PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

May 15, 2002

Solicitation and Voting of Proxies

This proxy statement is being furnished to shareholders of New York

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

Community Bancorp, Inc. (the "Company") in connection with the solicitation by the Board of Directors (the "Board of Directors" or "Board") of proxies to be used at the Annual Meeting of Shareholders (the "Annual Meeting"), to be held on May 15, 2002 and at any adjournments thereof. The 2001 Annual Report to Shareholders, including consolidated financial statements for the fiscal year ended December 31, 2001, accompanies this proxy statement, which is first being mailed to shareholders on or about April 15, 2002.

It is important that holders of a majority of the shares be represented in person or by proxy at the Annual Meeting. Regardless of the number of shares of common stock owned, shareholders are requested to vote by completing, signing, and dating the enclosed proxy card and returning it in the enclosed postage-paid envelope. Shareholders are urged to indicate their votes in the spaces provided on the proxy card. Proxies solicited by the Board of Directors of the Company will be voted in accordance with the directions given therein. Where no instructions are indicated, signed proxy cards will be voted FOR the election of the nominees for director named in this proxy statement and FOR the ratification of the other specific proposals presented therein.

Alternately, shareholders may vote their shares of Company common stock over the Internet, or by calling a specially designated telephone number. The Internet and telephone voting procedures are designed to authenticate shareholders' identities, and to allow shareholders to provide their voting instructions and confirm that said instructions have been properly recorded. Specific instructions for shareholders of record who wish to vote their proxies over the Internet or by telephone are set forth on the enclosed proxy card.

Please be aware that if you vote over the Internet, you may incur costs such as telephone and Internet access charges for which you will be responsible. The Internet and telephone voting facilities for eligible shareholders of record will close at 11:59 p.m. Eastern Time on May 14, 2002.

Other than the matters listed on the attached Notice of Annual Meeting of Shareholders, the Board of Directors knows of no other matters that will be presented for consideration at the Annual Meeting. However, execution of a proxy confers on the designated proxy holders discretionary authority to vote the shares in accordance with their best judgment on such other business, if any, that may properly come before the Annual Meeting or any adjournments thereof, including whether or not to adjourn the meeting.

1

A proxy may be revoked at any time prior to its exercise by filing a written notice of revocation with the Corporate Secretary of the Company, by delivering to the Company a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person.

The cost of the solicitation of proxies on behalf of management will be borne by the Company. In addition to the solicitation of proxies by mail, Mellon Investor Services LLC, a proxy solicitation firm, will assist the Company in soliciting proxies for the Annual Meeting and will be paid a fee of \$8,500 plus out-of-pocket expenses. Proxies may also be solicited, personally or by telephone, by directors, officers, and other employees of the Company and its subsidiary, New York Community Bank (the "Bank"), without receipt of additional compensation. The Company will also request that persons, firms, and corporations holding shares in their names, or in the names of their nominees that are beneficially owned by others, send proxy materials to, and obtain proxies from, such beneficial owners. The Company will reimburse such holders for their reasonable expenses in doing so.

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

If your Company shares are held in street name, your broker, bank, or other nominee will provide you with instructions that must be followed in order to have your shares voted. Your broker or bank may allow you to deliver your voting instructions via the Internet or by telephone. Please see the instruction form that was provided by your broker or bank with this proxy statement. If you wish to change your voting instructions after you have returned your voting instruction form, you will need to contact your broker or bank. If you wish to vote your Company shares in person at the Annual Meeting, you will need to get a written proxy in your name from the broker, bank, or other nominee who holds your shares.

Voting Securities

The securities that may be voted at the Annual Meeting consist of shares of common stock of the Company ("Common Stock"), with each share entitling its owner to one vote on all matters to be voted on at the Annual Meeting, except as described below. There is no cumulative voting for the election of directors.

The close of business on March 29, 2002 has been fixed by the Board of Directors as the record date (the "Record Date") for the determination of shareholders of record entitled to receive notice of, and to vote at, the Annual Meeting and at any adjournments thereof. The total number of shares of Common Stock outstanding on the Record Date was 102,182,204.

As provided in the Company's Certificate of Incorporation, holders of Common Stock who beneficially own in excess of 10% of the outstanding shares of Common Stock (the "Limit") are not entitled to any vote with respect to the shares held in excess of the Limit. A person or entity is deemed to beneficially own shares owned by an affiliate of, as well as by, persons acting in concert with such person or entity. The Company's Certificate of Incorporation authorizes the Board of Directors (i) to make all determinations necessary to implement and apply the Limit, including determining whether persons or entities are acting in concert, and (ii) to demand that any person who is reasonably believed to beneficially own stock in excess of the Limit supply information to the Company to enable the Board of Directors to implement and apply the Limit.

2

The presence, in person or by proxy, of the holders of record of at least a majority of the total number of shares of Common Stock entitled to vote (after subtracting any shares in excess of the Limit pursuant to the Company's Certificate of Incorporation) is necessary to constitute a quorum at the Annual Meeting. In the event that there are not sufficient votes for a quorum, or to approve or ratify any proposal at the time of the Annual Meeting, the Annual Meeting may be adjourned in order to permit the further solicitation of proxies.

As to the election of directors, the proxy card being provided by the Board of Directors enables a shareholder to vote for the election of the nominees proposed by the Board of Directors or to withhold authority to vote for one or more of the nominees being proposed. Under Delaware law and the Company's Bylaws, directors are elected by a plurality of votes cast, without regard to either (i) broker non-votes or (ii) proxies as to which authority to vote for one or more of the nominees being proposed is withheld.

As to the matters being proposed for shareholder action set forth in Proposal 2 regarding the amendment to the 1997 Stock Option Plan, and in Proposal 3 regarding the ratification of the selection of independent auditors, the proxy card being provided by the Board of Directors enables a shareholder to check the appropriate box on the proxy card to (i) vote "FOR" the item, (ii) vote "AGAINST" the item, or (iii) "ABSTAIN" from voting on such item. An

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

affirmative vote of the holders of a majority of the shares of Common Stock cast at the Annual Meeting at which a quorum is present, in person or by proxy, is required to constitute shareholder ratification of the proposal. Shares as to which the "ABSTAIN" box has been selected on the proxy card and shares underlying broker non-votes or in excess of the Limit, will not be counted as votes cast, and will have no effect on the vote on the matter presented.

Proxies solicited hereby will be returned to Registrar and Transfer Company, the Company's transfer agent, and will be tabulated by inspectors of election designated by the Board of Directors. The inspectors of election will not be employed by, or be directors of, the Company or any of its affiliates.

Security Ownership of Certain Beneficial Owners

The table on the next page sets forth information as to those persons believed by management to be beneficial owners of more than 5% of the Company's outstanding shares of Common Stock on the Record Date or as disclosed in certain reports regarding such ownership filed with the Company and with the United States Securities and Exchange Commission (the "SEC"), in accordance with Sections 13(d) and 13(g) of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), by such persons and groups. Other than those persons listed below, the Company is not aware of any person or group, as such term is defined in the Exchange Act, that owned more than 5% of the Company's Common Stock as of the Record Date.

3

Title of Class	Name and Address of Beneficial Owner	Amount and Nature of Beneficial Ownership	Percent of Class
-----	-----	-----	-----
Common Stock	New York Community Bank Employee Stock Ownership Plan ("ESOP") and Trust 615 Merrick Avenue Westbury, New York 11590	9,472,193(1)	9.27%

- (1) Donald M. Blake and Max L. Kupferberg administer the ESOP as a committee (the "ESOP Committee"). An independent corporate trustee has been appointed as the trustee for the ESOP (the "ESOP Trustee"). The ESOP Trustee must vote all allocated shares held in the ESOP in accordance with the instructions of the participants. Under the ESOP, unallocated shares will be voted by the ESOP Trustee in a manner calculated to most accurately reflect the instructions received from participants regarding the allocated stock so long as such vote is in accordance with the provisions of the Employee Retirement Income Security Act of 1974, as amended ("ERISA"). At March 29, 2002, 6,165,889 shares were allocated under the ESOP and 3,306,304 were unallocated.

PROPOSALS TO BE VOTED ON AT THE MEETING

PROPOSAL 1. ELECTION OF DIRECTORS

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

All persons standing for election as director were unanimously nominated by the Nominating Committee of the Board of Directors. No person being nominated as a director is being proposed for election pursuant to any agreement or understanding between any such person and the Company.

Pursuant to the Company's Bylaws, the number of directors of the Company is nine (9), unless otherwise designated by the Board of Directors. All directors presently serve as directors of the Company and the Bank. Directors are elected for staggered terms of three years each, with the term of office of only one of the three classes of directors expiring each year. Directors serve until their successors are elected and qualified.

The nominees proposed for election at this year's Annual Meeting are Max L. Kupferberg, Dominick Ciampa, and William C. Frederick, M.D.

In the event that any such nominee is unable to serve or declines to serve for any reason, it is intended that the proxies will be voted for the election of such other person as may be designated by the present Board of Directors. The Board of Directors has no reason to believe that any of the persons named will be unable or unwilling to serve. Unless authority to vote for the nominee is withheld, it is intended that the shares represented by the enclosed proxy card, if executed and returned, will be voted "FOR" the election of the nominees proposed by the Board of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR"

THE ELECTION OF THE NOMINEES NAMED IN THIS PROXY STATEMENT.

Information with Respect to the Nominees, Continuing Directors, and Executive Officers

The following table sets forth, as of the Record Date, the names of the nominees and of the continuing directors and named executive officers, their ages, and a brief description of their recent business experience, including present occupations and employment, directorships held by each, the year in which each became a director, and the year in which their terms (or in the case of the nominees, their proposed terms) as director of the Company expire. Meetings and Committees of the Board of Directors

The Board of Directors of the Company conducts its business through periodic meetings and through the activities of its committees. In 2001, the Board of Directors of the Company held thirteen (13) meetings. Each director of the Company attended at least 75% of the aggregate number of meetings of the Board and committees on which such director served during fiscal year 2001. The nature and composition of the committees of the Board of Directors are described below:

Audit Committee. The Audit Committee of the Company consists of Messrs. Kupferberg (Chairman), Miller, and Farrell, all of whom are outside directors. This committee meets with the Company's and the Bank's internal auditors to review the summary of internal audits of the Company's and the Bank's results. The Audit Committee met two (2) times in 2001 and on February 19, 2002.

Nominating Committee. The Company's Nominating Committee for the 2002 Annual Meeting consisted of Messrs. Blake (Chairman), Miller, Ciampa, Farrell, and Kupferberg and Dr. Frederick. Mr. Kupferberg and Dr. Frederick recused themselves from voting on their respective nominations. The committee considers and recommends the nominees for director to stand for election at the Company's Annual Meeting of Shareholders. The Company's Certificate of Incorporation and Bylaws provide for shareholder nominations of directors. These provisions require such nominations to be made pursuant to timely notice, in writing, to the Secretary of the Company. The shareholder's notice of nomination must contain all information relating to the nominee that is required to be disclosed by the Company's Bylaws and by the Securities Exchange Act of 1934. See "Additional Information - Notice of Business to Be Conducted at an Annual Meeting." The Nominating Committee met on December 11, 2001 and February 19, 2002.

Compensation Committee. The Compensation Committee of the Company consists of Messrs. Blake (Chairman), Kupferberg, and Farrell. This committee meets to establish compensation for the executive officers and to review the Company's incentive compensation programs when necessary. The Compensation Committee met four (4) times in 2001.

Directors' Compensation

Directors' Fees. Directors of the Company do not receive any fees or retainers for serving on the Company's Board of Directors. Outside directors of the Bank receive an annual retainer of \$40,000 and a fee of \$1,000 per Board meeting attended. Outside directors of the Bank also receive fees ranging from \$250 to \$450 for each committee meeting attended.

Directors' Deferred Fee Plan. The Bank maintains the 1993 Directors' Deferred Fee Stock Unit Plan (the "Directors' Deferred Fee Plan"). This plan provides an opportunity for those members of the Board of Directors of the Bank who were active in such capacity on the effective date of the Plan to defer receipt of fees otherwise currently payable to them, in exchange for the receipt (at the time they cease to serve as directors) of a benefit based on the value of the common stock of the Company, thus providing the Bank with the use of the funds for business activities. The deferral of fees under the Plan applies to all fees received by directors: regular meeting fees, special meeting fees, and committee fees.

Outside Directors' Consultation and Retirement Plan. The Bank maintains the Outside Directors' Consultation and Retirement Plan (the "Consultation Plan") to provide benefits to outside directors and to ensure their continued service and assistance in the conduct of the Bank's business. Under the Consultation Plan, a director who is not currently an officer or employee of the Bank and who has served as a director for at least ten years (with credit given for prior service as a trustee of the Bank), has attained the age of 65, and agrees to provide continuing consulting services to the Bank, will be eligible, upon retirement, to receive an annual benefit equal to the average of the director's annual retainer and meeting fees over the 36-month period preceding the director's termination date, for a period equal to the lesser of the number of months such director agrees to provide consulting services after retirement, or ten years. The Consultation Plan is unfunded.

Life Insurance Benefit for Outside Directors. The Company provides life insurance for outside directors of the Bank and the Company. The premiums paid by the Company for such insurance coverage for each outside director during 2001 amounted to \$2,607. These premiums are tax deductible by the Company, assuming certain requirements are met.

Directors' Option Plans. Directors also participate in the Company's 1993 Stock Option Plan for Outside Directors and the Company's 1997 Stock Option Plan.

In 2001, under the Company's 1997 Stock Option Plan, Messrs. Blake, Kupferberg, Miller, and Ciampa were granted non-statutory stock options (each with a reload feature) to purchase 75,114; 75,114; 66,945; and 75,114 shares, respectively, at an exercise price of \$15.37. Both the number of shares and the exercise price have been adjusted to reflect two 3-for-2 stock splits subsequent to the stock option grants. The options became exercisable on July 18, 2001. Pursuant to the Annual Stock Appreciation Program feature of the plan (the "ASAP"), options are generally granted with the right to a further option (a "reload option"). A further description of a reload option may be found on page 20 under "Summary of the Plan - Type of Stock Option Grants." The ASAP requires each participant to make an investment in the Company by contributing currently owned shares to the ASAP. Option exercises occur automatically when the fair market value of the Company's stock at a certain date exceeds by 5% or more the exercise price of the lowest priced option held by an optionee under the ASAP.

The following Compensation Committee and Audit Committee Reports to Shareholders, and the following stock performance graph, shall not be deemed incorporated by reference by any general statement incorporating by reference this proxy statement into any filing under the Securities Act of 1933 (the "Securities Act") or the Exchange Act, except to the extent that the Company specifically incorporates this information by reference, and shall not otherwise be deemed filed under such Acts.

Compensation Committee Report on Executive Compensation

Under rules established by the SEC, the Company is required to provide certain data and information regarding the compensation and benefits provided to the Company's chief executive officer and other executive officers of the Company. The disclosure requirements for the chief executive officer and other executive officers include the use of tables and a report explaining the rationale and considerations that led to fundamental compensation decisions affecting those individuals. The Compensation Committee of the Company (the

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

"Compensation Committee") consists only of disinterested outside directors. The members of the Compensation Committee also serve on the Compensation Committee of the Bank. In fulfillment of the SEC requirement, the Compensation Committee, at the direction of the Board of Directors, has prepared the following report for inclusion in this Proxy Statement.

The Compensation Committee is responsible for conducting periodic reviews of the executive compensation of senior executives, including the Chief Executive Officer ("CEO"). The Compensation Committee determines salary levels for senior executives and other officers and amounts of cash bonuses to be distributed to those individuals, if and as appropriate. Grants of stock options and restricted stock awards to senior management and key employees, under certain of the Bank's and the Company's stock-based compensation plans, are also determined by the Compensation Committee.

This report is submitted by the Compensation Committee and the Board of Directors of the Company to summarize their involvement in the compensation decisions and policies adopted by the Bank and the Company for executive officers generally, and for the CEO, Joseph R. Ficalora, in particular, during 2001.

General Policy. The executive compensation practices of the Company and the Bank are designed to reward and provide an incentive for executives, based on the achievement of corporate and individual goals. Compensation levels for executives are established after considering measures that include, but are not limited to, financial performance and labor market conditions. Furthermore, qualitative factors such as commitment, leadership, teamwork, and community involvement are considered in compensation deliberations. The Compensation Committee engaged the Performance and Compensation Management Group of KPMG LLP to assist in the implementation of its Executive Compensation Plan and also used publicly available information. The Compensation Committee has complete access to all necessary personnel records, financial reports, and other data.

Components of Compensation. In evaluating executive compensation, the Compensation Committee concentrates on three fundamental components: salary, annual bonus, and long-term incentive compensation.

11

Salary levels for senior executives and other officers are reviewed by the Compensation Committee on an annual basis. Salary levels reflect an individual's responsibilities and experience and the Compensation Committee's view of competitive marketplace conditions.

In the past, bonuses have been used to provide cash distributions to executives, depending upon a variety of factors relating to Company and Bank performance and individual performance. Although the Compensation Committee's decisions are discretionary and no specific goals were set, the general factors that were used to determine bonuses were the individual's contribution to the Company's and the Bank's success since the executive's last evaluation and the demonstrated capacity to adapt to meet the future needs of each. No particular weightings of these factors were used to calculate bonuses. However, the Bank has implemented a goal-based annual incentive plan for its most senior executives, which is based on a full year's performance. In preparation of the plan, data was collected on ten publicly traded banks operating in the New York metropolitan area. The compensation paid to the executive officers and the financial performance of each bank comprising the peer group were utilized in crafting the Bank's plan. This peer group consists of local institutions that are included in the peer group used in the stock performance graph. The financial performance measures of the Bank were within the top 10 percentile of

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

its peers with regard to return on average assets, interest rate spread and net interest margin, total non-performing loans, net charge-offs to average loans, and the efficiency ratio.

The third component of the executive compensation strategy of the Company and the Bank is its long-term incentive compensation program, under which executives receive stock options that offer them the possibility of future gains, depending on the executive's continued employment by the Company or the Bank and the long-term price appreciation of the Company's Common Stock. In the view of the Compensation Committee, a portion of the total compensation of senior executives over a period of years should consist of such long-term incentive awards. In 2001, options were granted to executive officers under the New York Community Bancorp, Inc. 1997 Stock Option Plan. All stock options were granted with exercise prices equal to the fair market value on the date of grant. The specific factors considered in determining eligibility and the number of shares to be granted, which were weighted equally, were the executive's position and responsibilities, the contributions made toward achieving the strategic goals of the Bank, and the capacity to adjust to new and more demanding challenges.

Committee Review of Executive Compensation. In making its recommendations regarding executive compensation at year-end 2001, the Compensation Committee was influenced by several positive factors. Primary among these was the exceptional financial performance of the Company and the significant role of the Company's executive officers in bringing it about. Another key consideration was the degree to which management has continued to convey the Company's message in a timely and effective manner to the public markets, and to fulfill the responsibilities of life as a publicly traded company. Additional accomplishments, less measurable in quantitative form but of equal importance to the Company and the Bank, included improvements in strategic direction, strengthened internal controls, and regulatory compliance.

Based upon these performance factors in 2001, the Company's executive officers were eligible for the highest level of bonus under the Executive Management Bonus Plan. In addition, the Committee and the Board considered the substantial effort required to successfully integrate the acquisition of Haven Bancorp, Inc. and to execute the merger with Richmond County

12

Financial Corp. While no bonuses were awarded under the Plan, the Committee determined that salary adjustments should be made for certain Company executives commensurate with their increased responsibilities in the combined company. Furthermore, consistent with the continued emphasis on stock-based compensation, certain executive officers were granted options on December 21, 2001.

Compensation of the Chief Executive Officer. In assessing appropriate types and amounts of compensation for the CEO, the Board evaluates both corporate and individual performance. Corporate factors included in such evaluation are: return on average assets, the level of the efficiency ratio, and the market performance of the Common Stock. Individual factors include the CEO's initiation and implementation of successful business strategies; maintenance of an effective management team; and various personal qualities, including leadership, commitment, and professional and community standing. In particular, the CEO's success in negotiating the merger with, and managing the subsequent integration of, Richmond County Financial Corp., was given substantial weight.

After reviewing the Company's 2001 results in comparison with those of its industry peers, as well as his individual contributions, the Compensation Committee concluded that the CEO, Joseph R. Ficalora, performed with exceptional

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

skill and diligence in 2001. The Company generated a record level of earnings, and Mr. Ficalora deserves a large measure of the credit for this accomplishment. He assumed personal responsibility for an array of ambitious operating strategies which were adopted and successfully pursued, including the successful integration of the Haven Bancorp, Inc. acquisition and the merger with Richmond County Financial Corp. Finally, the Compensation Committee believes that Mr. Ficalora has been personally responsible for the ongoing success of the Company and the Bank, and has set the stage for their continued success.

Accordingly, Mr. Ficalora was eligible to receive the highest bonus under the Company's Executive Management Bonus Plan and an adjustment to compensation. While Mr. Ficalora's salary was increased to \$700,000 for 2002, no bonus was awarded, in view of Mr. Ficalora's belief that the value of stock options granted in the year was a more appropriate means of aligning his interests with those of the Company's shareholders.

Conclusion. The Compensation Committee believes that the significant achievements of the Company's executive officers are deserving of recognition and that this can best be accomplished through further alignment of their interests with those of the Company's shareholders. Accordingly, the Committee has determined that replenishing the shares reserved under the 1997 Stock Option Plan is the most effective means of ensuring the ultimate performance of the Company's stock and the achievement of the Company's long-term strategic goals.

Employment Agreements

The Bank and the Company maintain employment agreements with Messrs. Manzulli, Ficalora, Burke, O'Donovan, and Cangemi (the "Executives"). The employment agreements are intended to ensure that the Bank and the Company will be able to maintain a stable and competent management base. To a significant

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

degree, the continued success of the Bank and the Company depends on the skills and competence of these executive officers.

The Bank's and the Company's employment agreements (collectively, the "Employment Agreements") are substantially similar. The Employment Agreements provide for initial three-year terms. Each contract provides for daily extensions such that the term of the contract will always be three years unless written notice is provided by either party, but, in no event, may the term of the agreement extend beyond the last day of the month in which the Executive attains the age of 65. The Employment Agreements provide for a base salary that will be reviewed annually. In addition to base salary, the employment agreements provide for, among other things, disability pay, participation in stock benefit plans, and other benefits applicable to executive personnel. The Employment Agreements do not preclude termination of the Executive by the Bank or the Company for cause at any time. In the event that the Bank or the Company chooses to terminate the Executive's employment for reasons other than for cause or disability, or in the event of the Executive's resignation from the Bank and the Company upon (i) failure to re-elect the Executive to his current offices or, if applicable, re-nominate the Executive for election to the Board; (ii) a material change in the Executive's functions, duties, responsibilities, benefits or perquisites, or relocation of his principal place of employment; (iii) liquidation or dissolution of the Bank or the Company; or (iv) a material breach of the Employment Agreement by the Bank or the Company, the Executive (or in the event of death following such termination, his beneficiary) would be entitled to severance pay in an amount equal to the remaining salary payments under the Employment Agreement, and other cash compensation and benefits during the remaining term of the agreement.

If the Executive is terminated for reasons other than cause following a change in control, as defined in the Employment Agreements of the Bank or the Company, or if the Executive terminates his employment upon a change in control following his demotion, loss of title, office, or significant authority, a reduction in his compensation, or a relocation of his principal place of employment, the Executive (or in the event of death following such termination, his beneficiary) would be entitled to a payment equal to the greater of (i) the payments due under the remaining term of the agreement, or (ii) three times his average annual compensation over the three years preceding his termination of employment. In addition, the Executive would be entitled to continued life, health, dental, and disability coverage for the thirty-six month period following his termination upon a change in control. In the event that payments made to the Executive upon a change in control would result in an "excess parachute payment" as defined under Section 280G of the Code, an excise tax would be imposed on the Executive, and the Company would be denied a deduction for such excess. The Employment Agreements provide that the Company would indemnify the Executive for any such excise taxes and any additional income, employment, and excise taxes imposed as a result of such indemnification. Payments to the Executives under the Bank's agreements will be guaranteed by the Company in the event that payments or benefits are not paid by the Bank.

The following table provides certain information with respect to the number of shares of Common Stock represented by outstanding stock options held by the executive officers as of December 31, 2001. Also reported are the values for "in-the-money" options representing the positive spread between the exercise price of any such existing stock options and the year-end price of the Common Stock. - (3) "Value Realized" is the difference between the exercise price and the market price on the exercise date, multiplied by the number of options exercised. "Value Realized" numbers do not necessarily reflect what the executive might receive if the shares acquired by the option exercise are sold, since the market price of the shares at the time of sale may be higher or lower than the price on the exercise date of the option.
- (4) Market value of underlying securities on December 31, 2001 (\$22.870) minus the exercise or base prices of \$15.37, \$22.23, and \$9.31 per share.

Retirement Plan

The Bank maintains the New York Community Bank Retirement Plan (the "Retirement Plan"), a non-contributory qualified defined benefit plan, and the Supplemental Benefits Plan (the "SBP"), an unfunded non-qualified pension plan. The accrual of benefits under the Retirement Plan and the SBP were frozen as of September 30, 1999.

Transactions with Certain Related Persons

The Bank does not make loans to its executive officers or directors. In connection with the Company's acquisition of Haven Bancorp, Inc. and its merger with Richmond County Financial Corp., the Company assumed loans that had been made by the acquired institutions to certain of their executive officers and directors and to an executive officer of the Company. As a result, as of December 31, 2001, the Company, through the Bank, had \$1.4 million of loans outstanding to its executive officers, directors, and their immediate family members, all of which were made in the ordinary course of business and on substantially the same terms as those prevailing at the time for comparable transactions, and none of which involve more than a normal risk of collectibility or present other unfavorable terms. Loans made to other officers and employees are made in the ordinary course of business and on substantially the same terms, including interest rates and collateral, as those prevailing at the time for comparable transactions with other persons, and do not involve more than the normal risk of collectibility or other unfavorable features. The Bank provides mortgage loans to its non-executive officers and employees to purchase or refinance personal residences as well as consumer loans. The Bank provides such loans at reduced loan service charges.

PROPOSAL 2. AMENDMENT OF THE COMPANY'S 1997 STOCK OPTION PLAN

The Company's shareholders are being asked to approve an amendment to the Company's 1997 Stock Option Plan (the "Plan") to increase the number of shares of Company Common Stock that may be issued under the Plan from 9,801,562 (as adjusted under the terms of the Plan to reflect stock dividends subsequent to the effective date of the Plan) to 14,801,562, representing an increase of 5,000,000 shares. The amendment was adopted by the Company's Board of Directors on March 26, 2002, subject to shareholder approval. As of the Record Date, there are no shares available under the Plan for the grant of options nor for the grant of reload options in connection with the exercise of options previously granted under the Plan in connection with the Company's ASAP, as described in greater detail below. The Company believes that having an adequate reserve of shares available for issuance under the Plan is necessary for it to compete effectively with other financial institutions in attracting and retaining key personnel and in securing the services of experienced and qualified persons as directors.

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

The Company anticipates that awards will be made to eligible directors, officers, and employees as part of the Company's overall compensation strategy, following receipt of shareholder approval of the amendment to increase the number of shares available under the Plan. However, no specific determinations have been made regarding the persons eligible to receive awards, the size of awards, or the terms of awards.

19

Summary of the Plan

The following summary discusses the general provisions of the Plan.

Type of Stock Option Grants. The Plan provides for the grant of incentive stock options ("ISOs"), within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), and Non-Qualified Stock Options ("NQSOs"), which do not satisfy the requirements for ISO treatment. The Plan is administered by a committee which has the authority to specify at the time of grant that an optionee shall be granted the right to a further option (a "reload option") in the event such optionee exercises all or part of an option, including a previously granted reload option (an "original option"), by surrendering previously owned shares of Common Stock in full payment of the option price under the original option, in accordance with the Plan. Each reload option granted on the date of exercise of the original option covers a number of shares of Common Stock that (i) does not exceed the whole number of shares of Common Stock surrendered in payment of the exercise price under the original option; (ii) has an exercise price equal to the fair market value of the Common Stock on the date of grant of the reload option; (iii) expires on the stated expiration date of the original option; and (iv) is subject to such other terms and conditions as the Plan may dictate or that the Plan committee may determine.

Administration. The Plan is administered by a committee of the Company's Board of Directors. Subject to the terms of the Plan and resolutions of the Board, the committee interprets the Plan and is authorized to make all determinations and decisions thereunder. The committee also determines the participants to whom stock options will be granted, the type and amount of stock options that will be granted, and the terms and conditions applicable to such grants.

Participants. All directors, officers, and employees of the Company and its subsidiaries are eligible to participate in the Plan.

Number of Shares of Common Stock Available. As noted above, the Plan previously reserved 9,801,562 shares of Common Stock (reflecting adjustments for stock dividends subsequent to the effective date of the Plan) for issuance under the Plan in connection with the exercise of options. Subject to shareholder approval of Proposal 2, the number of shares of Common Stock available for issuance under the Plan will be increased by 5,000,000. In addition, the Plan previously authorized the issuance of 1,518,750 shares of Common Stock (as adjusted under the terms of the Plan to reflect subsequent stock dividends), subject to certain adjustments, solely in connection with the grant of reload options. The Plan provides that the number of shares available for the grant of reload options will increase annually by one percent of the Company's outstanding shares. There are currently no shares reserved specifically for the issuance of reload options. Shares of Common Stock to be issued under the Plan may either be (i) authorized but unissued shares, or (ii) reacquired shares held by the Company in its Treasury account. Any shares that are subject to an award that expires or is terminated unexercised will again be available for issuance under the Plan.

Terms of Stock Option Grants. The exercise price of each ISO or NQSO will not be less than the fair market value of the Common Stock on the date the ISO or NQSO is granted. The Plan does not permit the repricing of previously granted stock options or the cancellation and re-grant of stock options without shareholder approval. The aggregate fair market value of the shares for which ISOs granted to any employee under the Plan or any other stock plans of the Company may be exercisable for the first time by such employee during any calendar year (under all stock plans of the Company and its subsidiaries) and may not exceed \$100,000.

Options may be exercised in whole or in part. The exercise price of an option may be paid (i) in Common Stock; (ii) by the surrender of all or part of the option being exercised; (iii) in cash; or (iv) with a cash equivalent acceptable to the Company.

Under the Plan, prior option grants to officers and directors of the Company were made in connection with the Company's ASAP program, which was intended to promote an increase in the equity interest of such persons through systematic option exercises and the retention of such acquired shares. The ASAP requires each participant to make available sufficient previously owned shares to facilitate an automatic exercise of previously awarded options when the fair market value of the Common Stock exceeds certain threshold levels. Each option granted under the ASAP includes a reload option to restore the participant to the same overall level of interest in the Company following the automatic exercise of options that are included in the ASAP.

Under the Plan, the Board may permit participants to transfer NQSOs to eligible transferees (as such eligibility is determined by the Board). Each option may be exercised during the holder's lifetime, and after death only by the holder's beneficiary or, absent a beneficiary, by the estate or by a person who acquired the right to exercise the option by will or the laws of descent and distribution. Options may become exercisable in full at the time of grant or at such other times and in such installments as the Board determines, or as may be specified in the Plan.

Options may be exercised during periods before and after the participant terminates employment, as the case may be, to the extent authorized by the Board or specified in the Plan. However, no option may be exercised after the tenth anniversary of the date the option was granted. The Board may, at any time and without additional consideration, accelerate the date on which an option becomes exercisable.

Effect of a Change in Control. In the event of a change in control (as defined in the Plan) of the Company or the Bank, each outstanding stock option grant will become fully vested and immediately exercisable.

Term of the Plan. The Plan was effective on February 18, 1997. The Plan will expire on December 31, 2006, unless terminated sooner by the Board.

Amendment of the Plan. The Board may generally amend or terminate the Plan at any time. However, no amendment to the Plan may become effective until shareholder approval is obtained if the amendment (i) materially increases the aggregate number of shares that may be issued pursuant to options; (ii) materially increases the benefits to participants under the Plan; or (iii) materially changes the class of employees eligible to become participants.

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

Certain Federal Income Tax Consequences. The following is a brief description of the tax consequences of stock option grants under the Plan, based on federal income tax laws currently in effect. It does not purport to be a complete description of such federal income tax consequences.

There are generally no federal income tax consequences either to the optionee or to the Company upon the grant of an ISO or an NQSO. Upon exercising an ISO during employment or within three months thereafter, the optionee will not recognize any income and the Company will not be entitled to a deduction, although the excess of the fair market value of the shares on the date of exercise over the option price is included in the optionee's alternative minimum taxable income, which may give rise to alternative minimum tax liability for the optionee. Generally, if the optionee disposes of shares acquired upon exercise of an ISO within two years of the date of grant or one year of the date of exercise, the optionee will recognize ordinary income, and the Company will be entitled to a deduction, equal to the excess of the fair market value of the shares on the date of exercise over the option price (limited generally to the gain on the sale). The balance of any gain or loss will be treated as a capital gain or loss to the optionee. If the shares are disposed of after the two- and one-year periods mentioned above, the Company will not be entitled to any deduction, and the entire gain or loss for the optionee will be treated as a capital gain or loss.

Upon exercising an NQSO, the excess of the date-of-exercise fair market value of the shares acquired over the option price will generally be taxable to the optionee as ordinary income and deductible by the Company, provided the Company properly withholds taxes (if necessary) with respect to the exercise. The disposition of shares acquired upon the exercise of an NQSO will generally result in a capital gain or loss for the optionee, but will have no tax consequences for the Company.

Required Vote

The favorable vote of the holders of a majority of the shares of Common Stock cast at the Annual Meeting in person or by proxy is required to approve the amendment to the Plan.

Unless marked to the contrary, the shares represented by the enclosed proxy card will be voted FOR amendment of the Company's 1997 Stock Option Plan.

THE BOARD OF DIRECTORS RECOMMENDS THAT YOU VOTE "FOR"

PROPOSAL 3. RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITORS

The Company's independent auditors for the fiscal year ended December 31, 2001 were KPMG LLP. The Company's Board of Directors has reappointed KPMG LLP to continue as independent auditors of the Bank and the Company for the year ending December 31, 2002, subject to ratification of such appointment by the Company's shareholders.

ADDITIONAL INFORMATION

Shareholder Proposals

To be considered for inclusion in the Company's proxy statement and form of proxy relating to the Annual Meeting of Shareholders to be held in 2003, a shareholder proposal must be received by the Secretary of the Company at the address set forth on the first page of this Proxy Statement not later than December 16, 2002. If such Annual Meeting is held on a date more than thirty (30) days from May 14, 2003, a shareholder proposal must be received within a reasonable time before the Company begins to print and mail its proxy solicitation materials for such Annual Meeting. Any such proposal will be subject to 17 C.F.R. ss. 240.14a-8 of the Rules and Regulations under the Securities Exchange Act of 1934, as amended.

Notice of Business to be Conducted at an Annual Meeting

The Bylaws of the Company, a copy of which may be obtained from the Company, set forth the procedures by which a shareholder may properly bring business before a meeting of shareholders. Pursuant to the Bylaws, only business brought by or at the direction of the Board of Directors may be conducted at a

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

special meeting. The Bylaws of the Company provide an advance notice procedure for a shareholder to properly bring business before an annual meeting. The shareholder must give written advance notice to the Secretary of the Company not less than ninety (90) days before the date originally fixed for such meeting; provided, however, that in the event that less than one hundred (100) days notice or prior public disclosure of the date of the meeting is given or made to shareholders, notice by the shareholder, to be timely, must be received not later than the close of business on the tenth day following the date on which the Company's notice to shareholders of the annual meeting date was mailed or such public disclosure was made.

Other Matters Which May Properly Come Before the Annual Meeting

The Board of Directors knows of no business that will be presented for consideration at the Annual Meeting other than as stated in the Notice of Annual Meeting of Shareholders. If, however, other matters are properly brought before the Meeting, it is the intention of the members of the Proxy Committee to vote the shares represented thereby on such matters in accordance with their best judgment.

Whether or not you intend to be present at the Annual Meeting, you are urged to return your proxy card promptly. If you are then present and wish to vote your shares in person, your original proxy may be revoked by voting at the Annual Meeting.

Householding of Proxy Statements and Annual Reports

The Securities and Exchange Commission recently adopted rules that permit companies to mail a single proxy statement and a single annual report to shareholders to two or more shareholders sharing the same address. This practice is known as "householding." Householding provides greater convenience to shareholders and saves the Company money by reducing excess printing costs. You may have been identified as living at the same address as another Company shareholder. If this is the case, and unless the Company receives contrary instructions from you, we will continue to "household" your proxy statement and annual report for the reasons stated above.

If you are a shareholder or a beneficial owner at a shared address to which a single copy of both the proxy statement and the annual report have been delivered, Registrar and Transfer Company, the Company's transfer agent, has undertaken on behalf of the Company to deliver to you promptly, upon written or oral request, a separate copy of this proxy statement and the annual report. If you are such a shareholder or a beneficial owner and you would like to receive your own copy of this proxy statement and the annual report, please contact Registrar and Transfer Company either by phone at (800) 368-5948, by fax at (908) 497-2318, by e-mail at info@rtco.com, or by mail at 10 Commerce Drive, Cranford, New Jersey 07016-3572, and indicate that you are a shareholder at a shared address and would like an additional copy of each document. If you are a recordholder and would like to receive a separate proxy statement or annual report in the future, please contact Registrar and Transfer Company at one of the numbers or addresses listed above. If you are a beneficial owner and would like to receive a separate proxy statement or annual report in the future, please contact your broker, bank, or other nominee.

If, on the other hand, you are a multiple shareholder sharing an address, and are receiving multiple copies of this proxy statement or the annual report, please contact Registrar and Transfer Company at one of the numbers or addresses listed above so that all shareholders at the shared address can request that

Edgar Filing: NEW YORK COMMUNITY BANCORP INC - Form DEF 14A

only a single copy of each document be mailed to your address in the future. If you are the beneficial owner, but not the recordholder, of Company shares, and you wish to receive only one copy of the proxy statement and annual report in the future, you will need to contact your broker, bank, or other nominee so that all shareholders at the shared address can request that only a single copy of each document be mailed to your address in the future.
