REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

PICO Holdings, Inc. Employees 401(k)

Retirement Plan and Trust

Columbus, Ohio

We have audited the accompanying statements of net assets available for benefits of PICO Holdings, Inc. Employees 401(k) Retirement Plan and Trust (the Plan) as of December 31, 2006 and 2005, and the related statement of changes in net assets available for benefits for the year ended December 31, 2006 and the three-month period ended December 31, 2005. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting.

Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2006 and 2005, and the changes in net assets available for benefits for the year ended December 31, 2006 and the three-month period ended December 31, 2005, in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 2 to the financial statements, in 2006 the Plan changed its method of accounting for common collective trust funds to conform to Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1 and, retrospectively, adjusted the 2005 financial statements for the change.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2006, is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan s management. Such supplemental schedule has been subjected to the auditing procedures applied in our audit of the basic 2006 financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic 2006 financial statements taken as a whole.

1. DESCRIPTION OF PLAN

The following description of the PICO Holdings, Inc. Employees 401(k) Retirement Plan and Trust (the Plan) provides only general information. Participants should refer to the Plan document for a more complete description of the Plan s provisions.

General The Plan is a defined contribution 401(k) profit-sharing plan covering eligible employees as defined in the Plan Agreement of PICO Holdings, Inc. (the Plan Sponsor). The Plan was adopted to provide retirement benefits to employees of the Plan Sponsor. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA) and has been determined to be qualified for tax-exempt status by the Internal Revenue Service (IRS).

Effective October 1, 2005, the Plan year was changed from September 30 to December 31.

Contributions Each year, participants may contribute up to the maximum allowed by law of pretax annual compensation, as defined in the Plan, currently \$15,000. The Plan Sponsor matches up to 5% of the elective deferral of base compensation that a participant contributes to the Plan. The Plan Sponsor s matching contribution does not begin until the first day of the quarter after an employee completes one year of service. Additional amounts which represent profit sharing, as defined in the Plan, may be contributed at the option of the Plan Sponsor s board of directors.

Participant Accounts Each participant s account is credited with the participant s contributions, employer matching contributions, earnings as applicable, and allocations of (a) the Plan Sponsor s discretionary profit-sharing contributions and (b) Plan earnings, and debited for withdrawals as applicable. Forfeited balances of terminated participants nonvested accounts are used to first reinstate previously forfeited account balances of reemployed participants, and any remainder will be used to reduce the Plan Sponsor s discretionary profit sharing contribution for the current or subsequent Plan year in which the forfeiture occurs. Forfeitures of \$14,980 and \$15,522 for year ended December 31, 2006 and three-month period ended December 31, 2005, respectively, were used to reduce the Plan Sponsor s discretionary profit-sharing contribution.

Vesting Participants are immediately vested in their contributions, the employer matching contributions, plus earnings thereon. Vesting in the Plan Sponsor s discretionary profit-sharing contribution portion of their accounts plus actual earnings thereon is based on years of credited service in accordance with the following schedule:

Years of Service	Percentage
Less than three	0%
3	20
4	40
5	60
6	80
7 or more	100

Effective January 1, 2007, the vesting schedule for the Plan was amended, allowing participants to become partially vested after two years of service and fully vested after six years of service.

Investment Options Upon enrollment in the Plan, a participant may direct 100% of elective deferrals, employer matching contributions, and discretionary profit-sharing amounts. A participant chooses from a number of different mutual fund options. In addition, participants are able to invest in the stock of the Plan Sponsor.

Loans to Participants Loans to participants are not permitted under the Plan.

Payment of Benefits Upon termination of service, a participant may elect to receive either a lump-sum amount equal to the value of the participant's vested interest in his or her account or annual installments. If the value of the participant's account is \$5,000 or less, the Trustee shall distribute the entire vested account to the participant. No such amounts were payable at December 31, 2006 and 2005.

Plan Termination While the Plan Sponsor has not expressed any intent to discontinue the Plan or its contributions thereto, it has the right to do so at any time, subject to the provisions of ERISA. In the event of partial or total termination of the Plan, participants' account balances become fully vested and the disposition of the net assets must be made for the benefit of the participants or their beneficiaries (see Note 6).

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation The accounting records of the Plan are maintained on the accrual basis. Purchases and sales of securities are recorded on the trade date. Interest income is recorded as earned and dividend income is recorded on the ex-dividend date.

Investment Valuation Investments in mutual funds and PICO Holdings, Inc. common stock fund are valued at quoted market prices. Common collective trust funds are stated at fair value as determined by the issuer of the common/collective trust funds based on the fair market value of the underlying investments. Common collective trust funds with underlying investments in investment contracts are valued at fair market value of the underlying investments and then adjusted by the issuer to contract value.

The MCM Stable Asset Fund is a stable value fund that is a commingled pool of the Union Bond & Trust Company. The fund may invest in fixed interest insurance investment contracts, money market funds, corporate and government bonds, mortgage-backed securities, bond funds, and other fixed income securities. Participants may ordinarily direct the withdrawal or transfer of all or a portion of their investment at contract value. Contract value represents contributions made to the fund, plus earnings, less participant withdrawals.

Administrative Expenses The Plan's expenses are paid by the Plan Sponsor.

Use of Estimates The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of net assets and the changes in net assets during the reporting period and disclosure of contingent assets at the date of the financial statements. Actual results could differ from those estimates.

Investment Risk The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the financial statements.

Adoption of New Accounting Guidance The financial statements reflect the retroactive adoption of Financial Accounting Standards Board Staff Position, FSP AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit-Responsive Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-Contribution Health and Welfare and Pension Plans* (the FSP). As required by the FSP, the statements of net assets available for benefits presents investment contracts at fair value as well as an additional line item showing an adjustment of fully benefit contracts from fair value to contract value. The statement of changes in net assets available for benefit is presented on a contract value basis and was not affected by the adoption of the FSP. The adoption of the FSP did not impact the amount of net assets available for benefits at December 31, 2005.

3. TAX STATUS

The IRS has determined and informed the Company, by a letter dated September 17, 2003, that the Plan and related trust are designed in accordance with applicable sections of the Internal Revenue Code (IRC). The Plan has been amended since the latest determination letter. However, the Plan administrator believes the Plan, as currently designed, is in compliance and is being operated within the applicable requirements of the IRC.
