations section of the Company's website at www.intergraph.com.

The Company's Corporate Governance Guidelines contain membership criteria that apply to nominees for the Company's Board of Directors. The Company's Board of Directors and its Nominating and Corporate Governance Committee have also adopted a procedure for the evaluation of director candidates (the Nominee Procedures) that contain certain minimum qualifications for candidates (including those candidates recommended by the Company's shareholders). The Company's Corporate Governance Guidelines provide that the Nominating and Corporate Governance Committee will review the results of the annual performance evaluation of the Board and its Committees, and the qualifications of potential director candidates in accordance with the Nominating and Corporate Governance Committee's Charter and the Company's Corporate Governance Guidelines. The consideration of a candidate as a director will include the Nominating and Corporate Governance Committee's assessment of the individual's background, skills and abilities, and whether such characteristics are consistent with the Company's Corporate Governance Guidelines and fulfill the needs of the Board at that time. The Nominating and Corporate Governance Committee will be responsible for reviewing shareholder proposals with respect to director nominations.

The Nominee Procedures provide that candidates for nomination to the Board of Directors, including those recommended by shareholders in compliance with the Company's certificate of incorporation, bylaws and applicable law, are required to be submitted to the Nominating and Corporate Governance Committee's Chair with as much biographical information as is available and a brief statement of the candidate's qualifications. The Nominating and Corporate Governance Committee will consider whatever factors it deems appropriate in its assessment of a candidate; however, at a minimum, a candidate must in the Committee's judgment:

- § be able to represent the interests of the Company and all of its shareholders and not be disposed by affiliation or interest to favor any individual, group or class of shareholders or other constituency;
- § meet the minimum qualifications for directors set forth in the Corporate Governance Guidelines and fulfill the needs of the Board of Directors at that time; and
- § possess the background and demonstrated ability to contribute to the Board's performance of its collective responsibilities, through senior executive management experience, relevant professional or academic distinction, and/or a record of relevant civic and community leadership.

In addition to these minimum qualifications, the Nominating and Corporate Governance Committee may also consider whether the candidate:

- § is of the highest ethical character and shares the core values of the Company as reflected in the Company's Corporate Governance Guidelines and the Company's Code of Business Conduct and Ethics;
- § has a reputation, both personal and professional, consistent with the image and reputation of the Company;
- § is highly accomplished in the candidate's field;
- § is an active or former chief executive officer of a public company or a technology company or is a leader of another complex organization;
- § has relevant expertise and experience, and would be able to offer advice and guidance to the Chief Executive Officer based on that expertise and experience; and
- § has the ability to exercise sound business judgment.

Table of Contents

Process for Identifying Candidates

The Nominating and Corporate Governance Committee seeks to identify candidates for membership on the Company's Board of Directors through conversations with members of the Board of Directors, senior management, a professional search firm and others. The Nominating and Corporate Governance Committee also considers nominees proposed by the Company's shareholders in accordance with the provisions contained in the Company's certificate of incorporation, bylaws and applicable law, and consistent with the Nominee Procedures. Pursuant to the Company's bylaws, any shareholder may nominate a person for election to the Company's Board of Directors at the Company's Annual Meeting of Shareholders, provided that the nomination is received by the Secretary of the Company not less than 60 days nor more than 90 days prior to the first anniversary of the preceding year's Annual Meeting of Shareholders. Each notice submitted in this manner must comply with the Company's bylaws and must include the name and address of the nominee(s) and all other information with respect to the nominee as required to be disclosed in the proxy statement for the election of directors under applicable rules of the SEC, including the nominee's consent to being named as a nominee and to serving as a director, if elected. Additionally, the nominating shareholder must provide his or her name and address as it appears in the stock records of the Company and the number of shares of Common Stock beneficially owned by such shareholder.

Evaluation of Candidates

The Nominating and Corporate Governance Committee will consider all candidates nominated in accordance with the processes described above. The Chair of the Nominating and Corporate Governance Committee may preliminarily assess a candidate's qualifications and suitability, working with support staff and seeking Board input, and report such assessment as promptly as practicable to the Nominating and Corporate Governance Committee. When feasible, the Chair of the Nominating and Corporate Governance Committee will interview candidates whom the Chair believes are likely to meet the criteria for Board membership as part of the preliminary assessment process. The report may be made to the Nominating and Corporate Governance Committee at a meeting of the Committee or informally to each Committee member between meetings.

If it is the consensus of the Nominating and Corporate Governance Committee that a candidate is likely to meet the criteria for Board membership and fulfill the needs of the Board at that time, the Chair of the Nominating and Corporate Governance Committee or other representative of the Board will advise the candidate of the Committee's preliminary interest and, if the candidate expresses sufficient interest, will arrange interviews of the candidate with one or more members of the Nominating and Corporate Governance Committee, and request such additional information from the candidate as the Nominating and Corporate Governance Committee deems appropriate. The Nominating and Corporate Governance Committee will consider the candidate's qualifications, the Committee's assessment of the individual's background, skills and abilities, and whether such characteristics are consistent with the Company's Corporate Governance Guidelines and fulfill the needs of the Board at that time, and such other factors as it deems appropriate in order to confer and reach a collective assessment as to the qualifications and suitability of the candidate for Board membership. If the Nominating and Corporate Governance Committee determines that the candidate is suitable and meets the criteria for Board membership, the candidate may be invited to meet with senior management of the Company, both to allow the candidate to obtain further information about the Company and to give management a basis for input to the Nominating and Corporate Governance Committee regarding the candidate. On the basis of its assessment, and taking into consideration input from senior management, the Nominating and Corporate Governance Committee will formally consider whether to recommend the candidate's nomination for election to the Board of Directors.

Code of Business Conduct and Ethics

The Company has a Code of Business Conduct and Ethics (the "Code of Conduct") that applies to all of the Company's employees, officers and directors. The purpose of the Code of Conduct is to, among other things, provide written standards that are reasonably designed to deter wrongdoing and to promote honest and ethical conduct; full, fair, accurate, timely and understandable disclosure in reports and documents that the Company files with the SEC and other public communications by the Company; compliance with applicable governmental laws, rules and regulations; prompt internal reporting of violations of the Code of Conduct; and accountability for adherence to the Code of Conduct. The Company's Chief Executive Officer and senior financial officers are bound by the Company's Code of Conduct which contains provisions consistent with the SEC's description of a code of ethics.

A copy of the Company's Code of Conduct can be obtained from the investor relations section of the Company's website at www.intergraph.com. The Company intends to disclose any legally required amendments to, or waivers from, the Code of Conduct with respect to its directors and officers on the investor relations section of the Company's website at www.intergraph.com.

Section 16(a) of the Securities Exchange Act of 1934 requires the Company's officers, directors, and persons who own more than ten percent of a registered class of the Company's equity securities, if any, to file reports of ownership and changes in ownership with the SEC. Officers, directors, and greater-than-ten-percent shareholders are required by SEC regulations to furnish the Company with copies of all Section 16(a) forms they file.

Based solely on review of the copies of such forms and any amendments thereto furnished to the Company, or on written representations that no forms were required, the Company believes that during the year ended December 31, 2005, all Section 16(a) filing requirements applicable to its officers, directors, and greater than ten percent beneficial owners were met, other than one late report for each of our executive officers as a result of administrative errors.

Compensation of Directors

Directors who are also employees of the Company did not receive additional compensation for their service as directors. Compensation for non-employee directors for 2005 included an annual retainer of \$25,000 for serving as a director, as well as an additional retainer of \$7,500 for serving as the chair of the audit committee and \$5,000 for serving as the chair of any other committee of the Board. The foregoing retainers were payable in cash or, at the election of the director, in restricted stock or restricted stock units (RSUs). The directors electing to receive RSUs were additionally offered limited deferral rights with respect to the receipt of vested RSUs.

Compensation for 2005 also included Board and committee meeting attendance fees of \$1,000 per meeting, respectively. In addition, 1,500 shares of restricted stock will be granted to each new non-employee director on the date such person is elected to serve on the Board, and each non-employee director will receive an annual equity compensation award in the form of 2,300 shares of restricted stock upon his or her reelection. The restricted stock and RSU awards, as the case may be, are issued pursuant to the Company's 2004 Equity Incentive Plan and vest on the one year anniversary of the date of grant, provided that the shares of restricted stock and/or RSUs will become fully vested upon the occurrence of a change in control of the Company (as defined in the award agreements) or the termination of the director's service by reason of death or disability. The foregoing compensation for our non-employee directors will continue to apply for 2006.

Employment Contracts

Mr. Wise holds an employment agreement with the Company that provides him a fixed base salary, cash bonuses, stock options, and restricted stock awards. Mr. Wise's employment agreement was last amended in December of 2005, is effective until May 27, 2008, and automatically extends for one year periods on each subsequent anniversary unless either party gives 90 days written notice. It may be terminated at any time with proper notice. The termination provisions of this contract provide for severance benefits of up to 200% of his base salary, 200% of his target bonus for the year in which termination occurs, and fully paid health insurance benefits for two years following the date of termination. Mr. Wise's employment agreement was previously amended in 2004 to provide for the receipt of an award of 85,000 shares of restricted stock pursuant to the 2002 Stock Option Plan in exchange for Mr. Wise's agreement to forego a stock option award otherwise due to him pursuant to the terms of the employment agreement. No severance beyond salary and benefits through date of termination shall be paid for resignation without good reason or termination for cause.

In the event of a change in control where Mr. Wise is terminated without cause or resigns for good reason, he is also entitled to additional benefits of 250% of his base salary, 250% of his target bonus and standard health insurance benefits for two (2) years, and all stock options granted to Mr. Wise pursuant to the agreement will immediately vest and all restrictions relating to restricted stock awards made pursuant to the agreement will automatically lapse in the event of a change in control. In addition, Mr. Wise will be indemnified by the Company for any excise tax due under Section 4999 of the Internal Revenue Code of an amount sufficient to place Mr. Wise in the same after-tax position as he would have been had no excise tax been imposed upon or paid by him.

Mr. French holds an employment agreement with the Company that provides him a fixed base salary, cash bonus opportunities, and the potential for restricted stock awards. The employment agreement was amended as of December 19, 2005 with a term of one year, and automatically extends for one year renewal terms on each subsequent anniversary of the initial effective date unless either party gives 90 days written notice prior to the next renewal date. The employment agreement may be terminated at any time by either party, provided that if Mr. French is prematurely terminated without cause or resigns for good reason, Mr. French will receive severance benefits equal to one times his base salary, a pro rata bonus for the year in which termination or resignation occurs, and fully paid health insurance benefits for one year following the date of termination. No severance beyond salary and benefits through the date of termination shall be paid for resignation without good reason or termination for cause. Mr. French's employment agreement also provides that all stock options granted to Mr. French pursuant to the agreement will immediately vest and all restrictions relating to restricted stock awards made pursuant to the agreement will automatically lapse in the event of a change in control. Mr. French's employment agreement also

provides for a stay bonus in the event of a change of control whereby he will receive one times his then-current salary and one half of his target bonus should he stay with the Company following a change in control.

Mr. Colaluca, the Company's Executive Vice President and Chief Financial Officer, holds an employment agreement with the Company that provides him a fixed base salary, signing bonus, cash bonuses and bonus opportunities, and restricted stock awards. The employment agreement was effective as of October 3, 2005 for a term of one year, and automatically extends for one year renewal terms on each subsequent anniversary of the initial effective date unless either party gives written notice prior to the next renewal date. The employment agreement may be terminated at any time by either party, provided however, that if Mr. Colaluca is prematurely terminated without cause or resigns for good reason (after his initial term of employment), Mr. Colaluca will receive severance benefits equal to one times his base salary, a pro rata bonus for the year in which termination or resignation occurs, and fully paid health insurance benefits for one year following the date of termination. No severance beyond salary and benefits through the date of termination shall be paid for resignation without good reason or termination for cause. Mr. Colaluca's employment agreement also provides that all restrictions relating to restricted stock awards made pursuant to the agreement will automatically lapse in the event of a change in control.

Mr. Sallinger holds an employment agreement with one of the Company's European business entities. The employment agreement provides him (in euros) a fixed base salary, a permanent advance for travel expenses, a vehicle and related expenses. The contract is open-ended, but may be terminated by either party giving a notice of six weeks prior to the end of a quarter. A contract penalty equal to the last monthly salary may apply if the employment relationship is terminated prematurely.

The foregoing summaries are qualified in their entireties by reference to the complete texts of the employment agreements previously filed by the Company with the SEC.

Compensation Committee Interlocks and Insider Participation

The Company has a standing Compensation Committee consisting of Dr. Greenwood (Chair), Mr. Bills, Mr. Cardin and Mr. Twomey. No member of the Compensation Committee is or has ever been an officer or employee of the Company or any of its subsidiaries, or had any relationship requiring disclosure under Item 404 of Regulation S-K promulgated under the Securities and Exchange Act of 1934, as amended. There were no instances of Compensation Committee interlocks in 2005.

REPORT OF THE COMPENSATION COMMITTEE

The Compensation Committee of the Board of Directors (the Committee) is composed of four independent directors.

Compensation Committee Charter and Objectives

In accordance with its charter, the Committee reviews annually and determines the individual compensation and incentive arrangements (including any employment or severance agreements) for the Company's executive officers and reviews compensation and incentive arrangements for other officers. The Committee also administers the Company's equity compensation plans as directed by the Board of Directors, reviews the compensation of directors and, in conjunction with the Nominating and Corporate Governance Committee, makes periodic recommendations to the Board regarding appropriate compensation for service on the Company's Board and its committees.

Compensation Philosophy and Strategy

The Committee retained an outside compensation consultant to assist it with respect to executive compensation. The Committee was responsible for the consultant's selection, retention and compensation arrangements. The Committee worked directly with the consultant and the consultant reported directly to the Committee. The Committee held 10 meetings in 2005, many of which included executive sessions without senior management present. In performing its duties, the Committee considered presentations and analyses provided by its

Table of Contents

compensation consultant, presentations and recommendations provided by the Company's Chief Executive Officer (the CEO), their own business experience, and such other matters as they deemed appropriate in their subjective judgment.

Together with its consultant, the Committee developed a compensation philosophy and strategy intended to enable the Company to attract, motivate, and retain qualified officers and other key employees of the Company and that reflected the particular circumstances of the Company and the individual. The core elements of the Committee's 2005 executive compensation philosophy and strategy included consideration of:

compensation policies and practices at selected peer companies, generally comprised of other computer software and services companies headquartered in the United States and operating throughout the world;

market positioning, with total compensation generally targeted between the 50th and 60th percentile for peer companies;

a compensation mix reflecting a fixed base salary, plus variable opportunities for short-term and long-term incentives;

a performance orientation in the compensation practices and programs; and

equity awards intended to better align the interests of executives and shareholders.

2005 Executive Compensation

The core elements of 2005 executive compensation strategy include adjustments to base salaries, an annual cash incentive opportunity based on Company, division level and/or individual targets pursuant to the 2005 Cash Incentive Plan, and restricted stock awards pursuant to the 2004 Equity Incentive Plan as a long-term equity incentive.

In 2005, the Committee adopted an executive share retention policy that applies to all equity awards granted in 2005 and thereafter, and generally requires officers and key employees to hold 50% of all shares from compensatory awards, net of taxes, for the lesser of three years or until termination of employment. The Committee believes the share retention policy further aligns the Company's long-term incentives with long-term shareholder value creation, lengthens the relevant performance horizon with respect to long-term incentives and otherwise promotes long-term equity ownership among the Company's officers and key employees.

Base Salaries

The consultant provided competitive market data compiled from (a) compensation surveys selected by the consultant containing pay data for executive positions within software and services companies of perceived comparable size and complexity to Intergraph and (b) proxy statements of a custom group of peer companies. In determining appropriate salary adjustments the Committee considered the executive officers' base salaries, market data and analyses provided by its consultant, the recommendations of the CEO, the performance of the individual, the individual's potential to assume greater duties, and other factors deemed relevant by the Committee. In 2005, the average initial base salary increase for our executive officers (other than the CEO) was approximately 9%, with increases ranging from 4% to a maximum of 13%. The foregoing does not, however, reflect additional salary increases related solely to certain promotions or changes in roles subsequent to the initial executive compensation determinations by the Committee for 2005, such as Mr. French's promotion to Chief Operating Officer in April 2005.

Annual Cash Incentives

In 2005, a cash bonus opportunity was provided pursuant to the Company's 2005 Cash Incentive Plan (the Cash Bonus Plan). Awards under the Cash Bonus Plan were intended to provide incentives to members of management, including the executive officers, in the form of cash bonus payments for achieving certain performance goals established for them. The performance awards were based upon achievement of established operating income goals (on a Company and/or division level), as well as personal business objectives (Individual Goals), in each case as determined by the Committee. The Individual Goals were based on revenue and specified

Table of Contents

management objectives and a specified weight was allocated to each component of the participants' corporate, division and/or Individual Goals under the Cash Bonus Plan based on the officers' designated management level.

Awards under the Cash Bonus Plan were based on a target bonus established by the Committee for each participant. Participants were eligible to receive 100% of the target bonus if they achieved each of the performance measures established for such participant. Target bonuses were set at or below 100% of base salary for executive officers. Under the terms of the Cash Bonus Plan, actual awards could range from zero to a maximum of 200% of the target bonus. However, no bonus awards were to be paid unless a threshold level of Company and/or division level performance was achieved. The Committee retained the right to use negative discretion in reducing, but not increasing, any calculated awards under the Cash Bonus Plan.

Based on the performance of the Company, the applicable division and the respective plan participants, together with such other factors as the Committee deemed appropriate, the average executive officer award exceeded the target bonus by approximately 98.8%, primarily due to the Company's operating income performance.

Long-Term Equity Incentives

Historically, the Company used incentive stock options as the primary long-term incentive vehicle. In 2004, the Committee revisited this approach and determined to use restricted stock awards for executive officers. The Committee continued this approach for 2005. The Committee considered the presentations and analyses of its consultant and the recommendations of the CEO, together with other factors such as the perceived impact of the restricted stock strategy in the preceding year, the Company's progress with respect to its restructuring and realignment efforts, the Company's operating performance, equity ownership by officers, the need to attract and retain talent, the number of shares then available for awards of restricted stock and stock options under the Company's 2004 Equity Incentive Plan (the "2004 Plan"), anticipated annual grant rates, peer company practices, the performance of the executive officers, and the perceived value of the proposed incentive.

Based on the foregoing, the Committee determined that restricted stock was the appropriate form of long-term incentive for the Company's executive officers and certain other key employees for 2005. During 2005, the Committee awarded an aggregate of 181,000 shares of restricted stock to 9 executive officers pursuant to the terms of the 2004 Plan. The shares granted to the executive officers vest ratably over four years and immediately upon a change in control. The Committee also approved awards of restricted stock to certain other corporate officers. In total, 413,913 shares of restricted stock were granted in 2005. The resulting annual grant rate, as a percentage of the Company's shares outstanding as of December 31, 2005, was 1.43%. The Committee believes this annual grant rate is below the market median for comparable companies in the software and services industry.

2005 CEO Compensation

CEO compensation is comprised of the same three core elements outlined above for other executive officers: salary, annual cash incentive and long-term equity incentive. In evaluating CEO performance, the Committee used a structured evaluation process. The Committee expects to conduct an evaluation of the CEO annually and to solicit input on a variety of dimensions from multiple sources.

In 2005, base compensation of R. Halsey Wise as CEO was increased from \$577,500 per annum to \$600,000 per annum on substantially the same bases as set forth above for other executive officers and as reflected by his amended and restated employment agreement. Mr. Wise received a bonus of \$579,031 pursuant to the terms of the Cash Bonus Plan consistent with the factors described above for other executive officers. Mr. Wise also received an award of 60,000 shares of restricted stock pursuant to the 2004 Plan during 2005. The restricted stock award was determined in a manner consistent with the factors described above for other executive officers.

Executive Compensation Tax Deductibility

Under Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code"), compensation paid by a publicly-held corporation to the chief executive officer and four other most highly paid executive officers in excess of \$1 million per year per officer is deductible only if paid pursuant to qualifying performance-based

Table of Contents

compensation plans approved by shareholders. Because individual compensation is based on a number of factors described above, executive officer compensation that is not performance-based within the meaning of the Code can exceed \$1 million in any given year. While the Committee considers the tax implications of its compensation decisions, the Committee believes its primary focus should be to attract, motivate and retain qualified officers and other key employees of the Company and that in some circumstances factors other than deductibility are more important in determining appropriate executive compensation. Notwithstanding the foregoing, in 2005, the Committee determined that it would review its compensation practices to consider further the advisability of making changes intended, among other things, to qualify additional compensation as performance-based within the meaning of the Code.

Table of Contents**Performance Graph**

The following graph sets forth, for the five-year period ended December 31, 2005, a comparison of the cumulative total shareholder return to the Company's shareholders with that of the Hemscott Computer Software and Services Index (the Hemscott Group Index), and that of the Standard & Poor's 500 Composite Stock Index. The Company uses the Hemscott Group Index as the best representation of the companies with which its business segments compete. The cumulative total return for this index was provided to the Company by Hemscott, Inc. Total shareholder return for each was determined by adding (a) the cumulative amount of dividends for a given year, assuming dividend reinvestment, and (b) the difference between the share price at the beginning and at the end of the year, the sum of which was then divided by the share price at the beginning of such year. The graph assumes \$100 was invested on January 1, 2000.

Report of the Audit Committee

The Audit Committee is composed of four independent directors as defined under the applicable rules of The Nasdaq Stock Market, Section 10A of the Securities Exchange Act of 1934 and the rules and regulations of the Securities and Exchange Commission. The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee is directly responsible for the appointment, compensation and oversight of the work of the independent auditors. Management has primary responsibility for the Company's financial statements and reporting process, including the systems of internal controls. The independent auditors are responsible for performing an independent audit of the Company's financial statements in accordance with standards

established by the Public Company Accounting Oversight Board, expressing an opinion as to the conformity of such financial statements with accounting principles generally accepted in the United States, auditing management's assessment of the effectiveness of internal control over financial reporting and issuing a report thereon. A copy of the Audit Committee's current charter may be viewed on the investor relations page of the Company's website at www.intergraph.com.

In the performance of its oversight function, the Audit Committee has reviewed and discussed the audited financial statements with management and the independent registered public accounting firm. Management has represented to the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees), as amended by Statement on Auditing Standards No. 90 (Audit Committee Communications). In addition, the Audit Committee has received from the independent registered public accounting firm the written disclosures required by the pronouncements of the Independence Standards Board and discussed with them their independence from the Company and its management. The Audit Committee has considered whether the independent auditors' provision of non-audit services to the Company is compatible with the auditors' independence.

The Audit Committee met 6 times during 2005. The Audit Committee discussed with the Company's internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee met with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, the Company's progress in meeting the internal controls requirements under Section 404 of the Sarbanes-Oxley Act of 2002, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended that the Board of Directors include the Company's audited financial statements in the Annual Report on Form 10-K for the year ended December 31, 2005, for filing with the Securities and Exchange Commission.

Members of the Audit Committee:

Richard W. Cardin, Chair

The foregoing report of the Audit Committee does not constitute soliciting material and shall not be deemed incorporated by reference by any general statement incorporating by reference the proxy statement into any filing by the Company under the Securities Act of 1933 or the Securities Exchange Act of 1934, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such acts.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee has appointed Ernst & Young LLP as the Company's independent registered public accounting firm to audit the financial statements of the Company and to perform other accounting services, if appropriate, for the year ending December 31, 2006. Such appointment will be presented to the shareholders for ratification at the Meeting. A representative of Ernst & Young LLP is expected to be present at the Meeting to respond to questions from shareholders and will be given the opportunity to make a statement if so desired.

Shareholder ratification of the selection of Ernst & Young LLP as the Company's independent auditors is not required by the Company's Bylaws or otherwise. However, the Board is submitting the selection of Ernst & Young LLP to the shareholders for ratification as a matter of good corporate practice, consistent with the recommendation of the Audit Committee. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee in its discretion may direct the

appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its shareholders.

Fees paid to Ernst & Young LLP for services provided during the years ended December 31, 2005 and 2004 are presented below. The Company did not engage Ernst & Young LLP to perform financial information systems design or implementation services during the year. **Audit Fees** include fees associated with the annual audit, the review of the Company's quarterly reports on Form 10-Q, local statutory audits performed in various international locations, and the audit of management's report on the effectiveness of our internal control over financial reporting, as required under Section 404 of the Sarbanes-Oxley Act of 2002. **Audit-Related Fees** primarily include fees associated with the audits of the Company's employee benefit plans and the review of the Company's internal controls over financial reporting, including services in connection with assisting the Company in its compliance and obligations under Section 404 of the Sarbanes-Oxley Act of 2002 and not described under **Audit Fees** above. **Tax Fees** include fees associated with tax compliance, tax advice, and tax planning, including expatriate tax services. **All Other Fees** include fees associated with miscellaneous professional services.

The Board of Directors has adopted an Audit Committee Charter which, among other things, requires the Audit Committee to pre-approve all audit and permitted non-audit services to be performed for the Company by its independent auditors. The Audit Committee has adopted a pre-approval policy in order to ensure that the performance of audit and non-audit services by the independent auditors does not impair the auditors' independence. The policy provides for the general pre-approval of specific types of services and gives guidance to management as to the specific type of services that are eligible for pre-approval. The policy requires specific pre-approval of all other permitted services. Requests or applications to provide services that require separate approval by the Audit Committee are submitted by the Company's Chief Financial or Chief Accounting Officer to the Audit Committee. During 2004 and 2005, all audit related services, tax services and other services were pre-approved by the Audit Committee.

The Company's Audit Committee has concluded the provision of non-audit services covered under the caption **All Other Fees** and **Tax Fees** is compatible with maintaining the auditors' independence and concluded that the auditors' independence was not impaired.

	Audit Fees	Audit-Related Fees	Tax Fees	All Other Fees
2005	\$4,095,000	\$22,000	\$267,000	\$32,000

INTERGRAPH CORPORATION
Amended And Restated Audit Committee Charter

I. Organization

This charter governs the operations of the Audit Committee and the scope of its responsibilities. The Audit Committee shall review and reassess this charter at least annually and submit any recommended changes to the Board of Directors for its consideration. The Audit Committee shall be appointed by and serve at the pleasure of the Board of Directors and shall be comprised of at least three members of the Board of Directors, who as determined by the Board, are independent and meet the other qualification standards set by federal and state legislation and regulation, and the applicable listing standards of the Nasdaq Stock Market. Each member shall be able to read and understand fundamental financial statements, including the Company's balance sheet, income statement, and cash flow statement. One member of the Audit Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. The Audit Committee shall consider whether one of its members qualifies as an audit committee financial expert as defined by the Securities and Exchange Commission. The duties of the chair of the Audit Committee shall be to call meetings of the Audit Committee and to preside at such meetings.

II. Statement of Policy

The Audit Committee shall assist the Board of Directors in overseeing the integrity of the Company's financial statements and the financial reporting and accounting processes, the Company's compliance with legal and regulatory requirements, the outside auditors' qualifications and independence, the performance of the internal and outside auditors, and the audits of the financial statements of the Company. In so doing, it is the responsibility of the Audit Committee to maintain free and open communication between the Committee, the independent auditors, the internal auditors, and management of the Company. In discharging its responsibilities, the Audit Committee is empowered to investigate any matter with full access to all books, data, records, facilities, and personnel of the Company. The Audit Committee shall have the power to retain independent counsel and other advisors (including the Company's regular counsel or other advisors) at the Company's expense and to pay ordinary administrative expenses of the Audit Committee that it determines are necessary or appropriate in carrying out its duties.

III. Oversight Responsibilities

The Audit Committee's oversight responsibility recognizes that the Company's management is responsible for preparing the Company's financial statements and that the outside auditors are responsible for auditing those financial statements. Additionally, the Audit Committee recognizes that the Company's financial management, including the internal audit department, as well as its outside auditors, have more knowledge and more detailed information regarding the Company and its financial reports than do Audit Committee members; consequently, the Audit Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification as to the outside auditors' work, and is not conducting an audit or investigation of the financial statements nor determining that the financial statements are true and complete or have been prepared in accordance with accounting principles generally accepted in the United States.

The directors serving on the Audit Committee of the Company shall have no greater standard of liability in the performance of their duties than the standard of liability applicable to all directors. Audit Committee members who are previously employed by the Company or who have special training or experience in financial or audit matters shall have no greater duty or responsibility as a result of such prior training services or experience. Members of the Audit Committee shall have the full protection against personal liability for breach of fiduciary duties as set forth in Article IX to the Certificate of Incorporation, adopted by the shareholders in the meeting of

Table of Contents

April 23, 1987. In addition, members of the Audit Committee shall be entitled to be indemnified against liability by the Company as provided in Articles VIII and IX of the Certificate of Incorporation and Article Nine of the By-laws.

IV. Functions

The functions are set forth as minimum duties and responsibilities with the understanding that the Audit Committee may undertake additional duties and responsibilities as the Board or the Audit Committee deems appropriate given the circumstances. The responsibilities of the Audit Committee shall include all of the responsibilities set forth in Rule 10A-3(b)(2), (3), (4) and (5) under the Securities Exchange Act of 1934, as amended.

Also, the Audit Committee shall discuss with management, the internal auditors and the outside auditors the adequacy and effectiveness of the Company's internal control over financial reporting. Further, the Audit Committee shall meet separately with the internal auditors and the outside auditors, with and without management present, to discuss the results of their examinations.

The Audit Committee shall review and discuss with management and the outside auditors the annual audited and quarterly unaudited financial statements, the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operation, and the selection, application and disclosure of critical accounting policies and practices used in such financial statements, and will review and discuss with the principal executive and financial officers their certifications in and/or accompanying the related report. The Audit Committee also shall review and discuss with the outside auditors the matters required to be discussed by Statements of Auditing Standards (SAS) No. 61 and No. 90, as may be modified or supplemented. The discussion of the financial statements and the related critical accounting policies and practices shall occur prior to the public release of such financial statements and the discussion of the related disclosure, including the Management's Discussion and Analysis of Financial Condition and Results of Operation, shall occur prior to the filing of the Form 10-Q or Form 10-K. Additionally, based on such review and discussion, the Audit Committee shall consider whether to recommend to the Board that the audited financial statements be included in the Company's Annual Report on Form 10-K.

The Audit Committee shall review and approve all related-party transactions as required by the rules of the Nasdaq Stock Market or other applicable legal or regulatory requirement.

The Audit Committee shall discuss with management and the outside auditors policies with respect to risk assessment and risk management and the quality and adequacy of the Company's internal controls and processes that could materially affect the Company's financial statements and financial reporting.
