**PROXY STATEMENT**

**Solicitation of Proxies by the Board of Directors**

---

Our board of directors is soliciting proxies from holders of our common shares for use at the annual meeting of our shareholders to be held on May 8, 2003, at 2:00 p.m., Pacific Time. The meeting will be held at the executive offices of The First American Corporation, located at 1 First American Way, Santa Ana, California. We have included a map and directions to our executive offices on the inside back cover of the proxy statement for your convenience.

The approximate date on which this proxy statement and the enclosed proxy card, notice of annual meeting, chairman's letter and 2002 annual report will be first mailed to our shareholders is April 9, 2003.

The Securities and Exchange Commission requires portions of certain documents to be written in plain English. The plain English rules set forth guidelines for preparing written documents without using confusing legal and technical language. Although the SEC rules do not require proxy statements to be written in plain English, we have decided to write parts of our proxy statement that way. We want you to have access to information about us in a direct and understandable way. We feel there is no need to sort through complex legal language that adds little to an understanding of who we are and where we are headed.

In furtherance of this goal, the remainder of this proxy statement has been divided into three sections. You should read all three sections.

- I. Questions and answers: This section provides answers to a number of frequently asked questions.
- II. Proposals to be voted on: This section provides information relating to the proposals to be voted on at the shareholders' meeting.
- III. Required information: This section contains information that is required by law to be included in this proxy statement and which has not been included in Sections I or II.

**I. QUESTIONS AND ANSWERS**

**Why have I been sent these proxy materials?**

Our board of directors has sent you this proxy statement and the accompanying proxy card to ask for your vote, as a shareholder of First American, on certain matters that will be voted on at the annual meeting.

**What matters will be voted on at the meeting?**

- the election of 13 individuals to serve as directors of our company for the next year; and
- any other business properly raised at the meeting.

At the time this proxy statement was printed, our board of directors did not know of any other matters to be voted on at the annual meeting.

**Who may attend the annual meeting?**

All shareholders of First American.

**Who is entitled to vote?**

Shareholders of record as of the close of business on March 20, 2003, the record date, or those with a valid proxy from a bank, brokerage firm or similar organization that held our shares on the record date.

**Who is a shareholder of record?**

A shareholder of record is a person or entity whose name appears as an owner of one or more shares of our common stock on the records of our transfer agent as of its close of business on the record date.

**How many shares are entitled to vote at the meeting?**

## Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

As of the record date 73,674,314 of our common shares, par value \$1.00 per share, were issued, outstanding and entitled to vote at the meeting.

### **How many votes do I have?**

Each common share is entitled to one vote. However, if cumulative voting applies for the election of directors, you will be entitled to cast more than one vote for each nominee.

### **How many votes are needed to elect each director?**

Those candidates receiving the highest number of affirmative votes, up to the number of directors to be elected, will be elected directors.

### **What does it mean to cumulate a vote?**

In elections for directors, California law provides that a shareholder, or his or her proxy, may cumulate votes. That is, each shareholder has a number of votes equal to the number of shares owned, multiplied by 13 (the

number of directors to be elected), and the shareholder may cumulate such votes for a single candidate, or distribute such votes among as many candidates as he or she deems appropriate. However, a shareholder may cumulate votes only for a candidate or candidates whose names have been properly placed in nomination prior to the voting, and only if the shareholder has given notice at the meeting, prior to the voting, of his or her intention to cumulate votes for the candidates in nomination. Unless you give different instructions, your proxy gives discretionary authority to the appointees to vote your shares cumulatively. Cumulative voting does not apply to any proposal other than the election of directors.

**Who are the board nominees?**

The 13 nominees are:

Gary J. Beban	Lewis W. Douglas, Jr.	Frank E. O Bryan	Virginia M. Ueberroth
J. David Chatham	Paul B. Fay, Jr.	Roslyn B. Payne	
Hon. William G. Davis	D. P. Kennedy	D. Van Skilling	
James L. Doti	Parker S. Kennedy	Herbert B. Tasker	

All of the nominees are currently board members. See pages 7 and 8 for biographical information regarding the nominees.

**How do I vote?**

You can vote on matters that properly come before the meeting in one of four ways:

*You may vote by mail.*

You do this by signing and dating the proxy card and mailing it in the enclosed, prepaid and addressed envelope within the required time. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

*You may vote by telephone.*

You do this by following the instructions accompanying the proxy card. If you vote your proxy by telephone, you do not have to mail in your proxy card. Some shareholders may not be able to vote their proxy by telephone.

*You may vote on the Internet.*

## Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

You do this by following the instructions accompanying the proxy card. If you vote your proxy on the Internet, you do not have to mail in your proxy card. Some shareholders may not be able to vote their proxy on the Internet.

*You may vote in person at the meeting.*

You can vote in person at the meeting. However, if you hold your shares in street name (in the name of a bank, broker or some other nominee), you must request and receive a legal proxy from the record owner prior to the meeting in order to vote at the meeting.

**What happens if I sign and return my proxy card, but don't mark my votes?**

D. P. Kennedy, Parker S. Kennedy or Mark R Arnesen, our chairman, president and secretary, respectively, will vote your shares in their discretion as proxies.

**Can I revoke my proxy?**

You have the power to revoke your proxy at any time before the polls close at the meeting. You may do this by:

- signing and returning another proxy with a later date;
- submitting written notice of your revocation to our secretary at our mailing address on the cover page of this proxy statement;
- voting your proxy by telephone or on the Internet (only your latest proxy is counted); or
- voting in person at the meeting.

**What happens if my shares are held under the name of a brokerage firm?**

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares. Brokerage firms have authority under New York Stock Exchange rules to vote customers' unvoted shares on certain routine matters, including the election of directors. If you do not vote your proxy, your brokerage firm may either:

- vote your shares on routine matters; or
- leave your shares unvoted.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the meeting. You may have granted to your stockbroker discretionary voting authority over your account. Your stockbroker may be able to vote your shares depending on the terms of the agreement you have with your stockbroker.

**Who will count the votes?**

## Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

An employee of First American will serve as the inspector of elections and count the votes.

### **What does it mean if I get more than one proxy card?**

It means that you have multiple accounts at the transfer agent and/or with stockbrokers. Please sign and return all proxy cards to ensure that all your shares are voted.

**What constitutes a quorum?**

A quorum refers to the number of shares that must be represented at a meeting in order to lawfully conduct business. A majority of the outstanding common shares entitled to vote at the annual meeting, present in person or represented by proxy, will constitute a quorum at the meeting. Abstentions and broker nonvotes will be counted for the purpose of determining the presence or absence of a quorum for the transaction of business, but will not otherwise affect proposals voted upon. Without a quorum, no business may be transacted at the annual meeting. However, whether or not a quorum exists, a majority of the voting power of those present at the annual meeting may adjourn the annual meeting to another date, time and place.

**What is a broker nonvote and how is it treated?**

A broker nonvote occurs with respect to a proposal to be voted on if a broker or other nominee does not have the discretionary authority to vote shares and has not received voting instructions from the beneficial owners with respect to such proposal. Broker nonvotes are treated as present for purposes of establishing the presence or absence of a quorum, but will not otherwise affect the outcome of the votes on proposals acted upon at the meeting.

**What percentage of stock do the directors and executive officers own?**

Together, they owned approximately 6.44% of our common shares as of the record date. See pages 9 through 11 for more details.

**When are shareholder proposals for our next annual meeting due in order to be included in the proxy statement?**

We will consider proposals submitted by shareholders for inclusion in the proxy statement for the annual meeting to be held in 2004 if they are received no later than December 12, 2003. See pages 27 and 28 for more details.

**Who is paying the cost of preparing, assembling and mailing the notice of the annual meeting of shareholders, proxy statement and form of proxy, and the solicitation of the proxies?**

*First American.* We will also pay brokers and other nominees for the reasonable expenses of forwarding solicitation materials to their customers who own our common shares.

**Who may solicit proxies?**

## Edgar Filing: FIRST AMERICAN CORP - Form DEF 14A

In addition to this proxy statement, our directors, officers and other regular employees may solicit proxies. None of them will receive any additional compensation for such solicitation. Morrow & Company, Inc., 445 Park Avenue, New York, New York 10022, has been engaged by the company to solicit proxies at an estimated cost of \$6,000 plus reimbursement of reasonable expenses.

**How will solicitors contact me?**

People soliciting proxies may contact you in person, by mail, by telephone, by e-mail or by facsimile.

**Does the board of directors have any recommendations with respect to the listed proposals?**

The board of directors recommends that you vote **FOR** the slate of director candidates proposed in this proxy statement.

**Who are the largest principal shareholders outside of management?**

The following table lists as of the record date the persons or groups of shareholders who are known to us to be the beneficial owners of 5% or more of our common shares. The information regarding beneficial owners of 5% or more of our common shares was gathered by us from the filings made by such owners with the SEC and/or from informal sources. Shares that may be acquired within 60 days are treated as outstanding for purposes of determining the amount and percentage beneficially owned. This table does not include shares beneficially owned by our directors and officers and entities controlled by them. See the table headed Security Ownership of Management on pages 9 through 11 for that information.

<u>Name of Beneficial Owner</u>	<u>Amount and Nature of Beneficial Ownership</u>	<u>Percent of Class</u>
Fidelity Management Trust Company	8,845,296(1)	12.01%
Capital Research & Management Company	3,817,000(2)	5.18%

- (1) The shares set forth in the table are held by Fidelity Management Trust Company as trustee pursuant to The First American Corporation 401(k) Savings Plan. The governing documents require the trustee to vote the shares as directed by the employees for whose benefit the shares are held. Shares for which no direction is received by the trustee from the employees are voted in the same proportions as are the shares for which directions are received. The investment options available to participants in the plan include a Company Stock Fund, which invests in our Common shares. In addition, effective December 1, 2001, our Employee Profit Sharing and Stock Ownership Plan, which included individual accounts to which shares of our company acquired by the former trustees of that plan had been allocated (the ESOP), was merged into our 401(k) Savings Plan and the shares of our company held in the former plan became held by Fidelity as trustee of the merged plans. Thus, the 401(k) Savings Plan now includes ESOP accounts as well as accounts in the above-mentioned Company Stock Fund. The combined shareholdings in these two funds is what is shown in the table. The employees have the power to direct the trustee to dispose of the shares held for their benefit in the Company Stock Fund. However, the employees do not currently have the power to direct the trustee to dispose of shares held for their benefit in the ESOP accounts. The trustee's address is 82 Devonshire Street, Boston, Massachusetts 02109.
- (2) Approximated based on information provided by a stock watch service we employ. To the best of our knowledge, Capital Research & Management Company has not filed a Schedule 13D or a Schedule 13G with the Securities and Exchange Commission in connection with the ownership of these shares. We have no knowledge as to any person(s) other than Capital Research & Management Company who may have or share voting or investment power over these shares.

## II. PROPOSAL

### Election Of Directors

Our bylaws require that directors be elected annually and that the number of directors be not less than 9 nor more than 17. By resolution, the board has fixed the number of directors at 13. The 13 persons named below are nominated for election as directors to serve until the next annual meeting or as soon thereafter as their successors are duly elected and qualified.

Votes by the company's proxy holders will be cast in such a way as to effect the election of all nominees listed below or as many as possible under the rules of cumulative voting. **Unless otherwise specified by you in your proxy card, the proxies solicited by our board will be voted FOR the election of these nominees.** If any nominee should become unable or unwilling to serve as a director, the proxies will be voted for such substitute nominee(s) as shall be designated by the board. The board presently has no knowledge that any of the nominees will be unable or unwilling to serve.

The following list provides information with respect to each person nominated and recommended to be elected by the current board. See the section entitled "Security Ownership of Management," which begins on page 9, for information pertaining to stock ownership of the nominees. Except for Parker S. Kennedy, who is D. P. Kennedy's son, there are no family relationships among any of the nominees for director or any of the executive officers of the company. Pursuant to a contract, our company is required to recommend one nominee of Experian Information Solutions, Inc., to our nominating committee as a candidate for election to our board, as long as Experian owns at least 10% of the membership interests in our second tier subsidiary, First American Real Estate Solutions LLC, which owns our information technology businesses. Currently, our company owns 80% of the membership interests in this subsidiary and Experian owns the remaining 20%. Director D. Van Skilling, information about whom is presented in the following table, has been serving as Experian's nominee. There are no other arrangements or understandings between any nominee and any other person pursuant to which any nominee was or is to be selected as a director. All of the nominees currently are directors of the company.

- each director (and each nominee for director);

Unless otherwise indicated in the notes following the table, the shareholders listed in the table are the beneficial owners of the listed shares with sole voting and investment power (or, in the case of individual shareholders, shared power with such individual's spouse) over the shares listed. Shares subject to rights exercisable within 60 days after the record date are treated as outstanding when determining the amount and percentage beneficially owned by a person or entity.

These individuals can direct the ESOP trustee to vote their ESOP shares. However, these individuals do not currently have dispositive power over their ESOP shares. The ESOP shares are held by Fidelity Management Trust Company as trustee of our 401(k) Savings Plan.

The shares set forth in the table include those that the following individuals have the right to acquire within 60 days of March 20, 2003, the record date for this meeting:

Kennedy, president of First American, 10,000 shares are owned directly and 3,324,715 shares are held by Kennedy Enterprises, L.P., a California limited partnership of which Parker S. Kennedy is the sole general partner and D. P. Kennedy, Parker S. Kennedy's father, is one of the limited partners. The limited partnership agreement pursuant to which the partnership was formed provides that the general partner has all powers of a general partner as provided in the California Uniform Limited Partnership Act, provided that the general partner is not permitted to cause the partnership to sell, exchange or hypothecate any of its shares of stock of First American without the prior written consent of all of the limited partners. Of the shares held by the partnership, 459,914 are allocated to the capital accounts of Parker S. Kennedy and 2,016,612 are allocated to the capital account of D. P. Kennedy. The balance of the shares held by the partnership is allocated to the capital accounts of the other limited partners, who are family members of the Kennedys. Except to the extent of his voting power over the shares allocated to the capital accounts of the limited partners, Parker S. Kennedy disclaims beneficial ownership of all shares held by the partnership other than those allocated to his own capital accounts.

- (3) In addition to the shares set forth in the table, 406,215 are held in trust under our pension plan as part of the diversified investment of the trust's assets. D. P. Kennedy, Parker S. Kennedy, Thomas A. Klemens and Mark R Arnesen, executive officers of the company, serve on a committee of four persons, the majority of which may, under the terms of the trust agreement governing the trust, and subject to applicable law, direct the disposition of the securities held as trust assets. In accordance with California law, those shares are not voted.
- (4) Includes 7,500 shares held by a nonprofit corporation for which Mrs. Payne and her spouse serve as officers and directors. In her capacity as an officer of that corporation, Mrs. Payne has the power, as do certain other officers, to direct the voting and disposition of the shares.
- (5) Includes 1,100 shares held by a nonprofit corporation for which Mr. Skilling serves as a director and officer. In his capacity as an officer, Mr. Skilling has the power, acting alone, to direct the voting and disposition of the shares.
- (6) The shares set forth in the table include 5,000 shares held by a nonprofit corporation whose six-member board of directors is composed of Mrs. Ueberroth and her husband and children. In her capacity as an officer of that corporation, Mrs. Ueberroth has the power, as do certain other officers, to direct the voting and disposition of the shares.

### **Board and Committee Meetings**

Our board of directors held nine meetings during 2002. Each director, except Mr. Tasker and Mrs. Ueberroth, attended 75% or more of the meetings of the board and the board committees on which the director served, if any. From time to time, our board may act by unanimous written consent as permitted by the laws of the State of California.

Our board of directors has an audit committee. The members of the audit committee are Messrs. Chatham (chairman), Doti, Fay, O Bryan, Skilling and Tasker. The functions performed by this committee include selecting our independent auditor, directing and supervising investigations into matters within the scope of its duties, reviewing with the independent auditor the plan and results of its audit, reviewing internal auditing procedures and results, and determining the nature of other services to be performed by, and fees to be paid to, the independent auditor. During 2002, our audit committee met eight times.

Our board of directors has a compensation committee. The members of the compensation committee are Messrs. Beban, Chatham, Davis, Doti, Douglas (chairman) and Fay. This committee establishes compensation rates and procedures with respect to our senior management and the senior management of our subsidiaries, including bonus awards. During 2002, our compensation committee met once.

Our board of directors also has a nomination and corporate governance committee. The members of this committee are Messrs. Chatham, Davis (chairman), Douglas and Fay, and Mrs. Ueberroth. This committee is responsible for identifying individuals qualified to become directors of our company; recommending that the board select the nominees identified by the committee for all directorships to be filled by the board or by the shareholders; and developing, recommending to the board and periodically reviewing the corporate governance principles applicable to our company. This committee was established by our board on December 12, 2002, and did not hold any meetings during 2002. The committee held its first meeting during February 2003. The

committee will not consider nominees recommended by security holders unless our company is legally required to do so, such as by contract with such security holders.

All share amounts, values and exercise prices have been adjusted to reflect the three-for-two stock split that occurred on January 15, 1998, and the three-for-one stock split that occurred on July 17, 1998.

- (1) The option grants disclosed in the table were made on February 27, 2003; however, these grants were intended by the compensation committee to be part of each named officer's compensation package with respect to the year 2002 and are therefore included in this table. Each of the options disclosed in the table is exercisable in 20% equal annual increments commencing February 27, 2004, the first anniversary date of the grant.
- (2) Although the options disclosed in the table were granted during 2003, these grants were made based on the performance of our company and each named officer for the year 2002. Accordingly, the percentage of total options granted is based on the number of options granted in 2002 as well as the options granted in 2003 with respect to compensation for the year 2002.
- (3) Section 4.2 of the plan pursuant to which the options disclosed in the table were awarded allows the compensation committee discretion to exchange outstanding options for new, lower-priced options, provided that the lower exercise price is not less than the fair market value, as defined in the plan, of the shares at the time such new options are granted.

- (1) Final average pay is defined as the highest consecutive five-year average pay, as defined in the plan, during the 10-year period ending on December 31, 2001.

The above table sets forth estimated annual benefits upon retirement (assuming such benefits will be paid in the form of a life annuity) at various compensation levels and years of service under our pension plans. Subject to certain conditions of age and tenure, all regular employees of the company and participating subsidiaries were eligible to join our qualified pension plan until December 31, 2001. No employees are eligible to

join the pension plan after that date.

In order to participate, during plan years ending on or prior to December 31, 1994, an employee was required to contribute 1½% of pay (*i.e.*, salary, plus cash bonuses, commissions and other pay) to the plan. As a result of amendments to the pension plan that were adopted in 1994, during plan years commencing after December 31, 1994, an employee was not required to contribute to the plan in order to participate. As a result of further amendments, which were adopted in 2000, the pension plan will not accept new participants after December 31, 2001.

A participant generally vests in his accrued benefit attributable to the company's contributions upon the completion of three years of service or, if earlier, the attainment of normal retirement age while an employee. Normal retirement age is defined under the plan as the later of the employee's attainment of age 65 or his third anniversary of participation in the plan.

Upon retirement at normal retirement age, an employee receives full monthly benefits which are equal, when calculated as a life annuity:

- for years of credited service with the company and its subsidiaries as of December 31, 1994, to 1% of the first \$1,000 and ¼% of remaining final average pay (*i.e.*, the average of the monthly pay, as defined above, during the five highest paid consecutive calendar years out of the last 10 years prior to retirement) times the number of years of credited service as of December 31, 1994; and
- for years of credited service with the company and its subsidiaries after December 31, 1994, to ¾% of the first \$1,000 and 1% of the remaining final average pay times the number of years of credited service subsequent to December 31, 1994.
- Effective December 31, 2000, our pension plan was amended to exclude from the calculation of benefits (i) any pay earned after December 31, 2001, and (ii) any service earned after December 31, 2005.
- Effective December 31, 2002, our pension plan was amended to reduce the rate at which future benefits accrue for participants who had not yet attained age 50 by spreading the accrual of the benefit that would have accrued during 2003–2005 over extended periods ranging from 5 to 20 years, depending on the participant's age as of December 31, 2002.

An employee with at least three years of participation in the plan may elect to retire after attaining age 55, but prior to age 65, and receive reduced benefits.

We fund the plan based on actuarial determinations of the amount required to provide the stated benefits. The table is based on retirement at age 65 or later, with contributions having been made by the employee in each year of credited service prior to 1995. The benefits are not subject to deduction for Social Security payments or any other offsets. Currently, D. P. Kennedy, Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy and Gary L. Kermott have 54, 26, 17, 9 and 20 years, respectively, of credited service.

The compensation levels shown in the table are less than those set forth in the summary compensation table because the federal tax law limits the maximum amount of pay that may be considered in determining benefits under the tax-qualified pension plan, and our pension restoration plan, which is described below, does not make up for these limits for pay exceeding \$275,000. The limit on pay that could be recognized by tax-qualified

retirement plans was \$200,000 in 1989. This amount was adjusted for inflation for each year through 1993, when the limit was \$235,840. In 1993, this limit was decreased to \$150,000 for plan years beginning in 1994. The \$150,000 limit has been adjusted for inflation and was increased to \$160,000 as of January 1, 1997, and to \$170,000 as of January 1, 2000. The highest final average pay that could be considered in determining benefits accruing under the pension plan before 1994 is \$219,224, and since our pension plan does not consider pay earned after December 31, 2001, the highest final average pay that can be considered in determining benefits accruing after 1993 is \$164,000.

During 1996, we adopted our pension restoration plan. This plan is an unfunded, nonqualified plan designed to make up for the benefit accruals that are restricted by the indexed \$150,000 pay limit. However, in order to limit its expense, the pension restoration plan does not make up for benefit accruals on compensation exceeding \$275,000. The pension restoration plan also makes up for benefits that cannot be paid from our pension plan because of limitations imposed by the federal tax laws. Vesting of benefits payable to an employee under our pension restoration plan occurs at the same time that vesting occurs for that employee in his or her pension plan benefits. The pension restoration plan is effective as of January 1, 1994, but only covers selected pension plan participants who were employees on that date. As noted above, January 1, 1994, is the date as of which the pay limit for the pension plan was reduced from \$235,840 to \$150,000. The pension restoration plan excludes pay earned after December 31, 2001, as does the pension plan.

Pursuant to the provisions of the federal tax laws, during 2002, 2001 and 2000, respectively, mandatory distributions totaling \$108,294, \$103,548 and \$97,146 were made to D. P. Kennedy from the pension plan. These amounts are included in the last column of the summary compensation table.

#### **Supplemental Benefit Plan**

We maintain an executive supplemental benefit plan which we believe assists us in attracting and retaining highly qualified individuals for upper management positions. The plan provides retirement benefits for, and preretirement death benefits with respect to, certain key management personnel selected by our board of directors. Under the plan, upon retirement at normal retirement date (the later of age 65 or, unless waived by our board of directors, completion of 10 years of service), a participant receives a joint life and 50% survivor annuity benefit equal to 35% of final average compensation. Final average compensation is the average annual compensation, composed of base salary, plus cash and stock bonuses, for those three calendar years out of the last 10 years of employment preceding retirement in which such compensation is the highest.

The benefit is reduced by 5% for each year prior to normal retirement date in which retirement occurs and, until age 70, increased by 5% (compounded in order to approximate the annuitized value of the benefit had retirement occurred at age 65) for each year after such date in which retirement occurs. With respect to such postponed retirement, the plan takes into account covered compensation received until age 70, so that the retirement benefit of an executive who retires after normal retirement date is determined as the greater of the annuitized benefit or the benefit calculated using final average compensation until age 70.

To be eligible to receive benefits under the plan, a participant must be at least age 55, have been one of our employees, or an employee of one of our subsidiaries, for at least 10 years and, unless waived by our board of directors, covered by the plan for at least five years. A preretirement death benefit is provided consisting of

10 annual payments, each of which equals 50% of final average compensation. Vesting of rights under the plan is accelerated in the event of a change in control (as defined in the plan) of our company.

Currently 48 employees, including D. P. Kennedy, Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy and Gary L. Kermott, have been selected to participate in the plan. The annual benefit payable under the plan to D. P. Kennedy in the event of his retirement is \$108,936. The estimated annual benefits payable under the plan to Parker S. Kennedy, Thomas A. Klemens, Craig I. DeRoy and Gary L. Kermott upon retirement at normal retirement age, assuming compound annual increases of 5.0% in the relevant portions of compensation shown above in the summary compensation table, are \$504,413, \$482,526, \$531,985 and \$583,565, respectively.

The plan is unfunded and unsecured. We purchase insurance, of which we are the owner and beneficiary, on the lives of the plan participants. This insurance is designed to recover, over the life of the plan, our costs incurred with respect to the plan.

### **Deferred Compensation Plan**

Our deferred compensation plan offers to a select group of management and highly compensated employees the opportunity to elect to defer portions of salary, commissions and bonuses. A committee appointed by our board is responsible for administering the plan, which became effective January 1, 1998. We maintain a deferral account for each participating employee on a fully vested basis for all deferrals. Participants can choose to have their cash benefits paid in one lump sum or in quarterly payments upon termination of employment or death. Subject to the terms and conditions of the plan, participants also may elect to schedule in-service withdrawals of deferred compensation and the earnings and losses attributable thereto. For all participants who joined the plan prior to December 31, 2001, the plan provides a pre-retirement life insurance benefit equal to the lesser of 15 times the amount deferred in a participant's first year of participation or \$2 million. The life insurance benefit is reduced beginning at age 61 by 20% per year. Participants who join the plan after December 31, 2001, are not eligible for any life insurance benefit thereunder. Our company pays the premiums for such life insurance benefits; however, none of our executive officers named in the summary compensation table participates in this plan. The plan is unfunded and unsecured.

### **Change of Control Arrangements**

Our supplemental benefit plans and all of our stock option plans (unless our board directs otherwise with respect to our 1997 directors' stock option plan) call for accelerated vesting of all benefits and options in the event of a change in control of the company. In addition, as part of our efforts to retain key employees, effective November 12, 1999, we entered into agreements with each of the named executive officers and other designated employees to provide for certain benefits in the event they are terminated within three years after a change in control occurs. A change in control means any one of the following:

- a merger or consolidation in which our shareholders end up owning less than 50% of the voting securities of the surviving entity;
- the sale, transfer or other disposition of all or substantially all of our assets or the complete liquidation or dissolution of the company;

- a change in the composition of our board over a two-year period without the consent of a majority of the directors in office at the beginning of the two-year period; or
- the acquisition or accumulation by certain persons of at least 25% of our voting securities.

If termination of employment occurs without cause or if the employee terminates employment for good cause, we will pay the following benefits in one lump sum within 10 business days:

- the employee's base salary through and including the date of termination and any accrued but unpaid bonus;
- a portion of the employee's annual bonus prorated through the date of termination;
- any compensation previously deferred by the employee (other than pursuant to a tax-qualified plan) together with any interest and earnings;
- accrued and unpaid vacation pay;
- unreimbursed business expenses;
- three times the employee's annual salary in effect immediately prior to the date of termination; and
- three times the greater of the employee's highest annual incentive bonus (including cash and stock) during the preceding four fiscal years or the employee's anticipated bonus for the remainder of the year.

We will also continue to pay the health and welfare benefits for the employee and dependents that were in place immediately prior to the termination for a 24-month period following the date of termination. All cash payments will be on an after-tax basis so that the employee will receive benefits without reduction for any excise tax. The change-in-control agreements have an initial term of three years and will be automatically extended for additional one-year periods unless our board or the employee with whom the agreement is entered into gives notice not to extend. In addition, if the employee terminates employment for any reason during the 30-day period following the one-year anniversary of the change of control, the employee will receive all of the benefits described above, except that the multiple of annual salary and bonus would be reduced from three to two.

### **Directors Compensation**

Each director who is not one of our employees, or an employee of a subsidiary, receives annual compensation of \$20,000, a fee of \$1,000 for attending each meeting of the board of directors and \$500 for attending each committee meeting. Each director who is an employee receives a fee of \$150 for attending each meeting of the board. Directors are reimbursed for their expenses incurred in attending meetings of the board and its committees. For fiscal year 2002, nonemployee directors were not awarded options to purchase our common shares.

### **Compensation Committee Interlocks and Insider Participation**

During 2002, the compensation committee of our board of directors consisted of Messrs. Beban, Chatham, Davis, Doti, Douglas and Fay, all of whom are nonemployee directors. No member of the compensation committee is an executive officer or director of another entity for which any of our executive officers serves as a director or officer.

*Pursuant to the SEC's regulations, the following report of the compensation committee on executive compensation, comparative cumulative total return to shareholders graph and accompanying text, and report of the audit committee shall not be deemed to be incorporated by reference into any of our filings under either the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that incorporates future Securities Act or Securities Exchange Act filings in whole or in part by reference.*

### **Report of the Compensation Committee on Executive Compensation**

#### *Compensation Policy*

The company's compensation program, which has been endorsed by the compensation committee, is designed to enhance shareholder value by providing that a large part of the executive compensation be related to the company's performance, as well as to the contribution of each individual officer. The company's policy is further designed to develop and administer programs that will:

- attract and retain key executives critical to the company's long-term success;
- provide median compensation levels that are competitive with others in the company's industry;
- motivate executives to enhance long-term shareholder value; and
- integrate compensation programs with the company's annual planning and measurement processes.

The annual bonus programs include a cash bonus program, as well as stock option and stock bonus plans designed to encourage and create ownership and retention of the company's shares by its key employees.

*Responsibilities of the Compensation Committee*

The board of directors established the compensation committee in 1979. The committee consists of six independent directors, none of whom is a former or current officer or employee of the company or any of its subsidiaries. The committee reviews and approves the base salaries of the named executive officers of the company, as well as the annual bonus programs, incentive plans and executive benefit plans. The committee, as needed, engages compensation and benefits-consulting firms to assist in the performance of its duties. For the year 2002, the committee analyzed the reasonableness of the compensation paid to the named executive officers. In addition, the committee reviewed information on general compensation trends of related companies. For the purpose of this analysis, the committee used the group of companies whose returns to shareholders compose the peer group index shown in the performance graph below.

The committee also reviewed published compensation surveys for comparative results against First American's compensation level. It reviewed the compensation of the company's named executive officers for 2002 and believes that the compensation for all named executive officers is reasonable in view of the company's performance and industry compensation levels. Measures used for determining the appropriate level of compensation for the named executive officers include competitive position, profit, profit retention (ratio of profits to revenue) and ability to select and develop executive replacement personnel.

*CEO Compensation*

In December 2001, the committee increased Parker S. Kennedy's annual base salary to \$550,000 from its previous level of \$500,000. Mr. Kennedy's base salary for the year 2002 was, in the opinion of the committee, within the median salary range for chief executive officers in the group of comparable companies. In determining the appropriate salary level, the committee considered the company's market share, the company's earnings relative to its competitors and the benefit the company derives from the retention of its chief executive officer.

Reflecting the committee's commitment to relating a portion of each executive officer's compensation to the annual results of the company, Parker S. Kennedy received a cash bonus of \$1,000,000, representing 182% of his 2002 salary. This bonus was intended to reward Mr. Kennedy for his leadership for the year 2002. Mr. Kennedy also was awarded options to acquire 80,000 common shares for his performance during 2002.

Since December 3, 1993, our common shares have been listed and trading on the New York Stock Exchange under the trading symbol FAF. Previously, our shares were traded on the national over-the-counter market and were designated and quoted on the NASDAQ National Market System under the trading symbol FAMR. The following graph compares the yearly percentage change in the cumulative total shareholder return on our common shares, assuming reinvestment of dividends, with the corresponding changes in the cumulative total returns of the Standard & Poor's 500 Composite Stock Price Index, the Standard & Poor's Financial Index and a peer group index consisting of the following eight companies, in each case assuming reinvestment of dividends:

- Chicago Title Corp. (excluding the period following its acquisition by Fidelity National Financial, Inc., on March 20, 2000);
- Fidelity National Financial, Inc.;
- LandAmerica Financial Group, Inc.;
- Old Republic International Corp.;
- Reliance Group Holdings, Inc. (excluding the period following sale of its title insurance business in 1998 to Lawyers Title Corp., which is part of the LandAmerica Financial Group companies);
- Stewart Information Services Corp.;
- Equifax Inc.; and
- ChoicePoint Inc.

The cumulative total shareholder returns of the peer group of companies have been included in the graph to provide comparisons with other publicly held companies having subsidiaries that transact the business of title insurance and/or information services on a nationwide basis.

### **Report of the Audit Committee**

The audit committee of the board of directors reviews the company's accounting policies and financial reporting and disclosure practices, system of internal controls, audit process and the process for monitoring compliance with laws, regulations and corporate policies. The board adopted a written charter for the audit committee on May 11, 2000, a copy of which was attached to our 2001 proxy statement as Appendix A.

The audit committee has reviewed the company's audited consolidated financial statements and discussed them with management. The audit committee has discussed with PricewaterhouseCoopers LLP, the company's independent accountants, the matters required to be discussed by Statement of Auditing Standards No. 61 (Communication with Audit Committees), as amended.

The audit committee received from PricewaterhouseCoopers the written disclosures required by Independence Standards Board Standard No. 1 and discussed with them their independence. Based on the review and discussions noted above, the audit committee recommended to the board that the audited consolidated financial statements be included in the company's Annual Report on Form 10-K for the fiscal year ended December 31, 2002, and be filed with the U.S. Securities and Exchange Commission.

Each of the audit committee members meets the requirement of independence established in the New York Stock Exchange Listing Standards. One member of the audit committee, Frank O. Bryan, occupies an office in the building housing the company's executive offices, which the company owns. In lieu of paying rent for that office, Director O. Bryan makes a jet aircraft that he owns available to certain executive officers of the company for business use, for which he is reimbursed only for the expenses incurred in operating the aircraft during the time it is being used by such executives. The other members of the audit committee and the board have concluded that this relationship is not material to the company nor to Director O. Bryan and that it does not interfere with Director O. Bryan's exercise of independent judgment.

### **Section 16(a) Beneficial Ownership Reporting Compliance**

Rules adopted by the SEC require our officers and directors, and persons who own more than 10% of our issued and outstanding common shares, to file reports of their ownership, and changes in ownership, of our shares with the SEC on prescribed forms. Officers, directors and greater-than-ten-percent shareholders are required by the SEC's rules to furnish us with copies of all such forms they file with the SEC.

Based solely on the review of the copies of the forms received by us, or written representations from reporting persons that they were not required to file a Form 5 to report previously unreported ownership or changes in ownership, we believe that, during our fiscal year ending December 31, 2002, our officers, our directors and the greater-than-ten-percent beneficial owners that we know of complied with all such filing requirements.

### **Relationship with Independent Accountants**

The firm of PricewaterhouseCoopers LLP has been selected by our audit committee as independent accountants to audit our books and accounts, as well as those of our subsidiaries, for the year ending December 31, 2003. This firm has served as our independent accountants since 1954.

A representative of PricewaterhouseCoopers will be present at the meeting. The representative will have the opportunity to make any desired statement and to answer any appropriate questions by the shareholders.

### **Audit Fees**

We incurred aggregate fees of \$1,596,300 for the audit of our annual financial statements for the year ended December 31, 2002, and the review of our quarterly financial statements for that year by our independent accountants.

### **All Other Fees**

In addition to the audit fees mentioned in the preceding paragraph, we incurred aggregate fees of \$577,900 for audit-related services, which include audits of the statutory financial statements of certain of our subsidiaries, audits of our employee benefit plans, issuance of consents and comfort letters, SAS 70 reports and accounting consultations. We also incurred aggregate fees \$919,400 for income tax compliance and related tax services. The audit committee has considered whether the provision of these services by our independent accountants is compatible with their independence and has concluded that the provision of such services does not interfere with the exercise of independent judgment by such accountants.
