**Report of Independent Registered Public Accounting Firm**

To the Participants and Administrator of the  
Ameren Corporation Savings Investment Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the Ameren Corporation Savings Investment Plan (the "Plan") at December 31, 2006 and 2005, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

The schedule of assets (held at end of year) that accompanies the Plan's financial statements does not disclose the historical cost of certain nonparticipant-directed Plan assets held by the Plan's trustee. Disclosure of this information is required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974.

**Ameren Corporation  
Savings Investment Plan  
Notes to Financial Statements  
December 31, 2006 and 2005**

---

**1. Description of the Plan**

**General**

The following is a brief summary of the various provisions of the Ameren Corporation Savings Investment Plan (the "Plan"). Participants should refer to the Plan document for more complete information.

The Plan's purpose is to provide certain management and contract employees (the "Participants") of Ameren Corporation (the "Company") and its wholly owned subsidiaries the option to defer a portion of their annual base compensation for federal income tax purposes in accordance with Section 401(k) of the Internal Revenue Code (the "Code"). The Plan is subject to certain provisions of ERISA, as amended, and regulations of the Securities and Exchange Commission.

The Company serves as sponsor of the Plan, and, consequently, has the authority to amend or terminate the Plan subject to certain restrictions. The Board of Directors of the Company has the authority and responsibility for the general administration of the Plan. The Northern Trust Company, as Trustee, has the authority and responsibility to hold and protect the assets of the Plan in accordance with Plan provisions and with the Ameren Corporation Savings Investment Master Trust Agreement.

Effective March 16, 2005, the Plan was amended to merge the assets of the Ameren Corporation Employee Long-Term Savings Plan – IUOE No. 148 into the Plan. The assets transferred into the Plan consisted of 222,879 shares of Ameren common stock, with a fair market value as of the date of the transfer of \$11,400,786. In addition, cash of \$17,049,648 and loan balances of \$812,572 were transferred into the Plan.

**Participation**

The Plan covers substantially all employees of the Company, except contract employees covered by a collective bargaining agreement between Central Illinois Public Service Company ("AmerenCIPS") Local 148 IUOE and the Company, prior to March 16, 2005, and contract employees covered by a collective bargaining agreement between AmerenCIPS Local 702 IBEW and the Company. All regular full time employees are eligible to participate upon employment.

**Contributions**

All Participants can contribute a maximum of 100 percent of their base compensation to the Plan. Participant contributions are subject to annual limitations imposed by the Code (\$15,000 in 2006 and \$14,000 in 2005). The Company will make an Employer Basic Matching Contribution plus an Employer Additional Matching Contribution in an amount equal to a percent of the amount each Participant contributes to the Plan, up to a certain maximum percentage of the Participant's compensation that he or she elects to contribute to the Plan each year. The amount of Company matching contribution depends on the Participant's employment classification and for contract employees is determined by the collective bargaining agreement with the specific union representing the Participants. Through October 5, 2006, the Employer Additional Matching Contributions were invested in the Ameren Common Stock Fund, with the amounts remaining invested in the Ameren Common Stock Fund until Participants reached age 55. At age 55, Participants had the opportunity to allocate these contributions to different investments if so desired. Beginning October 6, 2006, the Employer Additional Matching Contributions continue to

**Ameren Corporation**

**December 31, 2006 and 2005**

---

be invested in the Ameren Common Stock Fund, but participants have the opportunity to immediately allocate these contributions to different investments if so desired. All Company contributions are made to the extent sufficient earnings are available, as described in the Plan document.

The Plan permits “catch-up” contributions for all employees age 50 and older. Eligible employees could contribute \$5,000 in 2006 and \$4,000 in 2005 as a “catch-up” contribution. The Company does not match “catch-up” contributions.

Participants direct their contributions and the Employer Basic Matching Contributions by electing that such contributions be placed in a single investment fund or allocated in increments of one percent to any combination of investment funds, excluding the AES Common Stock Fund. Such fund allocation elections may be changed daily. Investments in the AES Common Stock Fund can be reallocated at any time, but no new investments can be allocated to this fund. Earnings derived from the assets of any investment fund are reinvested in the fund to which they relate. Participants may elect daily to reallocate, by actual dollar or percentage in one percent increments, the value of their accounts between funds. Pending investment of the assets into any investment fund, the Trustee may temporarily make certain short-term investments.

**Participant Loans**

The Plan permits Participants to borrow from their accounts within the Plan. Such borrowings may be made subject to the following: (1) the minimum amount of the loan is \$1,000, (2) the amount of the loan may not exceed the lesser of \$50,000 or fifty percent of the vested amount in the Participant's account, (3) the loan will bear a fixed interest rate and repayments will be made through mutual agreement subject to certain statutory repayment time limits, (4) each loan shall bear a reasonable interest rate as determined under policies established for the Plan and (5) such other rules and regulations as may be adopted by the Company. At December 31, 2006 and 2005, the interest rates on participant loans ranged from 4.00 percent to 10.50 percent.

**Vesting**

The amounts in Participants' accounts, including Company contributions, are fully vested at all times.

**Payment of Benefits**

The total amount of a Participant's account shall be distributed to the Participant according to one of the options as described in the Plan document and as elected by the Participant. A Participant whose account balance is \$1,000 (lowered from \$5,000 effective March 28, 2005) or greater may defer distribution until December 31 of the year they attain age 70 1/2 but no later than April 1 of the year following the Participant's attaining age 70 1/2. If the balance of the account is less than \$1,000 (lowered from \$5,000 effective March 28, 2005), the distribution shall be made in a lump sum within ninety days of his or her termination of employment, provided he or she is not an employee on such date. All distributions shall be in the form of cash except that Participants may elect to have his or her interest in the Ameren Common Stock Fund or the AES Common Stock Fund, if applicable, distributed in shares of Ameren or AES common stock, respectively. Participants may withdraw certain basic contributions, rollover contributions and related earnings thereon upon reaching age 59 1/2, in the event of total disability or financial hardship as defined by the Plan or the Code. For purposes of distributions, the Participant's account value will be

---

determined as of the last business day coincident with or immediately preceding the day of distribution. Contributions to the Plan and investment income thereon are taxable to Participants upon distribution pursuant to the rules provided for under the Plan and the Code.

The Plan also allows, at the discretion of the Company, participants of the former Union Electric Company Employee Stock Ownership Plan and the former Ameren Corporation Employee Stock Ownership Plan for Certain Employees of AmerenCIPS, to receive distributions prior to termination of employment of (a) all or a portion of a Participant's account balance acquired at least 84 months prior to a distribution and (b) any portion of a Participant's account balance acquired by dividends or other income. Any such distributions would be subject to tax withholding and potentially a 10 percent early withdrawal penalty similar to any other early Plan distribution unless the distribution is rolled over to an individual retirement account or other qualified plan.

**Plan Transfers In**

For 2006, Plan transfers in represent Participants' account balances which have been transferred into the Plan from the Ameren Corporation Employee Long-Term Savings Plan – IBEW No. 702. For 2005, Plan transfers in represent Participants' account balances which have been transferred into the Plan from either the Ameren Corporation Employee Long-Term Savings Plan – IUOE No. 148 or the Ameren Corporation Employee Long-Term Savings Plan – IBEW No. 702. The 2006 Plan transfers in were due to participants transferring from a collective bargaining unit to a management position or other non-IBEW No. 702 collective bargaining unit. The 2005 Plan transfers in were due to a plan merger and to participants transferring from a collective bargaining unit to a management position or other non-IBEW No. 702 collective bargaining unit.

**Plan Termination**

The Company intends to continue the Plan indefinitely. However, the Company may at any time and for any reason, subject to ERISA and Internal Revenue Service regulations, suspend or terminate the Plan provided that such action does not retroactively adversely affect the rights of any Participant under the Plan.

**2. Summary of Significant Accounting Policies**

**Basis of Accounting**

The accompanying financial statements of the Plan are prepared on the accrual basis of accounting, except that benefit payments to Participants are recorded upon distribution.

**Use of Estimates**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of changes in net assets available for benefits during the reporting period. Actual results could differ from those estimates.

The Company adopted the provisions of Financial Accounting Standards Board Staff Position AAG INV-1 and SOP 94-4-1, *Reporting of Fully Benefit Responsive Investment Contracts Held by Certain Investment Companies Subject to the AICPA Investment Company Guide and Defined-*

**Ameren Corporation**  
**Savings Investment Plan**  
**Notes to Financial Statements**  
**December 31, 2006 and 2005**

---

*Contribution Health and Welfare and Pension Plans* (the "FSP") for the plan year ended December 31, 2006. The FSP requires investment contracts held by defined-contribution plans to be reported at fair value. Previously, the Plan had reported fully benefit responsive investment contracts at contract value which represents the amount contractually available for participant benefits under the investment contract. As required by the FSP, the Statement of Net Assets Available for Benefits presents the fair value of the investment contracts as a component of investments. The difference between the fair value of the investment contracts and the contract value is presented as the "Adjustment from fair value to contract value for fully benefit-responsive investment contracts" in the Statement of Net Assets Available for Benefits. The presentation of investment contracts at fair value was retroactively applied to the Statement of Net Assets Available for Benefits for the plan year ended December 31, 2005 and resulted in the reclassification of \$1,468,041 from "Investments" to "Adjustment from fair value to contract value for fully benefit-responsive investment contracts." The adoption of the FSP did not impact the Statement of Changes in Net Assets Available for Benefits.

**Investments**

All investments are presented at fair value as of December 31, 2006 and 2005. The fair value of the Ameren Common Stock Fund and the AES Common Stock Fund were determined using year-end published market prices. Investments in mutual funds are valued at published net asset market value including accrued income on the last business day of each year. Investments in the Northern Trust Company Collective Short-Term Investment Fund are valued at cost plus accrued income, which approximates fair value. Investments in the Northern Trust Company Collective Stable Asset Fund are presented at fair value and adjusted to contract value to represent benefits available to Plan participants. Participant loans are valued at cost, which approximates fair value.

Investment securities are exposed to various risks, such as interest rate, market and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

**Income**

Interest income is recorded on the accrual basis. Dividend income is recorded on the ex-dividend date. Gains and losses on security transactions are recorded on the trade date.

**Administrative Expenses**

Trustee fees and other fees associated with administering the Plan are paid by the Plan.

**Recent Accounting Pronouncements**

In September 2006, the FASB issued Statement of Financial Accounting Standards No. 157, *Fair Value Measurements* ("SFAS 157"), which defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. SFAS 157 clarifies that fair value is a market based measurement that should be determined based on the assumption that market participants would use in pricing an asset or liability. This standard is effective for the Plan for the 2008 fiscal year. The Plan administrators are still in the process of determining the impact of the adoption of SFAS 157 will have, if any; however, at this time we do not expect the impact of adoption to be material.

Deemed distributions of participant loans per the Form 5500	\$ 306,234	\$ -

Deemed distributions of participant loans are recorded on the Form 5500 for participant loans that were deemed distributed under provisions of the Code during the plan year.

#### **7. Federal Income Tax Status**

The Company obtained its latest determination letter July 31, 2001, in which the Internal Revenue Service stated that the Plan was in compliance with the applicable requirements of the Code. The Plan has been amended since receiving the determination letter. Effective January 31, 2007, the Company has filed for re-qualification of the Plan with the Internal Revenue Service.

However, the Company believes that the Plan currently is designed and being operated in compliance with the applicable requirements of the Code and, therefore, the Plan continues to qualify under Section 401(a) and the related trust continues to be tax-exempt as of December 31, 2006. Therefore, no provision for income taxes has been included in the Plan's financial statements.

#### **8. Subsequent Events**

Effective January 1, 2007 the Company, in compliance with the Pension Protection Act, permitted participants of the former Union Electric Company Employee Stock Ownership Plan and the former Ameren Corporation Employee Stock Ownership Plan for Certain employees of AmerenCIPS, to diversify their shares invested in the Ameren Stock Fund to other investments in the Plan.

On February 22, 2007, the Company approved Fidelity to become the recordkeeper of the Plan, replacing Hewitt Associates effective January 1, 2008.
