M.B.A. HOLDINGS, INC. AND SUBSIDIARY

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)
THREE MONTHS ENDED JANUARY 31, 2002 AND 2001

1. BASIS OF PRESENTATION

In accordance with the instructions to Form 10-Q and Rule 10-01 of Regulation S-X, the accompanying unaudited condensed consolidated financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America for interim financial information. Accordingly, not all of the information and notes required by generally accepted accounting principles for complete financial statements are included. The unaudited interim financial statements furnished herein reflect all adjustments (which include only normal, recurring adjustments), in the opinion of management, necessary for a fair statement of the results for the interim periods presented. Operating results for the three months ended January 31, 2002 may not be indicative of the results that may be expected for the year ending October 31, 2002. For further information, please refer to the consolidated financial statements and notes thereto included in the Company's Form 10-K for the year ended October 31, 2001.

2. NET LOSS PER SHARE

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

Net loss per share is calculated in accordance with SFAS No. 128, EARNINGS PER SHARE that requires dual presentation of BASIC and DILUTED EPS on the face of the statements of loss and requires a reconciliation of the numerator and denominator of basic and diluted EPS calculations. Basic loss per common share is computed on the weighted average number of shares of common stock outstanding during each period. Loss per common share assuming dilution is computed on the weighted average number of shares of common stock outstanding plus additional shares representing the exercise of outstanding common stock options using the treasury stock method. As the company has a net loss for the three months ended January 31, 2002 and 2001, the average number of outstanding shares for basic and dilutive net loss per share is 1,980,187.

3. OTHER COMPREHENSIVE LOSS

Other comprehensive loss for the three months ended January 31, 2002 resulted from unrealized losses of \$164 on available-for-sale investments. At January 31, 2001, there was \$10,725 of unrealized gains on available-for-sale investments.

4. INVESTMENTS

All of the Company's investments (U.S. treasury bonds and certificates of deposits) are classified as available-for-sale and are stated at estimated fair value determined by the quoted market price.

5. INCOME TAXES

Provision for income taxes and related income tax receivable in the period ended January 31, 2002 reflect the Company's intent to carry back the current year losses to recover federal income taxes paid in previous years. Similar provisions for recoverable state income taxes were not provided, as Arizona law does not allow for loss carry back.

Deferred income taxes are recorded based on differences between the financial statement and tax basis of assets and liabilities based on income tax rates currently in effect.

6. RELATED PARTY TRANSACTIONS

The Company leases its office space from Cactus Partnership. The managing partner of Cactus Partnership is Gaylen Brotherson, the Chief Executive Officer. Rent expense for this office space was \$66,756 and \$90,263 for the three months ended January 31, 2002 and 2001, respectively. The current lease expires on December 31, 2003.

On February 13, 2002, Gaylen Brotherson, the Chief Executive Officer, loaned the Company \$73,398. The loan matures February 12, 2003 and the bears interest at a rate of 6%.

6

7. TREASURY STOCK

As of January 31, 2002 and 2001, the Company has purchased 31,600 shares of the Company's common stock. These shares were purchased for the purpose of retirement and bonuses to employees. Management will explore additional uses of the stock.

8. COMMITMENTS AND CONTINGENCIES

The Company is subject to claims and lawsuits that arise in the ordinary course of business, consisting principally of alleged errors and omissions in connection with the sale of insurance and personnel matters. On the basis of

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

information presently available, management does not believe the settlement of any such claims or lawsuits will have a material adverse effect on the financial position, results of operations or cash flows of the Company.

The Company has available a \$300,000 working capital line of credit which was renewed on February 28, 2002 and expires on February 28, 2003. Borrowings under the line of credit bear interest at a variable rate per annum equal to the sum of 3.15 % plus the thirty day dealer commercial paper rate, as published in The Wall Street Journal and are collateralized by the Company's investments. There were no borrowings outstanding at January 31, 2002.

ITEM 2 MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS.

The following discussion should be read in conjunction with the financial statements and footnotes that appear elsewhere in this report.

FORWARD-LOOKING STATEMENTS:

This report on Form 10-Q contains forward-looking statements. Additional written or oral forward-looking statements may be made by us from time to time in filings with the Securities and Exchange Commission or otherwise. The words "believe," "expect," "anticipate," and "project," and similar expressions identify forward-looking statements, which speak only as of the date the statement was made. Such forward-looking statements are within the meaning of that term in section 27A of the Securities and Exchange Act of 1934, as amended. Such statements may include, but not be limited to, projections of revenues, income or loss, capital expenditures, plans for future operations, financing needs or plans, the impact of inflation, and plans relating to our products or services, as well as assumptions relating to the foregoing. We undertake no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events, or otherwise.

Forward-looking statements are inherently subject to risks and uncertainties, some of which cannot be predicted or quantified. Future events and actual results could differ materially from those set forth in, contemplated by, or underlying the forward-looking statements. Statements in this Report, including the Notes to Condensed Consolidated Financial Statements (Unaudited) and "Management's Discussion and Analysis of Financial Condition and Results of Operations," describe factors, among others, that could contribute to or cause such differences.

RESULTS OF OPERATIONS

COMPARISON OF THREE MONTHS ENDED JANUARY 31, 2002 AND 2001

NET REVENUES

Net revenues for the fiscal quarter ended January 31, 2002 totaled \$1,868,000, a decrease of \$264,000 from the comparable 2001 quarter. The decline occurred primarily in the MBI area of the company's business that had been damaged by competition from vehicle manufacturers and others. The Company has worked to develop competitive products for its sales agents and in early January 2002, completed negotiations on a series of new product contracts with a major insurance company. These new contracts products are expected to enable the Company to become a factor in the competitive MBI marketplace and to continue to increase VSC sales.

OPERATING EXPENSES

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

Operating costs decreased to \$2,086,000 in the quarter ended January 31, 2002 down \$124,000 from the \$2,210,000 expended in the quarter ended January 31, 2001. The decrease is the result of the Company's early recognition of the impact of the competitive pressures from vehicle manufacturers for MBI policies and its prompt action to curtail expenses wherever possible. The Company has had to incur modest additional costs as it prepares advertising and implementation materials for the new product offerings. It is expected that these added costs will also be incurred during the second quarter of 2002.

OTHER INCOME (EXPENSE)

Other income (expense) declined \$8,000 in the quarter ended January 31, 2002 to approximately \$11,000 from \$19,000 earned in the comparable quarter of 2001. The decline is the result of decreased interest earnings as fewer assets were available for investment.

INCOME TAXES

Provision for income taxes of \$50,000 was recorded recognizing the Company's intent to carry back the current year losses to recover federal income taxes paid in prior years to the extent that carryback losses were available, partially offset by changes in the temporary differences created by the fluctuation in the deferred revenue and cost balances. Similar provisions for recoverable state income taxes were not recorded, as Arizona law does not allow for loss carryback. The deferred tax assets generated by the state net operating losses have been fully offset by a valuation allowance at January 31, 2002 and October 31, 2001.

LIQUIDITY AND CAPITAL RESOURCES

COMPARISON OF JANUARY 31, 2002 AND OCTOBER 31, 2001

Working capital at January 31, 2002 consisted of current assets of \$6,123,000 and current liabilities of \$5,486,000, or a current ratio of 1.12 : 1. At October 31, 2001 the working capital ratio was 1.18 : 1 with current assets of \$5,726,000 and current liabilities of \$4,865,000. Cash, cash equivalents and restricted cash decreased \$15,000 primarily as a result of payments of expenses in excess of revenues collected. Accounts receivable decreased \$103,000 as a result of the general decline in business activity during the quarter.

Deferred Revenues and Deferred Direct Costs increased \$929,000 and \$984,000 respectively from balances at October 31, 2001. Deferred revenues consist of VSC gross sales and estimated administrative service fees related to MBI policies. Deferred direct costs are costs that are directly related to the sale of VSCs. Both revenues and costs are deferred and amortized over the periods of the policy term. The increase is primarily due to the increase in the numbers of VSCs being sold compared to those sales in prior years. It is expected that these amounts will continue to increase as the Company's business continues to emphasize VSC sales.

The Company collects funds throughout the year and remits a portion of the funds to the insurance companies. As of January 31, 2002, the amount owed to insurance companies increased \$141,000 over the balance at October 31, 2001. The change is due to the timing of payments remitted to the insurance companies and increased advances from the insurance companies.

ITEM 3 QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Since the Company does not underwrite its own policies, a change in the current rates of inflation is not expected to have a material effect on the Company. However, the precise effect of inflation on operations cannot be determined.

Edgar Filing: M B A HOLDINGS INC - Form 10-Q

Under the terms of the Company's VSC contracts that are reinsured with highly rated insurance companies such as American Bankers Insurance Group, Kemper Cost Management and Heritage RRG, the Company is primarily responsible for liability under these contracts. In the unlikely event that the third party reinsuring

8

companies were unable to meet their contractual commitments to the Company, the Company itself would be required to perform under the contracts. Such an event could have a material adverse effect on the Company's operations.

The Company does not have any outstanding debt or long-term receivables. Therefore, it is not subject to significant interest rate risk.

PART II - OTHER INFORMATION

ITEM 1 LEGAL PROCEEDINGS

The Company is subject to claims and lawsuits that arise in the ordinary course of business, consisting principally of alleged errors and omissions in connection with the sale of insurance and personnel matters. On the basis of information presently available, management does not believe the settlement of any such claims or lawsuits will have a material adverse effect on the financial position, results of operations or cash flows of the Company.
