ABOUT THE MEETING

This proxy statement and the accompanying proxy form are being mailed to shareholders beginning on or about March 29, 2007.

Who is soliciting my vote?

The Board of Directors of the Corporation is soliciting your vote at the meeting.

What will I be voting on?

The election of seven Group 3 directors for a three-year term (*see* page 5).

How many votes do I have?

You will have one vote for every share of our common stock, entitled to vote, that you owned as of the close of business on March 29, 2007, the record date for the annual meeting.

How many votes can be cast by all shareholders?

As of the record date there were 8,913 issued and outstanding shares of common stock entitled to vote, consisting of one vote each. The shares are entitled to vote by any proxy form that is properly executed and received before 9:00 a.m. on the day of the meeting.

How many shares must be present to hold the meeting?

A majority of the voting shares of capital stock of the Corporation issued and outstanding; however, if at the designated time quorum is not reached, the meeting will be postponed for a half hour, after which one-third (1/3) of the voting shares issued and outstanding will constitute a quorum. We urge you to vote by proxy even if you plan to attend the meeting so that we will know as soon as possible that enough voting shares will be present for us to hold the meeting.

How do I vote?

You can vote either in person at the meeting or by proxy whether or not you attend the meeting.

To vote by proxy, you must fill out the enclosed proxy form, date and sign it, and return it in the enclosed postage paid envelope.

Table of Contents

Who will bear the cost of soliciting proxies?

We will bear the entire cost of the solicitation of proxies for the annual meeting, including the preparation, assembly, printing and mailing of this proxy statement, the proxy form and any additional solicitation materials furnished to shareholders. The original solicitation of proxies by mail may be supplemented by solicitation in person, telephone, facsimile, email or any other means by our directors, officers or certain persons on behalf of the members of the Board of Directors. No additional compensation will be paid to those individuals for any such services. In addition, the board may engage one or more solicitation agents to aid in the solicitation of proxies. We will bear the additional costs of such a solicitation, which, together with the costs of the preparation, assembly, printing and mailing of this proxy statement, the proxy form and any additional solicitation materials furnished to shareholders, are not expected to exceed \$100,000.

Can I change my vote?

Yes. Just send in a new proxy form with a later date or send a written notice of revocation to the Chairman of the Board or Secretary of the Corporation at the address on the cover page of this proxy statement. Any revocation must be delivered before the proxy is exercised. If you attend the meeting and want to vote in person, you can request that your previously submitted proxy not be used.

How are my votes counted?

You may either vote *for* or *withhold authority* to vote for each nominee for the board. You may vote *for* or *against* or you may *abstain* on the other proposals. If you *withhold authority* to vote with respect to any nominee, your shares will be counted for purposes of establishing a quorum, but will have no effect on the election of that nominee. If you *abstain* from voting on the other proposals, your shares will be counted as present for purposes of establishing a quorum, and the abstention will have the same effect as a vote *against* that proposal.

How many votes are required to elect directors and to adopt the other proposals?

Directors are elected (Proposal 1) by a majority of the votes cast at the meeting.

The amendment of the Amended and Restated Articles of Incorporation of the Corporation (Proposals 2 and 3) and the shareholder proposal requires the affirmative vote of a majority of the common stock issued and outstanding entitled to vote as of the record date.

Could other matters be decided at the meeting?

We do not know of any other matters that may come before the meeting. However, if any new matter requiring the vote of the shareholders is properly presented before the meeting, proxies may be voted with respect thereto at the discretion of the proxy holders.

What happens if the meeting is postponed or adjourned?

Your proxy will still be good and may be voted at the postponed or adjourned meeting. You will still be able to change or revoke your proxy until it is voted.

What should I receive?

This proxy statement, our Annual Report, the Notice of Annual Meeting of Shareholders and the proxy form, which are being mailed to you on or about March 29, 2007. Our Annual Report includes our audited financial statements for the year ended December 31, 2006, duly audited by KPMG LLP, as independent registered public accounting firm.

The board of directors of the Corporation is a staggered board, which is divided into three groups as nearly equal in number as possible, with each group having at least five members and with the term of office of one class expiring each year. Each director serves for a term ending on the date of the third annual meeting of shareholders following the annual meeting at which such director was elected or until his successor has been elected and qualified. In the event that there is a vacancy on the board of directors that has to be substituted by the board of directors the person elected to fill the vacancy on the board of directors will serve the rest of the term of the person who is being substituted and may be reelected for two additional successive terms. In accordance with the Amended and Restated Bylaws of the Corporation, the President and Chief Executive Officer, who is also a member of the board of directors, is excluded from the three groups of directors. In addition, the Amended and Restated Articles of Incorporation and Bylaws of the Corporation provide that, with the exception of the President and Chief Executive Officer, directors may not be elected to the board for more than three terms or serve as such for more than nine years. Accordingly, Mr. Mario S Belaval, Mr. Manuel Suárez-Méndez and Dr. Fernando J. Ysern-Borrás are not being nominated for election at the meeting.

The remaining eleven directors will continue to serve as directors, as follows: until the 2008 annual meeting of shareholders, in the case of the five directors assigned to Group 1, and until the 2009 annual meeting of shareholders, in the case of the six directors assigned to Group 2, or in each case until their successors are elected and qualified.

The persons named as proxies in the accompanying proxy form have advised us that, unless otherwise instructed, they intend to vote at the meeting the shares covered by the proxies **FOR** the election of the seven nominees named below, and that if any one or more of such nominees should become unavailable for election they intend to vote such shares **FOR** the election of such substitute nominees as your board may propose. We have no knowledge that any nominee will become unavailable for election.

Do to family health related issues, this percentage was not met by Mr. Suárez-Méndez.

While we encourage directors to attend our annual meeting of shareholders, we have not adopted a formal policy that all directors must attend annual meetings of shareholders. All of our directors attended the last annual meeting of shareholders.

STANDING COMMITTEES

The Bylaws of the Corporation provide that the Board of Directors shall have the following standing committees: Corporate Governance Committee, Finance Committee, Resolutions and Regulations Committee, Nominations Committee, Compensation Committee, and Audit Committee. The Board may create any other committee it deems necessary for the proper operation of our business.

A brief description of each of the Nominations Committee, Compensation Committee and the Audit Committee is set forth below:

Nominations Committee

The duties of the Nominations Committee are to: (1) recommend individuals who are best qualified to become members of the board that will be presented as candidates to be endorsed by the board at the annual meetings, (2) recommend to the board the best qualified candidates that can fill vacancies in the board, (3) develop and periodically review the qualifications of the candidates to be endorsed by the board, and (4) recommend to the board the best qualified candidates to occupy the position of President of the Corporation. A complete list of all the duties of the Nominations Committee is found in its charter, which is included as Exhibit B to this proxy statement.

The committee met six times during the fiscal year ended on December 31, 2006. As of March 29, 2007, the members of the committee are: Doctor Ysern-Borrás, Chair of the committee, Mr. Álvarez-Gallardo, Doctor Clavell-Rodríguez, Doctor Córdova-López, Doctor Díaz-Torres, Doctor Hawayek-Alemañy, Doctor Rodríguez-Silva, Doctor Sánchez-Colón and Mr. Suárez-Méndez. Dr. Ysern-Borrás and Mr. Suarez-Méndez are not nominees for re-election for the Board of Directors at this Annual Meeting.

On February 20, 2007, the Board of Directors revised the Corporation's Independence Standards to provide that physicians who receive payments from the Corporation may not be deemed independent. Accordingly, the Board has determined that Messrs. Álvarez-Gallardo and Suárez-Méndez are the only members of the Committee who satisfy the applicable independence requirements as approved by the Board of Directors. Following the annual meeting and the election of the nominees, the Board of Directors will revise the composition of the Committee to ensure that it is comprised solely of independent directors.

The nominations process followed by the committee is as follows:

- (1) Shareholders may nominate candidates to the board. Candidates recommended by shareholders will receive the same consideration as candidates recommended otherwise. The information of the candidates nominated by a shareholder must be addressed to the attention of the Secretary of the board.
- (2) A shareholder may present a nominee at the annual meeting if it is made by a shareholder that is a record holder as of the applicable record date and such shareholder has delivered written notice of

Table of Contents

such proposal containing the information specified in our Amended and Restated Bylaws not later than 120 days nor earlier than 150 days prior to the first anniversary of the preceding year's annual meeting.

- (3) The Nominations Committee's duties are to ensure that the board has the plans, procedures, and resources needed to identify, recruit, and retain directors. The Nominations Committee will identify the individuals who, in their judgment, are best qualified to serve on the board and present its recommendations to the board for endorsement at the annual meeting. This committee will also make recommendations to fill any vacancies in the board that might arise from time to time.
- (4) Individuals interested in serving as directors must meet all legal and statutory requirements. These minimum requirements are contained in Article 6-2 of our Bylaws. They include the following: (a) not having filed for bankruptcy, nor granted a fraudulent general cession for the benefit of creditors, (b) not have been convicted of a crime involving moral depravation, (c) not be a director or officer of a bank, a savings and loans association, an institution engaged in the business of receiving deposits and lending money in Puerto Rico or any entity or corporation in which any of the institutions referred to herein have a direct or indirect substantial economic interest or relationship of owner, subsidiary, or affiliate of any entity or corporation which owns, directly or indirectly, a substantial economic interest in any of said institutions, except that a person can fulfill his duties as director or officer of a financial holding company or a depository institution with whom an insurance company affiliated to us has a relationship, directly or indirectly, as owner, subsidiary or affiliate, and (d) comply with any applicable requirements under BCBSA rules.
- (5) The Nominations Committee develops qualifying criteria and is responsible for identifying, interviewing, and recommend to the board those potential candidates that, in their judgment, are best qualified. Throughout this process, the committee may verify that the selected individuals possess the following specific qualities or skills: (a) experience or relevant knowledge, (b) time availability and commitment, (c) good reputation, (d) analytical thinking, (e) ability to work as a team, (f) independent judgment, and (g) ability to verbalize and present ideas in a rational and eloquent fashion. In addition, the Nominations Committee may include other requirements that it may deem necessary to strengthen the Corporation and fulfill its needs as vacancies occur. This practice is aimed at complying with good corporate governance practices.
- (6) The Nominations Committee has the authority to hire and terminate the services of any professional third-party search firm to identify potential candidates for the position of director. During 2006, the Committee hired the services of a third party search firm to evaluate and identify possible candidates for the board.
- (7) The committee identified and recommended the nominations of Ms. Carmen Ana Culpeper, Mr. Miguel Nazario-Franco, Mr. Manuel Figueroa-Collazo and Mr. Juan E. Rodríguez-Díaz, each of whom is currently a member of the Board.
- (8) The committee also identified and recommended three nominees who are not currently serving as directors. Mr. Antonio F. Faría-Soto, Mr. Jaime Morgan-Stubbe, and Dr. Roberto Muñoz-Zayas are being nominated for election for the first time. Dr. Muñoz-Zayas' nomination was submitted to the Board of Directors by a shareholder of the Corporation.

Compensation Committee

The duties of the Compensation Committee are to: (1) develop, recommend, and review the compensation policies for our executive officers, (2) recommend to the board the compensation of our executive officers, and (3) recommend to the board those changes to the compensation levels of our directors that are deemed necessary. A list of all the duties of the Compensation Committee is found in its charter, which is included as Exhibit C to this proxy statement

Table of Contents

In addition, the Audit Committee appoints the independent public accounting firm to serve as our external auditors and the Vice-President of Internal Audit, when such position becomes vacant.

The committee met nine times during the fiscal year ended December 31, 2006. As of March 29, 2007, the members of the committee are: Mr. Mario S Belaval, Chair of the Committee, Ms. Carmen Ana Culpeper-Ramírez, Mr. Manuel Figueroa-Collazo, Mr. Vicente J. León-Irizarry, Mr. Miguel A. Nazario-Franco, Ms. Adamina Soto-Martínez and Mr. Manuel Suárez-Méndez. Mr. Belaval and Mr. Suárez-Méndez are not nominees for re-election for the Board of Directors at this Annual Meeting. Following the annual meeting and the election of the nominees, the Board of Directors will revise the composition of the Committee to ensure that it is comprised solely of independent directors.

Mr. Mario S Belaval is a member of the audit committee of more than three Tax Free Funds. The Board of Directors has determined that Mr. Belaval's simultaneous service does not impair his ability to effectively serve on the Audit Committee of the Corporation.

AUDIT COMMITTEE REPORT

The Audit Committee Charter (Charter) establishes that the Audit Committee (Committee) shall consist of five or more members of the Board of Directors of Triple-S Management Corporation. The Board has determined that each member of the Committee is independent. In making this determination, the Board follows the audit committee independence standards set forth in the NYSE's director independence rules. Currently, the Committee is comprised of seven directors all of whom are independent under such standards. The Committee held nine meetings during the year ended December 31, 2006. Form 10-K and Form 10-Q filings were discussed in four of such meetings.

The role of the Committee is to assist the Board in its oversight of our financial reporting process, as well as our internal and external audit processes, independent auditor's qualifications and performance of internal audit function. The Committee also is responsible for the appointment, compensation, retention and oversight of

Table of Contents

independent auditors and the establishment of procedures for complaints. The Committee can communicate directly with the Board and require corrective plans related to findings included in reports submitted by the internal or external auditors, as well as any other matter brought to the attention of the Committee. The Committee operates pursuant to the Charter that was adopted by the Board and ratified on February 20, 2007. A copy of such Charter, as amended, is attached to this proxy statement as Exhibit D.

The Charter states that: (1) the Chair of the Audit Committee shall be appointed by the members of the Committee and (2) the Committee shall appoint the Vice-President of the Internal Audit Office when such position is vacant. The Committee has the resources and authority to discharge its responsibilities, including the authority to engage external auditors for special audits, reviews, and other procedures and to retain special counsel and other experts, consultants, or advisors. The Committee appoints or terminates the engagement of the external auditors and reviews the external auditors' proposed audit scope and approach, including coordination of the audit effort with the Internal Audit Office.

In the performance of its oversight function, the Committee has considered and discussed our audited consolidated financial statements for the fiscal year ended December 31, 2006 with management and KPMG LLP, our external independent registered public accounting firm.

The Committee has also discussed with the external independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, as amended, Communication with Audit Committees. In addition, the Committee has received the written disclosures and the letter from KPMG LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), as currently modified or supplemented. The Committee has also considered whether the provision of non-audit services by the independent registered public accounting firm to us is compatible with maintaining the auditors' independence, and has discussed with the independent auditors the auditors' independence from us and our management.

As set forth in the Charter, our management is responsible for: (1) the preparation, presentation, and integrity of our consolidated financial statements, and (2) maintaining appropriate accounting and financial reporting principles, policies, and internal controls and procedures that comply with accounting standards and applicable laws and regulations. Our external independent registered public accounting firm, KPMG LLP, is responsible for auditing our consolidated financial statements and expressing an opinion as to their consistency with generally accepted accounting principles.

The members of the Committee are not employees of Triple-S Management Corporation or any of its subsidiaries. While some of them may be accountants or auditors by profession, the Committee relies on, and makes no independent verification of, the financial or other information presented to it or representations made by management or the independent auditors. Accordingly, the Committee's oversight does not provide an independent basis to determine that management has maintained appropriate accounting and financial reporting principles and policies, or internal controls and procedures, designed to achieve compliance with accounting standards, and applicable laws and regulations.

Based on the Committee's consideration of the audited consolidated financial statements and the discussions referred to above with management and the independent registered public accounting firm, and subject to the limitations on the role and responsibilities of the Committee set forth in the Charter and those discussed above, the Committee recommended and the Board approved that our audited consolidated financial statements be included in our Annual Report on Form 10-K for the year ended December 31, 2006 for filing with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee (for purposes of this analysis, the Committee) of the Board of Directors oversees the design and administration of the Company's executive and director compensation programs. The Committee works to ensure that the total compensation paid to the executive officers and outside directors is fair, reasonable and competitive.

Table of Contents

Throughout this proxy statement, the individuals who served as our chief executive officer and chief financial officer during fiscal 2006, as well as the other individuals included in the Summary Compensation Table, are referred to as the named executive officers.

The Committee currently comprises a majority of independent directors (four out of five), and is responsible for the administration of the Corporation's executive compensation program. As required by its new charter, the Committee will comprise only independent directors by May 2007. The Compensation Committee Charter sets forth these responsibilities in more detail. This Charter is periodically reviewed by the Compensation Committee and the Board of Directors, and is included in Exhibit C to this Proxy Statement. The Committee met seven times during 2006.

The Compensation Committee has the sole authority to engage the services of outside consultants to assist them. The Committee retained Frederic W. Cook & Co., Inc. (Cook) as its compensation consultant during 2006 to advise the Compensation Committee in all matters related to the executives' and directors' compensation.

Our executive compensation program is designed to support the attainment of the Corporation's vision, business strategy, and operating imperatives. Specifically, we believe that the most effective executive compensation program is one that is designed to reward the achievement of specific annual and long-term goals which align the executives' interests with those of the stockholders, and ultimately improve shareholder value.

To this end, our compensation program is designed to accomplish the following objectives:

Reinforce the business values through the alignment of the Corporation's efforts to deliver superior results for customers and shareholders, belief in good governance, socially responsible business practices, and high ethical standards.

Reinforce a high performance culture with clear emphasis on accountability and variable pay. The variable pay program is intended to drive a high performance culture that emphasizes both near and longer-term results.

Deliver compensation that is reasonable and competitive so that the Corporation can attract and retain talented leaders and motivate those leaders to achieve superior results. At the same time, we believe that compensation should be set responsibly to ensure a reasonable rate of return on our human capital expenditures.

Require levels of share ownership that increase with role scope once the Corporation becomes a public corporation. Executives will be required to own and hold a number of shares while in executive or policymaking roles to align their economic interests with other shareholders.

Determining Executive Compensation

The Corporation compares its compensation to that of companies with which it competes for talent, capital, and customers. Those companies include private or publicly-held companies, stand-alone businesses or divisions of larger institutions. The Corporation's size and/or organization complexity are considered when selecting comparable companies and data analysis methods. Within the Corporation's general competitive framework, specific comparisons may vary by type of role.

Cook provided the Committee with relevant market data and alternatives to consider when making compensation decisions. Using data prepared by Cook, the Committee compared each element of total compensation to several competitive reference groups, including a defined list of direct industry competitors (Insurance and Managed Care Peer Group), other public companies operating in Puerto Rico, and a broader industry group of similarly-sized insurers and general service companies.

The Insurance and Managed Care Peer Group consists of companies against which the Committee believes the Corporation will compete for talent, capital, and customers or are comparable to the Corporation. The companies comprising the Insurance and Managed Care Peer Group are:

AmerUs Group Co.	HealthSpring, Inc.	WellCare Health Plans, Inc.
Aspen Insurance Holdings Ltd	Infinity Property & Casualty Corporation	Zenith National Insurance Corporation
Centene Corporation	Magellan Health Services	

For comparison purposes, the Company's annual revenues are at the median of the Insurance and Managed Care Peer Group. Total compensation is targeted at the median (50th percentile) of the Insurance and Managed Care Peer Group for all components of pay, including: base salary, short- and long-term variable pay opportunities, benefits and perquisites.

Based on our compensation philosophy, a significant percentage of total compensation is delivered in the form of incentive compensation. There is no pre-established policy or target for the allocation between either cash and non-cash or short-term and long-term incentive compensation. Rather, the Committee reviews competitive pay information provided by Cook as well as the Corporation's current operating goals and environment to determine the appropriate level and mix of incentive compensation. Actual amounts earned from incentive compensation are realized only as a result of individual or Company performance, depending on the type of award, based on a comparison of actual results to pre-established goals.

Role of Individual Pay Components

Executive compensation historically has been delivered predominantly through base salary and annual cash bonuses, as the Corporation has not previously awarded long-term incentives due to its status as a private company. Going forward, the Corporation intends to deliver long-term incentives, believing that they are an important and essential element of the total compensation program that will help to ensure its ability to attract, motivate, and retain top talent as a public company.

Base Salary

Base salaries are used to recognize an employee's immediate contribution to the organization, experience, knowledge, and responsibilities of each particular role. It is also used to compensate the Named Executive Officers for assuming a significant level of responsibility, to provide financial stability, to be market competitive, and to secure an appropriate level of incentive.

The Corporation's Salary Adjustment Policy (the Policy) establishes that salary adjustments be based on a number of relevant factors, including: particular importance of the position to the Corporation, individual performance, growth in position, market level increases, the Corporation's financial performance and ability to pay. Also, the Policy establishes that base pay adjustments send clear performance messages and make moderate distinctions based on performance; for executives, significant distinctions in performance are recognized through the Corporation's annual cash program. In addition, this Policy requires that timing for increases be consistent with market practice, and base salaries for executives are reviewed and adjusted as necessary on an annual basis to ensure pay levels remain competitive, as well as the time of promotion or changes in responsibilities.

Annual Cash Bonus

The annual cash bonus portion of an executive's total compensation opportunity is intended to accomplish a number of objectives, including: reinforce the optimization of operating results throughout the year, achievement of the Corporation's stated objectives; pay for performance and reinforce individual accountability; support our long-term objective to create shareholder value; and to provide market competitive cash compensation when performance

objectives are met or exceeded. This bonus can be highly variable from year to year depending on actual performance results.

Table of Contents

The annual cash bonus is based on achievement of the Corporation's and individual business units' goals that are established at the beginning of each year. Goals are approved by the Board of Directors and include financial goals, such as consolidated premium earned and net income growth, as well as specific performance goals for each Named Executive Officer. The annual amount, if any, of the annual cash bonus is based on an evaluation of each Named Executive Officer's performance and on the financial goal achievement. Depending on the performance for the year, payment under the annual incentive may range from 0 percent to 150 percent of the target bonuses established by the Committee. The Committee approved the awards and has discretion to determine any charges to the amount to be paid. Final recommendation of the Committee is approved by the Board of Directors. Amounts paid to the Named Executive Officer for 2006 are shown on the Summary Compensation Table - Non-Equity Incentive Plan Compensation column.

Target bonuses are currently established at 70 percent of base salary for the Chief Executive Officer (CEO) and from 50 percent to 70 percent for the other Named Executive Officers. For the CEO and the Chief Financial Officer, the financial performance goals are based 80 percent on the Corporation's actual financial performance, against the 2006 corporate objectives, and 20 percent on non-financial performance. This includes individual objectives that can be quantitative or qualitative. For all other executive officers, the performance measures are based 30 percent on the Corporation's actual financial performance, against 2006 corporate objectives, 50 percent on the actual performance of the corresponding business unit for which the executive is responsible, and 20 percent on the executive officer's performance, as established by the Committee.

The Corporation also pays an annual bonus each December to all of its active employees, including the Named Executive Officers. This bonus is determined based on a non-performance predetermined formula and paid if the employee had worked more than 700 hours as of September 30 of each year and is an employee at the date of payment. The amount paid under this bonus approximates nine percent of base salary and, with respect to the bonus payable to the Named Executive Officers, is included in the bonus column of the Summary of Compensation Table.

Retirement Programs

Executive officers participate in our qualified and non-qualified employee retirement programs designed to provide retirement income. Our qualified and non-qualified pension plans provide a retirement income base.

Non-Qualified Deferred Compensation Plan

The purpose of this Program is to provide certain executives who elect to become Participants with the opportunity of deferring a portion of their compensation to a later date and benefiting from the tax advantages related thereto.

Long-Term Incentive Awards

Historically, the Corporation has not made any long-term incentive awards to executives due to its status as a private company. Going forward, the Corporation believes that long-term incentives are an important and essential element that need to be offered as part of the total compensation program of the Corporation as a public entity to ensure its ability to attract, motivate, and retain top talent. As such, the Corporation intends to deliver long-term incentives to key management to accomplish a number of important objectives:

- Align management and shareholder interests
- Balance the short-term orientation of other compensation elements
- Provide a variable portion of total compensation tied to long-term market and financial performance of the Corporation
- Build executive stock ownership
- Hold executives accountable for their long-term decisions
- Reinforce collaboration across the Corporation
- Retain key talent over the long term
- Share success with those who directly impact the Corporation's performance results

Table of Contents

Long-term incentives may be delivered through a variety of award types that the Corporation may adopt in the future, including: stock options, restricted stock/units, performance-based equity (performance shares), performance-based cash (performance cash), and other equity/non-equity award types (e.g., stock SARs/cash SARs). The Corporation intends to provide long-term awards through a combination of some of the above mentioned types of award.

IPO and Annual Equity Awards

In association with the planned IPO, and consistent with typical competitive practice, on the date of the closing of the initial public offering, the Corporation intends to deliver equity awards to selected officers, including the executive officers. The form of these awards is intended to be consistent with the ongoing annual long-term incentive awards that the Corporation intends to make in the future.

IPO and annual equity awards are intended to accomplish a number of important objectives:

- Encourage a successful IPO event

- Create an immediate and significant equity stake for senior managers

- Strongly align management and shareholder interests by encouraging and rewarding market-based and financial operating performance of the Corporation

- Recognize the historic lack of long-term incentive awards

- Retain key management following the IPO

At the time of each award, the Compensation Committee will determine the terms of the award, including, if appropriate, the performance period (or periods) and the performance objectives relating to the award of performance shares. At the conclusion of a performance share award performance period, the Compensation Committee will review actual performance versus the pre-established performance goals to determine whether the performance objectives were met in whole or in part, and the associated payment that may be due as a result.

Role of Executive Officers in Compensation Decisions

The Committee makes all compensation decisions for Named Executive Officers of the Corporation. Decisions regarding the non-equity compensation of other executive officers are made by the the Chief Executive Officer. The Chief Executive Officer annually reviews the performance of each Named Executive Officer. The conclusions reached and recommendations based on these reviews, including with respect to salary adjustments and annual incentive award amounts, are presented to the Committee. The Committee approves the compensation of the Named Executive Officers, including the Chief Executive Officer, and makes recommendations for final approval to the Board of Directors.

Compensation of Named Executive Officers for 2006

The Corporation, as part of its strategic development, announced in January 2006 that it was going to recommend to the shareholders to commence the process of becoming a public corporation. As part of that process, the Compensation Committee has been evaluating the different components of compensation of the executive officers. The purpose is to ascertain compensation at adequate levels (defined as total compensation targeted at median external pay levels) when compared with peer companies and to retain its executive officers.

As part of the engagement of Cook, the Committee is reviewing each pay component to align compensation for the first time to that of similar companies. The main purpose is to assure that the Corporation has established a competitive compensation program. Based on the initial analysis, the main component of compensation the Corporation does not provide is a long-term incentive award program. The Compensation Committee is in the process of evaluating this component of the compensation. In addition, total compensation for the Named Executive Officers is below the median pay level of comparable companies at this moment.

Table of Contents

Base Salary

In setting base salaries for 2006, the Compensation Committee considered the following factors:

The corporate budget, meaning the Corporation's overall budget for base salary increases. The corporate budget was established based on planned performance for 2006. The objective of the budget is to allow salary increases to retain and motivate successful performers while maintaining affordability within the Corporation's business plan.

The relative pay differences for different job levels.

Individual performance base salary increases were driven by individual performance assessments.

Evaluation of peer group data specified to each executive position, where applicable. However, the Compensation Committee may exercise subjective judgment in determining final increases.

In establishing Mr. Ruiz's base salary for 2006, the Compensation Committee applied the principles described above. In an executive session, the Compensation Committee assessed Mr. Ruiz's 2005 performance, based on established corporate goals and financial objectives. They considered the Corporation's and Mr. Ruiz's accomplishment of objectives that had been established at the beginning of the year, strategic direction of the Corporation and its own subjective assessment of his performance. The Compensation Committee approved the salary increase of Mr. Ruiz and recommended the increase to the Board of Directors, who also approved it.

The salary increase of Mr. Román was determined based on the factors mentioned above. His increase was greater than the increase for other executives. His salary increase was necessary to recognize his performance, new requirements based on the aforementioned strategic direction of the Corporation, and to improve the competitive positioning of his pay.

For all other Named Executive Officers salary increases were based on the aforementioned principles and in line with budget increases.

Non-Equity Incentive Plan

The non-equity incentive award for 2006 was based on the performance of the Corporation against the stated objectives. For 2006 the Corporation reported net income of \$55 million, which exceeded the targeted level and reached the superior level. Also, total operating revenues, excluding net investment income, was \$1.5 billion, which was just below targeted level.

In February 2007, the Committee and the Board approved payments to the Named Executive Officers under the 2006 non-equity incentive plan, in the amounts set-forth below in the Summary Compensation Table. Payments were made within the parameters established.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Corporation has reviewed and discussed the Compensation Discussion and Analysis required above with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this Proxy Statement.

AMENDMENTS TO THE AMENDED AND RESTATED ARTICLES OF INCORPORATION

On March 6, 2007, the board adopted resolutions approving the amendments to the Amended and Restated Articles of Incorporation of the Corporation, or the Amended and Restated Articles, and recommended that they be presented for shareholder approval at the annual meeting. The Amended and Restated Articles require that the proposed amendments be presented for approval by our shareholders. The board believes, for the reasons set forth below, that it is in the best interest of the Corporation and that of its shareholders to adopt the amendments to the Amended and Restated Articles (Proposal 2 and 3).

The adoption of the amendments to the Amended and Restated Articles would modify existing restrictions on director terms and size of their board, in order to make them more consistent with those contained in the articles of incorporation and bylaws of comparable publicly-traded companies (Proposals 2 and 3).

Table of Contents

The current size and terms restrictions in our Articles, together with those contained in our By-laws, effectively could prevent the board of directors from exercising timely and continuous decisions. The flexibility upon the size of the board and continuing its long term perspectives and projections can bring the corporation a more effective and productive decision making process.

The discussion contained herein is qualified in its entirety by reference to the complete text of the Amended and Restated Articles of Incorporation, as set forth in Exhibit E hereto. Also, Exhibit F contains the current text of the Amended and Restated Bylaws of the Corporation. If the amendments to the Articles are approved at the annual meeting, the Bylaws of the Corporation will be amended to reflecto such changes.

For the 2007 Annual Meeting a proposal for adopting certain amendments to the Amended and Restated Articles of Incorporation of Triple-S Management Corporation will be presented. With the hope of continuing working towards the progress and growth of this Company, the Board of Directors believes that the amendments present changes that are important for the best performance of the Board.

PROPOSAL 2: THE AMENDMENT OF ARTICLE TENTH A OF THE AMENDED AND RESTATED ARTICLES OF INCORPORATION

Proposal 2 is presented by the Board of Directors to amend Article TENTH A of the Amended and Restated Articles of Incorporation of Triple-S Management Corporation, to give flexibility to the numeric composition of the Board of Directors.

TENTH:

- A. The business and affairs of the Corporation shall be managed under the direction of a Board of Directors consisting of not less than nine (9) Directors, nor more than nineteen (19) Directors. ~~The powers of this Corporation are to be exercised by the nineteen (19) members of the Board of Directors.~~**

Reasons for Voting in Favor of the Proposal

It is part of the good corporate governance of a company to evaluate from time to time the composition, agility and proper functioning of its Board of Directors. As such it is possible to evaluate, modify and ensure that the size of the Board of Directors is the most adequate one and that it allows the latter to have the necessary agility and flexibility to fulfill its corporate responsibilities. The necessities of a board can be addressed with this type of evaluation which allows more certainty with regard to the board composition, its independence and the corporation s future plans.

According to the experience of companies that trade their shares in the public market, the size of the board of directors should be one that grants it the agility and flexibility to fulfill its corporate responsibilities. The General Corporation Act of 1995, as amended, provides that the board of directors of a corporation shall be composed of one or more members. Pursuant to what is established in said Act, the number of directors that will make up the Board shall be established in the bylaws of the corporation, unless the certificate of incorporation sets the number of directors, in which case, in order to make a change, it is necessary to amend said certificate. Based on this analysis and as good corporate government practice, the Board of Directors understands that a board composed of not less than nine (9) nor more than nineteen (19) directors, will allow Triple-S Management Corporation, according to how its necessities may vary, greater flexibility to manage its fiduciary objectives and endeavors, always in compliance with the impositions of its Articles of Incorporation.

At present, the Amended and Restated Articles of Incorporation of Triple-S Management Corporation, establish that its Board of Directors shall be composed of nineteen (19) members. With the interest of implementing corporate practices more in keeping with the necessities and objectives of the Corporation, and to make the endeavors of the Board even more manageable, this Board of Directors proposes this amendment to the shareholders so that it may be approved and implemented. In order for it to be final, the amending of Article TENTH A of the

Table of Contents

Amended and Restated Articles of Incorporation, it is necessary to obtain the affirmative vote of the majority of the issued and outstanding shares of common stock entitled to vote.

Vote Requirement

The affirmative vote of the majority of the issued and outstanding shares of common stock entitled to vote on the record date is required to approve the amendment to Article TENTH A of the Amended and Restated Articles of Incorporation.

The Board believes that the proposal to approve the amendment to Article TENTH A of the Amended and Restated Articles is in the best interests of our shareholders and unanimously recommends a vote FOR the proposal.

PROPOSAL 3: THE AMENDMENT OF ARTICLE TENTH C OF THE AMENDED AND RESTATED ARTICLES OF INCORPORATION

Proposal 3 is presented by the Board of Directors to amend Article TENTH C of the Amended and Restated Articles of Incorporation of Triple-S Management Corporation, to amend the maximum term of the directors to be members of the Board of Directors.

TENTH:

- C. The term each group member subsequently elected at the Shareholders Annual Meeting will occupy will be three (3) years. Every director will perform his/her duties until his/her successor is duly elected and in possession of his/her position. ~~No director, except the Corporation's President, while fulfilling said hierarchic duties, may be elected for more than three (3) terms or serve as such for more than nine (9) years.~~ The President of the Corporation, which is also a member of the Board of Directors, is excluded from the aforementioned groups.

Reasons for Voting in Favor of the Proposal

As part of the procedural complexity entailed by the projects in which the Corporation is immersed, it is necessary for the latter and its shareholders to be able to recruit directors capable of managing the Corporation, without its being affected by maximum terms of participation. A great number of companies that trade their shares in the public market, do not typically impose limits on the term that a person can serve as director hereof. This allows persons who are familiar with the particularities of the Corporation and who have experience in the management of affairs inherent thereto, to continue being members of the Board of Directors provided they rely on the support of the shareholders.

At present, Article TENTH C of the Amended and Restated Articles of Incorporation of Triple-S Management Corporation, establishes that no person can occupy a position as director for more than three terms of three years each. To contribute to the corporate improvement, this proposal has the objective of eliminating the limit of the term that a director can occupy said position. The purpose of the amendment is to allow the retention of those directors that the Board, with the consent of the affirmative vote of the majority of the issued and outstanding shares of common stock, considers necessary and effective for a term longer than the current limit. The preceding means that with this amendment, the Corporation will have greater flexibility to recruit directors experienced in different fields who can complement each other as members of the Board for the benefit of the Corporation.

The proposed amendment seeks to allow continuity and productivity in the Board of Directors and to enable the shareholders to elect as members of the Board of Directors, competent and experienced persons in the management of its affairs, without term limitations.

A. Purpose

The primary purpose of the Audit Committee (the Committee) of the Board of Directors of Triple-S Management Corporation (the Board) is to assist the Board of Directors of Triple-S Management Corporation and each of the subsidiaries (hereinafter collectively referred to as the Corporation) in fulfilling their oversight responsibilities for the:

External financial reporting process, including the preparation of the Corporation's financial statements and the independent audit thereof.

System of internal control over financial reporting process.

Internal and external audit processes.

Corporation's process for monitoring legal and regulatory compliance.

Appointment of the Vice-President of the Internal Audit Office when such position is vacant.

B. Committee's Oversight Function

The Management of the Corporation is responsible for the preparation, presentation, and integrity of the Corporation's financial statements. Management is responsible for maintaining appropriate accounting and financial reporting principles, policies, and internal controls and procedures that provide for compliance with accounting standards and applicable laws and regulations.

The Internal Audit Office is responsible for examining and evaluating the adequacy and effectiveness of the internal control systems of the Corporation or its Subsidiaries to ensure (1) the reliability and integrity of information, (2) compliance with the Corporation's policies, plans, and procedures, as well as applicable laws and regulations, (3) the safekeeping of assets, and (4) the economical and efficient use of resources.

The External Auditors are responsible for planning and carrying out a proper audit of the Corporation's annual financial statements prior to their issuance and filing with the Securities and Exchange Commission, the review of each quarterly report on Form 10-Q, and other procedures.

The members of the Committee are not full-time employees of the Corporation. While some of them may be accountants or auditors by profession, it is not the duty or responsibility of the Committee or its members to conduct field work or other types of auditing or accounting reviews or procedures or to set auditor independence standards. Each member of the Committee shall be entitled to rely on the following:

The integrity of those persons and organizations within and outside the Corporation from which it receives information,

The accuracy of the financial and other information provided to the Committee by such persons or organizations absent actual knowledge to the contrary (which shall be promptly reported to the Board of Directors), and

The accuracy of the representations made by management as to any information technology, internal audit, and other non-audit services provided by the external auditors to the Corporation.

Table of Contents

The external auditors shall annually submit to the Audit Committee, for its review and approval, a formal written statement of the fees to be billed for each of the following categories of services to be rendered by the external auditors: (1) the audit of the Corporation's annual financial statements and reviews of the financial statements included in the Corporation's Quarterly Reports on Form 10-Q for the next fiscal year, (2) Audit related Fees, (3) Income Tax related Fees, (4) information technology consulting services in the aggregate and for each service (each separately identifying fees for such services relating to financial information systems design and implementation), and (5) all other services to be rendered by the external auditors in the aggregate and by each service.

Members shall not serve on more than three public company audit committees simultaneously, without a Board determination that simultaneous service would not impair ability to effectively serve.

The Committee must work closely and cooperatively with management, on which it relies for information and resources. Nevertheless, the Committee must remain at arm's length from the operations so that it can be independent in its judgments and decisions, and can pursue its responsibilities without undue influence.

The Committee shall meet at least once every three months or more frequently, as circumstances dictate. The Committee will invite members of management, auditors, or others to attend meetings and provide pertinent information, as necessary. The Committee shall meet in separate executive sessions at least annually with Management, the Vice-President of the Internal Audit Office and the external auditors to discuss any matters that the Committee or each of these groups believes should be discussed privately.

Members of the Committee may participate in any meeting thereof by means of a conference call or similar communications equipment by means of which all persons participating in the meeting can communicate with each other. outstanding at the time of determination, or (ii) any combination of shares of Capital Stock in any series or class that represents 20% of the ownership interest in the Corporation at the time of determination. So long as Common Stock shall be the only class of Capital Stock issued by the Corporation, the General Ownership Limit shall be irrelevant for purposes of this Attachment A because the Institutional Investor Ownership Limit shall exclusively determine whether any shares of Common Stock owned by any Institutional Investor constitute Excess Shares and the Noninstitutional Investor Ownership Limit shall exclusively determine whether any shares of Common Stock owned by any Noninstitutional Investor constitute Excess Shares. If, however, the Corporation were to issue a series of Preferred Stock or other class of Capital Stock other than Common Stock, then (a) shares Beneficially Owned by an Institutional Investor in excess of either the Institutional Investor Ownership Limit or the General Ownership Limit would constitute Excess Shares, and (b) shares Beneficially Owned by a Noninstitutional Investor in excess of either the Noninstitutional Investor Ownership Limit or the General Ownership Limit would constitute Excess Shares.

(k) **Independent** means a person who, at any given time, shall (i) not be a Major Participant (as defined in Section 1(o) of this Attachment A), (ii) not have been nominated to the Board of Directors of the Corporation at the initiative of a Major Participant, (iii) not have announced a commitment to any proposal made by a Major Participant that has not been approved by a majority of the board (not including any director who is not Independent as to such matter), and not have been determined by a majority of the board (not including any director who is not Independent as to such matter) to have been subject to any relationship, arrangement or circumstance (including any relationship with a Major Participant) which, in the judgment of a majority of the board of directors (not including any director who is not Independent as to such matter), is reasonably possible or likely to interfere to an extent deemed unacceptable by such majority of the board (not including any director who is not Independent as to such matter) with his or her exercise of independent judgment as a director.

(l) **Institutional Investor** means any Person that is an entity or group identified in Rule 13d-1(b)(1)(ii) under the Exchange Act, provided that every filing made by such Person with the SEC under Regulation 13D-G (or any successor Regulation) under the Exchange Act with respect to such Person's Beneficial Ownership of Capital Stock by such Person shall have contained a certification identical to the one required by Item 10 of Schedule 13G, or such other affirmation as shall be approved by the BCBSA and the Board of Directors.

(m) **Institutional Investor Ownership Limit** means that number of shares of Capital Stock one share lower than the number of shares of Capital Stock which would represent 10% of the Voting Power of all shares of Capital Stock issued and outstanding at the time of determination; provided that, that the Institutional Investor Ownership Limit may be revised from time to time pursuant to Section 14 of this Attachment A.

(n) **License Agreements** means the license agreements as constituted from time to time between the Corporation or any of its subsidiaries or affiliates and the BCBSA, including any and all addenda thereto, with respect to, among other things, the Blue Cross and Blue Shield names and marks.

(o) **Major Participant** means a Person who, except as provided in the next sentence, is (i) an Excess Owner, (ii) a Person that has filed proxy materials with the SEC (as defined in Section 1(w) of this Attachment A hereof) supporting a candidate for election to the Board of Directors of the Corporation in opposition to candidates approved by a majority of the board (not including any director who is not Independent as to such matter), (iii) a Person that has made a proposal, made a filing with the SEC or taken other actions in which such Person indicates that such Person may seek to become a Major Participant or which in the judgment of a majority of the board (not including any director who is not Independent as to such matter) indicates that it is reasonably possible or likely that such Person will seek to become a Major Participant, or (iv) such Person is an affiliate or associate of a Major Participant.

Notwithstanding the foregoing, in the event that a majority of the board (not including any director who is not Independent as to such matter) shall have approved an acquisition of outstanding Capital Stock of the Corporation, prior to the time such acquisition shall occur, which would otherwise render a Person a Major Participant and such Person (a) shall not have made any subsequent acquisition of outstanding Capital Stock of the Corporation not approved by a majority of the board (not including any director who is not Independent as to such matter) and (b) shall not have subsequently taken any of the actions specified in the preceding sentence without the prior approval of a majority of the board (not including any director who is not Independent as to such matter), then such Person shall not be deemed a Major Participant. In the event there shall be any question as to whether a

Table of Contents

particular Person is a Major Participant, the determination of a majority of the board (not including any director who is not Independent as to such matter) shall be binding upon all parties concerned.

(p) Noninstitutional Investor means any Person that is not an Institutional Investor.

(q) Noninstitutional Investor Ownership Limit means that number of shares of Capital Stock one share lower than the number of shares of Capital Stock which would represent 5% of the Voting Power of all shares of Capital Stock issued and outstanding at the time of determination; provided, however, that the Noninstitutional Investor Ownership Limit may be revised from time to time pursuant to Section 14 of this Attachment A.

(r) Ownership Limit means each of the General Ownership Limit, the Institutional Investor Ownership Limit and the Noninstitutional Investor Ownership Limit, as each may be revised from time to time pursuant to Section 14 of this Attachment A.

(s) Permitted Transferee means a Person whose acquisition of Capital Stock will not violate any Ownership Limit applicable to such Person.

(t) Person means any individual, firm, partnership, corporation, limited liability company, trust, association, joint venture or other entity, and shall include any successor (by merger or otherwise) or of any such entity.

(u) Schedule 13D means a report on Schedule 13D under Regulation 13D-G under the Exchange Act and any report which may be required in the future under any requirements which the BCBSA shall reasonably judge to have any of the purposes served by Schedule 13D.

(v) Schedule 13G means a report on Schedule 13G under Regulation 13D-G under the Exchange Act and any report which may be required in the future under any requirements which the BCBSA shall reasonably judge to have any of the purposes served by Schedule 13G.

(w) SEC means the United States Securities and Exchange Commission and any successor federal agency having similar powers.

(x) Securities Act means the Securities Act of 1933, as amended or supplemented, and any other federal law which the Board of Directors shall reasonably judge to have replaced or supplemented the coverage of the Securities Act.

(y) Share Escrow Agent means the Person appointed by the Corporation to act as escrow agent with respect to the Excess Shares.

(z) Transfer means any of the following which would affect the Beneficial Ownership of Capital Stock: (a) any direct or indirect sale, transfer, gift, hypothecation, pledge, assignment, devise or other disposition of Capital Stock (including (i) the granting of any option or entering into any agreement for the sale, transfer or other disposition of Capital Stock, or (ii) the sale, transfer, assignment or other disposition of any securities or rights convertible into or exchangeable for Capital Stock), whether voluntary or involuntary, whether of record, constructively or beneficially and whether by operation of law or otherwise, and (b) any other transaction or event, including, without limitation, a merger, consolidation, or acquisition of any Person, the expiration of a voting trust which is not renewed, or the aggregation of the Capital Stock Beneficially Owned by one Person with the Capital Stock Beneficially Owned by any other Person, which would affect the Beneficial Ownership of Capital Stock.

(aa) Transferability means the ability of a Person to Transfer shares of Capital Stock of the Corporation.

(bb) Voting Power means the voting power attributable to the shares of Capital Stock issued and outstanding at the time of determination and shall be equal to the number of all votes which could be cast in any election of any director, other than directors electable under the terms of any series of Preferred Stock in specified circumstances, which could be accounted for by all shares of Capital Stock issued and outstanding at the time of determination. If, in connection with an election for any particular position on the Board of Directors of the

Table of Contents

Corporation, shares in different classes or series are entitled to be voted together for purposes of such election, then in determining the number of all votes which could be cast in the election for that particular position for purposes of the preceding sentence, the number shall be equal to the number of votes which could be cast in the election for that particular position if all shares entitled to be voted in such election (regardless of series or class) were in fact voted in such election. For any particular Person, the Voting Power of such Person shall be equal to the quotient, expressed as a percentage, of the number of votes that may be cast with respect to shares of Capital Stock Beneficially Owned by such Person (including, for these purposes, any Excess Shares Beneficially Owned by such Person and held and/or voted by the Escrow Share Agent) divided by the total number of votes that could be cast by all stockholders of the Corporation (including such particular Person) based upon the issued and outstanding shares of Capital Stock at the time of determination. If the Corporation shall issue any series or class of shares for which positions on the Board of Directors of the Corporation are reserved or shall otherwise issue shares which have voting rights which can arise or vary based upon terms governing that class or series, then the percentage of the voting power represented by the shares of Capital Stock Beneficially Owned by any particular Person shall be the highest percentage of the total votes which could be accounted for by those shares in any election of any director.

SECTION 2. (a) No Institutional Investor shall Beneficially Own shares of Capital Stock in excess of the Institutional Investor Ownership Limit. No Noninstitutional Investor shall Beneficially Own shares of Capital Stock in excess of the Noninstitutional Investor Ownership Limit. No Person shall Beneficially Own shares of Capital Stock in excess of the General Ownership Limit.

(b) The occurrence of any Transfer which would cause any Person to Beneficially Own Capital Stock in excess of any Ownership Limit applicable to such Person shall have the following legal consequences: (i) such Person shall receive no rights to the Excess Shares resulting from such Transfer (other than as specified in this Attachment A), and (ii) the Excess Shares resulting from such Transfer immediately shall be deemed to be conveyed to the Share Escrow Agent.

(c) Notwithstanding the foregoing, a Person's Beneficial Ownership of Capital Stock shall not be deemed to exceed any Ownership Limit applicable to such Person if (A) the Excess Shares with respect to such Person do not exceed the lesser of 1% of the Voting Power of the Capital Stock or 1% of the ownership interest in the Corporation, and (B) within fifteen (15) days of the time when such Person becomes aware of the existence of such Excess Shares, such Person transfers or otherwise disposes of sufficient shares of Capital Stock so that such Person's Beneficial Ownership of Capital Stock shall not exceed any Ownership Limit.

SECTION 3. Any Excess Owner who acquires or attempts to acquire shares of Capital Stock in violation of Section 2 of this Attachment A, or any Excess Owner who is a transferee such that any shares of Capital Stock are deemed Excess Shares, shall immediately give written notice to the Corporation of such event and shall provide to the Corporation such other information as the Corporation may request.

SECTION 4. The Corporation shall take such actions as it deems necessary to give effect to the transfer of Excess Shares to the Share Escrow Agent, including refusing to give effect to the Transfer or any subsequent Transfer of Excess Shares by the Excess Owner on the books of the Corporation. Excess Shares so held or deemed held by the Share Escrow Agent shall be issued and outstanding shares of Capital Stock. An Excess Owner shall have no rights in such Excess Shares except as expressly provided in this Attachment A and the administration of the Excess Shares escrow shall be governed by the terms of an Excess Share Escrow Agreement to be entered into between the Corporation and the Share Escrow Agent and having such terms as the Corporation shall deem appropriate.

SECTION 5. The Share Escrow Agent, as record holder of Excess Shares, shall be entitled to receive all dividends and distributions as may be declared by the Board of Directors of the Corporation with respect to Excess Shares (the Excess Share Dividends) and shall hold the Excess Share Dividends until disbursed in accordance with the provisions of Section 9 of this Attachment A. In the event an Excess Owner receives any Excess Share Dividends (including, without limitation, Excess Share Dividends received prior to the time the Corporation determines that Excess Shares exist with respect to such Excess Owner) such Excess Owner shall repay such Excess Share Dividends to the Share Escrow Agent or the Corporation. The Corporation shall take all measures that it determines reasonably necessary to recover the amount of any Excess Share Dividends paid to an Excess Owner, including, if necessary, withholding any portion of future dividends or distributions payable on shares of Capital

Stock Beneficially Owned by any Excess Owner (including future dividends on distributions on shares of Capital Stock which fall below the Ownership Limit as well as on Excess Shares), and, as soon as practicable following the Corporation's receipt or withholding thereof, shall pay over to the Share Escrow Agent the dividends so received or withheld, as the case may be.

SECTION 6. In the event of any voluntary or involuntary liquidation, dissolution, or winding up of, or any distribution of the assets of, the Corporation, the Share Escrow Agent shall be entitled to receive, ratably with each other holder of Capital Stock of the same class or series, that portion of the assets of the Corporation that shall be available for distribution to the holders of such class or series of Capital Stock. The Share Escrow Agent shall distribute the amounts received upon such liquidation, dissolution or winding up or distribution in accordance with the provisions of Section 9 of this Attachment A.

SECTION 7. The Share Escrow Agent shall be entitled to vote all Excess Shares. The Share Escrow Agent shall vote, consent, or assent Excess Shares as follows:

(a) to vote in favor of each nominee to the Board of Directors of the Corporation whose nomination has been approved by a majority of the board (not including any director who is not Independent as to such matter) and to vote against any candidate for the Board of Directors of the Corporation for whom no competing candidate has been nominated or selected by a majority of the board (not including any director who is not Independent as to such matter);

(b) unless such action is initiated by or with the consent of the Board of Directors of the Corporation, (i) to vote against removal of any director of the Corporation, (ii) to vote against any alteration, amendment, change or addition to or repeal (collectively, "Change") of the Bylaws or the Corporation's Articles of Incorporation, (iii) not to nominate any candidate to fill any vacancy of the Board of Directors of the Corporation and (iv) not take any action by voting such Excess Shares that would be inconsistent with or would have the effect, directly or indirectly, of defeating or subverting the voting requirements contained in Section 7(a) of this Attachment A or this Section 7(b) of this Attachment A; and

(c) to the extent not covered by clauses (a) and (b) above, to vote as recommended by the Board of Directors of the Corporation.

SECTION 8. (a) The Share Escrow Agent shall hold all Excess Shares until such time as they are sold in accordance with this Section 8 of Attachment A.

(b) The Share Escrow Agent shall sell or cause the sale of Excess Shares at such time or times and on such terms as shall be determined by the Corporation. The Share Escrow Agent shall have the right to take such actions as the Corporation shall deem appropriate to ensure that sales of Excess Shares shall be made only to Permitted Transferees.

(c) The Share Escrow Agent shall have the power to convey to the purchaser of any Excess Shares sold by the Share Escrow Agent ownership of such Excess Shares free of any interest of the Excess Owner of those Excess Shares and free of any other adverse interest arising through the Excess Owner. The Share Escrow Agent shall be authorized to execute any and all documents sufficient to transfer title to any Permitted Transferee.

(d) Upon acquisition by any Permitted Transferee of any Excess Shares sold by the Share Escrow Agent or the Excess Owner, such shares shall upon such sale cease to be Excess Shares and shall become regular shares of Capital Stock in the class or series to which such Excess Shares otherwise belong, and the purchaser of such shares shall acquire such shares free of any claims of the Share Escrow Agent or the Excess Owner.

(e) To the extent permitted by the GCLPR or other applicable law, neither the Corporation, the Share Escrow Agent nor anyone else shall have any liability to the Excess Owner or anyone else by reason of any action or inaction the Corporation or the Share Escrow Agent or any director, officer or agent of the Corporation shall take which any of them shall in good faith believe to be within the scope of their authority under this Attachment A or by reason of any decision as to when or how to sell any Excess Shares or by reason of any other action or inaction in

connection with the activities permitted under this Attachment A which does not constitute gross negligence or willful misconduct.

Without limiting by implication the scope of the preceding sentence, to the extent permitted by law, neither the Share Escrow Agent nor the Corporation nor any director, officer or agent of the Corporation (a) shall have any liability on grounds that any of them failed to take actions which would or could have produced higher proceeds for any of the Excess Shares or by reason of the manner or timing for any disposition of any Excess Shares, and (b) shall be deemed to be a fiduciary or agent of any Excess Owner.

SECTION 9. The proceeds from the sale of the Excess Shares and any Excess Share Dividends shall be distributed as follows (i) first, to the Share Escrow Agent for any costs and expenses incurred in respect of its administration of the Excess Shares that have not theretofore been reimbursed by the Corporation; (ii) second, to the Corporation for all costs and expenses incurred by the Corporation in connection with the appointment of the Share Escrow Agent, the payment of fees to the Share Escrow Agent with respect to the services provided by the Share Escrow Agent in respect of the escrow and for any other direct or indirect and out of pocket expenses incurred by the Corporation in connection with the Excess Shares, including any litigation costs and expenses, and all funds expended by the Corporation to reimburse the Share Escrow Agent for costs and expenses incurred by the Share Escrow Agent in respect of its administration of the Excess Shares and for all fees, disbursements and expenses incurred by the Share Escrow Agent in connection with the sale of the Excess Shares; and (iii) third, the remainder thereof (as the case may be) to the Excess Owner; provided, however, if the Corporation shall have any questions as to whether any security interest or other interest adverse to the Excess Owner shall have existed with respect to any Excess Shares, neither the Share Escrow Agent, the Corporation nor anyone else shall have the obligation to disburse proceeds for those shares until the Share Escrow Agent shall be provided with such evidence as the Corporation shall deem necessary to determine the parties who shall be entitled to such proceeds.

SECTION 10. Each certificate for Capital Stock shall bear the following legend:

The shares of stock represented by this certificate are subject to restrictions on ownership and Transfer. All capitalized terms in this legend have the meanings ascribed to them in the Corporation's Articles of Incorporation, as the same may be amended from time to time, a copy of which, including the restrictions on ownership and Transfer, shall be sent without charge to each stockholder who so requests. No Person shall Beneficially Own shares of Capital Stock in excess of any Ownership Limit applicable to such Person. Subject to certain limited specific exemptions, (i) Beneficial Ownership of that number of shares of Capital Stock by an Institutional Investor which would represent 10% or more of the Voting Power would exceed the Institutional Investor Ownership Limit, (ii) Beneficial Ownership of that number of shares of Capital Stock by a Noninstitutional Investor which would represent 5% or more of the Voting Power would exceed the Noninstitutional Investor Ownership Limit, and (iii) Beneficial Ownership of (a) 20% or more of the issued and outstanding shares of Common Stock or (b) any combination of shares in any series or class of Capital Stock that represents 20% or more of the Ownership Interest in the Corporation (determined as provided in the Corporation's Articles of Incorporation) would exceed the General Ownership Limit. Any Person who attempts to Beneficially Own shares of Capital Stock in violation of this limitation must immediately notify the Corporation. Upon the occurrence of any event that would cause any person to exceed any Ownership Limit applicable to such Person, all shares of Capital Stock Beneficially Owned by such Person in excess of any Ownership Limit applicable to such Person shall automatically be deemed Excess Shares and shall be transferred automatically to the Share Escrow Agent and shall be subject to the provisions of the Corporation's Articles of Incorporation. The foregoing summary of the restrictions on ownership and Transfer is qualified in its entirety by reference to the Corporation's Articles of Incorporation.

The legend may be amended from time to time to reflect amendments to the Corporation's Articles of Incorporation, or revisions to the Ownership Limits in accordance with Section 14 of this Attachment A.

SECTION 11. Nothing contained in this Attachment A or in any other provision of the Corporation's Articles of Incorporation shall limit the authority of the Corporation to take such other action as it deems necessary or advisable to protect the Corporation and the interests of its stockholders.

SECTION 12. Nothing contained in the Corporation's Articles of Incorporation (including this Attachment A) shall preclude the settlement of any transactions entered into through the facilities of the New York Stock Exchange, Inc. or any other exchange or through the means of any automated quotation system now or hereafter in effect.

SECTION 13. Except in the case of manifest error, any interpretation of this Attachment A by the Board of Directors of the Corporation shall be conclusive and binding; provided, however, that in making any such interpretation, the Board of Directors of the Corporation shall consider, wherever relevant, the Corporation's obligations to the BCBSA.

SECTION 14. A majority of the board of directors shall have the right to revise the definition of one or more Ownership Limits to change the percentage ownership of Capital Stock under such Ownership Limit to conform the definition to a change to the terms of the License Agreements or as required or permitted by the BCBSA. In the event the Corporation issues any series or class of Capital Stock other than Common Stock, then majority of the board of directors shall have the power to determine the manner in which each class or series of Capital Stock shall be counted for purposes of determining each Ownership Limit. Any such revision to the definition of any Ownership Limit shall not be deemed a Change to the Corporation's Articles of Incorporation (including this Attachment A), and shall not require stockholder approval under Article THIRTEENTH of the Corporation's Articles of Incorporation; provided, however, that no such revision shall be effective until such time as the Corporation shall have notified the stockholders of such revision in such manner as it shall deem appropriate under the circumstances (provided that notification of any such revision by means of a filing by the Corporation describing such revision with the SEC under the Exchange Act or with the Secretary of State of the Commonwealth of Puerto Rico under the GCLPR shall be deemed appropriate notice under all circumstances).

4-1 ANNUAL MEETING

regarding the business of the Corporation, and attend to any other matters that are properly submitted for consideration. However, the Articles of Incorporation may not be amended unless the shareholders, who have the right to vote at the meeting, have been previously notified that among the matters that are being considered at the meeting are amendments to the Articles of Incorporation.

4-2 SPECIAL MEETINGS

The Chairman of the Board of Directors, a majority of the Board of Directors, or Shareholders who hold 25% of the registered voting shares can call special shareholders meetings to be held at the place and time established by the notice of meeting, and for the purposes expressed therein. The meetings (special shareholders meetings) should be notified no less than ten (10) days or more than thirty (30) days before said meeting. The special meetings must be notified in the same manner as annual meetings.

4-3 NOTICE OF MEETINGS

The notices for every annual meeting of the Shareholders shall be given to each Shareholder entitled to vote, by delivering the same personally, or by mailing such notice to him, at the address which appears on the records of the Corporation during a period of no less than twenty (20) and no more than sixty (60) days prior to the meeting. Along with this notice, all Shareholders will receive copies of the Corporation and its subsidiaries consolidated financial statements. The notice shall indicate the place and the date the meeting will be held, and the matter or matters to be considered during the Meeting.

4-4 NOTICE SUBSTITUTE

If the directors and officers of the Corporation should refrain from calling and celebrating, at its designated time, an annual meeting, Shareholders who hold 10% of the registered voting shares may call for and celebrate said Meeting as required in these By-laws. In case an officer does not attend said meeting, one of the Shareholders present may be elected to substitute, provisionally, said officer. Decisions made at the Meeting will be valid, as if made at an annual meeting, and will be registered in the corporate books of the Corporation.

4-5 QUORUM

Notice to attend annual and special meetings will be sent to all shareholders whose names appear in the Corporate Registry in the manner set forth above prior to the meeting date. At the annual or special meetings, a majority of the voting shares of capital stock of the Corporation issued and outstanding shall constitute a quorum; and if at the appointed time quorum is not reached, the meeting will be postponed for a half hour, after which one third (1/3) of the voting shares issued and outstanding will constitute a quorum. If quorum is not reached, a new meeting shall be scheduled thirty (30) days hence, where one-third (1/3) of the voting shares issued and outstanding will constitute a quorum. If a quorum is not reached pursuant to these Bylaws, as many new meetings as necessary may be scheduled, with the same one-third (1/3) requirement.

4-6 SHAREHOLDER PROPOSALS

- (A) Shareholders shall be entitled to submit proposals to be voted upon by shareholders at an annual meeting or special meeting of shareholders of the Corporation provided that they comply with the procedures set forth in this Section 4-6. Only those proposals which satisfy all requirements specified in this Section 4-6 shall be deemed Qualified Shareholder Proposals.
- (B) In order for a proposal to constitute a Qualified Shareholder Proposal, all of the following requirements must be satisfied:
 - (i)

The proposal must be made for submission at an annual meeting or at a special meeting of shareholders referred to in these By-laws;

Table of Contents

- (ii) The proposal must be a proper subject for shareholder action. The Board of Directors shall be entitled to determine that any proposal which the shareholder is not entitled to have included in the Corporation's proxy statement for the annual meeting under the Securities Exchange Act of 1934, as amended (the Exchange Act), and the regulations issued by the Securities and Exchange Commission (which are collectively referred to herein as the SEC Proxy Rules) is not a proper subject for shareholder action;
 - (iii) The proposal must be made by a shareholder who shall be the record holder on the record date for determining shareholders entitled to receive notice of and to vote at such annual or special meeting (a Proposing Shareholder);
 - (iv) The Proposing Shareholder must deliver a written notice identifying such proposal to the office of the Corporation's Secretary at the Corporation's principal place of business which provides the information required by these Bylaws which is timely under the standards given in this Section 4-6 and Section 4-7 of these Bylaws;
 - (v) Such Proposing Shareholder's proposal notice shall: (a) contain a description of the proposal, the reasons for the proposal and any material interest in such proposal by the Proposing Shareholder or the beneficial owner of the shareholder's record shares; (b) contain an affirmation by the Proposing Shareholder that the shareholder satisfies the requirements specified in this Section 4-6 for presentation of such proposal; (c) contain a description of all arrangements or understandings between such Proposing Shareholder and any other person or persons (including their names) in connection with the proposal of such business by such Proposing Shareholder; (d) a representation that such Proposing Shareholder intends to appear in person or by proxy at the annual or special meeting to bring such business before the meeting; and (e) as to the Proposing Shareholder and the beneficial owner, if any, on whose behalf the proposal is made (x) the name and address of such Proposing Shareholder, as they appear on the Corporation's books, and of such beneficial owner and the telephone number at which each may be contacted during normal business hours through the time for which the meeting is scheduled, and (y) the class and number of shares of the Corporation which are owned beneficially and of record by such Proposing Shareholder and such beneficial owner; and
 - (vi) The Proposing Shareholder and the beneficial owner shall provide such other information required by these Bylaws or as any officer of the Corporation shall reasonably deem relevant within such time limits as any officer of the Corporation shall reasonably impose for such information.
- (C) Nothing in these Bylaws shall be deemed to prohibit a shareholder from including any proposals in the Corporation's proxy statement to the extent such inclusion shall be required under the Exchange Act and the SEC Proxy Rules or to lessen any obligation by any shareholder to comply with the SEC Proxy Rules; provided, however, that neither the fact that a shareholder's nominee qualifies for nomination or election to the Board of Directors under Section 4.8 nor the fact that business is properly brought before an annual or special meeting by a shareholder under this Section 4-6 shall obligate the Corporation to endorse that candidate or proposal or (except to the extent required by the SEC Proxy Rules) to provide a means to vote on that proposal on proxy cards solicited by the Corporation or to include information about that proposal in the Corporation's proxy statement. To the extent this Section 4-6 shall be deemed by a majority of the Board of Directors or the Securities and Exchange Commission, or adjudged by a court of competent jurisdiction, to be inconsistent with the rights of shareholders to request inclusion of a proposal in the Corporation's proxy statement pursuant to the SEC Proxy Rules, the SEC Proxy Rules shall govern.

- (C) In no event shall the public announcement of an adjournment of an annual meeting or a special meeting commence a new time period for the giving of a Proposing Shareholder's notice as described above. Public Announcement means, for purposes of these By-Laws, disclosure in a press release reported by the Dow Jones News Service, Associated Press or comparable national news service or in a document publicly filed by the Corporation with the Securities and Exchange Commission pursuant to Section 13, 14 or 15(d) of the Exchange Act.
