Item 8.01 - Other Events

On November 25, 2014, Pacific Gas and Electric Company ("Utility"), a subsidiary of PG&E Corporation, San Diego Gas & Electric Company, Southern California Edison Company, and Southern California Gas Company (collectively, the "investor-owned utilities"), requested that the California Public Utilities Commission ("CPUC") grant a one-year extension of the due date for the investor-owned utilities to file their next cost of capital applications. Both the CPUC's Office of Ratepayer Advocates and The Utility Reform Network support this request. If granted, the Utility's next cost of capital application would be due on April 20, 2016 instead of April 20, 2015, and the current automatic adjustment mechanism would remain in place until the new filing date. (For more information about the Utility's cost of capital and the adjustment mechanism, see PG&E Corporation's and the Utility's joint Annual Report on Form 10-K for the year ended December 31, 2013.)
