Record Date; Outstanding Shares

Shareholders of record at the close of business on June 28, 2006, the record date for the annual meeting, are entitled to notice of and to vote at the annual meeting. We have one class of shares outstanding, designated common stock, \$0.50 par value per share. As of the record date, 6,874,324 shares of our common stock were issued and outstanding.

Solicitation of Proxies

We are making this solicitation of proxies, and we will bear all related costs. In addition, we may reimburse brokerage firms and other persons representing beneficial owners of shares for their expenses in forwarding solicitation material to such beneficial owners. Proxies may also be solicited on our behalf, in person or by telephone or facsimile, by our directors, officers and regular employees, none of whom will receive additional compensation for doing so. In addition, we have retained Regan & Associates, Inc., a professional solicitation firm, which will assist us in delivering proxy material and soliciting proxies for a fee of approximately \$8,000.

Table of Contents

Voting; Cumulative Voting

Generally, each shareholder is entitled to one vote for each share held as of the record date. With respect to the election of directors, shareholders can cumulate their votes in certain circumstances. Cumulative voting is a system of voting whereby each shareholder receives a number of votes equal to the number of shares that the shareholder holds as of the record date multiplied by the number of directors to be elected. Thus, for example, if you held 100 shares as of the record date, you would be entitled to cast 400 votes (100, the number of shares held, multiplied by four, the number of directors to be elected) for the election of directors. Cumulative voting is only allowed for the election of directors and is not permitted for voting on any other proposal.

To employ cumulative voting for the election of directors at the annual meeting, you must notify the president, a vice president or the corporate secretary that you desire that cumulative voting be used at the annual meeting for the election of directors. Such notice must be in writing, and it must be given at least 48 hours before the time fixed for holding the annual meeting. In addition, a formal announcement must be made at the commencement of the annual meeting by the chairman, the corporate secretary or by or on behalf of you, stating that such notice has been given.

When proxies are properly dated, executed and returned, the shares represented by such proxies will be voted at the annual meeting in accordance with the instructions on such proxies. If no specific instructions are given, the shares will be voted:

FOR the election of the four nominees for directors named in this proxy statement;

FOR the approval of the amendment to the Transcat, Inc 2003 Incentive Plan to permit directors to participate in the plan; and

FOR the ratification of the selection of BDO Seidman, LLP as the company's independent registered public accounting firm for the fiscal year ending March 31, 2007.

The shares may also be voted for such other business as may properly come before the annual meeting or at any adjournment or postponement thereof.

Quorum

A quorum is required for shareholders to conduct business at the annual meeting. The presence, in person or by proxy, of the holders of shares having a majority of the votes that could be cast by the holders of all outstanding shares of stock entitled to vote at the meeting will constitute a quorum.

Effect of Abstentions

Abstentions are counted for the purpose of establishing a quorum and have the same effect as a vote against a proposal (other than the election of directors).

Effect of Broker Non-Votes

Under the rules governing brokers who have record ownership of shares that they hold in street name for their clients, who are the beneficial owners of such shares, brokers normally have the discretion to vote such shares on routine matters, such as director elections and the ratification of the selection of an independent registered public accounting firm, but not on non-routine matters. Broker non-votes occur when shares held by a broker for a beneficial owner are not voted with respect to a non-routine proposal because the broker has not received voting instructions from the

beneficial owner and lacks discretionary authority to vote the shares.

Because the proposals to be acted upon at the annual meeting include both routine matters as well as one non-routine matter (the approval of the amendment to the Transcat, Inc. 2003 Incentive Plan), with respect to uninstructed shares, brokers may turn in a proxy card and vote on the routine matters but not on the non-routine matter. Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but they will not be counted for the purpose of determining the number of shares entitled to vote on a non-routine

Table of Contents

proposal. Accordingly, broker non-votes will not affect the outcome of the proposal to approve the amendment to the Transcat, Inc. 2003 Incentive Plan.

Vote Required

The table below shows the vote required to approve each of the proposals described in this proxy statement, assuming the presence of a quorum at the annual meeting.

Proposal Number	Proposal Description	Vote Required
One	Election of four members of the board of directors	Plurality of the votes duly cast
Two	Approval of an amendment to the Transcat, Inc. 2003 Incentive Plan to permit directors to participate in the plan	Majority of the votes duly cast
Three	Ratification of the selection of BDO Seidman, LLP as the company's independent registered public accounting firm for the fiscal year ending March 31, 2007	Majority of the votes duly cast

PROPOSAL ONE

ELECTION OF DIRECTORS

Nominees Proposed for Election as Directors for a Term Expiring in 2009

Our articles of incorporation provide for a classified board of directors consisting of three classes of directors, each serving staggered three-year terms. As a result, only a portion of our board of directors is elected each year.

At this year's annual meeting, shareholders will elect four directors to hold office for a term expiring in 2009 or until each of their successors is duly elected and qualified. Based on the recommendation of the corporate governance and nominating committee, we have nominated Francis R. Bradley, Cornelius J. Murphy, Alan H. Resnick and Carl E. Sassano for election. Each nominee is currently a director, and we recommend their re-election.

Unless authority to vote for one or more of the nominees is specifically withheld according to the instructions on your proxy card, proxies in the enclosed form will be voted FOR the election of each of Messrs. Bradley, Murphy, Resnick and Sassano. The votes represented by such proxies may be cumulated if proper notice is given (see Voting; Cumulative Voting on page 2 of this proxy statement).

We do not contemplate that any of the nominees will be unable to serve as a director, but if that contingency should occur prior to the voting of the proxies, the persons named in the enclosed proxy reserve the right to vote for such substitute nominee or nominees as they, in their discretion, determine. However, proxies in the enclosed form cannot be voted for a greater number of persons than the number of nominees named in this proxy statement.

PROPOSAL TWO

APPROVAL OF AN AMENDMENT TO THE TRANSCAT, INC. 2003 INCENTIVE PLAN

Background

On June 24, 2003, the board adopted the Transcat, Inc. 2003 Incentive Plan, which for convenience is referred to in this proxy statement as the 2003 Plan, and the board recommended that the plan be submitted to our shareholders for their approval at the 2003 annual meeting of shareholders. The shareholders subsequently approved the 2003 Plan on August 19, 2003 at the 2003 annual meeting.

The class of eligible participants under the 2003 Plan consists of our employees and consultants. Currently, our directors are not eligible to participate in the 2003 Plan. On April 18, 2006, the board approved the amendment of the 2003 Plan to permit directors to participate in the plan and recommended that this amendment be submitted to the shareholders for their approval at the annual meeting. In approving the amendment, the board noted that, in October 2003, the non-employee directors voluntarily agreed to cease receiving equity awards under the Amended and Restated Directors Stock Plan and instead agreed to receive their annual retainers and meeting attendance fees in cash. The board further noted that management has recommended to the board that the Amended and Restated Directors Stock Plan be terminated, and it is currently anticipated that the board will terminate the Amended and Restated Directors Stock Plan at its next meeting following the annual meeting if this proposal is approved by the shareholders. The board believes that it is important for the company to have the ability to compensate directors for their services with equity compensation in addition to cash. Accordingly, the board concluded that directors should be eligible to participate in the 2003 Plan. If approved by our shareholders, effective as of the date of the annual meeting, our directors will be eligible to participate in the 2003 Plan.

The 2003 Plan is summarized below. This summary is qualified in its entirety by reference to the text of the 2003 Plan, as amended, to permit directors to participate in the plan, a copy of which is attached as appendix D to this proxy statement. You are urged to read the actual text of the 2003 Plan, as amended, in its entirety.

Purpose

The purpose of the 2003 Plan, as amended, is to recruit and retain selected directors, employees and consultants and to motivate such persons to put forth their maximum effort toward our continued growth, profitability and success by providing incentives to such individuals through the ownership and performance of our common stock.

Shares Available under the 2003 Plan

When the 2003 Plan became effective on August 19, 2003, a total of 1,900,000 shares of our common stock were reserved for issuance under the plan. Of that total, 982,000 shares were reserved for new stock option awards under the 2003 Plan and 918,000 shares were reserved to satisfy stock option awards under the Transcat, Inc. Amended and Restated 1993 Stock Option Plan, which for convenience is referred to in this proxy statement as the 1993 Plan, that were outstanding as of the termination of the 1993 Plan on June 14, 2003. As outstanding stock option awards under the 1993 Plan have lapsed or expired or been terminated or cancelled, the shares reserved for such stock option awards have become available for new awards under the 2003 Plan and have supplemented the 982,000 shares initially reserved for new awards under the 2003 Plan. As of June 28, 2006, there were 831,572 shares of our common stock available for issuance under the 2003 Plan.

The 2003 Plan provides that equitable adjustments will be made to the number of shares of common stock covered by outstanding awards, the price per share applicable to outstanding awards and the number of shares that are thereafter available for awards in the event of a change in our capital or capital stock or any special distributions to shareholders.

Table of Contents**Shares Available under Other Company Plans**

In addition to the maximum of 1,900,000 shares of our common stock that are authorized and could be issued pursuant to the 2003 Plan, as of June 28, 2006, the following shares of our common stock were previously authorized and were either issued or could be issued under the following separate equity plans we maintain:

Name of Plan	Date Plan Authorized	Shares Authorized	Shares Issued/Granted
Employees Stock Purchase Plan	June 5, 1995	400,000	271,777
Amended and Restated Directors Stock Plan (1)	January 17, 1995	400,000	324,819
Amended and Restated Directors Warrant Plan	August 21, 1984	200,000	176,000

- (1) Management has recommended to the board of directors that this plan be terminated if proposal number two is approved by our shareholders.

Administration

The compensation, benefits and stock option committee of the board (or such other committee as may be designated by the board), which for convenience will be referred to in this proxy statement as the compensation committee, administers the 2003 Plan. The compensation committee has the authority to interpret the 2003 Plan, establish rules and regulations for the operation and administration of the 2003 Plan, select the individuals to receive awards, determine the form, size, terms, conditions, limitations, and restrictions of awards, and take all other action it deems necessary or advisable to administer the 2003 Plan. The compensation committee may allocate all or any portion of its responsibilities and powers under the 2003 Plan to any one or more of its members, the chief executive officer or other senior members of management, as the compensation committee deems appropriate.

Eligible Participants

The following classes of persons are currently eligible to participate in the 2003 Plan:

all of our employees and the employees of any of our majority-owned subsidiaries, of which there are approximately 235 persons in this class;

foreign nationals who, but for the laws of their countries, would be our employees or employees of one of our subsidiaries, of which there are currently no persons in this class; and

consultants, advisors and independent contractors retained by the company or any of its majority-owned subsidiaries, of which there is one person in this class.

On April 18, 2006, the board approved the amendment of the 2003 Plan to permit our directors to participate in the plan and recommended that this amendment be submitted to our shareholders for their approval at the annual meeting. If the shareholders approve this amendment, our directors will be eligible to participate in the 2003 Plan. Currently, the class of people constituting our board of directors consists of eleven persons, of which ten currently would become eligible as non-employee directors.

The selection of those persons within a particular class who receive awards is entirely within the discretion of the compensation committee. The policy of the compensation committee is to grant most of the 2003 Plan's awards to those persons who are in a position to have a significant direct impact on our growth, profitability and success. There are currently approximately 20 persons in this category.

Types of Awards

The 2003 Plan authorizes the grant of:

stock options (both incentive and non-qualified);

stock awards (both restricted and unrestricted);

performance awards (including performance shares and performance units); and

any other award established by the compensation committee that is consistent with the 2003 Plan's purpose.

Table of Contents

Stock Options. The compensation committee may grant awards in the form of stock options to purchase shares of our common stock. For each stock option grant, the compensation committee will determine the number of shares subject to the option, the manner and time of the option's exercise and the exercise price. The exercise price of a stock option may not be less than 100% of the fair market value of our common stock on the date the stock option is granted. Upon exercise, a participant may pay the exercise price in cash, shares of common stock, a combination thereof, or such other consideration as the compensation committee determines. Any stock option granted in the form of an incentive stock option will satisfy the requirements of section 422 of the Internal Revenue Code.

Performance Awards. Only those employees who are covered employees within the meaning of section 162(m) of the Internal Revenue Code are eligible to receive performance awards. Generally, covered employees means our chief executive officer and our other four highest paid executive officers. Performance awards are structured to qualify as deductible performance-based compensation for purposes of section 162(m) of the Internal Revenue Code (see Limitation on Income Tax Deduction on page 11 of this proxy statement).

Within the first 90 days (or such other term as provided for in section 162(m)) of a performance period, the compensation committee will, in its sole discretion, designate which covered employees will be eligible for performance awards for the performance period, the length of the performance period, the types of performance awards to be issued, the performance criteria that are to be used to establish performance goals, the kind or level of performance goals and other relevant matters.

After the close of each performance period, the compensation committee will determine whether the performance goals for the cycle have been achieved. In determining the actual award to be paid to a participant, the compensation committee has the authority to reduce or eliminate the award earned by the participant, based upon any objective or subjective criteria it deems appropriate.

Payment Terms

Awards may be paid in cash, common stock, a combination of cash and common stock, or any other form of property, as the compensation committee determines. If an award is granted in the form of a stock award, stock option, or performance share, or in the form of any other stock-based grant, the compensation committee may include as part of the award an entitlement to receive dividends or dividend equivalents. At the discretion of the compensation committee, a participant may defer payment of a stock award, performance share, performance unit, dividend, or dividend equivalent.

Effect of Certain Events

Death or Disability. The compensation committee has the authority to promulgate rules and regulations to determine the treatment of a participant under the 2003 Plan in the event of such participant's death or disability. Unless otherwise provided in an award notice, in the event that a participant dies or becomes disabled prior to the complete exercise of the stock options granted to him or her under the 2003 Plan, any remaining stock options may be exercised in whole or in part within one year after the date of the participant's death or disability to the extent that the participant would have been entitled to exercise the stock option on the date of the participant's death or disability and prior to expiration of the term of that stock option.

Retirement or Approved Reason. The compensation committee has the authority to promulgate rules and regulations to determine the treatment of a participant under the 2003 Plan in the event of such participant's retirement or termination for an approved reason (as defined in the 2003 Plan). Unless otherwise provided in an award notice, upon a participant's retirement or termination from the company for an approved reason prior to the complete exercise of the

stock options granted to him or her under the 2003 Plan, any remaining stock options held by such participant survive and may be exercised in whole or in part at any time to the extent that the participant would have been entitled to exercise the stock option on the date of the participant's retirement or termination for an approved reason and prior to expiration of the term of that stock option.

Termination. Unless otherwise provided in an award notice, if a participant's employment with (or relationship as a consultant of) us terminates for any reason other than death, disability, retirement and any other

Table of Contents

approved reason prior to the complete exercise of the stock options granted to him or her under the 2003 Plan, any remaining stock options may be exercised in whole or in part within 90 days after the date of the participant's termination to the extent that the participant would have been entitled to exercise the stock option on the date of the participant's termination and prior to expiration of the term of that stock option.

Change In Control. In the event of a change in control (as defined in the 2003 Plan), a participant will receive the following treatment:

all of the terms, conditions, restrictions and limitations in effect on any of the participant's awards will lapse;

all of the participant's outstanding awards will be 100% vested; and

all of the participant's outstanding performance shares, performance units and other stock-based awards will be paid out based on the change in control price (as defined in the 2003 Plan).

Termination and Amendment of 2003 Plan

The board or the compensation committee may, at any time and from time to time, suspend, amend, modify or terminate the 2003 Plan without shareholder approval; provided, however, that the board or the compensation committee may condition any amendment or modification on the approval of our shareholders if such approval is necessary or deemed advisable with respect to tax, securities or other applicable laws, policies or regulations.

Award Limits

The maximum performance award payable to any one participant under the 2003 Plan for a performance period is 75,000 shares of common stock or, in the event the performance award is paid in cash, \$300,000. The maximum number of shares for which stock options may be granted under the 2003 Plan to any one participant for a performance period is 450,000. The maximum number of shares for which stock awards may be granted under the 2003 Plan to any one participant during a calendar year is 100,000.

Securities Act Registration

The shares of common stock available under the 2003 Plan are registered under the Securities Act of 1933, as amended, pursuant to a registration statement on Form S-8 (Reg. No. 333-109985), which was filed with the Securities and Exchange Commission on October 24, 2003.

Non-U.S. Jurisdictions

To facilitate the granting of awards to participants who are employed outside of the United States, the 2003 Plan authorizes the compensation committee to modify and amend the terms and conditions of an award to accommodate differences in local law, policy or custom.

Federal Tax Treatment

The following is a brief summary of the principal United States federal income tax consequences related to stock options. This summary is not intended to be exhaustive and, among other things, does not describe state, local or foreign tax consequences.

Incentive Stock Options. Under present federal income tax regulations, there will be no federal income tax consequences to either us or the participant upon the grant of an incentive stock option (an option that meets the requirement of section 422 of the Internal Revenue Code) or the exercise thereof by the participant. If the participant holds the shares of common stock underlying the option for the greater of two years after the date the option was granted or one year after the acquisition of such shares of common stock (the required holding period), the difference between the aggregate exercise price and the amount realized upon disposition of the shares of common stock will constitute a long-term capital gain or loss, and we will not be entitled to a federal income tax deduction. If the shares of common stock are disposed of in a sale, exchange or other disqualifying disposition during the required holding period, the participant will realize taxable ordinary income in an amount equal to the excess of the fair

Table of Contents

market value of the common stock purchased at the time of exercise over the aggregate exercise price, and we will be entitled to a federal income tax deduction equal to such amount.

Non-Qualified Stock Options. Under present federal income tax regulations, there will be no federal income tax consequences to either us or the participant upon the grant of a non-qualified stock option. However, the participant will realize ordinary income on the exercise of the option in an amount equal to the excess of the fair market value of the common stock acquired upon the exercise of such option over the exercise price, and we will receive a corresponding deduction. The gain, if any, realized upon the subsequent disposition by the participant of the common stock will constitute short-or long-term capital gain, depending on the participant's holding period.

Restricted Stock. Under present federal income tax regulations, and unless the participant makes an election to accelerate recognition of the income to the date of grant, a participant receiving a restricted stock award will not recognize income, and we will not be allowed a tax deduction, at the time the award is granted. When the restrictions lapse, the participant will recognize ordinary income equal to the fair market value of the common stock, and, subject to limitations in section 162(m) of the Internal Revenue Code, if applicable, we will be entitled to a corresponding tax deduction at that time.

Unrestricted Stock. Under present federal income tax regulations, a participant receiving an unrestricted stock award will recognize ordinary income and, subject to Internal Revenue Code section 162(m) limitations, if applicable, we will be allowed a tax deduction, at the time the award is granted.

Performance Awards. Under present federal income tax regulations, a participant receiving performance awards will not recognize income and we will not be allowed a tax deduction at the time the award is granted. When a participant receives payment of a performance award, the amount of cash and the fair market value of any shares of common stock received will be ordinary income to the participant and, subject to Internal Revenue Code section 162(m) limitations, if applicable, will be allowed as a deduction for us for federal income tax purposes.

Limitation on Income Tax Deduction

Pursuant to section 162(m) of the Internal Revenue Code, we may not deduct compensation in excess of \$1,000,000 paid to a covered employee. The board submitted the 2003 Plan for approval by the shareholders in order to permit the grant of certain awards thereunder, such as stock options and certain performance awards, that constitute performance-based compensation, which are excluded from the calculation of annual compensation of covered employees for purposes of section 162(m) and are fully deductible by us. The compensation committee may grant awards under the 2003 Plan that do not qualify as performance-based compensation under section 162(m). The payment of any such non-qualifying awards to a covered employee could be non-deductible by us, in whole or in part, under section 162(m), depending on such covered employee's total compensation in the applicable year.

Performance Goals for Certain Section 162(m) Awards. Under the 2003 Plan, the compensation committee may determine that, in order to meet the performance-based award criteria of section 162(m) and the regulations thereunder, a particular award granted under the 2003 Plan will be determined solely on the basis of one or more of the following measures of corporate performance, alone or in combination, for the company as a whole: increase in total revenue or product revenue, earnings before interest and taxes, earnings before interest, depreciation, taxes and amortization, return on shareholders' equity, total shareholder return, gross margin, earnings per share, net income, operating income, net profit, operating profits, profits before tax, ratio of debt to debt plus equity, economic value added, ratio of operating earnings to capital spending, free cash flow, return on assets, equity or shareholder's equity and common stock price per share. Measurement of our performance against such goals established by the compensation committee shall be objectively determinable, and to the extent such goals are expressed in standard accounting terms, performance shall be measured in accordance with generally accepted accounting principles. The

compensation committee shall have the right for any reason to reduce (but not increase) any such award, notwithstanding the achievement of a specified goal. If an award is made on such basis, the compensation committee shall establish goals prior to the beginning of the period to which such performance goal relates (or such later date as may be permitted under section 162(m) or the regulations thereunder). Any payment of an award granted with performance goals under this section of the 2003 Plan will be conditioned on the written certification

of the compensation committee in each case that the performance goals and any other material conditions were satisfied.

New Plan Benefits

With respect to (1) our chief executive officer, (2) our other named executives (as defined on page 21 of this proxy statement), (3) our current executive officers as a group, (4) our directors who are not executive officers as a group, assuming shareholder approval of the amendment to the 2003 Plan to permit directors to participate in the plan, and (5) our employees who are not executive officers as a group, the benefits or amounts that will be received by or allocated to them are not presently determinable because such benefits or amounts, if any, will be awarded in the future at the discretion of the compensation committee.

During the fiscal year ended March 25, 2006, which for convenience is referred to as fiscal year 2006 in this proxy statement, (1) our chief executive officer, (2) our other named executives, (3) our current executive officers as a group and (4) our employees who are not executive officers as a group received the stock option awards set forth in the table below. During fiscal year 2006, in accordance with our director compensation policies for fiscal year 2006, our directors who are not executive officers received warrants under our Amended and Restated Directors Warrant Plan to purchase shares of our common stock. (See Director Compensation; Equity Compensation beginning on page 18 of this proxy statement.) Assuming our directors who are not executive officers had been eligible to participate in the 2003 Plan during fiscal year 2006, and further assuming that they would have received an equal number of stock options under the 2003 Plan in lieu of warrants that they actually received under the Amended and Restated Directors Warrant Plan, then as a group they would have received the stock option awards set forth in the table below.

PROPOSAL THREE

**RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED
PUBLIC ACCOUNTING FIRM**

On October 5, 2004, the audit committee of the board of directors dismissed PricewaterhouseCoopers LLP and engaged the firm of BDO Seidman, LLP as the company's independent registered public accounting firm for the fiscal year ended March 26, 2005, which for convenience is referred to as fiscal year 2005 in this proxy statement.

We disclosed these events in a current report on Form 8-K that we filed with the Securities and Exchange Commission on October 12, 2004, which included the following information:

Except as described in the immediately following sentence, PricewaterhouseCoopers LLP's reports on our financial statements as of and for the fiscal years ended March 27, 2004 and March 31, 2003, which for convenience are referred to as fiscal year 2004 and fiscal year 2003 in this proxy statement, did not contain an adverse opinion or a disclaimer of opinion, and were not qualified or modified as to uncertainty, audit scope, or accounting principles. An explanatory paragraph regarding the restatement of our balance sheet at March 31, 2003 was included in PricewaterhouseCoopers LLP's report on our financial statements as of and for fiscal year 2004 and fiscal year 2003.

During fiscal year 2004 and fiscal year 2003, and through October 5, 2004, (a) there were no disagreements between us and PricewaterhouseCoopers LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure, which disagreement(s), if not resolved to the satisfaction of PricewaterhouseCoopers LLP, would have caused PricewaterhouseCoopers LLP to make reference thereto in their reports on the financial statements for such years; and (b) there were no reportable events (as described in Item 304(a)(1)(v) of Regulation S-K).

We provided PricewaterhouseCoopers LLP with a copy of this disclosure made in the Form 8-K and requested that PricewaterhouseCoopers LLP furnish us with a letter addressed to the Securities and Exchange Commission stating whether it agreed with these statements. A copy of PricewaterhouseCoopers LLP's letter dated October 8, 2004 was filed as Exhibit 16.1 to the Form 8-K.

During fiscal year 2004 and fiscal year 2003, and through October 5, 2004, we did not consult with BDO Seidman, LLP on any matter that (i) involved the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on our financial statements, in each case where either written or oral advice was provided that BDO Seidman, LLP concluded was an important factor considered by us in reaching a decision as to the accounting, auditing or financial reporting issue; or (ii) was either the subject of a disagreement (as defined in paragraph 304(a)(1)(iv) and the related instructions to Item 304 of Regulation S-K) or a reportable event (as described in Item 304(a)(1)(v) of Regulation S-K).

We engaged BDO Seidman, LLP to audit the fiscal year 2005 and fiscal year 2006 financial statements. We paid PricewaterhouseCoopers LLP professional fees for certain audit, audit-related and tax services prior to its dismissal as our independent registered public accounting firm in October 2004. We also paid PricewaterhouseCoopers LLP professional fees for certain tax services and other services related to the filing of our Annual Report on Form 10-K for fiscal years 2005 and 2006.

The audit committee has selected BDO Seidman, LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2007. This selection is being presented to the shareholders for ratification at the annual meeting. The board of directors recommends a vote in favor of the proposal to ratify the selection of BDO Seidman,

LLP to serve as our independent registered public accounting firm for the fiscal year ending March 31, 2007, and the persons named in the enclosed proxy (unless otherwise instructed therein) will vote such proxies FOR this proposal.

We have been advised by BDO Seidman, LLP that a representative will be present at the annual meeting and will be available to respond to appropriate questions. We intend to give such representative an opportunity to make a statement if he or she should so desire.

Audit-Related Fees consist of fees billed for assurance and related services rendered that are reasonably related to the performance of the audit or review of our financial statements, and which are not included in **Audit Fees**. In fiscal year 2005, **Audit-Related Fees** billed to us by PricewaterhouseCoopers LLP include fees relating to the restatement of our fiscal year 2004 Quarterly Reports on Form 10-Q and our fiscal year 2003 Annual Report on Form 10-K, our change in independent registered public accounting firms, and the dissolution of our Singapore subsidiary. **Audit-Related Fees** also consist of fees for services rendered in connection with the limited-scope audit of our Long-Term Savings and Deferred Profit Sharing Plan.

The audit committee considered the provision by BDO Seidman, LLP and, prior to its dismissal, PricewaterhouseCoopers LLP, of non-audit services to the company and determined that the provision of these services was compatible with maintaining the independence of BDO Seidman, LLP and PricewaterhouseCoopers LLP, respectively.

Policy on Pre-Approval of Retention of Independent Registered Public Accounting firm

The engagement of BDO Seidman, LLP, and prior to its dismissal, PricewaterhouseCoopers LLP, for non-audit accounting and tax services performed for the company is limited to those circumstances where these services are considered integral to the audit services that it provides or in which there is another compelling rationale for using its services. Pursuant to the Sarbanes-Oxley Act of 2002 and the audit committee's charter, the audit committee is responsible for the engagement of our independent registered public accounting firm and for pre-approving all audit and non-audit services provided by our independent registered public accounting firm that are not prohibited by law.

The pre-approval requirements are not applicable with respect to the provision of de-minimis non-audit services that are approved in accordance with the Securities Exchange Act of 1934, as amended and our audit committee charter. The audit committee may delegate to one or more designated members of the audit committee the authority to grant required pre-approval of auditing and non-audit services. The decision of any member to whom authority is delegated shall be presented to the full audit committee at its next scheduled meeting.

For fiscal years 2006 and 2005, 100 percent of the services listed above for BDO Seidman, LLP, and 100 percent of the services listed above for PricewaterhouseCoopers LLP were pre-approved by the audit committee.

CORPORATE GOVERNANCE

Board Meetings and Executive Sessions

The board of directors held five meetings during fiscal year 2006. Each director then in office attended at least 75% of the total of such board meetings and meetings of board committees on which he or she served.

Our independent directors, as determined by the board pursuant to the listing standards of the Nasdaq Stock Market, also met in regularly scheduled executive sessions during fiscal year 2006.

Board Committees

The board of directors has established, among other committees, an audit committee, a compensation committee and a corporate governance and nominating committee.

Audit Committee

The current members of the audit committee are Mr. Moore (chair), Mr. Bradley, Dr. Palmer and Mr. Harrison. The board has determined that each of Mr. Moore, Mr. Bradley, Dr. Palmer and Mr. Harrison is independent pursuant to the listing standards for the Nasdaq Stock Market and applicable Securities and Exchange Commission rules. The board of directors has determined that each audit committee member has sufficient knowledge in financial and auditing matters to serve on the audit committee. The board of directors has designated Mr. Moore, the audit committee chairman, as an audit committee financial expert in accordance with the definition of audit committee financial expert set forth in Item 401(h)(2) of Regulation S-K, as adopted by the Securities and Exchange Commission. The board determined that Mr. Moore qualifies as an audit committee financial expert by virtue of his 27-year career in banking and corporate lending with M&T Bank Corporation.

The audit committee serves as an independent and objective party to monitor our financial reporting process and internal control system; retains, pre-approves audit and non-audit services to be performed by, and directly consults with our independent registered public accounting firm; reviews and appraises the efforts of our independent registered public accounting firm; and provides an open avenue of communication among our independent registered public accounting firm, financial and senior management and the board of directors. Our audit committee charter, which has been adopted by the board and is attached as appendix A to this proxy statement, more specifically sets forth the duties and responsibilities of the audit committee. The audit committee's report relating to fiscal year 2006 appears on page 27 of this proxy statement. The audit committee held four meetings during fiscal year 2006.

Compensation Committee

The current members of the compensation committee are Ms. Hessler (chair), Mr. Murphy, Dr. Palmer, Mr. Smith and Mr. Resnick. The board has determined that each of Ms. Hessler, Mr. Murphy, Dr. Palmer, Mr. Smith and Mr. Resnick is independent pursuant to the listing standards for the Nasdaq Stock Market. Among its duties, the compensation committee determines the compensation and benefits paid to Mr. Sassano, our chairman and chief executive officer (see Executive Compensation on page 21 of this proxy statement). Mr. Sassano routinely consults with the compensation committee in connection with his determination of the compensation and benefits paid to our other executive officers. However, he neither participates nor is otherwise involved in the deliberations of the compensation committee with respect to his own compensation and benefits.

Our compensation committee charter, which has been adopted by the board and is attached as appendix B to this proxy statement, more specifically sets forth the duties and responsibilities of the compensation committee. The compensation committee's report relating to fiscal year 2006 begins on page 24 of this proxy statement. The compensation committee held five meetings during fiscal year 2006.

Corporate Governance and Nominating Committee

The current members of the corporate governance and nominating committee are Mr. Smith (chair), Mr. Murphy, Mr. Garelick, Mr. Klimasewski and Mr. Resnick. The board has determined that each of Messrs. Smith,

Table of Contents

Murphy, Garelick, Klimasewski and Resnick is independent pursuant to the listing standards for the Nasdaq Stock Market.

The corporate governance and nominating committee is charged with determining the slate of director nominees for election to the board of directors, identifying and recommending candidates to fill vacancies on the board, and reviewing, evaluating and recommending changes to our corporate governance processes. Among its duties and responsibilities, the corporate governance and nominating committee periodically evaluates and assesses the performance of the board of directors; reviews the qualifications of candidates for director positions; assists in identifying, interviewing and recruiting candidates for the board; reviews the composition of each committee of the board and presents recommendations for committee membership; reviews the compensation paid to non-employee directors; reviews and recommends changes to the charter of the corporate governance and nominating committee and to the charters of other board committees.

The process followed by the corporate governance and nominating committee to identify and evaluate candidates includes requests to board members, the chief executive officer, and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and their qualifications, and interviews of selected candidates.

The corporate governance and nominating committee also considers and establishes procedures regarding recommendations for nomination to the board submitted by shareholders. Such recommendations for nomination, together with appropriate biographical information, should be sent to the following address: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary. The qualifications of recommended candidates will be reviewed by the corporate governance and nominating committee.

In evaluating the suitability of candidates (other than our chief executive officer) to serve on the board of directors, including shareholder nominees, the corporate governance and nominating committee will seek candidates who are independent pursuant to the listing standards for the Nasdaq Stock Market and meet certain selection criteria established by the corporate governance and nominating committee. The corporate governance and nominating committee will also consider an individual's skills, character and professional ethics, judgment, leadership experience, business experience and acumen, familiarity with relevant industry issues, national and international experience, and other relevant criteria that may contribute to our success. This evaluation is performed in light of the skill set and other characteristics that would most complement those of the current directors, including the diversity, maturity, skills and experience of the board as a whole.

The corporate governance and nominating committee acts pursuant to a written charter adopted by the board of directors a copy of which is attached as appendix C to this proxy statement. The corporate governance and nominating committee held one meeting during fiscal year 2006.

Shareholder Communications

Shareholders may send correspondence by mail to the full board of directors or to individual directors. Shareholders should address such correspondence to the board of directors or the relevant board members in care of: Transcat, Inc., 35 Vantage Point Drive, Rochester, New York 14624, Attention: Corporate Secretary.

All shareholder correspondence will be compiled by our corporate secretary and forwarded as appropriate. In general, correspondence relating to corporate governance issues, long-term corporate strategy or similar substantive matters will be forwarded to the board of directors, one of the aforementioned committees of the board, or a member thereof for review. Correspondence relating to the ordinary course of business affairs, personal grievances, and matters as to which we tend to receive repetitive or duplicative communications are usually more appropriately addressed by the

officers or their designees and will be forwarded to such persons accordingly.

Director Compensation

Directors who are also employees of the company (currently, only Mr. Sassano) are paid no compensation for their services as directors.

Pursuant to our Amended and Restated Directors Warrant Plan, during fiscal year 2006 each non-employee director then in office received an automatic, non-discretionary grant of a warrant, expiring on August 16, 2010, to purchase 4,000 shares of common stock at an exercise price of \$4.26 per share (the market price of the common stock on the grant date). Each warrant becomes exercisable pro rata with respect to one-third of the shares subject to the warrant on the first, second and third anniversaries of the date of grant. None of the warrants is transferable, except by will or

- (1) The dollar amounts in these columns are the result of calculations of potential realizable value at the 5% and 10% rates set by the Securities and Exchange Commission and are not intended to forecast future appreciation of our common stock. There can be no assurance that our common stock will perform at the assumed annual rates shown in the table. We will neither make nor endorse any predictions as to future stock performance. As an alternative to the assumed potential realizable values stated in the 5% and 10% columns, Securities and Exchange Commission rules would permit stating the present value of such options at the date of grant. Methods of computing present value suggested by different authorities can produce significantly different results. Moreover, since stock options granted by us are not transferable, there are no objective criteria by which any computation of present value can be verified. Consequently, we have not chosen this alternative for the purposes of the table.

The table below shows information with respect to (1) options exercised by the named executives during fiscal year 2006; and (2) unexercised options held by them at the end of fiscal year 2006.

Change-in-Control Arrangements

On February 12, 2004, we entered into an Agreement for Severance Upon Change in Control with each of Carl E. Sassano, our current chairman and chief executive officer, and Charles P. Hadeed, our current chief operating officer and president. Pursuant to these agreements, if a change in control of the company occurs and the employment of Mr. Sassano or Mr. Hadeed is terminated for any reason (other than voluntary resignation, death, disability, or retirement, or termination by the company for certain reasons) during the period beginning with the agreement for or announcement of a proposed change in control and ending 24 months following the change in control, we would be required to continue to pay them their full salary and bonus and continue their benefits for a period of 24 months following the date of termination of employment, and all stock grants, stock options and similar arrangements would immediately vest.

On April 19, 2006, we entered into an Amended and Restated Agreement for Severance Upon Change in Control with each of Mr. Sassano and Mr. Hadeed. The Amended and Restated Agreement for Severance Upon Change in Control amends and restates the Agreement for Severance Upon Change in Control that each of Mr. Sassano and Mr. Hadeed

entered into with us on February 12, 2004.

The purpose of the Amended and Restated Agreement for Severance Upon Change in Control, which supercedes the Agreement for Severance Upon Change in Control, is to provide compliance with 409A of the Internal Revenue Code (the Code) and to provide the employee the option to elect (at his discretion) to modify payments made to the employee in the event of termination of employment due to change in control in a manner that serves to reduce payments that would constitute parachute payments pursuant to section 280G of the Code.

On April 22, 1994, we entered into a Severance Agreement with John A. De Voldre, our current vice president of human resources. Pursuant to this agreement, if a change in control of the company occurs and the employment of Mr. De Voldre is terminated within 12 months of the change in control, then, subject to certain limitations and restrictions, we would generally be required to pay him a severance amount equal to the amount of his annual base salary in effect immediately prior to the change in control.

REPORT OF THE COMPENSATION COMMITTEE*

The compensation committee of the board of directors is composed of five independent directors who assist the board in fulfilling its responsibilities for establishing compensation levels and benefits for (i) our chairman and chief executive officer, our president and chief operating officer, and our vice president of finance and chief financial officer (the executives), and such other officers as the board of directors may determine, and (ii) our non-employee directors. The compensation committee operates under a written charter that was adopted by the committee and approved by the board of directors in June 2005. The compensation committee charter provides for collaboration with management in developing a compensation philosophy. The charter further provides that the committee evaluate the company's performance and the compensation paid to each of the officers and make recommendations to the board of directors on an annual basis. The committee believes that the charter is an accurate statement of its responsibilities and will periodically review its adequacy.

Our chairman and chief executive officer may participate in discussions regarding compensation and benefits relative to the other officers, but he is not present to approve recommendations with respect to his own compensation or the compensation of other executives.

Compensation Philosophy and Objectives

The committee's compensation philosophy is to align closely the performance of the company with the compensation paid to our officers on both a short and long-term basis. The objectives of our compensation program are to inspire the officers to achieve our business objectives, to reward them for achievement, to foster teamwork, and contribute to the company's long-term success. Our compensation policies with respect to our officers, including our chief executive officer, are designed to link pay with performance (which also takes into account the level of difficulty associated with each officer's responsibilities) and shareholder returns over the long term (while recognizing the challenges associated with benchmarking performance against the trading market for the company's stock), and to attract, motivate and retain officers who are critical to the company's long-term success. The key components of the compensation program are base salary, performance incentive bonuses (the amount of which is dependent on both company and individual performance), stock options and restricted stock awards. Historical emphasis has been on stock options and restricted stock awards to reinforce the link between long-term executive incentives and the creation of shareholder value.

In the committee's annual review of total compensation (which includes salaries, bonuses and stock option awards), the committee determines executive compensation based upon (i) the individual's role, responsibilities and performance during the year, (ii) a review of compensation paid to officers in comparable positions at companies of comparable size, (iii) overall corporate performance as measured against the company's fiscal corporate goals; and (iv) the overall difficulty associated with the responsibilities of each officer.

The committee and the board of directors reviewed the company's historical option grants with a view toward the implications of FAS 123 and the relative impact of stock option grants on earnings per share. The committee was also charged with looking at the long-term benefits of options versus restricted stock awards to officers and to the company's shareholders. To this end, in May 2005, the board established an ad hoc committee to review the components of executive compensation. This committee provided recommendations that addressed FAS 123 and other improvements to executive compensation.

Compensation Components and Processes

Annual Salary

The committee reviews the base salaries of our executives on an annual basis after reviewing survey data compiled by an independent compensation specialist, who has reviewed base salaries, management incentive plan target ranges and equity-based compensation at comparable companies. survey and a review of individual performance during the prior year, the committee sets the base salary of our executives to be competitive with that of similarly situated executives at comparable companies.

Management Incentive Bonuses

We maintain a Management Performance Incentive Plan designed to recognize key management members based on their contribution to the achievement of specified levels of corporate fiscal financial objectives and their performance against individual goals. Incentive bonuses are based on a pre-determined percentage of an eligible participant's base salary earned during the fiscal year. Payment of bonuses is expressly linked to successful achievement of the specified corporate goals, which the committee approves annually, and individual performance goals. Among other things, the plan delineates eligible participants, the targeted award and the amount of the bonus that will be paid based on performance to the established annual goals. A bonus will not be granted if we do not meet the established minimum performance standards. The maximum award a participant may receive is limited to 150% of the targeted award. After the end of the fiscal year, management presents to the compensation committee a summary and recommendation for approval of incentive bonuses. The board of directors, acting on the recommendation of the compensation committee may approve, and in their discretion, adjust the awards.

Prior to the start of each fiscal year, the chief executive officer sets individual objectives for each of the company's other officers that are in keeping with the criteria set forth above. During each fiscal year, the chief executive officer gives officers ongoing feedback on their performance. After the end of the fiscal year, the chief executive officer evaluates each officer's accomplishment of objectives and provides summaries of performance appraisals to the compensation committee. The performance appraisals are considered by the compensation committee in deciding whether to grant performance awards. The lead director provides similar objective-setting, feedback and evaluation with respect to the chief executive officer's performance.

Long-Term Incentive Compensation

Long-term incentive compensation is stock-based and is designed to align the interests of officers and other key employees with the interests of our shareholders in building shareholder value. Stock options are granted under our 2003 Incentive Plan, which was approved by shareholders. Officer and other key employee options are typically granted annually, after the fiscal year end close, based on an individual's contribution to our current and future success. All other employees are eligible for periodic grants based on performance during the course of the previous fiscal year. All of the options that we have granted are incentive stock options, with an exercise price equal to the closing price of the common stock on the date of grant, and accordingly, will have value only if the market value of the stock increases subsequent to that date. All options are subject to vesting provisions that encourage employees to remain employed by us. Options granted under the 2003 Incentive Plan vest pro rata over a three-year period and expire after ten years.

Chief Executive Officer Compensation

Carl E. Sassano served as the company's chairman, president and chief executive officer during fiscal year 2006. On May 23, 2006, Mr. Sassano ceased to hold the title of president but continued to serve as our chairman and chief executive officer. Currently, Mr. Sassano and the company are not parties to an employment agreement. Accordingly, Mr. Sassano serves as our chairman and chief executive officer at the pleasure of the board of directors. However, the company and Mr. Sassano are parties to an Amended and Restated Agreement for Severance Upon Change in Control dated April 19, 2006, which provides Mr. Sassano with certain rights if his employment is terminated in connection with a change in control of the company, as described in Executive Compensation; Change-in-Control Arrangements. For fiscal year 2006, Mr. Sassano received an annual salary of \$278,330. Mr. Sassano is eligible to participate in the company's Management Performance Incentive Plan, and he received a bonus of \$112,724 for fiscal year 2006.

Table of Contents

Based on its study and review of comparable companies, the compensation committee believes that Mr. Sassano's total compensation for fiscal year 2006 was at a level that is commensurate with amounts paid to chief executive officers at comparable companies and in comparable businesses. Mr. Sassano's compensation was approved by the compensation committee, reflecting its assessment of Mr. Sassano's performance as the company's chairman, president and chief executive officer, and his proven ability and dedication to provide the leadership and vision necessary to return the company to sustained profitability and enhance the company's long-term value.

In addition, the Committee may authorize any one or more of its number to execute and deliver documents on behalf of the Committee.

ARTICLE 5

FORM OF AWARDS

Section 5.1 In General. Awards may, at the Committee's sole discretion, be paid in the form of stock options pursuant to ARTICLE 7, Stock Awards pursuant to ARTICLE 8, Performance Awards pursuant to ARTICLE 9, any form established by the Committee pursuant to Section 4.2(n), or a combination thereof. All Awards shall be subject to the terms, conditions, restrictions and limitations of the Plan. The Committee may, in its sole judgment, subject an Award to such other terms, conditions, restrictions and/or limitations (including, but not limited to, the time and conditions of exercise and restrictions on transferability and vesting), provided they are not inconsistent with the terms of the Plan. Awards under a particular Article of the Plan need not be uniform and Awards under two or more Articles may be combined into a single Award Notice. Any combination of Awards may be granted at one time and on more than one occasion to the same Participant.

Section 5.2 *Foreign Jurisdictions.*

(a) *Special Terms.* In order to facilitate the making of any Award to Participants who are employed or retained by the Company outside the United States as Employees, Directors or Consultants (or who are foreign nationals temporarily within the United States), the Committee may provide for such modifications and additional terms and conditions (special terms) in Awards as the Committee may consider necessary or appropriate to accommodate

D-5

differences in local law, policy or custom or to facilitate administration of the Plan. The special terms may provide that the grant of an Award is subject to (1) applicable governmental or regulatory approval or other compliance with local legal requirements and/or (2) the execution by the Participant of a written instrument in the form specified by the Committee, and that in the event such conditions are not satisfied, the grant shall be void. The special terms may also provide that an Award shall become exercisable or redeemable, as the case may be, if an Employee's employment or Director or Consultant's relationship with the Company ends as a result of workforce reduction, realignment or similar measure and the Committee may designate a person or persons to make such determination for a location. The Committee may adopt or approve sub-plans, appendices or supplements to, or amendments, restatements, or alternative versions of, the Plan as it may consider necessary or appropriate for purposes of implementing any special terms, without thereby affecting the terms of the Plan as in effect for any other purpose; provided, however, no such sub-plans, appendices or supplements to, or amendments, restatements, or alternative versions of, the Plan shall:

(a) increase the limitations contained in Section 6.3; (b) increase the number of available shares under Section 6.1; (c) cause the Plan to cease to satisfy any conditions of Rule 16b-3 under the Exchange Act or, with respect to Covered Employees, Section 162(m) of the Code; or (d) revoke, remove or reduce any vested right of a Participant without the prior written consent of such Participant.

(b) *Currency Effects.* Unless otherwise specifically determined by the Committee, all Awards and payments pursuant to such Awards shall be determined in U.S. currency. The Committee shall determine, in its discretion, whether and to the extent any payments made pursuant to an Award shall be made in local currency, as opposed to U.S. dollars. In the event payments are made in local currency, the Committee may determine, in its discretion and without liability to any Participant, the method and rate of converting the payment into local currency.

(c) *Modifications to Awards.* The Committee shall have the right at any time and from time to time and without prior notice to modify outstanding Awards to comply with or satisfy local laws and regulations or to avoid costly governmental filings. By means of illustration, but not limitation, the Committee may restrict the method of exercise of an Award to facilitate compliance with applicable securities laws or exchange control filings, laws or regulations.

(d) *No Acquired Rights.* No Employee in any country shall have any right to receive an Award, except as expressly provided for under the Plan. All Awards made at any time are subject to the prior approval of the Committee.

ARTICLE 6

SHARES SUBJECT TO PLAN

Section 6.1 *Available Shares.* The maximum number of shares of Common Stock that shall be available for grant of Awards under the Plan (including incentive stock options) during its term shall be 982,000 shares plus any shares of Common Stock that become available under Section 1.3 (which shares shall also be available for grants or awards under the Plan); provided, however, the maximum aggregate number of shares that shall be available for grant of Awards under the Plan shall not exceed 1,900,000 shares. Such amount shall be subject to adjustment as provided in Section 6.2. Any shares of Common Stock related to Awards which terminate by expiration, forfeiture, cancellation or otherwise without the issuance of such shares, are settled in cash in lieu of Common Stock, or are exchanged with the Committee's permission for Awards not involving Common Stock, shall be available again for grant under the Plan. Moreover, if the option price of any stock option granted under the Plan or the tax withholding requirements with respect to any stock option granted under the Plan are satisfied by tendering shares of Common Stock to the Company (by either actual delivery or by attestation), only the number of shares of Common Stock issued net of the shares of Common Stock tendered will be deemed delivered for purposes of determining the maximum number of shares of Common Stock available for delivery under the Plan. The maximum number of shares available for issuance under the Plan shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional shares of Common Stock or credited as additional performance shares. The shares of Common Stock available for issuance

under the Plan may be authorized and unissued shares or treasury shares. For the purpose of computing the total number of shares of Common Stock granted under the Plan, where one or more types of Awards, both of which are payable in shares of Common Stock, are granted in tandem with each other, such that the exercise of one type of Award with respect to a number of shares cancels an equal number of shares of the

D-6

other, the number of shares granted under both Awards shall be deemed to be equivalent to the number of shares under one of the Awards.

Section 6.2 Adjustment to Shares.

(a) *In General.* The provisions of this Section 6.2(a) are subject to the limitation contained in Section 6.2(b). If there is any change in the number of outstanding shares of Common Stock through the declaration of stock dividends, stock splits or the like, the number of shares available for Awards, the shares subject to any Award and the option prices or exercise prices of Awards shall be automatically adjusted. If there is any change in the number of outstanding shares of Common Stock through any change in the capital of Transcat, or through a merger, consolidation, separation (including a spin off or other distribution of stock or property), reorganization (whether or not such reorganization comes within the meaning of such term in Section 368(a) of the Code) or partial or complete liquidation, the Committee shall make appropriate adjustments in the maximum number of shares of Common Stock which may be issued under the Plan and any adjustments and/or modifications to outstanding Awards as it, in its sole discretion, deems appropriate. In the event of any other change in the capital structure or in the Common Stock of Transcat, the Committee shall also be authorized to make such appropriate adjustments in the maximum number of shares of Common Stock available for issuance under the Plan and any adjustments and/or modifications to outstanding Awards as it, in its sole discretion, deems appropriate. The maximum number of shares available for issuance under the Plan shall be automatically adjusted to the extent necessary to reflect any dividend equivalents paid in the form of Common Stock. Subject to Section 6.2(b), if the maximum number of shares of Common Stock available for issuance under the Plan are adjusted pursuant to this Section 6.2(a), corresponding adjustments shall be made to the limitations set forth in Section 6.3.

(b) *Covered Employees.* In no event shall the Award of any Participant who is a Covered Employee be adjusted pursuant to Section 6.2(a) to the extent it would cause such Award to fail to qualify as performance-based compensation under Section 162(m) of the Code.

(c) *Adjustment Required By Exchange Listing Requirements.* The Committee may reduce the maximum number of shares of Common Stock which shall be available for the grant of Awards under the Plan set forth in Section 6.1 to the extent such reduction is required or necessary to comply with the listing criteria of a national exchange or automated quotation system on which any security of the Company is listed or is to be listed.

Section 6.3 Maximum Award Payable. Notwithstanding any provision contained in the Plan to the contrary, the maximum Award payable (or granted, if applicable) to any one Participant under the Plan for a calendar year is: (a) for stock options, 450,000 shares of Common Stock; (b) for Stock Awards (including those issued in the form of Performance Awards under ARTICLE 9), 100,000 shares of Common Stock; and (c) for Performance Awards, 75,000 shares of Common Stock or, in the event the Performance Award is paid in cash, \$300,000.

ARTICLE 7

STOCK OPTIONS

Section 7.1 In General. Awards may be granted in the form of stock options. These stock options may be incentive stock options within the meaning of Section 422 of the Code or non-qualified stock options (i.e., stock options which are not incentive stock options), or a combination of both. All Awards under the Plan issued to Covered Employees in the form of non-qualified stock options shall qualify as performance-based compensation under Section 162(m) of the Code.

Section 7.2 *Terms and Conditions of Stock Options.* An option shall be exercisable in accordance with such terms and conditions and at such times and during such periods as may be determined by the Committee. Subject to the requirements of Section 7.3 for incentive stock options, the price at which Common Stock may be purchased upon exercise of a stock option shall be established by the Committee, but such price shall not be less than 100 percent of the Fair Market Value of the Common Stock, as determined by the Committee, on the Effective Date of the stock option s grant.

Section 7.3 *Restrictions Relating to Incentive Stock Options.* Stock options issued in the form of incentive stock options shall, in addition to being subject to the terms and conditions of Section 7.2, comply with Section 422

Table of Contents

of the Code. Accordingly, the exercise of an incentive stock option shall be not less than 100 percent (or such greater percentage as may be required by Section 422 of the Code) of the Fair Market Value of the Common Stock, as determined by the Committee, on the Effective Date of the option's grant. The aggregate Fair Market Value (determined at the time the option was granted) of the Common Stock with respect to which incentive stock options are exercisable for the first time by a Participant during any calendar year (under this Plan or any other plan of the Company) shall not exceed \$100,000 (or such other limit as may be required by Section 422 of the Code). Furthermore, stock options issued in the form of incentive stock options must be issued within ten years from the effective date of the Plan, and the term of such stock options may not exceed ten years (or any shorter period required by Section 422 of the Code).

Section 7.4 Additional Terms and Conditions. The Committee may, by way of the Award Notice or otherwise, establish such other terms, conditions, restrictions and/or limitations, if any, of any stock option Award, provided they are not inconsistent with the Plan.

Section 7.5 Vesting. Unless otherwise provided in an Award Notice, a stock option shall vest and become exercisable pro rata with respect to one-third of the shares subject to such stock option on the first, second and third anniversaries of the Effective Date of such stock option.

Section 7.6 Exercise. Upon exercise, the option price of a stock option may be paid in cash, or by tendering, by either actual delivery of shares or by attestation, shares of Common Stock, a combination of the foregoing, or such other consideration as the Committee may deem appropriate. Any shares of Common Stock tendered by a Participant upon exercise of a stock option must have been purchased on the open market or, if acquired by the Participant pursuant to a previous stock option exercise, be owned by the Participant for at least six months prior to the date of exercise of the stock option. The Committee shall establish appropriate methods for accepting Common Stock, whether restricted or unrestricted, and may impose such conditions as it deems appropriate on the use of such Common Stock to exercise a stock option. Subject to Section 14.8, stock options awarded under the Plan may also be exercised by way of a broker-assisted stock option exercise program of the Company, if any, provided such program is available at the time of the option's exercise. The Committee may permit a Participant to satisfy the minimum amounts required to be withheld under applicable federal, state and local tax laws, in effect from time to time, by electing to have the Company withhold a portion of the shares of Common Stock to be delivered for the payment of such taxes.

Section 7.7 Company's Right to Redeem Stock Options. Every vested stock option under this Plan may be redeemable by Transcat at any time. The purchase price for any stock option redeemed by the Company shall be the Fair Market Value of the Common Stock underlying such stock option, less the exercise price of such stock option. The purchase price, less any amount of federal or state taxes attributable to the redemption that Transcat deems it necessary or advisable to pay or withhold, shall be paid in cash.

ARTICLE 8

STOCK AWARDS

Section 8.1 Grants. Awards may be granted in the form of Stock Awards. Stock Awards shall be awarded in such numbers and at such times during the term of the Plan as the Committee shall determine.

Section 8.2 Award Restrictions. Stock Awards shall be subject to such terms, conditions, restrictions, and/or limitations, if any, as the Committee deems appropriate including, but not by way of limitation, restrictions on transferability and continued employment, provided such terms, conditions, restrictions, and/or limitations are not inconsistent with the Plan. The Committee may modify or accelerate the delivery of a Stock Award under such circumstances as it deems appropriate.

Section 8.3 *Vesting*. At the discretion of the Committee, unless otherwise provided in an Award Notice, the restrictions, if any, on a Stock Award shall expire pro rata with respect to one-third of the shares subject to such Stock Award on the first, second and third anniversaries of the Effective Date of such Stock Award.

Section 8.4 *Rights as Shareholders*. During the period in which any restricted shares of Common Stock are subject to any restrictions imposed under Section 8.2, the Committee may, in its sole discretion, grant to the

D-8

Participant to whom such restricted shares have been awarded all or any of the rights of a shareholder with respect to such shares, including, but not by way of limitation, the right to vote such shares and, pursuant to ARTICLE 12, the right to receive dividends.

Section 8.5 *Evidence of Award.* Any Stock Award granted under the Plan may be evidenced in such manner as the Committee deems appropriate, including, without limitation, book-entry registration or issuance of a stock certificate or certificates.

ARTICLE 9

PERFORMANCE AWARDS

Section 9.1 *Purpose.* For purposes of grants issued to Covered Employees, the provisions of this ARTICLE 9 shall apply in addition to and, where necessary, in lieu of the provisions of ARTICLE 8. The purpose of this Article is to provide the Committee the ability to qualify the Stock Awards authorized under ARTICLE 8, the performance units under Section 9.5, and the performance shares under Section 9.6 as performance-based compensation under Section 162(m) of the Code. The provisions of this ARTICLE 9 shall control over any contrary provision contained in ARTICLE 8.

Section 9.2 *Eligibility.* Only Covered Employees shall be eligible to receive Performance Awards. The Committee will, in its sole discretion, designate within the first 90 days of a Performance Period (or, if longer, within the maximum period allowed under Section 162(m) of the Code) which Covered Employees will be Participants for such period. However, designation of a Covered Employee as a Participant for a Performance Period shall not in any manner entitle the Participant to receive an Award for the period. The determination as to whether or not such Participant becomes entitled to an Award for such Performance Period shall be decided solely in accordance with the provisions of this ARTICLE 9. Moreover, designation of a Covered Employee as a Participant for a particular Performance Period shall not require designation of such Covered Employee as a Participant in any subsequent Performance Period and designation of one Covered Employee as a Participant shall not require designation of any other Covered Employee as a Participant in such period or in any other period.

Section 9.3 *Discretion of Committee with Respect to Performance Awards.* With regards to a particular Performance Period, the Committee shall have full discretion to select the length of such Performance Period, the type(s) of Performance Awards to be issued, the Performance Criteria that will be used to establish the Performance Goal(s), the kind(s) and/or level(s) of the Performance Goal(s), whether the Performance Goal(s) is(are) to apply to the Company or any one or more subunits thereof, and the Performance Formula. Within the first 90 days of a Performance Period (or, if longer, within the maximum period allowed under Section 162(m) of the Code), the Committee shall, with regards to the Performance Awards to be issued for such Performance Period, exercise its discretion with respect to each of the matters enumerated in the immediately preceding sentence of this Section 9.3 and record the same in writing.

Section 9.4 *Payment of Performance Awards.*

(a) *Condition to Receipt of Performance Award.* Unless otherwise provided in the relevant Award Notice, a Participant must be employed by the Company on the last day of a Performance Period to be eligible for a Performance Award for such Performance Period.

(b) *Limitation.* A Participant shall be eligible to receive a Performance Award for a Performance Period only to the extent that: (1) the Performance Goals for such period are achieved; and (2) and the Performance Formula as applied against such Performance Goals determines that all or some portion of such Participant's Performance Award has been

earned for the Performance Period.

(c) *Certification.* Following the completion of a Performance Period, the Committee shall meet to review and certify in writing whether, and to what extent, the Performance Goals for the Performance Period have been achieved and, if so, to also calculate and certify in writing the amount of the Performance Awards earned for the period based upon the Performance Formula. The Committee shall then determine the actual size of each Participant's Performance Award for the Performance Period and, in so doing, shall apply Negative Discretion, if and when it deems appropriate.

D-9

Table of Contents

(d) *Negative Discretion.* In determining the actual size of an individual Performance Award for a Performance Period, the Committee may reduce or eliminate the amount of the Performance Award earned under the Performance Formula for the Performance Period through the use of Negative Discretion, if in its sole judgment, such reduction or elimination is appropriate.

(e) *Timing of Award Payments.* The Awards granted for a Performance Period shall be paid to Participants as soon as administratively practicable following completion of the certifications required by Section 9.4(c).

Section 9.5 *Performance Units.*

(a) *Grants.* Performance Awards may be granted in the form of performance units. Performance units, as that term is used in this Plan, shall refer to Units valued by reference to designated criteria established by the Committee, other than Common Stock.

(b) *Performance Criteria.* Performance units shall be contingent on the attainment during a Performance Period of certain Performance Goals. The length of the Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such objectives have been attained shall be conclusively determined by the Committee in the exercise of its absolute discretion. Performance objectives may be revised by the Committee, at such times as it deems appropriate during the Performance Period, in order to take into consideration any unforeseen events or changes in circumstances.

(c) *Additional Terms and Conditions.* The Committee may, by way of the Award Notice or otherwise, determine such other terms, conditions, restrictions, and/or limitations, if any, of any Award of performance units, provided they are not inconsistent with the Plan.

Section 9.6 *Performance Shares.*

(a) *Grants.* Performance Awards may be granted in the form of performance shares. Performance shares, as that term is used in this Plan, shall refer to shares of Common Stock or Units that are expressed in terms of Common Stock.

(b) *Performance Criteria.* Performance shares shall be contingent upon the attainment during a Performance Period of certain Performance Goals. The length of the Performance Period, the Performance Goals to be achieved during the Performance Period, and the measure of whether and to what degree such objectives have been attained shall be conclusively determined by the Committee in the exercise of its absolute discretion. Performance objectives may be revised by the Committee, at such times as it deems appropriate during the Performance Period, in order to take into consideration any unforeseen events or changes in circumstances.

(c) *Additional Terms and Conditions.* The Committee may, by way of the Award Notice or otherwise, determine such other terms, conditions, restrictions and/or limitations, if any, of any Award of performance shares, provided they are not inconsistent with the Plan.

ARTICLE 10

EFFECT OF CERTAIN EVENTS

Section 10.1 *Stock Options.*

(a) *Committee Rules.* The Committee shall have the authority to promulgate rules and regulations to determine the treatment of a Participant's stock options issued under the Plan in the event of such Participant's death, Disability,

Retirement, termination for an Approved Reason and other termination.

(b) *Death*. Unless otherwise provided in an Award Notice, upon a Participant's death, any stock option may be exercised in whole or in part within one year after the date of the Participant's death and then only: (a) by the beneficiary designated by the Participant in a writing submitted to the Company prior to the Participant's death, or in the absence of same, by the Participant's estate or by or on behalf of such person or persons to whom the Participant's rights pass under his or her will or the laws of descent and distribution, (b) to the extent that the Participant would have been entitled to exercise the stock option at the date of his or her death and subject to all of

D-10

the conditions on exercise imposed by the Plan and the Award Notice, and (c) prior to the expiration of the term of the stock option.

(c) *Disability.* Unless otherwise provided in an Award Notice, upon a Participant's Disability, any stock option may be exercised in whole or in part within one year after the date of the Participant's Disability and then only to the extent that the Participant would have been entitled to exercise the stock option at the date of his or her Disability, subject to all of the conditions on exercise imposed by the Plan and the Award Notice and prior to the expiration of the term of the stock option.

(d) *Retirement or Termination for an Approved Reason.* Unless otherwise provided in an Award Notice, upon a Participant's Retirement or termination for an Approved Reason, any stock option may be exercised in whole or in part thereafter only to the extent that the Participant would have been entitled to exercise the stock option at the date of his or her Retirement or termination for an Approved Reason, and subject to all of the conditions on exercise imposed by the Plan and the Award Notice and prior to the expiration of the term of the stock option.

(e) *Other Termination.* If a Participant's employment with the Company terminates for a reason other than death, Disability, Retirement, or an Approved Reason, and unless otherwise provided in an Award Notice, any stock option may be exercised in whole or in part within 90 days after the date of termination of employment and then only to the extent such stock option is vested and exercisable at the time of the termination of employment, and subject to all of the conditions on exercise imposed by the Plan and the Award Notice and prior to the expiration of the term of the stock option.

(f) *Acceleration and Extension.* Notwithstanding this Section or the terms of an Award Notice, the Committee may: (i) accelerate the vesting and exercisability of a stock option in order to allow its exercise by the estate or beneficiary of a deceased Participant or by the disabled, retired or terminated Participant; and (ii) extend the period for exercise of a stock option, provided such extension does not exceed the term of such stock option.

Section 10.2 *Other Awards.* The Committee shall have the authority to promulgate rules and regulations to determine the treatment of the other Awards of a Participant under the Plan in the event of such Participant's death, Disability, Retirement, or termination from the Company.

Section 10.3 *Change In Control.*

(a) *Background.* Notwithstanding any provision contained in the Plan, including, but not limited to, Section 4.4, the provisions of this Section 10.3 shall control over any contrary provision.

(b) *Change In Control.* Upon a Change In Control: (i) the terms of this Section 10.3 shall immediately become operative, without further action or consent by any person or entity; (ii) all terms, conditions, restrictions, and limitations in effect on any unexercised, unearned, unpaid, and/or deferred Award, or any other outstanding Award, shall immediately lapse as of the date of such event; (iii) no other terms, conditions, restrictions and/or limitations shall be imposed upon any Awards on or after such date, and in no circumstance shall an Award be forfeited on or after such date; and (iv) except in those instances where a prorated Award is required to be paid under this Section 10.3, all unexercised, unvested, unearned, and/or unpaid Awards or any other outstanding Awards shall automatically become 100 percent vested immediately. The Committee shall determine the appropriate method and time for the conversion, payment or exercise of such Awards after a Change In Control.

(c) *Dividends and Dividend Equivalents.* Upon a Change In Control, all unpaid dividends and dividend equivalents and all interest accrued thereon, if any, shall be treated and paid under this Section 10.3 in the identical manner and time as the Award under which such dividends or dividend equivalents have been credited. For example, if an Award

under this Section 10.3 is to be paid in a prorated fashion, all unpaid dividends and dividend equivalents with respect to such Award shall be paid according to the same formula used to determine the amount of such prorated Award.

(d) *Treatment of Performance Units and Performance Shares.* If a Change In Control occurs during the term of one or more Performance Periods for which the Committee has granted performance units and/or performance shares, the term of each such Performance Period (hereinafter a "current performance period") shall immediately terminate upon the occurrence of such event. Upon a Change In Control, for each "current performance period" and each completed performance period for which the Committee has not on or before such date made a determination

as to whether and to what degree the performance objectives for such period have been attained (hereinafter a completed performance period), it shall be assumed that the performance objectives have been attained at a level of 100 percent or the equivalent thereof. A Participant in one or more current performance periods shall be considered to have earned and, therefore, be entitled to receive, a prorated portion of the Awards previously granted to him for each such current performance period. Such prorated portion shall be determined by multiplying the number of performance shares or performance units, as the case may be, granted to the Participant by a fraction, the numerator of which is the total number of whole months that have elapsed since the beginning of the current performance period, and the denominator of which is the total number of full months in such current performance period. For purposes of this calculation, a partial month shall be treated as a full month to the extent 15 or more days in such month have elapsed. A Participant in one or more completed performance periods shall be considered to have earned and, therefore, be entitled to receive all the performance shares or performance units, as the case may be, previously granted to him during each such completed performance period.

(e) *Valuation of Awards.* Upon a Change In Control, all outstanding Units of Common Stock, stock options (including incentive stock options), Stock Awards (including those issued as Performance Awards under ARTICLE 9), performance shares (including those earned as a result of the application of Section 10.3(d) above), and all other outstanding stock-based Awards (including those granted by the Committee pursuant to its authority under Section 4.2(n) hereof), shall be valued on the basis of the Change In Control Price.

(f) *Deferred Awards.* Upon a Change In Control, all Awards deferred by a Participant under ARTICLE 13 hereof, but for which he or she has not received payment as of such date, shall be paid as soon as practicable, but in no event later than 90 days after the Change In Ownership or the event giving rise to rights under this Section 10.3. For purposes of making such payment, the value of all Awards that are stock based shall be determined by the Change In Control Price.

(g) *Limitation on Acceleration and Payment.* The acceleration or payment of Awards under this Section 10.3 could, in certain circumstances, subject a Participant to the excise tax provided under Section 4999 of the Code. It is the object of this Section 10.3(g) to see that each Participant retains in full the benefits of the Plan and to provide for the maximum after-tax income to each Participant. Accordingly, the Participant must determine, before any payments are made on Awards pursuant to this Section 10.3, which of the following two alternative forms of acceleration will maximize the Participant's after-tax proceeds, and must notify the Company in writing of his or her determination:

(i) *Full Vesting.* Payment in full of all Awards pursuant to this Section 10.3.

(ii) *Limited Vesting.* Payment of only a part of the Participant's Awards so that the Participant receives the largest payment possible without causing an excise tax to be payable by the Participant under Section 4999 of the Code.

The Participant's Awards shall be paid only to the extent permitted under the alternative determined by the Participant to maximize his or her after-tax proceeds, and the Participant shall have no rights to any greater payments on his or her Awards. The determination of whether Limited Vesting is required and the application of the rules in this Section 10.3(g) shall initially be made by the Participant and all such determinations shall be conclusive and binding on the Company unless the Company proves that they are clearly erroneous. In the latter event, such determinations shall be made by the Company.

ARTICLE 11

PAYMENT OF AWARDS

Section 11.1 *Payment*. Absent a Plan provision to the contrary, payment of Awards may, at the discretion of the Committee, be made in cash, Common Stock, a combination of cash and Common Stock, or any other form of property as the Committee shall determine. In addition, payment of Awards may include such terms, conditions, restrictions and/or limitations, if any, as the Committee deems appropriate, including, in the case of Awards paid in the form of Common Stock, restrictions on transfer and forfeiture provisions, provided such terms, conditions,

D-12

restrictions and/or limitations are not inconsistent with the Plan. Further, payment of Awards may be made in the form of a lump sum or installments, as determined by the Committee.

Section 11.2 *Withholding Taxes*. The Company shall be entitled to deduct from any payment under the Plan, regardless of the form of such payment, the amount of all applicable income and employment taxes required by law to be withheld with respect to such payment or may require the Participant to pay to it such tax prior to and as a condition of the making of such payment. In accordance with any applicable administrative guidelines it establishes, the Committee may allow a Participant to pay the amount of taxes required by law to be withheld from an Award by withholding from any payment of Common Stock due as a result of such Award, or by permitting the Participant to deliver to the Company, shares of Common Stock having a Fair Market Value, as determined by the Committee, equal to the minimum amount of such required withholding taxes.

ARTICLE 12

DIVIDEND AND DIVIDEND EQUIVALENTS

If an Award is granted in the form of a stock option, Stock Award or performance share, or in the form of any other stock-based grant, the Committee may choose, at the time of the grant of the Award or any time thereafter up to the time of the Award's payment, to include as part of such Award an entitlement to receive dividends or dividend equivalents, subject to such terms, conditions, restrictions and/or limitations, if any, as the Committee may establish. Dividends and dividend equivalents shall be paid in such form and manner (i.e., lump sum or installments), and at such time(s) as the Committee shall determine. All dividends or dividend equivalents which are not paid currently may, at the Committee's discretion, accrue interest, be reinvested into additional shares of Common Stock or, in the case of dividends or dividend equivalents credited in connection with Stock Awards or performance shares, be credited as additional Stock Awards or performance shares and paid to the Participant if and when, and to the extent that, payment is made pursuant to such Award. The total number of shares available for grant under Section 6.1 shall not be reduced to reflect any dividends or dividend equivalents that are reinvested into additional shares of Common Stock or credited as additional Stock Awards or performance shares.

ARTICLE 13

DEFERRAL OF AWARDS

At the discretion of the Committee, payment of any Award, dividend, or dividend equivalent, or any portion thereof, may be deferred by a Participant until such time as the Committee may establish. All such deferrals shall be accomplished by the delivery of a written, irrevocable election by the Participant prior to the time established by the Committee for such purpose, on a form provided by the Company. Further, all deferrals shall be made in accordance with administrative guidelines established by the Committee to ensure that such deferrals comply with all applicable requirements of the Code. Deferred payments shall be paid in a lump sum or installments, as determined by the Committee. Deferred Awards may also be credited with interest, at such rates to be determined by the Committee, and, with respect to those deferred Awards denominated in the form of Common Stock, with dividends or dividend equivalents.

ARTICLE 14

MISCELLANEOUS

Section 14.1 *Nonassignability*. Except as otherwise determined by the Committee or as otherwise provided in an Award Notice, no Awards or any other payment under the Plan shall be subject in any manner to alienation,

anticipation, sale, transfer (except by will or the laws of descent and distribution), assignment, pledge, or encumbrance, nor shall any Award be payable to or exercisable by anyone other than the Participant to whom it was granted.

Section 14.2 *Amendments to Awards*. The Committee may at any time unilaterally amend any unexercised, unearned, or unpaid Award, including, but not by way of limitation, Awards earned but not yet paid, to the extent it

deems appropriate, provided that any such amendment which, in the opinion of the Committee, is adverse to the Participant shall require the Participant's consent.

Section 14.3 *Regulatory Approvals and Listings.* Notwithstanding anything contained in this Plan to the contrary, the Company shall have no obligation to issue or deliver certificates of Common Stock evidencing Stock Awards or any other Award resulting in the payment of Common Stock prior to (i) the obtaining of any approval from any governmental agency which the Company shall, in its sole discretion, determine to be necessary or advisable, (ii) the admission of such shares to listing on the stock exchange on which the Common Stock may be listed, and (iii) the completion of any registration or other qualification of said shares under any state or federal law or ruling of any governmental body which the Company shall, in its sole discretion, determine to be necessary or advisable.

Section 14.4 *No Right to Continued Employment or Grants.* Participation in the Plan shall not give any Employee any right to remain in the employ of the Company. The Company reserves the right to terminate any Employee at any time. Further, the adoption of this Plan shall not be deemed to give any Employee or any other individual any right to be selected as a Participant or to be granted an Award. In addition, no Employee having been selected for an Award, shall have at any time the right to receive any additional Awards.

Section 14.5 *Amendment/Termination.* The Committee may suspend or terminate the Plan at any time for any reason with or without prior notice. In addition, the Committee may, from time to time for any reason and with or without prior notice, amend the Plan in any manner, but may not without shareholder approval adopt any amendment which would increase the number of shares available under the Plan, or which would require the vote of the shareholders of Transcat pursuant to Section 162(m) of the Code, but only insofar as such amendment affects Covered Employees, or if such approval is necessary or deemed advisable with respect to tax, securities, or other applicable laws, policies, or regulations. Notwithstanding the foregoing and subject to Section 7.7, the Committee may not revoke, remove or reduce any vested right of a Participant without the prior written consent of such Participant.

Section 14.6 *Governing Law.* The Plan shall be governed by and construed in accordance with the laws of the State of New York, except as superseded by applicable federal law, without giving effect to its conflicts of law provisions.

Section 14.7 *No Right, Title, or Interest in Company Assets.* No Participant shall have any rights as a shareholder as a result of participation in the Plan until the date of issuance of a stock certificate in his or her name, and, in the case of restricted shares of Common Stock, such rights are granted to the Participant under the Plan. To the extent any person acquires a right to receive payments from the Company under the Plan, such rights shall be no greater than the rights of an unsecured creditor of the Company and the Participant shall not have any rights in or against any specific assets of the Company. All of the Awards granted under the Plan shall be unfunded.

Section 14.8 *Section 16 of the Exchange Act.* In order to avoid any Exchange Act violations, the Committee may, from time to time, impose additional restrictions upon an Award, including but not limited to, restrictions regarding tax withholdings and restrictions regarding the Participant's ability to exercise Awards under the a broker-assisted stock option exercise program of the Company, if any.

Section 14.9 *No Guarantee of Tax Consequences.* No person connected with the Plan in any capacity, including, but not limited to, the Company and its directors, officers, agents and employees, makes any representation, commitment, or guarantee that any tax treatment, including, but not limited to, federal, state and local income, estate and gift tax treatment, will be applicable with respect to the tax treatment of any Award, any amounts deferred under the Plan, or paid to or for the benefit of a Participant under the Plan, or that such tax treatment will apply to or be available to a Participant on account of participation in the Plan.
